

'George Shot' Atom Blast Rocks The Las Vegas Area

LAS VEGAS, Nev. (AP)—An atomic tower explosion—second shot of the 1953 nuclear test series—jolted Las Vegas just before dawn today.

The "George Shot"—this was Washington's birthday—caused windows and awoken many persons not already up in this city of 50,000, which lies 75 miles southeast of the Atomic Energy Commission's test site.

There were no reports of damage.

Seventeen congressmen and 200 military observers watched the detonation of the nuclear device, set off from the top of a 300-foot tower on Yucca Flat at 5:45 a. m.

The orange flash was visible in Los Angeles 275 airline miles to the southwest.

Observers at the AEC control point, about 10 miles from the

blast, felt two distinct shocks as the sound wave rumbled around the low mountains circling the flat. Two shocks also were felt in Las Vegas.

Doors and windows shook at the police station and Southern Nevada Memorial Hospital, but there was no breakage as in the 1951 and 1952 tests here. Today's shot was the 33rd at Nevada test site.

The atomic cloud rose over 20,000 feet and an ice cap formed on top of the familiar mushroom.

Within a half hour winds began shearing the cloud and it was blown east and southeast in the general direction of St. George, Utah, and northern Arizona.

The Civil Aeronautics Authority warned all pilots planning flights within 300 miles of Grand Canyon Airport to check first with CAA.

Southern Utah and a large rectangular segment of Arizona were closed to aircraft from 15,000 to 26,000 feet much of the morning.

The congressmen viewed the test from News Nob, at least 8 miles from the tower. They were the first of three groups of legislators invited to witness tests during the new series.

The military observers were in trenches 4,000 yards from ground zero. No maneuvers were scheduled, however.

Forty planes including 24 F84s from the Tactical Air Command were engaged in aerial sorties during the test.

The AEC said 33 various experiments, including civil effects tests, were held in connection with the explosion. The nature of these was not immediately disclosed.

Chiang's Planes Keep Up Attack On Red Craft

By SPENCER MOOSA
TAIPEI, Formosa (AP)—Chiang Kai-shek's warplanes today attacked more than 200 armed motorized junks about 12 1/2 miles north of Nanchishan Island and renewed their attacks on the Red buildup base on the Taishans, the Nationalist air force reported.

It was not immediately clear whether the Communist craft were the same that earlier today raised fears that the Reds were about to launch their long-expected attack on Nanchishan.

The air force said its planes had destroyed one gunboat of about 700 tons and five armed motorized junks. It also claimed damage to two other warships of an unspecified type and "a considerable number" of junks.

A communist said two waves of Nationalist planes hammered the Taishan Islands, destroying "many" military installations.

It was the second series of raids on the Taishans during the day. Nationalist planes roared over in four predawn waves and the air force claimed at least two vessels sunk and hits or possible hits on other craft.

About noon today, official Nationalist reports said Communist war vessels were heading toward Nanchishan and Nationalist planes and warships were rushing to engage them.

But there was no attack on Nanchishan and no immediate clash between Nationalists and Reds.

Later reports said the Red convoy apparently had no immediate designs on Nanchishan, President Chiang Kai-shek's northernmost offshore outpost. It appeared the Red vessels diverted their course to maintain harbors. Official quarters said the Red maneuver might have been a training exercise.

The Defense Ministry flatly denied local press reports that Chiang's navy and air force had halted an "apparent invasion of Nanchishan when a Communist task force was turned back" about 10 miles off the island.

Nanchishan has been the northernmost outpost of Chiang's island chain off Red China since the Tachen evacuation. It is 120 miles north of Formosa, 20 miles off the mainland, and manned by about 5,000 Nationalist regulars and guerrillas.

There never has been any indication that the United States might consider it among the related positions and territories deemed essential to the defense of Formosa and the Pescadores.

Ike Calls For Approval Of Highway Program

Matusow On Stand

Wants Network For Atomic Emergency

By HERB ALTSCHULL
WASHINGTON (AP)—President Eisenhower, asking Congress to approve his 101-billion-dollar highway program, said today the country must have a road network permitting people to move out of target areas quickly in case of atomic attack.

In an 1,800-word special message, the President cited the danger of "deadly congestion" during atomic warfare as one of four reasons for "action, comprehensive and quick and forward-looking" for highway improvement.

He also said:

1. Better highways would save lives, reducing the annual toll of 36,000 killed and more than a million injured. Eisenhower said the economic loss from accidents is estimated at \$4,300,000,000 a year.
2. Poor roads add to the cost of operating vehicles over them—such as one-cent a mile per vehicle for a total yearly cost of 5 billion dollars. He said the higher road transportation costs are reflected in the cost of goods and are paid ultimately by the individual consumer.
3. The country is growing and, as population and national output increase, highway development and improvement must be increased. Unless this is done, Eisenhower said, "existing traffic jams only faintly foreshadow those of 10 years hence."

The Eisenhower program, as set out in the message, followed the general lines of a report drafted last month by an advisory committee headed by Gen. Lucius D. Clay.

However, the President passed over lightly two of the most highly controversial features of the report.

In advance for the submission of the message, Senate Democratic leaders had declared their opposition to a number of key features of the Clay report.

These included:

1. A plan for a 30-year bond issue to be financed by a federal highway corporation that would finance a planned 40,000 mile interstate highway network with a total interest cost of 11 1/2 billion dollars.
2. A plan to reimburse states for money spent on building toll roads that become part of the interstate network.

On the bond issue, Eisenhower said:

"I am inclined to the view that it is sounder to finance this program by special bond issues... rather than by an increase in general revenue obligations."

He said he thought these bonds should be paid off through "increasing revenues from present gas and diesel oil taxes, augmented in limited instances with tolls."

That was the President's only reference to toll roads.

Eisenhower also said: "A sound federal highway program, I believe, can and should stand on its own feet, with highway users providing the total dollars necessary for improvement and new construction."

Under the Eisenhower program, the federal government would pay about 31 1/2 billion dollars of the contemplated 101 billion of expenditures.

Eisenhower said he was forwarding to Congress the Clay report and that he would send along shortly a survey of highway needs now being completed by the bureau of public roads. These reports, he said, "provide a solid foundation for a sound program."

Eisenhower noted that the Clay committee had recommended that the federal government continue giving aid to primary and secondary road systems on a 50-50 matching basis with the states at the level called for in highway legislation enacted by Congress last year.

Reward Offer Made Issue In Alabama Trial

By REX THOMAS
And LEROY SIMS
BIRMINGHAM, Ala. (AP)—State's attorneys waited for a trial judge to decide today whether they can produce new testimony to bolster a witness story that Albert Fuller fled the scene of A. L. Patterson's murder.

Circuit Judge J. Russell McElroy promised a decision today, the seventh day of Fuller's trial for killing the Alabama attorney general nominee.

The prosecution sought to show that the state's key witness, cab driver James R. Taylor, of Columbus, Ga., didn't wait until a \$10,000 reward had been posted before volunteering his story. Taylor said he saw Fuller speed away in a waiting car shortly after Patterson was slain at Phenix City last June 18.

Rather, the state promised to prove, if given a chance, that Taylor radioed his cab company office a short time after the shooting that "Albert Fuller did it."

Defense attorneys tried to bring out that the witness said nothing until after the reward had been offered by the state. They said testimony about the radio message to the cab company was inadmissible as evidence.

Fuller, former chief deputy sheriff at Phenix City, is one of three defendants charged with Patterson's murder.

Still awaiting trial are Arch Ferrell, prosecuting attorney at Phenix City during the reign of vice, and former Atty. Gen. Si Garrett, whom Patterson would have succeeded in office.

Deason tried to bring testimony from a former Phenix City policeman that Ferrell threatened him for "messing around" in the murder investigation.

Judge McElroy blocked that line of questioning, however, until the state shows a connection between Ferrell and the man on trial.

Matusow Offered Aid Against McCarthy

By G. MILTON KELLY
WASHINGTON (AP)—Harvey Matusow, self-proclaimed ex-Communist who says he was a paid liar against some Democratic candidates in last year's congressional elections, swore today he also offered to provide candidates with "material that would expose the lies of McCarthyism."

Testifying before the Senate Internal Security subcommittee, Matusow did not immediately say whether any candidate accepted his offer to furnish such material "without compensation."

He said he had telephoned Jack Anderson, a reporter for columnist Drew Pearson, in March, 1954 telling him of the offer because he thought Anderson "might know who might be attacked" in the campaign by Sen. McCarthy (R-Wis.).

He said he had hoped Anderson would pass on the information to candidates. Presumably it would have been of interest chiefly to Democrats. McCarthy supported all GOP candidates last year except Clifford Case who won election to the Senate from New Jersey.

Matusow, who testified yesterday that he had "lied for money" as a witness against hundreds of persons, is being questioned by the subcommittee in its efforts to show where the truth is in many conflicting stories Matusow has told.

In this second day of his testimony at the public hearing, Matusow stuck to testimony he gave yesterday to the effect that Miss Elizabeth Bentley, a confessed former Communist, had told him she also lied as a government witness against accused Reds.

The Senate Internal Security subcommittee heard three hours of testimony by Matusow yesterday. Chairman Eastland (D-Miss) later told reporters he thinks the subcommittee is tackling something "deeper seated than just this witness."

"I think he's part of a plan—part of a shrewd scheme to get some folks who have been convicted out of trouble," Eastland said. He said that "of course" he meant 13 second-rank Communist leaders convicted of conspiracy.

On the basis of Matusow's sworn statements that he lied at the trial of the 13, their attorneys are appealing for a new trial.

Famed Circus Man Dies In Florida

SARASOTA, Fla. (AP)—Fred Bradna, 83, known throughout the show world as "Mr. Circus," with Barnum and Bailey for 11 years, and equestrian director for Ringling Bros. and Barnum and Bailey for 31 years before his retirement in 1945. Born Frederick Ferber in Strasburg, Alsace. Died yesterday.

'HUNDREDS TO COME' First Indictments Returned On State Vets' Land Deals

SAN ANTONIO (AP)—The first of what Atty. Gen. John Ben Shepperd says will be "hundreds" of indictments were returned in Bexar County yesterday in connection with the state's 100-million-dollar veterans land program.

Two San Antonio men were indicted on 29 counts in connection with the program which has been under investigation by several state agencies for about four months.

Shepperd said the two men indicted were C. V. Wynn and Harry Shepperd Jr. and said their indictments were "the first of several hundred we hope to secure."

Wynn, Shepperd said, is the president of the W. & M. Cattle Co. of San Antonio. The attorney general named Harry Shepperd Jr. as former secretary of the same firm.

Shepperd said Wynn was indicted nine times for forgery and passing and 10 times for making a forged instrument. The former secretary, he said, was indicted 10 times for false acknowledgment of papers sent to the state veterans land board.

The attorney general, who vowed last week at College Station that there would be no "white wash" of the veterans land investigations, added that there were a "number" of criminal indictments still to be returned in connection with land bought in Bexar County under the veterans program.

The names of the two men indicted yesterday were given by Shepperd to a San Antonio Express reporter after the indictments were presented to Dist. Judge M. D. (Buck) Jones in open court. Judge Jones said the court would not announce the names until the men named were in custody.

The attorney general said he would appear before the Bexar County Grand Jury again this week and that within "the next few weeks" either he or his assistants will present criminal violation evidence to grand juries in other counties.

He named specifically Uvalde, Zavala, Kleberg, Guadalupe, Kinney and Maverick counties.

Wynn and Mrs. Arthur McKenzie, wife of Wynn's partner in the cattle business, refused to answer grand jury questions yesterday. Later when the questions were repeated in open court, Judge Jones upheld their refusal on grounds their answers possibly could incriminate them.

Mrs. McKenzie was identified as an employee in her husband's office.

McKenzie, nine Bexar County war veterans and Glen O. Hummel, San Antonio motorcycle policeman currently secretary of the cattle company, also were subpoenaed by the grand jury yesterday.

The attorney general said that Harry Shepperd was "believed to be somewhere in Florida."

Two weeks ago the attorney general filed a civil suit in Austin seeking recovery of slightly less than \$150,000 for land purchased in Maverick County. The suit named four so-called "promoters" and 22 Bexar County war veterans as defendants. The promoters were identified as C. V. Wynn, Eloise Wynn, H. S. Lehman and Minnie Lehman, all of San Antonio.

S'East Asia Parley Opens

By OLEN CLEMENTS
BANGKOK (AP)—Delegates assembling today for the Southeast Asia Treaty conference centered their attention on two main topics—setting up a joint military force for Southeast Asia and economic help for countries threatened by Communist infiltration.

Both projects took on urgent meaning with reports of Communist activities in Laos and in Red China's Yunnan province, both just outside Thailand, the host country.

The conference of eight nations opens tomorrow. Represented are the United States, Britain, France, Australia, New Zealand and the Philippines, Pakistan and Thailand.

None of the delegates already on hand would discuss their plans publicly. They conferred country by country today.

U.S. Secretary of State Dulles arrived shortly after noon from Manila.

"Our purpose here is peace and freedom and I am confident that we shall find ways to make that purpose one that will prevail," he said in a statement.

Noting that he had arrived on Washington's Birthday, he said Washington "laid down principles which he hoped would enable us to preserve our freedom and, by conduct and example, help others also to be free. We have tried to live up to those ideals and, indeed, that is why we are here today."

Philippine, Australian, New Zealand and Thai delegations went to Bangkok Airport, along with Thai Premier Pibulsonggram, to meet Dulles.

Pibulsonggram said the projected military organization for Southeast Asia probably would be delegated to a committee of military men.

The slight, graying field marshal told newsmen that Thai dissidents in Red China have built up an army of 20,000 men in China's Yunnan province and would attack if the Communists decide to invade Thailand. He said his country would need help if invaded.

Secretary of State Dulles said before his plane left Manila that the time was ripe for "plain speaking" to prevent "a reckless Communist miscalculation which could endanger the lives of many."

Civil Rights May Affect Federal Aid To Schools

WASHINGTON (AP)—A possible civil rights fight threatened today to set up an obstacle to federal school aid legislation.

Sen. McNamara (D-Mich) said an amendment to ban federal aid to states which segregate white and Negro school children "is the instrument which could defeat the bill."

In separate interviews, McNamara and Sen. Douglas (D-Ill) threw their support to the billion-dollar, two-year federal grants-in-aid program sponsored by Sen. Hill (D-Ala), chairman of the labor committee which is considering school aid proposals. McNamara and Douglas are members.

President Eisenhower's own school aid bill carries only 200 million dollars in direct aid to the states, over a three-year period. Hill predicted a majority of his committee will vote to scuttle the administration program.

Neither measure contains any provision for school construction.

Supreme Court's decision outlawing school segregation.

Yesterday Clarence Mitchell, representing the National Association for the Advancement of Colored People, told the committee he sees "a very serious possibility that the bill (the administration measure) in its present form would open the door for numerous attempts to continue racial segregation in the public schools."

Mitchell asked a "two-tisted fight" by the committee to take a non-segregation provision onto any school aid bill it recommends to the Senate.

3-Year-Term In DWI Case

Robert Watson was found guilty of second offense, driving while intoxicated charges Monday in 118th District Court. He was sentenced to three years in the state penitentiary.

Watson was charged with committing the second offense on Aug. 15, 1954 and the first offense, July 23, 1953.

The 32-man jury found Watson guilty and assessed the penitentiary sentence. As Watson had been previously convicted of a felony, he was not eligible for a suspended sentence.

The jurors returning the verdict were Hershel Mathies, Malcolm Patterson, Paul Adams, Johnnie Griffin, Bernard Lamun, B. A. Cramer, E. G. Rainey Jr., J. L. Baugh, Cecil Allred, Jack Irons, Bernie Coughlin, and Ben Hartley.

Witnesses for the state were County Judge R. H. Weaver, police officer J. C. Walton, investigator Bobby West, and Jessie Banks. The defense witnesses were Jessie Kelley and the defendant, B. A. Cramer, state witness Jessie Banks aided the defendant. Banks testified that Watson was not intoxicated on the night of the offense. When asked if he had previously said the opposite, he stated he didn't remember. Bobby West testified that Banks had said that Watson was intoxicated the night of the offense, in earlier interrogation.

Edgar Faure Gets Go-Ahead Sign For French Cabinet

PARIS (AP)—The Radical Socialist party today gave Edgar Faure final approval to go ahead with trying to form a new French government to end the nation's 18-day crisis.

The approval of the party, of which Faure is a member, had been expected. But it was a necessary formality before the former premier could get down to details of picking his ministers.

Faure immediately announced that he will go before the National Assembly tomorrow to ask for approval.

Markets Closed

NEW YORK (AP)—Financial and commodity markets throughout the United States were closed today in observance of Washington's birthday.

N. Y. Attorney Elected As New Cosden Director

Acceptance of William H. Hayes, New York City attorney, as a director of Cosden Petroleum Corporation was announced Tuesday.

Hayes, who offices at 20 Pine Street in New York, was elected to the board at a called meeting Feb. 17 to succeed the late James L. Carey, R. L. Tollett, Cosden president, said Tuesday morning that Hayes had advised him he would serve.

Hayes is a member of the law firm of Gasser & Hayes, and he is a specialist in income tax and corporate law. In addition, he is an officer or director in a dozen other concerns.

He is president and director of the George Vanderbilt Productions Corporation, the only inactive corporation with which he is associated. He also is president and director of the Anthony Home; senior vice president and director of the Dominguez Oil Fields Company; director and member of the executive committee of the Maryland Glass Corporation; director of the Emerson Drug Company of Baltimore; assistant secretary of the Northumberland Trust Company, director and assistant secretary of the Charlotte-Town Trust Company.

Director of the Bromo-Seltzer Limited; director of the Forbes Corporation, Ltd.; director of the United Debenture Investment Corporation 1936; director of the Xavier Society for the Blind; director of the Capital Investment Corporation of Montreal, Ltd.

KENNELLY FACES TEST Chicago Voting On Party Leadership

By RUSSELL LANE
CHICAGO (AP)—A spirited struggle for Chicago's Democratic party leadership went to the voters today.

The balloting in the city's municipal primary will determine whether Mayor Martin H. Kennelly or the 50-member board of Democratic ward committeemen holds the real power of the party in Chicago.

The election will decide which candidates will represent both Democratic and Republican parties in the April 5 election for mayor, city clerk and city treasurer. It will also select most, and perhaps all, members of the 50-man City Council.

Spotlighted is the contest of Mayor Kennelly, Cook County Clerk Richard J. Daley, Atty. Benjamin S. Adamowski and factory owner Clarence R. Balek for the Democratic mayoral nomination.

The major contestants are Kennelly, seeking his third four-year term, and Daley, champion of the thumping ward committeemen's majority of 48. Kennelly has two in his camp.

Daley, 52, as chairman of the Cook County Democratic Central Committee, is the de facto leader of the Chicago party organization.

It was the ward committeemen, whose roster is studded with names of veteran machine leaders such as Joseph Gill, Al Horan, Bill Connors, Barney Hodes and Tom Keane, who drafted Kennelly as their candidate in 1947, backed him again in 1951, and then dumped him this year because they did not consider him an organization asset.

The 67-year-old Kennelly met the

Legislature Delays Water Law Action

AUSTIN (AP)—Legislative action was put off in both House and Senate again today on measures aimed at helping to finance crucial water conservation projects for drought-ridden Texas communities.

House consideration of a proposed constitutional amendment to authorize up to 200-million dollars in state bonds for water projects was delayed for a week.

Rep. Harold Parish of Taft, author of the resolution, suggested the postponement to give members time to study an explanation of how his financing proposal would work.

Panhandle Due Snow

The Associated Press
Warmer weather was on the way Tuesday for most of Texas but snow was in the offing for the high Panhandle.

Another cold wave set to grip Colorado was expected to send a northerly racing for the Texas Panhandle-Plains region by Wednesday night.

Weather observers thought it too early to predict how far south the new onslaught of cold would move.

Meanwhile, the state warmed up Tuesday after another overnight freeze for most of the area north of Waco. There had been no precipitation since midnight Monday and none was expected before the snow started falling Wednesday night on the Panhandle communities.

Pre-dawn temperatures in Texas Tuesday ranged from 19 at Amarillo, Dalhart and Lubbock to 48 at Brownsville. In between, Waco reported 31 degrees, Dallas 25, Fort Worth 29, Texarkana 26, and Lublin 23.

JUST TAKING A LITTLE SNOOZE

CORPUS CHRISTI (AP)—A telephone operator here was alarmed when she heard an unusual sound in her receiver but could get no answer.

Police were dispatched to the address. Unable to open the door, they removed it from its hinges and entered.

Inside was a woman, obviously intoxicated. She had gone to sleep with her telephone receiver in her hand and apparently had started snoring.

Edgar Faure Gets Go-Ahead Sign For French Cabinet

PARIS (AP)—The Radical Socialist party today gave Edgar Faure final approval to go ahead with trying to form a new French government to end the nation's 18-day crisis.

The approval of the party, of which Faure is a member, had been expected. But it was a necessary formality before the former premier could get down to details of picking his ministers.

Faure immediately announced that he will go before the National Assembly tomorrow to ask for approval.

Bandit Polite As He Robs Pharmacy

ADA, Okla. (AP)—A bandit robbed a pharmacy of \$50 last night with a touch of politeness.

He locked the front door after entering, flashed a gun at clerk Beverly Mahan and scooped up the money. He calmly opened the door for a little girl who wanted to enter and joined her at the fountain for a soda.

He finished his drink, handed the clerk a nickel and walked out undisturbed.

Would Hike Licenses

AUSTIN (AP)—A Senate bill to raise the cost of a driver's license from 50 cents to \$1 per year is set for public hearing for March 7 before the State Affairs Committee.

By Sen. A. M. Aikin Jr. of Paris, the measure seeks the additional revenue for hiring more highway patrolmen.

'Twas Nothing But Lovers' Quarrel

HOLLYWOOD — Jack Webb says he expects his bride back to-day after what he acknowledged was "just a lover's quarrel—nothing to it."

Webb and the former Dorothy Towne were married a month ago. The television actor commented yesterday: "The change did us both good. I was working long long hours and we got to snapping at each other." He said Mrs. Webb went to Arizona a week ago and then to Mexico City but they patched up the rift by long-distance telephone.

About one third of the United States is arid or semiarid.

Lost 60 Pounds With Barcontrate

Mrs. Emma Ingram, 2901 Baltimore Street, Wichita Falls, Texas, writes us as follows:

"I have lost 60 pounds taking Barcontrate and I certainly feel much better; more active, my health good." Mrs. H. K. Owen, 327 River Drive, Amarillo, Texas, states: "I lost 11 pounds taking Barcontrate and I feel much better. It has entirely relieved me of indigestion and gas pains."

If the very first bottle doesn't show you the way to take off ugly fat, return the empty bottle for your money back. At all Texas druggists.

Washington Statue Unveiled

The Statue of George Washington was unveiled and dedicated on the University of Texas campus, by the Texas Society, Daughters of the American Revolution, Texas is a land of many oddities, one of which is that no place on Texas soil, until now, has there been a statue of George Washington. The heroic bronze statue, the work of famed sculptor Pompeo Coppini of San Antonio, stands on an especially constructed base on the south mall of the campus. (AP Photo).

GOP Leader Predicts Defeat For Personal Income Tax Cut

By CHARLES F. BARRETT
WASHINGTON (AP)—Rep. Halleck (R-Ind) said today he "certainly" would advise President Eisenhower to veto any tax bill including a Democratic plan for a \$20-a-person income tax cut next Jan. 1.

Halleck, assistant House Republican leader, predicted, however, Republicans would defeat the tax-cutting proposal in a House floor scrap now set for Thursday.

Democratic sponsors of the move and some other key Republicans differed. They said they saw little chance that House members, after voting earlier for a \$10,000-a-year pay hike for themselves, would kill a tax cut affecting every taxpayer.

Whatever happens in the House, trouble loomed in the Senate for any tax cut move. Chairman Byrd (D-Va) of the Finance Committee renewed his opposition to tax reductions until the budget is balanced. Sen. George (D-Ga), senior member of the committee, termed the House move "unwise and unfortunate."

The House Ways and Means Committee voted 15-10 late yesterday to wrap the \$20 tax cut into an administration bill. This measure would postpone for another year almost three billion dollars worth of tax reductions scheduled for April 1 in corporation income and excise taxes.

Halleck said in an interview that if Republicans cannot knock out the income tax cut, then they would oppose the entire bill. He said responsibility for killing the corporation and excise tax extensions—if the bill is defeated or ve-

toed—would rest with Democrats. The Democratic proposal would give a \$20 tax cut to each taxpayer and each dependent, chop-

Workers Accept Adjustment To Keep Plant Going

YONKERS, N.Y. (AP)—Workers at the Otis Elevator Co. have voted to accept revised work standards, seniority changes and bonus eliminations to keep the company's 100-year-old plant here. They are members of the CIO International Union of Electrical Workers. Company President L. A. Petersen said last month if costs weren't reduced the firm would have to shift the plant to the Midwest.

Before the adoption of standard time in the United States in 1883 there were 27 different times in Michigan, 38 in Wisconsin, 27 in Illinois and 23 in Indiana.

Police Force Tripled To Check Mardi Gras Rioting

NEW ORLEANS (AP)—Reveling thousands and a tripled police cordon greeted Mardi Gras in a down-pour today, watching expectantly for the big parades and uneasily for further rioting.

Mardi Gras, a special kingdom of frivolity and masquerading, is ruled by three madcap kings in Rex, Lord of Misrule and King of Carnival: Comus, God of Gaiety and oldest of the Mardi Gras monarchs; and Zulu, happy-go-lucky King of the Negroes.

Each parade through fun-bent throngs on the day when things can get out of hand if the thou-

sands aren't kept under control. Merry-makers and police became embroiled Sunday night in what was described as one of the worst riots in Mardi Gras history.

To prevent further disturbances in the French Quarter, the famed night club district, Police Supt. Joseph Scheuering tripled the usual Mardi Gras detail, ordering every uniformed man on duty and pulling in most plainclothesmen from out-lying districts.

Despite the threat of parades being rained out, carnival fever was at the boiling point.

Hotels and rooming houses were filled to overflowing, restaurants had long lines outside, and bars and taverns removed their tables to make room for more drinkers.

People young and old wore masks. Lamp posts in the business district were painted with leering clowns, faces in the traditional Mardi Gras colors of green, gold and purple.

By city ordinance, masking ends at sundown, a throwback to the troubled days of Reconstruction. Mardi Gras itself ends at midnight, when Comus and his court pay a visit to the Rex ball and toast his health with a golden goblet of champagne.

Police reported relative calm returned to the French Quarter last night, although thousands braved the rain and jammed the narrow streets.

Heavy Water Plant For New Zealand

LONDON (AP)—Britain and New Zealand have joined forces to produce heavy water and electric power at the Wairakei hot springs on New Zealand's north island.

The United Kingdom Atomic Energy Authority announced yesterday formation of a company to carry out the \$5,600,000 project.

Heavy water is used at some atomic power plants to control the reaction.

Listen! They're talking about the new 1955 Mercury—

1. "Sure is big this year. And what a beautiful color."
2. "That new Montclair is certainly low and racy looking."
3. "I hear it's only 58 1/4 inches high."
4. "198 horsepower! And dual exhausts!"
5. "Look at those hooded head lamps."
6. "I've never seen a better-looking wrap-around windshield."
7. "Lots more models this year. And 3 series."
8. "188 horsepower even in the lowest-cost Custom."
9. "Let's go in and get a closer look."

Here's the most talked-about Mercury in history. And with good reason. It's the most advanced car ever offered at anywhere near the price.

The 1955 Mercury is totally new in styling, size, and power. Longer, lower, bigger. Roomier inside. And with up to 198 horsepower under the hood. You have your choice of 10 models in 3 series including the entirely new Mercury Montclair.

All 1955 Mercurys are powered by new super-compression SUPER-TORQUE V-8 engines—198 horsepower in the Montclair; 188 horsepower in the Monterey and Custom. And both the Montclair and Monterey have dual-exhaust systems—the only cars in their price class that offer this super power and economy feature at no extra cost. All models have new Full-Scope

windshields and the latest in ball-joint suspension. We invite you to stop in and see the 1955 Mercurys firsthand. And be sure to go for a road test. We want you to feel Mercury's new super pickup at every speed—particularly in the normal ranges where you do most of your driving. It's the biggest performance news in 1955. Just try a new Mercury. You'll be talking too.

A Bible Thought For Today

Peter therefore was kept in prison; but prayer was made without ceasing of the church unto God for him. (Acts 12:5)

Editorial

Nationalist Victory Could Help

The biggest naval victory in China's civil war is claimed by the Nationalist government on Formosa, in which it claimed several Communist ships and a submarine were sent to the bottom to the northwest of Formosa.

attack on Matsui, or to flanking Nanchuan, the Nationalists' northernmost outpost. In the third place the victory was a tremendous shot in the arm for Chiang's forces on Formosa, who have had little to cheer about in recent developments.

Demos Back Ike On Trade Issue

President Eisenhower scored his greatest victory to date in the 84th Congress with House passage of a three-year extension of the reciprocal trade bill. The margin was substantial, 295 to 110.

will be hurt, but will be helped through the general prosperity it will foster." Effort of protectionists to kill the bill by recommending to committee was beaten narrowly, 206 to 199.

George Sokolsky

Washington Clung To Idea Of Freedom

The men who formed this nation were extraordinarily well-read, experienced and wise. It is a curiosity in history that during and after a revolution, so much talent should have been joined in such bodies as the committee that prepared the Declaration of Independence or the assembly that wrote the Constitution of the United States.

1783, the Revolutionary War having been won, Washington set forth four fundamentals for the establishment of a successful America: "There are four things, which I humbly conceive, are essential to the well being, I may even venture to say, to the existence of the United States as an independent power:

Her Teeth Sparkle

When Lola Albright smiles she shows one of the prettiest sets of teeth in town. But here she looks a bit serious. Lola tells Lydia Lane how she keeps her teeth sparkling as they chat at Allied Artists studio on the set of "Treasure of Ruby Hills."

HOLLYWOOD BEAUTY

She Believes In Giving Teeth A Real Scrubbing

By LYDIA LANE

HOLLYWOOD — Lola Albright (Mrs. Jack Carson in private life) originally came to Hollywood because photographer Paul Hesse used her as a model and told the studios they were missing a bet in not bringing her out here.

"And I've enjoyed every minute of this California way of life," Lola told me as we chatted on the set of "Treasure of Ruby Hills." "But," she added, "I find the dry air and sunshine make my skin feel dehydrated. It's a constant struggle to keep my skin fresh looking and moist, especially since I am allergic to so many cosmetics. Until I discovered this, I used to wonder why I had so much trouble with my complexion. When someone you know uses a preparation and likes it, you are naturally inclined to try it. Now I limit my cosmetics to a line which eliminates all the ingredients that aggravate allergies and I have no trouble with my complexion," Lola said with a big smile.

When I complimented her on her sparkling white teeth she told me, "I am a tooth-scrubber from way back. I always carry a 'tote' brush

in my bag—one that folds and fits into my purse. "Teeth are a tremendous asset when they are clean and white and I think it's worth a little trouble to keep them gleaming. I'm sure I have at least a dozen tooth brushes at home. My dentist recommends one with six tufts on the end for getting at your back teeth."

I wanted to know what other kind she used. "The others are just plain natural bristle brushes," she said, "I keep a number on hand because I don't like to use a brush unless it's thoroughly dry. I also believe in switching around on tooth powders and using plenty of dental floss."

I asked Lola if she liked to use a mouth wash. "Oh, yes," she replied, nodding her head for emphasis. "Especially a violet scented one. It's a safe and pleasant little touch because we never know when our breath is not as fresh as it should be. "Physical beauty is not something we can control," Lola said as she was called back to the camera, "but charm is. And I can't think of a better way to cultivate charm than with a friendly smile which shows off really clean, bright teeth."

Local students named to the midsemester honor roll at Texas Tech include Nina Fryar, freshman; Carl A. Preston, junior; Barbara Smith, junior; and Sue S. Willbanks, junior.

Presbyterian Women Have Meetings

"At the Breaking Point" was the subject of the study for the Women of the First Presbyterian Church when they met at the church Monday afternoon.

Mrs. Elvis McCrary, who was in charge of the program, introduced a skit given by Mrs. Lucian Jones and Mrs. Gage Lloyd. Following this, Mrs. McCrary discussed "Unhealthy Tension." Mrs. Noble Kennemur talked on "Tension from External Causes" and Mrs. George Nell told of "Tension from Internal Causes."

Mrs. McCrary concluded the program with a talk on "Christ and Tension," and she gave the closing prayer. Hostesses were Mrs. F. H. Talbot and Mrs. T. T. Boatler. Eighteen attended the meeting.

Preceding the afternoon meeting, the members of the Elizabeth McDowell Sunday School Class of the First Presbyterian Church held their regular luncheon. Dr. Gage Lloyd gave the invocation for the 11 attending. One guest, Mrs. Noble Glenn, was present.

Margaret Jo Cook Has Birthday Party

GARDEN CITY — Mrs. Jack Cook entertained her daughter, Margaret Jo, with a party on her tenth birthday. Guests brought white elephant gifts to exchange. Jacks and balls were favors.

Attending were Carol and Paul Hardy, Karla Watkins, Carolyn Wilson, Barbara Ann Cook, Sue Parker, Linda and Brenda Clements, Jenny Lynn Bryans, Gail McDaniel and Bill Cook.

Cub Pack No. 13 Sets Blue-Gold Banquet

Blue and Gold banquet of Cub Pack No. 13 has been set for Friday at 7 p.m. in the St. Mary's Episcopal Parish House.

Bennett Brooke, Cubmaster, said that all members and their parents were being urged to attend the affair. Speaker for the occasion will be Dan Krausse.

Airport P-TA

At a recent meeting of the Airport P-TA, Mrs. Buster Weaver and Mrs. C. B. Baty were appointed on a committee to promote the buying of playground equipment for the school. They are asking any member interested in working on this committee to call Mrs. Weaver at 4-8549 or Mrs. Baty at 4-8214.

Ruth Evans Circle

Members of the Ruth Evans Circle of St. Paul Presbyterian Church met Monday afternoon in the home of Mrs. D. T. Evans, with Mrs. Dock Cook as the speaker. Mrs. Evans gave the devotion and Mrs. Bob Heine gave the Bible Study. The subject for the afternoon was "Missionary Work in Formosa." Refreshments were served to five.

Practice Session

Janet Sue Rowe and Carl Lynn Giles of the Third Grade and Joan Durham and Cecil Adcock of the Sixth Grade in Washington Place School have a preview of their duties as hosts and hostesses for the George Washington Tea to be given this afternoon at the school for their parents.

Washington Tea Is Given By Students

Representatives of the student council of Washington Place Elementary School will be hosts this afternoon for their parents at a Washington Tea, George and Martha Washington costumes will be worn.

The students, under the guidance of faculty advisers have decorated the entertaining rooms, the tea table, planned the refreshments and, to a certain extent, prepared them.

The tea is a preview for Texas Education Week, which will start the first week in March. Classrooms will be open and they are decorated in a February theme. Students will receive in each of the rooms and guides will be used to direct guests.

In the auditorium, where the social hour is to be held, a theme of George Washington's birthday will be used, with the table decorated appropriately. Those serving will be Cecil Adcock, Susan Bean, Jerry and Robert Isbell, Jerry Dunlap, Joan Durham, Rusty Gaddy, Patsy Grant, Linda Kay Bell, Katy Beth Morgan, Bobby Meiers, Richard Nell, Dianne Kalshead, Amy Mc-

Mrs. Fausel Made Church Delegate

Mrs. E. B. Fausel was elected delegate to the convention of United Church Women when members of St. Mary's Episcopal met Monday afternoon at the Parish House. The convention will be held in Waco on Feb. 28 and March 1.

The devotion Monday afternoon was given by Mrs. Bill Boyd and consisted of a Scripture reading, meditation and prayers. Mrs. T. C. Thomas read an article on "The Work of the Episcopal Church in the Philippines and Cuba."

During the business session reports from all committees were heard. Eight attended the meeting.

A 'Bunny Wedding'

Little girls adore this bunny bride and groom made of pale tan cotton flannel. Bride is 15 inches tall, has gown of white organza with flowered petticoat, groom sports a plique waistcoat with three diamond buttons, blue felt coat. All cutting pieces, assembling, stuffing, sewing instructions in pattern.

Send 25 cents for PATTERN No. 190. YOUR NAME, ADDRESS, PATTERN NUMBER to CAROL CURTIS, Big Spring Herald, Box 229, Madison Square Station, New York 10, N. Y. THE NEEDLEWORK GUIDE, 36 pages, 150 designs for knitting, crochet, embroidery, hairpin lace, dozens of beautiful color transfers. Order as you do needlework patterns. Only 25 cents.

Webb Q Class Wives Honored At Tea

All wives of student officers in Class 55-Q at Webb Air Force Base were to be honored this afternoon at a tea in the home of Mrs. William Gentry, 213 Jefferson. Co-hostesses were Mrs. George Gideon, Mrs. Marlin Fairborne and Mrs. William Berkman. The centerpiece, following a George Washington's birthday theme, was of white pompoms, dried carnations and blue hatches.

Methodists Meet In Two Groups

Members of the Wesley Methodist Church WSCS met Monday afternoon at the church and in the home of Mrs. Wayne Parmenter. Both groups had a yearbook program.

Those meeting with Mrs. Parmenter were the Lila Baird and the Edith Martin Circles. Mrs. Parmenter gave the opening prayer, which she followed with a devotion from Matthew.

Mrs. W. D. Lovelace, Mrs. Tommy Lovelace and Mrs. J. W. Bryant assisted with the program. Mrs. Lloyd Montgomery gave the closing prayer. Refreshments were served to eight.

Meeting at the church was the Martha Foster Circle. Mrs. Marshall Day was the leader of the program, with Mrs. Bill Spier and Mrs. Raymond Hamby assisting. Mrs. Clifford Hale gave the opening prayer, and Mrs. Day offered the closing prayer.

During the business session, the group chose as their project the furnishing of the nursery in the education building when it is completed. Eight attended this meeting.

President Crowns Ranch Week Royalty

LaRue Casey was crowned Ranch Queen and Dickie Milam Ranch Foreman by Glenn Rogers, student body president, in High School Ranch Week festivities Monday.

Rogers also deputized Sonny Choate as sheriff and the following as deputies: Glen Hancock, Joe Liberty, Frosty Robison, Jerry Barron, Paul Limer, Mike Musgrove, Ronnie King, Jerry Graves, Johnny Janak, Richard Pachall, Pat McKinney.

Scotts Have Son

Mr. and Mrs. Jerry Scott of Bishop, are announcing the birth of a son, Bradley Jerry, on Feb. 17, weighing 7 pounds 5 ounces. The mother is the former Maxie Dee Younger, daughter of Mr. and Mrs. W. B. Younger, 1414 Eleventh Place. Herman Scott of Luther is the paternal grandfather.

Carpenters Celebrate Anniversary

White sanddragons with silver leaves carried out the silver wedding anniversary theme for the table at a reception for Mr. and Mrs. Joe S. Carpenter Sunday at their home.

The table, laid with white satin, was trimmed with net scalloped around the top. Each scallop was caught with a silver bow and a spray of flowers. The cake was decorated in silver and white and the table appointed in crystal and silver.

The Carpenters were assisted in receiving guests by their daughter and son-in-law, Mr. and Mrs. Ray Fortson; a son, Eugene, and another daughter, Virginia Lee.

Included in the houseparty were Mrs. Harold Sligar, Mrs. Carpenter's sister from Goldsmith; Mrs. Dalton Mitchell, Mr. Carpenter's sister; Mrs. Henry Carpenter, his sister-in-law; Mrs. J. H. Eastham, Mrs. Dewey Young, Mrs. O. C. Moore, Mrs. Horace Reagan and Mrs. Boone Horne. An arrangement of white and

red gladioli was placed on the mantle. Other floral decorations were potted plants, baskets of white sanddragons and an arrangement of orchid colored sanddragons with silver leaves. About 100 called.

Darlene Sneed, a former Big Spring resident, has pledged Delta Delta Delta, national Panhellenic sorority at Texas Tech. Miss Sneed's parents are Mr. and Mrs. F. L. Sneed of Seminole.

NOTES FROM AUSTIN Texas Cities Want Money From State

AUSTIN — Rep. Truitt Latimer of Abilene is sponsoring a bill giving more choice in the matter of coverage of member cities under the Texas Municipal Retirement System. It is the companion to a

Fredericksburg Lad Exhibitor Of Top Calf

Grand champion steer of the San Antonio Livestock Show was exhibited by Dan Wade Crenweige, 7, who was too young to enter his 815-pound Hereford in the boy's division.

Instead, he got in the open class, won it, and then went on to take the top prize of the show. The Fredericksburg lad's stocky calf, named after his grandfather, will go on auction Friday. Last year the champion, shown by Sue White of Big Spring, brought \$12,750.

This development sent hopes of a reserve championship for another Big Spring steer glimmering. Lile Lewter, son of County Agent and Mrs. Durward Lewter, had won the reserve championship of the junior division and was accounted a good shot for second place in the show. When Hitts Danny copped the title as a sort of darkhorse, this pushed the 970-pound junior show champion Hereford shown by Mark Campbell, 19, Ballinger, back to reserve champion of the show.

In the open class judging on Monday Lloyd Robinson, Big Spring, had the fifth place steer in the lightweight division. Anne White, Big Spring, had 10th place in the same class. The top prize of the bill introduced in the Senate by

Britain Changing Warfare To Meet H-Bomb Program

LONDON — Britain today announced plans to revolutionize her navy and even her sea battle tactics to conform with the age of atomic and hydrogen bombs.

The navy's striking force of the future will be organized around fast carriers and guided missile ships of great fire power.

In introducing navy estimates for the fiscal year beginning April 1, J. P. L. Thomas, the first lord of the admiralty, predicted "changes in certain types of naval warfare comparable to that once brought about by the introduction of the dreadnought" early in this century.

10-Day Jail Term Levied In DWI Conviction Here Today

Ray H. Lindsey, pipe line worker from Shreveport, La., was sentenced to 10 days in the county jail and was assessed a fine of \$100 when he was found guilty in county court this morning on charges of driving while intoxicated.

Judge R. H. Weaver entered the judgment after hearing testimony in the case. Lindsey had refused to enter a plea to the charges. He was given credit for three days already spent in jail here.

Lindsey and L. P. Guerrero were arrested by city officers Sunday afternoon in the 100 block of East Third Street after their car was involved in a collision with two other vehicles.

A plea of not guilty was entered this morning for Lee Barrera, who is charged with aggravated assault. Judge Weaver refused to enter a plea for Daniel Robertson, who said he wished to plead guilty to DWI charges although he thinks he is innocent. The judge said testimony in the case will be heard before a plea is accepted.

Barrera was charged with assaulting Portiro Franco at the Gomez Cafe No. 3 last night. Bond of \$500 was set. Franco suffered a cut near his right eye, but was dismissed from a hospital after receiving treatment. Police said a fight occurred at the cafe about midnight.

Robertson has been in jail for more than a week on the DWI charges. He entered a plea of not guilty last Friday and bail was fixed at \$500.

In the Lindsey case, Policemen Alvin Hillbrunner and T. L. Steele testified that they investigated the Sunday accident and arrested Lindsey and Guerrero. They said it was their opinion that Lindsey was intoxicated.

Guerrero testified that he pleaded guilty in city court to drunkenness charges because "there was no use to argue, I'm a stranger here and want to get going." He said that so far as he knew, Lindsey had no liquor to drink since the night before the accident. He said the pair had driven from Fort Worth to Big Spring Sunday, and that Lindsey drank nothing in his presence.

Lindsey also testified that he drank no liquor Sunday, although both said they had some liquor the night before in Fort Worth.

Lindsey also testified that he drank no liquor Sunday, although both said they had some liquor the night before in Fort Worth.

Texas Highway Leader Confers In Washington

WASHINGTON (AP) — Marshall Formby, West Texas radio executive and Plainview, Tex., attorney talked highway financing with Speaker Sam Rayburn and other Texans in Congress yesterday.

Formby opposes the proposed bond financing of the administration's road-building program, he told the Texans.

He said he agreed with the administration as to the need of more and better highways, but thought the improvements should be financed by congressional appropriations and not through floating of long-term bond issues as suggested by President Eisenhower.

Formby said Rayburn heartily agreed with him that any new highway legislation should provide for a vigorous farm-to-market road improvement plan.

Only a tiny portion of a tall section marks the spot where 16 persons died when a Trans World Airlines crashed into the Sandia Mountains east of Albuquerque, N. M. Trees, normally snow covered, are blackened in the lower part of the picture. The tall section is at the bottom of the trees. (AP Wirephoto)

Tragedy Scene ONE-DAY DRIVE Stanton To Wage Scout Campaign

STANTON (SC) — In a "dawn to dusk" campaign, six teams will press the drive for Martin County's financial support of the Boy Scout movement.

H. S. Blocker is campaign chairman, and he has named six team captains who have from five to seven men each.

Dr. W. A. Hunt, president of Howard County Junior College in Big Spring, is to be the main speaker at the kick-off breakfast set for 7 a. m. Wednesday at the Belvue Motel.

Funds raised and pledged will go to support the program of the Buffalo Trail Council.

Blocker has announced the following captains and teams: Sammie Houston, captain; Ralph Jones, Glenn Brown, Yuell Winslow, June Graham, Ronnie Gilbreath, Stanley Reid and James Billington.

Stimley Wheeler, captain; Floyd Smith, Ira Boothe, Duwain Hensen, Bob Herzog, Elbert Steele, Phillip White, captain; L. H. Barron, J. C. Mott, Bill Lively, Hub Phillips, Alton Turner, R. C. Vest, Glen Gates.

Cecil Bridges, captain; John Roueche, James Jones, Jack Arrington, B. F. White, Clyde Nowlin, Bob Davenport, James Webb, James D. Eiland, captain; Roy Polk, Elmer Long, Billy Avery, Ralph Caton, James Biggs.

Finley Rhodes, captain; Truitt Holder, Clark Hamilton, Jack Davis, Jack Ireton, Clifton Clark.

\$60 Fine Levied In Hit-Run Case

A \$60 fine was assessed against a Latin-American who police arrested Monday on a charge of leaving the scene of an automobile accident.

The hit-and-run fine was set in City Court after the Latin-American pleaded guilty to driving a car which struck another vehicle belonging to C. M. Messange last Saturday night.

Officers said another hit-and-run accident was reported this morning by Santos Mendoza, 507 N. Douglass. Mendoza said his car was struck in the 500 block of Northwest Fourth about 7:30 a. m.

Two other accidents were reported Monday, but officers said apparently there were no injuries resulting from the mishaps.

At 8:15 a. m. Howard Dyke, 1414 Tucson, and Hollis Adolph Randall, 119 East 24th, were driving cars which collided at the intersection of Fourth and Gollad.

Coahoma Wildcat And Edger To Luther S' east Uncover Shows

Oil shows were uncovered on a drillstem test at Shell Oil's No. 1 N. H. Read, wildcat about four miles northeast of Coahoma, and test of a 40-foot zone at Stanolind's No. 1-A Marie Bryson on the southwest edge of the Luther Southeast field also yielded oil.

J. K. Wadley and K. E. Jennings spotted their No. 1 McKenny as a wildcat about seven miles southwest of Iatan in Mitchell County. It is approximately a mile south of Iatan-East Howard production.

Completions were logged in the Luther Southeast, Snyder, Howard-Glasscock, and Diamond M fields, and locations were spotted in the Sprabery Trend and Oceanic fields.

Humble No. 1-C Calverley has been staked as a Sprabery Trend location some 22 miles southwest of Garden City. It will be drilled by rotary to 7,000 feet. Drillite is 15,990 from south and west lines, 14-36-4s, T&P survey.

Continental No. 6 S. Gilbreath has been finished in the Howard-Glasscock field for a 24-hour pumping potential of 41.59 barrels of oil. There was no water on recovery, and gravity of oil measured 30 degrees. The gas-oil ratio was too small to measure. Some 6,000 gallons of acid was used to treat perforations between 2,320 and 2,364 feet. Pay top is 2,320.

R. E. Smith No. 12 C. Y. Thompson, 2,791 from north and 2,394.6 from west lines, 102-25-H&TC survey, flowed 55.60 barrels of oil on the 24-hour potential test. This Diamond M completion flowed through a 20-64th inch choke from perforations between 6,811 and 6,815 feet. Recovery was 40 per cent water. Gravity measured 42.9 degrees, and the gas-oil ratio was 860-1. Pay top is 6,810 feet, and total depth is 6,820 feet. The 3 1/2-inch casing is on bottom. Casing pressure was 150 pounds, and operator used 500 gallons of acid.

Choya Drilling Company No. 1 Canon, 1,989 from south and 660 from west lines, 47-33-5N, T&P survey, bared to 5,600 feet in lime. Magnolia No. 1 Jesse York, C SE SE, 279-97-H&TC survey, is

drilling below 6,500 feet in lime and shale. Tennessee No. 1 Fambrough, 660 from north and 2,380 from east lines, 18-33-3N, T&P survey, pumped 39.37 barrels of fluid in 24 hours. There was no water recovered, but two per cent of fluid was basic sediment. Testing is continuing.

Humble No. 1-C Calverley has been staked as a Sprabery Trend location some 22 miles southwest of Garden City. It will be drilled by rotary to 7,000 feet. Drillite is 15,990 from south and west lines, 14-36-4s, T&P survey.

Continental No. 6 S. Gilbreath has been finished in the Howard-Glasscock field for a 24-hour pumping potential of 41.59 barrels of oil. There was no water on recovery, and gravity of oil measured 30 degrees. The gas-oil ratio was too small to measure. Some 6,000 gallons of acid was used to treat perforations between 2,320 and 2,364 feet. Pay top is 2,320.

R. E. Smith No. 12 C. Y. Thompson, 2,791 from north and 2,394.6 from west lines, 102-25-H&TC survey, flowed 55.60 barrels of oil on the 24-hour potential test. This Diamond M completion flowed through a 20-64th inch choke from perforations between 6,811 and 6,815 feet. Recovery was 40 per cent water. Gravity measured 42.9 degrees, and the gas-oil ratio was 860-1. Pay top is 6,810 feet, and total depth is 6,820 feet. The 3 1/2-inch casing is on bottom. Casing pressure was 150 pounds, and operator used 500 gallons of acid.

Choya Drilling Company No. 1 Canon, 1,989 from south and 660 from west lines, 47-33-5N, T&P survey, bared to 5,600 feet in lime. Magnolia No. 1 Jesse York, C SE SE, 279-97-H&TC survey, is

Woman Bailiff Now Authorized

The way has been cleared for appointment of a woman bailiff for Howard County.

County commissioners this morning passed an order authorizing the sheriff to employ a woman bailiff at the direction of District Judge Charlie Sullivan. Pay for the temporary employe was fixed at \$8 per day.

Judge Sullivan had requested that arrangements be made for employment of a woman bailiff in case women are named to a jury in district court this week. Criminal cases are being tried and seven women are listed on the 60-member jury panel. Jurors must be confined overnight in criminal cases which are not completed in one day.

Approximately three-quarters of the tickets have been sold, and the demand is brisk. There is a possibility that there will not be enough to go around, Greene said.

The tickets set for \$3 each, and it is expected that around 300 people will be accommodated in the Settles Hotel ballroom for the occasion.

Guest speaker for the evening will be C. T. Evans, vice president of the Arkansas Power and Light Company and director of public relations.

New officers and directors will be introduced at the banquet, and several musical selections will be presented by soloists Arnold Marshall and Mrs. Don Newsum.

Misses Kenda McGibbon and Darlene Agee will play organ music during the dinner hour, and Mrs. Champ Rainwater will be accompanist for the two soloists.

Stolen Car Found
A car which was stolen in Snyder last Sunday has been found abandoned in the 100 block of Mesquite Street here, police said. The 1952 Lincoln apparently is in good running order.

Compensation Suit Filed Here Today
J. O. Fuqua asks that he be awarded judgment for \$24,541.20 as compensation for injuries he claims he suffered while working for the Continental Drilling Company Ltd.

Fuqua filed a suit in 11th District Court against the Texas Employers Insurance Association. He asks compensation for 401 weeks, at the rate of 60 per cent of his average weekly salary of \$102. The plaintiff states that he injured his back while racking drill collars in Howard County Nov. 3.

Check Charges Filed
Two persons were charged with passing worthless checks in Justice Court, Place 1, this morning. A woman was alleged to have passed a worthless check totaling \$61.08. A man was charged with passing two checks totaling \$5.

Funeral Services Held For Adams
Last rites were to be said at 3 p. m. Tuesday in the Church of Christ at Coahoma for John C. Adams, 84, who died here at midnight Sunday after a long illness.

W. O. Batton, Coahoma Church of Christ minister, was to officiate, assisted by S. A. Ribble, minister from Odessa. Burial was to be in the Coahoma Cemetery beside the grave of his wife, who died April 6, 1950. Eberly-River Funeral Home was in charge of arrangements.

Mr. Adams came to Coahoma in 1924 from Hood County. Survivors are five daughters and a son, including Miss Allie Ray Adams and Fred H. Adams, Coahoma.

Heater Hose Ignites, Bathroom Is Damaged
The hose on the bath room heater caught fire at 205 Utah Road about 2:10 p. m. Monday, causing some damage to the room before firemen arrived to extinguish the blaze. Philip Blood resides in the house, firemen said.

Someone turned in a false alarm about 10 p. m. last evening. Firemen went to a vacant house at 1505 Vines Street as a result of the alert but found no fire.

21 Firms To Exhibit Manufactured Items
The forthcoming manufacturers exhibit to be held in Big Spring has already attracted 21 local firms, and it is expected that several others will sign up by deadline time Friday.

The manufacturers exhibit, which will be held at Fourth and Gregg, will display various items manufactured, fabricated or processed in Howard County.

The exhibit is slated for Thursday through Saturday, March 3-5. The 21 firms which have signed up have been designated spaces in the building, and exhibits are already being planned and made. Other interested manufacturers can contact staff members of the local Chamber of Commerce for information.

Meeting Slated
The Big Spring City Commission was scheduled to meet at 5:15 p. m. today in the conference room at the City Hall. City Manager H. W. Whitney said that routine business will be discussed.

Angelo Stock Show Boosters Coming
Approximately 100 businessmen and other representatives from San Angelo are due here Thursday to boost their annual livestock show and rodeo.

The group swings out Wednesday but will come no nearer than Snyder and Colorado City. On the Thursday circuit, Sterling City, Big Spring, Stanton, Midland, Odessa, Crane, McCarney and Big Lake will be visited. Show dates are March 3-4.

Plenty Of Parking

The Wagon Wheel, called Big Spring's finest restaurant, has no shortage of parking space, as the scene above shows. H. M. Rainbolt, owner of the restaurant, recently moved his residence from the area to left to provide space for more cars. The Wagon Wheel opens daily at 6 a.m. and breakfast is served until 11 o'clock. The restaurant is recommended by Duncan Hines and the American Automobile Association.

Sewing Machine Parts Stocked

One of the best sewing machine repair shops in the city can be found at Gilliland Sewing Machine Exchange, 120 E. 2nd, and owner A. F. Gilliland personally guarantees all work done. Any make or model sewing machine can be repaired at the center, as equipment is stocked to work on them all. Substitute parts for all machines are also stocked.

Insurance Plan Avoids Hardships

Payments on burial insurance sold by the Nalley Funeral Home can be arranged so that it works no financial hardship on the customer at any time. By investing a few dollars a year in the plan, buyers can eliminate the financial burden entirely, at a time when the strain is greatest, and payments can be made quarterly, semi-annually or annually—however the customer wishes. Anyone working at the Nalley concern is qualified to discuss and sell Nalley insurance. Arrangements can be made by calling in person at the home, which is located at 906 Gregg St., or by telephoning 4-6331. Nalley's maintains three modern ambulances to serve in any sort of emergency which might occur in this immediate area.

Three persons, in addition to Coy Nalley, owner and manager, are qualified to drive the carriers. The others are Joe Bunch, long-time employee of the concern, Marvin Cooper and W. G. Lieb. In addition to Nalley himself, Bunch and Lieb are licensed embalmers and funeral directors. Nalley's maintains a big chapel, which can be used in all types and sizes of services. In addition, the chapel is equipped with a modern electric organ.

Personnel at Nalley's are trained to remove the burden and ease the strain of bereaved persons at a time such as is needed most. Employees can plan complete services, exactly as the families would want them. Friendly counsel in the hour of need is the motto of the establishment.

Moving To Bangor, Me., Or Across The Road? Wooten Can Handle Assignment

"We are equipped to handle any size moving job anywhere in the United States and Canada anytime of the day or night," said Harvey P. Wooten, of the Wooten Transfer and Storage Co., 505 E. 2nd.

No job is too big or too small for our facilities, the owner said. Whether its just a package for the post office or a household of furniture, the Wooten Transfer Co. has the necessary trucks and facilities to handle the job.

Distance is also easily handled by the company. Local moves are made in Harvey Wooten's own trucks. He has three trucks of varying sizes which are adequately suited to any type of moving job. Longer moves are made through the services of the Rocky Ford Van Lines. Wooten is the local agent for this nationwide concern which is well-known for fast dependable service.

Whether you plan a move next door or to Bangor, Me., the Wooten Transfer Co. has all the necessary facilities to get you there. The services of Wooten Transfer are as near to you as your telephone. Time of day is not important. The company is available 24 hours a day. Free estimates for a prospective move can be obtained by calling 4-7741 days and 4-6292 at night.

And safety is a major part of every move the Wooten employees make. Furniture and other household effects are carefully packed and crated to insure against scratches and breakage.

The furniture is handled like the finest china by the movers to be certain of its safety, Wooten said. Also, full coverage insurance is provided for all furniture and effects while they are in the hands of the movers. Thus, the customer is guaranteed a safe move by Wooten Transfer because the damage and packed and handled by expert, experienced movers.

Not only is the service safe and convenient, Wooten said. It is economical and fast too. The customer does not experience unnecessary delays with Wooten Transfer. Storage is also handled by Wooten Transfer Co. A giant warehouse located at 505 E. 2nd with plenty of space is available for customers to store precious furnishings or other effects.

Employees will pack or crate anything stored in the warehouse by customer request. This warehouse is State Bonded for the customer's protection and Wooten keeps it fully protected with lots of insurance at all times.

Stop by and see Harvey Wooten and discuss your moving or storage problems with him. His estimates are economical and the service is expert.

Cooler Repairs Thoroughly Made

The Western Service Company, located at 207 Austin, is staffed and equipped to completely service all types of air conditioning equipment.

E. L. Gibson, owner and manager, points out that proper service is especially essential to the satisfactory operation of evaporative cooling equipment. His firm is equipped to install either aspen wood or RP cool pads, to thoroughly clean and repaint cabinets, clean water lines and make other repairs to assure long life for the evaporative air conditioner.

Western Service now is engaged in the reconditioning of 270 evaporative units for Webb Air Force Base. This operation includes renewal of filter mats, cleaning and painting.

Texas Groups Win Citations From Freedoms Foundation

VALLEY FORGE, Pa. (AP)—Freedoms Foundation today cited 32 Texas citizens, organizations and schools for outstanding contributions during 1954 "to a better understanding of the American way of life."

The awards were among 841 announced by the foundation at a special George Washington's birthday ceremony at this historic shrine.

Only 39 of the awards were presented personally today. The others will be presented at regional ceremonies later this year.

In addition to the citations, checks totaling \$300 will be presented to top winners in Texas. The foundation will pay a total of \$11,000 to 1954 award winners in all parts of the country.

Clifford F. Hood, president of the United States Steel Corp. presided at the sixth annual foundation awards program today. President Eisenhower, who made the first presentations in 1948, is honorary chairman of Freedoms Foundation.

Award winners from Texas included:

Beaumont: Rogers Craig, French High School, honor certificate award for essay, "Our American Way—Let's Keep It."

Borger: J. C. Phillips, Borger News-Herald, honor certificate award for editorial, "We Owe a Debt."

Caldwell County: McMahan community, second place award in community program category, \$50 and George Washington honor medal.

Chillicothe: Mabelle Terry

Wells, Rural Box 582, second place award for essay, "Democracy's Appeal to Reason," \$50 and honor medal.

Crosbyton: Crosbyton High School, high school editorial award for "The Right of Trial by Jury—Innocent Until Proved Guilty" in "The Pow Wow," \$100 and honor medal.

Here: Ficklen, Dallas Morning News, second place award for cartoon, "Freedom's Taproot," \$50 and honor medal.

Texas and Pacific Railway, distinguished service award for advertising campaign.

Denton: Texas State College for Women, second place award for college campus program, \$50 honor medal.

Fort Worth: Hal Coffman, the Fort Worth Star-Telegram, distinguished service award for cartoon, "They Had Trouble, Too; Were Unafraid."

Galveston: Ball High School, Valley Forge freedom library award.

Galveston: Chamber of Commerce, honor medal for community program, "Know Your America Week."

Lovenberg Junior High School, honor medal.

Rosenberg Elementary School, honor medal.

Carolyn Shirley, 4627 Woodrow Street, honor medal for essay, "What the Bill of Rights Means to Me."

Longview: Ellie Hopkins, second place award for editorial, "Magic of Freedom" in the Longview Sunday News-Journal, \$50 and honor medal.

Lubbock: Texas Technological

MAKING GOOD IMPRESSION

BANGKOK, Thailand (AP)—Bangkok wants to make a good impression on delegates assembling here for the SEATO conference this week.

A radio truck lumbered down the street with loud-speaker booming: "Thieves! - Pickpockets! Please stay inside this week because of the SEATO conference."

Later came another truck announcing: "No naked children allowed on the streets this week."

Ben-Gurion Again Defense Minister

JERUSALEM, Israel (AP)—Former Premier David Ben-Gurion, named for 15 months' retirement in a Negev Desert farming community, today held his old post of defense minister.

He was sworn in yesterday after the Knesset (Parliament) approved his appointment to Premier Moshe Sharett's Cabinet by a vote of 74 to 22. Ben-Gurion abstained in the voting.

The 68-year-old Ben-Gurion resigned his joint posts of Premier and defense minister in December, 1953. Sharett called him back after Pinhas Lavon resigned the defense post.

Jury Studying K.C. Star's Trust Suit

KANSAS CITY (AP)—A federal court jury today undertook the task of deciding whether the Kansas City Star and its advertising director Emil Sees have violated antitrust laws.

The federal government accused the newspaper and Sees of monopolizing and attempting to monopolize the dissemination of news and advertising in the Kansas City area.

U.S. Dist. Judge Richard M. Duncan turned the case over to the jury yesterday.

Conviction could bring a maximum \$5,000 fine for the newspaper and a one-year jail sentence for the individual on each of two counts of the indictment.

The government contended the defendants refused advertising and threatened to refuse advertising of those who used publications other than the Star, coerced advertisers to buy an unnecessary amount of space in the Star, discriminated on space and arrangement of ads where the advertiser used another medium and required advertisers and subscribers to buy at combination rates.

Defense attorney Elton Marshall, in summarizing the evidence, said: "There is not a specific act charged in the indictment that in itself constitutes a law violation. The government mixed up a lot of acts over an 18-year period and brings them out as a charge."

Heavy Burglary

DENVER (AP)—Canton O'Donnell, manager of a veterans' housing project, reported someone broke into a boiler house and stole 90 steam radiators weighing 10 tons and valued at \$1,000.

Air Force Academy Head Gets Personal Questions

COLORADO SPRINGS, Colo. (AP)—Col. Robert Gideon Jr., bachelor chief of staff for the Air Force Academy to be built near here, is up to his insignia in problems he never encountered flying an airplane.

Gideon has the job of answering letters from anxious mothers who want to know how the Air Force will treat their sons if they enroll at the academy. The first class of 300 will begin training in temporary quarters at Denver's Lowry Air Force Base this summer.

Gideon has to say "no" in most of his replies—but in such a way that potential Air Force generals won't be lost to the service.

A Montana ranch woman wrote: "If my son becomes a cadet, can he send his laundry home every week? He always sleeps in flannel pajamas and they shrink if they're not washed right."

Gideon answered that pajamas, like all 60 articles of clothing to be worn by the cadets, will be issued and laundered by the Air Force.

He gave much the same reply to the mother who wanted to know what color to knit her son's Argyle socks for his possible stay at the academy.

And there was the Tennessee

woman who inquired if she could send a bottle of home-made blackberry brandy along with her son. "We always use it for colds and up-sets," she wrote. Gideon said no. Alcoholic beverages won't be allowed on or near the academy premises.

Gideon and his staff are becoming experts in other domestic fields.

All of them, including Lt. Gen. Hubert Harmon, academy superintendent, have spent hours jumping, sitting and lying on mattresses, testing springs, and checking blankets, comforters, chairs, clothing and dining room equipment.

Strip Teaser Weds Actor in Las Vegas

LAS VEGAS, Nev. (AP)—Strip-teaser Lili St. Cyr, 33, and actor

Ted Jordan, 28, nephew of showman Ted Lewis, were married last night. Their honeymoon will be brief. She's under contract to appear in her strip-tease act at El Rancho Vegas Hotel March 2.

Skies Clear In Midwest

The Associated Press

Skies cleared over the storm-swept sections of the Rockies and Midwest today but cold weather continued in some parts of the snowcovered areas.

Below-zero readings were reported in the eastern Dakotas and northern Minnesota. It was -9 at Grand Forks, N.D. Fraser, high in the Colorado Rockies, had an early morning low of 25 below.

The freezing line extended from the eastern Great Lakes region southward through central Kansas into northern Texas and westward to Tucson, Ariz., and around the Western Plateau.

Fairly mild winter weather was reported in much of the East and South and the Pacific Coast.

There were two wet belts this morning. One of rain extended from the lower Ohio Valley through the eastern Great Lakes and into northern New England. Some snow was reported in southern Michigan and Indiana.

Court Action Due On Jewel Gifts

LOS ANGELES (AP)—Actress Linda Christian has a March 7 court date in connection with \$132,000 worth of jewelry given her by Robert H. Schlesinger, wealthy Milwaukeean.

The estranged wife of Tyrone Power was ordered yesterday to show cause then why she should not turn over the valuables to the sheriff, pending determination of legal ownership, and why she should not be restrained from disposing of them.

A New York jewelry firm, Van Cleef and Arpels, brought a recovery suit against her, claiming that it sold the jewelry to Schlesinger but his \$100,000 check in part payment was not honored by a Milwaukee bank.

Decides She'll Give Up Her Property

CHICAGO (AP)—Miss Lena Davis, a former ballet dancer and now a carhop, has agreed to move by May 15 from the dwelling she has defended with pistol and shotgun.

Miss Davis, 32, signed an agreement in Superior Court yesterday to get out of the seven-room dwelling on the property of the Chicago Sanitary District on the bank of the Des Plaines River, southwest of Chicago.

The district wants to run a railroad spur through the property but Miss Davis had driven off workmen with pistol and shotgun. She claimed her lease runs until 1957 but yesterday withdrew her suit appealing the eviction order against her. A district attorney said Miss Davis had only a month-to-month lease on the premises.

"...AND COOKING ELECTRICALLY IS Economical, too"

Thousands of thrifty housewives have found that they can enjoy electric cooking for only about 3¢ a meal. And when you can cook on an electric range for only pennies per meal, you know you're being economical. You'll find a real bargain in the cleanliness of electric cooking, too. Kitchen walls and curtains stay clean longer, and the bottoms of pots and pans stay mirror bright. Why not join the thousands of Texas homemakers who enjoy the bargain of electric cooking? You'll be glad you did.

See your electric range dealer NOW, about a new automatic electric range...and serve your family good meals cooked to perfection...economically.

HC Hawks Set Mark In 112-72 Victory

Brown Paces Local Attack

AMARILLO (SC)—Howard County Junior College picked up added prestige in the Region V Basketball Tournament by beating Sayre of Oklahoma, 112-72, here Monday afternoon.

The triumph, 26th of the year for the Jayhawks from Big Spring, earned them the right to oppose Amarillo at 9 o'clock tonight. Amarillo moved along by shading Cisco, 69-46, in a minor upset.

In the other bracket, Connors, the tournament favorite, turned back Odessa, 74-49; and San Angelo outlasted Decatur, 71-63.

Connors, an Oklahoma team, and Angelo clash at 7 o'clock this evening.

Coach Harold Davis of HCJC substituted freely in the game but the Hawks still managed to break two scoring records. The Hawks held the previous high scoring mark, having hit 99 in a winning effort against Sayre two years ago.

In addition, the two teams broke the total score in one game when Amarillo topped San Angelo in last year's tournament. The Badger-Angelo aggregate last year was 173, whereas HCJC and Sayre scored a total of 184.

Surprisingly, Sayre led the Hawks, 24-19, after the first 10 minutes of play but Jim Knotts hit three baskets within 45 seconds and the Big Spring club was off to the races.

The Hawks had a comfortable 49-33 advantage at half time and steadily added to their advantage after the intermission.

Wiley Brown, who hit a hook shot from the foul line that sent Hawks past the 100 mark, wound up with 24 points and scoring honors.

Knotts collected 21, Ray Crooks 18 and Arlen White 17. Kenneth Morgan paced Sayre with 20 points while Travis Duval had 15.

Tournament rules forbid a team from suiting out over 10 players, which is the reason more Hawks did not get into the game. Coach Davis had taken 14 players to Amarillo.

Connors led Odessa, 15-2, after three minutes of play but the Wranglers came back with a rush and all but upset the Sooners.

With seven minutes left in the game, the score was tied at 57-57. With six minutes to go, Odessa was out front, 61-59.

The count was tied at 67-67 with only two minutes showing on the clock but Connors made a two-point shot and went into a stall and the Wranglers were never able to get back into the game.

Harold Riddle led Amarillo past Claco with 20 points. Gordon Todd had 17 for the Badgers, who put the clamps on the chief scoring threats for Cisco, Burnell Stevens and Ed Bennett.

Don McDonald paced Angelo past Decatur with 19 points. Buck Turk collected 15 and Charles Martin 13 for the Rams while Aniel Fortenberry tossed in 13 for Decatur.

The win by Connors was its 25th in 28 starts. HCJC has been beaten only three times in one more start.

Winner of the tournament goes to the National Junior College Tournament in Hutchinson, Kan., next month. Connors is the defending champion.

Clair Mays Named Aide At Amarillo

AMARILLO, Tex. (AP)—The Amarillo school system has hired a former University of Oklahoma football star as a high school coach for the third time this year.

Clair Mays, former standout guard and assistant freshman coach at OU, was announced last night as the line coach at the new Palo Duro High School, scheduled to open next fall.

His salary will be \$5,000 per year. Mays is a former teammate of John Reddell, head coach at Palo Duro.

Texas League Seeks Home For Shippers

DALLAS (AP)—The men who run the Texas League meet Tuesday to decide what to do with a baseball team whose owner describes it as broke, apparently unwanted by its home town and stuck with a home it can't afford.

The club is Beaumont, a member of the class-AA circuit for 42 years.

LOOKING 'EM OVER

With Tommy Hart

Sports dialogue:

WALTER O'MALLEY, president of the Brooklyn Dodgers: "Parking, not television, is our big problem. We can handle 700 cars at Ebbets Field. Milwaukee can park 14,000. Shibe Park in Philadelphia is even worse off than we are."

RICHARD LUJAN, quarterhorse jockey: "The horse is 75 per cent of the race. And the start is 75 per cent of the race. If the horse gets off half a length behind, there isn't much the jockey can do to make up in 22 seconds."

HAROLD DAVIS, HCJC basketball coach: "I've seen Odessa play about ten games this year and I've never seen them as hot as they were against us the other night. They were waiting for us."

FRANK LANE, general manager of the Chicago White Sox: "I think (Paul) Richards is a good manager. But he made mistakes. He was wrong on Bob Keegan. Everybody told me I was crazy when I got Keegan from Syracuse. They told me he couldn't pitch in the majors. I was sure he could. And he certainly came through for us last year."

BILL HENDERSON, Baylor basketball coach: "Jerry Mallett is the greatest sophomore we ever had at Baylor. Jerry can do it all. He can shoot from the outside, drive and score, play the post, dribble as well as many small men, and, most important, he's a terrific rebounder. If he improves his next two seasons, Jerry can be All-America as a senior."

RED SANDERS, UCLA football coach: "I'll guarantee you one thing. Literary barbarians are not confined to football squads. Not everyone is supposed to play football. I don't want any drum majors around to kick extra points."

DIZZY DEAN, the baseball commentator: "I knowed a college football player who was ineligible for the varsity because he had transpired from another anniversary."

TOM WALSH, advance man for the Harlem Globetrotters: "Have boxers changed since my time? I'm here to tell you. Why, Jack Dempsey was world champion before he ever owned an automobile."

ED FURGOL, the National Open golf champion: "I wasn't trying to win friends or influence people during the Open at Baltusrol. I was just trying to win. Period. Perhaps I can illustrate my attitude with a story. When I reached the tenth tee of the morning round on the final day, my brother, whom I hadn't seen in months, walked over and introduced me to his brand-new bride. 'Hiya,' I said, absent-mindedly. And I never spoke another word to them until the tournament was over. . . . An atom bomb could have gone off beside me and I'd never have noticed it."

STEVE OWEN, former coach of the New York football Giants: "A coach can't see a thing from the sidelines. He might as well be under water."

BILL BOLIN, coach at Knott, who guided his basketball team to a second place finish in District 19-B the past season: "I really never expected to win very many games. My boys surprised me."

ABB CURTIS, Southwest Conference assistant executive secretary: "I see basketball players making shots our coaches wouldn't even let us try in practice when I was in school. That's how the game has changed."

LARRY ISBELL, former Baylor football All-American: "Nobody wanted me for a football player. I was just an average high school player and played only one year in Houston. There is no doubt in my mind I wouldn't have had a chance at a scholarship if it hadn't been for my baseball playing."

HANK LUISETTI, one-time Stanford basketball All-American: "I suppose I'm like any old-time. I yearn for the good old days. I don't think they're playing the basketball today that we did. I honestly believe our 1938 team could have been this year's University of San Francisco club. Our game was basketball. Today, the players just want to shoot—and line up for free throws."

WALLY MOON, last year's National League Rookie of the Year: "I think I can beat the sophomore jinx because I intend to play with the enthusiasm of a freshman."

HAROLD BENTLEY, Big Spring High School track coach: "If Benny Compton will work at it, he can really help us as a sprinter this year. He's striding better than he ever was before."

CUMMINGS BACK

Mismatched Mates Tangle Tonight

It was a mis-mating that torrid tag match in Big Spring last week, and two partners got crosswise with each other.

Angelo Poffo, high-spirited athlete from Italy, and Chicago and Boris Kameroff, ditto from Russia and New Haven, Conn., were teamed together against Doc Gallagher and Tony Ross.

Big Spring fans know the outcome of that match, and also about the disagreement, to put it mildly, between Poffo and Kameroff.

To settle the deal, Poffo and Kameroff meet each other, legally this time, in the main event tonight in the Big Spring Arena.

The Russian and the Italian seemed to get along quite well, socially and athletically, until the disturbance last Tuesday night when they disagreed on tactics, etc. They haven't spoken to each other since then, and each seems determined to prove to the other that "I'm the best, so you go your way and I'll go mine."

Bob Cummings, the veteran who seems never to grow old, comes back to battle strong Tony Ross in the semi-final. It goes for two best falls of three or 45 minutes, or with a time limit 15 minutes over the time set for Poffo and Kameroff to settle their differences.

Each match is expected to be quite rough and tough, with the "umpire" having the most trouble. Tonight's card served to introduce a newcomer, wiry Maurice LaChapelle, a Frenchman who is well known in the Eastern states since his crossing of the channel. La Maurice is the child when it comes to wrestling, as fans will discover soon after the going. He's on the vicious side, especially when his opponent makes a wrong move, and he's big and strong. He'll have to be combated by "Big Train" Clements, of Lubbock, former wrestler and referee and promoter, who has decided to wrestle again.

Clements is one of the toughest.

Alabama Keeps Pace With Cats In Cage Loop

By ED CORRIGAN

Mighty Kentucky, beaten only twice all season, found itself in the uncomfortable position today of being forced to fight it out right down to the end of the season if it hopes to win the Southeastern Conference championship and gain a berth in the NCAA tournament.

Adolph Rupp's charges have three league games left to play and at the moment they're tied with Alabama for the lead, each with 9-2 marks.

The Wildcats refused to play in the NCAA tourney last year because three of their top stars were declared ineligible. This time, though, Rupp is eager to play in the tourney.

Kentucky, playing without 6-7 Phil (Cooke) Grameweyer who has his leg last week, whipped Vanderbilt Monday night, 77-59, but "Bama" kept pace with the Wildcats by slugging Louisiana State, 71-59.

Their game at Lexington next Monday looms as the key to the championship.

Bob Burrow was the big gun for the Wildcats scoring 31 points. "Bama" had little trouble, leading all the way. George Linn had 19 points for the winners.

Meanwhile, in the Big Ten Iowa knocked Illinois out of the running with an 89-70 victory over the Illini. The victory kept Iowa's chances alive. They are in second place, half a game behind Minnesota, which edged Wisconsin 71-69.

Iowa never was in trouble after the first few minutes and rushed to a 50-39 lead after a few minutes of the second half. Minnesota, however, had its hands full and Chuck Mencil had to find the range with four seconds left to break a tie.

The Gophers, seeking their first undisputed league title since 1919, were behind most of the way.

In other Big Ten games, none of which had any bearing on the championship, Indiana whipped Purdue for the 13th straight time 75-62; Michigan State held on to outlast Northwestern 71-69; and Ohio State turned back Michigan 72-68.

North Carolina State clinched at least a share of the Atlantic Coast Conference crown and the Wolfpack didn't take any. Wake Forest dropped Maryland 75-71. The Terps' defeat means they can't win the league race outright.

Tulsa kept alive its hopes of winning the Missouri Valley championship by routing Houston 69-59, while Virginia Tech snapped an 18-game losing streak and licked the Citadel 85-53 in the Southern Conference. The Gobblers, who hadn't won a game this season, might even get into the league tournament if they win another.

Mangrum To Play In Houston Open

HOUSTON (AP)—A field of 144 non-exempt pros and amateurs competed today for about 50 spots in Thursday's opening round of the \$30,000 Houston Open.

The starting field for the winter golf tour's richest tournament may break 180.

Five former Houston champions and all of the champions of the 1955 winter tour were among the early arrivals for practice rounds over the 7,200-yard, par 72 Memorial Park course.

Dave DeLoach, the defending champion, and Cary Middlecoff, who has carried off the Houston title twice, also took a look at the sprawling course.

Rejoining the winter tour was another driving specialist, Lloyd Mangrum. Other former-Houston winners reporting in were Marty Furgol, Johnny Palmer, and Jack Burke Jr.

Lockett Is Named Coach At Pampa

PAMPA, Tex. (AP)—Jack Lockett, an assistant freshman football coach at the University of Oklahoma who formerly starred at the Sooner school, is the new head coach at Pampa High School.

Lockett replaces Aubra Nooncaester, who resigned recently because of ill health. His salary will be \$6,500 per year.

Forsan Buffs Seek Berth In Regional Tournament

MERTONSON, (SC)—Mertonson and Forsan square off here tonight, contesting for the right to represent District 19-B and 20-B in the Regional Basketball Tournament at Brownwood this weekend.

Mertonson is the 20-B Kingpin. Forsan recently copped the 19-B championship by beating Knott in a playoff series.

Mertonson is favored to topple the Buffaloes tonight, having beaten Bob Honeycutt's team in a tournament game earlier this year, 53-48.

IN AP CAGE POLL

Colonial Quintet Drops To Tenth

When West Virginia's Mountaineers took George Washington's Colonial into camp last Saturday, they did more than just take a tight hold on the Southern Conference basketball lead. They shook the Colonial loose from fifth place in the weekly Associated Press ranking poll and dropped them clear down to 10th.

That was the only important change in the rankings as the sports writers and broadcasters again gave tournament-bound San Francisco a thumping vote of confidence Tuesday.

Except for George Washington's drop, the teams remained in order down to eighth place. Following San Francisco, on top for the third straight week, came Kentucky, LaSalle Duquesne, Marquette, North Carolina State and Minnesota. The last three just moved up a notch to fill the vacancy. Utah, 10th a week ago, moved into eighth place by a narrow margin over UCLA, which held ninth.

San Francisco, winner of 20 of its 21 games and already named

HUNTING AND FISHING

W. H. B. SMITH WRITES DOCUMENTARY ON GUNS

By GLENN COOTES

This book released in January might be of interest to hunters and sportsmen:

"SMALL ARMS OF THE WORLD" by W. H. B. Smith, Military Service Publishing Co., 788 pp., \$10.

Smith has added 250 pages of new material to this complete book on small firearms since the last edition in February, 1953. The book has 11 printings in five editions since the first copy was printed in 1943, which attests to its popularity in the gun field.

Smith has drawn his information from over 255 U. S. and foreign arms manuals, many of which are unavailable to the average person.

Here, in these covers, is a complete documentary on firearms manufactured in this country and 28 foreign countries. Packed with illustrations, the book has over 1,300 pictures and drawings on loadings, stripping, and operating small arms.

The book is divided into two sections. Part 1 is an interesting history of firearms in general, with chapters on gunpowder, pistols, rockets, and machine weapons. Part 2 had chapters on 29

countries, illustrating and describing various weapons.

One of the most interesting chapters in the book is a chapter explaining the evolution of firearms from the "cannon lock" to "metallic cartridges." Step by step, the author charts the progress of weapons through "the matchlock," "the wheel-lock," "the flintlock," and "the percussion lock."

Such little known weapons as "machine pistols," and the "75-mm recoilless rifle" are amply discussed and described in this book. "Gun-bugs" should find the book a veritable storehouse of information. It is simple and clear enough for the beginner, yet factual and informative enough for the expert. It is a complete reference book on the subject.

Smith began his gun career as a boy of 10, when two granduncles took him on a tour of the arms plants, armories, and museums of the world. Since then, he has worked for Armstrong Vickers and later for the Secretariat of the League of Nations as an arms expert. He is author of a dozen or more books on the subject of weapons and is consultant on military weapons to the National Rifle Association.

Red Birds' Payroll Runs Close To Half A Million

ST. LOUIS (AP)—If the St. Louis Cardinals aren't fighting for the National League pennant this season, it won't be because of a lack of ready cash.

The Birds' payroll for the 40 players, 3 coaches and a manager on their roster runs close to half a million dollars—and that comes after a sixth-place finish last season.

This, of course, will drop when the size of the club's roster is cut to 25 early in the coming season but the bulk of the money goes to well-established stars.

Vice President Bill Walsingham explained the club's situation this way last night:

"I would say that we're one of the highest paid clubs in the league and that we're only a few thousand dollars from the top."

There are no official figures on the subject but a look at some of the players' estimated salaries, headed by outfielder Stan Musial's \$0 grand, puts the budget into focus.

Second baseman Red Schoendienst makes about \$40,000; pitcher Vic Raschi close to \$35,000; Manager Eddie Stanky about \$45,000; and the three-man coaching staff a total of about \$25,000. Those seven salaries alone run about \$225,000.

Walsingham, who only has to talk three players into terms for the 1955 season, said, "We may have finished in sixth place last year—but not among the league payrolls."

The Cardinal official figured Brooklyn and Milwaukee "probably" were the league's best paid team last season, but after the pennant and World Series wins, he puts the New York Giants on top this year.

Eight Champs Are Crowned In Fort Worth

By ROBERT E. FORD

FORT WORTH (AP)—Eight rugged youths battered their way to Texas Golden Gloves titles last night, and by next weekend, most of them will be en route to Chicago and the Tournament of Champions.

Two former title holders repeated. The heavyweight champion, Jack Hale, will not go to Chicago. He will be taking final examinations at Baylor University. It was undecided today just who will represent Texas in that division.

There was a strong possibility Roy Harris of Cut and Shoot, the lightweight titlist who can make the heavyweight poundage, may replace Hale. That might leave Art Belback, Fort Worth, who gave Harris a terrific fight last night, as the lightweight representative.

Here are the champions and the teams they represented:

Jack Hale, Waco, heavyweight.
 Roy Harris, Houston, lightweight.
 Tommy Barron, Dallas, middleweight.
 Melvin Barker, Austin, welterweight.
 Jake Martinez, El Paso, light-weight.
 Reynaldo Terrazas, El Paso, featherweight.
 Frank Valdez, San Antonio, bantamweight.
 Anastasio Mendoza, El Paso, flyweight.

There were no knockouts or TKOs in the finals but there was plenty in the semifinals.

The team championship, determined by one point for each victory in the five-day tournament, went to El Paso with 14. Other team points were Beaumont 11; Houston, San Antonio and Dallas, 10 each; Amarillo 8; Waco and Austin 7 each; Fort Worth 6; Odessa 5; Harlingen, Brownwood and Abilene 3 each; Wichita Falls and Corpus Christi 1 each.

The returning champions are Harris and Barron.

Blubaugh Speeds To Two Victories

SAN ANTONIO, Tex. (AP)—The field was trimmed to 68 today as the Pan-American wrestling tryouts entered their third round with a bout between Bill Borders, the Olympics star, and Jack Blubaugh, sensation of the opening rounds, the main attraction.

Blubaugh needed only 91 seconds to dispose of two opponents Monday and Tuesday night and the Tulsa YMCA entry looked like just the boy to give Borders a terrific fight for the Kingpin role in the 125.5-pound class.

Borders had more trouble winning his matches Monday, being extended to the limit before he could pin Nelson Cadava, unheralded youngster from San Diego Naval Training Station and Norward Nalan, University of Michigan, but the man from the Fourth Army by way of Fort Hill, Okla., still is considered the one to beat.

The defeat of Tommy Evans, Olympic performer wrestling for the U. S. Air Force, in the 147-pound class, was the big upset of the opening rounds. Evans was taken down by Gerald Maurey of the Clearfield Athletic Club, State College, Pa., and pinned in 1:44.

Says Farmers Driven Off By Acreage Cuts

WASHINGTON (AP)—Rep. Whitten (D-Miss) said today Agriculture Department figures show \$5,348 tenant farmers will be forced off farms this year by reductions in cotton acreage allotments.

Virtually all of the displacement, Whitten said, will occur in the southern states with Mississippi the heaviest loser—11,981 families.

Whitten received information from the department on effects of the 1955 allotments in response to specific questions he asked some weeks ago in an effort to get Secretary Benson to support an increase in the quotas.

In answer to Whitten's question as to the number of tenants and sharecropper families which would be forced off farms by acreage reductions, the Department provided figures including:

Arkansas 4,246; Louisiana 3,395; Mississippi 11,981; New Mexico 137; Oklahoma 1,477; Texas 5,580.

Similarly, the department said that the number of small cotton farmers—those with five acres or less of cotton in 1954—who would have 1955 incomes cut by \$100 or more is as follows:

Arkansas 1,496; Louisiana 6,649; Mississippi 34,414; New Mexico 64; Oklahoma 378; Texas 6,120.

Open Embassies

TOKYO (AP)—The Foreign Office yesterday announced Japan and Iran have raised their legations in Tehran and Tokyo to embassies to bring "closer ties between the two countries."

COMPLETE LINE FISHING SUPPLIES

Most of the big water has been drilled out around Tarzan, but they are still bringing in the small wells. By using sprinkler systems and watering 24 hours a day, farmers say they can often pay for the system with one crop.

Last year J. M. Payne had a small 110 gallon well which irrigated 25 acres, and made much more than a bale to the acre. Recently he drilled another one in the same field and it tested 130 gallons.

"A big well is more profitable," he said, "but if a man will fertilize

JESS TALKIN'

Demand Slow For Baby Chicks; Egg Price Boost May Change It

By JESS BLAIR

The sale of baby chicks has been slow. At a time when local dealers usually stock many orders, there are only a few thus far.

They have been for small lots from 10 to 200. About the largest order was from Dean Johnson of Vincent who ordered 400 chicks for layers.

One dealer said most of the chicks being sold were of the broiler type. However, he said the picture might change rapidly. Eggs have increased about five cents a dozen within the last two weeks, and usually at this time of year they are on the down-grade. If prices go up another few cents, he

Repeal Of Cross-Filing Law Gets Approval In Committee

AUSTIN (U)—A bill to repeal Texas' controversial cross-filing law, used in just two elections to let political candidates run as both Democratic and Republican nominees, was ready today for House debate.

A House committee approved the measure by Rep. Maury Maverick Jr., San Antonio, last night by a 14-2 vote.

A rugged tax fight appeared to be shaping up, meanwhile, following introduction in the House yesterday of a bill to tax gasoline processing. It was offered by Rep. Jerry Sadler as an alternate tax plan, challenging the administration's proposed two-cent hike in gasoline sales taxes.

In other House committee action last night, a bill was approved to require licensing of new and used car dealers, but a controversial

requirement to show a factory franchise to get a new-car dealer license was struck out.

Also given House committee approval was a bill to make two-year Arlington State College a four-year institution.

Texas cross-filing law, passed in

1951, was first used by the Republicans in 1952 to name all state and many local Democratic nominees as GOP nominees also. The Republicans again last year used the law in a few local instances.

In last summer's campaigns, party-line Democrats loudly denounced top state officials who two years before had permitted their names to be cross-filed. Agriculture Commissioner John C. White had been the only candidate who had declined the 1952 GOP nod.

Maverick told the committee last night cross-filing is "a means of corrupting party responsibility and party integrity."

Only opponent to speak against the measure was Rep. Joe Pool, Dallas, whose name was cross-filed in both the 1952 and 1954 general elections.

Wrecker Frees Cows From Mud

CHANUTE, Kan. (U)—Jake Almond, operator of an auto salvage firm, got an unusual call: farmer Elmer Shaw asked him to send a wrecker to free three cows stuck in the mud. Almond obliged. Hitched to the wrecker's crane, the cows were lifted and carried to solid ground.

Police Take A New Start In Murder Probe

HOUSTON (U)—Police, who said they were "starting over from the beginning," studied puzzling clues today as they pushed a continued probe of the murder of Mrs. Lucille Quarles.

The Rev. Jess Bolin, part-time preacher and sometime used car dealer, was back at his Dallas home after his release following three voluntary lie-detector tests in connection with the killing.

Mrs. Quarles was found Wednesday morning in her bathroom, beaten to death. Police believe the 50-year-old widow of a Baptist minister was pistol-whipped to death. They found a part of a pistol handle and a .38 caliber cartridge in the house.

Homicide Capt. Frank Murray indicated last night that a wisp of reddish hair and an unsigned will were among the main clues police had.

Murray revealed that a document purported to be Mrs. Quarles' will carried no signature but he would not disclose last night what disposition it made of the Quarles estate estimated at \$35,000. The will does carry one signature, Murray said, that of Mrs. C. T. Lucas, a neighbor, who signed the document as a witness.

Mrs. Lucas says, however, that she did not read the will.

The bit of reddish hair, the police captain said, was found on the wooden facing of the bathroom doorway at the Quarles home. Detectives said they were not sure whether it was imbedded there during a scuffle or was stuck there while the paint was wet.

Bolin, who first indicated to reporters he would stay in Houston until the murder investigation was completed, predicted an arrest in the case in the 48 hours.

Bolin also said he believed information on the slaying was being withheld "because people are afraid of publicity." He said he believed people in the neighborhood "have not told all they know."

The Dallas evangelist has admitted receiving \$14,000 in loans from Mrs. Quarles, but said all but a few thousand had been repaid. He was named a beneficiary in a \$5,000 insurance policy and also was named executor of the estate which Mrs. Quarles estimated at \$35,000.

Boy, 11, Proves Expert In Taking His Papa's Auto

AUSTIN, Tex. (U)—"Oh, no, not my boy!" exclaimed Pedro Tamayo when state highway patrolmen telephoned that his son had been intercepted at Hunter, Tex., in the father's automobile.

Hunter is 50 miles on a back road to San Antonio. "My boy is only 11 and not old enough to drive," Papa Pedro explained to the police. "Why, he could barely see over the dashboard."

Whereupon Papa Pedro hung up. The police called right back. "We do have your boy," they insisted. "Look around and see if you can find him at home."

Papa Pedro found the boy and his car—both gone.

The boy, Robert, wanted to attend a play at St. Mary's University in San Antonio, where a brother is in school, but his parents had decided the weather was too cold for the trip, Papa Pedro said later.

Robert couldn't back the automobile out of the family garage so he pushed it out, he told officers.

Then he loaded into the car a shotgun and shells for protection against perils of the road, two apples, a loaf of bread and a jug of water.

At Hunter, Highway Patrolman Don Breslin wasn't sure, he said, that the car, stopped in a radar trap, had a driver.

But officers said Robert came to a smooth stop, turned off the ignition and set the emergency brake with the aplomb of a veteran when they signaled a stop.

Robert said he had never driven

before but had known how a long time.

"I just watch my father," he told officers before his father arrived to take him and the car back home.

And Papa Pedro admitted he was still perplexed.

"What do I do now?" he asked a reporter last night.

Congress Pay Boost Coming, Says Kefauver

WASHINGTON (U)—Sen. Kefauver (D-Tenn.) said today he believes a two-day delay in the Senate vote on a congressional pay raise bill will not harm its chances of passage at all.

Kefauver, floor manager for the measure, said in an interview he thinks the \$7,500 pay boost—a 50 per cent raise—will pass the Senate by a good margin.

Sen. Morse (D-Ore.) thwarted hopes of Senate leaders to push the bill yesterday afternoon. Morse said the Senate should give the country time to make known its views on the politically touchy issue.

The House last week voted a \$10,000 increase in the present \$15,000 congressional pay. Neither it nor the Senate version would change the \$3,000 income tax exemption allowed all members of Congress. Both bills also carry boosts ranging from \$7,500 to \$10,000 for all federal judges.

When Morse objected to voting yesterday, leaders agreed to put the bill over until tomorrow. A debate limitation then should bring a final decision that day.

Parking Area Replaces Trees

COLUMBUS, Ohio (U)—Something over 200 years ago—tradition has it—George Washington got into a bit of a jam by cutting down a cherry tree. Today, apparently, 33 Ohio senators are going to authorize the destruction of dozens of trees in the State Capitol yard without a murmur.

The State Senate votes today—Washington's Birthday—on a bill to create a commission with power to build a huge parking garage under Capitol Square, around the edges of the 16-acre plot in downtown Columbus in which is located the Ohio Statehouse.

A Senate survey last night failed to turn up a single objector to the bill which will result in a "strip-mine" operation on the Statehouse yard for the construction of a 1,200-car underground garage.

The bill's sponsor Sen. Robert R. Shaw (R-Franklin) said the trees now in the Statehouse yard could be saved and replanted—"if anybody wants them."

But, he added, "the soil isn't very good and the trees aren't in too good a shape. The plan is to replace all of them."

All through committee hearings on the bill designed to relieve the parking congestion in downtown Columbus, there has been no voice raised to question the need for the underground garage.

Britain Joins In Coal-Steel Treaty

LONDON (U)—The House of Commons approved last night a treaty making Britain an associate of the European Coal and Steel Community.

Under the pact, approved without a recorded vote, Britain will consult with the organization on production and distribution of coal and steel. The community is commonly called the Schuman Plan.

Speaking for Prime Minister Churchill's government, Housing Minister Duncan Sandys told Commons Britain is not committed under the treaty to "reduce our steel tariff or otherwise change our commercial policy."

The six full members of the community have abolished trade barriers for coal and steel products. They are France, West Germany, Italy, Belgium, Holland, and Luxembourg.

No 'Splinters' In Congress Today

WASHINGTON (U)—The switch of Sen. Morse of Oregon from independent to Democrat has left Congress without a splinter representation for the first time since 1911.

Democrats and Republicans fill all Congress seats for the first time in 44 years.

Frazier Reams, of Toledo, Ohio, who served two House terms as an independent, was defeated for reelection last November. His place was taken in January by a Democrat.

Fire Truck Stolen

NUTLEY, N.J. (U)—Somebody stole a bright red firetruck Sunday from outside fireman Albert Place's home. The truck, with Nutley Fire Department painted in large letters on the hood, was found parked in New York City yesterday near the Lincoln Tunnel entrance.

Just Can't Miss The Parade, Judge

NEWARK, N.J. (U)—Thomas Dowd, 53, complained to Magistrate Anthony Guiliano that a 60-day sentence for drunkenness would force him to miss the St. Patrick's Day parade. The judge promptly reduced the sentence to 25 days.

Price Falls In Love With Dancing Girl

TOKYO (U)—The newspaper Yomiuri today said Prince Tetapan of Thailand had fallen in love with one of Japan's "Atomic" dancing girls and proposed marriage.

The paper reported the 20-year-old son of Prince Panupan Yugara saw Miss Tokuko Sasame, 19, during the recent two-month Southeast Asia tour of the dancing group.

The prince promised not to take additional wives if she would accept his proposal, Yomiuri said. He asked for a reply by March 15.

The "Atomic Girls" are Japan's version of the Rockettes of New York's Rockefeller Center Music Hall.

Robert Cummingses Have Fourth Child

SANTA MONICA, Calif. (U)—A 6-pound, 10-ounce daughter was born last night to Mrs. Mary Cummings, wife of actor Robert Cummings, at Santa Monica Hospital. She's the couple's fourth child.
