Tech's Bubba Jennings Presents Success Formula At All-Sports Banquet

"Seek The Far Horizon" was the theme of this year's All-Sports Banquet held Monday night at the American Legion Building. The Motley County Pep Club sponsored this annual event.

Each table was decorated with a miniature hot air balloon and basket. Posters displaying the hot air balloon and baskets hung on the walls. The head table was arrayed with an arrangement of fresh flowers and balloons.

The invocation was given by Christine Guerrero, Mistress of Ceremonies, Donna Kay Warren, introduced the coaches who in turn introduced the boy and girl team from each sport. The outstanding honor of the Dayton Graham award was presented to Joe Zarate.

Special achievement awards were presented by Coach Billy Wilson to Dell Bearden, President of the Booster Club and Mr. Tommy Wilson.

The Crowning of Royalty was conducted with Joe Zarate being crowned King and Jelene Long as Queen. The "Miss Spirit" award went to Janice Brown. Fighting Heart honors were presented to the following: Girls' Basketball-Jelene Long; Boys' Basketball-Richard Potts; Girls'

Track-Tammie Brown and Jelene Long; and Boy's Track-Joe Zarate.

Several other groups and individuals were honored for special accomplishments along with these.

Following the awards ceremony, Bubba Jennings, Tech's Star Basketball player and Player of the Year in the Southwest Conference (just to mention two of his many achievements), was introduced by Coach Michael Hurley. Jennings challenged the youth present to set goals and continually strive to achieve these through commitment, sacrifices, hard work and getting along with people. Jennings also gave a detailed account of his basketball career.

Following his speech, Janice Brown closed this year's banquet with a benediction.

Jennings was very cooperative at the conclusion of the evening's events to sign autographs and pose for photographs.

Nat'l. Mental Health Month

Mayor Gary Lancaster signed a proclamation today in his office, designating the month of May, 1985, as "National Mental Health Month". The mayor urges all citizens to support mental health services in our community, promote their operation and encourage people to use them. Witnessing the Mayor's proclamation were Judge Bill Whitaker, trustee for Motley County and Kathy Himes, Branch Office Manager at Floydada Counseling Center.

The Floydada Counseling Center, located at Floydada Courthouse, provides professional counseling on an individual, marital or family basis, in addition to psychological testing. A primary objective of the Center is to provide professional help for people who are experiencing problems that interfere with daily living. Nearly everyone has occasional trouble coping with the stresses and strains of modern life. Early attention and assistance often prevent small problems from becoming big ones. For more information about the services available from the Floydada Counseling Center or call 983-2584.

This Week In Commissioners' Court

by Patsy Tippin

The Motley County Commissioners Court met this Monday, May 13th, in the courthouse. Those present were Judge Billy Joe Whitaker, Commissioner (Sonny) Russell, Commissioner Joseph (Gid) Simpson, Commissioner Billy Hand, Commissioner Bill Washington and Lucretia Campbell, County Clerk.

Topics on their agenda were discussed. Approval to pay approximately 57 bills was made. One of particular interest was \$900 to Floyd County for room and board of a prisoner for 30 days.

\$1200 Granted for County Extension Agent

Elaine Houston, Extension Director from Vernon came before the Commissioners Court requesting \$1200 to help supplement the salary of a new Home Extension agent due to Mary Streit's resignation. This supplement is necessary due to legislative cutbacks for state and county agencies. Commissioner Russell stated that the state is looking to the county for a lot and putting the county in a bad spot expecting them to take up the slack.

Ms. Houston explained that she was making the same request of Hall and Throckmorton Commissioners Courts for \$1200 also. These counties along with Motley will share the same extension agent.

Commissioner Hand told those present that this is a good club with good leaders.

The commissioners, judge and Ms. Houston then discussed the effect of the "no-pass, no play" rule and how it will affect the 4H organization. She explained that most 4H activities had to be

adjusted so no child is out of school for 4H but that this law does effect 4H if the activity is school sanctioned.

Following the lengthy discussion, the commissioners voted to contribute the \$1200 requested.

Other Topics

More of the 12 items on the agenda were discussed including the rent for the Soil Conservation office and hospital bills the county has received from Caprock Hospital on indigent patients from our county.

\$110,000 Grant Sought

Following a brief recess for lunch, the commissioners conducted a public hearing concerning a grant from the Texas Department on Community Affairs. The 4 basic goals of this state department were reviewed by Judge Whitaker. The county is in the process of attempting to obtain a grant to make the courthouse accessible for handicap including an elevator to all 3 levels of the building and sidewalks up to the building. Another public hearing for this grant will be held May 21, at 10 a.m.

Closed Session

At this point, the commissioners requested Alton Marshall, Sheriff and tax collector, to join them. A closed session was entered into by the Judge, Commissioners and Sheriff to discuss a misunderstanding between county tax office personnel and the tax collecting law firm that the county has a contract with. The collecting firm indicates a problem obtaining tax records so that they may proceed with collections and fulfill their contract with Motley County.

Following this 45 minute closed session, the meeting was adjourned.

Soil Stewardship Week

Set For May 12 -- 19

The Upper Pease Soil and Water Conservation District will join the nationwide observance of Soil Stewardship Week during the week of May 12 to 19, 1985, announces James Bearden, Vice Chairman of the Upper Pease SWCD.

"Tomorrow Together" is the theme of the 1985 observance. As

the 1985 booklet for the observance points out, human survival depends on other living things: the grasses and grain, fishes and birds, wild and domestic animals. And we all depend for our basic necessities on soil and water. Together, we must think about ways to preserve and renew the topsoil

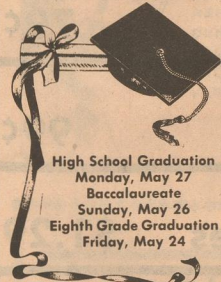

from which all our food comes. Together, we must work to purify and protect our waters.

In 1985, the soil conservation movement in America marks its fiftieth anniversary. During the Dust Bowl era of the '30s, conservation districts, local units of government, were founded to take soil conservation information and techniques out to farmers and ranchers. But their task has grown. Now conservation districts also work with urban and suburban citizens in protecting construction sites, school yards, shorelines and parks from erosion. And they are involved in work to clean up the nation's waters.

Since 1955, the National Association of Conservation Districts has sponsored Soil Stewardship Week, in cooperation with the nearly 3,000 conservation districts, as one way to emphasize the importance of good stewardship of our basic soil and water resources.

Materials especially designed to carry the 1985 theme of "Tomorrow Together" are being distributed through local conservation districts to clergymen, lay leaders, civic and educational organizations and to individuals participating in the observance.

Information and Materials for the 1985 observance of Soil Stewardship Week are available in this area from the Soil Conservation Service and the Upper Pease SWCD. Their office is located in the Motley County Courthouse.

Reception Slated Sunday For Mr. & Mrs. Bill Moss

Agriculture Degree in 1943. After serving 3 1/2 years in the Military Service, Bill returned to Tech and received his Master's Degree in Science in Agriculture in 1947.

He assumed his first teaching position at Matador High School in July of 1947. He married the former June Pope on July 20, 1948. They have two sons, Joe Dick and Glen.

Dick lives in Jackson, Tennessee with his wife, Terry and their two daughters, Andrea age 10, and Stacy age 7. Dick is associated with United Frozen Food Processing.

Glen lives in Bellevue, Texas with his wife, Carla Sue and their daughter Marsha age 11, and son, Lee age 7. Glen is a stockman and rancher.

Bill Moss has received many honors and awards during his teaching profession, one of which includes serving on the State Board of Directors of Texas Vocational-Agriculture Teacher's

Association. He has also been actively involved in community service. Included in his service, Bill is an active member of the First United Methodist Church, having served on the Board of Trustees, and teaching the Young Adults Sunday School Class for a number of years. He was also very instrumental in the building of the new church in 1978.

He has also served such positions as Boss Lion for the Matador Lions Club and Worshipful Master of the Matador Masonic Lodge No. 824.

After 38 years of teaching in the Matley County school system Mr. Moss will be retiring at the end of the current school year. June Moss has served as the secretary for the school for 20 years and will also be retiring.

Plans for retirement include, "Doing Nothing", playing golf, travel and most of all spending time with their children and grandchildren.

A reception will be held Sunday, May 19th, 1985 at the First United Methodist Church, from 2:00 to 3:30 p.m., in honor of Mr. and Mrs. N.L. (Bill) Moss. Bill Moss graduated from Whiteface High School in 1939. He attended Texas Technological College, where he received his Bachelor of Science in

Proclamation

WHEREAS, the well-being of our people depends upon the production of ample supplies of food, fiber and other products of the soil; and

WHEREAS, the quality and quantity of these products depend upon the conservation, wise and proper management of the soil and water resources; and

WHEREAS, protection of our surface waters from pollution is dependent upon protection of soils from being blown or washed into those waters;

WHEREAS, conservation districts provide a practical and democratic organization through which landowners are taking the initiative to conserve and make proper use of these resources; and

WHEREAS, the soil conservation movement is celebrating in 1985 its 50th anniversary of carrying forward a program of soil and water conservation in cooperation with numerous agencies and countless individuals;

NOW, THEREFORE, I, in full appreciation of the value of our soil and water resources to the public welfare, and desiring to honor those who protect those resources, do hereby proclaim May 12-19, 1985

WTU Summer Rates To Begin This Month

The price of electricity to residential and commercial customers of West Texas Utilities Co. will increase slightly this month as the company's summer rates go into effect.

The summer-winter rate differential for the two classes of customers was proposed by the Public Utility Commission of Texas staff during negotiations in WTU's rate case last fall.

Beginning with May billings, residential and commercial customers will be charged 3/4-cent more per kilowatt-hour. Residential base rates rise from 3.22 cents to 3.97 per KWh, while commercial base rates rise from 3.43 cents to 4.18 cents per KWh. Coincidentally, there will be a fuel factor adjustment raising the cost of fuel from 3.14 cents

per KWH to 3.5949 cents. This means that residential rates, including fuel costs will go from 6.36 cents per KWh to 7.5649 cents, and commercial rates,

including fuel costs, will go from 6.5 cents to 7.77 cents per KWh.

The new base rates and fuel cost factor will be effective for bills rendered during the month of May. The summer rates continue through October.

The seasonal rate differential has been used by many companies for many years. The main reason is that the cost of service is higher during the peak usage season, or summer months. Also, higher rates serve as an incentive for customers to conserve and trim the peak demand.

Home Energy Audits Offered by WTU

Home energy audits described as "simple, free and easy" are being offered to customers of West Texas Utilities Company.

The program is called QUEST--short of Quick Energy Savings Texas--and is designed to show just how energy efficient a home really is.

"QUEST" is a vehicle through which our customers can find out how they can control their energy use," said Jesse Turner, WTU local manager. "Most people could conserve more energy in their homes if they knew what to do."

QUEST actually is a quick energy analysis of a home. All a customer has to do is to obtain a questionnaire from the local WTU office, fill in the blanks, and send it back to WTU postage free-reply mail.

The questionnaires are received by WTU's Customer Technical Services Department in Abilene for evaluation. With the customer's prior 13-month electric billing, accurate analysis of the home energy efficiency can be made. A less accurate analysis can be done without the 13-month billing.

Nancy Johnson of Abilene, supervisor of residential audits, said a customer can expect to get results on a questionnaire back in about two or three weeks.

She said customers will receive a report consisting of three parts:

---Estimates of monthly utility cost comparisons for similar-sized homes, occupancy and appliances.

---Graphs indicating annual utility costs for an energy efficient home and for an average home.

---Estimated potential dollar saving and ranges of cost for energy conservation measures which may be appropriate for the home based on information the customers supplied through the questionnaire.

It doesn't take long to fill out the questionnaire, but for proper results the customer should be as accurate as possible.

QUEST is available to all WTU customers, but it does not supplant the more detailed Residential Conservation Service (RCS) audit that has been offered by all electric utilities for the past several years. The RCS audit is still available for a \$15 charge.

Mini-Thoughts On Theology

by Pearl Alexander

"Can God furnish a table in the wilderness?" Psalms 78:19 Oh, how often when we find ourselves in the choking, barren wilderness of disappointment or failure do we also find the gritty sand of doubt blowing about us. It is hard to believe that God has a table there, let alone food that will taste good to you.

But the loving Father who never leaves nor forsakes us knows how to spoon feed us if

necessary. Sometimes through another saint, through His Word or just the hot bitter tears in prayer, He WILL nourish you if you will let Him.

I'm sure of this because I've stumbled and staggered through that wilderness, sometimes for weeks, but when I've lifted my eyes and looked...there was His table!

Lift your eyes and look up today - a place is set for you.

A Reader's Opinion

I have a question for the Matley County Commissioners and the County Judge. We have elected officials of the county. They are paid a set salary each month. I am not sure that they accrue sick leave or annual leave time but if that elected official is ill, then why should we have to pay an hourly wage to a substitute? Why isn't that elected official obligated to pay that part of the salary for

replacement? I think our county is being cheated. Using money that could be paid for improvements for any number of things in the county. It is our business. Why should our money pay two people for one job? Not many of us know or care what our commissioners or Judge do, but there are some of us that wonder just what the H-L is going on.

Dear Former Student, Friend and Associate of Bill Moss,

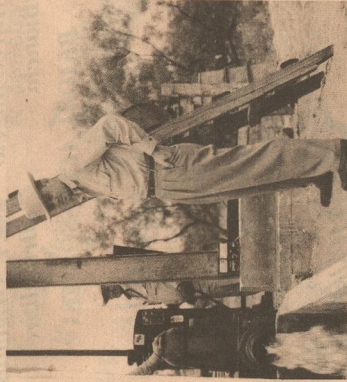

After 38 years of teaching in the Mokey County school system, Mr. Bill Moss will be retiring at the end of this school year. Mrs. June Moss has served as secretary for the school for 20 years and will also be retiring. There will be a reception and informal luncheon at the school on May 19, 1985. The school board, Methodist Church, and community members are invited to possibly attend and honor this outstanding teacher and individual, please plan to do so.

Mr. Moss has made as his lifework the growth and well being of young people and has built and maintained an excellent Vocational Agriculture program for the school and community for these many years. He has been responsible to the district for the success of his contributions in this short letter, but his work has made us all stronger and better individuals because of his positive influence and example.

Looking forward to seeing you May 19,

Young Students Present "Sing A Rainbow"

The elementary grades Kindergarten through third grade presented a program at the First Baptist Church on Friday, May 10. The title was **Sing a Rainbow**. The songs presented were "America", "She'll Be Coming Around The Mountain", "Do Re Mi" and many others. Also several poems were read such as "The

Cowboy's Life" and "Flag Goes By".

The children were delightful in this presentation and it was enjoyed by many parents, grandparents and friends.

The teachers of Kindergarten through third grade are to be commended for this entertaining and enjoyable event.

Green Thumbers Attend Seminar

More than 40 Green Thumb workers and host agency sponsors from a 5-county area met Tuesday, May 7, at the Senior Citizens Center in Crosbyton, Texas.

The training seminar featured Judy Costello of the American Cancer Society who discussed colo-rectal cancer; Officer Kenneth Witt, Department of Public Safety, who showed a film "Room to Live"; and an in-home safety program presented by Green Thumb staff.

Green Thumb, an older worker program, is funded by the Department of Labor

through Title V of the Older Americans Act. Sponsored by Texas Farmers Union, Green Thumb provides part-time work opportunities for seniors in rural areas. Program operation began in 1970 and currently includes 111 counties employing over 1,000 older Texans who are placed with local non-profit organizations to provide needed community services.

Green Thumb workers and sponsors attending the seminar from Motley County included: Lee Harns, Arthur Sanders, Ora Stonecipher, Sherman R. Melton, D.C. Hall, Joan Patton and Jim McClusky.

Masons Have Monthly Meeting

The Matador Masonic Lodge No. 824, A.F. & A.M. met Thursday, May 9, for their regular monthly meeting. A dinner of chili, Frito salad, ice cream and cookies was served to the Masons present.

Robert Dickson, Worshipful Master Pro Tem of the local lodge announced that a joint installation of officers of the lodges of the 95th and 52nd Masonic Districts of the Most Worshipful Grand Lodge of Texas will take place in Memphis on July 11. Most Worshipful George R. Scott, Grand Master of Texas Masons will serve as

installing officer. Right Worshipful R. Furman Vinson, PGM will serve as Installing Marshall. Masons and their guests are invited to attend this meeting.

Also on June 8, the 75th anniversary of the Crosbyton Lodge No. 1020 A.F. & A.M. and the Spur Lodge No. 1023 A.F. & A.M. will celebrate their 75th anniversary in Crosbyton at the Crosbyton Lodge. A covered dish dinner will begin at 6 p.m. and the program will follow at 7:30 p.m. This is a family meeting and all Masons and their families are cordially invited.

Class Of 1963 Holds Impromptu Reunion

The Class of '63 was well represented Saturday night at the Exes football game. Eight of 20 of their classmates were present including Kenny Barton playing on the odd numbered team, Mayor Gary Lancaster refereeing, Mary Newman Renfro was the photographer

and one of the EMTs on duty, Pete Davis of Brownfield and Dorothy Crenshaw Johnson of Quitaque along with Barbara Bird Jameson, Judy Hart Renfro and Joel Dean Spray did their part being good spectators from the stands.

They all enjoyed this impromptu reunion.

Motley County 4-Hers Attend District Event

Color and style blended into a harmony of apparel as 124 boys and girls paraded their handiwork, showing they were "In Tune with Fashion" on April 27 in Stamford at the Rolling Plains District 4-H Fashion Show.

Four 4-H'ers from Hall, Haskell, King and Wilbarger counties earned the highest awards and will represent the district's 21 counties in the State 4-H Fashion Show, July 10 in Lubbock.

The winners were Katrina Levy, Hall County, active sportswear; Tamra (cq) Burnett, Haskell County, evening and specialty wear; Cherry Graves, King County, daytime non-tailored wear and Melissa Matus, Wilbarger, daytime tailored attire.

Motley County was represented by Cathey Perryman, Tonya Hoyle, Bonnie Richards, Janice Brown, Tricia Palmer and Donna Mangram.

Cathey modeled a tennis outfit of lavender shorts and pastel striped top for specialty wear. She is the daughter of Mr. and Mrs. Ray Perryman. Tonya Hoyle, daughter of Mr. and Mrs. Larry Hoyle, entered a short suit of white with fluorescent splashes in the non-tailored daywear.

The intermediate specialty division was represented by Bonnie Richards, daughter of Mr. and Mrs. Ron Richards. Bonnie modeled an aqua nightshirt she made.

Janice Brown, granddaughter of Mrs. Ossie Brown, entered the

senior tailored daywear category with a suit and blouse she constructed.

Non-tailored daywear senior division was entered by Donna Mangram, daughter of Mr. and Mrs. George Mangrum. She modeled a navy with white dot print dress she had made for county competition.

Tricia Palmer, daughter of Mr. and Mrs. James Palmer, modeled an apricot dotted swiss dress in the senior specialty division.

All Motley County 4-H'ers won blue and red ribbons. They did extremely well.

Contestants were judged on sewing skills, clothing construction and overall appearance of the garment, explained Mrs. Elaine Houston, district director of the Texas Agricultural Extension Service. She said it helps youths build self-confidence and poise; develop skills in planning, selecting and making becoming clothing; planning a wardrobe and selecting accessories, and develop good posture and grooming habits.

Four-H is the youth development program of Extension, an arm of the Texas A&M University System.

Supporting the annual event was West Texas Utilities Co. It provided facilities, refreshments, decorations and luncheon for the contestants and judges, and conducted educational programs for parents while the youths were being judged.

Shawna Campbell Is Lions Club Queen

Shawna Campbell, daughter of Mr. and Mrs. Guy Campbell was selected by members of Matador Lions Club as their 1985-86 Queen with Penny Bearden, daughter of Mr. and Mrs. Junior Bearden as runner-up. Ballots were cast at the regular meeting of the club, May 7, after eight attractive young girls from Motley County High School introduced themselves as candidates for the honor.

Presented by the current queen, Donna Kay Warren, each girl gave a brief outline of her participation in school activities, her hobbies and plans for the future. It was not easy for the Lions to make a decision regarding a winner.

The group included Lora K. Fore, daughter of Mr. and Mrs. Mike Fore, April Vandiver, daughter of Betty Vandiver and Ronnie Vandiver, Donna Mangram, daughter of Mr. and Mrs. George Mangram, Rhonda Long, daughter of Mr. and Mrs. Rodney Long, Lyn Hanna, daughter of Mr. and Mrs. John Hanna and Kim Hand, daughter

of Mr. and Mrs. Bill Hand. Other guests introduced at the meeting by Recorder, Lion Bill McCaghren, were Wade Vandiver, Mrs. Roy (Patsy) Tippin, and Lila Meador.

Boss Lion Vann Francis presided for business and led the club in applause for the barbecue lunch prepared by Lion Walter Jones, and named committees for the football game which the club sponsored Saturday.

New Officers

New officers and directors for 1985-86, who will take charge with the first meeting in July, were announced as follows:

Jack Van Eaton, President; Kirby Campbell, 1st VP; Ray Minkley, 2nd VP; Haden Moore, 3rd VP; Forrest Campbell, Secretary; Charlie Johnson, Taitwister; Bill McCaghren, Recorder; Rachel Patton, Sweetheart; Frank Pohl, Lion Tamer, Shawna Campbell, Queen; and directors Ronnie Davis, Jesse Turner, Sonny Russell, Walter Jones and Past President, Vann Francis.

Soil Stewardship Week

May 12 -- 19

50 Years Of Conservation

The year 1985 marks the 50th anniversary of America's Soil and Water Conservation movement. It was in 1935, during the midst of the "dust bowl days" that Congress and Hugh Hammond Bennett founded the Soil Erosion Service. Now called the Soil Conservation Service, this anniversary is more than just the birthday of an agency; it is a milestone in a voluntary conservation program that has involved more than two million farmers, ranchers and other land users.

The effect of the conservation movement has touched the lives of every citizen in the United States, both directly and indirectly. Farmers and ranchers practice conservation and stewardship of the soil so that a nation now abundant in food and fiber may remain just such a

nation for all generations to come. Even in the midst of the worse economic crisis to ever face the American farmer and rancher, he realizes that conservation of the natural resources is vital to not only his existence but to the nation as a whole.

The Upper Pease Soil and Water Conservation District, founded originally in 1944, joins the Golden Anniversary of the conservation movement and urges all local farmers, ranchers and residents of Motley County to support soil and water conservation. Chairman of the Board, W.H. Marshall states, "As important as the last 50 years of conservation have been to the nation, they are not near as important as the next fifty years." The soil and water must be protected for future generations.

Conservation Tillage No Till - Ro-Till

The hottest item going in conservation of cropland is residue. This controls wind erosion, saves moisture, protects small growing crops, reduces tillage trips across the field, prevents soil compaction, and saves fuel and labor. Ro-till has been successful on both irrigated and dryland crops of cotton, peanuts, watermelons and wheat. Although now working well in the sandy soil of the county a conservation tillage operation of some type can be developed for tighter soil also. Conservation tillage can also work well with existing wind stripcropping systems.

Conservation tillage within the district has increased to where now approximately 10,000 acres of cropland have some form of conservation tillage being applied. Additional information and a conservation tillage plan for your land can be obtained by contacting the Upper Pease SWCD or the Soil Conservation Service in the Motley County Courthouse.

The concept behind Ro-till is to leave the crop residue in strips and prepare a clean seedbed

Rangeland Recovery

By Joel Holt

The weather of the last few years has left much of the area's rangeland in poor condition and

many of the important native grasses in low vigor. Now is the time to give these grasses a rest so they can begin to recover to their once productive state.

The Soil Conservation service can help you develop a planned grazing system that will give these grasses the rest they need for recovery. What is a planned grazing system? A planned grazing system is managing rangeland so it is grazed and then rested in a planned sequence. Why does this work? Livestock are selective in the plants they graze. They tend to repeatedly graze the desirable and leave the less desired plants. This is often called "spot grazing" which weakens the more desirable plants and allows unwanted plants to thrive and multiply. Grazing and resting plants in a planned sequence gives the better plants a chance to regrow, compete and multiply, thus gradually increasing the

amount of high quality plants available per acre.

Deferred grazing and brush control can also be used to help your rangeland recover faster from the last couple of years. With the early moisture we have received, this is looking like an excellent year to spray mesquite. By deferring the pastures that are sprayed, the grasses can make good growth and recovery from the moisture and sunlight that will be released when the mesquite has been controlled. Remember the best times to spray for maximum root kill is 42-63 days and 72-84 days after bud break. This year bud break was during the first week in April. Make sure soil temperature at 12-18 inches are at 75° or above.

Planned grazing systems and timely brush control are just a few of the management items that can help rangeland in a more productive condition. If you have any questions on any of these items, contact the Soil Conservation Service in the Motley County Courthouse.

Management For Weeping

by Joel Holt

Weeping lovegrass is the main improved pasture grass being produced in Motley County today. Each year, many old cropland fields are being seeded to lovegrass for grass production and a more stable land use. The Soil Conservation Service has some management recommendations to keep your lovegrass from turning into old, rank, unusable forage.

The first management consideration is fertilization. A rate of 40-40-0 annually is recommended for soils in this county. A split application, one in early spring and another in July, seems to achieve the best results. Unfertilized lovegrass has neither the palatability or nutritional value of fertilized grass.

The second management consideration is rotation. Grazing lovegrass every 35-40 days will hit this optimum time for grazing to get the full nutritional value, and the best livestock performance. Grazing lovegrass six pastures grazed one week

each, seems to work the best. By grazing each pasture for the 7 day period you would be grazing a new pasture when it has reached its most nutritional point. Gains of greater than 1.5 lbs. a day a steer has been seen when this method is used.

The third management recommendation, to keep a good healthy stand of lovegrass, is a late season deferment. It has been shown that lovegrass must complete a full growth cycle at least once in the year to keep the stand healthy. By deferring your lovegrass pastures from early September until frost you can meet this need in the plant. Then, if fertilized properly, you will have good winter forage to graze after frost.

Lovegrass is not a miracle grass, but it is one of the most productive and cheapest grasses to establish for dryland production in this area. If you would like more information on the establishment and management of lovegrass, call the Soil Conservation Service. Maybe you can turn an old unproductive cropland field into some useable pastureland.

Fencing lovegrass so that it can be rotated is one of the best ways to get maximum use from your pastureland. The picture shows a pasture in the foreground which the cattle have just grazed and one in the background they have just begun to graze. Rotation is just one of the management items to keep lovegrass producing high quality forage.

Although the county has had a fairly wet spring, area rangeland that was hurt by drought and cold will still take years to recover. With proper grazing and timely deferments the time for recovery could be shortened.

This fence line contrast in Motley County shows us what timely deferment can do for grass production. On the left side of the fence mostly tall grasses such as sand bluestem, little bluestem, and switchgrass as the dominant grasses. On the right side of the fence, most of these grasses have been grazed out leaving less productive grasses such as sand dropseed and silver bluestem.

Exes Return To Action For Football Game

by Wade Vandiver

The Matador Lions Club sponsored an Exes Football Game on Saturday, May 11. The game featured the even years against the odd years.

The game was opened with the school song led by Grace Campbell and Patty Edwards. The invocation was given by Tim Ayers.

"Fabulous" Floyd Hardin then introduced the cheerleaders, the teams and the coaches.

The game began with the first kick by Kenny Barton for the odds. The even accomplished little on their first drive. The odds scored quietly on a 34 yard pass from Shawn Bearden to Charlie Campbell. The point after attempt failed. Jerry Paul Lee ran the kickoff back for a touchdown for the evens. Harold Dempsey passed to David Green for the extra point. The score was the evens 8 and the odds 6. That was the score after the first twelve minutes of play. These men then took a much needed rest. Several of the players on the sideline were looking for the oxygen tanks.

The first score of the 2nd quarter came when Julian Zabielski ran it in for the evens. The extra point was no good. The evens scored again when the odds fumbled. Jerry Paul Lee then scored again for the even team. The extra point attempt failed. That concluded the 1st half of play. Several team members were seen carrying their teammates off of the field.

With the score at 20-6, the odd team needed to get their act together. And that they did.

The odds scored when Tim Shannon ran it in from 2 yards out. Shawn Bearden passed to Charlie Campbell for the extra point. The score was 20-14. Then the game turned to tackle football. Several penalties were levied against both teams for tackling. We saw the end of the 3rd quarter with no change in score.

The odds scored quickly in the 4th when Shawn Bearden passed to Charlie Campbell. The extra point attempt was unsuccessful. The odds had tied the game at 20-20. The odds then went ahead when Shawn Bearden passed to Tim Shannon for a touchdown. There was no extra point. Could this haunt the odds? Within the last minute of the game, things got pretty rough for both teams. The evens finally pulled through when Dempsey scored a touchdown. A controversy surrounded the first extra point attempt and referee Vann Francis ruled to play it over. The extra point was good when Harold Dempsey ran in with 6 seconds on the clock. The score was 28-26 in favor of the evens. The game ended on the kickoff. It was an excellent game for those players who were still standing at the end. All of those who played enjoyed it and were looking forward to next year. Players on the "Odd Team" are hoping for a future game to seek revenge. Shawn Bearden, member of the losing squad, had

only one comment: "We were only one man away from victory." He was, of course, meaning former ace-fullback Guy Campbell, who remained on the injured reserve list and was unable to see action. In our post game interview with Coach Grundy, he said, "The opposing coaching staff was in better physical condition. If I would have run out on the field three times protesting calls like Stafford did, they would have had to carry me off."

Get well cards would be appreciated by members of both teams and the cheerleaders who participated.

Program Presented To El Progreso

Mrs. Furman Vinson presented a program on Greece for GFWC El Progreso Club, in regular meeting May 9, at the Summit Savings Community Room. Mrs. Joe Campbell was program leader, and serving as hostesses were Mesdames W.N. Pipkin, R.E. Campbell, Jr. and

Robert Darsey. Mrs. Robert Dickson called the meeting to order and conducted business, including plans and arrangements for the club's closing luncheon on May 23. A Grecian musical number by Mrs. Frank Pohl, titled "The Hymn of Freedom", introduced the program theme. For effect, Mrs. Pohl used clarinet and string ensemble settings on the Casio.

Mrs. Vinson showed slides of the Greek Isles, made during a tour which she and Mr. Vinson took several years ago. Narration of the scenes was very interesting, as highlights of the trip were shown. These included the ancient stadium where the first Olympic games were held in 776 B.C., the Acropolis and Parthenon in Athens, the city of Corinth and Oracle of Delphi, and scenes of Rhodes on the Aegean Island.

Refreshments of pecan pie and coffee were served by the hostesses to those mentioned, and Mesdames Gus Bird, C.D. Garrison, J.E. Edwards, W.D. Lipscomb, John Hamilton, Douglas Meador, E.A. Day and Harold Campbell.

"If you watch a game, it's fun. If you play it, it's recreation. If you work at it, it's golf." -Bob Hope (From Lubbock Avalanche-Journal.)

Thursday's Play

There were 9 players out for Thursday's play: Geneva, La Voe, Leona, Loys, Margaret, Olivia, Pennie, Lucretia and Dorothy C.

They were playing for most bogeys, and Geneva won, with 11. La Voe had 10.

Scramble Winners

Forty-one players matched for Tuesday evening scramble, with the following results:

Winning team (30), La Voe Thacker, Mike Hancock, Marvin Patton, Howard Edmondson, Louise Barton and Tim Ayers;

SECOND (31): Alfred Barton, Kathryn King, Frank and Laverna Price, Vann Carr, and Jim Ballew;

THIRD (31): Jake Goodson, Mickey Bostick, Eddie Marcum, Buzz Thacker, Kenny and Olivia Barton;

FOURTH (31): Joe Campbell, Geneva Wilson, Tommy Edwards, Kenneth Marshall, Tom Yeates and M.C. Jones;

FIFTH (32): Michael Hurley, Max Bearden, Tim Brooks, Alan Bingham, and Ronnie Vandiver;

SIXTH (32): Vann Francis, Butch Renfro, John and Margaret Barnhill, Jake Edwards and Scotty Abbott;

SEVENTH (33): Bill and Mary Jones, Kelly and Pennie Keltz, Loys Campbell and Greer Willis.

Sunday Visitors

The Dink Wilsons (Dink, Carolyn and son Toby of Quanah) visited here Sunday with his mother, Geneva Wilson and sister, Nelda Wilson Tomison and family. An afternoon of golf was enjoyed by Dink, Carolyn, Toby and Geneva.

Morton - Cameron Announce Engagement

Mr. and Mrs. Robert P. Morton of Cleveland, Texas, announce the engagement of their daughter, Traci Renee, to Phillip Darryl Cameron, son of Mr. and Mrs. Harold D. Cameron, also of Cleveland.

Both are 1982 graduates of Tarkington High School.

The bride-elect is a senior at Sam Houston State University, Huntsville, Texas, where she is

majoring in Business Education. She will graduate in December.

Her fiancé is presently a licensed agent with Poling Real Estate of Cleveland. He is also attending North Harris County Jr. College, studying to be a broker.

An August 17, wedding is planned at the First Methodist Church in Cleveland, Texas.

Traci is the granddaughter of local resident, Mrs. L. L. Lynn.

New Arrival

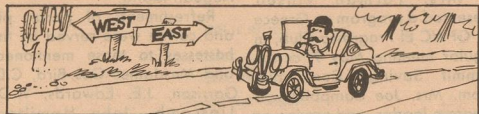

Mr. and Mrs. Tony Rose and their son Sean wish to announce the arrival of a baby girl, LaShea Lynn, born Monday, May 6, at 11:20 a.m. in Lockney General Hospital. LaShea weighed 9 lbs. and 7 1/2 ozs. and was 21 in. long.

Grandparents of the new arrival are Mr. and Mrs. Joe Meredith of Roaring Springs and Mr. and Mrs. Doyle Rose of Matador.

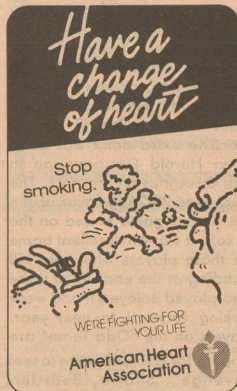

Teen Challenge To Be Given At First Assembly Of God In Roaring Springs

Mr. Bob Dunstan of Teen Challenge of Amarillo, Texas, will speak Sunday morning, and for the evening service at the First Assembly of God Church in Roaring Springs. At the evening

service he will show a film concerning Teen Challenge. The morning services will begin at 11 a.m. and the evening service at 6 p.m. Pastor Edna Dillard welcomes everyone.

Cotton planting time is coming up very soon, but hopefully not too soon. By this I mean, before May 20th, the Uniform Planting Date. This is the date set by Extension and USDA entomologists, and Program Building

Date as the lowest cost method available to combat the return of the cotton boll weevil. Research shows that peak boll weevil emergence from overwintering habitat is usually the last week of May, and the first two weeks of June. Overwintered weevils only live 10 to 22 days after they emerge. Eggs laid in squares smaller than 1/3 grown will not survive. When you plant cotton on Uniform Planting Date (May 20) or later very few weevils survive until 1/3 grown squares are present.

Crops Committees in each of the seven Boll Weevil Control Zone counties. By not planting before May 20 you can help keep the boll weevil population down to a minimum.

Control Zone farmers have been using the Uniform Planting

Rites Held In Crosbyton For Resident's Mother

Services for Mrs. Lillie Mae Hargrove, 87, mother of Mrs. D.L. Damron of Matador, were held at 4 p.m. May 1, in First Baptist Church, Crosbyton. Officiating were Rev. Lester Griffin, pastor, and Rev. Cliff Hargrove.

Burial was in Crosbyton Cemetery under direction of Adams Funeral Home of Crosbyton.

Mrs. Hargrove died on Monday, April 29, at Crosbyton Hospital after a lengthy illness.

Born in Ellis County, she married Clark Echols Hargrove, Sept. 10, 1916 in Hunt County. They moved to Crosby County in 1926. He died October 10, 1954.

Mrs. Hargrove was a member of the First Baptist Church, Crosbyton and a member of the Homemakers Sunday School class. She also was a member of Senior Citizens.

Survivors include three sons, Frank of Lubbock, and Leslie and Joe K. of Crosbyton; four daughters, Ada Mae Damron of Matador, Billie Jean Stokes of Cotton Center, and Mary Lou Berry and Nelda Sue Webb of Bakersfield, Calif.; three sisters, Gladys Swindall of Crosbyton, and Billie Gratton and Opal Whisenhunt of Dallas; 19 grandchildren; 31 great-grandchildren; and five great-great-grandchildren.

Heart Answers

Aneurysm

An aneurysm is the result of a weakening of the wall of an artery which balloons out in a bubble-like protrusion. It may rupture under the pressure of blood flow—this could cause sudden, potentially fatal loss of blood, or stroke if it occurs in the brain. Aneurysms may

develop in any artery, but the abdominal aorta is the most common site. If the aneurysm progressively increases in size, it should be removed despite the risk. Treatment involves surgical removal of the aneurysm and replacement of that section of the artery with a graft.

A Little Town

A little town is where you don't have to guess who your enemies are. Your friends will tell you.
A little town is where few people can get away with lying about the year they were born. Too many other people can remember.
A little town is where people with various ailments can air them properly to sympathetic ears.
A little town is where, when you get the wrong number, you can talk for 15 minutes anyhow.
A little town is where the ratio of good people to bad people is something like 100 to 1. That's nice to remember.
A little town is where it is hard for anybody to walk to work for exercise because it takes too long to stop and explain to people in cars who stop, honk, and offer a ride.
A little town is where city folks say there is nothing to do, but those who live there don't have enough nights in the week to make all the meetings and social functions.
A little town is where everyone becomes a "neighbor" in time of need.
A little town is where those same businessmen dig deep many times to help with countless fund-raising projects.
A little town is where many teenagers say there's nothing to do, and they are surprised to learn that their big city peers are saying the same thing.
A little town, when all is said and done, is a nice place to live. ■
