

Broken Main Found Near Blast Scene

57 Injured In School Explosion, Three In Grave Condition

BARBERTON, O., June 1 (AP) — Investigators unearthed a broken gas main outside the wrecked school building where a blast injured 53 children and four adults.

Complete Break
Fire Chief Claude Witwer said a complete break was found in the 1-1/4 inch pipe feeding the frame temporary school, a former residence, with natural gas. The break, he said, was about nine feet outside the basement and the ground around the break was permeated with fumes.

Witwer said investigators theorized the pipe might have been defective before the explosion, and that fumes perhaps seeped into the basement from the break. School officials said the gas meter inside the structure had been turned off about two months ago.

Of the 57 injured, two small children and a janitor were given scarcely a fighting chance to survive.

Doctors described as serious the condition of four others, including a teacher. Thirty-one of the 57 injured were confined to hospitals.

The blast occurred at mid-afternoon yesterday, blowing out walls and buckling the floors of the two-story, eight-room structure, a residence converted last fall into a temporary school for first to fifth grade pupils.

Those near death were "first-graders" Dorothy Young, 6, and Frances Fisher, 7, both injured about the head and body, and P. S. White, 59, janitor, critically burned.

Seriously hurt were Ray Clemens, 7, internal injuries; Lucinda Williams, 7, negro, burns; Mary Mattingly, 7, possible skull fracture, and Miss Mabelle Miller, 8, 1-2 teacher, fractured leg and ribs and possible internal injuries.

The state department of industrial relations opened an investigation of the tragedy, reminding of the 1937 No. 7 London, Texas, school blast in which 297 children and teachers met death. The U. S. bureau of mines ordered two chemical engineers who have specialized in gas to investigate.

"The worst part of this is that some of the little girls probably will be disfigured for life," said a workman who aided in rescue work.

The janitor, who had been burning paper in the basement, muttered before lapsing into unconsciousness: "The whole basement must have been filled with gas."

As the blast ripped the building apart, the sides of the structure crumpled. Some children literally were blown to the ground. The little tenants of the 1-2 room, on the first floor, plunged into the basement amid a litter of desks, timbers and plaster.

Second story floors slanted as on hinges, hurling children and equipment downward. Many youngsters were buried under debris.

Death Dodgers To Give Show Tonight

For those who like "strong medicine" in the way of thrills, there'll be a series of hair-raising auto feats at Baron park tonight, performed by Happy Jack Miller's Death Dodgers, appearing here under auspices of the American Legion.

The show is scheduled to start at 8 o'clock.

The Death Dodgers, veteran stunt performers in the movies, will crash cars through burning barricades, hurl machines over others, and essay other feats bordering on an invitation to disaster.

'Open House' At Hospital

The public will have its first and only unreserved opportunity of viewing the Big Spring State hospital, Texas' new million dollar, eleemosynary institution, Saturday and Sunday afternoon.

Open house will be observed at the hospital on both days from 1 p. m. to 5 p. m., according to Dr. George T. McMahan, superintendent.

On Monday first patients will be received by the hospital and after that there will be no visitation at the hospital except for those who have business there.

Last of the equipment was being installed this week and linens were being issued to the various units in order to have the plant in best shape for open house.

Big Spring and Howard county have a \$100,000 stake in the hospital plant, designated for this city on Aug. 6, 1937. The city purchased 500 acres of land, bought oil and gas leases on the site, extended water and sewer lines to the grounds, the county built a railroad spur dump, and Big Spring business men purchased spur right-of-way, all at a cost of about \$100,000 in order to fulfill its offer for designation.

SOME OF HITLER'S POLICIES APPROVED BY GENL. MOSELEY

Committee Witness Says Director Has Restored Country To People, Has Solved 'Racial Problem'

WASHINGTON, June 1 (AP)—Major General George Van Horn Moseley, retired, told a congressional committee today that while he disliked some of Chancellor Hitler's methods, he approved his restoration of control of Germany to "the hands of the German people."

Testifying before the house committee investigating un-Americanism, the ruddy former commander of the Fourth Army Corps said Hitler had "solved the racial problem" as well as the problems of international finance and trade.

In a letter to James E. Campbell, Owensboro, Ky., reserve officer, Moseley said: "While I don't agree with him on some things, some of his remarks were most reassuring."

"I'm not saying I approve of some of his methods but I approve his taking back and placing in the hands of the German people the control of that nation."

Moseley was interrogated about a letter written by Campbell to George Deatherage of St. Albans, W. Va., national commander of the Knights of the White Camellia, in which the former advocated government of this country by military courts. Asked if he agreed with such a plan, Moseley said:

"Oh, no—well, why not? "They've got Jewish courts—it might be a good thing to pair them off."

Pressed for an explanation of what he meant by Jewish courts, Moseley said "courts appointed by organized Jewry—not by the United States government."

He showed the committee a newspaper picture which he said was published May 10 in the Atlanta (Ga.) Journal depicting a scene in what was described as "the first Jewish court of justice" in the United States. Description accompanying the picture said the court was a rabbinical tribunal in New York City which handled civil cases which the litigants agreed would have legal standing as well as religious cases based on Jewish religious law.

At the start of today's session a mysterious aide declined to let the retired army officer drink from a water supply provided for witnesses before the committee.

This incident occurred after the general, beginning his second day of testimony on communist and anti-communist activities, asked Rhea Whiteley, committee counsel, whether he would "guarantee" the water supply.

The aide, who refused to identify himself to newsmen, warned the general, "don't touch it."

He took a partly filled glass from the table before Moseley and carried it to a water cooler where he refilled it.

The incident was without immediate explanation but it re-

Hopes For July Contract On Highway 9

Hopeful that the Highway No. 9 project from Big Spring south five miles to new pavement could be included in the July lettings by the state highway commission, S. J. Treadaway, division highway engineer, conferred with city and county officials Thursday.

Plans for the road and all necessary structures have been drawn and are this week being changed to meet federal bureau of public roads requirements.

Treadaway said that they would be ready well in advance of the letting date on July 31.

Since bids must be advertised three weeks in advance of the letting date, only six weeks remain for acquisition of all right-of-way. Deeds must be in hand and approved by the district engineer before the highway department advertises for bids.

The short stretch of Highway No. 9 has been hanging fire since 1932 and has been rerouted three times.

BRITISH SUB 'OVERDUE'

LONDON, June 1 (AP)—The new British submarine Theta on test trials off Birkenhead was reported "a few hours overdue" tonight and the British admiralty immediately began a search.

The submarine, built by Cammell Laird and Company at Birkenhead, carried members of the firm as she proceeded on acceptance trials.

She carried out surface tests but after diving was not seen again.

The Theta was commissioned last March 4 at Portland.

Her normal complement is 58 men.

Officially described as a "patrol type" submarine she has a displacement of 1,095 tons on the surface and 1,579 tons submerged. She is 265 by 26 1-2 by 12 feet.

SAN ANGELO HO: T TO UNDERWRITERS

SAN ANGELO, June 1 (AP)—An all-time high convention attendance record is expected to be established here this afternoon when the Texas Association of Life Underwriters opens its 84th annual convention. More than 200 delegates had arrived this morning.

San R. Hay, Houston, president, is directing the sessions, first of which opens this afternoon for general agents and managers.

The Big Spring Association of Life Underwriters is registered 100 per cent for the state convention at San Angelo, and nearly all members will attend some sessions. Most of the local men are expected to go to San Angelo Friday.

CHICAGO, June 1 (AP)—John Barrymore's physician described the veteran actor's condition as "much improved" today after a restful night.

The 57-year-old star was ordered to take complete rest yesterday after an attack of a heart ailment.

Russia Chills Hopes For A Quick Accord

Rome-Berlin Axis Pleased At Soviet Rejection Of Pact

By The Associated Press

A new stalemate in prolonged negotiations to bring Soviet Russia into the British-French front left London and Paris shocked but still hopeful today and brought smiles in Rome and Berlin.

Not Enough
The deadlock was caused by the statement of Soviet Premier-Foreign Minister Vyacheslav Molotov last night. He told the supreme soviet, Russia's parliament, that Soviet proposals for a mutual assistance agreement—backed by France—said nothing about assistance to the "three countries on the northwestern borders of the U. S. S. R."

Presumably, therefore, Russia wanted guarantees for Finland, Latvia and Estonia besides those countries already holding pledges of aid—Poland, Greece, Turkey and Rumania.

Molotov, however, kept London's hope alive by acknowledging that Britain and France were taking a "forward step" in their efforts to build a front and by saying that negotiations are not yet ended.

German Nazis considered the Molotov statement not only a setback for Britain and France but also an encouragement for Italy and Germany. But there was no immediate comment in Berlin on Molotov's remark that trade negotiations with Germany might be resumed.

Italian fascists viewed the Russian objections as a severe humiliation for Britain if not actual renunciation of the British-French program. "Brutal Soviet Frankness Causes Democratic Delusions to Crumble," was Il Messaggero's headline.

In Warsaw, Polish circles took the situation calmly, one view being that Russia's stand was an "obvious and not unexpected instrument of bargaining."

Charles Burckhardt de Reynold, league of nations commissioner, conferred in the Free City of Danzig with Albert Forster, Nazi leader there, and was reported planning to ask Germany for a frank explanation of her attitude toward the free city.

Sailing Delayed In Effort To Land Jew Refugees

HAVANA, Cuba, June 1 (AP)—Captain Gustav Schroeder announced today postponement of the departure of the German liner Saint Louis in the hope permission could be obtained to land 917 German Jewish passengers denied entry to Cuba.

The vessel had been scheduled to start back to Germany this afternoon.

Police in launches and aboard ship kept close guard at the request of the captain who said he feared a series of suicide attempts among the passengers.

One refugee slashed his wrists and jumped overboard Tuesday. He was rescued, but Captain Gustav Schroeder informed authorities he feared a "collective suicide pact" was being considered and declared that a "state of mutiny" might result if he were forced to take the Jews back to Germany.

NEW HIGHWAY COMMISSION CHAIRMAN GETTING A QUICK GRASP ON DEPARTMENT'S PROBLEMS

AUSTIN, June 1 (AP)—Perpetuation and further improvement of Texas' great highway system is the aim of the new chairman of the commission, Brady P. Gentry, of Tyler.

Taking office only two weeks ago, Gentry has thrown himself into his task with a vigor that befits this 43-year-old bachelor. In his own words, he believes in hard work, hitting the ball and learning everything there is to know about his job.

Favorable comment was heard at the time of his appointment and confirmation to the post and more commendatory remarks were forthcoming on his prompt grasp of highway problems after he had presided at his first commission hearing.

"I believe I can speak for the commission when I say we want to continue the fine work of the highway department and complete a system of state highways without dishonesty and without graft," Gentry said.

"The commission is resolved to treat all sections of the state fairly. We realize there must be an equitable distribution of funds and we know that by continued efficient management a finer highway system can be secured earlier."

"Since ours is such an enormous task the commission will be slow in making future decisions, feeling that our first obligation is construction of those roads already designated. However, we also are aware that

Townsend Pension Bill Is Buried By House, 302-97

Vote 'Will Be Remembered', Advocates Say

WASHINGTON, June 1 (AP)—The house defeated the Townsend old age pension bill today on a 302 to 97 roll call vote which the bill's backers declared would be remembered "when the next election rolls around."

That the long-discussed proposal would bob up again in political campaigns and in congress was deemed sure by proponents and critics who had advanced in advance it had no chance of passage today.

In the last few minutes of debate, Representative Dinkens shouted the bill was "more absurd than painted on the floor of this house."

The bill, to pay pensioners up to \$300 monthly to persons 60 and over, would have provided revenue for paying its benefits through a graduated transactions tax ranging from one half of one to two percent.

Just before the final vote, a loud chorus of noes squelched an effort by Representative Treadaway (D-Mass) to send the bill back to committee.

Treadaway, ranking republican on the ways and means committee, proposed that the legislation be returned to that group for further consideration with a view to bringing forth a bill that would provide "just the equitable pensions" for elderly persons "on a pay as you go basis."

REVENUE RECORD

AUSTIN, June 1 (AP)—With collections amounting to \$498,232, liquor and beer revenues set a new high for the month of May, the liquor control board reported today.

The president kept abed today with a sinus cold and a slight fever. Officials said that if he could not attend dinner at the White House tonight he would receive the business men in his study afterward. Secretary Hopkins, in that event, would preside; as host at the dinner.

It was said later these also were to attend:

W. A. Harriman, chairman of the board of the Union Pacific railroad; A. D. Whiteside, president of Dun and Bradstreet; E. R. Stettinius, chairman of the board, United States Steel corporation; J. F. Fogarty, president of the North American company; Carlo C. Conway, chairman of the board of the Continental Can company, and Gano Dunn, president of the J. G. White Engineering corporation.

PLANE FALLS IN BAY, TWO FLIERS KILLED

PENSACOLA, Fla., June 1 (AP)—Two fliers from the naval air station here were killed today when their training plane plunged into Pensacola bay. Navy officials identified the men as:

Joseph S. Fox, 34, Seattle, Wash., lieutenant junior grade naval reserve, flight instructor.

Alfred Peter Ivy, 23, Norfolk, Va., aviation machinist's mate, student at air station's training school.

Fox was married last Friday to Miss Norma Cook.

Deadlock On Tax Program Continues

Current Legislative Assembly Is Longest On Record

AUSTIN, June 1 (AP)—The house refused once more today to set a date for the end of the longest Texas legislative session on record.

Resolution Killed
By 93 to 45, it killed a resolution proposing June 10 as the adjournment date. The motion to table the resolution was made by Rep. Troy E. Kern of Cooper, opponent of the sales-natural resource tax constitutional amendment sponsored by Governor W. Lee O'Daniel.

The legislature has been deadlocked many weeks on how to raise taxes for more old age pensions and other social security purposes. The senate voted for the constitutional amendment while the house passed two statutory measures.

Although continuation of a filibuster against the fair trade act was scheduled in the senate and debate on a bill providing for preparation of a wet gas in the Panhandle was before the house, chief interest still revolved around pension taxes and adjournment.

Two new moves to finance payments to old folks were made in the house yesterday. One was an attempt for reconsideration of an income tax bill killed some time ago by the revenue and taxation committee. It failed by a vote of 79 to 45, two-thirds being required.

The second was an unsuccessful attempt by Rep. J. R. Faulkner of Waxahachie to introduce a statutory bill which he said embodied identical provisions of the senate-approved sales-natural resource tax constitutional amendment. Faulkner received a 103 to 35 favorable vote but a four-fifths approval was necessary. He said he would try again today.

Otherwise the two legislative branches remained deadlocked, the senate state affairs committee having killed the gross receipts and omnibus tax bills passed by the house, and the latter having rejected the constitutional amendment.

Yesterday's fireworks display was confined to the house and was featured by attacks on and defense of Gov. W. Lee O'Daniel for advocacy of a sales tax constitutional amendment and his criticism of a house group for opposing it.

Another Payment On Water Project Received From PWA

Third and last PWA payment until completion was received by the City of Big Spring Thursday for its waterworks improvement fund.

The payment, for 10 per cent of the half million dollar project cost, amounted to \$50,000 and brought the total of federal funds received on the job to date to \$175,000.

Money thus received by the city is issued as a progress payment to contractors. The final PWA payment of \$50,000 will be made after the work is complete and approved.

Estimates on the entire job, which includes two dams, pipelines, and filtration plant, show it to be around three-fourths finished.

Two Policemen Added By City

Appointment of two new members of the police department was approved by the city commission at a called meeting Wednesday.

Flood damage, however, was the principal cause of the meeting.

After hearing a summary of the worst damage by the "flash flood" Saturday night, the commission authorized City Manager E. V. Spence to proceed with plans for retrofitting damaged intersections with a pre-monsoon material. Concrete has also to be reworked with expansion joints which were omitted in original construction.

Named to the police staff were A. W. Crocker and W. J. O'Leary. Crocker has resided in Big Spring for several years, has been a member of the volunteer fire department and at one time was life guard at the municipal swimming pool. O'Leary, a former fireman of Big Spring, has been with the state department of public safety for four years.

Addition of the two men brings the number on the police force to 13, counting a combination police radio operator-driver as a member of the staff.

COMMENCEMENT PUNCH RATES HIGH GRADE

Here's a rich tangy fruit punch that's ideal for a commencement party.

By MRS. ALEXANDER GEORGE, AP Feature Service Writer
Gay graduation days call for gay parties. Many a mother will be helping the children wind up grammar and high school careers happily by helping at picnics or parties at home that require her services as cook.

A simple two-course meal will be perfectly all right, whether it's a picnic or a home gathering. Loads of sandwiches and a crispy salad make the first item; hot coffee or a chilled beverage with ice cream and home made cakes or cookies make the second.

A hearty salad will be best—chicken, tuna or stuffed tomatoes, Jellied fruit, veal or vegetable salads also are nice. Whatever the salad, be sure to have extra salad dressing within reach of the guests; nothing could be more disappointing than a salad that's too dry.

Make as wide variety of sandwiches as you can think of, or have time for.

Mrs. Agnell's Son To Marry Cisco Girl June 17th

Mrs. Della K. Agnell returned Wednesday from Cisco where she attended the announcement party given by Mrs. Sam Kimmell for her daughter, Lois, whose marriage to Mrs. Agnell's son, Alvin, will take place June 17th.

Personal To Fat Girls

Now you can slim down your face and figure without strict dieting or back-breaking exercises. Just eat sensibly and take 4 Marmola Tablets a day, according to the directions.

Marmola Tablets have been used to the public for more than thirty years. More than twenty million boxes have been distributed during that period.

Marmola is not intended as a cure-all for all ailments. This advertisement is intended only for fat persons who are normal and healthy otherwise and whose fatness is caused by a reduction in the secretion from the thyroid gland (hypo-thyroidism) with accompanying abnormal metabolic rates. No other representation is made as to this treatment except under these conditions according to the dosage as recommended.

We do not make any diagnosis as that is the function of your physician, who must be consulted for that purpose. The formula is included in every package. Start with Marmola today and win the slender lovely figure that is rightfully yours.

The annual celebration will open unofficially on Thursday night, June 8, at which Fort Stockton people will get a preview of the bathing revue setting on the pool, and at the same time elimination contests for Fort Stockton entrants will be held.

On the night of June 9th finals will be held in the junior and intermediate beauty revue groups. On the night of the 10th the All-West Texas Revue will be held to choose next year's queen, who will also be given an all-expense trip to the Golden Gate exposition, San Francisco.

A parade on the morning of the 9th, firemen's races and water fights, and exhibitions by the Ambassador Swimming team of Los Angeles will provide additional entertainment on the first two days. Dances will be held on the nights of the 9th and 10th.

Matched calf roping contests, featured by a contest between Sheriff Dan Bihl of Pecos county and Sheriff Louis Roberson of Reeves county, Pecos, will be held on the 9th, 10th and 11th.

The Spring City golf club's annual invitation tournament will be held on the Rooney park course, with qualifying rounds on the 10th and finals on the 11th. Many of West Texas' best golfers have entered.

Hill Calls For Lobby Probe

AUSTIN, June 1 (AP)—Asserting they had in some instances resorted to "illegitimate" means to influence the legislature, Senator Joe Hill of Henderson today introduced a resolution authorizing a five-member committee investigation of money spent by lobby groups since the general session began.

The senate refused to immediately consider Hill's proposal which was placed on the calendar from where it may be called up later. The resolution said methods used by some lobby groups to influence the legislature had brought the lawmakers into "disrepute."

HENDRICK HOME FOR CHILDREN TO BE OPENED SOON AT ABILENE

The Hendrick Home for Children, Abilene, pictured here, will open its doors in a few days to the first 15 child residents. Eventually it will be the home of 140 to 150 children, 2 to 12 years of age. The public has been invited to inspect the institution Friday, Saturday and Sunday, June 2, 3 and 4, from 2 to 5 p. m. daily. The home was founded and endowed and the plant built and equipped by Mr. and Mrs. T. G. Hendrick of Abilene. The main building, shown here, is 415 feet long. It houses dormitories for boys and girls in the wings, and all administrative facilities in the center section. This building, and other structures such as superintendent's home, staff quarters, garages and stables have cost approximately \$300,000. It is located on a 53-acre tract just south of Abilene, bought for the purpose by the Hendricks.

stitutional amendment for revenue raising.

Hill's measure pointed out the legislature had a clear mandate from the people to raise money for operating expenses and to finance social security services but representatives of big interests had not resorted to the normal rights of petition and redress.

"There now exists a situation wherein the legislative branch of the government is subject to influences contrary to the best interests of the government," the resolution said.

Hill proposed that committee-men examine the expense accounts, vouchers and hotel bills of all lobby groups with the aid of the attorney general's department and state police.

The senate has a standing investigating committee with powers to inquire into any subject it deems wise.

BOSS PROVIDES REFRESHMENTS

LAWTON, Okla., June 1 (AP)—Employees of a tank company here lay down their tools at 10 o'clock every morning and have crackers and cold milk—on the boss.

Shop talk is out during the five-minute rest period.

"Most of the men probably hurry to work on a light breakfast rest," said proprietor Fred Larrance, who started the plan this week. "By 10 o'clock they are a little hungry and weary."

The refreshing effect of the milk and crackers and the rest puts them in the frame of mind to continue their work until noon.

Dickens Co. Judge Heads Texas Tech Ex-Student Assn.

MARSHALL FORMBY

LUBBOCK, June 1—New president of the 40,000 graduates and ex-students of Texas Technological college is Judge Marshall Formby of Dickens. Judge Formby, county judge of Dickens county and a Tech graduate of 1932, was elected president of the Alumni and Ex-Students' association at the annual banquet and business meeting.

Formby, 28-year-old county judge, was editor of the Texas Tech newspaper, The Toreador, during his senior year in Tech. He is serving his third year as county judge of Dickens county. Following his graduation from Tech and before his election as county judge in 1936, he worked on newspapers at Aspermont, Miami, Fla., and Vernon and worked in the agricultural department in Washington.

Inventors Show Latest Gadgets

CHICAGO, June 1 (AP)—Bright ideas by the dozens, lovingly packed in excelsior, began to arrive at the national inventors congress today for the annual exhibition which begins June 6.

Roy Burns, managing director of the congress, estimated 300 to 500 of the very latest gadgets would be on display. He said he might think up something himself for the occasion.

John Lapka's contribution is already unpacked. It's just another shaving brush to the unpracticed eye, but turn the handle and out from the bristles pops a second, smaller brush for soaping narrow surfaces such as the mustache line.

From a table of gadgets Burns picked up what looked like a deep electric socket.

"This is an electric mouse trap," he said. "You place the cheese in the socket and then connect it to a wall plug. The mouse comes creeping in, takes a sniff, take a bite, and whango."

Burns paused for a moment's deliberation. Then he added: "It also toasts the cheese."

SUB SALVAGE IS A SLOW TASK

PORTSMOUTH, N. H., June 1 (AP)—Asserting he was satisfied with the progress of salvage work on the sunken submarine Squalus, Read Admiral C. W. Cole said today it was important the public realize "this necessarily is a slow, tedious task."

In charge of the work since the Squalus sank a week ago Tuesday, the admiral declared the work was proceeding according to routine, with efforts now underway to blow out 600 tons of water from the water-filled after compartments which house the 26 dead.

The forward sections of the submarine already have been placed under air pressure and when buoyancy is induced into the remainder of the craft pontoons will be brought out for the actual raising process.

AAA EXPENDITURES

WASHINGTON, June 1 (AP)—The Agricultural Adjustment Administration reported today it paid out \$551,726,940 in crop control subsidies and operating expenses during the 10 months ended May 1.

The AAA expenditures by states included: New Mexico \$1,721,289; Oklahoma \$18,746,274; Texas \$71,128,597.

TWO ARE ROBBED

HOUSTON, June 1 (AP)—Officers today sought two men who, L. M. Morgan of Tyler reported, robbed him of \$20 and kidnaped his traveling companion, Albert Jones.

The men were held up yesterday on a bridge near here. Morgan told police the robbers forced his automobile off the high-

way, threatened him and Jones with pistols, searched them and forced Jones to get into their car.

Morgan said the robbers headed toward Houston.

More mule colts were foaled in the United States in 1938 than any year since 1923, the bureau of agricultural economics reported.

FAVORS THIRD DEGREE

NEW ORLEANS, June 1 (AP)—Chief of Detectives John J. Crouch says the "third degree" is the "only way to handle criminals."

Yesterday he backed up his contention by declaring to a luncheon club audience he would resign if the people of New Orleans ever required him to desist.

In 1938-39, foreign cotton production was 15,700,000 bales and United States production 11,697,000.

Under the federal farm program a farmer may earn \$3 an acre by planting and turning under winter cover crops.

Dates for Big Spring's second annual West Texas Junior Invitational golf tournament, the Munny course's meeting open to youths 21 years of age and under of this vicinity, have been tentatively established for July 12-13-14, H. F. Malone, recreation director, recently announced.

Last season's June meeting attracted some 60 entrants from throughout a wide sector. Pro Harold Akey is expecting that figure to be bettered this time.

An entry fee of \$1 will be in effect. Akey said he felt that the purchase of better prizes for the winners necessitated asking for a higher fee. Lodging, a usual, will be offered. Visiting players need only bring cots and bedding. The community center buildings being erected in the city park will be available to all visitors.

Last year Jack Woods, San Angelo, defeated Darrell McGuire, Big Spring, in the final round.

Akey also intends to begin his first invitational tournament around July 21 but is waiting on other West Texas clubs to set their tournaments before making a definite announcement.

Second guessing Tony Rego in last night's fray between the Barons and Abilene Apaches: The skipper could have played for a tie in the seventh and ninth innings when Big Spring was trailing, 5-4. In the seventh Jodie Marek, who had been retired on strikes three times previously, could have sacrificed to score the runner from third. Instead he swung and missed again. In the ninth Dick Hobson and Al Berndt were jerked for pinch hitters with the tying run on second base.

John Tysko, Abilene fliker, was having more trouble with right-handers than stoppaws at that stage. This thing about winning ball games after they're already lost is interesting and pleasant business. One can't lose.

The Sporting News reports that Harry Siebert, ex-Baron first sacker, is crossing 'em up with his hitting with the Mansfield club of the Ohio State league. Harry pecks away with a .171 mark in his own park but storms through with a mace average of better than .348 while the team is on the road.

A news service report of the English Levis-Babe Rieckey fight in Lubbock Wednesday evening which the Babe won in a third round knockout says the Chicago fish peddler's record re-

Devils Oppose Lone Star At Park Tonight

In a game that should decide the champions of first half play, Anderson's Devils and Lone Star Chevrolet tangle this evening at the city park diamond in the feature Munny softball league game.

Lone Star is undefeated but will face a difficult hurdle in Ben Daniel's crew who sacked up last year's title and who have gained fitness after taking a licking in their opening assignment.

Willie Lonsford loomed up just a bit in his Wednesday evening assignment but nevertheless paced his Forsan Oilers to an easy 8-4 victory over Collins Brothers Drug in the feature game at the park.

Hurrier of two straight no-hits, no-run games within the past 10 days, Lonsford gave four hits to the Devils, the same number his mates managed off McMillan, Collins fliker, but Willie won out with the better clutch pitching.

The Oilers tallied four runs in the first frame and came back with a four-run uprising in the fifth after the Soda Skeets had deadlocked the score with two runs in the third.

Bell loomed on one of Lonsford's fast ones for a home run in the second frame. In the aftermath McGehee's Super Service gained a bruising 16-5 victory over Jack Frost Drug, scoring six runs in the initial round to settle the issue at that stage.

Teams Move To Abilene For Fourth Game

By HANK HART

Tony Rego's late inning strategy backfired and the Big Spring Barons took a 5-4 drubbing at the hands of the Abilene Apaches in the third game of the series here Wednesday evening.

Falling to capitalize on a chance to gain at least a tie in the seventh frame when the Barons filled the sacks with only one out, Rego again played for a win in the ninth frame after Billy Capps had singled and been dispatched to second base on Curt Schmidt's sacrifice.

The little manager sent in two lefthanders, Jack Seabo and Lefty Janichek, as pinch hitters and had them swinging from their heels in attempts to break up the ball game. Both struck out.

Hillin Homers Bob Hillin's home run in the fifth frame provided the margin of victory for the Apaches in a grand pitching duel between the Apaches' Johnny Tysko and Jodie Marek, Big Spring ace.

The Barons had Tysko in plenty of "hot spots" during the late innings but he contributed trojan work in the clutches. The 19-year-old Ohioan surrendered seven base blows, struck out ten and left 12 men stranded on the bases.

Marek was almost airtight, giving but eight hits and strengthening after Hillin's homer to pitch hitless ball, retiring 15 of the 16 men to face him.

Tysko's bat played a large part in the victory in the fourth frame when he singled to score Morris and Danner after Evans had broken the ice with a run on Danner's sacrifice.

The Big Spring offense got to rolling in the fourth when Tex Walton gained his second walk, went to second on Pat Stacey's single and romped home on Curt Schmidt's double. Hobson walked to populate the bags but Berndt forced Stacey at home on a roller to Tysko in the box and Marek whiffed to retire the side.

Couldn't Score Two runners were also put aboard in the fifth but the locals couldn't tally again until the sixth when Bobby Decker singled to drive in Schmidt and Loken miscued on Loyd's ground ball, allowing Berndt to tally.

In the seventh Stacey singled and went to the keystone on Loken's wild throw, waited there while Billy Capps gained a free pass and Schmidt fanned, then Forsan home on Dick Hobson's base blow. Berndt worked a pass out of Tysko to put runners on every bag but Marek fanned and the rally ended, Loken to Morris.

The two teams move to Abilene where tonight they open a three game series. Clarence Trantham was scheduled to open on the hill Bryant, as 2 0 0 for the Barons while Slim Reinold was to be Manager Tat Withers Baker, m 2 1 0 Jones, lf 2 1 0 Totals 29 5 5

S'final Duels In Net Meet Slated Today

Championship semifinal matches in the Big Spring Tennis association's city tournament will be played beginning at 8 o'clock this afternoon at the Munny park courts with Jimmy Myers meeting George Tillinghast in the upper bracket of play and Marvin House, Jr., opposing Harry Jordan for the right to go into the finals.

Tillinghast became eligible to meet Myers by decisioning Jack Penrose, 6-4, 6-3, in a Wednesday afternoon duel.

The finals will probably be played Sunday afternoon. In championship consolation Wednesday, J. H. Brown decisioned H. F. Malone, 7-5, 6-3, and Pete Kling was defeated by Jack Woods, 4-6, 4-6.

Panthers Win In 20 Rounds

By the Associated Press

Rain postponed three games in the Texas League last night but the Fort Worth Cats and Oklahoma City Indians made up for at least two of them.

The Panthers and Redskins played 20 innings—four hours and 28 minutes—and when the smoke cleared away in the early morning breezes Fort Worth had won 4-3 and laid into fourth place.

Johnnie Stonehame smacked a triple and Ralph Younkers bounced out an infield hit to bring the Panthers their victory and send Oklahoma City into the second division.

Ray Starr, of the Fort Worth pitching staff, hurled the last 18-2-3 innings, out-twirling the veteran Jack Brillheart, Wiley Moore and Ash Hillin.

By the Associated Press Texarkana failed to co-operate, so, the East Texas League had a new leader today.

"Co-operation" is meant the habit the Liners had been pursuing of losing when the leading Henderson Oilers dropped a game.

Last night Texarkana trimmed Tyler 2-0 while Henderson was going down, 5-3, before Palestine and the Liners now top the loop by 18 percentage points.

Archie Cook bused Bill Robertson in a mound duel at Tyler as the Trojans dropped their eighth straight.

Curtis Johnson, Palestine hurler, had Henderson to seven hits as his mates hit in the clinches.

Walter Brown pitched Kilgore to a 5-2 win over Jacksonville and Marshall blanked Longview 3-0 before the nifty hurling of Anderson.

By EARL HILLIGAN CHICAGO, June 1 (AP)—Ted Lyons, who 16 years ago this month decided he'd look better in a Chicago White Sox uniform than a cap and gown, drew a verbal "danger line" today for the benefit of young pitchers now nursing hopes of making the big jump to the professional diamond—without backsliding.

The "Bayler Bearcat" should know something about that jump. He came directly from Baylor University to the White Sox in 1923 and has been with the club through his entire major league career. At 38 he's started his 17th season with four straight wins in five starts on the hill—and baseball veterans say he's never looked better.

"There isn't any mystery to this right arm of mine," he laughed today. "I've simply taken care of it and now I get the proper rest between starts. But with hundreds of young players getting ready to graduate from college these days, I'd like to give them a tip or two.

"Young pitchers, particularly, should try to remember that when their arms get tired they are at the danger point. Many

Trades React Strangely On Occasions

Todd, Striking Example, Big Noise In Brook Win

By JUDSON BAILEY Associated Press Sports Writer

Without much of the usual fanfare, there has been considerable trading before and during the present major league baseball season and most of it must taste pretty sour about now to the clubs concerned.

There are some exceptions. The Brooklyn Dodgers look a lot of chiding about their castoffs, but they're in fifth place in the National league today—a notch above the New York Giants—and that is what counts in Flatbush.

The Dodgers rebuffed their special enemies, 7-4, in yesterday's only big league game and one of the heroes was Al Todd, the paunchy catcher Pittsburgh couldn't use. He delivered a pinch double in the midst of a three-run uprising that decided the game in the eighth inning.

The Pittsburgh Pirates blamed Todd to a considerable extent for their collapse in last year's pennant race and sent him to the Boston Bees in a straight deal for Ray Mueller. But after the first few games of the season Manager Pie Traynor gave up on Mueller and turned to Ray Berres, his No. 2 backup last season. This would seem to indicate he gained nothing in the exchange.

Wassell To Minors Clark Griffith whose David Harum tactics with the Washington Senators earned him the nickname of the "Old Fox," likewise didn't care for Zeke Bonura at first base so he waived him out of the American league into the camp of the Giants. But yesterday the Senators finally decided that Jim Wassell was even worse and released him to Minneapolis in the American association. Now they hope to get along with outfielder Sammy West at first base.

Recently the St. Louis Browns sent Buck Newsom and three other players to the Detroit Tigers for Vernon Kennedy and five others. The Browns were getting hitting and needed pitching. They still need pitching—and have lost 15 of the 17 games they have played since the deal went through.

The biggest previous transaction was the off-season swap of the Chicago Cubs and the Giants in which each club gave three players. Neither club gained appreciably.

The most consistent performer since this spring have been given by the teams that did the least trading, for instance the Cincinnati Reds and St. Louis Cardinals.

Several factors have contributed to the shift in sentiment. Nova has trained methodically at Nyack, obviously gaining confidence. Jim Braddock, who took the title from Baer, has been training almost daily with Lou, teaching him how to make a sap out of Maxie, and will be in his corner tonight.

Bear, on the other hand, has not been so impressive. Suddenly turning serious after all the gay years doesn't appear to have agreed with him. There's no doubt he has gone at it like a martyr, yet somehow he looks tired and the elastic has gone from his legs.

Nova is not a fighter of great experience. He has had only 26 bouts as a professional. He isn't particularly colorful. On Nova's side, though, are other qualities. He is big

OVER \$172,000 IN COTTON BENEFITS FOR MARTIN CO.
 STANTON, June 1 (Sp)—Martin county farmers have received to date, 1,081 AAA checks, amounting to \$172,689.10. This represents a total of 697 applications paid, of the 820 applications made. A total payment of \$225,000 is due, making an average of \$288.34 per farm. Approximately fifteen per cent of the checks have not as yet been received. Since the AAA started in 1933, Martin county has received a total of \$814,481.34.

New Apportionment System To Be Worked Out At '40 Demo Conclave
 WASHINGTON, June 1 (UP)—The south, which yielded its cherished two-thirds rule at the last democratic national convention, is to be given more delegates and a louder voice in the selection of the party's nominee for president—after 1940. The plan is to be worked out during the next year and submitted to the 1940 convention for approval. The delegates to that convention will be chosen on the usual basis of two for each senator and representative in congress, plus 22 delegates from the District of Columbia and the five territorial possessions. Between now and next year's convention, however, Democratic Chairman James A. Farley will appoint a committee to work out a method of improving the apportionment of convention delegates. The committee will be instructed to take into account the democratic strength within each state. The new plan was not mentioned in the resolution of the 1936 national convention which voted out the two-thirds rule and instructed that a new apportionment be made, but its effect would be to raise by a bonus system, the number of delegates from the solid south. Such a system long has been in effect in the division of delegates to republican conventions, though there it acts conversely to trim down the number of southern delegates. The scheme is based on the theory that the states—and as practiced by the republicans, the congressional districts—which supply big majorities for the party's ticket are entitled to a stronger voice in the selection of its presidential candidates. Since 1832, when Andrew Jackson gave the democratic party the two-thirds rule, any candidate getting either the presidential or vice presidential nomination had to obtain the votes of two-thirds of the convention delegates. The rule was abandoned in 1936 after wrecking the hopes of many presidential aspirants during its century of operation. But southerners had regarded it as a weapon for protecting themselves against the selection of a candidate antagonistic to their interests. By any bonus system that is figured out to accord more delegates for bigger democratic majorities, the states of the solid south figure to gain. In the 10 states that are usually counted as the politically solid south—Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Texas and Virginia—no high elective office is held by a republican, either within the states or in congress.

KBST NOTES—Schedule Altered For Baseball Broadcast

The "Community Sing" featuring the Sunnyside quartet and heard each Thursday night at 8 o'clock, will be broadcast this Thursday night at 7 o'clock so that KBST can bring you the baseball game between Abilene and Big Spring.

LOOK THEIR PARTS
 In many a radio show, a six-foot heroine sighs while a five-foot-three hero whispers soft words of romance. The radio is funny that way. There is one program, however, "Peter Quill," heard every Friday at 7 p. m. over the Mutual network, that is different. The characters look as much as possible like what they are supposed to represent. Alice Hill, who plays the heroine, is a petite blonde. Ken Griffin, the hero, is six feet tall and weighs 175 pounds. The part of "Peter Quill" is more difficult. Quill is supposed to be a distorted, ugly genius. Actor Hugh Studebaker is not only one of Chicago's best actors, but a master at make-up. Friday night "Peter Quill" presents a new exciting episode in the eerie locale of Scarab Island, off the Atlantic seaboard.

PT. ARTHUR MAN BIDS FOR DALLAS CITY MANAGERSHIP

DALLAS, June 1 (AP)—Mayor Woodall Rogers said today Parsons P. Pilcher, city manager of Fort Arthur, had asked that he be considered for city manager of Dallas. Rogers said Pilcher yesterday called on him during a brief stay here while on his way to Kentucky and Tennessee. Rogers added that Pilcher would be interviewed by the city council in about ten days when he returned to Texas, unless a manager had been picked before that time.

EARTH TREMORS FELT IN EASTERN OKLA.

TULSA, Okla., June 1 (AP)—Several eastern Oklahoma cities felt earth tremors strong enough to jar buildings early today but no damage was reported. Scores of Tulsans were awakened shortly before 2 a. m. by a tremor one observer said lasted "six or seven seconds." It was noticeable in apartment buildings and upper floors of houses. A shock in Okmulgee, of sufficient intensity to rattle windows, was reported to have lasted ten minutes. Muskogee and Holdenville also felt the quake. A Holdenville police sergeant said it shoved his desk about six inches.

Schedules Altered As Bus Company Changes Hands

Acquisition of the Union Bus Lines in this area by the Kerrville Bus Co., effective today, will necessitate a general revision of bus schedules here, L. B. Williams, terminal manager, announced. The Kerrville company is taking over operation of all Union lines from Big Spring and Abilene south to San Antonio. Union retains some South Texas lines. Arrivals on the southbound schedule now are set for 2:35 a. m., 9:20 a. m., 4:35 p. m., and 10:35 p. m. Southbound departures are set for 7:15 a. m., 10:30 a. m., 3:25 p. m., and 11:00 p. m. Greyhound and South Plains lines are affected more or less by the south line change.
