

Compromise On Trieste Issue In The Making

Byrnes Proposes Limit To Size Of Forces

NEW YORK, Nov. 22. (AP)—A proposal by Secretary of State Byrnes to limit the size of allied military forces in the Trieste area provided a possible basis of compromise today on a Russian demand that all troops should be withdrawn by a predetermined deadline after Trieste becomes an international territory.

The troop issue is one of two outstanding controversies remaining in a settlement of the Trieste question, which is the main obstacle to early completion of an Italian peace treaty.

The Big Four Foreign Ministers Council scheduled another session on Trieste at 4 p. m. today. The foreign ministers cancelled a session which had been arranged to consider the possibility of restricting the use of the veto system in the Security Council by voluntary agreement among the Big Five powers—the United States, Russia, France, Britain and China.

The second issue involved in a final working out of plans for establishment of Trieste as a free territory under the United Nations is that of the economic relationship between Trieste and Yugoslavia. At a meeting of the council last night, according to some of those present, Russian Foreign Minister Molotov renewed his demand for a customs union between the two states and also for joint administration of the railways in Trieste.

British Foreign Secretary Bevin retorted sharply that such an arrangement would mean the economic incorporation of Trieste with Yugoslavia.

Under British and American opposition, Molotov finally indicated he might drop the customs union proposal and go along with a French compromise suggestion that Trieste's neighbors, Yugoslavia and Italy, be assured special docking and other facilities in the free port area.

Chest Campaign Near End, With \$6,000 To Go

On the eve of the formal closing date of the Howard County Community Fund, the campaign eased past the \$26,000 mark Friday.

Although contributions will be sought on some outstanding contacts after their formal close the concerted drive will end at the close of business at headquarters office Saturday, said Mrs. L. Thurman, general chairman.

The total at noon Friday stood at \$26,272.73 in cash and pledges, approximately 84 per cent of the \$32,000 objective.

Quota for the campaign was based on the combined budgets of the Salvation Army, Boy Scouts, Girl Scouts, YMCA, USO and China relief.

Thurman again urged all workers who have contact cards to work them today and Saturday morning if at all possible and to make a final report to headquarters.

"It is not too late for the hundreds of people who have not yet had a part to help on this community obligation," said the chairman. "We earnestly appeal to all who have not made a contribution, or those who now feel that they can add to what they already have given, to bring or mail contributions to the fund headquarters at Empire Southern Gas company. Every gift will help to remove constrictions which otherwise will be imposed on the various agencies if the quota is not met."

Among special gifts listed Friday were Oscar Glickman \$100, L. C. Burt Co., \$50, Twins Cafe, Dr. G. T. Hall, D. W. Conley, C. E. Talbot, \$50 each. The schools, principally teachers, gave \$385.

Partial Sun Eclipse May Be Visible Here

People in the Big Spring area will have an opportunity to view a partial eclipse of the sun Saturday morning.

Perhaps no more than 11 per cent of the sun's surface will be obscured by the moon. The eclipse will begin at approximately 10 a. m. and will reach the maximum at around 10:45 a. m., with the blot moving out completely shortly after 11:30 a. m.

WASHINGTON, Nov. 22. (AP)—Partly cloudy weather may interfere with the view of the partial eclipse of the sun tomorrow, the Weather Bureau predicted today.

THREE BURN TO DEATH

OAK GROVE, Ia., Nov. 22. (AP)—A young mother and her two tiny children were burned to death this morning when a fire destroyed their home in the Goodwill community, near here.

ABOARD CRASHED PLANE—Capt. Ralph H. Tate, Jr. (left), Alexandria, Va., pilot, and Brig. Gen. Loyal M. Haynes (right), La Mars, Ia., head of USFA advisory board, a passenger, were reported aboard the C-53 transport which crash-landed Nov. 19 high in the southern French Alps. Wreckage of the plane, which carried 11 Americans, has been located, and all aboard were reported safe. (AP Wirephoto).

Plane Is Located, All Aboard Alive

PARIS, Nov. 22. (AP)—Orly airfield announced tonight that the wreckage of an American C-53 transport sought since Tuesday had been found in the Alps near Interlaken, Switzerland, and that all the 11 persons aboard were alive.

The transport was found on a 30-degree slope about 500 feet from the peak of a 10,000-foot-high mountain, according to a message from one of the search planes which was in direct communication with the grounded crewmen.

Orly field said three persons were seen walking about the wreckage. A party of Swiss mountain climbers and American nurses and doctors left Interlaken immediately for the scene of the crash, reported to be 13 miles southeast of that city.

The location announced indicated that the transport came down in the icy wastes of the Bernese Oberland which is marked by three great peaks, the Jungfrau, the Finsteraarhorn and the Aletschhorn. The highest, the perpetually snow-covered Finsteraarhorn, rises to 14,026 feet.

American and Italian paratroopers and trained mountaineers stood by for renewed efforts to save the passengers and crewmen—Brig. Gen. Loyal M. Haynes, his wife, the wives of three other Army officers and an 11-year-old girl among them. They had pleaded by an enfeebled radio for medical aid, food and clothing, medical aid, food and clothing.

Foul weather blocked off the searchers temporarily this morning after a new radio "fix" on the transport swung the hunt to the area below Interlaken from a zone in the French Alps approximately 80 miles to the southwest, where ground and air rescue efforts had proved fruitless.

Army radio operators blamed magnetic disturbances, which interfered with clear receipt of the transport's messages, for the error in the original triangulation.

Air officers said a US B-17 Flying Fortress piloted by Brig. Gen. Ralph Snively, whose wife

No Post-Season Games For Army

WEST POINT, N.Y., Nov. 22. (AP)—Gen. Maxwell D. Taylor, superintendent of the US Military Academy, said today that the Army football season would end and the team disband after the Navy game in Philadelphia on Nov. 30.

The statement definitely ends the possibility that Army will play any post season game, anywhere, either in the Sugar Bowl, to which it was invited, or in Los Angeles, where the city council wanted the Cadets and Notre Dame to play off their scoreless tie of two weeks ago, in a charity game.

College Is Needing Typewriters Again

Eight of the surplus typewriters which Howard County Junior College had conscripted earlier in the year have been recalled, E. C. Dodd, president, announced today and once again appealed for any typewriters not in use.

Typing classes at the college are over-crowded, Dodd said, and all sources have been exhausted in the search for additional machines. Previous response to the plea for typewriters was checked by agreement to return them if the lending business house should require their use again. Some dozen already in use have been relinquished for this reason.

Romania May Have Communist Premier

BUCHAREST, Nov. 22. (AP)—A new cabinet, possibly with a communist premier, was foreseen for Romania today as the government and the opposition argued over the fairness of Tuesday's parliamentary election.

The government bloc claimed an overwhelming victory and the communists emerged the strongest party in the bloc.

Molotov Raps British-US Troop Policy

Says Immediate Inventory Should Be Made

LAKE SUCCESS, N. Y., Nov. 22. (AP)—Soviet Foreign Minister V. M. Molotov today renewed his attack on the United States and Great Britain for maintaining troops in friendly countries and called for an immediate troop inventory to clear the atmosphere and relieve world anxiety.

In an hour-long speech before the 54-national political committee of the United Nations assembly, Molotov repeated his earlier offer to accept an American proposal to broaden his own resolution to require reports on all troops in enemy countries as well as non-enemy states.

He said he saw no reason for including figures on enemy countries, but did not object if the United States insisted. At the same time he did not object to a US proposal that information also be given on troops at home.

In his speech last Wednesday, Molotov had suggested that the question of troops at home be divorced from the present discussions and taken up in connection with the next item on the agenda—Russia's four-point arms limitation proposals.

He spoke at length on American and British troops abroad, listing such countries as China, Iceland, Greece and Panama and said it was well known that some states—presumably the United States and Britain—had air and naval bases in all parts of the world.

The Soviet troop inventory proposal, he said, was put forward to eliminate rumors and misunderstanding. He then added that if full information were made available "there will be a cleaning of the atmosphere."

Referring to his earlier statement that all Soviet troops had been withdrawn from Iran, Molotov said there were rumors that some other countries still had troops on Iranian soil.

"Are we sure that troops or the remnants of troops have left Iran?" he asked. "There are many conjectures but nobody knows for sure."

After enumerating countries in which the United States and Britain had troops stationed, Molotov declared that the "presence of troops after the end of the war causes anxiety."

"We should see that the principles of the charter do not stay on paper," he added.

LEWIS HAS A WOODPILE

ALEXANDRIA, Va., Nov. 22. (AP)—If the coal without continues, John L. Lewis may get cold, too. He probably has less than a month's supply of coal at his home.

This opinion comes from Ches Fannon, the man who sells Lewis his coal.

Fannon told a reporter today Lewis has a small bin for his huge house.

"It only holds about a month's supply," he said. "And we haven't put in any coal lately."

Lewis has some fuel insurance, however. There's a woodpile in his back yard.

STARTS NEW TERM

AUSTIN, Nov. 22. (AP)—Harry Benge Crozier was sworn into office today for another six-year term as chairman of the Texas Unemployment Compensation Commission.

COMMISSION MEETS SATURDAY TO ACT ON M'DANIEL RESIGNATION

A special meeting of Big Spring city commissioners has been called by Mayor G. W. Dabney for Saturday, with definite hour to be arranged later.

The mayor has listed 5:30 p. m. as tentative starting time for the session, but if commissioners who are out of town today return in time, the meeting may convene earlier.

The meeting is being called to permit commissioners to act on the resignation of City Manager B. J. McDaniel, who has been elected city manager at Abilene.

The commissioners also plan to discuss procedure and courses to be followed in selecting a new manager for Big Spring.

PEOPLE GAVE THEM TO FINANCE WAR—

Jap Diamond Cache Biggest In Modern Times

WASHINGTON, Nov. 22. (AP)—Hundreds of thousands of cut diamonds—probably the greatest assortment ever assembled in modern times—is in the hoard which American occupation forces uncovered in Japan.

Government officials said today the Japanese government collected the huge treasure from the Japanese people as a desperate war financing measure. Apparently the intention was to sell the gems for foreign exchange and purchase munitions and raw materials.

A War Department announce-

ment last night said the gems are valued at between \$20,000,000 and \$25,000,000. But the gem experts with knowledge of the hoard said the Army undoubtedly was speaking conservatively and of the New York wholesale price. In settings and in the possession of individuals, they said, the value would be far greater.

"They represent the entire diamond resources of the whole nation" Edward Henderson of the Smithsonian Institution told a reporter. "This undoubtedly is a situation unique in history.

I know of no other time when virtually every diamond owned by every individual in a nation was assembled at one place."

The gems now are in vaults of the Bank of Japan in Tokyo. They were found buried and hidden in many places of the Japanese Empire.

The gems came into possession of the Japanese Army when the government appealed to the people to turn them in. When the Japanese surrendered, the hoard became widely distributed.

Lewis Must Appear In Court Monday

Accepts Summons Without Comment

WASHINGTON, Nov. 22. (AP)—Two federal marshals served John L. Lewis with a summons today requiring his appearance in federal court Monday morning to answer a contempt citation resulting from the soft coal strike.

Lewis accepted the summons in his private office "without comment," an aide reported.

Federal Judge T. Alan Goldsborough last night ordered Lewis to show why he should not be held in contempt for refusing to withdraw his contract termination notice—the signal which led to the walk-out of his 40,000 bituminous coal miners.

The two federal deputies went to Lewis' office a few minutes after he arrived at union headquarters from his home in nearby Alexandria, Va., where he had been in seclusion for the last 36 hours.

Persons who have followed the case closely said they expect Lewis' attorneys to argue that the restraining order obtained by the government actually required him to take an affirmative action.

They are expected to maintain that the court could not by a restraining order require Lewis to withdraw his contract termination notice.

The court ordered Lewis to refrain from "permitting to continue in effect the notice heretofore given" by Lewis to the government.

This language, Lewis' attorneys most likely will argue, had the effect of ordering him to do something rather than restraining him from an action, according to the usual scope of a federal restraining order.

Apparently in good spirits, the mine union chief emerged from his home at 10 a. m., for the short drive into the capital.

He stood on his porch to pose for cameramen, his cane on his arm, and a cigar in his hand.

"Take your time, boys," Lewis said. To reporters he said he had no statement to make other than that he was headed for United Mine Workers headquarters in Washington.

The writ is another step toward possible changing of jail doors in the UMW chieftain's face. It directs him to appear before U. S. District Judge T. Alan Goldsborough on Monday and tell why he did not honor an order to recall his contract "termination" of Wednesday night.

If Lewis fails then to clear himself of the contempt charge—possibly by calling off his "termination" notice or by showing that his stand is lawful—the next step will come Wednesday. On that day, Judge Goldsborough "with an advisory jury" will decide Lewis' guilt or innocence.

If convicted, the union might be fined and Lewis sent to jail, until he obeys the court.

In the mine fields, tension mounted as the idle miners watched the struggle between their leader and the government. Two men were shot fatally in West Virginia in the first major flare-up of violence.

Railroads, steel mills and other big users of soft coal began batten down for the worst—a protracted work stoppage in the 3,300 government held mines.

A "Brownout" to save fuel darkened the Capitol dome itself, while Republican and Democratic Congress members joined in demands for extraordinary measures. Some asked a special session of Congress but men close to President Truman said that was unlikely.

Neither Lewis nor his lieutenants gave any inkling what he intends to do when he goes before Judge Goldsborough.

One person in close touch with the behind-the-scenes activity suggested the weekend interlude before the court appearance might have been strategic. He pointed out it would give Lewis an opportunity, at least, to try for an out-of-court settlement with the government.

President Truman, still on vacation at Key West, Fla., likewise had nothing to divulge on the administration's plans for getting the mines back into production.

U.S. GOES TO COURT—Assistant Attorney General John Sonnett (right foreground) carries a large envelope as he arrives at district court in Washington, D. C., to obtain a contempt citation against John L. Lewis. An aide carrying a bag accompanies him. Lewis must answer Monday to the contempt citation. (AP Wirephoto).

CIO Renames Philip Murray

ATLANTIC CITY, N.J., Nov. 22. (AP)—Philip Murray today was re-elected president of the CIO by acclamation.

There was a 15-minute demonstration while a band played "Hail To The Chief" on this final day of the five-day meeting, and the delegates took one more whack at the communist party.

They changed the preamble to the CIO constitution to declare: "We turn to the people because we have faith in them; and we oppose all those who would violate this American emphasis of respect for human dignity, all those who would use power to exploit the people in the interest of alien loyalties."

There was no debate. The convention, acting on a swarm of important measures, also adopted a foreign policy resolution calling for world disarmament and opposing further stockpiling of atomic bombs.

\$4 Dividend Voted By T&P Directors

DALLAS, Nov. 22. (AP)—The Texas and Pacific Railway Company declared a common stock dividend of \$4.00 to be paid Dec. 20 at a meeting of the board of directors in New Orleans yesterday.

An expenditure of \$1,600,000 for construction of a new freight station in Dallas also was approved.

Mass Sedition Case Dismissed

WASHINGTON, Nov. 22. (AP)—Chief Justice Bolitha J. Laws in federal district court today dismissed the four-year-old mass sedition case.

In granting defense motions to dismiss the indictments and prevent a retrial of the conspiracy case against 26 defendants, Laws said:

"Under the circumstances, to permit another trial, which conceivably would last more than a year, with new prosecutors and newly-appointed counsel for defendants, with the eventual outcome in serious doubt x x x would be a travesty on justice."

The government has the right to appeal Laws' decision. But Assistant Attorney General Theron L. Caudle, representing the Justice Department, made no statement in court and afterward told newsmen the question would be decided later.

Laws noted in his opinion that the chief prosecutor in the case, O. John Rogge, a special assistant to the attorney general, who was dismissed by Attorney General Clark recently, had stated in open court on three occasions that he doubted whether the supreme court would uphold a conviction.

Brotherhood Sets Father-Son Affair

Father and son night will be observed Monday at 7:30 p. m. when the Brotherhood of the East Fourth Baptist church meets in the church basement.

Members of the Brotherhood-sponsored Boy Scout troop No. 4 also will be guests. Speaker for the occasion will be Dr. P. D. O'Brien, pastor of the First Baptist church. Music will be furnished by a colored quartet.

Palestine Trains Under Heavy Guard

JERUSALEM, Nov. 22. (AP)—Train service in Palestine, halted for 72 hours because of saboteurs' attacks on railroads, was resumed today, with more than half the British Army combat troops in the Holy Land reported to be tied up as railway security guards.

Congressmen Calling For Strike Action

WASHINGTON, Nov. 22. (AP)—Demands for suspension of the Wagner Act and for coal mining under Army guards resounded today in Capitol Hill clamor for a special session of Congress to deal with the coal crisis.

Pleas for President Truman to call the lawmakers into extraordinary session came from both Republican and Democratic ranks. There was no indication, however, that Mr. Truman contemplated such a step.

One of the chief executive's closest advisers said the possibility had not even been discussed. He predicted there would be no such call. If a special session were called it would be the 79th, or present Congress, which would meet, not the new one elected Nov. 5.

Senator Byrd (D-Va.) telegraphed the president asking that Congress be called into session to back up Mr. Truman's stand against President John L. Lewis of the AFL United Mine Workers.

In a statement, the Virginia proposed legislation which would permit the government to:

1. Impound union funds to prevent payments to strikers.

2. Take away from strikers any benefits contributed by the government or employers, such as unemployment insurance. The UMW has millions in a welfare funds built up by a five cents a day royalty on coal mined.

3. Authorize the organization of workers, under the Army's protection, to reopen the closed coal mines.

"The moral strength of the whole nation, led by the President and the Congress," Byrd declared, "is so great that it cannot be thwarted by any group of men. If a democracy cannot protect itself against one man in a matter so vital as this, then democracy has failed."

Defendant Testifies Man He Killed Had Stolen Wife's Love

DALLAS, Nov. 22. (AP)—Owen Arthur Burnet, 40, wept openly today as he took the witness chair in his own defense in Judge Winter King's criminal district court and said the man he killed, Laster B. Bruton, 56, stole the affections of his wife while he was away at war.

Defense Atty. Ted Monroe led the frail defendant through cautious and dramatic direct examination to bring out the circumstances of the Feb. 22 pistol slaying in the Texas Bank building. Burnet nervously fingered his wedding band as he talked.

Young People Honored With Banquet At Church

Members of the Young People's department of the First Baptist church who were promoted in the fall from the Intermediate department were honored at a semi-formal banquet held Thursday evening in the First Baptist church. The room was decorated with streamers of orange, green and brown crepe paper, and the tables had runners in the same autumn tones. The speaker's table held a bowl arrangement of fall fruits and nuts, and autumn leaves and paper turkey cut-outs were placed down the tables. Programs were small orange-colored booklets. Joyce Worrell acted as mistress of ceremonies for the program which opened with a sing song led by Orville Bryant. After Mrs. L. E. Hutchins had given the invocation Patsy Ann Young gave a toast to the graduates, and George Oldham responded. Eddie Houser played Grieg's "Concerto in A Minor," and Jo Ann Carpenter sang "The Lord's Prayer." Dr. P. D. O'Brien gave the address of the evening in which likened people to postage stamps, reminding that one of the smaller stamps is green. He reminded that people, like stamps, must be licked before they can succeed, and that both must stick to their corners until they reach their destination.

Mrs. J. A. Coffey was chairman of the program committee, and Mrs. Roy Cornelison directed decoration arrangements. Teachers, guests and workers, attending were Mr. and Mrs. L. E. Hutchins, Bill Todd, Mr. and Mrs. Roy Cornelison, Mr. and Mrs. Ernest Hoek and Barbara Ann, Mr. and Mrs. J. A. Coffey, Judge and Mrs. Cecil Collins, Mr. and Mrs. Roy Reeder, Mrs. Tracy Smith, Mrs. Charlie Creighton, Mrs. Mamie Mayfield, Orville Bryant and Mrs. Jack Haynes. Young people attending included Doyle Jenkins, Charles Seydler, Jimmy Hobbs, James Boatman,

Sees Big Potential For Air Freight
FORT WORTH, Nov. 22. (AP)—John Drew, one of the nation's leading aviation economists, foresees a potential of 1,200,000,000 ton miles of air freight for the United States in 1947.
 Air freight thus far has diverted less than two percent of the potential it can draw from surface transportation, Drew testified at the Civil Aeronautics Board's first national hearing here on the air freight applications of 13 operators seeking certification as common carriers.

Chinese Reds Expect Attack On Capital

PEIPING, Nov. 22. (AP)—Informal observers are predicting the government soon would launch an overall offensive against the Chinese Communist capital, Yenan, and other strongholds in North China and Manchuria.
 Their speculation was prompted by Chiang Kai-Shek's order to government generals attending the Communist-shunned national assembly at Nanking to return to their war zones immediately.
 Gen. Chen Cheng, Chiang's chief of staff, is expected here in a few days. Gen. Tu Li-Ming, commander of government armies in Manchuria, also is expected here from Mukden.
 Chen's conferences with his top-ranking commanders heretofore have been followed by offensives against Communist strongholds.
 Observers said the attack against Yenan probably would be only part of a general offensive which they expected would spread over Manchuria and North China, including Shantung, Hopeh, Suiyuan, Chahar and Shansi provinces.
 Communists charge the government has moved 100,000 troops into position to attack Yenan and daily have had reconnaissance planes over the city. They have evacuated women, children and hospital patients from Yenan and mobilized all able-bodied men and youths to defend the city.

Health Officer Urges Return To Grade A Milk

AUSTIN, Nov. 22. (AP)— Texas cities which have permitted use of recombined milk to relieve local milk shortages are being cautioned by State Health Officer George W. Cox to return to their Grade A requirements "as soon as possible."
 Until then, Dr. Cox urged health authorities to enforce proper labeling of ungraded milk for the information of the purchaser as long as its sale is permitted.
 Noting that all recombined milk is ungraded milk, the health officer said consumers should insist on Grade A milk for infants, growing children, aged, sick and convalescents.
 Recombined ungraded milk is not necessarily of low quality but it is not from sources inspected by health authorities and is therefore of unknown sanitary quality, Dr. Cox said.

Ball Proposes Parley Plan To Avert Vetoes

WASHINGTON, Nov. 22. (AP)— Senator Ball (R-Minn.) said here he thinks Congressional Republicans ought to seek President Truman's cooperation in any changes they propose in existing labor laws.
 "When we have finished drafting our bills, I think we ought to go down to the White House, lay them before the president and ask him if he objects to any of their features," the Minnesota senator told a reporter. "Perhaps in that way we can work out legislation that will not be vetoed."
 Ball is a member of the Senate GOP Subcommittee assigned to the task of drafting labor bills.
 His proposal represented the first concrete indication that the Republicans may meet the president half way in his post-election offer of cooperation with the new congressional majority of measures for the nation's benefit.
 Ball is now drafting revisions of some sections of the Case strike control bill which Mr. Truman vetoed last summer. He said he plans provisions making unions subject to suit for violation of contracts, banning secondary boycotts and "equalizing" employer and employee status under the Wagner Act.

More Butter, At Lower Price, Seen

CHICAGO, Nov. 22. (AP)— More butter at lower prices in 1947 was predicted today by Russell Fifer of Chicago, executive secretary of the American Butter Institute.
 "Butter consumption in 1947 should be approaching normal, and butter consumption per capita may approximate 13 to 14 pounds," Fifer said in a statement. "The pre-war average consumption was 16 to 17 pounds per capita. In 1946 consumption has been 10 to 11 pounds per person."
 He said factors influencing the increased production are decontrol and an expected reduction in the export of dairy products.

Christmas Seal Month Designated

AUSTIN, Nov. 22. (AP)— Gov. Coke Stevenson has proclaimed Nov. 25 to Dec. 25 as "Christmas Seal Month" and urges all Texans to be generous in their purchase and use of tuberculosis Christmas seals during the month.
 The governor said in his proclamation that tuberculosis is the greatest disease cause of death among Texans between 15 and 35 years of age, and that because of its communicable nature, tuberculosis is "our greatest public health problem."
 He commended the Texas Tuberculosis Association and its affiliated county associations for conducting in Texas "a well-planned program for the control of tuberculosis."
 The association's Christmas seal sale will begin Nov. 25 and continue through Christmas.

Federal Budget Can Be Trimmed, Says Senator Taft

NEW ORLEANS, Nov. 22. (AP)— Senator Taft (R-Ohio) said in an interview here that he thinks the national budget could be trimmed to \$30,000,000,000 and that there is "every possibility" that the proposed republican 20 per cent slash in income taxes will be a reality in 1947.
 Taft, who is in line for the senate majority leadership and chairmanship of the finance committee, came here last night with Mrs. Taft.
 The couple is enroute to Yucatan, Guatemala and Cuba. They planned to leave this afternoon by air for Merida, Yucatan.
 Asked if he were in a receptive mood for the republican presidential nomination, the senator smiled and said, "that's a long way off."

Abilene Granted FM Radio Station

WASHINGTON, Nov. 22. (AP)— The Federal Communications Commission has authorized the operation of an FM radio station by the Reporter Broadcasting Company of Abilene.
 The commission has also tentatively approved, subject to the approval of engineering details, of FM radio stations by Mary Hardin-Baylor College, Belton, and the Sunshine Broadcasting Company of San Antonio.

Holiday Party Plans Discussed

FORSAN, Nov. 22. (Spl.)— Christmas party plans were made and names for gift exchange were drawn when members of the Forsan Home Demonstration club met Tuesday in the home of Mrs. H. G. Huestis.
 The date set for the party was Tuesday, Dec. 17, in the Hughes home.
 A brush demonstration was given by J. T. Beatty of Lamesa.
 Those present were Beatty, Mrs. Fred Green, Mrs. Hughes, Mrs. H. G. Starr, Mrs. E. T. Millhollon, Mrs. Frank Hall, Mrs. H. L. Tienarend, Mrs. J. P. Kubecka and the hostess.

Mrs. B. Mayfield Hostess To Circles

COAHOMA, Nov. 22. (Spl.)— Mrs. Bruce Mayfield was hostess to both circles of the Presbyterian Auxiliary in the Monday afternoon meeting this week.
 Mrs. E. G. Cullley was in charge of the program. Others taking part included Mrs. E. T. Hale, Mrs. Charles Read and Mrs. LeRoy Echols.
 At the conclusion of business and the Bible study a fellowship period was held and refreshments were served to Mrs. Kate Wolf, Mrs. R. V. Guthrie, Mrs. Frank Loveless, Mrs. Ellie Elliott, Mrs. Truett DeVaney, Mrs. Hale, Mrs. Reed, Mrs. Cullie, Mrs. Echols and the hostess.

Typhus Control Shows Results In Big Spring

No typhus fever has occurred this year within the City of Big Spring and to date only one case has been recorded for the entire county, a progress report from V. A. Cross, typhus control director, shows.
 "Through diligent effort and cooperation of Big Spring citizens and local, state and federal health workers, the epidemic of a year ago, which reached 126 cases for the year in the county, has been reduced to only one case within a full year," Cross said.
 To date a total of 96 business buildings, housing 136 Big Spring establishments, have been rat proofed. The rat proofing program still is moving forward, with food establishments currently receiving preference in construction work.
 The eradication of rats within the buildings completed has been almost 100 per cent as far as is known, Cross said. Rats did return to two of the 9... but in both cases the return was attributed to leaks created after the rat proofing and eradication work had been completed.
 Although he believes the city has the typhus problem in hand for the current year, Cross warned that many rats still are in the area. "With one pair of rats producing an average of 1,500 offspring a year, constant efforts will

 Recent surveys have been made in this district by the US Public Health Service, checking rodents for rat-borne diseases. Although complete returns have not been received by the local department, no positive reports are expected.
 The eradication and control of rats represents only one phase of the typhus control department's work, however. During the past few months, workers from the department have been instrumental in destroying millions of flies and many other carriers of disease and filth.

HUNTERS SEEK DUCK SATURDAY

Duck season opens in the Southern Zone — of which Howard county is a part — at sunrise Saturday, and more than a few local nimrods are counting on fanning out over the countryside in quest of the game.

The fowl is reportedly scarce in this immediate vicinity but are supposed to be prolific further south.

Bag limit has been reduced from ten to seven birds. Possession limit is two days' kill. Coot limit is 25.

Hunters are limited to a weapon that uses no shot bigger than a 10-gauge. Duck stamps, which retail for \$1 each, are on sale at the postoffice and Big Spring Hardware.

The season extends through Jan. 6.

Abilene Rejects Tax Rate Boost

ABILENE, Nov. 22.—Voters of Abilene rejected a proposal to establish a \$1.50 tax rate for Abilene schools in balloting Thursday by a 757 to 442 vote.

Officials disagreed with school authorities that the act left the school without a tax rate. It was pointed out that Abilene has a \$3.30 limit on gross rate, including schools. Currently 1.19 of the 1946 levy goes to schools, \$1.31 to the city. An additional 80 cents could be levied for school purposes if the city commission so desired.

Ginny Dee Scuddy Feted On Birthday

FORSAN, Nov. 22. (Spl.)—Ginny Dee Scuddy was honored last week with a party in observance of her sixth birthday anniversary given by her mother, Mrs. Woodrow Scuddy.

After contests had been played prizes were awarded to Johnny Bob Asbury and William Conger, winners. The gifts were then presented to the honoree. Favors were balloons.

Those attending were Madge Anderson, Janelle King, Lela Mae Clark, Naomi Lee Clark, Saunders Sowell, Wynelle Sowell, Connie Scuddy and Kerney Scuddy of Garden City, Treva Dee Johnson, Patricia Smith, Sus Averett, Jimmie Anderson, Johnny Bob Asbury, William Conger, Bonny Carlson, Billie Dan Miller, Tommy Miller, Milton Dean Bardwell, Johnny King, Berney Scuddy.

Assisting Mrs. Scuddy were Mrs. M. M. Hines and Mrs. Bobby Asbury.

Treasure Hunt Gifts Being Displayed

Dozens of Big Spring merchants already have started displaying gifts to be offered in the annual Christmas season treasure hunt on Nov. 29, and the chamber of commerce today urged all participants to get them out as soon as possible.

Number cards are to be distributed Monday, but it is not too late for other firms to take part in the festivities. Firm managers who do not yet have cards have been asked to call the chamber of commerce.

Business establishments who have already obtained cards include Cunningham and Phillips No. Two; Elmo Wasson, T. E. CUPACAWFY NOW COSTS A DIME!

The United Nations and John L. Lewis were relegated to the background in Big Spring conversation this morning, when the Settles Hotel Coffee Shop quoted a dime a cup of coffee.

Apparently the increase came as a complete surprise, and there was considerable speculation among the coffee drinking public on the possibilities of other establishments following suit.

Whether the trend will become general or not remains uncertain, but reports at noon today indicated that the question may be answered soon in a meeting of all cafe operators in the city. The meeting has not been definitely arranged, but some cafe operators this morning thought such a session would be in order.

According to a rapid survey made by the Herald and reports from a number of coffee patrons, no other local firm had indicated a price increase up to noon.

The Settles Coffee Shop management announced that the advance was prompted by a boost in cream prices from 78 cents to 85 cents a quart, coupled with recent increases for coffee itself. Coffee with meals will be served as in the past, the management said.

Second Meeting Set For Little Theatre

A second meeting of the YMCA Little Theatre group has been scheduled for 3 p.m. Sunday at the home of Mrs. E. B. McCormick, 709 W. 17th.

The committee expects to select several plays and discuss the possibilities of creating interest in local play writing. Up for consideration also will be arrangements for filming motion pictures of some productions by amateurs.

Members of the new organization include Mrs. Clara Zack, Dorothy Sain, Eloise Halley, Mrs. Ann Gibson Houser, Clarinda Harris, Mrs. McCormick, Ralph Cathy and W. B. Dawes. Others interested in dramatics are invited to join the group at the Sunday meeting.

Baptists To Take Sunday Offering For Orphans' Home

Proceeds of a Thanksgiving offering, involving gifts of clothing, food, toys and money, will go to the First Baptist church Sunday to the Buckner Orphan's and the Mexican Orphan's home.

In keeping with the special day, the pastor, Dr. P. D. O'Brien, will devote his Sunday morning message to the ideal of expressing thanks by sharing worldly goods with others less fortunate. During the past year, 11 homeless children from Big Spring have been accepted by the two Baptist orphan homes.

Legion Inducts Record Number

Some 300 former service men were on hand for the local American Legion post's meeting Thursday night — and nearly 250 of them participated in mass induction ceremonies. It was a record in both respects, since the initiation rites were the first to be held by the post since the signing of many World War II men.

At the conclusion of the induction, District Commander A. C. Jackson of Lubbock addressed the group, congratulating the post on being the fastest-growing unit in Texas, and commending the legionnaires for continued interest in the affairs of their community and nation.

The district 19 Legion convention will be held in Colorado City on December 1, and the local post will send a delegation. The Legion is cancelling its meeting next week, because of Thanksgiving, but will meet jointly with the Auxiliary on December 5.

Officers of the post conducted the initiation ceremony. Second Vice Commander Neal Barnaby discussed justice; Past Commander T. A. Thigpen led the rites on freedom; First Vice Commander Joe Burrell gave the Legion creed on democracy; and Commander Harold Steck discussed loyalty. Then an explanation of the Legion emblem was given by Chaplain Charles Abele. The rites were with the group repeating the Legion oath.

The meeting opened with musical selections by Hoyle Nix and his cowboy orchestra.

Doctors Convene For Odessa Meet

The regular meeting of the Six County branch of the Texas Medical association was held Thursday evening when Dr. and Mrs. Emmett Headlee and Dr. and Mrs. O. A. Fulsher of Odessa entertained with a dinner at the Odessa country club.

Following the dinner special guests, Dr. and Mrs. George Turner of El Paso spoke to the groups. Dr. Turner addressed the doctors on X-Ray, and Mrs. Turner, state president of the Auxiliary to the Texas Medical association, addressed the women.

Attending from Big Spring were Dr. and Mrs. R. B. G. Cowper, Dr. and Mrs. J. E. Hogan, Dr. and Mrs. P. W. Malone, Dr. and Mrs. L. R. McIntire, Dr. and Mrs. Preston Sanders, Dr. and Mrs. E. H. Strauss, Dr. G. H. Wood and Dr. J. M. Woodall.

Aunt Of Local Men Dies In Illinois

Mrs. Lucy Currie, 86, aunt of T. S. Currie and W. B. Currie of Big Spring, died Wednesday at her home in Zion, Ill.

Two sons, Stephen C. Currie and William J. Currie of Garden City were at the bedside when death came.

Mrs. Currie was married to the late James Currie, first Glasscock county settler, in December of 1894. He died about 30 years ago.

Donaldson Leaving SCS Work Here

C. R. Donaldson, work unit conservationist with the local SCS office for the past three years, is leaving this weekend for Dallas where he will assume duties as manager of the Richards' Uniform Manufacturing company.

Donaldson, who has been in soil conservation work for four years, came here from Weatherford Oct. 1, 1943. He will be joined by Mrs. Donaldson and children in Dallas within a few weeks.

No successor to Donaldson on the SC board has been announced. Jess Blair, a member of the staff, will act in the capacity of work unit conservationist until a successor can be found.

Rocket Plane Of Super Speed Soon Will Be Tested

WASHINGTON, Nov. 22. (AP)—A rocket-propelled airplane which the Army believes has a potential maximum speed of 1,700 mph will be tested in California soon.

Known as the XS1, the plane is described by the Army Air Forces as a non-military craft and will be used as a flying research laboratory to test the effects of super-speed on planes. Its range will be about 100 miles.

At top speed the AAF said, heat caused by friction would melt the craft's present windshield. Consequently, the first test flight will be restricted to about 600 mph. Later a more heat-resistant shield will be installed.

The plane, 31 feet long with a 28-foot wing span, carries 8,177 pounds of fuel and has an overall weight of 13,069 pounds. The pilot on the first flight, scheduled for Muroc, Calif., will be Chalmers Goodlin, 23-year-old Bell Aircraft test pilot.

Mickey Rooney In 'Young Tom Edison' At Ritz Saturday

Another in the series of re-issued films of particular interest to young people is scheduled Saturday morning at the Ritz theatre, and the feature is an outstanding story, "Young Tom Edison."

Popular Mickey Rooney is the star, playing the title role. The picture is based on historical facts in connection with the early days of the famed inventor.

The Ritz show starts at 9:45 a. m.

EVEN RUSSIA SCORNS THEM

PHILADELPHIA, Nov. 22. (AP) Joseph Falezynski, 55, and Nicholas Turchuck, 61, pleading guilty to robbing 17 safes, asked Judge Joseph Sloane in Quarter Sessions court yesterday to be deported to their native Russia. "Will Russia have them?" asked Judge Sloane.

"Russia," a police witness replied, "will have no part of them. They give them to us for Christmas."

Judge Sloane then sentenced each to terms of 20 to 40 years in prison.

Six-Man Title Battle May Be Played Here

A question on the eligibility of a player of the Barstow team is holding up negotiations on the bi-district six-man football championship game.

Barstow won the District Nine title and qualified to play Water Valley, champion of District Ten. However, Fort Davis asked the Interscholastic League to investigate the age of one of the Barstow players. The inquiry is expected to be completed by Monday.

Efforts are being made to have the title game played here, regardless of the outcome of the player squabble. Elvis Mathis, coach of the Water Valley team, said he would welcome the chance to play here but did not know whether the District Ten titlist would agree to the neutral field.

The contest will probably be played Friday, Nov. 29.

Scouts Pushing For Full Membership

After a busy period during the war years, Boy Scouts now are making efforts to build up to full peace-time strength. Charlie Watson, council commissioner, reported today in urging local units to press their campaign for new members during the nation-wide round-up.

"We have a busy and active year ahead of us, and we are hoping that every unit will invite from four to six new boys to join during the National Round-Up, which ends early in December," Watson said.

Scoutmasters, cubmasters and senior leaders are working up lists of boys and young men who are eligible, and the various local units will extend them special invitations to become new members.

"Every boy from nine through 18 years old can find a place in scouting," Watson concluded.

Obligation To Use Job Service

To the average individual, return of the employment service from federal direction to that of the state is of little consequence. Federal operation had some advantages, not the least of which was the protection of the service on a national basis. Of course, states can cooperate to offer the same spread on jobs but it may be a little more difficult. On the other hand, return of the services to states represents a victory in the campaign against centralization.

The switch also involves some attitudes, namely the federal position favoring higher unemployment compensation as against the state tendency to reduce this payment.

But now that the service is back in state's hands, those who have worked and hoped for this development should be aware of a real responsibility. The service can be of benefit largely to the extent of the job openings listed with it. If people in Texas believe it should be handled under Texas supervision, they have the obligation to make far wider use of it. The more jobs that the service can fill, the less there will be to pay out in unemployment compensation. Thus, it becomes good business for employers in business big and small to keep in close contact with the office by listing requests for employes and by using the service in getting employes.

John L. Lewis Still Holds The Key

The soft coal strike is on in a big way, and it is assuming the proportions of a general coal strike.

The issue has captured popular interest, coming at a time where there is little other important news of sufficient color to detract from the play given the coal situation. No longer do friends pass pleasantries about the weather when they meet, but immediately the question is raised: "What is John L. Lewis doing today?"

And that pretty well sums up the situation. Whether you like or not (a lot of people say they don't), John L. Lewis pretty well holds the key to the dilemma. It probably won't make any difference to him whether he is held in contempt of court and tossed into jail as a result.

While the spectacle of Mr. Lewis in jail or

under bond might cause some people to chortle, it wouldn't mean one additional lump of coal dug from the idle mines. Contrary to popular belief, the subjection of the head of the United Mine Workers of America to court action will not affect, in all likelihood, the strategy of the union. That has been mapped out well in advance by Lewis and his lieutenants.

While he naively suggests that he is only the representative of the union, which he is, the fact remains that John L. Lewis is nobody's fool. He is shrewd and drives that kind of a bargain. The miners know it and they will follow his leadership. In the absence of war, the government does not have a patriotic appeal to fall back upon. So John L. holds the key and what he elects to do is still important.

Background Of The Coal Dispute

WASHINGTON. (AP)—Here, in questions and answers, is the story of John L. Lewis' coal dispute with the government.

Q. What's the background?

A. In October Lewis decided he wanted to change the contract—under which his miners had been working—since last May. He said he wanted to re-open it to make changes.

Q. What did the government say?

A. Interior Secretary Krug said the contract could be re-opened only if both Lewis and the government wanted it to be. But the government didn't want it re-opened.

Therefore, Krug said, the contract must stand as is so long as the government has the mines.

Q. What did Lewis say?

A. He said Krug was wrong, that the contract could be re-opened if he alone wanted it to be.

So, on Nov. 15 Lewis served notice on Krug that he would consider his contract with the government ended Nov. 20, which was last night, at midnight.

Q. What did this mean?

A. It meant Lewis' miners would refuse to work after last night unless Krug gave in to Lewis.

Q. Was Lewis thus calling a coal strike?

A. Not in so many words. Ever since the Smith-Connally Act was passed in 1933, Lewis has been careful not to say his miners were on strike. When they refuse to work, he says simply they don't work without a contract. It has the same effect as calling a strike.

(Under the Smith-Connally Act anyone calling a strike in a plant seized by the government can be jailed.)

Q. What did Krug do?

A. He and other government officials went into federal court and asked the judge to issue an order to Lewis not to end his contract, or call it ended.

The government argued that Lewis, by saying Nov. 15 the contract ended last night, was breaking his contract and was calling a strike in a government-seized mine, contrary to the Smith-Connally Act.

Q. What did the judge do?

A. He issued the order. In it the judge told Lewis to take back his statement of Nov. 15; to live up to the contract; and not to encourage his miners to walk out.

Q. What did Lewis do?

A. Nothing. Since he didn't tell them to forget what he said Nov. 15 about the contract ending last night, his miners walked out.

Q. What can happen to Lewis for not obeying the court order?

A. If the judge decides Lewis has disobeyed, he can hold him in contempt of court and jail or fine him. Lewis, of course, will have some arguments for his defense.

Q. Can the court order hope to get the miners back to work?

A. Hardly, without word from Lewis to go back. They can say they are not striking but choose not to work without a contract.

The court cannot act against 400,000 men.

Lewis In Full Control Of UMW

(Ed. Note — Today Drew Pearson gives another of his penetrating columns on the little-known background of John L. Lewis.)

WASHINGTON. — One of the amazing things about John L. Lewis is the coal miners' current loyalty despite Lewis' tyrannical rule and despite the fact that he has waged bitter, relentless war against mine groups which dared question his authority.

One case was his ouster of John L. Lawson, hero of the Colorado miners, as described in an earlier column. More recent and much bloodier was Lewis' battle with the Progressive Mine Workers which ended with 21 Illinois miners killed, several hundred shot and thousands beaten.

Most significant revelation of all is the fact that Lewis on occasion has spent as much as \$350,000 of miners' dues without their permission or advance knowledge to pay a coal operator to close down, thus forcing 500 miners out of work.

Lewis and the inner mine worker bureaucrats have complete control over the union's tremendous bankroll. They can buy office buildings in Washington, contribute \$500,000 to a political campaign, put members of the Lewis family on the payroll, or pay a mine owner to close his mine, all without asking dues-paying miners what they think about it. All semblance of democracy inside the United Mine Workers long ago was thrown overboard.

Following this overwhelming defeat, Lewis got mine B to close, and the Progressive Miners found themselves out of jobs. That was their reward for voting against him.

The amazing fact that Lewis paid out more than a quarter of a million dollars of mine-workers' dues to close down a coal mine came to light when treasury inspectors noted the \$350,000 payment to Lewis carefully covered himself by chalking this up as a "loan."

The treasury, however, did not view it in this light and was about to start income tax prosecution when advisers warned that this would only make Lewis a martyr and that a jury probably would not convict. In the end, plans for prosecution were dropped.

out by two Lewis henchmen and destroyed. The henchmen alibied that they had been robbed.

LEWIS IN CABOOTS WITH OPERATORS

Though all evidence pointed to the fact that this second vote was against the new contract, Lewis, later that day, declared an emergency and signed the contract on behalf of the miners. He then ordered the men back to work.

This was on Aug. 10, 1932. From that date until 1937, bloody warfare continued between Lewis and the miners who opposed him, the latter eventually becoming the progressive miners. It was during this prolonged battle that 21 of the anti-Lewis miners were killed.

The Progressive Miners retaliated as best they could, but Lewis had the advantage. He had just contributed a half a million dollars to the re-election of Roosevelt in 1936. So, in 1937, an FBI agent, George Stevens, came to Illinois and began collecting evidence against Lewis' miner rivals for conspiracy to interfere with interstate commerce and the US mail.

The FBI agent was followed by a special prosecutor from the Justice Department, Welly K. Hopkins, who finally succeeded in sending 41 of the Progressive Miners to jail. This ended the battle. With the Justice Department behind him, Lewis had won an important victory, however, there are three aftermaths to the victory.

HOW LEWIS WON SUPREMACY

This is only one page in one of the blackest chapters of ruthless Lewis warfare, with John L. virtually telling the Justice Department what to do. Scene of the battle was the Illinois coal fields, right in Lewis' own backyard. Perhaps it was personal pride which made him determined to come out on top with the miners close to his home at Springfield. Perhaps also it was because these miners knew Lewis well that they fought him so bitterly.

The battle lasted the best part of a decade. It began in 1929 when John Walker was president of the Illinois Federation of Labor and Harry Fishwick was president of District 12 of the United Mine Workers. Illinois miners had been getting restless under Lewis' high-handed methods, so in retaliation he removed all District 12 officials without even the pretense of a trial. Appointing his own stooges, he sent them to take over Springfield headquarters under an armed guard.

Despite this, the duly elected district officials refused to step down. A bitter struggle followed, with the courts finally ruling that Lewis had no right to interfere in the affairs of District 12.

Finally, in 1932, Lewis negotiated a new contract with the Illinois coal operators. In those days, however, miners did not accept Lewis' dictation without question. They voted on their contracts. And, in this case, they voted Lewis and his new contract down.

Lewis then ordered another ballot, and this time a set of ballots, stored all night at the Ridgely Farmers State Bank were taken

LEWIS'S RAWEST DEAL

Those who know Lewis consider his use of union dues to pay a mine owner to close his mine, all without asking dues-paying miners what they think about it. All semblance of democracy inside the United Mine Workers long ago was thrown overboard.

On May 12, 1937, the mine B coal company at Springfield, Ill., closed down and remained closed until November, 1939. During this time Lewis paid the mine operator, Carl Elshoff, around \$350,000 as compensation to remain closed.

The reason Lewis wanted to close mine B was to throw his hated rivals, the Progressive Miners, out of work. Around 500 miners had been employed by Elshoff and when the National Labor Relations Board held an election, the vote was 404 to 25 against joining Lewis' union.

TURKEYS ARE NOT BUILT TO TROT

The march of progress has put a kink in Cuero's famous annual turkey plot.

The new model turkeys are low, broad, fat and full of meat and aren't built to trot. The spectacular turkey trot, as most Texans know, was a three-mile parade of literally thousands of gobblers prancing down the main street.

T. R. Taylor, president of the Cuero Turkey Association, said the event is going to be held, anyway, with the heavyweight gobblers riding in style.

Journalist Forever

NEW YORK. (AP)—Looking back today on fifty turbulent years of newspaper work, Oswald Garrison Villard, dean of American Press liberals, said quietly:

"I do it over again. If I had my life to live over, I'd go into journalism again. There is no profession like it. It offers the greatest opportunity a man can find to serve his country and advance its welfare."

At seventy-four the bent scholarly editor finds present day American newspapers politically fairer than those of his youth, more informing on world affairs, more independent of advertiser pressure, but—

"They still don't do their entire duty in forwarding progressive movements and helping the underdog in our political and social life as they should."

As to the future of liberalism? "My nature is optimistic, but you tell me what will happen to the atom bomb and I will tell you what the future of liberalism is."

He said he wouldn't try to define liberalism, but in his own life he has fought editorially against war, and for oppressed people—"the Jews, Negroes or anybody else"—for social legislation to better the lot of the individual worker, and championed free trade "as a sure avenue to peace."

"Communism," he continued, "is the direct antithesis of liberalism in most respects. Liberalism can't pay the price of obtaining equality along Russian lines. That would mean destruction of the four freedoms."

Villard started his career 80 years ago this week as a reporter on the Philadelphia Press and got \$10 for a 75-hour week.

"That was ridiculous," he smiled, "I asked for more money and they raised me to \$12."

"I never stop writing," he said. "That's one thing I can't do."

"My work has, I hope, been honest and sincere. I was fortunately placed in having large means, so that I never had to compromise on my ideals—never."

Nor has he surrendered to the typewriter. He dictates, or writes with an old stub pen.

Bovines End Home Schedule In Eagle Contest Tonight

Locals Seeking Second Victory In Own Stadium

Those palpitations of the heart local fans suffered in recurring attacks in last week's clambake at Midland may be nothing compared to what they'll experience when the Big Spring Steers ankle onto the turf at Steer stadium to do battle with Pete Shotwell's fractious Abilene Eagles.

The 8 o'clock kickoff will find the resident eleven lining up against the most dangerous, if not the best, contingent active in District 3AA at the moment. Shotwell's troops were green as gourds to begin with, but they picked up momentum and know-how once they got a few games behind them. Against Lamesa two Mondays ago, the War Birds all but tied a tinnycan to the Lobo tail and won going away, 38-0.

Addition of one Jim Dobbyn to the Abilene secondary has worked wonders with Shotwell's offense. Whereas, a month ago all Pete had to proffer in the way of an attack was a wing (Lloyd King's flipper) and a prayer, now he has a youngster who does when called upon to go ambulatory. In short, the Longhorns will have to fight like Sam Hill to hold their own against the invaders. A combination of things could cause the homelings to do just what they want.

that. In the first place, tonight's setto is their final home game. Second, they were admittedly "off" against Midland last week and are due to improve. Third, they're ready for Mr. King passing game after a week of tempering with such explosive practices.

All local hands appear to be ship-shape, which means that the tried and true will start. That would be Gerald Harris, Bobo Hardy, Hoss Rankin and Jackie Barron in the secondary and Marv Wright, Bobby Hollis, Ike Robb, Pete Fugiasar, Larry Hall,

School Units Given Onions

Some 30,000 pounds of Colorado onions, shipped here under the School Lunch program, have been distributed to school cafeterias over an eight county area.

Delivered as a surplus agricultural commodity, the onions went to the schools as a gift from the government. In previous years, Sweetwater has been used as a distribution point for Government foodstuffs given West Texas schools. Big Spring became a depot for the items, however, following a request made by Walker Bailey, Howard county school superintendent, to Dan Byrd, district director of the Production and Marketing Administration at Amarillo.

Howard county schools benefited from the shipment along with those in Andrews, Dawson, Glasscock, Martin, Midland, Ward and Winkler counties. Schools in this county with lunch rooms are Big Spring, Knott, Forsan, Elbow, Gay Hill, Midway and Lomax. Bailey said he had been notified a carload of potatoes would be sent here for similar distribution shortly.

Harris, Hardy, Rankin, Hollis, Wright and Hall will be singing their swan song on the local gridiron. All close out their prep football eligibility in Sweetwater on Turkey Day.

Pat Murphy, who formerly served as chief pilot of the Big Springers, is an assistant to Showell at Abilene now.

J. D. Hinton and Bobby Reilly will help King and Dobbyn in the secondary this evening. All in the War Bird lineup with the

exception of Guard Earl Guitar are ready to operate.

In eight starts to date, the Eagles have finished on the long end of the score only three times. They lost to Breckenridge (19-6), Amarillo (34-20), Odessa (26-12), Sweetwater (28-13), and Midland (27-13), while winning from Lubbock (14-12), Brownwood (6-0) and Lamesa (39-0).

DON CARTER IS DIFFERENCE Yearlings Rally To Trim Colorado City 20 To 13

Tremendous line play by Guard Donnie Carter and an inspired third period offensive surge by the entire squad paved the way for the Big Spring Yearlings' 20-13 victory over the Colorado City reserves here Thursday night in what must have been the most thrilling football game played here this season.

The Wolf Pack scored on the first play from scrimmage and led until midway in the third period only to succumb to an awesome comeback that packed a lethal wallop.

Young Carter was all over the field. He intercepted a pass which set the stage for the game tying tally. He blocked a punt that led to the winning touch. He chilled a Colorado City rush in the waning moments by recovering a Wolf bobble and then broke up a desperate aerial assault in the last few seconds with a pass interception. In between, he collected his share of tackles.

When it wasn't Carter who was getting into the visitor's hair, it was usually End Charles Wright, who caught two pass nifties that set the stage for the first Big Spring score. Or Billy Carlisle, a whiz of a back. Or again Arliss Davis who ambled for long yardage with the ball despite the fact that he was favoring a bruised hip.

The Colorado City quarterback spotted the right side of the Yearling line split too wide between guard and tackle immediately prior to the first play from scrimmage and sent speedy W. H. Barker through for 60 yards and a six-pointer. When Jimmy Robertson added the point on a plunge, it looked bad for the locals.

Early in the second, the McWhorter troops were on the move, however, and advanced the oval all the way to the enemy 13 only to lose it on downs. Pete Pierce was destined to lose possession shortly thereafter and Wright pounced on it for Our Town. Carlisle went all the way over on the

second play of that series and, though he missed the point, the gap had been narrowed.

Colorado City went to work again after the intermission and collected another six points as insurance. Robertson found a weakness in the Big Spring defensive setup, galloped into the clear and had clear sailing on a 25-yard sprint only to drop the pighide. He made a desperate lunge for it and knocked it out of bounds on the Yearling one. From that point, Pierce went over.

The Yearlings went directly to work after that lapse. Carlisle sought out Wright for a pass which carried for 41 steps deep into enemy terrain. The big end was again the target for an overhead and this time moved to the eight, from which point Davis fought his way over. Carlisle churned into the end zones for the game tying point.

The Wolves took the air on the succeeding kickoff and by it dug their own grave. The ubiquitous Carter dragged down a pass just over center and got back to midfield. He fumbled when tackled but Kimple Guthrie was there to make recovery. Then Carlisle engineered an attack that carried all the way to Colorado City's one before the Wolves dug in and held. Barker, trying to kick out, didn't have a chance. Carter was there to bat the ball down and little Billy Wheeler fell on it for a score.

Carlisle again went over for the point and ran the score to 20-13. Big Springers came near tallying again a moment later. After a 51-yard Colorado City drive had perished on the Big Spring 25, the Yearlings drove all the way to the enemy 15 only to have a pass interception rob them of a TD. Carter's ball-hawking aptitude kept the visitors off balance from there on in, however.

Eddie Hooper played a great defensive game for Big Spring. Clarence Stacey shined occasionally as did James Pettigo and Vic Woods.

Score by periods:
Colorado City 7 0 6 0-13
Big Spring 0 6 14 0-20
Starting Lineups:
COLORADO CITY—Joe Pat Brown and Danny Smith, ends; Charles Smith and Kelly Freglia, tackles; Billy Winnett and Robert Henderson, guards; C. A. Wilkins, center; W. H. Barker, Pete Pierce, Doyle House and James Robertson, backs.

Tech To Refuse All Bowl Bids

EL PASO, Nov. 22. (AP)—Texas Tech's decision not to play in any post season football games today revived speculation about who would be the host team in the Sun Bowl here on New Year's Day.

The choice apparently was between Hardin-Simmons' undefeated and untied Cowboys and the University of Arizona.

The champions of the Border Conference by custom have been the host team in the Sun Bowl. I. W. Gillett, chairman of the Sun Bowl selection committee said that Hardin-Simmons, now tied with Tech Tech in conference play, was a "major possibility."

Gillett also listed Arizona University as a "possibility," but said that no decision would be made at least until after the Texas Tech-Arizona game in Tucson Saturday night. Hardin-Simmons has two games to play, Howard Payne and Texas Tech.

Gillett said that he was sorry that Tech had decided against post season football, and added: "We had hoped to have Tech with us. We have always enjoyed having them as a host team."

Stangel acknowledged that Tech had received feelers from the Rains Bowl at Fresno, Calif., and for a Dec. 21 veterans benefit game in Los Angeles.

LOOKING 'EM OVER

With TOMMY HART
Such surprises as Texas university's loss to TCU and the Penn State victory over Navy caught the Daily Herald football poll napping last week. However, it was up to its usual standard on other contests.

Bob Whipkey and the writer tied for the lead spot, each picking 17 winners in the 24 games. Joe Pickle made eight mistakes in the 24 tries while Wacil McNair was one-off the mark.

Japan Asks About A Scout Cub Pack

D. M. McKinney, local Boy Scout cubbing commissioner, has received a request for information on proper procedure for establishing a cub pack from Nagoya, Japan. Mrs. R. L. Troyer, who was den mother in a local pack for several months during the war and who now resides in Nagoya, advised McKinney that she is anxious to organize a pack there. It is not known whether the proposed pack would be only for children of American service men in the area or for Japanese also. Mrs. Troyer as a den mother here while her husband, Capt. Troyer, was stationed at the Big Spring Army Air Field. He is now stationed in Nagoya.

Rice Needs Win To Retain Shot At Championship

The Southwest Conference football race limps into its penultimate round tomorrow with the blue chips on the line for the Rice Owls. Rice, a powerful machine that sputtered just once — in the mud at Little Rock — races Texas Christian with a piece of the conference title held in Escrow. All the Owls have to do to get the body is lick TCU and trample Baylor.

Beating TCU is quite an assignment although the Horned Frog team that goes to Houston tomorrow can't point to a very impressive record. It did, however, clip Texas and did it more decisively than Rice. It's been three years since Rice beat TCU. At Houston they say its about-time for the worm — rather, the Owl — to turn.

Arkansas, the team that has clinched at least a tie for the championship, will be listening to the reports from Houston with much more than casual interest. The Razorbacks don't play this week and can devote all their time to helping TCU beat Rice, if by remote control. While Rice and TCU get together at Rice Field, Baylor's lowly and luckless Bears will be trying to climb out of the conference cellar. To do it the Baptists will have to batter down the Methodists — the Southern Methodist Mustangs, whom they meet at Dallas. The Bruins have a fair chance of doing it although SMU is a seven-point favorite. Other conference teams rest this week.

Dick Dunkel's College Football Ratings

For week ending November 24
Explanation: The Dunkel rating system presents a factual, unbiased picture of the relative strength of teams as revealed by the scoring correlation method. This method answers the question, "How well has each team performed relative to the strength of its opponents to date?" The teams are rated by the average scoring margins they establish above or below the average rating of their opponents. Ratings are index numbers — not percentages. Thus, for example, a 50.5 team rates 10 scoring points higher than a 40.5 team. In this manner, past performances of any two teams can be compared regardless of location. The ratings have been continuous since 1925.

Public To Get Cold Shoulder At Cage Games

DALLAS, Nov. 22. (AP)—Indications are that basketball in the Southwest Conference this season will be pretty much of a closed affair — meaning, the fans are going to have trouble getting into the gymnasiums.

Several of the schools already have announced they will sell tickets only to students.

Reason: "The gyms and field houses won't take care of the students much less outsiders. There are almost twice as many enrolled in the colleges and universities as there are seats around the basketball courts."

Nothing has been said as yet about excluding sports writers and this might be a bad time to even mention it. The athletic officials may start looking with covetous eyes at the press tables.

Take the University of Texas. It has 17,000 students and a gymnasium that handles 7,000. Ed Oile, business manager of athletics, says no basketball tickets will be sold to anyone except a student.

Consider Texas A. & M. DeWear field house holds 3,200. Approximately 9,000 season coupon books already have been sold to students, therefore no tickets will be available to the general public.

Texas Christian University won't have room for but a few outsiders if the old gym is used. However, the school is considering moving its games to another building, apparently Will Rogers memorial coliseum, which takes care of 7,000.

Rice announces tickets will be available in limited numbers although there are 1,500 students and the Houston high school gymnasium, where the games are played, seats only 1,200. Maybe some of those students are not basketball fans, huh.

Arkansas has 2,600 seats and 4,400 students to take them up. The athletic committee will meet tomorrow to decide if the public is to be barred. If it isn't there's bound to be quite a scramble.

Baylor University hasn't yet announced its policy but the fact remains that there are 3,700 students and a gymnasium seating 3,400.

Southern Methodist University already has made a decision. It has a gym taking care of 2,800. Two thousand seats will be set aside for students; the other 800 will go to lettermen, faculty members, members of the athletic committee, parents of players, etc. No help for the public there.

Local Station To Air S'west Tilt At Dallas

Colorful descriptions of two important Southwest Conference football games may be heard this Saturday afternoon on Humble broadcasts to be carried by several Texas radio stations.

First to go on the air will be the SMU-Baylor game at Dallas. This broadcast will begin at 1:30 p.m., with Charlie Jordan anchoring the play-by-play, and Jerry Doggett filling in the color. This broadcast will be carried by stations WRR, Dallas; KFJZ, Fort Worth; WACO, Waco; KTEM, Temple; KNOW, Austin; KABC, San Antonio; KFRO, Longview; KGVV, Greenville; KXYZ, Houston; KFDM, Beaumont; KRBC, Abilene; KGKL, San Angelo; KBST, Big Spring; and KCRS, Midland.

Humble's broadcast of the Rice-TCU game at Houston will begin at 2:20 p.m. Kern Tipl will describe the play-by-play action, and Alec Chesser will give the color highlights of the game. This broadcast will be carried by stations WQAI, San Antonio; WFAA-WBAP, Dallas-Fort Worth; KPRC, Houston; KRIS, Corpus Christi; KRGV, Weslaco; KGNC, Amarillo; and KWFT, Wichita Falls.

Stan Musial Wins 'Most Valuable' Player Award In Nat'l Circuit

NEW YORK, Nov. 22. (AP)—Stanley Frank Musial, stellar first baseman of the world champion St. Louis Cardinals and his league's batting king with a .365 average, today was named the National League's most valuable player in 1946.

In winning baseball's most coveted prize for the second time in his brief four-year major league career, the Donora, Pa., cloutier who only yesterday celebrated his 28th birthday, received the highest total of points ever accorded any player since the present rating was adopted in 1938.

Musial, who also was voted most valuable in 1943 with 267 points, polled a total of 319 points in the balloting by a 24-man committee of the Baseball Writers' Association of America. Three writers from each league city voted.

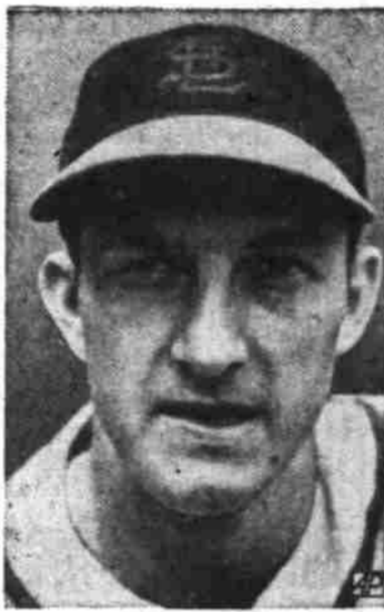

The previous high received by any player was 305, garnered by Jimmy Foxx in 1938 while a member of the Boston Red Sox. The previous National League high was earned by Bucky Walters of the Cincinnati Reds who polled 303 in 1939.

Musial, 10th Redbird to receive most valuable player recognition since the award was instituted in 1912, received 22 of the 24 first place votes to make a runaway race of the balloting. Of the two writers who failed to name him on the first ballot, one placed him second and the other ninth.

Second place went to Brooklyn's Dixie Walker, whose 159 points made him the poorest runner-up in the last nine years.

Outfielder Enos Slaughter and Southpaw Pitcher Howie Pollet, both members of the Cards, were third and fourth respectively.

Rounding out the first 10 were

STAN MUSIAL

Harold Reese, Brooklyn's splendid shortstop, 76; Ed Stanky, scrappy Dodgers second baseman, lead-off man extraordinaire and best base-on balls wrangler in the loop, 67; Del Ennis, hard-hitting outfielder and the Philadelphia Phil's candidate for rookie-of-the-year honors, 61; Harold (Pistol) Pete) Reiser, leading base-stealer and Brooklyn's sterling fly-chaser, 58; and last year's most valuable player, Phil Cavarretta, outfielder-first baseman of the Chicago Cubs, 49.

Texas Runners Win

WACO, Nov. 22. (AP)—Jerald Thompson of Texas University, NCAA two-mile champion, won the Southwest Conference cross country championship yesterday for the second consecutive year, covering the 2.7 mile course in 12:18, the fastest time in the history of the conference.

Texas, with the first four places and no entries finishing lower than 12th in the field of 25, won the team championship.

WHY GET UP NIGHTS DUE TO KIDNEYS?

FLUSH THEM OUT THIS DOCTOR'S WAY

If you get up nights—have frequent desire to pass your water—but have only scanty passages—yes, and have backache, due to excess acidity in the urine, be glad you're reading this:

Three generations ago Dr. Kilmer, a famous doctor, found hundreds of his patients with this trouble. Painstakingly he made a medicine of 16 herbs, roots, vegetables, balsams—Nature's own way to relief. He called it "Swamp-Root" and millions of grateful men and women have taken it—often with amazing results.

Swamp-Root goes right to work to flush out kidneys... increases flow of urine, helping relieve excess acidity... so the irritated bladder gets a good flushing out, too. Many report getting a good night's sleep after the first few doses. Caution: take as directed.

For free trial supply, send to Dept. T, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your druggist.

Pasadena Shoots For Grid Glory In Tilt Tonight

By The Associated Press

Unheralded Pasadena, which knocked over highly-rated Galveston, makes its greatest bid for Texas schoolboy football glory tonight, battling Orange for the District 14 championship.

Pasadena has been quite a sensation its first season in Class AA and can clinch the title of one of the state's toughest districts by gaining no more than a tie with Orange. Thus it would remain among the state's unbeaten teams.

Mineral Wells will be at Breckenridge for a game that vies with the Pasadena-Orange tilt for top spot on the schedule tonight. Breckenridge can win the District 9 championship with a victory. Mineral Wells could do no more than tie for the lead by beating Breckenridge.

Three more district championships go on the block tomorrow and tomorrow night.

El Paso high meets Austin (El Paso) to determine the District 4 crown. El Paso can take it with a victory over Austin; anything else would hand the crown to Ysleta, which has finished its schedule.

Amarillo plays Lubbock at Lubbock for the District 11 championship; a loss by Amarillo would throw the race into a triple tie, a victory would make Amarillo champion.

Adamson (Dallas) meets Forest (Dallas) with the District 8 title in the balance. Adamson needs only a tie; a loss would bring also a three-way deadlock in this race.

Only three games were played in the state last night. Sunset (Dallas) stayed in the District 8 title drive by beating North Dallas 18-0. Jeff Davis (Houston) downed Sam Houston (Houston) 19-6 in an unimportant game in District 13 and Breckenridge (San Antonio) beat Laredo 30-0 in a meaningless tilt in District 15.

Juniors Surprise

SLATON, Nov. 22. (AP)—Pepped up by the wolf calls from the sidelines and a whistling east wind, the underdog junior girls class football team of Slaton high school upset the heavier senior class team 26 to 6 last night in the Powder Bowl, one of the season's first bowl games.

Some 2,000 amused fans watched the well-padded participants in a rough and tumble melee.
