FINALLY

If you haven't driven by the school the last few days, it's worth the trip to see the small stakes sticking out of the ground and the fresh dirt which are all promising signs that AT LAST construction on our new school has begun.

Cystic Fibrosis Foundation

Mrs. Dan Barton, Chairman of the Matador Cystic Fibrosis fund raising campaign will be at the Fire Department's Fish Fry on July 4th at 6:30 p.m. to accept donations.

The C.F. campaign provides the community with pertinent information about Cystic Fibrosis which is the number one genetic killer of children and young adults. Funds are desperately needed to support research, education and care programs.

All donations to help defeat this disease will be greatly appreciated.

Applications Sought For Librarian

The position of librarian for Motley County Library will soon be available. Library Board members are seeking applicants interested in this part-time county job, according to Chairman Mrs. Marisue Potts. Mrs. Beverly Darsey is expected to retire in October from the position she has ably held since the library's establishment in 1981.

Applicants must be able to type, file, and do double entry bookkeeping. Other important duties would require classifying and cataloging books, generating reports and evaluations from statistical data, and planning and directing programs.

Thirty hours of college credit, or a year's library experience, would be considered a minimum for the position. On the job training will include familiarization in the use and maintenance of the computer, projectors, microfilm reader, and copier.

Although the job pays minimum wage, and as a part-time job doesn't include fringe benefits, it offers the opportunity of individual growth, being the head of a county department, and pleasant working conditions.

Applications may be secured at the Library during regular business hours.

Computer Course Scheduled

Registration will be July 11 at 5:30 p.m. at the grade school. Cost will be \$90 including the book, and 4 hours credit will be issued.

Due to the limited number of computers available, only the first 14 people to register will be allowed in the class.

Classes will meet for 6 weeks for 10 hours a week. Meeting times will be discussed at the first meeting. If there are any questions, call Pam Francis at 765-5009.

Clarendon Junior College will offer a computer course at the grade school to be taught by Pam Francis, Motley County business teacher.

Events, Birthdays And Anniversaries Needed For Lions Calendar

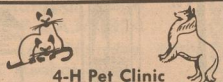

Local residents are urged by Matador Lions Club to furnish dates for upcoming events, dates of birthdays, anniversaries, club meetings in all months, and any other announcement of community interest, to be used on calendars which the club will have ready for distribution in the near future.

A report on the progress toward the calendar project was made June 18, at regular meeting of the club, by Lion Eddie Marcum. Boss Lion Vann Francis presided at the meeting in the fellowship hall of First United Methodist Church. He led the club in appreciation applause to Mrs. Kathy Dempsey and Mrs. LaRae Piper, who prepared and served the lunch, assisted by the Dempsey children, Mickey and Mandy.

Recorder Lion Bill McCaghen introduced as guests, Queen-elect Shawna Campbell, Highway Patrolman Jerry Byrn Jr., David Y. Hughes, Rob Francis, Wayne Lanham, John D. Russell and Mary Renfro. A group picture of club officers was made by Mrs. Renfro for the calendar cover.

A list of new committees for 1985-86 was handed out by incoming secretary, Lion Forrest Campbell. These will serve from July through June of next year. New officers who assumed duties Tuesday (first meeting in July) were Jack Van Eaton, president; Kirby Campbell, 1st VP, Ray Minkley, 2nd VP, Haden Moore, 3rd VP, Forrest Campbell, secretary, Charlie Johnson, Tail Twister, Bill McCaghen, recorder, Rachel Patton, Sweetheart, Frank Pohl, Lion Tamer, Shawna Campbell, Queen. Directors are Lions Ronnie Davis, Jesse Turner, John M. Russell, Walter Jones and Past President Vann Francis.

Lion Ronnie Vandiver served as program director and showed a film describing natural predators of North America, revealing that almost any animal known can be listed in this category.

4-H Pet Clinic

The 4-H Pet Vaccination Clinic will be held Wednesday, July 10, at the City Hall from 8:00 a.m. to 11:30 a.m. Dr. Westbrook will be here to give vaccinations and check your dogs and cats.

The 4-H Clubs would like to thank Dr. Westbrook for his help in this activity.

Come Wednesday and bring your pets, so we can keep Motley County healthy and safe.

Cheese will be given away July 12, at V.F.W. from 1:30 p.m. to 5:00 p.m.

Mrs. Ivy Cooper Chosen Senior Citizen Of The Year

Mrs. Ivy Cooper, a very dear person and loved by all, was chosen as the Senior Citizen of the year by the Matador Senior Citizens Association. Mrs. Cooper is 88 years old and still going strong. She is an inspiration to all.

Mrs. Cooper came to Motley County at the early age of 3 in 1900. She can thrill each of our lives with the things that happened in the early days. The old homestead is still owned by the family and is located east of Matador.

Born to Mr. and Mrs. S. G. Hodges, she started school in Roaring Springs. Later the family moved east of town and she attended the old school that was east of town. She remembers two superintendents - Mr. Thompson and later Mr. Johnson. In those days there were only horses and bucaies for transportation. Her folks lived on the place owned by J. B. Cooper today.

On October 7, 1914, she and Jim Cooper rode in a buggy to be married. She is the mother of two children, J. B. Cooper of Matador and Geneva Griffin of Silverton. She has two granddaughters and one grandson and a great-grandchild.

Mrs. Cooper has some interesting tales to tell. One is of finding a rattlesnake in the chicken pen and dealing with it properly. Another incident she tells is that of a rattlesnake biting a little white dog. One of the ladies cut off the dog's tail thinking the poison would run out. Mrs. Cooper is not sure whether the dog died or not.

Mrs. Cooper was a beautician for many years, just retiring a few years ago. She loves to crochet and do all kinds of handiwork. She makes lovely quilts, floor pillows and many other lovely items.

Mrs. Cooper is an active member of the Church of Christ.

Mrs. Cooper will go to the Senior Citizens Extravaganza in Lubbock on July 26 to represent Matador as our yearly Senior Citizen.

Whatever happened to the 4th of July?

There was a time when Independence Day was looked forward to as the highlight of summer.

Families gathered for picnics, for ice cream socials, for reunions. Towns gathered for parades and band concerts. The day ended with a town fireworks display.

Seems all this has changed - at least in Matador. No plans have been announced for a parade or a concert or town fireworks. I wonder if this is indicative of

a permanent lethargy in our town. Case in point: I understand that at one time the Lions Club placed trash receptacles around town and the city was to be responsible for disposing of the litter. One of these receptacles is between the old empty drug store and the old empty grocery store. I have been watching it since April. It hasn't been emptied. It finally has toppled over and the trash has littered the sidewalk.

Oh, well, I guess this and other unsightly trash and weeds don't matter. We don't have any plans for the 4th, so why "clean up"?

Whatever happened to the 4th of July?

I long for the 4th of July I once knew
When we cleaned up, spruced up and made things look new.
We turned the ice cream freezer with such glee
And stood for hours so the parade we could see.
But things and times have changed, I guess.
We'll stay at home where it's cool and rest.
No parade, no band concert, no fireworks today.
Whatever happened to that glorious day?

Mini-Thoughts On Theology

by Pearl Alexander

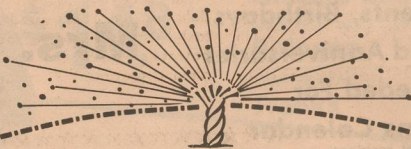

"Pray without ceasing" 1 Thessalonians 5:17

Prayer accomplishes what human effort can never accomplish. There are many examples in the Bible and numerous Scriptures that confirm just how important it is for us to pray - and keep on praying - until our prayers are answered.

Perhaps the greatest hindrance to answered prayer is the lack of a fervent earnestness. We give up before God answers!

Christ taught us that our persistence in prayer should be like that of the widow before the unjust judge. The judge didn't owe her anything, but granted her request because of her persistence.

Prayer goes beyond what looks like a closed area. It is never hindered by time or distance. It leaps over mountains and crosses oceans, goes into prison cells, a King's palace, a hospital room or a baby's crib. Pray without ceasing!!

NOTICE OF INTENT TO IMPLEMENT RATES

General Telephone Company of the Southwest in accordance with the Public Utility Regulatory Act and the Rules of the Public Utility Commission of Texas gives notice of its intent to implement new exchange access rates for the provision of shared tenant and tenant resale services.

These proposed rates are applicable to customers of General Telephone Company of the Southwest, excluding hotel/motel customers, who provide local exchange telephone service of General Telephone Company of the Southwest to their tenants or patrons on a resale or shared use basis. This resale or sharing arrangement is normally provided utilizing a customer-provided PARX or other similar stored control switch capable of common control processing or other features commonly associated with a PARX "Smart" switch.

These proposed rates are designed to recover costs on a usage basis for local exchange telephone service access and are identical to General Telephone's "Optional Measured Service" rates. The monthly access rate will be \$28.95 per trunk line and the usage rates are as follows:

Over	Up To and Including	Band	Set Up	Full Rate Period Each Minute
0	7 miles	A	\$.025	\$.015
7	14 miles	B	.035	.021
14	21 miles	C	.050	.030
21	28 miles	D	.070	.042
28		E	.090	.054

As this is a new service offering, we are unable to determine the number of customers who may be affected. Currently, there are no known prospective customers. Until any customer utilizes this new offering, there will be no effect on the revenues of the telephone company, and in any event, the telephone company does not expect revenues to be affected by more than 2 1/2 percent. Freedom

You can't see it. You can't buy it. Some people have it and don't think much about it. Others don't even know what it is. It's not something you're likely to get without a struggle, and if you lose it, it's almost impossible to get back again. If you haven't thought much about freedom lately, now's a good time to start, because July 4, 1776 is what freedom is all about. And freedom is what America is all about. We've fought for it. We've nurtured it for over 209 years. Now let's celebrate it with pride.

County Agent's Corner

By Ray Minkley

A lot of cotton in Motley County was planted a little earlier this year than usual. It is already getting close to the squaring stage. This may mean an early infestation of cotton fleahoppers. Fleahoppers move into cotton from weed hosts when cotton begins to square. Both adults and nymphs suck sap from the tender portion of the plant including small squares. Squares are susceptible to damage from pinhead size through the 1/3-grown stage.

Emory Boring, Extension Entomologist will be here in Motley County Thursday, July 11, for a Cotton Insect Scouting Training. We will meet at the

County courthouse at 10:00 a.m. Mr. Boring will give instruction in scouting your cotton field for fleahoppers, boll worms, and bollweevils. He will also give us information on when to use chemical control and what chemicals can be used.

Much cotton in Motley County last year was damaged by fleahoppers and, or bollworms. Threshold levels and spray timing are very critical for controlling both of these pests.

If you plan to come to the meeting please be there by 10:00 a.m. We will be going out to a cotton field for the training session.

Jody M. Bradford Named Extension Agent For Wilbarger County

Jody M. Bradford, a recent graduate of Texas Tech University, has been appointed County Extension Agent for Wilbarger County effective July 1. Bradford is the grandson of local residents, Mr. and Mrs. Roy Bradford.

The announcement was made jointly Monday by District Extension Director Ed Gornett and members of the Wilbarger County Commissioners Court.

Bradford, who will fill a position vacated here by Keith Williams when he resigned to move to Seymour, met recently with County Commissioners, who gave their approval to the appointment.

A graduate of Gruver High School and a six-year veteran of 4-H, Bradford received his Bachelor of Science degree in animal production from Tech.

While at Tech, he was a member of the Saddle and Siroloin Club and the Texas Tech Saddle Tramps. He was also on the Tech wool judging team and senior and junior livestock

judging teams. Bradford was on the dean's list and received the King Ranch Scholarship in animal science. He worked as a student assistant in the Tech Animal

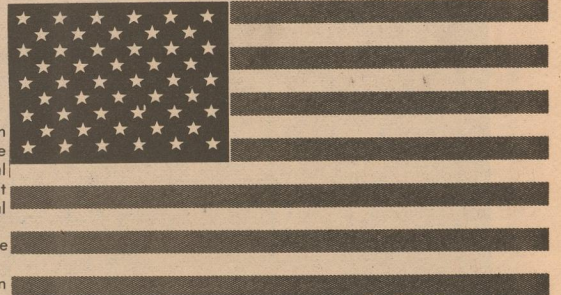

Science Department and the Texas Tech Horse Center.

As Wilbarger Extension Agent, Bradford's primary responsibility will be to give leadership to the 4-H and youth agricultural program and work jointly with County Extension Agents D. W. Wise and Pam Prather in developing educational programs through the Wilbarger County Program Building Committee.

Bradford enjoys hunting and fishing.

He is a son of Van and Lee Bradford of Gruver and is married to the former Eadie Clemons, daughter of Eddy and Anita Clemons of Spearman.

Mrs. Bradford will be teaching the 3rd grade in the Vernon schools.

Girl Scouts Camp At Cloyd's In Flomot

A group of 12 Girl Scouts from Center, Texas, camped overnight at the home of the Leon K. Cloyds in Flomot on June 13. They were on their way to Girl Scout National Center West at Ten Sleep, Wyoming.

Their leaders were Robin Rankin and Tommie Alvis. The girls making the trip include Jennifer Alvis, Cathy Hughes, Michelle Hughes, Amie Lacher, Lena Morris, Karla Neal, Kim Neal, Pynne Nickle, Sherry Parker, Jennifer Rankin, Elizabeth Roberts and Kerri Warr.

Upon arrival, they set up their five tents, doing all their own work. While in Flomot they made earth bead necklaces from clay which had the look of Indian beads. That afternoon they visited the Caprock Canyon Park.

They left Friday morning by 6:30 a.m. looking forward to a great trip. However, things do have a way of changing. Most of their plans were carried out but the trip back was a lot different. There were earaches, sore throats, sore feet, cut hands and most of all tired girls.

The reasons for the aches and pains -- sleet coming in on a 70 mile wind--rain and more rain

and mud over the shoe tops--water in tents--wet bed rolls and worst of all wet girls!! Then came the snow.

The girls were to have camped again at the Cloyds on the return trip but because of the illness, they thought it best to drive straight through to Center.

Social Security In Motley County

by Terry J. Clements

Do you hire someone to clean your house? Or watch your children until you get off work? Or care for your lawn?

If so, and you pay the person \$50 or more in cash in a 3-month calendar quarter, you must deduct social security taxes and report the wages. If you don't report, you may be subject to a penalty; and the individual can lose valuable social security protection.

Keep in mind that social security is much more than a retirement program that provides monthly checks as early as 62 and medicare at 65. It also pays monthly benefits to a worker and dependents if she or he becomes severely disabled before 65. And, certain dependents can get payments if the worker dies.

However, these benefits can be paid only if the worker has credit for a certain amount of work under social security. Also, some recent work credits are required for disability benefits. In addition, the amount of

monthly benefits is closely related to the amount of reported earnings.

If you and other employers do not report some or all of your employee's earnings, the person may have a short-term gain in more take-home pay. But later on, benefit may not be payable to the worker and dependents; or the amount may be greatly reduced. Therefore, he or she will lose in the long run.

If you employ someone in or around your home, call your Internal Revenue Service (IRS) office for reporting forms and instructions. IRS Form 942 (Employer's Quarterly Tax Return for Household Employees) is due a month after a quarter ends. For example, if you pay someone \$50 or more in the 3 months ending June 30, your report is due by July 31.

For 1985, deduct 7.05 percent from your employee's wages and pay an equal social security tax as your share. Include these taxes with your report.

If you have any questions you may contact us at 1401-B W. 5th Street in Plainview or call us at 293-9623.

TSTA & NEA Hire Lawyers To Review Competency Testing

The Texas State Teachers Association and the National Education Association announced that it has retained the services of three law firms to review portions of House Bill 72 as it relates to competency testing of practicing teachers.

Representing TSTA and NEA will be the Washington D. C. firm of Bredhoff and Kaiser and the Texas firms of Schwartz, Waterman, Fickman and Van Os of Houston and Austin and Daves and Hahn of Tyler. Karen Johnson, TSTA general counsel, will coordinate the efforts between the state and national firms and Bob Chanin, NEA

general counsel, will be the counsel-of-record.

TSTA President Becky Brooks said she anticipates suits to be filed this summer in both state and federal courts challenging the decertification provisions in the current law. Teachers are scheduled to be tested the week of March 10, 1986.

Brooks said that should the lawsuits fail to eliminate the testing or if a decision from the courts is not made in time, TSTA is preparing to offer free test preparation workshops to its members throughout the state. Approximately 250 trainers are being secured to conduct the workshops.

CARD OF THANKS

The Matador Senior Citizens want to thank the V.F.W. for the use of their building the last 4 years. A special thanks to all who helped get our new building started. Thanks also to Frances Hobbs and Lucretia Edward Campbell for doing so much for us. All the trips and hard work they have put forward is appreciated.

Ruth Baker, President
 Nora Belle Dunning, Sec.-Tres.

Well, now it is my turn to say thank you. I have sat here for nearly a year typing these notes of appreciation but not until these past few weeks did I realize the meaning of them.

Everything done for my family and myself during and after my hospitalization has been very much appreciated.

I enjoyed receiving every card you sent to me. It was just like Christmas. The flowers, phone calls and visits were all so nice. Above all, I want to thank those who took time to include me and my family in their prayers for without them, this situation would have been alot worse.

The food you have brought to our home since my return has made things so much easier for those who are having to care for me. Thank you for this.

My mother, Jo Ann Dickson, Mary Renfro and my Roy worked extra duty to get the paper out and I also publicly thank them.

You have heard this before but now you are going to hear it again...our EMTs are great. They were all so gentle, patient, professional and caring the night I fell and we really need to be proud of this fine group. They do a wonderful service for our community and we are fortunate to have them (including my Roy). After all, I was not an easy load to physically lift off the ground onto a stretcher and so forth.

I know this is a lengthy note but I guess that is one of the publishers' privileges.

Thank you everyone for everything!
