Mr. and Mrs. M. C. Green of Ruidoso, N. M. visited in the home of Mr. and Mrs. M. S. Patton, Thursday.

Young Homemakers Hear WTU Advisor

The Matador Young Homemakers Club members were given interesting and useful "Household Hints," at a meeting Tuesday evening, March 8, in the high school Home Ec department.

Guest speaker was Mrs. Helen Gribble, Home Economist and Home Service Advisor from the West Texas Utilities Company, Childress. Mrs. Gribble reminded the women that taking care of a home and raising a family is still the most important job a woman can have, because that is the "Master Plan" for all time.

Plans were made by the club to conduct an Easter Seal drive this month, and members presented Mrs. Butch Renfro with a surprise shower gift.

Cinnamon rolls, made by the high school homemaking class, were served with coffee, punch, nuts and mints.

Attending were Mesdames Richard Bumpus, Vann Francis, Larry Norris, Dean Turner, Butch Renfro, Donnie Dubois, Ted Green, Howard Quinn, and five new members, Mesdames Stephen Mills, Ronnie Brooks, Carter Luckett, Don Baxter and James Hancock. Mrs. A. L. Fair, sponsor, and guests, Mesdames Gribble, Clifford Martin, Glendell Smith and Kenneth Eisenhower.

Mr. and Mrs. Roy Grundy attended the SMU-Kansas basketball game Saturday night in Lubbock, joining Mr. and Mrs. Bill Seale of Snyder for the event.

Missionary Trip To Tonga Filled With Experiences For Bob Harps

By Jackie Harp

Bob and I left for Tonga on January 17 and traveled through the islands for four days and five nights. Needless to say I was seasick the whole time and took opportunity to leave the ship each time it called at an island.

At "Tin Can Island" we went ashore in a long boat that took us along side a lava rock jetty. The trick is to leap from the boat to the rock when a swell brings you up to the proper level. Of course there are always natives on hand to help and I often felt that I had been treated like a sack of copra, but I arrived safely at each landing, nevertheless.

It was a terribly hot day and we hurried across the burning black sand to a thatched shelter.

Garden Club to Hear Guest from Lubbock

Matador Garden Club, at its meeting Monday, March 21st, will hear a distinguished speaker from Lubbock. She is Mrs. Nat Williams, State Inter-Club Chairman, and Chairman of the Board of Trustees for the Lubbock Memorial Arboretum Foundation.

The meeting will be at the home of Mrs. Tom Spears. All members are urged to attend.

Pupil Presented In Music Recital

Randy Lawson, music pupil of Mrs. Howard Traweck, was presented in an Elementary Piano Recital, Thursday, March 3, in the Lawson residence at Afton. He is the son of Mrs. Jack Lawson and the late Mr. Lawson.

The program beginning at 7:00 p.m. included the following selections: Minuet, (Bach), Allegro, (Mozart) Theme from the Sonata in A (Mozart), Waltz, (Reinhold), Trumpeter's Serenade, (Spindler), Spinning Song, (Ellenrein), Jazz Miniature, (Nevin), and Jazz Allegretto, (Nevin).

Other pupils of Mrs. Traweck, their parents and friends attended.

Waiting for us was a man Bob met on a previous trip. He said he had thought much about the preaching he heard and wanted to be baptized as the Bible teaches, and so we set out on a two mile walk to the lake that fills the crater of the island volcano.

It was like walking on another planet hiking across the immense black lava flow that drew the heat of the sun like a sponge. Half way we found shelter in a grove and drank deeply of freshly cut coconuts and rested in the shade of a large mango tree. We walked on to the rim of the crater, where I had planned to rest while the others descended into the bowl and to the lake. Gregory and Masu wouldn't allow it. They feared for my safety and confided there were some "bad men" on the island.

Masiu's family was prepared for our arrival and put before us a good lunch of raw fish, pigeon, yam, taro and coconut milk. I have really grown these two years and can look a fish right in the eye now as I eat him. However, it can eat the little birds that are cooked with their heads and feet intact.

Our visit in the lazy little town was all too short and before we knew it we were at the ship's rail waving good-bye. That night we had to sleep on the deck and to add to our discomfort it rained and the air turned cool as we approached Tonga. I wrapped up in a lava-lava and stepping over sleeping bodies, wandered about the ship in search of a dry place to sleep, which I found just as the sky was showing streaks of pink morning light. It was the longest night at sea.

Tonga Tapu (sacred Tonga) is long and flat and the pine trees that tower over the Royal Palace can be seen while one is still at sea. It was a regal and well-kept sight as we entered the harbor in the wind and rain.

The people of Tonga were all dressed in black with large, ragged mats tied about their waists. This is the clothing required for mourning the late Queen Saloti and the period lasts for six months.

While we awaited our turn to take the launch an interesting thing happened. People began pinching me!!! I took it rather good naturedly at first and then I pinched one lady back, which

brought a gale of laughter from the crowd. They thought it was funny and so did Bob, but I finally convinced him I'd had enough and he hired a man to take us to the ship for \$1.00. It was an expensive ride for the short distance, but I was happy to escape my tormentors.

Later the captain said I was one of the few white women to ever visit the island and the people were showing their admiration. We all like to be admired, but this was really different.

The third island stop was Vava'u which is approached through a long channel decked on each side by lovely islands of all shapes and sizes. They float like gems set in beaches of gold on placid blue waters as far as the eye can see.

People ran along the beaches and waved a welcome as we approached the harbor.

Masiu's family was prepared for our arrival and put before us a good lunch of raw fish, pigeon, yam, taro and coconut milk. I have really grown these two years and can look a fish right in the eye now as I eat him. However, it can eat the little birds that are cooked with their heads and feet intact.

COUNTY AGENT PALLMEYER SAYS:

Ranchers are cautioned to watch out for oak poisoning this spring. The buds and young tender leaves popping out in March and April can be fatal, as they contain tannic acid compounds, which in large quantities can poison livestock.

Normally, animals are hunting something green, and when grass is short, or late to green up, trouble generally appears. Symptoms are listlessness and loss of appetite. The haircoat becomes rough and constipation develops. Affected animals tend to stay close to water, and drink frequently, but only in small quantities.

Before treatment, a veterinarian should be consulted. Research indicates a daily supplement feed containing hydrated lime will lower cattle losses from oak poisoning.

It has been several years since we have had heavy losses in the county, but who can afford even light losses?

AI Bourland Rites From Out Of Town

Many friends and relatives from out of town attended funeral services at Flomet for Mrs. F. S. Bourland, Feb. 25, and accompanied the body to Matador for burial in East Mound Cemetery.

the same manner as dry fertilizer. Some advantages of liquid fertilizer are ease of handling and accuracy in application. It is also easy to mix with many herbicides, fumigants and insecticides.

Disadvantages of liquids are that they require special application equipment and storage facilities, and some nitrogen solutions must be handled under pressure. Temperature variations may cause the dissolved solids to "salt out", resulting in clogging of storage facilities and application equipment. Before deciding which material to use, be sure to compare price of actual nutrients as well as how each method of application will fit your situation.

Demonstrations on Beef Cattle Business Management, Soil, Water, and Range Conservation, Vegetable Production, Safety, Clothing, Foods, Forestry and Public Speaking will be presented in the County contests held at 7:30 p.m. Monday March 21st at the Matador High School auditorium, in addition to talent in the Share-the-Fun contest. The general public is invited to attend this program which will determine district entries.

Why not take a look at your home? I am sure that you don't want your family to make the headlines this way.

Research shows liquid fertilizers compared to solid, dry fertilizers give comparable results when the same rates of plant nutrients are used.

Liquid fertilizers can be applied as individual materials or as mixtures of one or more of the plant nutrients. Most liquid, mixed fertilizers contain two primary elements, nitrogen and phosphorus, but may contain potash. Producers should keep in mind that it requires the same number of pounds of nitrogen, phosphorus and potash from liquid sources to produce a given yield, as required from dry fertilizers.

Where conditions permit, liquid fertilizer should be applied in bands below the surface in

Spring Blossoms With Activities

by Karen Elliott
 With only ten more weeks of school remaining in the 1965-66 term, activities in Matador High School have reached a torrid pace.

Students will be pleased to note, however, that their spring will be filled with fun as well as tests.

March 22 all high school students will be invited to enjoy the Sweetheart Banquet, given by the Woman's Missionary Union at the First Baptist Church. It will be a delightful opportunity to relax and recuperate from two days of Iowa Tests to be taken March 17-18.

The junior play, "Spooks and Spasms," is slated for March 25. The one act play, "A Trysting Place," will also be presented to the public and the high school students at a date indefinite at present before district competition in Jayton, March 31.

This year District 6-B has been enlarged for the spring UIL activities to include Jayton, McAdoo, Roaring Springs and Guthrie. The new district is now 7-B.

Matador will participate in all UIL sports including volleyball, track and field, tennis and golf. This is Matador's first year to enter golf competition. Earl Byerley is now coaching several boys in preparation for district competition March 30 on the Floydada green.

Volleyball teams will compete in Turkey, April 1 to determine a winning boys and girls team for the northern half of the district. The winning teams will vie with top teams from the southern portion of the district in Matador, April 14 for first in the district.

T.F. EVENTS AT JAYTON

Track and field events will be on Jayton's new \$50,000 field April 6-7, and winners will advance to the regional meet in Lubbock, April 22-23.

District tennis players and fans will converge on Turkey on April 15, for both boys and girls matches. Winners will represent District 7-B, one of the toughest in the state in tennis, in the regional matches in Lubbock, April 20.

Date for UIL speaking events is April 12 in Matador. All literary events will also be in Matador on April 15.

The senior play on April 29 in the high school auditorium will climax the year, leaving only classes, tests and graduation to occupy the remaining three weeks. The 1966 senior class has not chosen a play at present.

"The Branding Iron" by Karen Elliott

All Matador High School students were deeply impressed with "Operation Teenager," presented by four prison inmates, March 9. In a discussion in Texas History class, Pat Day said "I

think the program will be beneficial to those who heard it because one is inclined to listen if someone has had a personal experience." Pat made the statement when Charles Johnson, the teacher, asked students what they thought about the usefulness of such a program.

Mrs. Timmons' P. E. girls are really enjoying P. E. since volleyball started. The six teams of girls battle each other twice a week in mock tournament action. Mrs. Timmons also coaches U. I. L. volleyball and will take a girls team to Turkey, April 1, for district preliminaries.

Last week five boys gave the first in a series of reports for health class. The following boys presented reports on safety: School safety, Terry Keltz; traffic safety, Ronnie Cox; bicycle safety, Max Barton; P. E. safety, Luis Moore; and farm safety, Aaron Timmons.

Two Boys Place At Idalou Meet

Matador track and field team took only two placings in the Wildcat Relays Saturday, March 5, in Idalou. Coach Myers was pleased, however, as times of all the boys were greatly improved over the marks set at the practice meet in Turkey a week earlier.

Luis Moore ran the 440 yard dash in 55.6 to take third place in the Class A and B division.

Ronnie Cox placed sixth in the shot event by hurling the twelve pound ball 43'3". Cox's throw, however, topped the 43'1" toss of Floydada's Murry, winner of the weight title in the Class AA division.

Pete Richardson also qualified for the finals in the 100 yard dash by winning his heat in the morning eliminations. In the afternoon finals, Richardson had trouble on the take off and came out of the blocks too early, thus disqualifying himself. His 10.3 clocking in the preliminaries was only .1 of a second from the winning 10.2 in the Class A and B division.

'Doughs Present Lubbock Shows

The Sourdough Singers, popular folk singing group, made two appearances in Lubbock, Tuesday night, March 8.

The group provided the entertainment at a banquet given by Fields and Company in the Lubbock Country Club early in the evening. They presented twenty minutes of their favorite selections and were called back for an encore.

The busy entertainers quickly moved to Texas Tech for a second appearance at a hootenanny. The Coronado Room of the Tech Student Union was the scene of the hootenanny, which featured several other area entertainers as well as the Sourdoughs.

Sourdoughs participating were Janie Killingsworth and Judy Gwinn of Matador, Kathy Kilgore of Monterey High School in Lubbock and Richard Campbell, Gary Campbell, Patsy Hankins, Jim Adams and Nancy Tra-week of Texas Tech.

Senior Spotlight

by Janie Killingsworth

Sandra Annette Sandefur, daughter of Mr. and Mrs. Bob Mitchell, was born in Matador, March 29, 1948.

Sandra, a personable and popular senior, was chosen Football Queen by her fellow students this fall.

She says one of the honors she has particularly enjoyed was serving as drum majorette for the Matador Drum and Bugle Corps. This is Sandra's seventh year in the corps and her third consecutive year as drum majorette.

Although she has been an active participant in all Matador High School organizations, she has spent much of her time as a leader. This year Sandra headed the Pep Club and was second vice president of the Future Homemakers of America, both of which she has been a member for four years.

Sandra loves English, dancing and collecting records. Although her immediate plans include marriage in June, she plans to attend business college in Amarillo.

Chapter To Back Dist. Sweetheart

The Matador Chapter of the Future Farmers of America met March 9, in the Ag Building to discuss ideas for publicizing their sweetheart, Olivia Campbell.

The chapter voted to print and distribute small cards bearing their sweetheart's picture, the name of the chapter and name of the Plainview District which she represents.

Miss Campbell will compete May 2, in Lubbock with five other girls for the title of Area 1 Sweetheart.

The boys also saw a film on the fundamentals of baseball. The film was prepared at spring training for the St. Louis Cardinals.

Basketball Teams Choose New Suits

Boys' and girls' basketball teams both ordered new uniforms recently.

Each team chose a solid red suit with black and white trim down the side and at the shoulder. "Matador" will be written across the back of the boys' jerseys and the girls' sleeveless blouses.

1965 Graduates On Dean's List

by Karen Elliott

Five 1965 Matador High School graduates have received recognition for outstanding achievement in their respective colleges and universities and have been placed on the Dean's Honor List by their school.

To be eligible for the Dean's List a student must be enrolled in at least twelve semester hours and make a grade point score of at least 3.00 in most Texas institutions. There are several exceptions, however. Austin College, Sherman, sets 3.25 as the minimum requirement for the Dean's List. The point score is computed by dividing the total number of semester hour points by the number of semester hours for which grades were received by a student.

Tim Green, a student at South Plains College, Levelland, made the Dean's Honor List for the fall semester with a 3.22 grade point average. A freshman student, he is majoring in math and is the son of Mr. and Mrs. L. B. Green. Tim is an active part of SPC and is starting third baseman for the Texans as well being an honor student.

Nancy Travecek, daughter of Mr. and Mrs. Howard Travecek, was placed on the Dean's List at Austin College, for the fall semester. Miss Travecek, a pre-medicine major now attending Texas Tech, had a 3.57 grade average which was well above the minimum 3.25 requirement.

Linda Tilson and Tommie Green, both Texas Tech freshmen, were named to the Dean's List at Tech. Miss Tilson, a home economics major and the daughter of Mr. and Mrs. W. R. Tilson, had a 3.25 grade average. Tommie, the son of Mr. and Mrs. Jack Green, is majoring in veterinary medicine. He made the list with a 3.07 average.

Tim Sturdivant, a student at the University of Texas, Austin, is working on a double major in math and physics. Because enrollment has jumped to a staggering twenty-eight thousand plus, the University no longer compiles an honor list. Tim, however, made three A's and a B and is now a sophomore as a result of advance placement tests. Tim is the son of Mr. and Mrs. J. P. Sturdivant.

SECOND graders greatly appreciated the parents who visited their room Tuesday and Wednesday, during Public School Week. Visitors included Mr. and Mrs. Doyle Riddle and Mesdames Marvin Dake, Doyle Rose, Roy Grundy, Wayland Moore, Howard Reeves, James Price, Howard Gwinn, and Charles Johnson. Several fathers and grandfathers of the students also visited during Lions' visitation day Tuesday.

In observance of Texas Public Schools Week, THIRD graders decorated their room to represent life in Texas. Two of the outstanding decorations were Will Pallmeyer's salt map of Texas and Barry Meffert's drawing of the Alamo.

Friday, March 11, the FOURTH graders had a demonstration on electricity presented by Freddie Welling and James Price. The students also tried several experiments on their own.

FIFTH graders have been receiving letters from students in several different states. The students wrote to fifth graders in towns approximately the size of Matador to begin the correspondence.

Best citizens of the week in the FIFTH grade were Renae Welch and Ronnie Elliott.

Mrs. Charles Johnson did substitute teaching for Mrs. J. E. Edwards, EIGHTH grade home room teacher, who is home recuperating from minor surgery.

'Doughs Present Lubbock Shows

The Sourdough Singers, popular folk singing group, made two appearances in Lubbock, Tuesday night, March 8.

The group provided the entertainment at a banquet given by Fields and Company in the Lubbock Country Club early in the evening. They presented twenty minutes of their favorite selections and were called back for an encore.

The busy entertainers quickly moved to Texas Tech for a second appearance at a hootenanny. The Coronado Room of the Tech Student Union was the scene of the hootenanny, which featured several other area entertainers as well as the Sourdoughs.

Sourdoughs participating were Janie Killingsworth and Judy Gwinn of Matador, Kathy Kilgore of Monterey High School in Lubbock and Richard Campbell, Gary Campbell, Patsy Hankins, Jim Adams and Nancy Tra-week of Texas Tech.

Any car that looks like this is unfair to organized competition.

And if Wide-Track styling doesn't prove it for you, take a look at the way we're outselling all but two makes for the sixth straight year. Or take a look inside one of our 40 Pontiacs. IN APPRECIATION

The cards, letters and visits, and other messages while I was in Stanley Hospital at Matador, were appreciated very much, and especially to Dr. Stanley and his staff. I wish to express my thanks. I am home now and doing very well. May God bless you.

Addie Bolton, Quitaque, Texas

IN APPRECIATION

Your expressions of friendship while I was in Stanley Hospital, were appreciated very much. Special thanks to each and every one, and for food brought to our home. May God bless each of you.

Mrs. E. H. Gafford and Husband

CARD OF THANKS

For every expression of sympathy extended us during our time of grief, we wish to convey our heartfelt appreciation. So many thoughtful deeds were performed for us that we will never be able to repay all of you. The cards, visits, flowers, beautiful memorial service, and the presence of friends and relatives were so much consolation, and it is with deepest gratitude that we say, may God's richest blessings be on each of you.

 The L. E. Shorter Family
 The Bruce Martin Family (1)

IN APPRECIATION

I wish to take this method of thanking each of you who remembered me with cards, visits and flowers during my recent hospitalization. Your friendship was treasured very much and I want you to know of my heartfelt appreciation.

Mrs. Clovis Murphy

WE APPRECIATE

All our friends for the visits, cards and kind deeds during my recent stay in the hospital and since my return home. Your concern will long be remembered.

W. E. Burleson and Family

THANKS TO FRIENDS

Words cannot express our gratitude to all of you who have come to our assistance since my health has been impaired. To those who plowed our land and tilled our fields, and helped in so many other ways, we will always be indebted. May we take this method of saying that our appreciation is immeasurable, and we thank God for friends and neighbors such as you.

Boyd Perkins and family

IN APPRECIATION

I want to express my appreciation for all the cards, flowers and visits of friends during my hospitalization and since returning home, and to thank each of you who remembered me in any way.

Mrs. W. H. Rigby (1)

CARD OF THANKS

Your many acts of loving thoughtfulness in our time of sorrow will remain with us as precious memories. The food prepared and served for us, the beautiful flowers, your messages of comfort and kind deeds were a source to us. We wish all of you to know of our deep appreciation.
