Spotlight On Commissioners Court

by Jo Ann Dickson

The Commissioners Court met Monday, July 8, at the Motley County Courthouse. Those present were Judge Billy Jo Whitaker, Bill Washington, Billy Hand, Joseph (Gid) Simpson, John M. Russell and Lucretia Campbell, County Clerk.

The invocation was given by Russell. Lucretia Campbell read the minutes of the previous meeting which were approved as read.

The bills were then presented and approved. Expenditures for June were as follows: Precinct I, \$3,623.57; Precinct II, \$3,030.68; Precinct III, \$3,468.90 and Precinct IV, \$2,712.75.

County Clerk, Lucretia Campbell, presented the idea of a service contract on the Xerox machine. No action was taken.

The Financial Report which was discussed in length, the Library Report and the Justice of Peace Report (including collections by J.P.) were given and approved by the Commissioners Court.

Motley County's New Senior Citizens Building

Considerable discussion was held concerning the concrete work still needed at the Senior Citizens Building. A four foot wide ramp for the handicapped is a necessity for building approval. Also discussed were a slab for the butane tank and sidewalks. After more discussion, the commissioners adjourned to go to the Senior Citizens Building and decide what ought to be done. Inquiry further in the day about their decision was made by this reporter and they had not made a definite decision.

Northfield

A motion was made by Gid Simpson and seconded by Sonny Russell the Mrs. Dorothy Jameson of Northfield be allowed to connect to the water system at the old Northfield school and pay for usage as long as the county owns the property and the Red River Authority does not object. The motion carried.

Delinquent Tax Contract Discussed

At the afternoon session, Charlie Long, Harold Brantley and Ronnie Thacker of Roaring

Springs came before the Motley County Commissioners Court to present some interesting facts concerning the tax collection contract.

These Roaring Springs civic leaders were concerned that the county was going to cancel their contract with McCreary, Huey and Veselka as the City of Matador had done at their last City Council meeting. If the county canceled this contract, then the Roaring Springs contract would no longer be in effect with McCreary, Huey and Veselka, according to the Roaring Springs representatives.

The Roaring Springs delegation informed the Commissioners that their city has had remarkable results in their collections with this firm. "The delinquent taxes from 1960 were compiled in about 12 man hours of work," said Ronnie Thacker. "The total delinquent taxes and penalties were \$7,000." She went on to say that \$6,000 is 10% of the Roaring Springs operating budget. So when the firm has already collected \$3,780 since January 22, 1985, and are projecting an 80% collection, Roaring Springs is more than pleased. They are paying a 15% collection fee. In Roaring Springs, Mrs. Thacker stated, there were 86 owners and 330 lots involved on the delinquent tax roll.

Considerable discussion followed with Alton Marshall, Tax Collector, saying that to compile the records for the collection firm, a tremendous amount of time would have to be spent. Ronnie Thacker, then again reiterated that Odessa Mullins had done this in Roaring Springs on a part-time basis.

Billy Hand stated that delinquent taxes should be pursued. Russell stated that the county already had a contract with this firm and that he felt the county was going to honor it. Once again, Marshall spoke his opposition to the work time. Mrs. Thacker again stated that Roaring Springs needed Motley County to stay with the firm.

Motley County School History Information Needed

HELP!!

Have you any information on any of these schools that have been in Motley county?

Ballard, Barton, Bird, Bitter Lake, Clement, Carden Canyon,

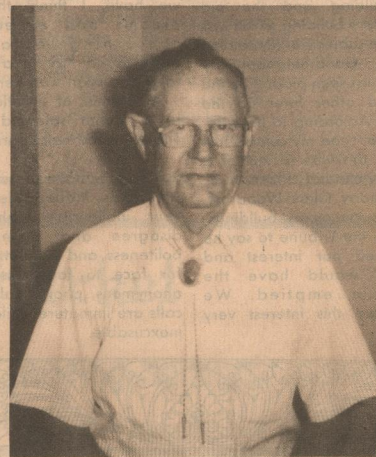

Duncan Flat, Dutchman, Fairview, Flag Springs, Flomat, Folley, Foster, Lambert, Lisenby, Matador (early school on east side of town), Montgomery, Northfield, Northside (s.e. corner of county), Seigler, Quitaque or Quitaque Peaks (later Flomat), Roaring Springs, Teepee City, Union Corner, Union Hill, Whiteflat and White Star.

At what location were these schools, what was their size and what were they made of? Whose land were they on or near?

Any and all pictures and material will be copied and returned as soon as possible.

You may leave the pictures and/or information at the Matador Tribune where they will be picked up by Beverly Vinson.

D.A. (Brown) Hinson Named Roaring Springs Senior Citizen Of The Year

D. A. (Brown) Hinson was born in Clint, Texas, September 11, 1909 to J. A. and Bettie Hinson, the youngest of twelve children. They moved to Floydada in 1912 where they operated a boarding house for a year, moving to Roaring Springs in the spring of 1913. They settled in what was then called Tent Town which was southeast of where the townsite now is. Hinson remembers when the first train came to town. That was an exciting day in Roaring Springs. The family moved from there to the wagon yard, operating it for three years.

While going to school Brown started shining shoes in the local barber shop owned by Charlie Rand. The shop had four bathtubs. Before going to school in the mornings, Brown would build the fire with coal to heat the water for the tubs. After

three years, he began to barber after school and on weekends. That began his 43 years of barbering. He owned and worked in shops in Roaring Springs, Lubbock, Odessa, Dumas, Lamesa, Midland and Temple. He retired from the shop he owned in Corpus Christi in 1969, moving back to Roaring Springs in 1970 where he and his wife, Beth, have made their home. He is a veteran of World War II.

Hinson has been an active member of the Roaring Springs Senior Citizens since it was organized. He has been handy man, carpenter, yardman, plumber - whatever needed to be done at the Center, he has been there and done it.

For these and many other reasons, Hinson was elected our Senior Citizen of the Year.

Perryman Attends Convention

The Motley County FFA Chapter will be represented this week, July 10-12, at the 57th annual Texas FFA Convention, held at the Astro Village Hotel and Astro Arena in Houston.

Representing Motley County will be Darryl Perryman, son of Mr. and Mrs. Ray Perryman of Matador. One of the highlights of the Convention will be the awarding of 1,660 Lone Star Farmer Degrees. Darryl will receive his Lone Star Farmer Degree and also act as a Voting Delegate at the Convention. Darryl will be accompanied to and from the convention by Motley County FFA Chapter Advisor, Jim Cooper.

Dan Baker, Bulverde, Tx., will be the Key Note speaker at the first general session on Wednesday, July 10th. Fun night and talent contest will be at 7:00 p.m. Wednesday. Scholarships and Awards will be presented on Thursday. On Friday the new State FFA President will be elected and the 1985-86 Sweetheart will be crowned. The Convention will adjourn at noon Friday.

Herbicide Law

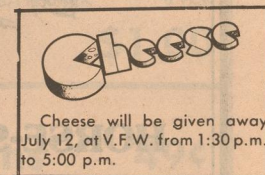

James Gillespie, District Conservationist, and Ray Minkley, County Extension Agent, then joined the Commissioners to discuss the Herbicide Law, Chapter 75, Texas Agriculture Code. A lengthy discussion followed with such questions as - What is a herbicide? Why wait so late to spray mesquite? Does heavy dew cause more drift?

Russell asked if we have herbicide damage. Ray Minkley answered that cotton herbicide damage has been confirmed.

Hand asked Gillespie for his recommendation concerning the Herbicide Law. Gillespie answered that by virtue of his position he could not answer.

The law states that there can be an open meeting to discuss and write regulations. This meeting must be called by the Commissioners Court, must be in October, November or December and advertised at least ten days in advance in the local newspaper and posted.

A vote of thanks is due, once again, to our Fire Department. Their annual Fish Fry on the 4th of July gives fish lovers an opportunity to participate in good food, good fellowship and a community cause - our safety.

Speaking of community causes, let's talk about the trash receptacle between the old drug store building and the old grocery store building which was one of the subjects of my column last week. Good neighbor, Ray Minkley, was seen picking up the glass and other litter on the sidewalk. According to his wife, he had not read my column last week. So this was an act of a community-minded citizen.

On Monday, Glenn Woodruff, who owns the empty buildings, came into the Tribune to say he appreciated our interest and that he would have the receptacle emptied. We appreciated this interest very much.

At the Commissioners Court meeting, I was told that some more "good neighbors" were seen chopping some of the weeds growing between the cracks of our downtown sidewalks. Whoever you are - thanks!!

Lucretia Campbell (Mrs. L. B.) came into the Tribune to talk and we have, I think, the same dreams and expectations concerning Matador. I appreciated having a face to face discussion with her.

Awareness of situations does bring about splendid results. Thanks, good neighbors!!

Freedom of the press is one of America's inalienable rights. Your inalienable right is to disagree and dissent. But politeness and etiquette plead for face to face dissent, not anonymous phone calls. Such calls are immature, childish and inexcusable.

**Mini-Thoughts
On Theology**

by Pearl Alexander

"All hopes that we should be saved was then taken away." Acts 27:20

We have all heard that "when we come to the end of ourself, we are at the beginning of God."

I wonder how much heartache and frustration we would avoid if we just gave up at the beginning of a problem and said and meant, "Lord, here it is, You work it out for Your glory." Man's

tendency has always been to try and "help" God, whether with our salvation or some trivial circumstance.

The beginning of God! His power, His grace, His love - all are available to us when we quit struggling and trying to do it by ourself! You may have to "cast your cares" on Him many times a day until you learn not to take them back, but its worth it.

**Crosby County Fine Arts Festival
To Be Held**

Crosby County Fine Arts Festival will be held July 17-20 in Crosby County Pioneer Memorial Auditorium, Crosbyton. Area artists and photographers are invited to participate.

Entries may be brought to the Pioneer Memorial building from 9 to 12 noon and from 2 until 8 p.m. Wednesday, July 17, 1985. Entry fees are \$4.00 per art work, except the Junior Divisions in art and photography where the entry fee is \$2.00 per entry.

Judges for the show will be Gary Myers, western artist who has established his studio at Chimney Creek Ranch near Calgary, Texas, and Jim Childress, Certified Professional Photographer, Lubbock.

Judging will be done Thursday, July 18. A patrons' reception in the CCPM auditorium Thursday evening will honor the individuals and businesses who have pledged purchase awards and other patrons and supporters of the annual show.

Purchase awards ranging from \$25 to \$200 are expected to exceed \$3,000. Best of Show in Photography and Best of Show in Fine Arts will each receive a \$100 award. People's Choice recipient will be awarded \$50 and winners of first place in each division receives \$15. A 20 percent commission will be charged on all sales excluding purchase awards.

All work must be original, signed by the artist, in good taste and not previously entered in a Crosby County jurored show.

The show will be open to the public Friday, July 19, and Saturday, July 20, from 9 a.m. until 7 p.m.

By Beverly Darsey, Librarian

This week's Reading Club Program will consist of both a storytelling session and children's films. Karen and Renee Davis will present the story of Pecos Bill beginning at 10:00 a.m. on Thursday, July 11. Following this story, these films will be shown: **Angus Lost and Band Concert** (Walt Disney). The program should conclude by 11:00 a.m.

A new book in the children's section will be of particular interest to young computer users: **Word Processing Basics** by Art Dudley. The book uses the Bank Street Writer program to illustrate the mechanics and uses of word processing and provides an overview of other software packages.

Motley County Library has the Bank Street Writer program available to the public for use on the Library computer. (Library policy does require that the user provide his own computer printout paper if more than 5 sheets are required.) This program may be used to write letters, stories, term papers, reports, etc. As an example of its many uses, local pastor Greer Willis frequently uses Bank Street

Writer and the Library's computer and printer to compose, edit, and print his sermons. Your librarian encourages everyone to take advantage of this valuable tool.

Recent Library volunteers include Lola Pohl and Lisa Wright. We appreciate the generous services of these volunteers.

We welcome new Friends of the Library members: The Alex Guerrero, Jr. Family and the Frank Potts Family.

New on the reference shelf: **Atlas of Texas** by Stanley Arbingast and **Historic Sites of Texas** by June Rayfield Welch.

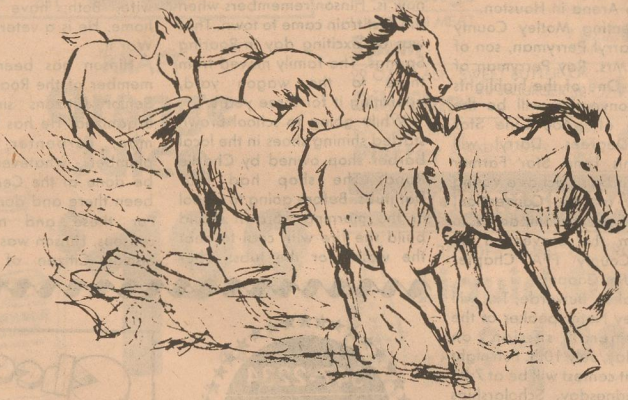

New in the genealogy section: **The Source: A Guidebook of American Genealogy** which provides thorough exposure to genealogical sources of all kinds. By referring to this work, a reader can quickly determine what records exist for the particular time period he is researching; what information he can expect to obtain; where he may locate the records, etc.

Other new adult books include **The Stockman's Handbook** by M.E. Ensinger and **Landscapes of Texas** with introduction by John Graves.

Guest Speaker At Roaring Springs Assembly Of God This Sunday

The Reverend Butch Farmer, Assemblies of God missionary to Senegal, will be guest speaker on Sunday, July 14, at the 11 a.m. and 6 p.m. services, the Reverend Edna Dillard, pastor, has announced.

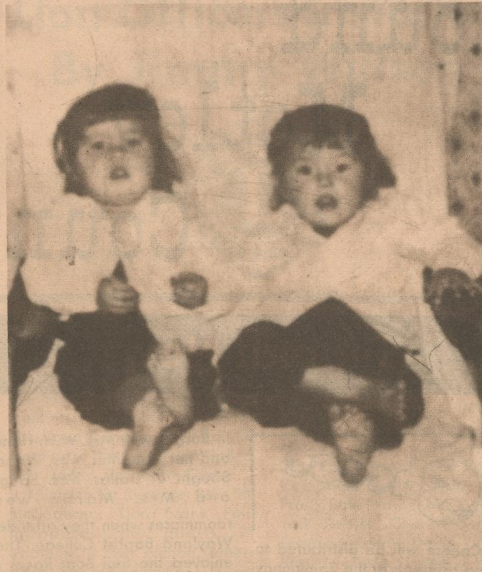

During their first 4-year term of missionary service, Mr. Farmer and his wife, Helen, plan to work with the Wolof tribe, evangelizing through every available means. The Wolof tribe is the largest in Senegal and predominantly Muslim. In Senegal, 91% of the population are Muslim.

Prior to missionary appointment, Mr. Farmer pastored First Assembly of God in College Station, Texas. He also pastored in Louisiana and served as

director of Team Challenge in Ft. Worth, Texas. Mr. Farmer served as a missionary intern to South Vietnam during the summer of 1974. Mrs. Farmer pioneered three children's ministries during their tenure of ministry as a child evangelist. She also has a singing ministry.

Mr. Farmer graduated from Southwestern Assemblies of God College in Waxahachie, Texas, with the B.S. degree. Mrs. Farmer also attended Southwestern Assemblies of God College. The Farmers have two children, Patrick and Tara.

At this special missions service, Mr. Farmer will share his concern for reaching Senegal with the Christian message. The public is invited.

SPIDER MITES Tiny Insects Cause Big Problems

Spider mites are tiny but they can cause big problems in home gardens.

These pests prefer tomatoes, beans and peas and do most of their damage in hot, dry weather.

Spider mites, also called red spiders, are only 1/60th-inch in length and vary in color from white to green to red.

The tiny pests can build up quickly and completely engulf plants. They lay eggs on the underside of leaves, which hatch in four to five days. A complete life cycle takes three weeks, and as many as 20 overlapping generations can occur in a single year.

Mites spin a thin web which often can be seen on the underside of an infested leaf. They feed by inserting their mouth-parts into the tissue and sucking juice from the plant. While feeding, they inject toxic substances into the plant.

Infestations of spider mites

can be identified by tiny white spots on the underside of a leaf. Heavy infestations cause bleaching or yellowing, first along the main leaf veins and then throughout the plant. The plant may also shed buds and small fruit. Spider mites can completely defoliate a plant if not controlled.

Control of spider mites is often difficult and requires from two to four applications of insecticide at five-day intervals. Plants should be checked frequently for spider mites since the pests can build up rapidly.

Insecticides registered for controlling spider mites in gardens are diazinon, kelthane, malathion, ethion and sulfur. However, avoid using sulphur on vine plants as severe plant change could occur.

As always, read and follow label directions on all insecticides.

Editor's Note: This information is provided by Dr. Charles Cole, Extension entomologist, Bryan.

Donnie Hunt Graduates With Honors

Donnie Hunt, son of former Matador residents Marvin and Topsy Hunt, recently graduated with honors from San Jose State University in San Jose, California. Mr. Hunt received a masters of fine arts degree in painting and also a masters degree in sculpture. Mr. Hunt went to California in 1969 to attend art school and began to work part-time for the city of Oakland as a recreation director. He was later promoted to citywide cultural arts coordinator and was responsible for designing and implementing arts programs for the city of Oakland and several private agencies. He was the director of artists in public schools program for Oakland Public Schools and the director of several government arts grants before retiring from administrative duties to pursue a fine arts career. Mr. Hunt is now residing in Los Angeles and plans to teach in the graduate program at California State - Long Beach in the fall.

NOTICE OF INTENT TO IMPLEMENT RATES

General Telephone Company of the Southwest in accordance with the Public Utility Regulatory Act and the Rules of the Public Utility Commission of Texas gives notice of its intent to implement new exchange access rates for the provision of shared tenant and tenant resale services.

These proposed rates are applicable to customers of General Telephone Company of the Southwest, excluding hotel/motel customers, who provide local exchange telephone service of General Telephone Company of the Southwest to their tenants or patrons on a resale or shared use basis. This resale or sharing arrangement is normally provided utilizing a customer-provided PABX or other similar stored control switch capable of common control processing or other features commonly associated with a PABX "Smart" switch.

These proposed rates are designed to recover costs on a usage basis for local exchange telephone service access and are identical to General Telephone's "Optional Measured Service" rates. The monthly access rate will be \$28.95 per trunk line and the usage rates are as follows:

Over	Up To and Including	Band	Set Up	Full Rate Period Each Minute
0	7 miles	A	\$.025	\$.015
7	14 miles	B	.035	.021
14	21 miles	C	.060	.030
21	28 miles	D	.070	.042
28		E	.090	.054

As this is a new service offering, we are unable to determine the number of customers who may be affected. Currently, there are no known prospective customers. Until any customer utilizes this new offering, there will be no effect on the revenues of the telephone company, and in any event, the telephone company does not expect revenues to be affected by more than 2 1/2 percent. These proposed rates, where applicable, will provide tariffed local exchange access to customers who then will provide shared or resale services to tenants.

These proposed rates have been suspended by the Public Utility Commission of Texas and will become effective as proposed or modified by order of the Commission on a date to be determined by the commission.

The proposed rate schedule is on file with the Commission for public inspection and is also available at any business office of General Telephone Company of the Southwest. Persons who wish to intervene or otherwise participate in these proceedings should notify the commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumers Affairs Division at (512)458-0223 or (512)458-0227, or (512)458-0221 teletypewriter for the deaf.

Lion Officers Installed By Jimmy Willson

Lion Jimmy Willson of Floydada, well-known public figure of this area, served as installing officer when new officers of Matador Lions Club assumed their duties at the July 2 meeting. Outgoing president Lion Vann Francis presided at the meeting in the Fellowship Hall of First United Methodist Church.

Filling in for Recorder Lion Bill McCaghren, Lion Frank Pohl introduced the guests. In addition to Lion Willson, others were Paul Guthmiller, David Austin and J. F. Caleahead.

Lion Francis led the club in applauding Lion Walter Jones for a good meal, and thanked the club for all the help given him by the officers and the cooperation of the members in carrying out the various club projects.

"I always enjoy coming to Matador," Lion Willson declared in his opening remarks. He commended the outgoing president on his leadership while in office and led the club in giving a big hand to Lion Francis.

"In order to have a successful Lions Club, we must all have a personal involvement in its projects. Everyone should feel responsible as he is assigned to serve on the various committees,

and as club officers," he admonished the club. "Always do your part - you will have a good club and be proud you are a Lion."

Installed were incoming President Jack Van Eaton; Vice Presidents Kirby Campbell, Ray Minkley and Hayden Moore; Secretary-treasurer Forrest Campbell; Acting Lion Tamer Frank Pohl (for Bill McCaghren); Tail Twister Charlie Johnson; Directors Ronnie Davis, John M. Russell, Jesse Turner, Walter Jones and past president Vann Francis; and Sweetheart Rachel Patton.

Lion Van Eaton assumed his office and called for a report from Lion Eddie Marcum on the calendar project. Lion Marcum announced that the material had been completed and sent to the printing firm, with enough revenue from the advertising to cover the cost. He said the calendars should be ready by September 1.

Regarding plans for a softball tournament, Lion Russell reported that the Eternas Study Club would be glad to play the Lions Club in this event.

Names of 100% members were read, and these will receive special pins at a future date.

Mr. and Mrs. Ralph Jones and son, Jade, honored her mother, Mrs. Clovis Murphy, with a birthday dinner in their home, July 4. Those attending the birthday celebration were Mrs. Murphy's son and wife, Mr. and Mrs. Clovis Murphy, Jr. of Lamesa, her daughter and husband, Mr. and Mrs. Frank Price, and her grandson's family, Mr. and Mrs. Jerry Jones and children, Lisa and Lee, all of Matador.

Mr. and Mrs. Odell Arnold of Stratford visited Friday afternoon in the home of Mrs. Arnold's aunt, Mrs. Clovis Murphy.

earlier age. The significant complications will be the lack of an adequate blood supply to the foot and possible injury to the foot due to sensory loss. What are small problems to the healthy person could become serious in the diabetic patient.

Since this disease requires good foot care, the American Podiatry Association offers these helpful hints. If you suffer from diabetes, you should follow these rules:

- (1) The shoes that you wear daily should be of a low style (Oxford style) and should be made of a soft leather which will allow your feet to "breathe" better. Don't wear new shoes for more than two hours at a time until they are broken in.
- (2) You should bathe your feet daily in lukewarm (not hot) water and use a mild soap. Be sure to dry your feet well with a soft towel.
- (3) Corns and calluses should not be treated with home cures. The diabetic should get professional care from his family podiatrist (foot doctor).
- (4) For those of us who feel a twinge of fear at the mere thought of jogging, remember that walking is the best exercise for your feet. In fact, a regular

program of walking will be beneficial to the entire cardiovascular system. (Dr. Brodtkin's address is 3722 34th Street, Suite 4, Lubbock, TX 79410)

W.N. Pipkins Installed At Eastern Star Meeting

Mr. and Mrs. W.N. Pipkin were installed as new Worthy Matron and Worthy Patron for the ensuing year of the Order of the Eastern Star.

Matador Chapter No. 66 met Thursday, June 4, for regular meeting and installation of new officers for the coming year.

An open installation was held.

Rev. Tilden Armstrong was installing officer. Mrs. Armstrong was installing Marshall. They have membership in Paducah and are well known in Eastern Star. They are presently Worthy Patron and Worthy Matron of the Paducah chapter.

Officers elected for the ensuing year besides the Worthy Matron and Patron are: Associate Matron, Mrs. R. E. Campbell, Jr.; Associate Patron, Sam Ross; Conductress, Grace Campbell; Associate Conductress, Tommie Sturdivant; Secretary, Beverly Vinson; Treasurer, Etoile Stanley. Appointed officers are: organist, Lola Pohl; chaplain, Opal Bradford; Adah, Gertrude Smith; Ruth, Lee Peacock; Esther, Winifred Darsey; Martha, Opal Cravens; Electa, Una Simpson; Marshall, Twilla Clark.

After the installation the grandchildren of Mr. and Mrs. Pipkin presented a musical program. Those participating were Leigh Ann Pipkin, daughter of Mr. and Mrs. Gerald Pipkin of Matador and Scott and Lisa Pipkin, children of Mr. and Mrs. Neal Pipkin of Lubbock.

The chapter room was decorated in lavender, purple and white flowers. Star Point Stations each had a beautiful African Violet.

Refreshments were served in the Banquet Hall. Tables were beautifully decorated, using the chosen colors of the Worthy Matron - purple, gold and white. Runners of purple and white with flowers of lilies, roses, African violets, with lavender napkins were used. Refreshments of cake and ice cream were served.

The yearbook was dedicated by the Worthy Matron in memory of her sister, the late Vivian Jacobs, Past Matron of Matador Chapter No. 66 and Past Deputy Grand Matron of District 5, Section 5.

W.N. Pipkin is the grandson of the first Worthy Patron of Matador Chapter No. 66.

Foot Care For The Diabetic
It is very important that a diabetic patient give his feet much attention and care. Not all people with diabetes will

develop foot problems but they do have a greater chance of doing so than non-diabetics.

Also, the problems that do occur, generally circulatory disturbances (hardening of the arteries) or diseases of the nerves (loss of sensation), will be seen at an

Mrs. Steve Cross

Shelly Gordon - Steve Cross Exchange Wedding Vows

Shelley Gordon and Steve Cross exchanged wedding vows Saturday afternoon, June 29, in Westminster Presbyterian Church in Amarillo with the Rev. Howard Childers and the Rev. Jeffrey Yergler officiating.

Parents of the couple are Doris Remy and Mack Gordon of Amarillo and Mr. and Mrs. B. C. "Doc" Cross of Plainview, former Motley County residents.

Given in marriage by her father, the bride wore a formal gown of candlelight satin designed with a fitted bodice, victorian neckline and sheer net yoke. Venice lace accented the neckline and the bodice was reemboilered in seed pearls. Her juliet sleeves were of puffed satin at the shoulders and sheer net fitted to the wrists. The skirt fell to a deep embroidered scalloped hemline sweeping into a full chapel train. Her veil was chapel length with scattered lace flowers embroidered on the bridal illusion.

The bride carried a Bible adorned with stephanotis, orchids and ivy.

Matron of honor was Charis Peirce. She wore a taffeta princess length dress of teal with a vee neckline and short sleeves highlighted with rosettes at the shoulders. She wore lace gloves and carried a loose cascading bouquet of sonia roses with baby's breath mixed with cornflowers, white freesia and fern.

Leah Camille Ticer of Abilene, niece of the groom, was flower girl and Dustin Howell Glenn of Plainview, nephew of the groom, was ring bearer.

Best man was Rick Cross of Dallas, brother of the groom and ushers were David Glenn of Plainview, Jerry Ticer of Abilene and Alan Love of Coconut Grove, Fla.

Dr. Judy Gibson, organist and Mo Trout, trumpeter, presented musical selections.

The altar area was decorated with 15 branch candelabras flanked by seven branch candelabras. The railing was draped with smilax ivy and the pews were marked with satin bows and smilax ivy.

A reception was held on the church Sunporch with Christine O'Connor of Amarillo registering guests. Reception assistants were Luanne Abdullah, Gae Gordon DeBord of Amarillo, and Lyn Gordon Dugan of Bedford, both sisters of the bride; Tonya Glenn of Plainview and Dolores Ticer of Abilene, both sisters of the groom.

The bride's table was covered in white lace with a centerpiece of sonia roses mixed with greenery. The groom's table was covered with a white cloth overlaid in gray. Silver appointments were used on both tables.

The rehearsal party was a poolside barbeque hosted by the groom's parents at the Meadows Apartment Clubhouse in Amarillo and catered by Sutphen's.

After a wedding trip to The Broadmoor in Colorado Springs, Colo., the couple will be at home in Amarillo. The bride is a graduate of Texas Tech with a bachelor's degree in home economics. Cross is a graduate of the University of Houston with a bachelor's in journalism.

Mr. Cross is the grandson of the late Earl and Marie Stephens and the great grandson of the late Mr. and Mrs. H.M. Murphy and the late Mr. and Mrs. Daniel P. Stephens. He is the nephew of Mr. and Mrs. Bob Cooper of Roaring Springs and Mr. and Mrs. J. C. Cross of Matador.

Commissioners From Page 1

Russell made a motion which seconded by Hand that a meeting be held October 7, and that notification of this meeting be published in the Tribune on September 26. Motion carried.

A committee was appointed (subject to willingness to serve) to plan the presentation at the October 7, meeting. Ray Minkley was asked to coordinate this committee. The suggested committee is: Precinct I, Vann Francis, Charlie Renfro; Precinct II, Johnney Turner, Herb Martin; Precinct III, James Taylor, James Guinn; Precinct IV, Fred Brandon, Elmer Parks.

County Treasurer Resigns

Judge Whitaker read a letter of resignation from Wilna Hobbs, County Treasurer, to be effective on or before July 12, 1985. She gave health of her husband and herself as reasons for the resignation.

Russell made the motion that with deep regret the resignation be accepted and a resolution for years of faithful service be drawn. Simpson seconded the motion. Motion carried.

New County

Treasurer Appointed

The Commissioners Court then went into Executive session to appoint a new county treasurer who will serve until the next election.

At the close of the Executive session it was announced that Gertrude Smith had been appointed. She will take office as soon as she has been bonded and sworn in.

Payment to Collecton Firm

Alton Marshall, Tax Collector, brought up the question of paying the 15% collection fee on some back taxes collected. Lucretia Campbell, county clerk, stated that the firm had not collected these taxes that tornado victims who were in arrears with their taxes had paid them to be eligible for grant money. The question of paying the firm was left unresolved.

There being no further business, the meeting was concluded.

Local News

James Stanley was taken by Motley County EMS to Caprock Hospital in Floydada on Thursday. After being treated for a dislocated shoulder, he returned home for convalescence.

Cold Weather Casualty

By Marisue Potts

She was lying so still, hardly breathing when we found her. All around the small black calf, the dirt was trodden and torn up by a worried Hereford mother, urging her unresponsive calf to get up.

From behind the pickup seat, I pulled the scours pills and a long green plunger. Quickly I poked three bulky pills down her throat, massaging it a little to help their passage. We lifted the limp body into the warm cab, using feed sacks to protect the floor from the yellow-white diarrhea oozing from her tail. In the rearview mirror, I could see the mother chasing the pickup as we pulled away, mooring for the return of her baby.

"Now what? To the barn or to the house?" I asked my partner.

"To the house. With this norther coming in and more sleet expected, the barn will be too cold. As sick as she is, we'll only get one shot at this one."

"You get the vaporizer, and I'll get a wet cloth to moisten her dry mouth and nose."

"She's in bad shape...but these scours tablets work miracles."

Breathing came more regularly as the warmth of the kitchen penetrated her small fragile body. The hiss of the steam from the vaporizer was the only sound in the sleeping house.

All the next day the only sign of encouragement coming from the weak heifer was a momentary lifting of her head before it thudded to the floor wearily. We continued to plunge the horse-sized pills down her throat, often fearing we had clogged her breathing passage, and squeezed a few drops of water onto her swollen tongue and into her dry mouth which she attempted to swallow.

At the pink light of dawn the next morning we were thrilled by a very distinct and hearty "Maaaa." She now chose to swallow, the alternative being to

Keltz's Have New Son

Mr. and Mrs. Larry Keltz of Plainview are the proud parents of a son born June 15. Joel Dean weighed 7 lbs. 11 1/2 ozs. and was 22 inches long at birth. He has a sister, Leah Kay, who is 5 years old. Proud grandparents are Mr. and Mrs. Bennie Keltz, Mrs. Lenore Penton of Amarillo and Mr. Ray Cognasi of Dodge City, Kansas.

drawn from our solicitous ministrations, the protein-rich, constipating milk and egg we forced upon her from a rubber-nipped bottle.

By the third day a very shaky, wobbly calf stood with help on the slick kitchen floor amidst our encouragement and praise. Now she greeted us with regular "Maas" and we responded in kind with fresh milk.

During a break in the cold spell, shoving down one last pill for good measure, we carried

her back to the pasture's pens, dreading that the mother might not take her back. The first likely candidate responded with a unfriendly butt. The second strutted mother we tried showed complete disinterest, but the third cow called to the black baby heifer, recognizing her by sight rather than smell. The wobbly heifer blurted out a low volume "Maaa" and the two were reunited.

That moment alone made ranching worthwhile.

MICROWAVE BASICS

Microwave A Sandwich

A hot sandwich from the microwave can become a quick, easy meal. Use the following guidelines from the Banquet Foods Test Kitchens to help you prepare sandwiches with ease.

- Most sandwiches can be microwaved on high or full power. A sandwich with a delicate ingredient such as eggs, should be prepared on a lower power setting. Check your oven manufacturer's cookbook for the exact setting.

- When heating a whole sandwich, wrap in microwavable paper towels to prevent the top from drying out and the bottom of the sandwich from becoming soggy.

- Using dry or day old bread or buns in the microwave will not only freshen them but will also help prevent soggy.

- Heat sandwiches just until they feel warm to the touch. Overheated bread or buns will become rubbery and tough very quickly.

- Sandwich fillings can be made quickly in the microwave. Then place the prepared sandwich in the microwave to melt cheese, heat toppings and the bun.

Now try this hot sandwich, ready in five minutes or less.

Arrhythmia

Arrhythmia is any irregularity
 or abnormality in the rhythm
 of the heartbeat. An abnor-
 mal rhythm, or arrhythmia,
 usually starts somewhere
 other than the normal
 pacemaker cells in the heart.
 Arrhythmias may be caused by
 disease or injury to the heart
 or elsewhere in the body, by
 drugs such as caffeine and
 by anxiety or nervousness.
 Arrhythmias may occur without
 any sensation at all and
 usually must be identified by
 recording the heart's activity
 on an electrocardiogram.
 Often, no special treatment is
 necessary to treat or prevent
 arrhythmia.
