**MOTLEY COUNTY MATADORS**—burst through the sign as they enter the field to kick-off the 1991 Football season, during last Thursday night's Fall Sports Spirit Rally. The Coaches, High School and the Jr. High football teams, Cross Country Track Girls, Jr. High and High School Cheerleaders, Sponsors and Motley County students were honored at the Rally. Motley County Matadors will meet the Roby Lions this Friday night on Burleson Field at 8:00 p.m. for their first home game.

**HOME OF THE MIGHTY MATADORS**—This sign tells it all as all Motley County Students join hands while singing "God Bless America" during last Thursday night's Spirit Rally. Pictured are the Jr. High Mavericks, Jr. High and High School Cheerleaders, Principal Dick Van Hoose, and singing group, Sharon Van Hoose, Kathy Shorter, Pennie Keltz and Carolyn Ewing.

## School Board Accepts Tax Proposal

On August 28, the Motley County ISD Board of Trustees met to review and approve a budget and tax rate proposal for the 1991-92 school year. After Superintendent Blanch explained the three Budget and tax rate options, President Guy Campbell reminded the Board that regardless of the Board's desire not to raise taxes and after working these past years to keep taxes down, the State law now mandates the tax rate be raised to meet State requirements or the school district will not receive any State funding. Campbell commended the work to prepare the budget and tax rate options. The three options are:  
A. 9212 per \$100 raising \$1,509,981.00

for expenditures.  
B. 9432 per \$100 for \$1,522,981.00.  
C. 9672 per \$100 for \$1,536,981.00.  
After several votes, option B failed twice and option A failed once. After more discussion, option A passed, 4 for and 3 against. This option, broken down is CED at .745-I&B (Interest and Bonded Debt) at .1562+M&O (Maintenance and Operations) at .02 equals .9212 per \$100 proposed tax rate for 91 and 92.  
Other items on the agenda were to appoint Superintendent Blanch as representative for the school luncheon. To employ a Spanish teacher for 1/2 day and set a tax rate hearing for September 11. Meeting adjourned.

## Dedication of Markers in Pioneer Memorial Park

Two bronze markers which he donated, were dedicated August 24 by W.A. Pettey of Lubbock in memory of the late Douglas Meador and to pioneers of Motley County. The service took place at Pioneer Memorial Park, which Meador had designated as a memorial to his parents and other pioneers of the county.

Forrest Campbell, Master of Ceremonies, welcomed the visitors and introduced the program, which included the reading of two passages from Meador's "Trail Dust", by Rev. Gaylon Cox, pastor of First Baptist Church; dedication of the two plaques by Dr. Pettey, and remarks by J.E. Edwards and other friends who had gathered to pay homage to the memory of the former, longtime publisher of the Roaring Springs News and Matador Tribune. A letter also was read from Rev. Gene Hawkins of Lubbock, Director of Missions of the Lubbock Baptist Association, a former pastor here. In benediction, a dedication prayer was offered by Rev. Cox.

The plaques replaced a former marker presented to Douglas Meador in 1972 by the Cimarron Valley Historical Society by the late Harold Brown of Yale, Oklahoma, president of that organization, which was stolen last summer. The new plaques read: "In Memory of Douglas Meador, voice of the Foothill Country, Author of the column 'Trail Dust' Editor of the Matador Tribune, Printer, Poet, Philosopher." and "Honoring His Parents and the other pioneers of Motley County."

This gathering of friends and relatives (Cora Hall, Larry Markham and Dena Meador) included members of the Matador Garden Club who have maintained the park since 1975. Also in the group were two who had ties with the Matador Tribune: a former employee, Mrs. Milton Edwards of Tahoka, the former Mary Ann Woosley, who took the pictures of the event, and Mrs. R.E. Donovan (Hazel) a faithful volunteer on press nights and during many crisis. Others from out of town who attended the dedication, in addition to Mr. and Mrs. Pettey, were Mr. and Mrs. Nolan Fulkerson of Lubbock who visited overnight on Friday with her sister, Mrs. Meador.  
Mr. Pettey's dedication read as follows:

"Ladies and Gentlemen: I have never been honored more in my life than to be here today to honor the memory of a friend, Ben Douglas Meador.

Forty-one years of friendship with Doug Meador gives me the right to say he was unique. He could, with equal ease, turn a tender phrase or tell a raucously funny story; elegantly address a balky printing press or write a piece on religion. He loved the oppressed and despised the

oppressor. In his writings, the commonplace blossomed forth - brilliantly. To me he had no peer in the use of poetic and descriptive language.

Doug Meador had the best of both worlds. Born in 1901 at Matador, it was his privilege to experience the true pioneer and frontier days of western Texas and to live through and see the entire area become one of the most productive in the entire world. It provided him the living drama of development of man and machine over a period of seven decades.

Doug lived some of his early years in a dugout, and although privation was a constant guest, basic family needs were met. He later wrote: 'Some of the tenderest memories of my childhood are embellished by the plain, dirt walls of the dug-out that was my home. The great white cottonwood ridge-log provided a feeling of security...that was soothing to childish fears...Life was simple and real and there was time and place for dreaming.' And - dream, he did.

Except for a few short years, he lived in the Matador area his entire life. Early signs appeared that indicated he possessed an unusual writing talent. His urge to write took him as a high school senior to Hollywood for six years, the effort finally ending with his return to Matador.

Marriage to 'the prettiest girl in town', Lila Tipton, stabilized Doug who, after several difficult years, made a success of owning a weekly newspaper and job printing plant. His Matador Tribune became

the forum in which to display his superior writing skills by way of his column TRAIL DUST.

The walls of Doug's office held numerous commendatory plaques, awards and certificates conferred mostly by his admiring peers in the writing world, and the three Press Associations to which he belonged. Others came from the Matador High School, the Texas State Fair, the Texas State Legislature and other grateful beneficiaries who shared in his many contributions to their welfare. In viewing them, he said, 'Lila is the one who deserves them - not me'. He could hardly believe he had received so many honors for he was a humble, loving man.

Actually, he had been lavishly endowed with personal good traits. In 41 years of personal friendship with him, I never detected any bad ones. The good he did lived after him. I can truly say Doug Meador was a unique man.

He was a true Texan, born and bred. So Texan was he that on the masthead of his Matador Tribune he carried for many years this statement: 'There's glory enough for any man to live and die a Texan'. And, he fully believed that.

Douglas Meador was part and parcel of our great southwest. He was as big as the country that bore him. That high canopy of cloud-studded, endless West Texas sky above him and the limitless good earth beneath his feet were his world.

He loved the first bloom of the wild

## Lions Club Report

The Matador Lions Club met Tuesday, September 3 for their regular luncheon meeting.

Speaker for the meeting was Coach Mo Hodges, Motley County ISD Head Football Coach. He said the team was beginning to come together. He lost two starters, but gained some new boys that are working out good. There are 35 boys suited out.

Two boys, Noel Guerrero and Brad Wilson, will not play this week due to injuries. Coach Tony Raffaele is in a leg cast due to an accident. The first home game is this Friday night against Roby. Coach Hodges stated that JV games

have been canceled due to not having enough players. They need 40 boys to have two teams.

Coach Hodges thanked the Lions for all their help and support.

Max Smithey, a Football Official informed the Lions of the new rule changes for this football season. Smithey stated they are going to enforce good sportsmanship back into the game.

Twenty-four Lions and four guests enjoyed lunch and the program.

Boss Lion Rocky Vinson, announced October 1 will be the Ladies Night Out and Teacher Appreciation Banquet.

## PTO To Hold First Meeting

by Sherry Rose

The Motley County PTO will be holding their first meeting for the 1991-92 school year, Tuesday, September 10, at 7:00 p.m. in the School Cafeteria. This is a get-acquainted meeting for parents and teachers.

The purposes of the PTO organization are:

To promote the welfare of children and youth in home, school, community, and place of worship;

To raise the standards of home life;

To secure adequate laws for the care and protection of children and youth;

To bring into closer relation the home and the school, that parents and teachers may cooperate intelligently in the education of children and youth;

To develop between educators and general public such united efforts as will secure for all children and youth the highest advantages in physical, mental, social, and spiritual education.

Anyone is welcome to attend these meetings. They are not for parents and teachers only.

A coloring contest is now in progress for grades Kindergarten through 12th grade. Prizes will be awarded at this meeting.

## CHILDREN SHOULD GET ON THE LOW-CHOLESTEROL TRACK.....

Research shows kids with high cholesterol - from diet or genetic makeup - seem to maintain that as adults. High cholesterol has been linked to increased risk of heart disease, the number one killer in the United States.

The National Education Program of the National Heart, Lung and Blood Institute issued its first dietary guidelines in April for hypercholesterolemia - high blood cholesterol.

The institute recommends that kids two and older follow a heart healthy diet, with saturated fat making up less than 10 percent of total calories and total fat no more than 30 percent. Cholesterol shouldn't exceed 300 milligrams daily. Nutritional adequacy should be achieved by eating a wide variety of foods. Energy (calories) should be adequate to support growth and development and to reach or maintain desirable body weight.

The panel's recommendations are not intended for infants from birth to two years of age, whose fast growth requires a higher percentage of calories from fat. Toddlers two and three years old can safely make the transition to the recommended eating pattern as they begin to eat with the family.

Most children diets exceed 35 percent fat. Fat and cholesterol levels in the United States are higher than most other countries. So there's room for improvement.

"The earlier you start, it seems to be easier to teach them healthy habits, get them to adopt healthy lifestyles, and teach responsibility for their health," says Dr. Gerald Berenson, director of the Bogalusa (La.) Heart Study. "It keeps them out of unhealthy habits like smoking, alcohol, and drugs. You're inoculating them against unhealthy lifestyles."

With these recommendations to guide them, parents and kids now have little excuse to avoid healthier eating. Even fast food chains are offering more healthful choices; federal agencies are working on uniform nutrition labels for supermarket food products.

It is important to be informed, but being informed hasn't been easy. These are the first official, detailed guidelines for children's diets approved by a consensus of medical and nutrition experts.

## NEW LIGHT SHED ON DIET BEHAVIOR CONNECTIONS....

At a recent forum on diet and behavior sponsored by the American Dietetic Association National Center for Nutrition and Dietetics, speakers addressed a range of issues relating to childhood behavior.

Reviewing recent research on the effects of food on learning and behavior in children, Dr. Johanna Dwyer, Professor of Medicine at Tufts University and Director of the Frances Stern Nutrition Center, stressed the importance of school breakfast and other food programs. "School breakfasts and other school meals supply a meal that children would not otherwise eat." According to Dwyer, studies show a definite relationship between nutritional status and school achievement, with such factors as hunger, lack of school meals, and iron deficiency correlating with poor performance.

Educational programs conducted by the Texas Agricultural Extension Service are for people of all ages regardless of socio-economic level, race, color, sex, religion, handicap, or national origin.

# Blackpowder Shoot Scheduled For September 8

A Blackpowder Shoot will be held on September 8, 1991 at 2:00 p.m. at the home of Spencer and Wilda Dixon of Matador. Their home is located 7 miles North on TX 70, than about 1/4 mile West on FM 2999, then South to large brown house.

Currently, we only shoot patched round balls with open sights and there will be paper and "primitive" targets as well as some "just for fun" type targets. Those that wish to participate will be charged \$1.00 per target and there will be 5 or 6,

including at least one for pistols. Anyone that is interested in blackpowder shooting and hunting, as well as those that are interested in buckskinning are welcome and encouraged to attend and help us organize a club. Remember this is a FAMILY sport, which means that everyone is welcome. Any one that just wants to be a spectator is welcome to come, but if you want a chair, you will have to bring your own.

Everyone come shoot with us and see how much fun it is!

## SEEDS FROM THE SOWER

Michael A. Guido  
Metter, Georgia

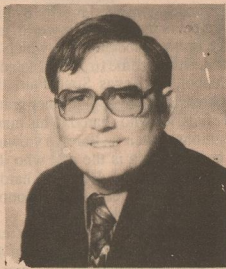

One day I visited a home and I heard a woman wail, "Poor me."

"What's the matter?" I asked. "My mom had a little trouble," said her daughter, "and she's having a pity-party."

But the true expression of a Christian isn't a sigh, it's a song. Look at our Lord. He was about to be betrayed with a kiss and brutally crucified. And His disciples were about to be scattered and slain. How did they spend that night? Sighing? No, singing. The Saviour led them in a song.

Are you facing dark days? Don't have a pity-party and pout, try praising. Turn care into prayer, and sing the clouds away.

## Sorrow and Sadness

Every life will someday know sadness. This earth, with all of its problems guarantees such a time. Each one of us finds sadness in different ways. What makes one person sad may be overlooked by others. The reason this happens is that we are all touched by an array of varying circumstances. Our background and individual make-up determine to great extent our response to events.

There are some that have a hard time shedding tears but the feeling can nonetheless run very deeply. There is nothing wrong with the one who weeps freely in the hour of sorrow or sadness. Our Lord wept at a grave in Bethany (John 11:35). Jesus was also saddened over the sin found in Jerusalem.

God, who made us, provided us the strength to overcome sorrow and sadness. That strength is found in a nearness to Him. Jesus made that nearness possible at Calvary. Knowing we shall never be forsaken (Hebrews 13:6) lifts our spirits and puts us in tune with the heart-beat of heaven. Death holds no sting; the grave knows no victory; we simply hold to the hand of our Lord.

What a friend we have in Jesus! As Isaiah chapter 35 tells us, God has seen our tears and will hear our prayers. Remember this: Earth has no sorrow which Heaven can not heal.

## Amy's Anecdotes

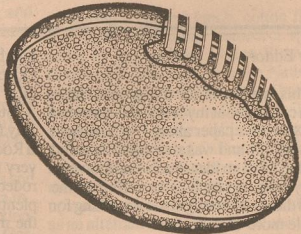

by Amy Woolsey

I have noticed that the Motley County Booster Club doesn't get the attention and recognition it needs.

They always do a great job at whatever they do. They make signs for all the active members in sports, cheerleading, and pep club, they hold Spirit Rallies, and they cheer the Matadors and Lady

Matadors all the way. But those are only a few things that the Booster Club do. They love us students enough to do things like that for us. They care.

I, myself, want to say a BIG thank you and I hope this is the recognition it needs. You most definitely deserve it. You do a great job. Thank you very much!!!

## TEACHER FEATURE

Libby Campbell

This year Motley County has some new teachers. Even though we may know

a few faces, they're new to the faculty system and we welcome them!

Our first new teacher of the week is Mrs. Libby Campbell.

She is the wife of Brent Campbell. Mrs. Campbell is originally from Lockney, Texas, where she graduated from Lockney high school in 1984. She then attended Texas Tech University. She taught at Plains for one year before coming to Motley County. She teaches Home Economics and a 7th and 8th grade gifted and talented class.

Mrs. Campbell thinks the students at Motley County are "very respectable and courteous - overall a great group of kids." Her goals are to make learning fun, to always strive for more knowledge, and to always lend a helping hand. Her hobbies include reading, cooking, exercising and decorating.

We want to welcome Mrs. Campbell to Motley County schools.

## NOTICE OF PUBLIC HEARING ON TAX INCREASE

The (Motley County I.S.D.) will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in (Motley County) by ( 6% ) percent. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be held on ( 09/11/91 ) at ( 7:30 P.M. ).

FOR the proposal: Stafford, Potts, Barton, and Francis

AGAINST the proposal: Jameson, Franks, and Campbell

PRESENT and not voting:

ABSENT:

(Names of all members of the governing body, showing how each voted on the proposal to consider the tax increase and, if one or more were absent, indicating the absences.)

The statement above shows the percentage increase the proposed rate represents over the ( .8481 ) tax rate that the unit published on ( August 29, 1991 ) ( ). The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	Last Year	This Year
Average home value	\$ 11,000.00	\$ 11,000.00
General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions)	\$ 5,000.00	\$ 5,000.00
Average taxable value	\$ 6,000.00	\$ 6,000.00
Tax rate	.8627	.9212 (proposed)
Tax	51.76	55.27 (proposed)

Under this proposal taxes on the average home would ( increase ) by \$ ( \$ 3.51 ) or ( 6% ) percent compared with last year's taxes.

Comparing tax rates without adjusting for changes in property value, the tax rate would ( increase ) by \$ ( .0585 ) per \$100 of taxable value or ( 6% ) percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

## Couple Exchanges Vows In Candlelit Ceremony

Mrs. Kody Hardin (nee Carolee Hughes)

Carolee Hughes of Afton and Kody Hardin of Borger were united in marriage in a double ring ceremony on Saturday, August 24, 1991, at 2:30 p.m. in the Afton Baptist Church. The ceremony was performed by Morris Pruitt, uncle of the bride, before a candlelit altar trimmed with greenery and flowers.

The bride, given in marriage by her father, wore a gown of ivory satin. The bodice featured a sabrina neckline, lace overlay and long lace sleeves. The skirt and chapel length train were edged with wide lace. The bride's handsewn lace headpiece was highlighted with seed pearls and featured an elbow length veil

of illusion. She carried a cascading bouquet of a variety of ivory blossoms and ribbons.

Something new was her attire. She wore her paternal grandmother's wedding ring, borrowed her mother's earrings and wore the traditional blue garter. Rhonda Smith served as maid of honor. Stephanie Mayfield was bridesmaid while Stephenie Hughes served as candlelighter. These attendants wore identical tea length dusty rose polished cotton dresses. Rhonda and Stephenie carried mixed bouquets of silk flowers done in dusty rose and country blue. Stephenie Hughes carried a single long stemmed rose.

Heather and Amanda Hughes, who served as flower girls, wore dresses of print polished cotton and carried baskets of flower petals.

Kyle Hardin of Billings, Montana, served his brother as best man. Jeffrey Burkes was groomsman and Les Woolsey served as usher. The groom's attendants wore pearl gray tuxedos.

The groom's tuxedo was ivory with matching shirt and shoes.

Piano selections were presented by Devonne Dillard. Pennie Keltz sang "I Will Be Here".

Guests were registered by Angie Burkes and Sandra Fulmer.

A reception was held in fellowship hall following the ceremony.

The bride's and groom's tables were covered with ivory lace over dusty rose

cloths. The bride's four tier heart shaped cake was ivory embellished with cascades of roses. Her bouquet flanked by pink tapers served as centerpiece. The groom's cake was chocolate and horse-shoe shaped. The centerpiece was a mauve and blue floral arrangement. Crystal and silver appointments were used.

The bride is the daughter of David and Allene Hughes of Afton. Parents of the groom are Floyd and Janey Harden of Childress.

The couple will be at home in Borger, where Mrs. Hardin is a student at Frank Phillips College and Mr. Hardin, a graduate of West Texas State University, is employed as a probation officer.

### Rehearsal Dinner

Floyd and Janey Hardin hosted a rehearsal supper in honor of their son, Kody Hardin and his fiancée, Carolee Hughes, on the evening of August 23, 1991. The catered meal was held at the Welcome Center at Roaring Springs Ranch, Roaring Springs, Texas.

### Bridal Shower

Miss Carolee Hughes, bride elect of Kody Hardin, was honored with a gift shower on July 27, 1991. Hostesses prepared and served an excellent brunch to the many guests. The setting for the gala was the home of Mrs. Joetta Bumgardner of Matador, Texas.

## Couple Announces Engagement

Mr. and Mrs. Michael Hinsley of Floydada wish to announce the forthcoming marriage of their daughter, Angela Lee to Timothy Myrick Lipham. He is the son of Mr. and Mrs. Julian Lipham of Floydada. Miss Hinsley is a 1988 graduate of Floydada High School and is employed with Dr. Phillips in Lubbock. Lipham is a 1984 graduate of Daingerfield High School and attends the Methodist School of Radiologic Technology in Lubbock. He is the grandson of Mrs. Nellie Lipham of Matador.

## Three M Company To Perform For Caprock Jamboree

Performers returning, by popular demand for the September 7th Jamboree will consist of: The Hal-Price Band; The FourNotes; The Three M Company; Mike and Tammy Garrett and Son; The Time Keepers and The Country Sounds. Entertainment will begin at 7:00 p.m.

The hamburger supper with all the trimmings will begin serving at 6:00 p.m.

The Jamboree directors would like to

thank all that helped and donated to the flea market and most of all Sybil Martin for her time spent sorting and selling the items. Also thanks to all that purchased

boot tickets. Dana (Garvin) Ware was the winner of the Roper boots purchased at Tiffin's Department Store. Without the support of our local merchants and citizens the Jamboree would not be possible. Don't forget! Saturday, September 7th!

## Letter to the Editor

Dear Editor,

This is a few of the things that I have been called about my letter that appeared in last week's paper about Old Settlers. I felt strongly and was sure that others did too, but I had no idea that I would have so many calls and each caller informed me that I didn't say enough, so I am asking for a little more of your time.

The people of Dickens and Motley County were to hold a prayer meeting on Wednesday night before the celebration started, but they were told they would have to pay \$100 for the use of the Tabernacle. Who ever heard of such a thing. The prayer meeting was held. Another non-profit organization have held their yearly Round-up at the Tabernacle for years. Usually have a good crowd from all over the state. No trouble, no drinking, just people wanting to help themselves and others, A.A. They cleaned up after themselves and left the grounds in good shape. Paid for the lights and toilet paper. This year they have been asked for more money.

What about providing eats for the Security guards. But our county officials and D.P.S. were not provided free food paid for by the Association, they did eat

but the food was provided by concerned citizens, who were having a family picnic.

Stamford has a Cowboy Reunion in July for cowboys. Old Settlers is not just a Rodeo, but for people to visit. There are very few old timers that are interested in rodeos and most every weekend there are plenty of those going on. If a big part of the money spent for the rodeo grounds had been spent for repairs and up-keep on the Tabernacle, restrooms, hook-ups for trailers and R.V.'s, so that old people could enjoy themselves, then it would be Old Settlers. Fees for camping, okay. One caller said with his family, they paid around \$36 before they even have a hamburger!

What a shame that we can't carry on a tradition, but that money and greed are the only things that matter.

I am sure that more people have been hurt and disappointed about the way Old Settlers has gone when it was once a big, happy occasion. Dancing, square dancing in the afternoon, singing, visiting and meeting one another each year. Memories are great, but — well — they will be dimmer if something doesn't change.

## HEALTH NEWS

### FRUITS AND VEGETABLES

the daily amount of vegetables and fruits.

A recent Gallup Poll commissioned by the International Food Information Council (IFIC) and the American Dietetic Association (ADA) indicates that almost three-quarters of Americans try to reduce fats, yet fewer than 10 percent report eating more fruits and vegetables, a major recommendation of most health experts.

"People who neglect fruits and vegetables are missing the nutritional mark! At least five servings a day are recommended to supply adequate amounts of vitamins, minerals, and fiber," said Cindy Rowell, an out patient dietitian at Methodist Hospital.

Fruits and vegetables are low fat, low sodium, contain no cholesterol and are high in potassium, fiber, beta-carotene and vitamin C.

There are several ways of increasing

1. A plain salad made from iceberg lettuce can be nutritionally empty. However, when you include dark greens such as fresh spinach or leaf lettuce, zucchini, bell peppers, carrots and/or broccoli you will build a nutritional salad.

2. Dishes such as coleslaw, tuna or chicken will be more interesting with the addition of raisins, grapes, apple chunks, pineapple or grated carrots. Pasta salad, potato salad and rice also taste great when raw or steamed vegetables are added to entrees.

3. Keep a bowl of fresh cut vegetables in the refrigerator for snacks.

4. Pack a piece of fresh fruit for an afternoon snack instead of candy.

5. Try one or more meatless meals per week, such as a baked potato topped with steamed vegetables, beans and rice or hot pasta with steamed vegetables and meatless spaghetti sauce.

## Public Notice

On June 28, 1991, Southwestern Bell Telephone Company (Southwestern Bell) filed an application with the Public Utility Commission of Texas (Commission) to add a new optional service offering for business Private Branch Exchange (PBX) Trunk customers called Digital Loop Service. The application has been assigned Docket No. 10461.

Digital Loop Service provides digital transmission of circuit switched voice and data communications between the customer's premises and the central office. This service allows the customer to use a 1.544 Mbps facility capable of delivering up to 24 line terminations. Southwestern Bell will provide Digital Loop Service within the customer's serving central office where facilities are available.

If approved by the Commission, the rates for the Digital Loop Service facilities will be \$445 per month for each digital transmission loop arrangement which provides a capacity of up to 24 line terminations, plus \$5 per month for each line termination and \$9 per month for each channel termination. The proposed rate for the unlimited use of the central office varies from \$12.25 up to \$18.90 per month for each line termination depending on the rate group classification, determined by the customer's location. Southwestern Bell estimates revenue of \$2.1 million from this offering during the first year.

As proposed by Southwestern Bell, customers who currently receive digital loop compatibility through facilities installed under a special construction agreement will have the option to receive their current digital loop arrangements pursuant to the Digital Loop Service Tariff or continue to pay their current charges until they make a change of location or account. Any increase in the number of line terminations to a customer's current digital transmission loop arrangement will be provided pursuant to the proposed Digital Loop Service Tariff; however, the customer will continue to have the option of paying current charges for the existing digital transmission loop capacity. Southwestern Bell's proposal to "grandfather" existing digital loop facility arrangements is subject to review and approval by the Commission.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible, but not later than October 15, 1991. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Public Information Office at (512) 458-0256. The telecommunications device for the deaf (TDD) number is (512) 458-0221.

### COTTON FROM THE FIELD TO FASHION

Cotton will be the spotlight with new scientific information on tillage and cropping systems to help put more profit into crop production on the Rolling Plains when the Texas Agricultural Experiment Station holds its annual field day at Chillicothe Thursday, September 26, 1991. There will also be a cotton style show and exhibits featuring peanut and watermelon production.

Field tours of the station's research projects and a variety of exhibits and special demonstrations of interest to both producers and homemakers are on the program, said Dr. Earl C. Gilmore, Resident Director of Research. From Chillicothe, the station is reached by going south on FM 91 until it intersects with FM 392, and continuing south on FM 392 for about a mile.

The program begins with exhibits and registration at 8:45 a.m. AT 9:15 a.m., Gilmore and Texas Agricultural Extension Service District Directors Ed Garnett and Elaine Houston will introduce guests.

Billy Harris, Extension Soils Specialist, will address "Water Quality and the Future of Agricultural Production in the Rolling Plains".

U.U. "Al" Alexander, Extension

Agronomist, will talk about Canola as a potential crop for the Rolling Plains.

Visitors then will be taken on trailer tours of the research plots. The tours will include Experiment Station Entomologist Dr. Jeff Slosser, who will discuss controlling aphids in cotton; Al Alexander will discuss water quality and cropping practices; Dr. Ed Clark will present research on cropping systems; Dr. Bill Pinchak will present information on forage sorghum quality; and Dr. Darrell Rosenow will review sorghum improvement.

During a catered lunch, cotton fashions from a traveling wardrobe, sponsored by the National Cotton Women's Committee, affiliated with the National Cotton Council, will be modeled by area residents. "Creations in Cotton" will be narrated by Carolyn Wilson. Carolyn Kyle, of "Something Different" in Quanah, will accessorize the models garments. Exhibits and displays will feature uses and marketing of cotton; watermelon as an alternative crop; and peanuts in the Rolling Plains. Also on hand will be the Wichita Falls Area Cattlewomen with an exhibit.

The program is approved for 3 Continuing Educational Units for commercial, non-commercial, and licensed private applicators in the State of Texas.

## Social Security Tips

by Mary Jane Shanes

If you plan to apply for Social Security retirement benefits, but find it difficult to visit a Social Security office, you can apply by telephone. Social Security personnel will take the necessary information over the phone and arrange to complete your application by mail.

You can call Social Security's toll free telephone number 1-800-234-5544 (1-800-234-5772), 7 a.m. to 7 p.m. every business day. The best times to call are early in the morning and later in the afternoon after the first week of the month.

You should apply for retirement benefits at least 2 or 3 months before you plan to stop working. This will help assure that your benefits will start the month of your retirement. The first check should be received early in the month after the first full month of your retirement.

You will need certain documents to establish your eligibility for benefits. They include your Social Security card or a record of the number and proof of your date of birth, such as a birth certificate or religious record of birth or baptism recorded early in life. These documents

must be original records or copies certified by the agency that issued them.

If you do not have the original records or certified copies, you should submit the best evidence you have of your date of birth. This includes, among others, schools and church records, a marriage license, a passport, and employment or military service papers.

You should also have your Form W-2 for the preceding year, or, if you are self-employed, a copy of your Schedule SE. The reason is that most recent reports of your earnings may not yet have been recorded in Social Security records.

If your spouse is applying for benefits, she or he will have to provide similar evidence.

If you have any more questions, call Social Security. Our toll-free telephone service is available from 7 a.m. to 7 p.m. in all time zones weekdays. The best times to call are early in the morning and late afternoon. And if you can, it is best to call later in the week and later in the month.

## Dove Season Now Open

The September 1 opener for the mourning dove season in Texas' North and Central zones is one of the biggest and most tradition-rich days in Texas hunting scene. Even though the mercury may be hovering around the century mark, thousands of Texans crouch around fields and water holes to try their skill at taking the dipping, swerving fliers.

Season is open through November 9, 1991 in the North Zone.

Shotguns not larger than 10 ga. may be used, as well as longbows and arrows, falconry, dogs, artificial decoys and manual or mouth-operated bird calls.

Hunting is permitted in the open or

from a blind or other type of concealment.

It is unlawful to use any other firearm other than a legal shotgun; or to bait birds.

Hours are from one half hour before sunrise to sunset. Daily bag limit is 12 mourning doves; possession limit is twice the daily bag limit.

Hunters 17 years of age or older must have a driver's license or personal identification certificate on their person while hunting. A hunting license is required for all hunters.

## Southwest Outdoors

with Mel Phillips

What happened to the windy cold front that usually drives every dove out of our region? If you enjoy dove hunting with lots of birds, don't wait because a big bad norther is overdue.

Playa Pete says, "DON'T FORGET that as of Sept. 1, every hunter and angler in Texas will need to purchase a new license."

Thursday evening, September 5th, marks the return of Fun Fishing Tournaments to LAKE MEREDITH. Registration, at Cedar Canyon, begins at 4:00 p.m. with fishing from 6:00 til 9:00 p.m. Cost is only \$20.

On Saturday, September 14th, UTE LAKE near Logan, New Mexico will be the site of a 'team tournament.' Early entry fee is only \$50.00 per team plus an optional big pass pot of \$10.00 with a dollar going to support the outstanding bass stocking program at Ute Lake.

This will be our first 'team' tournament, and as tournament director I am looking forward to seeing how many teams can come in with a limit of 6 bass. First place team wins \$2000.00, second place earns \$100.00, and top ten teams win money or prizes -- all paybacks based on 100 teams. For additional information, call 353-3654.

The employees of Southwestern Public Service must like LAKE GREEN-BELT because they finished 1, 2, 3 at the August 29th Fun Tournament. JACKY IVY repeated his winning ways and took home \$400. Second place angler BILLY SCHRADER earned \$185, while BILL BIGHAM took third place and \$106.

A good pair of blue jeans is important to anyone who hunts, fishes, or enjoys the great outdoors. BK G-jeans are a new product and they deserve your support. Why - three quick reasons:

1. The cotton in these jeans is grown locally.
2. This cotton is turned into high quality denim at Littlefield.
3. Finally, it is sewn into a great pair of blue jeans at the plant located in Clarendon.

Every step in this process means jobs for our neighbors. Some experts claim buying imports is okay, but I'm tired of supporting foreign workers when our people need jobs. It's a small step, but there is something special about wearing a good-looking pair of BK G-jeans and knowing that every penny that I paid for them benefitted local people.

The BK's that are given away as prizes at the Fun Fishing tournaments have a monogram of a bass on the rear pocket, but you can order any special monogram - your initials, ranch logo, business logo, or even a map or Texas. BK's are a great birthday or Christmas gift idea for Texans that must live out of state. BK G-jeans are just now hitting the market so you might have to ask the local retail store about them. To order direct from the factory call 806-874-3697.

### I Need A Miracle

by Jo Scott

I need a Miracle, just where do I go?  
I've looked everywhere, in the good book.  
I sat, and I hope, I pray and I plan,  
No Miracle insight, it's in God's hands!  
Day's into evening, and long winter nights.  
Surely God has a plan, send a Miracle tonight.  
He will open the door, and a Miracle will come.  
I can't wait much longer, I feel so alone.  
Please God send a Miracle, to fill my heart.  
I'll open the door, so a Miracle will come.  
I'll fill my heart, with God's Grace  
The Miracle is found, and nothing is lost.  
Grace is the Miracle, and love is the plan.  
I've waited for Years, and opened my heart,  
Grace does abound, brought Peace to my Life.  
Miracles do happen, of this I am sure  
I found the Truth, GOD'S MIRACLE opened the DOOR.

## Rocky Vinson To Serve On Board of Directors for TCAA

Rocky Vinson will be serving on the Board of Directors for the Texas County Agricultural Agents Association. He will be serving as Alternate Director for District 3 of the Texas Agricultural Extension Service.

The TCAA is a professional organization with its objective being the promotion of the professional improvement of its members. The membership has the responsibility of carrying the message of the land grant college to the people in all the counties in Texas.

The Texas Association is among the largest of all states which also belong to the National Association County Agricultural Agents. A number of the 357 members from Texas attended the National meeting in Peoria, Illinois August 25-29.

spring flower, the dry river beds and the cottonwoods growing on their banks, every blade of grass, the winding ranch roads, every sunset, the summer thunder-shower and the smell of the sweet gentle breeze that followed. They were his cathedral for they were nature's domain. He saw comparable beauty in the rolling thunderstorm, the first blue norther, and the brilliant summer moonlight drenching the vast plains and foothills of his beloved western country, for, to him, all these were part of the plan of the Creator.

And, he wrote touchingly and beautifully of them all in TRAIL DUST. Writings touched responsive chords in people in all walks of life.

Ben Meador lived - and he died - in a certain kind of ethereal splendor all his own, which makes this plaque seem such a feeble way to honor your friend and mine. I regret we have no better way to honor an unusual man. But, Ben, we will never forget you and now we dedicate this plaque to your memory."

## Roaring Springs News

by Odessa Mullins

Mrs. Doris Einkauf and her daughter, Mrs. Beth Averett of San Antonio are visitors with parents and grandparents, Mr. and Mrs. D.A. Hinson.

Cecil and Lula Swim left Friday morning to spend the Labor Day weekend in Bella Vista, Arkansas, visiting their cousins, Mr. and Mrs. Ray McCallum.

Mrs. Mamie Duren, longtime resident of this community and now living in Apt. #118, 4421 Ridgcrest, Amarillo 79109, and her daughter, Mrs. Amos Mize, also of Amarillo, visited Mrs. Roxie Lewis Sunday. Mrs. Duren will have her 95th birthday September 10. She is still mentally alert and physically active, though somewhat slowed down by a recent stroke.

Mrs. J.T. Swim and Mrs. Zona Ruth Cammack of Matador spent the holiday weekend in Abilene with their children and grandchildren, Mr. and Mrs. J.R. Swim, Edward and Emily. The two grandmothers helped Edward celebrate his eighteenth birthday. He entered San Angelo State University Tuesday.

Mrs. Lenna Fay Merrell Coomber, daughter, Daquiri and son Dion of Temple City, CA, called on relatives and friends

of this county, Sunday. Lenna Fay is the granddaughter of the late Mr. and Mrs. J.B. Merrell of Tepee Flat, with whom she spent some time as a girl. Her brother, R.C. Merrell stayed with his grandparents and attended school here. R.C. now lives in Oklahoma. They visited Mrs. Josie Martin, her friends, Mrs. Minnie Dye here and Mr. and Mrs. Foy Moore at Matador.

Mr. and Mrs. Wylie Lee visited in Lubbock with Mr. and Mrs. Scott Schwarz and Christopher and Jeremy. Also guests there were Mrs. Phyllis Lee Hodge and her daughter, Kimberly and Kimberly's son Brian, of Longmont, Colorado. Also Evelyn Davis and her children, Amy and Bill of Clovis, N.M. and Mrs. Albert Lee, Audra and Justin of Muleshoe.

Rev. and Mrs. Ernie Brown were Lubbock visitors Tuesday.

Billy Joe Cooper had tests at Veteran's Hospital in Amarillo, Tuesday.

Ross Odell had lunch with his aunt, Mrs. Odessa Mullins Monday. He had been visiting his brother, Kelly and family in Lubbock.

#### NOTICE

The Texas Department of Health Dental Team will be coming to the Motley County School on approximately October 8, 1991 to provide free dental exams and treatment for eligible children. A notice will be sent to the families of qualifying students for such care.

Please complete the Application for Dental Clinic by filling in each blank, sign, date, and return to the office of the Principal immediately.

The extent of the care your child receives will depend on their cooperation and time limitations. After the exam, a personal informed consent conference with the child's parent or legal guardian is required before treatment other than preventive dental sealants can be provided.

1tc-36

#### NOTICE

The Texas State Department of Health will provide a free Scoliosis screening for the sixth (6th) and the ninth (9th) grades. These age students are required by law to be screened. You may fill out and sign the consent form and it is to be done at Motley County Schools, or you may take your child to your family doctor.

This will be done here on Wednesday, September 11. If a follow up is necessary, you will be notified.

Please have your child return these forms to the office of the Principal no later than Monday, September 9.

For we are God's workmanship, created in Christ Jesus to do good works, which God prepared in advance for us to do.
