### INTEREST FOCUSED ON RODEO PRIZES

Traffic in the Tribune office has been heavy this week since the displaying of the principal prizes to be awarded in the two days of rodeo contests at Old Settlers reunion next month.

Top interest is focused on the two excellent hand-stamped saddles which are the top prizes. One of the saddles was made by Carl Darr of Paducah and the other by master craftsman H. H. Schweitzer of Matador. Other prizes include the silver and gold-inlay belt buckles, a pair of spurs donated by West Texas Gin, bridle bits donated by Farmers Cooperative Association, a pair of spurs donated by Higginbotham-Bartlett Co. of Matador, a pair of spurs donated by Matador Auto Co., bridle bits donated by Campbell Chevrolet Company and a \$15 saddle blanket donated by the Cowboy Boot Shop.

The saddles and some of the other prizes now at the Tribune will be moved to another location tomorrow after photographs have been made.

### Business Reflects Improved Outlook

CONTINUED rains sweeping Motley county during the past week have greatly improved the already favorable crop outlook. The precipitation, which has fallen without winds, hail or electrical storms, has been varied in different sections of the county.

Approximately one inch has been reported in Matador with 30-inch falling early Tuesday morning. The amount registered here shortly before noon Monday was about 35-inch. East of Matador as much as 2.35 inches were registered by Mrs. P. B. Beauchamp and Northfield had as much as 1.50 inches.

Floods swept other sections of West Texas. The Lubbock Avalanche yesterday reported several towns receiving more than ten inches. Lamesa had a five-inch rain which flooded low areas and washed away streets.

**Business Improving**

A partial survey of Matador businesses showed the improved outlook is being reflected in increased sales. Several firms reported almost all-time record sales for this time of the year.

Range conditions are reported as ideal by cattlemen with the exception of the prevalence of screw-worms. Cattle are in excellent condition and grass is improving rapidly.

Some farmers say the crop outlook in the county is better than at any time in the past ten years.

## Polio Vaccination Started

### Two-Thirds Enough Vaccine Available

Approximately two-thirds of the Salk vaccine needed for the second inoculation of the 118 Motley county 1st and 2nd grade students is now available in Matador, it was announced late yesterday by Jack Norman, Motley County chapter chairman of the National Infantile Paralysis Foundation. The shots are ready to be administered immediately at Trawick Hospital.

It was urged that parents bring their children for the inoculation as soon as possible. Mr. Norman said hope is held that sufficient vaccine will be obtained for all the 118 children (1st and 2nd grade) who received the first vaccination 90 days ago.

The entire cost of the vaccine, including all transportation, is paid for by the National Infantile Paralysis Foundation.

All children who received the first vaccination are eligible for the second shot. It was estimated that of the 118 children who received the first shots, approximately 30 were from colored schools.

FILL 'ER UP will soon be echoing at this new and modern service station in Matador which is expected to open Friday. J. C. Sonier, formerly of Shreveport, La., will operate the new enterprise. Mr. Sonier, previous to his coming to Matador, was associated with Continental Trailways. Mr. and Mrs. Sonier, who have moved here to make Matador their future home, have three children, Kathy, 8, Larry, 7, and Deborah, 4. The station is designed to serve four cars at one time with two 2-pump islands. It is located on US Highway 70 at the site of the old Philip Graves service station which was destroyed by fire in June, 1953.

in cotton fields. County Agent Bill Palmeyer told the Tribune late yesterday that he had found flea hoppers infesting cotton fields in Roaring Springs and Flomot communities.

He issued a warning to growers to inspect fields immediately in order to combat the insects effectively during early stages of development.

### CEMETERY IMPROVED BY RECENT WORKING

Combined efforts of three separate agencies have produced a greatly improved appearance in Matador East Mound Cemetery, officials of the cemetery association announced last week.

Precinct No. 1 motor grader operated by Commissioner James Taylor, City of Matador, motor grader operated by Lee Burns and Matador FFA tractor operated by Bill Moss have created an entirely changed appearance in the community's burial grounds.

Cemetery roads have been graded and leveled, unsightly areas have been cleared and the entire cemetery has been improved. Members of the East Mound Cemetery Association have asked the Tribune to express publicly the organization's gratitude for work achieved through the cooperation of the three agencies.

"We believe East Mound Cemetery is now in better condition and more attractive than at any time in its history," one member of the association declared.

### REVIVAL ANNOUNCED

A revival meeting will begin at the McAdoo Baptist Church, July 27, at 8 p. m. and continue through August 7, it was announced this week. Time of morning services will be announced at a later date. Rev. R. L. Priddy, pastor of Zuna Park Baptist Church in Lubbock, will do the preaching. The public is extended a cordial invitation to attend each and every service.

### RECENT VISITORS

W. H. Graham, youthful publisher of the State-Line Tribune at Farwell, with Mrs. Graham, were recent visitors with Tribune editors Mr. and Mrs. Douglas Meador, and picked up the trophy and plaques which their paper won recently at the state Texas Press Association convention in Galveston. They were spending the week-end with Mrs. Graham's parents at Silverton, where they left their young sons, while visiting in Matador.

### BOB ALLEY DIES OF HEART ATTACK

A heart attack Monday at 5 p. m. claimed the life of R. T. (Bob) Alley, 71, widely-known early day cowboy of this area. He was stricken at his home near Lampasas, where he had operated a sheep ranch the past three years.

Funeral services were held at the Briggs and Gamble Funeral Home in Lampasas, Wednesday morning at 9 o'clock and the body was then brought to Dickens for burial. Graveside rites in the Dickens cemetery were conducted by Rev. H. T. Harris, pastor of the Whiteflat Baptist Church, and a brother-in-law of Mr. Alley. Other brothers-in-law, Charlie Keith, D. P. Keith and Marvin Patton of Matador, and Robert Reynolds, together with Rev. Clifford Harris of Tahoka.

Robert Thomas Alley was born at Gonzales, Texas, January 29, (continued on back page)

## Roaring Springs Will Continue Two Schools

Separate schools for colored and white pupils will continue operation in Roaring Springs during the next term according to an announcement made this week by Paul Sweatt, superintendent.

He said the colored school will begin early in August to permit a break in the term for the cotton harvest. Calvin Stripling and Mrs. Bobbie Fluellen have been employed as teachers in the colored school Mrs. Fluellen has taught in the school for the past two years. Stripling is a graduate of Texas College, Tyler and has been highly recommended.

Mr. Sweatt said the Texas Education Agency auditors completed the Roaring Springs audit in less than two hours and that teachers were highly commended for the excellent condition of the books. Average daily attendance was sufficiently high for the school to gain one white and one colored teacher.

**Mrs. Cooper Retiring**

Mrs. Billy Tate has been elected to fill the home economics vacancy resulting from the retiring of Mrs. J. P. Cooper. Junior high school place left by the promotion of Mrs. Tate is yet to be filled. The duties also include the coaching of high school girls basketball.

### Methodist Revival Draws Good Crowds

Interest is mounting with each service of the revival meeting in progress at the Methodist Church, and good crowds are in attendance.

The meeting started Sunday, with Rev. Tilden B. Armstrong, Methodist pastor from Floydada, doing the preaching. Inspirational messages are being offered in the soul-winning crusade, and are accompanied by good singing with J. R. Whitworth directing.

Visitors in several services have been members of the visiting pastor's congregation at Floydada, and have included Mr. and Mrs. Fred Cardinal of Dougherty.

A cordial invitation is extended by the local pastor, Rev. W. V. O'Kelly, and his membership to the public to attend remaining services which are held at 7 o'clock each morning and 8 p. m. in the evening. The meeting will come to a close with evening services Sunday, July 24.

### Plans Made For 4-H Summer Camp

Plans were made here Tuesday for the annual three-county 4-H Club summer camp at Roaring Springs Park. The 2-day camp for 4-H Club boys and girls from Kent, Dickens and Motley counties will start at 10 o'clock Monday, July 25 and be concluded at 4:30 p. m. Tuesday, July 26.

Activities will include swimming, wildlife study and recreational training. County agents from Motley and Kent counties, together with 4-H leaders from the three counties will serve as supervisors. Others who will aid in the supervision include Charles Hays and H. P. Hawkins, West Texas Utilities Company youth recreational workers from Abilene and Game Warden Weldon Fromm of Matador.

All 4-H Club members in the three counties have been invited to attend. Letters of invitation include instructions regarding essential needs of each member planning to attend.

Miss Maggie Bryan visited recently in Amarillo with her sister, Mrs. R. L. Patton.

### FLOMOT BAPTISTS CALL NEW PASTOR

Rev. Dinzel Leonard of Pampa has accepted a call as pastor of the First Baptist Church at Flomot, and will assume his duties Sunday, July 24, it was announced this week.

Rev. Leonard fills a vacancy made by the recent resignation of Rev. A. L. Eubanks.

Rev. Jesse Leonard of Turkey preached for the Flomot congregation last Sunday morning, 9:30 was the preaching hour, with Sunday School following.

### RELATIVES ATTEND FUNERAL FOR BOY DROWNED AT TEXOMA

Mrs. L. C. Poteet, accompanied by her son, Louis Poteet, attended funeral services at Floydada, Sunday at 4 p. m. for Odus Poteet, 9-year-old son of Mr. and Mrs. Curtis Poteet of Floydada, who drowned Saturday morning at a family reunion at Lake Texoma.

The boy was attending the reunion with his family when he went swimming and suddenly sank in 10 feet of water at Burns Run beach. The body was recovered about 45 minutes later, but revival efforts by the Denison Fire Department were futile.

The Poteet family left at 3 a. m. Friday to attend the 32nd wedding anniversary of the victim's grandparents. Mr. and Mrs. Calvin Poteet of Floydada. Mrs. Calvin Poteet of Floydada, the boy is survived by his parents, grandparents, and two brothers, Curtis Wayne, 11, and Ronnie Williams, 7, and his great-grandmother, Mrs. L. C. Poteet, Matador.

The funeral services were held at the First Baptist Church in Floydada.

## Scouts At Tres Ritos

Leaving at the crack of day Sunday, 28 Scouts, members of Matador Troop 60, left for a week in the mountains of New Mexico. A vast quantity of food and camping equipment accompanied the youngsters.

In addition to the special "Scout bus", other transportation equipment included a truck and pickup. The group expected to reach Tres Ritos, New Mexico in time to make camp Sunday.

Leading the mountain camping expedition were Scoutmasters Algie Groves and Freddie Welling, accompanied by Douglas Pitts, Jr., Otis Hines, B. C. Cox and A. L. Fair.

## Highway Opening Is Attended By Local Delegation

A program held Thursday evening at "Inspiration Point" Briscoe county celebrating the completion of Highway 256 and 70, was well-attended by Motley county delegations.

Some of the most scenic country in Texas may be viewed from the "Inspiration Point" park. The visitors from area towns including Silverton, Memphis, Clarendon, Quitaque and Matador, enjoyed the splendor of the vistas in the Caprock foothill canyons before the basket lunch picnic and program.

Principal speaker was Marshall Formby, Texas Highway Commissioner of Plainview. Included among the Matador delegates were Rep. and Mrs. Elbert Reeves, Commissioner and Mrs. James Taylor, Mr. and Mrs. B. C. Cox, County Judge Vance Gilbreath, H. P. Pipkin, Dr. A. C. Trawick, Sr., and John Barnhill. Mr. and Mrs. Sam Ross and family of Flomot also attended.

## LIONS PRESIDENT REPORTS ON TRIP TO INTERNATIONAL

Declared as entirely inadequate with regard to "convention activities" Matador Boss Lion John Stevens Tuesday made a report of his "flying trip" to Atlantic City, New Jersey where he attended Lions International convention. Since he was accompanied by Mrs. Stevens, members of the program committee made a vain attempt to hear her version of the trip. It was impossible for Mrs. Stevens to attend the Tuesday regular meeting of the civic club held in the Methodist church basement.

Boss Lion Stevens made an interesting report of the flight from Amarillo to New York and thence to Atlantic City. Lion President Stevens and his wife returned to New York after the convention where they visited many of the principal places of interest and then flew to Washington, D. C. for a visit before returning to Amarillo.

He explained that the program was in both English and Spanish because of the large number of Spanish-speaking members. He said Lionism gained 2,100 new members last year and that 844 new clubs were established. He said the total membership is now 523,000 in 69 nations represented by 11,000 clubs.

**New Key Member**

Lion Bruce Oliver was presented with a key membership (continued on back page)

## Ropers From 2 States To Compete In Tourney

Ropers from 18 roping clubs located in two states will meet in Roaring Springs, August 4-5 for the fourth annual contests of the Texas-Oklahoma Roping Tournament. A small admission charge will be made each evening of the two days with the final contests scheduled for Friday night, August 5th. Children under 12 will be admitted free.

Billy Wallace of the O Bar O Ranch near Claremont is president of the two-state association. Only three members from each roping club are admitted in the tournament. When a trio has been successful in a tournament they are eliminated and a new trio is invited. Contestants are under strict regulations subject to being disqualified for any breach of sobriety, character and good sportsmanship.

First prize in the August tournament will be the coveted roping team trophy. Second prize will be an engraved belt buckle to the roper who ties his calf in the shortest time. Third or consolation prize will go to the cowboy who has the hardest luck during the tournament. The organization has accepted an invitation to use Roaring Springs Pioneer Arena for the annual tournament.

Added attractions each evening of the tournament will be exhibition bronc riding. A western dance will be held at Pioneer Pavilion after the conclusion of the tournament Friday evening, August 5th.

Dumont Roping Club will meet the Motley County Roping Club at the arena tonight for what promises to be some exciting exhibitions of tossing the manila.

### Water Announces Actor Contest

"Better Days Ahead" is the theme given the new Ferguson contest, it was announced this week by Swim & Sonator Company of Roaring Springs, Motley county Ferguson winners.

Entry forms are now hand and are available immediately. The national owners farm equipment owners opportunity to receive one of the 26 new Ferguson "35" tractors to be awarded free at end of the contest period, December 30.

Contest procedure is simple and to be followed by J. T. Swim, manager of the firm. Entrants pick up an official contest form, make arrangements on-the-farm demonstration, then write about the tractor in 50 words or less after they have seen the demonstration.

Mr. Swim said he was ready to make demonstrations to help someone in this area a free tractor.

### Roaring Springs School Budget To Be Adopted

Roaring Springs School Board meet in regular session, Friday, July 26, at 8:15 P.M. will adopt a budget for the school year, 1955-56, it was announced this week.

The meeting will be open to the public, and anyone interested in inspecting the budget is invited to attend the meeting. The meeting will be held in the high school office.

**Polio cases over the state** had risen to 618, the Health Department reported last Thursday.

**Bank Deposits Held Taxable**  
Taxation of bank deposits and cash has apparently been forced on state and local taxing agencies by a Texas Supreme Court decision.

In a Harris County case, the high court ruled that money in bank accounts, cash registers, personal safes or safe-deposit boxes must be assessed right along with other property to avoid discriminatory taxation.

Two lower courts were overruled by the decision. New trial was ordered for the defendant to grant them the lower taxes they sought on their property because taxing agencies had failed to assess the \$10,000,000 on deposit in Harrison county banks.

Presumably the same complaint would be good elsewhere in the state where bank deposits are not being assessed for property taxes.

**Giles Trial Drags On**  
Testimony in the Bascom Giles theft trial dragged so notoriously at one point last week it became necessary for the judge to caution jurors against dozing.

In its third week, the trial appeared headed for a fourth unless the defense should cut short presentation of its side of the case.

Only one indictment is involved. It charges Giles with theft and abetting theft of \$6,800 in a Kinney County land deal under the veterans land program. Testimony has nevertheless touched on many other aspects of the program and its transactions.

One witness testified he heard Giles was to get a \$75,000 cut in the \$358,000 Kinney County deal.

Another testified he heard

Giles say in a telephone conversation he would take \$15,000 as his share in a transaction in Dimmit County.

Giles originated the \$100,000,000 program and until Jan. 1 administered it as chairman of a three-member board that included also the governor and attorney general.

Names of the other two officials have come in for frequent mention in examination of witnesses, particularly in cross-examination by the defense.

At one point, defense counsel charged a witness had made a deal with the attorney general to smear Giles. The witness denied it.

**Shivers Shuns Conservatives**  
Gov. Allan Shivers declined to participate in a meeting of conservative Democrats last week in Dallas.

Vacationing in Woodville, Shivers released through his Austin office the text of a telegram to Fort Worth attorney Hamilton Rogers, chairman of the gathering.

Declaring himself opposed to "splinter political parties," Shivers asked the group to work with him to strengthen the Democratic party.

Rogers denied any splinter party plans. He also denied the meeting had anything to do with recent criticism of the governor for his moves toward replacing Wright Morrow of Houston, Democratic national committee man, with someone acceptable to national party leaders.

Purpose of the Dallas meeting said its leaders, was to "solidify conservative thinking." One result was a sweeping denunciation plan for the University of Texas and El Paso public schools.

**Parr Tax Trial Postponed**  
Date of the Austin trial of George Parr on an income tax evasion charge was changed last week from July 16 to Sept. 6.

Postponement was because one of Parr's attorneys was busy with another case.

Parr had petitioned the Fifth Circuit Court of Appeals at New Orleans for a dismissal, contend-

ing the trial should be held in Laredo instead of Austin. The appeal was denied.

**Johnson Hearing Delayed**  
Hearing on an application to take additional water from the Pedernales River to irrigate U. S. Sen. Lyndon B. Johnson's farm has been postponed. August 8 is the new date set by the State Board of Water Engineers.

Twenty-four downstream ranchers protested the application when it came up last week. They said water already being diverted to the Johnson land deprives them of stock water and leaves so little natural flow that fish are dying and polluting the stream.

Martin Harris, attorney, asked for the later hearing. He said Johnson's wife desired to be heard personally if there were objections. She is now in Washington where the senator is recuperating from a heart attack.

**R. D. Tilsons Now Living In England**  
Mr. and Mrs. R. D. Tilson and sons, Bob and Wesley, are about to get settled in their new location near Nottingham, England.

Mr. Tilson, who is attached to the O.S.I. is based at an Air Force post in that vicinity.

Mrs. Tilson writes interestingly of their recent activities, and plans for a visit to Scotland in the near future. She is the former Barbara Ketchersid, and with her sons, had been with her parents, Dr. and Mrs. J. G. Ketchersid (former Matador residents) at Hereford, prior to leaving from Amarillo on May 29, to join Mr. Tilson.

This is their second period of residence in England, where they married while he was previously based there.

"Our house is working out fine," Mrs. Tilson writes, "I can light a coal fire now in (sometimes) one hour." The house, described in a former letter, is an 11-room affair with parlor, drawing room, and sitting room, kitchen and dining rooms downstairs, and about 5 bedrooms upstairs.

"We are practically on the water here. We are about five minutes walk from the beach and amusement parks. It's fun for the boys. Raworth worked very hard clearing the back garden and is working on the hedges now. We have some of the largest rose bushes I've ever seen."

"... I meant to tell you, I walk down to the bakery to get my loaf of bread, which I slice.

**WTSC Department Makes Coast Tour**  
CANYON—Miss Mary Slover of Matador is among a group from the Panhandle area who left Monday (July 18) on a 25-day tour of the West Coast, sponsored by the geography department at West Texas State College.

The tour, by chartered bus, will cover ten states and Canada with stops in most of the West's national forests and parks, and visits in major cities. Two stops enroute to California afford an opportunity to visit Old Mexico.

First stop is in El Paso, and points for stops the first week are Tucson, El Centro, Calif., San Diego, Los Angeles, and Fresno. Second week will be spent at Yosemite National Park, San Francisco, Garberville, Cal., Grant's Pass, Eugene and Portland, Ore., and Seattle and Spokane, Wash.

Points of interest to be visited include Hollywood, Yosemite, San Francisco, the Redwood Highway, Crater Lake, Will-

mette Valley, Victoria, B. C., the Cascade Mountains, the Grand Coulee Dam, Lake Louise in Alberta, Canada, the Yellowstone National Park, and the Grand Tetons.

The tour is conducted by Dr. Murry B. Measamer, head of the WTSC geography department. Two previous summer tours have been made, with the first to the West Coast, and the tour last summer was to the East Coast.

**General Telephone, Workers Sign To Extend Contract**  
General Telephone Company of the Southwest and the Communications Workers of America (CIO) Thursday (July 14) signed an agreement extending the present working contract until January 1, 1956, according to the following press release:

The action ended two months of negotiations between the two groups.

While none of the Unions demands were met, or can be met until a later negotiation session, General agreed to put into effect on November 1 an additional \$175,000 in increased benefits.

On November 1, the Company and the Union will meet to decide the method of distribution of the \$175,000.

The Union, at the opening of negotiations May 19, issued a list of 36 demands including the

raising of the minimum starting wage to \$1.25 per hour, shortening of the work week for traffic employees without a corresponding reduction of pay, a general wage increase, and inauguration of a Company-paid hospitalization program.

The Company estimated these demands would cost about \$3 1/2 million, or approximately 50 percent of the present total payroll.

In discussing the final agreement, General's Industrial Relations Director, F. W. Hamper, said, "The Company started negotiations by telling the Union that it did not have money now to grant pay increases but when financial conditions were such that it could, wages would be boosted. We felt the contract would have to be extended six months to give the Company time to do that. As a final settlement we did just that, and we gave the amount we thought we could use as a minimum to work with."

General employs 2700 persons in the 242 exchanges it serves in Texas, New Mexico, Oklahoma, Arkansas and Louisiana.

### BRIDAL SHOWER GIVEN AT FLOMOT FOR MRS. JAMES LEWIS, FORMER RESIDENT

A bridal shower was given at Flomol, Saturday afternoon, July 16, at 3 o'clock, honoring Mrs. James Lewis, the former Raye Nell Tanner. The Home Demonstration club women were hostesses, and the high school gymnasium was the scene of the pleasant event.

Miss Myra Nan Whitaker presided at the registration table, near the entrance. The bride was seated at an adjoining table where she opened her gifts on arrival. Misses Mary Ann Calvert and Susie Lewis assisted in arranging the gifts for display. Many unable to attend, sent gifts.

Attractive bowls of home-grown flowers added to the decorations. The serving table was spread with a lace tablecloth, in the center of which was a miniature couple, representing the happy couple, Hop and Raye Nell, floating on a cloud. Bowls of iced punch were at either end of the table.

Sixty guests were served punch and cake.

Out-of-town guests included Mrs. Lewis, mother-in-law of the

### Dougherty Home Scene Of Party

Home of Mr. and Mrs. Lyman Campbell at Dougherty, was the scene of a Coke party last Thursday morning. Hostesses with Mrs. Campbell were Mrs. Glenn Woodruff and Mrs. Gus Bird of Matador, and assisting with hostesses were Mrs. Fred Cardinal of Dougherty.

Canapes, nuts, tidbits and candies were served with the drinks, at a refreshment table attractive with a centerpiece of red birds and cage, from which were extended sprays of simulated yellow flowers.

Approximately one hundred and twenty-five guests called from 9:30 until 11:30.

### WHITEFLAT CLUB PLANS FOR CAMP

Plans for an all-county encampment at Roaring Springs next month, were discussed at a recent meeting of Whiteflat HD club. The meeting was held Friday, July 15, with Mrs. Varner McWilliams as hostess, and seven members present.

Mrs. J. W. Pritchett, president was in charge, and also discussed was a community improvement contest sponsored by the Farmers-Stockman publication.

Date for the encampment at Roaring Springs will be August 11, and all home demonstration club women of the county are urged to bring their families for picnic supper that evening. Those women caring to remain overnight, will come prepared for camping.

An invitation from Matador HD club was extended to the Whiteflat women, to attend their meeting this afternoon.

At the conclusion of the Friday meeting, the Whiteflat club adjourned until September.

### GUEST SPEAKER FOR GARDEN CLUB IS KEITH PATTON

Matador Garden Club, in regular meeting Monday afternoon, heard an interesting discussion on the iris by Keith Patton, who was guest speaker for the program.

The meeting was held in the home of Mrs. G. E. Hamilton, with Mrs. U. L. Willie as leader. Mr. Patton spoke on the subject, "All kinds of iris for all kinds of gardens", and drew from personal experience in presenting his discussion. An iris enthusiast for many years, he specialized in growing numerous types of the flowers the past season and made an intensive study of the various species. He used colored illustrations of these in demonstrating his talk.

A paper by Mrs. Bob Martin on "Summer care of dahlias" was also enjoyed by the group. Fifteen members were present for the program.

### FIVE FLOYDADA AGGIES RECEIVE LONE STAR PINS

HOUSTON—Most of the final details of the 27th annual Texas Future Farmers of America convention have been worked out according to an announcement by Archer Romero, chairman of the Houston arrangements committee and David Risinger, state FFA president from Ferris.

The convention opens here in the air-conditioned Sam Houston Coliseum Wednesday, July 20. Near 6,000 of the farm youth from every section of Texas will be on hand for the opening session.

The impressive Lone Star Farmer banquet will be held in the Coliseum Thursday night, July 21. Boys from Floydada receiving Lone Star Farmer degrees at this program will be Stanley Burleson, Darrell Bunch, Lawrence Baird, Alvin Battey, J. E. Waller and Carl Brock.

Ten skilled tractor operators will compete in the state tractor operators contest Tuesday, July 19. Carlie Long of Roaring Springs, son of Mr. and Mrs. Charles Long, was the district winner and will compete for the new Ford tractor.

Those attending from Floydada will be Stanley Burleson, Darrell Bunch, Lawrence Baird, Alvin Battey, Otis Shipp and David Badgett.

James Carroll and Henry Barber, vocational agriculture teachers at Floydada High school will accompany the boys.

Floyd County Hesperian. Stanley Burleson is the son of Mr. and Mrs. W. E. Burleson, and grandson of the W. B. Bartons and J. C. Burlesons.

#### Flomol Boys Win In Swine Program

Leo Reed and Wallace Archer 4-H members of the Flomol club were named among the 38 winners in the heavy litter contest of the Sears Swine Program which includes 13 counties in the Lubbock area.

When the pigs farrowed by the girls awarded in the program are 56 days old, the entire litter is weighed, and prizes from \$7. to \$30. are awarded for the heaviest litters. A total of 104 boys and girls are awarded gifts in this area each year, and only the two boys from Flomol raised litters heavy enough to qualify for prizes in the 1954-55 program.

Reed's 7 pigs weighed 287 lbs. for an average of 41 lbs. each for 13th place and Archer's 7 pigs weighed 200 lbs. for 27th place. Top litter was owned by Leroy Rathel of McAdoo for a total of 475 lbs. which was 118 lbs. heavier than the 2nd place winner. Number of pigs raised as well as feeding practices determine the winners.

Most Modern, Shortest Stroke V8's in any leading truck!

## New Chevrolet Task-Force Trucks

Here's the measure of a truly modern V8 engine—Chevrolet's advanced oversquare design. It means less friction... longer engine life!

Here are more dollar-saving reasons why Chevrolet trucks offer the most modern V8's\* for your money!

**MODERN 12-VOLT ELECTRICAL SYSTEM**  
Double the punch for quicker starting and more efficient ignition for finer performance.

**GAS-SAVING HIGH-COMPRESSION RATIO**  
With a high 7.5 to 1 compression ratio, Chevrolet's new V8 truck engines squeeze extra power—and work-out of gas.

**EXTRA-HIGH POWER PER POUND**  
Since these V8's deliver high power per pound of engine

weight, more of the power is actually available for hauling.

**ADVANCED AIRCRAFT-TYPE VALVES**  
Valve action is more positive at all speeds for finer, smoother performance.

**FLOATING OIL INTAKE... FULL-PRESSURE LUBRICATION**  
Oil intake selects the cleanest oil for positive, full-pressure engine lubrication.

\*V8 standard in the new L.C.F. models, an extra-cost option in all others except Forward-Control models.

County Agent Al Meyer says that farmers have raised 19 percent fewer replacement chicks this year. It appears that fall flocks will be six to eight percent smaller than a year ago. While the number of replacement chicks started over the nation closely parallels farmer's February 1 intentions, in Texas and other South Central states the cutback has exceeded the expected 15 percent mark.

**Farm Safety Week**

More accidental deaths occur in farming than in any other major industry in the nation. Texas with its widespread farming and ranching operations, is in a position to help reduce the toll taken by such accidents, said Governor Allan Shivers in his proclamation designating the week of July 24-30 as Farm Safety Week.

**Johnsongrass Killer**

Farmers can now get rid of Johnsongrass completely without swamping a hoe. Spot application of diesel and naphtha-type oil sprays is proving a practical answer to row crop control of Johnsongrass. At College Station four treatments of such oils killed 99 percent of all Johnsongrass in cotton stands in one season. Four trips over a similar field with hand hoes eliminated only 44 percent of the grass.

**Silage Fills The Bill**

Next to pasture, silage is the cheapest source of succulent feed for livestock, and it's filling the bill for many Texas producers.

No other method of storing forage is as economical as the unlined trench type silo. Recent studies indicate that such a silo of 200-ton capacity can be constructed and maintained for 93 cents for each ton on material ensiled.

Silage provides an excellent source of vitamins and minerals essential to maintenance and growth of livestock. Chances of loss from rodents, fires or weather is negligible and are other silage advantages.

It may be put up in seasons not suited to hay production. And it can be self-fed, eliminating practically all labor costs in feeding.

**Cattle Need Salt**

Fattening cattle should consume from a half to one and a half ounces of salt per head daily, depending upon the kind of feed used and the age of the animals.

Keep loose granulated salt be-

For the animals at all times. Salt in this form is more satisfactory than compressed block salt or rock salt, he says.

Salt will be used more economically from a self-feeding box with a roof for protection from rain.

**Pampered Poultry**

Poultry raisers are finding it pays to pamper their birds on hot days. It helps keep feed conversion high, eggs rolling and profits up.

Many producers install sprinklers on the roof of their houses for use on the hottest days. Water on a roof helps reflect the sun and cools the hot surface through evaporation. Water dripping off the house also serves as an evaporative cooler, lowering temperature inside.

Add several more drinking troughs so water is handy to the birds at all times, Pallme-

A spray containing 5 percent lindane toxaphene or chlordane is recommended for fowl tick control. A small power or hand sprayer is effective in making application.

**Poisonous Range Plants**

Bitterweed, milkweeds, loco weeds and the groundsels are among range plants most common and poisonous to livestock in Texas.

These plants are among 69 listed as poisonous grazing to livestock in Texas Range Plants Poisonous to Livestock, a new joint publication of the Texas Agricultural Experiment Station and Extension Service.

Thirty-four plants are recognized as "most hazardous" to livestock, 22 are listed as having low toxicity but not frequently grazed and 13 are toxic but usually not hazardous.

A complete description of each plant, a list of animals commonly affected, and the management and control of each is given in the bulletin. It also contains a map showing statewide distribution and a picture of each specie. About 25 are found in Motley county.

Overgrazing and periodical droughts, says the publication, mainly are responsible for the decrease of more desirable plants and consequent increase of toxic and less desirable brush and weeds.

**Modern Life Pace Makes Problem For 'Delicate Stomach'**

AUSTIN—Some people react to the pressure of modern life like a stick of soft pine reacts to a wood rasp.

You probably recall days when an unexpected event, an accident or a brush with the boss, tied your stomach in a knot. You were suffering, the State Health Department says, from one of the more common forms of indigestions: nervous tension and excitement.

The stomach, the experts say, is largely controlled by the involuntary nervous system. You get keyed up, your stomach over-secretes, and you feel the pain.

Actually, the Department points out, there are many directly traceable causes of indigestion. Lack of sleep and exer-

ise, improper diet, and similar artificial conditions can bring it on.

You've heard the old saw about one man's meat being another man's poison? It's literally true. Even healthful and nutritious foods may rub you wrong. They contain organic acids which could upset the balance of your particular stomach.

Your favorite fruit may contain malic-acid, oxalic-acid, or citric acid. One or more of these may give you trouble, causing ungentlemanly or unlady-like belching.

Or the degree of ripeness of a fruit or vegetable may cause fermentation in the stomach, bringing on unpleasant results.

Condiments or strongly flavored foods are other causes of indigestion. They often cause the stomach to secrete too much hydrochloric acid. In normal people the stomach neutralizes what it over-secretes, but people with ulcers suffer painful "indigestion."

Greasy foods are particularly troublesome to people with malfunctioning gall bladders or liver diseases.

Tannic-acids can be found in

three of the most commonly used hot drinks. And here's the last straw: Even water, if you drink lots of it, may start your stomach churning and pouring out its digestive juices.

 Church night at the Roaring Springs Methodist Church Wednesday, July 13, was well attended. Mr. Swett was in charge and after a short program of prayer, talks and songs, Rev. and Mrs. C. D. Daneroff were presented with an old-time "pounding" which was a great surprise to them. The group then moved out on the church lawn, where ice cream, cake and pie, furnished by the stewards of the church, were served.

**Duane Dye Receiving Discharge From Army**  
 Cpl Duane Dye, son of Mr. and Mrs. Alfred Dye of Roaring Springs, will receive his discharge from the U. S. Army, July 22, after two years service. He will go to Bangor, Maine to visit an aunt, Mrs. Harold Thomas, and accompany another aunt, Miss Lola Norton back to Texas. Miss Norton is a teacher in the Boles Orphans Home at Quinlan, Texas, and they will reach home in time to attend the Dye family reunion on July 30-31, which will be at the home of Mr. and Mrs. Elmo Kingery.

Cpl. Dye served in the honor guard recently when General Ridgway retired, and wrote an interesting description of the drills used. "In accordance with the general's wishes, the old type of squad drill parade (made obsolete by the Army in 1941) was used for his retirement parade, and everyone had to learn how to march this 'new' way. Gen. Ridgway declared they marched that way when he went into the army, and he wanted it the same way when he got out", Dye wrote his family.

## Ground Beef Best All-Purpose Meal

Ground beef is to mealtime what Davy Crockett is to TV fans: all things to all people.

Homemakers with family demands for hot, tempting and filling meals look to ground beef as a time-saver. Pop likes its satisfying taste and the kids are as naturally inclined to burgers as to coonskin caps.

As the answer to maximum nutritious meals with minimum preparation, ground beef has more versatility than any other meat cut known to chefs. It's at home in casseroles, meal-in-one skillets, in loaves, pies, stews and sauces; it's equally good baked, fried, broiled or barbecued and made distinctive in the innumerable variations of garnishes, herbs, vegetables and breads.

Moreover, as experienced cooks know, it is the easiest of all meats to cook. Less time is required because heat penetrates meat fibres which have been broken down by the grinding process more rapidly than those of massive cuts.

"When you grind economy beef you cut down your cooking time at least by two-thirds per pound," Mrs. Charlotte G. Chester, consultant dietitian at Chester Clinic & Hospital in Dallas, says.

"The grinding of the lesser-known, lower-priced beef cuts serves the same purpose for summer cookery that slow, moist heat does for winter cooking," this winner in the Texas Beef Council's recent statewide contest stated.

Not ease of preparation, versatility or variety, however, can convert meat-eaters unless the taste is right. And the taste of Mrs. Chester's Barbecue Burger Mix is proof enough that ground beef is King of the Backyard, according to the Texas Beef Council.

Spoon the barbecue mixture on warm buns, toss a big green salad, stir up a tall, cool summer drink and move outdoors for the

feast. The meal takes just a short time to prepare and it's a real family filler-upper.

**Barbecue Burger Mix**  
 1 pound ground beef  
 1-2 cup chopped onion  
 1-4 cup chopped green pepper  
 1-4 cup chopped celery  
 1-8-oz. can tomato sauce  
 1-4 cup catsup  
 1 tablespoon vinegar  
 1 tablespoon sugar  
 1 teaspoon salt  
 1-8 teaspoon pepper  
 1-1/2 tablespoons Worcestershire sauce

Brown the beef in hot fat; add onions, green pepper and celery and cook until tender. Stir in all remaining ingredients, cover and simmer 20 minutes. It yields six servings.

## So this is HOUSEKEEPING

BY SHIRLEY STUART

I'll risk a siren steak against leftover hash that next weekend across the country there will be at least 25 thousand picnic menus identical to the following: hot dogs, hamburgers, mustard, onions, buns, deviled eggs, assorted fruits, plenty of coffee.

By Monday morning 25 thousand homemakers will be wondering how to remove the above menu from more than 100 thousand picnic clothes! To ease the washday job, try taping this chart (or even better and more complete, the Whirlpool washer instruction booklet where the information was obtained) near your washer.

Stain	Whites	Colors
Grease (hot dogs, hamburgers and the like)	Rub with soap and sponge with carbon tetrachloride if necessary.	Sponge with carbon tetrachloride.
Mustard	Wash in hot soapy water and chlorine bleach.	Sponge with wood alcohol.
Egg	Soak in cold water.	Sponge with cold water.
Fruit	Stretch material over a bowl, pour boiling water through stain. If stain remains, bleach with hydrogen peroxide.	Sponge with cool water; apply warm glycerine for several hours.
Coffee	Pour boiling water through stain.	Sponge with warm water. Apply warm glycerine.
Grass (not on the menu but bound to sneak in)	Wash in warm suds and rub. If yellow stain remains, bleach with hydrogen peroxide.	Wash in lukewarm suds. If necessary, treat with alcohol except on acetate rayon.

You'll note we left common old dirt and mud off the list. Junior doesn't HAVE to know they are a breeze in an automatic washer!

Mrs. Ewell Hoover of Mena, Ark., spent last week in the home of Mr. and Mrs. J. F. Egger, Rev. and Mrs. Jim Simpson, also from Arkansas were Wednesday visitors Mrs. Hoover and Mrs. Simpson are sisters of Mr. Egger, who had to return to Crosbyton Hospital Sunday night, after suffering another heart attack.

men's Building at the State Fair. There will be shows at 2 and 4 p. m. daily, with a 7 p. m. showing added Saturdays and Sundays.

There will be approximately 136 categories of entries in Adult Wear, Children's wear and accessories. Men's wear, as well as women's apparel will be included. Deadline for entries is Aug. 15. Nationally known fashion experts representing the national fashion scene, the consumer and the retail merchant will judge the entries Aug. 19.

Fairgoers will be provided with information on stores in their home towns which will handle the fashions displayed at the Fair.

Winning fashions will be available at retail stores throughout the Southwest at the same time they are featured at the State Fair. In the stores, the Fair fashions will be identified with a blue ribbon tag.

**Special Events Daily**  
 An Honoree-of-the-Day will be presented in connection with the Fair's special events program at the fashion shows each day.

More than 300 fashion-producing firms in Texas will be invited to submit entries in the State Fair competition. Every type of apparel made in Texas from dude ranch attire to high fashion ball gowns is expected to be entered.

Thirty-two prominent fashion-minded women from all over Texas will be invited to serve as patronesses for the Round-up, including Mrs. Allan Stinson, wife of Texas' governor.

Dallas Fashion Arts, Inc., a non-profit organization devoted to the promotion of Texas fashion, is sponsoring the show in cooperation with the Women's Department of the State Fair.

## Engine Wear Reduced 40% with Trop-Artic Motor Oil

(THE DIFFERENCE IN WEIGHT IS A DIFFERENCE IN WEAR!)

### IT'S PERFORMANCE THAT COUNTS!

The difference in piston ring wear illustrated above proves an important point about the performance of motor oils.

Most engine wear occurs when you first start your car or under stop-and-go driving conditions with an engine that hasn't warmed up. It takes a very special kind of oil to flow quickly and protect your motor when you start, and then to protect moving parts from sludge and varnish after the engine heats up. TROP-ARTIC All-Weather Motor Oil gives you this double protection. Compared to older types of oils, it can even double engine life.

In a motor oil it's performance that counts. And TROP-ARTIC gives super performance! You'll get easier starting... save gasoline... and you can save 15% to 45% on oil consumption. Get TROP-ARTIC from your Phillips 66 Dealer.

### Bob Alley Dies . . .

(continued from page one)  
 1884, and died July 13, 1955, at the age of 71 years, 3 months and 19 days. He came to Motley County about 1907 and worked for the Matador Ranch for several years. He was married at Matador, January 2, 1910 to Miss Sue Keith, who died in December, 1914. To this union was born one daughter.  
 He was married to Miss Anna Reynolds of Dickens, in December, 1917, and she too preceded him in death, in March 1940.  
 Mr. Alley had been employed on the Mill Iron Ranch in Hall County before coming to Motley County, and at the time of his first marriage, he was working for Newman and Laseby, private ranchers. Shortly afterwards he went back to work for the Matadors and later became one of the range wagon bosses. In more recent years he was employed on the Muleshoe Ranch in Borden County. In August, 1942, he was married to the former Grace Holland of Lamson, and in 1952 they came to Matador and resided for about three months, leaving here to go to Lampasas.  
 He is survived by his wife,

Mrs. Grace Alley; his daughter, Sue Carrie Alley of Chickasha, Okla.; a step-daughter, Mrs. C. M. Adams of Lampasas; 2 sisters Mrs. O. I. Littlefield of Leeville, Texas and Mrs. Mae Martin of George West, Texas; and a sister-in-law, Mrs. S. B. Alley of Alice, Texas.  
**Attended Final Rites**  
 Gilbert Keith of Whiteface, joined his relatives here in going to Dickens for the final rites. These included Mr. and Mrs. Marvin Patton and son, Keith; Miss Mary Keith, Mr. and Mrs. D. P. Keith and their granddaughter, Sandra Latimer; Mr. and Mrs. Charlie Keith, Mrs. Virginia Willie and Mrs. R. E. Donovan. Friends who attended included Mrs. Beattie Patton, Jim Cooper, Rang Thornton and Walker Williams of Matador; Mr. and Mrs. Leslie Smith, Roaring Springs, and John A. Page of Chickasha, Oklahoma.

### Residents Leave On Vacation Trips

Mrs. Ellen New left recently for a visit at Barstow, Calif., with her daughter and family, Mr. and Mrs. J. W. Taylor. She was accompanied to Lubbock on

Friday, July 8, by her daughter, Mrs. Clarence Jenkins, and a sister, Mrs. Sam Lesly of Roaring Springs, and continued from there by train.  
 Mr. and Mrs. Paul Patton left Friday for a vacation trip which will include a visit at Benton City, Washington, with his brother and family, Mr. and Mrs. Ray Patton. They made the trip by rail from Childress.  
 After a recent visit in Dallas with her daughter and family, the Clyde Weavers, Mrs. Margaret Newman continued to Yorktown, Virginia, where she is visiting another daughter and family, Col. and Mrs. O. G. Pitz. The latter's son and wife, Mr. and Mrs. Peter Pitz, have recently become parents of a new son, being their fourth child.  
 Mr. and Mrs. H. H. Schweitzer left Tuesday morning for a vacation trip to Tres Ritos, N. M., where they will join a son and family, the Houston Schweitzers of Baytown, Texas.

Mr. and Mrs. Pete Knight left Saturday on their vacation trip which will include a visit in Cookeville, Tenn., with her parents.  
 Mrs. Jim Ford is expected home Sunday from Moriarity, N. M., where she has spent a two-week vacation with her brothers.  
 Other local residents on vacation are Mr. and Mrs. H. K. Ford who visited in El Paso with her sister and family, Mr. and Mrs. Tex Littler, before continuing on their trip.

### Two Schools . . .

(continued from page one)  
 Roaring Springs lunch room last season served 15,843 lunches to students and teachers. Needy children received 3,729 free lunches, while other students paid 25c per meal for 10,485 lunches. Teachers and adults paid for 1,629 lunches. The lunch room had a deficit of \$128.26.  
 School officials extended appreciation to parents in the district for the excellent co-operation which marked the past school term. It was pointed out that except for the aid of school patrons, it would have been impossible to regain the teacher lost the previous year.

**RELATIVES VISIT**  
 Mr. and Mrs. W. H. Vail left Monday to return to their home in Dallas, after visiting here from Friday with their nieces, Mrs. Curtis King and Mrs. Wilson Barton, and a nephew, Charlie Scalf. They have visited here on a number of occasions, Mrs. Vail being a sister of the late Mrs. J. C. Scalf. Mr. Vail is superintendent of the C. C. Young Memorial Home in Dallas.

### FORMER RESIDENTS HERE

Overnight guests last Wednesday in the home of Mayor and Mrs. W. L. McWilliams were friends from California: Mrs. Guy Cherry, Jr. of Yuba City, and Mrs. A. J. Morton, of Rialto.
