Issue Number 32

Back To School Schedule

After a longer than usual summer vacation, school will soon begin for Motley County students.

Kindergarten

Due to recent legislation and its implementation by the State Board of Education, Kindergarten will be held for a full day for the full school year.

Kindergarten registration will be held on August 30, at 1:30 p.m. in the Vocational Ag classroom at the High School. Parents are requested to meet with Donna Hoyle, and to bring copies of birth certificates and immunization records to that meeting.

The following materials will be needed by the Kindergarten students for the first day of school: 1 box of 8 crayons; 1 pair of blunt scissors (right or left); 1 package of assorted colored construction paper; 2 No. 2 soft pencils; 2 boxes of Kleenex; 1 box of water colors; 1 school box; 1 package of Manila paper; 1 towel and 1 pink eraser.

For planning purposes, the school also needs the names of any children in the district who will be 4 years of age on

September 1, 1985. Please furnish the child's full name, birth date, and parent's name and address to the principal's office at any time before August 23.

Athletes and Physicals

The first to begin in earnest will be those who will play for the Motley County football teams this season. High School football players were to pick up their equipment on August 7th. Physicals for all Jr. High and High School boys wishing to participate in athletics this year will begin at 4:00 p.m. at the Clinic on August 13. (Grades 6-12).

New Students

Any students new to the district should report to the High School on August 26 or August 27 to be enrolled so that records can be requested from their prior school. Their shot records, birth certificate, and last year's report cards should be brought with them as they register.

Teachers and Students To Report

Teachers will report on August 29 and 30 for workdays to prepare for school. Registration

of High School and Kindergarten students will be held on August 30 as follows: Seniors at 1:00 p.m.; Juniors at 2:00 p.m.; Freshmen and Sophomores at 3:00 p.m. Registration of grades 1-8 will be held on the first day of school.

First Day of School

The first day of school will start at 9:00 a.m. on September 3, 1985. (September 2 is a holiday). Buses will run their regular routes but will unload ALL students at the old grade school building. All High School and Junior High students will report to their regular first period classes while Kindergarten through grade six will report to the Gym. An assembly will be held at 9:00 a.m. to introduce new faculty members and to review school policies. Parents are welcome to attend this assembly. After the assembly, students will report to their regular first hour classrooms where grades 1-8 will register. Kindergarten and grades one and two will be bused to their classes while all others will walk.

The lunchroom will be open on the first day of school this year.

Battle Of The Clubs

Slated For Tonight

The Lions Club and the GFWC Eternas Study Club will compete in a Softball Game on Thursday, August 8. The Concession stand will open at 6:00 p.m. and the

game begins at 7:00 p.m. Hamburgers and homemade ice cream will be available. Also the

Lions Club Community Calendar will be for sale.

The following will be team members: **Lions Club:** Haden Moore, Ron Cummings, Greer Willis, Frank Price, Johnny Stephens, Eddie Marcum, Jessie Turner, Ronnie Davis, Billy Wason and Shawna Campbell.

The **Eternas Club** members will be: Kelli Jackson, Renee Meyer, Shane Jones, Bobbie Brown, Franye Bingham, Wanda Kilmer, Reneigh Burns, Bettye Stephens, Jan Azevedo, Dee Van Eaton, Kathy Marcum, Pam Francis, Noilene Bowden, Gaylynn Holt and Wilda Dixon.

Tribune Announces New Fall Subscription Rates

The Matador Tribune announces new fall subscription rates which will be effective September 1, 1985.

Subscribers in Motley and adjoining counties will pay \$12.00 for 12 months. Subscribers elsewhere in Texas will pay \$13.00 for 12 months. All out of state subscribers will pay \$14.00 for 1 year.

Subscribers over 65 years of age may deduct \$1.00 off any yearly subscription.

These rates are still a savings as compared to 52 issues bought out of the newsstand at 30¢ each which in a year's time would be \$15.60.

Our new rates are well in line with many of the area newspapers and still below many. Our cost to print and mail the paper is partially responsible for this increase. Hopefully it will be the last one for a long time.

Junior Rodeo

Winners List

By Ray Minkley
County Extension Agent

First of all, we would like to thank everyone that helped with the Rodeo, Dance, Queens Contest and concession stand. Without the help of everyone of these people we could not do many of the things we do in 4-H each year. Many of them worked long days and late nights making it a success. We also thank each person that attended or entered, and to those businesses and individuals that donated award buckles.

This years Rodeo events were entered by a record number of contestants. Many of them from Motley County.

Cooper Comes Home To Teach Ag

Mr. Jim Cooper

Last week we introduced you to some of the new faces at Motley County School. Here is another one for you to "welcome home".

Jim Cooper, son of Mr. and Mrs. J. B. Cooper, has returned to Matador to be the Vocational Agriculture teacher. Mr. Bill Moss

retired from this position at the end of school last year. Mrs. Ivy Cooper of Matador and Mrs. B.H. Hughes of Spur are Jim's grandmothers.

Jim graduated from Motley County High School in 1977 and from Texas Tech in 1982. He has taught 3 years in the Spade High School of Spade, Texas.

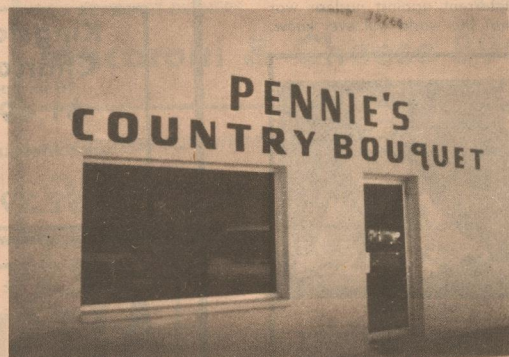

Jim is married to Judy who is a native of Lazbuddie and a graduate of Angelo State University in San Angelo, Texas. She graduated in 1982. Judy

was coach and a science teacher in the Spade school for 2 years. The Coopers have one son, Clinton, who is 8 months old.

Introducing Three New Businesses In Our Area

CIRCLE G BBQ is now open just West of Dickens. Sitting high atop a hill, the large dining room with country flair is most comfortable and cool. Barbequed beef, ham, sausage and bolagna are just some of the delicious items served. Owner Guy Goen is generous with his servings of the meat as well as the cole slaw, potato salad, red beans and more.

PENNIE'S COUNTRY BOUQUET is a new business located in the old Post Office Building in Matador. Pennie Keltz, owner, plans to expand from the floral business into other unique items. This business is the result of a fire which destroyed Pennie's other venture - Matador Floral.

GUYS & GALS is Matador's new department store located on Main Street. Owner DiAnn Campbell is striving to feature clothing for the entire family - from baby to Dad. Go in and browse around and see what's new in Matador.

Jo Ann's

Jots & Jingles

One would almost think it is Spring in Matador instead of mid-summer. Freshness is "busting out all over."

Guys and Gals brightened that block of downtown very noticeably. **Billy's Grocery** had already painted the side of his building. The hotel building has fresh painted trim. **Don's Conoco** looks as if it is already celebrating the Texas Susquecentennial with its bright red and white. **Pennie's Country Bouquet** adds beauty and glamour in her block. (I overheard **Stanley Pharmacy** may be getting some new signs, too).

We also observed that the **Fire Department** has been talking to the sign painter, too. Even the block of empty stores has put some paper over the windows and that small gesture is an improvement.

All this is another case in point that Matador is not a dying West Texas town!

Gene Watts, the painter, came to town And before he could put his paint down People were asking him to come And brighten their store fronts some.

He lettered "Matador Tribune" in front of the door. He painted "Guys and Gals" as if he'd done it before. "Pennie's Country Bouquet" is pretty to see. It really suits her to a "T". We're glad this man came our way. He's brightened Matador, wouldn't you say?

Mini-Thoughts On Theology

by Pearl Alexander

"This people say, The time is not come...that the Lord's house should be built." Haggai 1:2

Fourteen years had passed since work had ceased on the Temple. The people had many excuses as to why they couldn't resume building. Opposition from the Samaritans, their own poverty, bad harvest and long work hours.

Haggai said to consider your ways. Why do you have bad harvest? Why are you never

satisfied? Why aren't your wages meeting your needs? How can you expect comfort when God's house lies in ruins?

Many today are like those people, seeking only their own good and comfort when they need to be active in God's work. "Seek you first the kingdom of God and His righteousness and all these things shall be added unto you" (Matthew 6:33) still holds good today. Are you seeking Him first?

Library Notes

By Beverly Darsey, Librarian

Memorials received recently: In memory of Mel Varnell given by Mr. and Mrs. Bob Kilmer; in memory of Mel Varnell given by Mr. and Mrs. Ralph Dillow. We appreciate these gifts to the Library.

We also thank Mrs. L. M. Miller and Mrs. Jesse Turner for gifts of cash, and Kenneth Baker for donated books.

Last week's volunteers in the Library were Loys Campbell, Jenifer Davis, Roy Moreno, and Adriano Moreno. We appreciate the time and work given by these helpers.

July Statistics

July was the busiest month so far in Motley County Library for the year of 1985. A total of 1189 books were checked out (460 adult; 111 youth; 618 children). Nine films were shown to 125 viewers. Twenty-five filmstrips were shown to 85 viewers.

Sixteen interlibrary loan requests were filled through the Interlibrary Loan computer network. Of the 212 reference questions asked, 200 were filled by local staff members: Joan Patton, Christine Guerrero, and Beverly Darsey.

The Library's computer saw much public use this month with 186 users totaling 74 1/2 hours. The collection now was 7672 cataloged books in addition to

1500 uncataloged paperbacks and numerous periodicals. As shelf space is limited, we are having to store donated used books in another building until they can be sorted and cataloged for use. If you wish to donate used books, please make arrangements with library personnel to take them directly to the storage area.

The Library will be closed 3 days during this month: August 22 (Old Settlers), August 30, and August 31.

In My Opinion

by Jo Ann Dickson
Lest We Forget

For several days the news headlines have been the 40th anniversary of the dropping of the atomic bomb on Hiroshima. A frightening, devastating, horrible event!

But "lest we forget", the Japanese without any provocation bombed Pearl Harbor unmercifully. Those of us who had husbands and loved ones in the Pacific dreaded to look at a newspaper or turn on the radio because of the accounts of Japanese torture, starvation, and devious traps set for American troops. World War II brought to the world accounts of man's inhumanity to man as never before inflicted by both the Germans and the Japanese.

History has revealed to us that Japan was preparing even women and children to fight American troops when mainland Japan would be invaded. Children learned to identify American planes. Women were armed with bamboo spears. It is a fact that Japan had 10,000 suicide planes and men. They planned to send 1000 planes a day for 10 days to "kamikaze" our ships - especially targeted would be troop ships.

Yes, Hiroshima was a black day in history but what would have been the death toll if we had not dropped the bomb? I also believe the bombing of Hiroshima is the greatest deterrent against nuclear war that the world will ever know.

Recent Caribbean Cruise Made By Local Couple

Mr. and Mrs. Bill McCaghren returned home last Thursday from a Caribbean cruise with their daughter and son-in-law Dr. and Mrs. D. R. Scott of Shreveport, La. Leaving their car at the Scotts' home, they flew to Miami, Fla., where they were conducted aboard the "TSS Carnivale" of Carnival Cruise Lines.

Two days were spent in Nassau, the capital of the Bahamas, where a tour took them to historic places such as Fort Charlotte and the emerald beach hotels, Fort Fincastle, built in 1793, with a spectacular view from the water tower, the highest point on the island, and the famous "Queen's Staircase", 66 stone steps built in honor of Queen Victoria. Their tour over the island took them through an abundance of undergrowth and mimosa trees which had bright orange blossoms instead of pink ones as in this country.

"We drove along the coastline to the famed cable beach resort area. The beach and water here are some of the most beautiful in the world," Mrs. McCaghren described the area. "A calypso band furnished music for our enjoyment and a lunch, Bahamian style was served."

Bulletins were left in the cabins, telling of the activities for each day on board ship. Entertainment included jackpot bingo, a professional dance team, a game of horse racing, aerobic classes, golf driving, and the casino among other features.

"The cruise director, Gary Hunter, was a pro who rivaled Edgar Burgen with his old man and old woman dummy act. There was a limbo dance contest

among the passengers, topped off with a limbo professional from the Bahamas, who was outstanding, and a magician who was very entertaining," the McCaghrens noted.

One of the highlights of the cruise for the McCaghrens and Scotts, was an invitation to dine at the Captain's table. "The waiters were from the different islands, making his table the focal point in the dining room. One of their methods of entertainment was a Caribbean dance to calypso music while balancing floating trays on their heads. Each tray held a cake centered with a burning candle. At the conclusion of their dance, the waiters circled the captain's table, where one of them called 'Happy' place his tray on Bill's head, trying to move his shoulders to the rhythm of the music."

The plane trip from Shreveport and return via Memphis, and during their waiting time there, enroute to Miami, they were met by an evangelist friend of Dr. Scott's who escorted them to the Crown Room, where he was a member, and where they were treated to free drinks, TV "and all the comforts of home."

After their return to Shreveport on Monday, the McCaghrens began their drive home, stopping Tuesday for a short visit in Grapeland with Mr. and Mrs. J. L. Woodruff, formerly of Matador, and spending the night in Palestine with their granddaughter and her family. They spent Wednesday night in Dallas, continuing home on Thursday.

Main Street USA This Saturday In Lockney

Everyone is invited to come to Lockney on Saturday, August 10, to enjoy the Main Street USA festivities, an event sponsored yearly by the Chamber of Commerce.

Merchants will have special sidewalk sales throughout the day, and a big program of entertainment will begin on downtown Main Street at 4 p.m. Some seating will be available but persons attending are asked to bring lawn chairs.

Chamber member merchants will be giving away merchandise in connection with the event. Persons may register in the various businesses. Drawings will be conducted between acts of the entertainment program, and persons whose names are drawn must be present to win.

Featured on the program will

be Panhandle Ramblers composed of Gary Williams of Kress, Jack Thompson and O.B. Barnes of Tulia, and Dowell Brewer and Louis Ray Stapp of Lockney. Also performing will be Lisa Mosley, Jennifer Fortenberry and Mary Lindsey Poole, Terry Keltz, Allison Mangold, Jack Gregory of Floydada, Gwen Lane, Randall Robbins and Robert Redden, and gospel singers Los Miracles de Cristo of Hale Center.

About 8:30 p.m. Westwind band will begin playing. Member of the band are Keith Owens of Lockney, Brian Sanders, Tim Burns and Roger Allredge of Floydada and Russell Bingham of Silverton.

Anyone may set up a booth on Saturday in the downtown area.

Jim Potts Accepts California Position

Jim Potts, son of Mr. and Mrs. Frank Potts, has accepted a position with Composites Horizons Inc. of Covina, California, as a mechanical

engineer. This firm designs and manufactures parts for the aircraft and medical industries. Jim, a 1984 graduate of Texas Tech, is living in Brea, California.

1986 Voter Slogan Contest

The Federal Voting Assistance Program, Office of the Secretary of Defense, is launching a 1986 Voter Slogan Contest to increase voter awareness and participation by servicemen, their families, and all United States Citizens overseas.

Anyone may submit as many entries as they wish, and we would encourage you to enter.

The winning slogan will be an integral part of the 1986 media campaign to increase voter awareness among all United States citizens. The winning slogan, selected by a panel of judges, will appear on posters, voter manuals, publications and other media materials.

The originator of the winning slogan will receive a certificate of recognition from the Secretary of Defense. A second place finisher and honorable mentions

will also receive special recognition. The group with the highest percentage of individual participation will also receive special recognition.

This contest is being conducted throughout the United States so let's make a name for Matador and for Texas.

Those wishing to participate in the contest should send any slogans or art work (although the art work is not necessary for consideration) to: **Federal Voting Assistance Program, Office of the Secretary of Defense, Room 1B457, The Pentagon, Washington, D. C. 20301.**

Please include your full name, and mailing address with all entries.

All entries must be submitted on or before September 6, 1985.

Mr. and Mrs. Glen Woodruff are vacationing at their home in Ruidoso, N.M.

Attend Reunion

Mrs. Orville Lee and her mother, Mrs. S. W. Skinner of Quitaque returned home, Sunday from a trip that included attending a family reunion of the descendants of Edward Tiffin and Ann Graves held in Red Bay, Alabama. They also enjoyed touring the Corinth National Cemetery in Mississippi and the tourist attractions in Memphis, Tennessee.

Friend Visits

Billy Sharp of Dallas, long time friend of Elgie and Roger Evans visited in their home this week.

Burpless cucumber weighing 4 lbs. and 9 oz. is a lot to boast about. Mr. Nelson McMahan is the fine gardener involved here. (Holly Tippin helped to display the size).

In The Rough

By Hazei

Bingle - Bangle - Bungle

Those who played Thursday were Geneva, Leona, La Voe, Loys, two from Lubbock, Ramona Hoffman and Jean Keeling (they are spending most of the summer at the camp ground and we are glad to have them play with us), Dorothy D., Louise, Olivia, Hazel, Winifred and Marion.

Louise won the ball with 24 points in play --- and Geneva was second with 19 points.

James served his usual good, enjoyable lunch. So great to get to enjoy a delicious meal after play --- 'twas a 7 layer salad, Mexican cornbread and Angel Food cake with orange, pineapple and Cool Whip filling ... Delicious!

SATURDAY and SUNDAY, Paducah CC hosted a Guys and Dolls tournament. Twenty-two teams entered, including three local teams - - Loys and Joe Campbell, Louise and Alfred Barton and Geneva Wilson and Jack Goodson.

Saturday night all players enjoyed supper at the club. Food, prepared by the members included steak, potatoes and beans.

Louise and Alfred won second place in championship flight (133), while Geneva and Jake won second in first flight (142). Loys and Joe made the championship flight ... and they all enjoyed the tournament and had fun.

Flashbacks Of A Spectator

by Marisue Potts

A crumpled ticket in the dust; someone's lost dream of winning a golden filly? A smashed can by the sagebrush; it was hot, wasn't it? The hilltop where Walter sliced his juicy brisket; coyotes sniff while cattle graze peacefully in the background. One last walk down the deserted arena; The Burleson Memorial Roping is put to bed for another year, but the memories will last.

A 3 1/2 inch rain kicked off the three day event, but cowboys (who never let the weather, sand, blizzard, or rain, slow them down) said it just improved the sandy footing and cooled things off for a while.

Although it is always a thrill to see the well-trained spirited horses and witness the coordination and skill that a successful header or heeler uses in roping, the interest for me was in the young, just learning, riders. For some it was a beginning of this odd relationship of horse and man. There was five year old Wade Arrington whose gentle horse walked the last leg of the flag race, commenting at the gate, "I was really whupping him up, wasn't I, grandmother!" And so it must have seemed to so young a rider on such a tall horse.

Sometimes the competition wasn't between the kids so much as between the horse and rider. Little Molly Bomar didn't set the world's record in the barrel race, but she did finally get her horse to go around the barrel, and she brought him home, a triumph in itself.

A teen-age rider from Plainview got up at 4:30 to come to Flomot to compete, while her friend, Lisa Luna and family, in the rodeo tradition, drove

straight through from another event. The extra effort they put into their hobby made each of them winners, with or without the buckles, ribbons, or trophies they took home.

And the activities didn't stop in the arena. There were hills to climb, gates to open, baby owls to find, colts to rope, washers to pitch, and bareback rides to share with friends.

Pride swelled within me to see the family teams ride out, pause to plan their strategy, then go after their cut of the steers. Whether or not the goal of penning the calves was reached seemed of little consequence, the importance seemed to lie in working together, of being a unit against an adversary.

There was the Trail Doc who dispensed lemonade to the cowboys, saying it was better to prevent sunstroke rather than treat it. For two days he patiently waited, hoping for nothing to treat, but ready for any emergency. Then when a cowboy lost his thumbnail dallying in the final open pasture roping event, being a cowboy, he wouldn't even let the doc look at it. Guess cowboys have to be unconscious to receive first aid.

With the Quitaque Peaks looming in the west, it was a good time to be in the sandhills, a good time to be with friends and family. Though it was a memorial, accentuating rather than alleviating the loss of those so honored, the emphasis was on the living, young and old. As one winning roper whose wife drove into the night to make the roping said, "It's good to be home. You try harder at home."

61 Years Behind A Barber Chair

By Emmett B. Jenkins

First, I was extremely interested in the trade. As a teenager I would come to town on Saturday afternoon and go to the City Barber Shop and watch the barbers work. What fascinated me most was how they could take a razor and shave the beard without cutting the face.

Second, being a farm boy and working on the farm was a lot different to what it is now.

The cotton sack, the hoe and the "down row" made my determination stronger to get away from it. I hated the work.

After picking cotton all the fall of 1923 and saving my money, I had a little over one hundred dollars. On December 26, 1923, my dad drove me in his 1917 Buick touring car to Roaring Springs to take the train to Wichita Falls. Being a country boy, I was plain scared when I reached the big city.

On December 27, I enrolled at a small barber college on 7th and Ohio St. There were thirteen chairs and one lavatory to serve the thirteen students.

I soon made friends but I was terribly lonely and homesick. On Sunday afternoon I would go to the depot and watch passengers, hoping I would see some one I knew.

On March 17th, after two and one half months in school I took a job in Burkburnett, Tx. After staying there until November 1925, I came back to Matador. In the spring of 1926 I took a job in the City Barber Shop that was located in the north side of where Billy's Grocery now is.

Pat Sheridan, Orville Dirickson, Warren Clements, Henry Pipkin and I were the barbers. They are all deceased. I look back on those times and feel sad since I am the "last leaf on the tree."

The first few years I used hand clippers. Then came the electric clippers. I bought a Racine Clipper with the motor on a stand and a cable like a speedometer cable on a car, attached to the clipper head. My dad thought I was "squandering my money."

We did not have electric fans in the shop and, of course, there was no air-conditioning. The temperature was often 100 degrees and more. We would be trying to cut hair with the perspiration streaming down. We would dust them with powder so the clippers would slide.

After working under such unpleasant conditions, I decided to go to Colorado to barber in the summer. In 1927 I drove to

Canon City, Colorado and applied for a job, telling him I was from Texas. He inquired about my barber license. I did not have a license since it was not required in Texas. So that was the end of my dream in "cool Colorado". So I came back to Matador.

Then came the depression in 1929. The barbers were struggling to earn a living. The price of hair cuts were thirty-five cents and shaves twenty-five cents. My wages were as low as nine dollars per week.

In 1932 times were even worse, so I went to Amarillo and took a job in the Santa Fe Barber Shop. After three months I returned to Matador as I was not doing any better financially.

Most of my friends were in Matador and I was lonely for friends and home. Business began to look up in 1936. I was earning approximately eighteen dollars per week. I continued to work in the same shop until late in 1948 when we lost the lease on the building. Then in September 1949 Henry Pipkin, Homer Jenkins and I opened the barber shop on the south side of the square which was the year the new courthouse opened.

Henry Pipkin retired in 1953. Homer and I continued to work together until 1970. I continued to operate the shop until 1978.

There was a penny chewing gum machine in the shop. After each hair cut it was the custom to give the kids a penny for gum. After giving one little fellow the gum, his mother said, "What do you say? He promptly said "Give me another one."

Another little boy, after chewing his gum for a while, accidentally dropped it on the floor amid the hair and what not. His mother said, "Pick that up and put it in your mouth." He promptly did so.

Reports from Washington

POSTAL CLOSINGS NOT IN THE PLANS

In rural communities throughout Northwest Texas post offices play a vital role. I am particularly aware of the importance of small post offices in the 13th District, and of the role they play in rural community life. Without them, not only would an essential communications link be lost, but many rural towns would lose a central source of community identity and spirit.

There has been much printed lately about efforts to close rural post offices. In large part, these reports are completely false. I resent the unnecessary fear that these reports have caused throughout the nation, and hope that I can play a role in getting the truth out.

At a recent oversight hearing of the U.S. House of Representatives Committee on Post Office and Civil Service, Postmaster General Paul Carlin said the U.S. Postal Service is "not now considering or plans to take up the question of massive rural post office closings."

The National Association of Postmasters of the U.S. has asked that the point be emphasized: USPS is not preparing to trash thousands of post offices, nor is Congress, nor the Reagan administration.

Much of this controversy has stemmed from the report of the President's Private Sector Survey on Cost Control, also known as the Grace Commission. That report asked the question, "Can the U.S. Postal Service reduce the costs of providing service to rural areas while maintaining adequate service levels?" And accordingly, suggested

that as many as 7,000 post office consolidations be considered.

As founder and chairman of the Grace Caucus in the House, I have studied this recommendation. And while I am convinced that many of the savings suggested by the Grace Commission are necessary and legitimate methods to reduce waste in the federal government, I do not support this particular suggestion, and will assure each and every person in the 13th District of Texas that this will not be an issue for the Grace Caucus.

In all fairness, and in the wake of a \$200 billion yearly deficit, we must look everywhere for possible savings. And while there may still be room in the postal service for changes that will improve the efficiency and service by eliminating waste and abuse, the rural post office is not the place to find those savings.

I will continue to study the Grace Commission report. It has over 2,400 suggestions that could ultimately reduce our deficit significantly. Most of these are good suggestions which I think the people of the 13th District would support.

For example, I have just learned that because of outdated and inadequate computer equipment, taxpayers are not receiving their tax refunds from the IRS. The Grace Commission has recommended that updated equipment would save millions of dollars and improve efficiency at the IRS. These are the types of changes that the Grace Caucus is working to make; real structural reforms.

Barber Story From Pg. 6

It was Christmas time and my brother Homer asked a little boy if he had been good. He said, "I ain't done no cussin'".

Another little story that I have enjoyed is about an elderly man that came in for his weekly shave and was accompanied by his wife. A shave was seventy-five cents. He would give me a dollar and his wife would always hold her hand out for the twenty five cents change. After a number of times he seemingly was vexed. He took the twenty-five cents and she held out her hand for the money and he handed her the quarter and said, "Here take it and eat until you bust." So much for the comedy!

After sixty-one years of barbering, I have not earned a day's wages at any other kind of labor.

In September 1979 I opened the shop where I am working now.

Matador and the surrounding territory have been good to me. I have customers that I have been serving for more than fifty years.

In 1929 Motley County had 6900 people. At one time in the 20's there were nine barbers in Matador. That was when most men got a shave and a hair cut every two to three weeks.

Now I am the only barber in the county and I only work part time. As to the future - who knows?

CARD OF THANKS

I wish to thank all those who visited, sent food and cards while I was ill. I especially would like to thank the following friends who plowed my cotton: Alex Guerrero, C. D. Garrison, Bill Smallwood, Johnny Scott, Stewart Dixon, Hal Martin, James Taylor, Jid Simpson, Peck Thompson, Robert Smallwood and Sleet Jameson. May God go with each and every one of you. Owens Lawrence and Family

My family and I would like to take this opportunity to thank all the Motley County and Ex Motley County residents for all your prayers, thoughts, cards, phone calls and flowers that were sent to me during my stay in the hospital. With the help of the good Lord, the doctors, time and my family, I am going to be just fine. Thank you again and May God Bless each of you.

Pat (Cooper) Minton

We would like to express our appreciation for the care and concern shown to us during the illness and death of our loved one. Words cannot say how grateful we feel for the calls, cards, food, visits and your thoughts and prayers.

We want to thank all who came to Paducah for the funeral; it was so helpful to have the support of friends at this time.

Sincerely,
The Mack Read Family
Eva Read
Truitt and Chelsea
Maxine Allison

I would like to express my appreciation to all the people who supported me in the 4-H Junior Rodeo Queen's Contest. Your contribution and interests were greatly appreciated.

I would also like to thank the 4-H organization for the beautiful belt buckle and for allowing me to participate in the Jr. Rodeo.

Fondly yours,
Tammy Taylor
