PRICE TEN CENTS

TRAIL DUST

By DOUGLAS MEADOR

Surely there is enough uncertainty on this troubled and topless star without the introduction of a paper bikini.

The kernels of years have been shelled off the cob of time since I was a boy and watched the tall man build a house on his Oklahoma claim. The pungent scent of fresh pine was present as he sawed the boxing planks. He hammered with an inspired tempo, as if he might have been building a sideroom on paradise.

The great trucks have rolled away, snorting like antagonized dragons, bearing the fruit of the prairies. There is an eerie silence in the mesquites where the whitefaced Herefords grazed. They are the fruit of the grassland en route to a destiny with death; a knife that will open throats and allow the blood to run free.

Freedom is not acquired through the gate of learning but in the abiding stench and glory of experience.

Time banks the fires of passion and springily adds the kindling of maturity to excite temperate and controlled flames.

Poverty is the absence of ability to extract pleasure from the passing moment, or twist the rind of time for a drop of concealed hope.

Every man is a king at the wheel of his automobile until the monarch of newer kingdom decides to increase the tempo of travel.

JAYBIRDS FLY BY MATADORS 36-6

By Jimmy Timmons and Mark Hill

Matador Matadors fell into the hands of the Jayton Jaybirds Friday night at Bureson Field. The superior weight of the Jaybirds proved to be an overpowering factor against the Matadors, as shown in the final score of 36-6. Halfback Rick Hall of Jayton got the ball rolling for the Jaybirds at the close of the first quarter, while Donnie Baker added the extra points.

Seconds after the second quarter began lineman McAteer recovered a Matador fumble and ran 15 yards for a touchdown. McAteer also made the extras. Others scoring in the second quarter were Hall and Baker closing the halftime score with 29-0.

At the start of the second stanza, the Matadors showed signs once again of success, but had to fight both the Jaybirds and driving rain. Darrel Cruse, halfback, recovered the Matadors' spirit with a pass interception and a gain of 20 yards. However, luck was against Matador when the ball was fumbled on the five yard line with Jayton recovering.

Yardage was gained by the Matadors when pass interference was called against Jayton. The gain proved sufficient in the next play when halfback Johnny Thompson dived across the goal line making the score 36-6. Try for extra points failed.

Minutes before the final gong, defensive halfback Ricky Lawrence intercepted a Jayton pass, but time ran out before the interception could be turned to paydirt.

Matadors travel to Rochester Friday night to face the Rochester Steers.

Famous General To Teach Course

Motley County Chapter of the American Red Cross will sponsor a Red Cross first aid course in Matador starting October 14, at 7:00 p.m. at the American Legion Building. The course will be two hours each night, running for five consecutive Monday nights, for a total of ten hours.

Each person completing the course will be issued a Red Cross first aid card, certifying that he or she had completed the standard Red Cross first aid course. Instructor for the course will be retired Air Force Brig. General William L. Lee, of Amarillo. Gen. Lee is a former commander of the 13th air force.

During the 1930's General Lee was the instructor who taught Gen. Dwight Eisenhower to fly. He was featured in a 1955 Saturday Evening Post Article, and was labeled by the author as "The toughest guy in the air force."

There is no fee for the course, but everyone taking the course is asked to purchase a Red Cross First Aid Handbook at a cost of 75c. Anyone interested in taking the course is asked to contact Pat Seigler, since Gen. Lee can only handle a limited number of persons in the course and advance registration will be necessary.

Legion, Auxiliary Hear Local Youth

by Judy Marrs

Mark Hill, Steve Bostick and Tutt H. Garnett were special guests at the regular monthly covered dish supper meeting of the American Legion and Auxiliary, Monday night.

The boys attended various youth functions during the summer and each reported on his trip.

Mark Hill, 17-year-old son of Mr. and Mrs. J. M. Hill Jr., stressed the importance of good leaders in his report of the Texas Youth Conference which he attended in August on the University of Texas campus in Austin.

He declared, "The ideal leader leads his organization with high enthusiasm about the things they are going to do. He believes in himself, and the things he can do... the leaders of an organization will determine how successful the group will be."

Steve Bostick, 17-year-old son of Mr. and Mrs. Lewis Bostick, attended the Texas Farm Bureau Citizenship Seminar in Waco. Miss Wanda Matney also attended the seminar and was a special guest at the Legion-Auxiliary meeting.

Bostick reminded his audience that they should realize their freedom is on trial today. Emphasizing each right in the Bill of Rights he said, "Freedom isn't something to be taken for granted..."

In conclusion Bostick listed seven ways by which an American citizen can best keep his freedoms. These included desire for liberty, carrying God in one's heart, and studying and learning to gain knowledge.

Tutt Garnett, 15-year-old son of Mr. and Mrs. Tutt Garnett, was recognized for winning the World Championship in calf roping between the ages of 12 and 15 at Odessa.

Garnett displayed the saddle and belt buckle he received as prizes in the contest. He also gave a brief narration on the qualifications required to enter the contest finals.

Mr. and Mrs. Hill, Mr. and Mrs. Bostick and Mrs. Garnett accompanied their sons to the meeting.

Following the program the Legion and Auxiliary retired to their separate business sessions. Commander W. C. Pallmeyer and Mrs. Albert Traweck presided at the meetings.

Club to Sponsor Talk by Ranger

A program by Sgt. S. H. Denison, Texas Ranger will be sponsored by the Predicta Study Club of Roaring Springs, Thursday night, Oct. 17.

The public is invited to hear Sgt. Denison, who will speak at 8:00 p.m. in the high school study hall in Roaring Springs.

Mr. and Mrs. Jack Swain of Amarillo visited during the week end in the home of their daughter and family, Mr. and Mrs. Ronald Vandiver.

Many at Northfield For Homecoming

ALMOST EVERYONE who had ever lived in the Northfield community attended the homecoming at the community building Saturday. Some traveled as much as 700 miles to attend. Youngest person attending was Roy C. Howard Jr., son of Mr. and Mrs. Roy Howard of Alamogordo, New Mexico. Oldest person attending was Mrs. A. J. Matlock 83, who has made Northfield her home for 48 years.

Perhaps the outstanding feature of the homecoming was the abundance of food prepared for the occasion. It is estimated that 200 attended but there was ample food for twice the number. Registration was 144 but in most instances man and wife were registered as one.

Many offerings of delicious food were not touched because there were not enough people present to eat the prepared victuals. The variety of food varied from ordinary red beans to chifon pies. Beverages of coffee and tea were served the visitors.

Mrs. Boone Simpson (Birtie) as secretary of the organization, read the names of six deceased in the past year. They were: Vance Harrington, Waco, Oct. 30, 1967; Newell Timmons, Northfield, March 18, 1968; Frank Wilhelm, California, August 15, 1968; John Berry, Lubbock, June 30, 1968; Jim Cooper, Matador, August, 1968 and Buck Hawley, Shamrock, August, 1968. Followed by an invocation, the groaning tables were opened to residents and visitors.

The Community House, the former Northfield school building, a project of the late Boone Simpson, has been provided with modern facilities, and is adequate for all community functions.

As is the purpose of homecoming, the meeting and visiting of old friends, former residents and friends compared notes of the passing years, with those of days when they were associated with each other.

The Dallas State Fair Saturday morning, Friday afternoon the group toured J. C. Penny Manufacturing Company where Miss Day visited with Miss Peggy Welton who is employed there.

Mr. and Mrs. Day joined their daughter Friday and accompanied her home Sunday after visiting Six Flags Over Texas.

ATTEND GRAND CHAPTER
Mrs. B. H. Hobbs and Mrs. Olive Russell of Matador and Mrs. J. N. Fletcher of Roaring Springs are in San Antonio to attend Grand Chapter, Order of the Eastern Star, today and tomorrow. They left Wednesday afternoon.

RETURNS HOME
Mrs. W. M. Clifton returned home Tuesday of last week from Brownfield, where she spent three weeks with her daughter, Mrs. Inez Bailey, who accompanied her home. She also visited in Midland with her son and family, Mr. and Mrs. Travis Clifton before returning home.

HOME FROM ODESSA
Mrs. A. B. Fulkerson returned home Saturday from Odessa, where she has been visiting her son and family, Mr. and Mrs. Loyd Fulkerson, who came for her two weeks ago, and also accompanied her home.

Visitors in the home of Mr. and Mrs. Cliff Stephens during the week end were her cousins, Mr. and Mrs. Willis McIntyre of Whitney, Calif., who were en route to Texarkana, to visit his mother. Sunday guests in the Stephens home were his brother and wife, Mr. and Mrs. Joe Stephens, who have moved back here from Slaton, and their son and family, Mr. and Mrs. Billy Joe Stephens of Hereford.

YOUNGEST HOMECOMER at Northfield Saturday was Roy C. Howard Jr., age 15 months, son of Mr. and Mrs. Roy Howard of Alamogordo, New Mexico. He was the youngest home-comer last year at the age of three months. He is shown above with his mother, Mrs. Roy C. Howard. Mrs. A. J. Matlock, 83, was the oldest person attending, but the Tribune reporter "goofed" in taking her picture.

FORMER TEACHERS, Mr. and Mrs. A. B. Henderson of Floral, Arkansas, taught in Northfield from 1935 to 1941, and then returned in 1945 to teach one year. Mr. Henderson said he planted the trees and set out the Bermuda grass around the school building, now the community building. They traveled the greatest distance, 700 miles, to attend the homecoming.

Reilly and Robinson To Attend Reunion

Military dignitaries who are making plans to attend the 1938 Matador High School class reunion and Homecoming, Nov. 2, include Brig. General Maurice R. Reilly of Springfield, Va., and Lt. Col. Jack Robinson Jr. of Hampton, Va. Another member of the class, also in the military, Navy Chaplain Lt. Commander G. W. Fulfer of Virginia Beach, Va., will probably not be able to attend.

Wrong Addresses On File for Exes

Several Homecoming letters mailed to former residents have been returned to Mrs. R. E. Donovan, secretary of Matador Ex-Students and Teachers Association, because of insufficient or wrong addresses.

The following are incorrect address: Mrs. Frank Harris, Rt. 3, Yuba City, Calif.; Mrs. D. W. Irwin, 5844 Calle Del Sud., Phoenix, Ariz.; Mrs. W. D. Martin, 4601 Oregon Trail, Amarillo, and Mrs. Gerry D. Brown, 3606 N.E. 26th, Amarillo.

Also Mrs. D. Groves, 704 East Repetto, Brownfield, Tex.; Mrs. Horace Taylor, 3224 Chestnut, Odessa, Texas; Mrs. F. E. Hightower, 802 Wood, Texarkana, Tex.; Nathan Knight, 5645 Nelder Way, Sacramento, Calif.; Wayne Timmons, Susanville, Calif.; Lovelace Flyler, Grants, N.M.; Tressa C. Cunningham, 13675 W. 5th St., Miami, Florida; Mrs. Carson Watt, 2123 No. 1, 8th Street, Lubbock, Texas; Robert L. Turner, Nacogdoches, Tex.; Glen M. Allen, 1300 Panhandle, Denton, Tex.; Albert Rushing, Olton Rt., Plainview, Tex.

The above letters have been returned, and friends or relatives who have correct addresses are requested to contact Mrs. Donovan, so that she might correct them on her files.

The three former classmates have been in recent communication, and Robinson writes that he and Reilly may possibly travel together.

"I plan to attend Homecoming and the 30th reunion of my class" he writes. "I was there for the 20th reunion and enjoyed it very much. I hope that all of the class will attend. Am afraid G. W. Fulfer will not be able to, and he has talked about it a lot."

A former Major in the U.S. Air Force, Ben F. Tunnell who has retired from service and is teaching school in Salinas, Calif., was also a member of the class of '38.

Several names of the class members were inadvertently omitted recently when the announcement of plans for the reunion was made. These were, Tom Tilson Jr., W. R. Tilson, Rhenard McCarty, Ruth McBride (Mrs. R. A. Stafford), Ruth Hill and Bernice Hill. Several of these however, did not graduate with the class.

The Matador Tribune's issue of May 19, 1938, lists 43 graduates. However, according to one member of the class, there were 44.

Opportunities in Many Areas Available Through 4-H Clubs

by County Agent

Ask twenty different people what 4-H is, and you will receive several different answers. Even members, their parents and leaders will give some difference in answers, but mainly the differences come from those who have not had an active part in the operation of the program. Actually, 4-H is a voluntary group organization where members learn by doing. Projects of the members interest in the fields of agriculture, home economics and related subjects are selected, and even though there are no dues, there is an expense to the program. Arrangements must be made for the items, animals or material needed to start the project, but when the project is completed, or abandoned, it still belongs to the individual. The value of this pro-

ject is directly related to the effort extended, as is the case in all other activities undertaken. Age limitations are 9 through 19. In Motley County some boys and girls join when they are 8, but this is allowed because of meeting arrangements with the schools. Many youngsters will be 9 before school is out in May, so rather than make them wait until they reach their 9th birthday, they are permitted to join and attend the meetings during the entire school year.

The upper age limit affects only a few students, and whether in school or not, a boy or girl may continue their membership until the time they are 20 on Jan. 1st of a particular year.

Meetings are held regularly in all county schools, the 3rd week of each month, except May. Flomot Grade School meets on Mondays at 8:30, and the High School meets at 9:30. Matador High School also meets on Monday at 2:30. The Matador 7th and 8th grades meet on Tuesday at 12:40, followed by the 5th and 6th grades at 1:30 and the 3rd and 4th grades at 2:32. Roaring Springs clubs meet on Wednesday, following this schedule: 3rd, 4th and 5th grades at 10:26; 6th, 7th and 8th grades at 11:24; and the High School at 12:44.

Special interest groups (foods, clothing, livestock judging, grass judging, shrub identification, rifle club, etc.) are formed as the needs arise, with meeting time and place announced by the leaders. These are formed when there is interest among the members for the formation of a subject matter group, and when the leaders are available.

It is impossible for one person to work with several subject matter groups, therefore there is always a demand for leaders. These do not have to be professional people, but anyone who is

interested in working with youth. Leader guides and training are available in all fields, and here also, leaders learn by doing. Counties with the most leaders can offer more programs, which is reflected in the awards earned by the 4-H members.

4-H is not a program where you get something for nothing. Awards are provided for those who do the best in their project field, and as only a few awards are provided in each project, the main award received is what has been learned or accomplished by the individual. For some, working for an award provides incentive, but this should be secondary to the training received or the information obtained.

Record keeping is encouraged, but not mandatory. For those who keep records, and submit them for judging, the top awards may be realized. These include college scholarships, trips to National 4-H Congress, watches and other items of similar value. On the county level, medals are awarded the tops in each field, and certificates of completion are given to all that have a project or activity they have completed.

Shows and contests are provided where most of the projects can be exhibited, but again, exhibition is not a requirement. Participation in these events is encouraged, for by this method, the individual can show others what they have accomplished.

To be a 4-H club member, the boy or girl must meet the age requirements, have a project, and attend meetings. At any time an individual wants to quit, they can, but when this happens, members are urged to tell their Agent or Leader why they are dropping out. In some cases a change in the program or operation can be made, thus improving the program for all.

All eligible boys and girls in the county are invited to attend the next meetings and see if there is an activity of their interest. If so, they will be urged to join and take part in the program. No one will beg boys and girls to become members, but encouragement and assistance will be available for those who choose to become a part of this youth program sponsored by the Extension Service and USDA.

The Texas Highway Department is charged with the construction and maintenance of boat ramps and collateral facilities on Texas waterways. The 1968 Boat Ramp Program brings to 150 the number of free boat ramps constructed by the Highway Department.

TOPIC: TAXES ON CITY WORKERS-FARM RESIDENTS

The growing group of rural residents who earn their living in the nearby city or town are an important part of the economy in most rural communities. A good part of these farm dwellers farm on a part-time basis—some commercial, but many purely for personal family use.

Annual and Paper Staff Selected

The annual staff has been announced for the 1969 La Arena. The assistant editors to help the editors, Judy Marrs and Elaine Dixon, will be Patty Edwards and Gail Lynn, both juniors.

The business managers are seniors, Barbara Slover and Brenda Bailey, juniors, Loretta Thompson and Debra James; sophomores, Melisa Bailey and Ann Brandon; and freshmen Krista Price and Peggy Marrs. The assistant paper editors were also named. They are Debra Stockton and Laura Jacobs.

MSB—SPIRIT SOARS AT PEP RALLY

The spirit soared at the pep rally September 27, in the high school auditorium.

After several yells including "Matador Boy," Mrs. Jake Edwards remarked that she was tired of Gloomsville meeting in her math class everyday. She pointed out also that every player was important in the game, not just one or two.

After Mrs. Edwards, Pat Nichols and Aaron Timmons expressed their belief that Matador could come home from Meadow with a victory.

Coach Kennedy reminded the players that a team must believe in themselves to win.

A skit entitled "The Night of the Game" was presented by skit girl, Jeanette Day. The skit was a take off of "The Night Before Christmas." Appearing in the skit were: Bonita Hand, Ann Timmons, Ann Brandon, Krista Price, Brigid Barton, Laura Jacobs, Debbie Smallwood, Peggy Marrs, Sue Robbins, Debra James, and Gail Lynn.

Before the end of the pep rally, Darrell Cruse was named game captain of the week.

MSB—Grade Reports Cause Dullness

If Matador was a little dead last week end it might have been because a grade report for four and a half weeks was sent home Friday, October 4.

Since the school is on a nine weeks' report system instead of the usual six weeks' report, it was decided that the parents need to be informed on how their son and daughter was doing.

MSB—Corps Performs At Jayton Game

The Matador Drum and Bugle Corps marched for the first time this year at the Jayton game, October 4.

The corps, under the direction of Mrs. John Stevens, has learned two new songs which are "The Old Gray Mare" and "America." Two sets of bells have also been added.

Flags of the United States and Texas will be carried this year along with a school flag. The school flag is two red M's outlined in black on a white background.

Other students have been traveling too. Four of the pupils attended the South Plains Fair at Lubbock. They were: Scottie Price, Douglas Campbell, Shelley Seigler, and Ray Thomas.

FOURTH GRADE

The fourth grade has been kept pretty busy the past few days. They are beginning their achievement tests and physical fitness program.

The class was sorry to lose one of its members this week. Jeff Butler moved to Guthrie, where his father will work at the Pitchfork Ranch.

FIFTH GRADE

Safety posters cover the bulletin boards of the fifth grade room. The pupils made the posters as a helpful hint for safety.

Also keeping the students busy are the diaries they have begun with the help of Mrs. Reeves.

SIXTH GRADE

The sixth grade has gained two new members during the past week. They are: Jimmy Weeks and Andy Zarate.
