ISSUE No. 3

## Lively Session For Commissioners Court

The Motley County Commissioners Court met Jan. 12 at 10 a.m. with County Judge Bill J. Whitaker presiding. Present were commissioners Bill D. Washington, John M. Russell, Joseph E. Simpson and Fraiser Watson with County Clerk, Lucretia Campbell taking minutes.

Bill Washington offered the invocation.

The minutes were read and approved for December.

Vann Francis met with Commissioners Court to discuss a bill that he had sent for a 20 ft. horn for a culvert placed at an entrance to a road on his place at Whiteflat. Russell made a motion to pay for the culvert horn out of the lateral road fund in as much as Francis had allowed the county to use his welder at no cost.

Doyle Shannon met with Commissioners Court on behalf of his parents, Mr. and Mrs. Bly Shannon of Flomot regarding the placement of a fence by E.G. Reed across the road leading to the Shannon's house. According to County Attorney, Howard Traweck, a road that has been in place over ten years is there by statute of limitations regardless of whether survey lines are in agreement or not. Traweck agreed to check into the legal status of the road.

Bill Jameson asked commissioners to set a date for an election in Precinct 3 to allow the sale of liquor for off-premise consumption. Russell made a motion to set the election date for February 7, 1987 and seconded by Simpson which was in agreement with Jameson. The commissioners court agreed to use the same 5 election judges. Jameson made the statement that there would be poll watcher on hand. County Clerk Campbell found that according to Sec. 251.35 of the Election Code in subsection absentee (a) states that "Election judges, clerks and watchers may be appointed in accordance with general law but they must be qualified voters of the election precinct where they serve."

Commissioners court has set the absentee voting for the election to sell liquor for off-premise consumption to begin Jan. 19, 1987, Monday and

continue until Feb. 3, 1987 at the absentee polling place at the County clerk's office. Absentee voting is at the County Clerk's office in every county in the state of Texas.

Precinct 3 polling place will be held at the Courthouse and the Northfield Cemetery Building in Northfield.

Marisue Potts, Motley Co. Library Board president, met with commissioners to report that the library has secured a building for a permanent home. She also notified the commissioners that the library will receive \$18,700 from the Meadows Foundation, a private philanthropic foundation. The building that has been secured is the old Commercial Grocery Building through the efforts of Geneva Wilson and Earlyne Jameson.

There are now 30 volunteer workers who are currently filling in due to the lack of a Green Thumb worker. Mrs. Potts also noted that two volunteers will be taking the place of the librarian during her forth-coming maternity leave.

Bills for the last month were read: General -- \$5009.50, Precinct 1 -- \$2367, Precinct 2 -- \$2281, Precinct 3 -- \$1266, Precinct 4 -- \$461.

A person made an inquiry to the commissioners to see if they would be willing to put Lot No. 6 of Block 120 which the county owns on public auction. Simpson made the motion to comply with this request which Russell seconded with the stipulation of a \$50 minimum bid.

Bills and reports were approved. The commissioners held a lengthy discussion on building bridges.

The Commissioners passed an order stating that the County and precinct officers are on a salary basis rather than a fee basis.

Commissioner Russell stated that he will no longer serve on the Tax Appraisal Board after his term has ended. The commissioners voted Joseph Simpson as the courts representative on the Tax Appraisal Board.

Discussion of salaries was resolved by the commissioners to leave salaries at the same rate as in 1986.

it gets you out around people you don't visit in your own path each week. It is bad to see parents get so mad at referees and coaches and their children, it seems it is so easy to see what should be done when you aren't actually involved.

There is a saying on a sign that was made for baseball, so I'll remind us of it again, (These players, coaches and referees are only amateur, so please keep your professional opinions to yourself.)

## Cowboy Hall of Fame Holds Key to Preserving Past and Boosting Future

by Michelle Bearden

The Texas Cowboy Hall of Fame will get off to a start Thursday January 15 at 6:30 p.m. at the Motley County Courthouse.

Matador has, historically, been a center point of big ranch country with its fledgling start sponsored by the Matador Ranch in the 1890's. In an effort to capitalize on a colorful heritage, the establishment of the Texas Cowboy Hall of Fame in Matador is a natural complement to this area's vivid past.

In working with Robert Thomas of Plainview in his interest of a Texas Cowboy Hall of Fame, County Judge Billy Joe Whitaker has set the stage for meeting one of the County's needs to propagate commerce here by an attraction which hopefully will bring visitors to the area.

The Texas Cowboy Hall of Fame is an idea whose time has come. In this time when the preservation of a unique era, that has held the fascination of millions of people all over the world, may also be the stepping stone to curtailing some of the county's economic woes. Even a modest tide of visitors would boost most of the business here and could conceivably add some new ones.

Business owners in Matador and Roaring Springs could well anticipate that the Cowboy Hall of Fame would be a positive force for them. The "trickle-down" effect of added business will ultimately benefit the county at large.

## Emergency Loans Available from FmHA

Emergency loans for farmers, ranchers, or aquaculture operations are available through county offices of the Farmers Home Administration (FmHA) Larry J. Clements, FmHA County Supervisor, said today.

Clements asked that those who need farm credit as a result of drought, hail, high winds, excessive rain, flooding, early frost and freezing weather make their needs known at the Farmers Home Administration office at 401 N. Burlington Spur, Texas.

Applications for assistance in the disaster stricken counties will be accepted by Farmers Home until August 31, 1987 for physical and production losses.

FmHA loans covering actual physical and production losses may be used to replace installations, equipment or buildings (including homes) lost through this disaster. Funds may be used to buy feed, seed, fertilizer, livestock or to meet interest and depreciation payments on current real estate and chattel debts.

"Funds can be used for essential operating and living costs," Clements said.

Applicants that certify that other credit is not available may receive loans covering actual losses at an interest rate of 4.5 percent and are scheduled for repayment as rapidly as feasible consistent with the applicant's ability to pay.

To be eligible for an emergency loan, an applicant must have suffered losses from the disaster.

### QUESTIONS AND ANSWERS

1. After a county is eligible, who can get a loan?

An established farm operator who is a citizen of the United States, is of good character; can

## 49th Annual Mother-Daughter Banquet

Tickets are \$3.50 each and may be purchased at the school from Mrs. Shirley Patrick or from Mrs. Gay Lynn Holt or at the door tonight.

GFWC Eternas Study Club hopes that everyone will attend and enjoy the annual banquet.

## Emergency Farm Loan Applications Being Accepted

Applications for emergency farm loans for losses caused by drought, hail, high winds, excessive rain, flooding, early frost and freezing weather are being accepted at the Farmers Home Administration (FmHA) office located in Spur, Texas, FmHA County Supervisor Larry J. Clements said today.

Motley County is one of 10 in Texas recently named by Secretary of Agriculture Richard E. Lyng as eligible for loans to cover part of actual production losses resulting from the adverse weather.

Clements said farmers may be eligible for loans of up to 80 percent of their actual losses or the operating loan needed to continue in business or \$500,000, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest rate is 4.5 percent.

"As a general rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an FmHA emergency loan," Clements said. Farmers

participating in the PIK or Federal Crops Insurance programs will have to figure in proceeds from those programs in determining their loss.

"Applications for loans under this emergency designation will be accepted until August 31, 1987, but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possibly over into the new farming season," Clements said.

FmHA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FmHA office in Spur is open from 8:00 to 4:30 Monday through Friday.

## Hospital Board Meets

The Motley County Hospital Board met January 9, at Billie Dean's. Those attending were President Larry Hoyle, Darrell Cruse, J.M. (Buzz) Thacker, Caldwell Smith.

The bills were read and voted to pay for \$3,125.49. The current bank balance was reported at \$32,055.11.

A report from Hoyle about the prospects of using Stanley Hospital for the Clinic in the future may entail more than they expected. Dr. Pat and Gerry Jones, Nurse Practitioner looked at the building and said one of the things needed is lavatories in each room as well as other changes. The Board decided to look into the matter further with carpenters and decide which would be the best choice to

make.

The board would have to have a called meeting to write up the new rules for the indigent care program.

Hoyle reported no information had been sent in yet on the Air Ambulance from St. Mary's. Editor Jameson reported she had gotten a letter informing her to correct the statement in the paper that the air ambulance service would be from St. Mary's and not Lubbock General and former Matador residents were involved in it, James Price for St. Mary's and Donna Williams

Nelson for Bell Helicopter. They reported the ambulance had been busy in the last couple of weeks and the clinic had seen 41 patients in one day.

## Notice of Election

Motley County Commissioners has ordered the election in Precinct 3 for the sale of alcohol for off-premise consumption to be held February 7, 1987 at the Precinct 3 polling places: Motley County Courthouse and the Northfield Cemetery Building.

Absentee voting is to begin January 19, 1987 and continue until February 3, 1987 at the absentee polling place in the County Clerk's office.

## Announcements

### ANNOUNCEMENT 4-H MEETING CANCELED

The Roaring Springs 4-H Meeting that was scheduled for Wednesday, Jan. 14, was canceled due to semester tests. The meeting will be held Wednesday, January 21, 1987 at 7:30 p.m. in the Roaring Springs Senior Citizens Building.

### ANNOUNCEMENT CHEESE DISTRIBUTION

Caprock Community Action will distribute commodities at the Senior Citizens Building in Matador, Thursday, January 29, 2:30 p.m. - 5:00 p.m. New applications will not be accepted after 4:30 p.m. Please bring your yellow commodity card.

## Barbara's Bylines

I know most of you have been parents of football and/or basketball players and seems when it starts it is perpetual for at least 6 years.

It is definitely a change of pace for me as this is the first time since I was in school that there is traveling every week to and from the games our children play in. It is good in a lot of ways,

"If all printers were determined not to print anything 'till they were sure it would offend nobody, there would be very little printed." — Benjamin Franklin

# Motley Co. Tribune

The Motley County Tribune, purchased on February 1, 1986 is the successor to the Matador Tribune and is published weekly each Thursday at Matador, Motley County, Texas. The office is located on Highway 70 East 1/2 block east of Main Street. Telephone number 806-347-2400. Entered at the Post Office at Matador, Texas, as second class mail.

## Jo Ann's Jots & Jingles

I have a lot of pet peeves but I believe my most "Pet Peeve" is magazines in the doctors' offices.

I had occasion recently to take my aunt who lives in San Antonio to the same dentist three days in a row. Believe me, after all those hours of waiting I was well-read...or was I?

I am in my sixties so what use is PARENT magazine? I'm not a hunter or fisherman, so FIELD AND STREAM did not appeal to my fancy. I love the Dallas Cowboys but to sit and read FOOTBALL DIGEST was not my idea of "passing" time.

VOGUE and GLAMOUR had elegant December issues. But there wasn't a thing a 150 pound, short Senior Citizen could wear. CAR AND DRIVER had interesting pictures of old cars but those pictures can't hold your interest too long. After all, at my age, I had actually owned some of them or at least ridden in them.

BETTER HOMES AND GARDENS told how to remodel your house. But after remodeling three houses in a lifetime, I soon lost interest. The recipes were

elegant sounding - but not for those of us who fight the "battle of the bulge".

To the owner of a Polaroid or a Disc camera MODERN PHOTOGRAPHY was beyond my comprehension. "How to make more exciting shots by adding unusual elements to your picture compositions" didn't interest me. I just aim and click and hope for the best!

There were magazines on HEALTH and CHANGE YOUR SMILE. But you can only look at so many "before and after smiles". Shades of Jimmy Carter!!

DISCOVER told about what's wrong with airplane seats and the symptoms of bizarre diseases. While US gave all the dirt on T.V. and movie stars I'd never heard of.

Guess NEWSWEEK was my favorite magazine but at the time I was reading it the Iran and Contra scandal from the White House was its main topic. So much Reagan-Regan-North can soon get boring!!

So what do I want in the doctors' waiting rooms? Actually all I really want is less time in the waiting rooms - nor more magazines!

## "Son Beams"

We are urged by all legal consultants to make certain that we have a will, for our own protection, as well as for our heirs. We hire an attorney to finalize it, then we place it in security until it is needed. Our minds are at rest because we have acted within the law and at any given time we can present this legal document to defend our ownership rights and privileges.

Our Father God is the originator of wills. He became our procurator when He left us His will, the Holy Bible, to reveal to us our legal inheritance and appointed Jesus as our advocate. Since His word is secured by Jesus' blood it cannot be broken by any court of law. It is rather lengthy and must be studied under the guidance of, and interpreted by His Spirit in order to obtain the underlying revelation knowledge of our inheritance. Those outside the family of God may read it but they are not beneficiaries until they accept kinship through His son, Jesus. "Now we have received, not the spirit of the world, but the spirit who is from God that we might know the things freely given to us by God." (1 Cor. 2:12).

By June Keltz

Too numerous to count, too wonderful to imagine, these possessions are called "God's Promises." They are scattered all through His last will and testament like beautiful pearls in a vast ocean. When we discover one, our heart leaps with joy and we draw it close to our bosom knowing that it is legally ours to have, to hold, and to share with others. Only unbelief and doubt can cause it to slip away. These two culprits present themselves in many forms and may come in the disguise of well meaning friends or even our favorite T.V. preacher. Some who do not understand the "name it, claim it and it is yours" concept are critical and may cause us to let go of our inheritance. But isn't that concept better than "Find it, decline it and it will never be yours"? Much of our double minded theology comes from having tried His promises and when we don't see immediate results, we decide they are not for us.

His will must always be probed by faith, not by sight. It is the "substance of things hoped for, the evidence of things not seen." (Heb. 11:1) This is the Christian's way of life.

Home Economically Speaking  
 By Carolyn Halsell

**LESS EXPENSIVE DOESN'T MEAN LESS NUTRITIOUS**

Spending more money on food doesn't necessarily mean you're getting more nutrition. Consider the following examples:

- \* Enriched specialty breads, such as French and Italian, cost up to three times more than enriched white bread with similar nutritional value.
- \* Parboiled (converted) rice and regular rice have the same nutritional value, but the converted rice costs twice as much.
- \* Fresh, frozen and canned fruits and vegetables have essentially the same nutritional value. Fresh produce in season is usually cheaper.
- \* Nonfat dry milk, skim milk, lowfat milk and whole milk have the same amount of calcium,

riboflavin and protein. Nonfat milk is the least expensive. If there are sales among different types of fluid milk, you would get the same nutrition by buying the least expensive as the most expensive. But do remember that for children under 2, whole milk is recommended.

- \* Lean meat from a lower cost cut is similar in food value to lean meat from a higher cost cut. For example, cooked lean from a pot roast or round steak, trimmed of fat, is as nutritious as porterhouse steak, trimmed of fat.

If you are on a tight budget for food, you don't need to feel like you're shortchanging your family nutritionally. Most of the added cost for food products pays for packaging and convenience.

If you stick to basic food products, you can save money. And if you buy a variety of foods from the basic food groups of meat, poultry and fish; breads and cereals; fruits and vegetables; and dairy product, you can be assured you're getting sound nutrition for your money.

## Social Security Tips

by Terry J. Clements

Most people think of Social Security as something for the future. For some 37 million people receiving social security benefits, the future is now. For others, social security provides current protection against the loss of income because of disability and for one's family if the worker should die. This is why we say that Social Security touches everybody in one way or another.

Since this is the time of year when it's customary to make promises about changing future behavior in one's best interest, I am going to make some suggestions to change the way you view your Social Security and insure that you get the most out of the program.

The new year resolutions you should consider are as follows:

- \* Check your Social Security number at work. To protect your social security earnings record, you should compare the name and number on your social security card with the name and number on your pay stubs, or the Form W-2 you receive in January. If the name and number are not exactly the same, you should notify your employer.
- \* Check on your earnings record once every 3 years. A free form can be obtained from any Social Security office for this purpose. The lifetime earnings record is the basis on which benefits are paid. Generally, the higher the average annual earnings, the higher the benefits.
- \* Learn what you need to know about Social Security. Do you know what benefits social

security pays besides retirement, how old you have to be to become eligible for disability or survivors benefits, how your benefits will compare with your prior earnings, how other pensions will affect your social security benefits? All of these facts are important if you are to use social security protection in your financial security planning for a growing family or for retirement. Call your nearest social security office and ask for the booklet, your Social Security, which provides a general explanation on how the program works.

- \* Know the five times you should contact Social Security. In general, there are five instances you should get in touch with your social security office. These include: when someone in the household (1) retires, (2) becomes disabled, (3) dies, (4) needs a social security number, or (5) has a question about social security.
- \* Start retirement planning NOW. Most experts agree that, with people generally living longer and staying in better health, the earlier you start planning for retirement, the better. Social Security benefits are designed to be a base for retirement, not your total retirement income. You need to start building on that base now, through private insurance, savings and investment, and similar means.
- There are probably other actions you need to take, but they will probably occur to you if you make and act on these five resolutions.

## Remember When

by Annie B. Cloyd

Hello Neighbors, it's me again here in Flomot, thinking about all the "old remedies" that Billie Voris had in her letter. Thought I would put a few of them down for you to think about and maybe they will make you remember when your folks used them. I know mine used some of them and they worked.

Billie Voris said her mother used the sugar and turpentine-one spoon full in the morning and one at night. Said she raised her kids and used it the same way and it worked every time. Always add coal-oil too.

Another remedy for high fever was, beat four egg whites real stiff and spread all over the feet with more on the bottom of the feet. Put the feet upon a pillow and cover to keep warm, I guess. A plastic bag could be used now, to put the feet in. She said that within three hours the fever will break. Said this worked when nothing else would.

Billie said that this works every time for a bad sore throat or Strep-throat, go to the drug store and get some Gentian Violet, the two per cent (2%) kind. She said it cost about 35¢ for a one ounce bottle. All you do is mop the throat about twice, morning and

night and it does the work. Said that they mopped newborn babies throats to keep them from getting Thrush.

I looked up the meaning of Gentian Violet and it is a dye derived from rosaniline, used as a chemical indicator, as a fungicide and bactericide, and in treatment of burns. It's also called Crystal Violet, methylrosaniline chloride. Anyway she said they used it and it worked.

Billie tells another story about when she was bitten by a Black Widow spider. Said she was sweeping out a shed when a spider bit her high up on the inside of her leg. Now at the time she was expecting a baby just any day and was very upset and scared when she found out what kind of spider it was. Her husband rushed her to the Hospital. Her Doctor called his nurse and sent her out to a store for a piece of "salt pork" and taped it right on the place where she had been bitten. He kept her in the Hospital and within two hours she gave birth to a healthy baby boy, and the salt pork was still taped on her leg. She said she couldn't believe a doctor that graduated 2nd from the top of his class would still use the "salt pork" remedy but it did the work and drew the poison out. This happened in 1952.

Will stop and visit with you next time and "Remember When".

## Library Notes

Thanks to our volunteers in the library last week and this week who gave up their afternoon or evening to keep the library open; Dorothy Lefevre, Bill and June Moss, Francis Finch, Greer Willis and Loys Campbell.

We welcome five new FRIENDS OF THE LIBRARY; Mr. and Mrs. Greer Willis, Mr. and Mrs. Jeff Thacker, Mr. and Mrs. Horace James; Mr. and Mrs. Frank Potts and Mr. and Mrs. Spencer Dixon. Membership to the Friends is Annually (yearly) starting this month, January to January, so don't forget your dues! Membership dues range from \$2.00 to \$100.00.

The library wishes to thank Aileen Russell Mantooh and Bill Mantooh for their donation to our Library Building Fund.

We appreciate the magazine donations from Keith Patton and Glen Woodruff.

I would like to thank Earlyne Jameson for taking the time to

type up the memorials given to the library and the books purchased with these donations.

New Books in the library:

Adult:

**ROLLIE BURNS OR AN ACCOUNT OF THE RANCHING INDUSTRY ON THE SOUTH PLAINS** by W.C. Holden.

**ENCYCLOPEDIA OF WESTERN GUNFIGHTERS** by Bill O'Neal.

**CHOICES, CHANGES** by Joni Eareckson Tada.

**PRISCILL AND AQUILLA** a novel by Lois T. Henderson.

Juvenile Books:

**LITTLE TOWN ON THE PRAIRIE** by Laura Ingalls Wilder.

**THE LONG WINTER** by Laura Ingalls Wilder.

REMEMINDER: The library has income tax forms and instructions.

## Cities Show Decrease of City Sales

Bob Bullock, State comptroller has issued the city sales and tax for the period ending 1-02-87. The city of Matador's net payment for period was \$608.87 compared to \$740.24 which is -17.5% change.

The city of Roaring Springs has had a net payment of \$757.12 this quarter compared to \$842.34 this time last year, showing a -10.12%.

## Texas Employment Commission Reports

Texas Employment Commission statistics for Motley County show a civilian labor force of 835 as of October 1986 with employment at 807. There are 28 unemployed, giving the county an unemployment rate of 3.4.

He who has begun a good work in you will perfect it in the day of Christ Jesus--have a blessed day in Him.

Mrs. Creighton William Cook, Jr. (nee Kathy Ve Moore)

## Moore-Cook Exchange Wedding Vows

Vows of marriage were pledged Saturday afternoon at 3 o'clock by Miss Kathy Ve Moore and Lieutenant Creighton William Cook Jr., United States Air Force. The ceremony was performed in the First United Methodist Church in Hale Center with the pastor, Rev. Craig Curry, officiating.

The bride is the daughter of Mr. and Mrs. John Haden Moore of Matador, formerly of Hale Center. Parents of the groom are Capt. Creighton William Cook, Sr., United States Navy, Retired, and Mrs. Cook of Northridge, California.

Miss Ida May Powers of Plainview, organist, provided selected classical and sacred music before the ceremony.

The altar area was centered with a large candle tree flanked on either side by spiral candelabra and a pair of seven-light candelabra. The center aisle of the church featured hurricane-globe pew markers. All of these appointments were accented with white tapers, white bows, and emerald greenery.

Presented for marriage by her father, the bride wore a formal white gown of chiffon and satin featuring a Queen Anne neckline and a lace, fitted bodice accented with Venice lace motifs, pearls, and iridescent sequins. The sheer, bishop sleeves had deep cuffs of Chantilly lace. Her chapel-length veil of silk illusion fell from a Victorian caplet covered in lace and accented with pearls. She carried a traditional colonial bouquet of white sweetheart roses, snowflake and button pompons, stephanotis and gypsophila.

The bride's sister, Mrs. Robin Cochran of Hale Center, was matron-of-honor. Maid-of-honor

was Miss Susan Scott of Alamogordo, New Mexico. Both attendants wore peacock blue taffeta, tea-length dresses with fitted bodices ending in a point over the flared skirt. They featured sweetheart necklines and full, elbow-length sleeves. Their bouquets were colonial nosegays of pink sweetheart roses, white snowflake and button pompons, and stephanotis.

Neices of the bride, the Misses Amy and Beth Cochran of Hale Center, were bridesmaids. Their floor-length gowns of peacock-blue taffeta had scoop necklines and elbow-length sleeves trimmed with self-fabric ruffles. In their hair they wore halos of tiny silk flowers tied with peacock-blue ribbon, and they carried nosegays similar to those of the honor attendants.

Neices of the groom, the Misses Kristen and Megan Pihoda of Lompoc, California, were flower girls. They wore dresses and hair ornaments like those of the bridesmaids and carried white lace baskets tied with ribbon streamers.

The groom's father served his son as best man, and groomsman was Mr. Tad Russkoff of Northridge, California. Ushers were Mr. Mark Pihoda of Lompoc, Cal., brother-in-law of the groom, and Mr. Robin Cochran of Hale Center, brother-in-law of the bride.

Mrs. Guyle Roberson of Lubbock registered guests.

The reception was held in the Fellowship Hall of the church where Mes. Wayne Hill, Gene Tyr and Tommie Rogers of Hale Center and Miss Edith Ann Caviness of Lillington, North Carolina, assisted with hostess duties. Serving at the bride's table were Miss Tanya Tyr of Lubbock and Mrs. Matt Lotspeich

of Dallas; serving at the groom's table were Mrs. Rick Turner of Duke, OK, and Mrs. Mark Pihoda, sister of the groom, of Lompoc, Cal.

The bride's table, which was covered with a white, damask cloth, was centered by an arrangement of white gladiolus, spider mums, and snowflake and button pompons in a silver Revere bowl flanked by white tapers in silver candlesticks. Punch was served from a silver bowl, and the tiered cake was topped by a tiny china bride's slipper which held a miniature flower arrangement. The slipper had previously topped the wedding cakes of the bride's sister and her parents.

The groom's table, also covered by a white damask cloth, was centered by white pillar candles on mesquite candlestands and a toy wooden bi-plane bearing a miniature couple and inscribed with the names and wedding date of the bride and groom. A chocolate cake decorated with a spray of chocolate roses was served from one end of the table while coffee was served from a pewter coffee service at the other end.

Small tables covered with white cloths were placed about the Hall for guests. Each table was centered by a hurricane globe with white pillar candle and sprigs where Mrs. Roberson registered guests and the piano where Miss Powers provided music for the reception.

Special out-of-town guests were the bride's grandmother, Mrs. Joe Caviness and her aunt, Miss Edith Ann Caviness of Lillington, North Carolina, and Miss Jill Watz of Northridge, Cal.

After a wedding trip to the Inn of the Mountain Gods in Ruidosa, N.M., the couple will be living in Vacaville, Cal., while Lt. Cook is stationed at Travis Air Force Base.

The bride is a graduate of Hale Center High School and Texas Tech University. The groom is a graduate of Granada Hills High School in Granada Hills, Cal. and the United States Air Force Academy.

On Saturday morning the bride and her attendants were entertained at a bridal brunch at the Plainview Country Club. Her grandmother, Mrs. Joe Caviness, and her aunt, Miss Edith Ann Caviness were co-hostesses.

On Friday night, members of the wedding party and families of the bride and groom were guests at a rehearsal dinner given by the groom's parents at the Plainview Club.

Other pre-nuptial parties included a miscellaneous shower in the home of Mrs. Bob Brown in Hale Center, a miscellaneous shower in the home of Mrs. Gale Stafford in Matador, and a lingerie shower in the home of Mrs. Guyle Roberson in Lubbock.

On Saturday evening, after the wedding, families of the bride and groom and special out-of-town guests were entertained at an informal supper in the hme of Mr. and Mrs. Robin Cochran.

## Senior Citizens Report

by Iris Blevins

The mini-bus went to Lubbock Monday with six people riding. We had a nice day for shopping and everyone enjoyed the day.

Our building was opened Friday at 2:00 p.m. for games of 84, 42 and dominoes. We had 3 tables of games, and others just visiting. More interest is being shown each time we meet. We hope others will come and enjoy the fellowship we are enjoying everytime we meet.

Don't forget, our luncheon days are the second and fourth Tuesdays, with game playing in the afternoon.

Our building is open every Friday evening, for visiting, playing games and if you want to, bring your needle work and have fun with us. We would love having you.

## Letter To The Editor

Barbara,

We enjoy this paper SO MUCH... what Patsy began you are embellishing upon...it is delightful...I have always wished for historical articles such as the ones by Duff Green...and Annie Cloyd...I enjoyed Una Simpsons writings, too...and love all the good news by communities...I admire you for honoring Lila...for the efforts you make to unify the county and encouraging the people to trade at home...Michelle is an excellent writer.

One thing I would love so much is MORE historical issues. I think MANY of us would be willing to pay extra for them...I love the old ads...the old pictures...just everything about Motley County...I'm sure many of us who once owned businesses in the County would be willing to sponsor old timey ads and/or write articles 4 issues a year would not be too many for me...it might be a wonderful way to make those who no longer live there HAPPY...give recognition, increase your revenue with little effort and expense...we all like recycled news when it's about ourselves and our families.

Anyway, thanks for the superb reading...and may God Bless you as you continue to use your business to bless others.

Palma Smiley

## Deanna Durham Receives Bachelor of Science Degree

Deanna Jean Durham daughter of Mr. and Mrs. Bill Durham of Matador, received her BS in Physical Education with a specialization in Biology on December 20, 1986, in Wisdom Gymnasium at TSU in Stephenville. Deanna graduated with Cum Laude Honors, Alpha Chi-Top 10% of class, Who's Who Among American

Colleges and Universities, Student Senate 2 years, Order of Omega-Greek Honor Society, Phi Eta Sigma, Freshman Honor Society, T-Service Award, Peer Advisor, Alpha Gamma Delta-National Sorority.

Deanna returned to Stephenville High School to teach PE and Biology for the Spring term.

## Lloyd Bentsen Asks For American Unity

The Book of Joshua tells of the people of Gibeon who, recognizing they could not compete with the approaching Israelites, were satisfied to win for themselves a place as hewers of wood and drawers of water.

The fate of Gibeon is not my vision of America's future. But our nation's power and prosperity are threatened by serious problems.

We have a national budget deficit of some \$210 billion.

In 1986, we imported roughly \$160 billion more from other countries than they bought from us, while countries like Japan and Germany had trade surpluses exceeding \$100 billion.

In six years, we have lost two million jobs to trade problems. Half of those were skilled, full-time, high-paying jobs in manufacturing. Ninety percent of the new jobs created since 1980 were in retail, trade or services--low-paying, and often unskilled or part-time jobs.

Three times in 1986 we were net importers of food. We have the most productive, efficient farmers in the world, yet they have trouble exporting because of the barriers and subsidies established by our trading partners.

In four years, we've gone from being the number one creditor nation in the world to the world's largest debtor--owing more than Mexico and Brazil combined.

If those trends continue much longer, America workers may well end up like the people of that Biblical village. We must pull together to find solutions.

There are no quick fixes, but it's obvious that a tough, comprehensive trade policy is part of the answer. Trade is at the top of my agenda as chairman of the Senate Finance Committee.

Whenever anyone suggests the present world trade system is unfair or ineffective, dark mutterings begin about protectionism and the Smoot-Hawley tariff.

I am not a protectionist. I am a pragmatist who believes in changing the international trading system to create an environment where world trade can grow, benefiting all nations.

America still has the leverage as the world's most attractive marketplace--to press for tough, long-overdue changes in the way world trade is conducted. We can make our trading partners see that the benefits of world trade carry with their responsibilities.

If the Europeans and Japanese, for example, would buy goods from the Less Developed Countries at the same per capita rate we do, world trade would expand by \$250 billion a year.

Our own trade laws must be modified to reflect the unequal assistance given to foreign exporters by their governments. It's simply not fair to ask even the most effective, efficient, enlightened American farmer or corporation to compete against the treasuries of foreign governments.

We have the right to demand that nations who export to America grant us equal access to their markets; to insist that each nation do its fair share to increase trade; and to demand a rollback in protectionist, non-tariff barriers.

But we must also look in the mirror for answers. It's time to make some fundamental policy changes. We must reduce our \$210 billion budget deficit. We must increase productivity, provide incentives for investments, and match our education system and management talent to the challenges of the future.

I believe we can work together--Democrats and Republicans--to map out an economic revival policy for America, for we do not want our children's children to serve other nations as hewers of wood and drawers of water.

## GFWC Christmas Party

GFWC Eternas Study Club met December 18, 1986 for their annual Christmas party with their husbands as their special guests. The group met in the fellowship hall of the First United Methodist Church. The hostesses, Mrs. Wilda Dixon, Mrs. Noilene Bowden and Mrs. Bobbie Brown, had decorated the room with a Christmas theme and all the ladies each brought a covered dish or international dish.

The Lord reigns; Let the earth rejoice, and let the earth be glad  
The Lord reigns; Let the earth rejoice, and let the multitude of isles be glad! Psalm 97: 1

Following the meal there was a gift exchange and visiting.

Those attending were Mr. and Mrs. Spencer Dixon, Mr. and Mrs. Donnie Jackson, Rev. and Mrs. Kevin Creed, special guest, Rev. Royce Scott, Mr. and Mrs. Jim Cooper, Mr. and Mrs. Michael Patrick, Mr. and Mrs. Joel Holt, Mr. and Mrs. Billy Donaldson, Mrs. Reneigh Burns, Mrs. Noilene Bowden and Mrs. Lesa Bethard.

## Texas Tumbleweeds To Sell Chances On Ring

"The Texas Tumbleweeds" gymnastic group are now selling chances for a ladies ring to be given away on February 14th. The ring is valued at \$400.00 and proceeds from this project will be used to purchase equipment.

The parents of this group met on Monday, January 5 at the Flomot gym to make plans for selling the chances on the ring

and to discuss future projects for the group.

Tonda Hollenback, instructor, announced plans to hold a gymnastics meet in March. Students of the same training level from other classes will be invited. Further announcements about this event will be published at a later date.

The next parent's meeting will be held on February 2 at 6:30 p.m. in the Flomot Gym.

### ATTEND FUNERAL

Joe Edd Helms accompanied his mother, Mrs. Bill Helms to Farmington, N.M., Monday, Jan. 12 to attend the funeral services of his uncle and her brother in law, Marvin Bales. They attended the graveside services held in Albuquerque, N.M., Tuesday morning before returning home.

### BAPTIST S.S. LUNCHEON

The Mary Martha and Men's Sunday School classes of the Flomot Baptist Church had a covered dish luncheon, Sunday, Jan. 11 in the home of Mr. and Mrs. Wayne Hunter.

Those attending the enjoyable Christian fellowship besides Mr. and Mrs. Hunter were the Rev. and Mrs. Byron Hardgrove, Mr. and Mrs. L.E. Shorter, Mr. and Mrs. Clayton Bond, Art Green and his guest, Mrs. Kathryn Martin of Whiteflat.

\*\*\*\*\*

Mrs. George (Lessie) Pope returned home, Monday, Jan. 5 from Stephenville where she visited the Christmas and New Year holidays with her daughter and family, Mr. and Mrs. George (Evelyn) Barron.

Mrs. Jack Starkey received emergency medical treatment at Lockney General Hospital, Monday, Jan. 5 following an injury to her eye when chopping wood.

Leldon Bynam of Lubbock, former Flomot resident, was transferred from Highland Hospital in Lubbock to the Veterans' Hospital in Amarillo. He is listed in stable but serious condition.

Mr. and Mrs. John Jones visited in Floydada, Sunday with daughter and family, Mr. and Mrs. Bob Hambright, Alissa and Jim Bob.

Mr. and Mrs. Joe Edd Helms visited in Amarillo, Saturday with daughter and granddaughter, Mrs. Hoss Hamilton and Katie. They returned home with Mr. and Mrs. Helms and visited until Tuesday.

Mrs. Stanley Degan of Kalgary visited during the week with her family, Mr. and Mrs. Howard Rogers and brother, Donnie. Mrs. Rogers is ill and receiving medical treatment in Lockney.

Mary Ellen Barton and Viola Stinson visited in Floydada, Wednesday with Mrs. Mollie Burleson.

Mr. and Mrs. Wayne Hunter met his parents, Mr. and Mrs. H.G. Hunter of Quitaque in Lockney, Wednesday, where Mrs. H.G. Hunter received medical treatment for a broken arm following an accident in her home.

Mr. and Mrs. Neal Moon of Fritch visited Friday and Saturday with his sister and family, Mr. and Mrs. Jack Starkey and Mr. and Mrs. Marvin Starkey.

## Whiteflat News

by Earlyne Jameson

David Dixon of Lubbock visited overnight Tuesday with his grandmother, Mrs. Janice Dixon. He continued to Flomot, Wednesday to visit his maternal grandparents, Mr. and Mrs. Leon Elliott.

Kourtney Dunham of Amarillo visited from Tuesday until Sunday with her grandparents, Mr. and Mrs. Alfred Cooper. Her parents, Mr. and Mrs. Ken (Kay) Dunham were on the sick list last week.

Mr. and Mrs. Jack Spray were

in Plainview, Monday for Mr. Spray a medical check up. They visited Mrs. Gladys Russell and Mr. and Mrs. Bill Briscoe before returning home.

Mr. and Mrs. H.R. "Skeet" Jameson visited in Graham, Sunday with son and family, Mr. and Mrs. Lance Jameson. They accompanied home their grandson, Nathaniel, who visited her the past two weeks.

Mr. and Mrs. Davis Harvey visited in Shamrock, Sunday with his aunt, Mrs. Pat Bradley.

## Matador News

### Delayed:

Mrs. W.S. (Maggie) Winstead passed away December 12 in Seymour, Texas. She was 85 years old. Mrs. Winstead lived in the Whiteflat area several years and leaves many friends there.

Mr. Bill Winstead preceded her in death several years ago. She is survived by one son, Richard Winstead of Seymour, one daughter Laura May Winstead also one foster daughter, Jackie Conner of Graham, Texas; four grandchildren, 5 great grandchildren; three sisters, Lillie March of Dallas, Alice Elmore and Gladys Spray of Kermit; also several nieces and nephews.

Funeral services were held in Seymour and burial was in Gilland, Texas.

### Delayed:

PFC Wallace Bethard was home for two weeks during the Christmas holidays. He entered the U.S. Army on the 18th of November, and will finish his basic training in January. The graduation will be on February 5th. He will then await his orders to go to his permanent duty station, as a Military Policeman.

### IN HOSPITAL

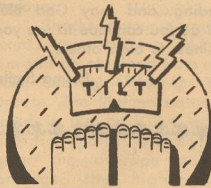

Lotus T. Winn IV, former Roaring Springs resident was injured in a gin accident in Loreto. He is recuperating in St. Mary's Hospital in Lubbock.

John L. Barnhill is receiving medical treatment at Methodist Hospital in Lubbock.

## Oklahoma Power Station

OKLAHOMA POWER STATION---West Texas Utilities Co.'s new coal-fired power plant now in operation near Vernon.

ABILENE--With its new Oklahoma Power Station in commercial operation, West Texas Utilities Co. is again capable of generating all the power its customers will need during the peak usage period of hot summertime.

The peak demand for electricity exceeded the capacity of WTU's installed generating stations several summers ago and additional power had to be purchased from neighboring utility companies.

"This means that we literally have grown into this new power plant," explained Walter Meller, WTU's manager of system production.

"Often, when a new plant is brought on line it creates an immediate huge surplus of generating capacity. In our case, completion of Oklahoma was timed to coincide with our needs."

The coal-burning Oklahoma unit eight mile southeast of

Vernon has a net rated capacity of 665 megawatts, which is more than half the 1,070 megawatt capacity of all of WTU's gas-fired plants. WTU owns 54.69 percent, or 370 megawatts, of the new plant, which is the first jointly-owned unit in the Central and South West System. Other owners are Public Service Co. of Oklahoma and Central Power and Light Co., both members of CSW; the Oklahoma Municipal Power Authority and the City of Brownsville.

The new plant was officially declared commercial December 24. The power is under control of a central dispatcher in Abilene, who economically loads the various generating units in the WTU system.

As Plant Manager Chuck Adami of Vernon explains it, "When the load increases, the unit that can make the next kilowatt the cheapest is the one that is brought on line."

Adami's staff includes 126 employees, who work in shifts to

keep the plant running 24 hours a day. Most of the staff has been on the site for several months involved in training and start-up operations.

Construction at Oklahoma was begun in May 1982, and almost all the news regarding the plant since then has been good. The best news is that it was completed on time and under original cost estimates.

The plant will provide over 25 percent of WTU's operating capacity and will end the Company's almost total reliance on natural gas as boiler fuel. The low-sulphur coal comes by rail from Wyoming. Each delivery averages from 100-115 cars, with each car holding 100 tons of coal. About 300 tons will be burned an hour when the plant is in full operation.

The plant is one of the most modern in existence. Equipment includes the most up-to-date pollution control facilities and complies with all air quality control requirements.

## FATE (SNOWSTORM) Part II

What easily might have been a repetition of the tenderfoot caught in the blizzard took place some six or eight years later over the same route and under identical conditions. Only this time the rider was Shorty Joe Reynolds, an acclimated, weather-wise tough old cowpuncher that came to Texas in 1884 from Tennessee.

Shorty landed on the reversed R2 Ranch along the line between Hardiman and Wilbarger counties on Wanders Creek, where he served his apprenticeship as a Texas cowboy, then drifted west to the OX Ranch and worked there before the Denver Railroad had reached and built Childress Town.

Next in line was the Mill Iron or Continental Land and Cattle Company, then to the Matador Ranch and from there he became a perennial trail man, going North with herds every year and working for anyone that had cattle to trail and needed a hand. I think Shorty's last trip North was for the 7D Outfit. He, however, always came back and as a rule wintered at Pecan Springs on the head of Duck Creek, with Bob Forbis.

It was as he came back into the country from making this last drive into Montana that he was caught in the blizzard as the tenderfoot was caught. The main and essential difference was that Shorty knew the country almost as well as any Indian had ever known it. Otherwise, any two men are about on a par with each other in a West Texas snow storm.

Darkness overtook Shorty near the Caprock and after entering the breaks country, Shorty reined his horse in the direction of the Spur headquarters, though he was forced to take the gale and snowfall at a right angle and that made it decidedly tough on both the man and the horse.

It became dark, the roads had long ceased to exist to guide the way-farer, yet Shorty plowed on

through the bitter cold and snow. Ultimately, a creek was reached that he felt confident ran near the ranch house. However, he found a large timber drift in the shelter of the creek's bank, so got down and tied his horse in a protected place, set the logs on fire and told the gale to rage and be damned, so far as he cared. Next morning around daylight he heard the roosters crow at the ranch house about a mile away. It was still blowing and snowing, but Shorty crawled on his horse and reported to the ranch for a piping hot breakfast, no worse for the wear and tear of his nights experience. He felt utterly confident when he parked on the creek that he knew where he was and that the ranch was near at hand. Still he didn't care to take any extra chances, not when he could be comfortable where he was, out of the winds sweep and plenty of fuel at hand.

Both men got through, one in fine shape, while the other's condition seemed both despicable and damnable.

Shorty Joe Reynolds did forsake trail work, but largely because cattle ceased to be trailed out of Texas, so he settled down and worked for the Spur outfit so long as he cared to ride after cattle. We laid him away in 1938, around the age of eighty years.

In cattle parlance, "a good lookout" is a close observer and in that line, Shorty Reynolds may have had a peer, but certainly no superiors. It is recalled on one of Shorty's trail drives somewhere in Wyoming and while on herd with another hand, they fell out and Shorty whittled him up pretty badly with his pocket knife. Shorty quit the outfit, forked his private horse and rode on North into the Little Missouri and Bell Fourche river region, where he worked a year a two for the VVV outfit, before returning to Texas to resume his trail drives. His opponent in the unfortunate trail affair recovered, or else Shorty might never have returned to his old bed grounds.

## New Probation Officer Named

David Cave, 110th Judicial District Judge, announces that he has appointed Nathan A. Mulder as Chief Adult Probation Officer for the 110th Judicial District.

Mr. Mulder has been an Adult Probation Officer for the 110th Judicial District since May, 1985. The staff of the Adult Probation Department consists of three other officers. Fay McArthur, Adult Probation Officer, has an office at 407 Burlington in Spur, telephone number 271-4144.

She has been working in Adult Probation for the 110th Judicial District since November, 1978.

James D. Williams, Intensive Supervision Adult Probation Officer, has been an officer since May, 1984. Winona L. Jackson, Deputy Adult Probation Office, has worked for the Department since June, 1984. Mr. Mulder, Mr. Williams, and Ms. Jackson have offices on the 2nd floor at the Floyd County Courthouse in Floydada, telephone number 983-2947.

## Fire Department Elects New Officers

The Matador Volunteer Fire Department elected new officers recently. They are:

President, Alan Bingham; Vice-President, Craig Turner; Secretary, James Gillespie; Assistant Secretary, Don Baxter; Reporter, Joel Holt; Taittwister, Douglas Campbell; Assistant

Taittwister, Mike Johannes; Fire Chief, Rodney Williams; 1st. Assistant, Dude Speed; 2nd. Assistant, James Gillespie; Training Officer, Dude Speed;

Fire Marshall, Don Warren; Assistant Fire Marshall, Dude Speed.

## Veterans Administration News

Q-I am a Vietnam veteran, and I am concerned about the possibility that I may have been exposed to Agent Orange. What does the VA offer in the way of examination and health care.

A--Since 1978, the VA has operated the Agent Orange Registry Program for Vietnam veterans who are concerned about the possible health effects of Agent Orange. Veterans who

participate in this program will receive a comprehensive physical examination and be asked to complete a questionnaire about their service in Vietnam. Following the examination, the veteran will be advised of the results which are entered into the Agent Orange Registry. The examination could help to detect any illness or injury the veteran may have, regardless of origin, and may provide a basis for follow-up. Vietnam veterans are encouraged to request an Agent Orange examination at their nearest VA health-care facility.

## Multi-Family Housing Financing Available

The South Plains Housing Finance Corporation is planning a bond issue intended to provide funds for refinancing and/or rehabilitation of multi-family housing. New construction may also be financed with these funds. It is expected that the initial cost of funds to the borrower will be approximately 8%. The interest rate will be variable, based on the 90 day T bill rate.

It is felt that this financing will be advantageous to both the borrowers and to their lending institutions. Applications have been received so far for approximately \$50 million.

These bond funds are available for any multi-family housing project in the 15 counties served by SPAG. Multi-family projects are defined, with a few exceptions, as having 5 or more units under one roof.

Any interested party may contact Mr. Tim Pierce at the SPAG office to obtain additional information or to obtain pre-application forms. Please notify

\*\*\*\*\*

any person in your area whom you think may have an interest in utilizing this source of financing. We are attempting to set the size of the bond issue to meet current needs for financing and we expect that available funds will be used within a short period of time. It is expected that funds will be made available early in February.

# Jo Bingham intersperses humor, efficiency at land bank office

[Reprinted from The Floyd County Hesperian]

Did Jo V Bingham intend to remain 36 years when she joined Floydada National Loan Association as asst. secretary-treasurer on Nov. 30, 1950?

"Not really," responds the jovial Mrs. Bingham. "At that age you don't think much about that. I needed a job and I loved to work. One year and then another passed..."

Two (associational) name changes and six bosses later, Jo V Bingham is about to retire as office manager of the Caprock-Plains Federal Land Bank Association's branch office in Floydada.

"By the time I get retired," her tenure with the association will have spanned "36 years and two months." Her official retirement date is Feb. 1, although Mrs. Bingham's "last working day" will be Friday, Jan. 30.

### RECEPTION PLANNED

Tommy R. Ogden, vice president of the land bank association, is planning a Jan. 23 reception for his associate. The fete is planned from 9 until 11 a.m. at the CPFLBA office, 105 South Wall.

"I told my husband that he better come, because he might be the only one there," the future retiree says with a grin. Despite her modesty, a host of friends undoubtedly will be present for the reception.

Jo Bingham has met a multitude of people during her 36 year plus years with the land bank. Due to the nature of the organization, most of the acquaintances have been men.

"I love to meet people — that's one thing I love about this job," says the outgoing individual whose face is normally covered by a smile.

Admitting that when she attends a reception or organizational meeting she knows more men than women due to her land bank associations, Mrs. Bingham tells about attending a function and talking with a woman from the north part of Floyd County.

### 'I KNOW YOUR HUSBAND'

"I know your husband," Mrs. Bingham told the woman. This statement drew a "strong look" and Jo quickly explained that she had met the woman's husband at the land bank office.

"I've got to be more careful about what I say," Mrs. B. vowed to herself.

When she initially started meeting land bank customers in 1950, the association was located in the present South Plains Health Provider home, north of First Baptist

Church in Floydada. The Floydada National Loan Association name of 1936 was changed to Federal Land Bank Association of Floydada and now is Caprock-Plains Federal Land Bank Association, and the organization has a new home on South Wall.

Jake Watson, longtime secretary-treasurer, president of the local land bank, was Mrs. Bingham's initial boss. Then came Jackie Eubanks, Ted Jordan, Donald Crawford and Ogden, who is actually one of Mrs. B.'s two supervisors at present. Mike Howell of Plainview is chief executive officer or president of the association since the two organizations were consolidated.

After joining the association as asst. secretary-treasurer, Mrs. Bingham's title was later changed to office assistant and she now is office manager.

### CHANGING WORLD

The land bank's procedures, like virtually every other business, have been affected by "a changing world."

"I've seen the forms go from single to multiple pages — legal size," the retiree says, another smile flowing across her face. "It's just more and more paper work."

"I've picked up enough" to operate the small computer utilized by the Floydada office, she says. "The main computer" is located in the Plainview office.

A single office until 1957, the organization was expanded by the consolidation with another consisting of Briscoe, Motley and one precinct (including Turkey) of Hall County. The latest consolidation involved Hale County.

### NO RETIREMENT PLANS

Mrs. Bingham has no definite retirement plans, other than "The first thing I'll do is just rest." Next step will be cleaning house, "You don't know how dirty my house is," she jests.

On a more serious vein, she says that after "the shock of retirement" wears off, "I might start taking art lessons again."

Travel is out, however. "I don't like to travel. That sure wouldn't be my first choice for retirement." Her husband's employment (salesman for Lubbock Sash & Door) takes him on the road.

Mrs. Bingham, who resides with husband Allen at 710 West Missouri, along with "a lady from Littlefield" will be honored by fellow workers with a Jan. 21 retirement luncheon in Amarillo.

In addition to the possibilities of future art lessons, what are Mrs.

Bingham's activities? "Not many at my age...I just sit in front of the TV." A lack of time and some health difficulties have forced her to curtail her activities in recent years. Waning vision prohibits a great deal of reading.

But, "with more time," Mrs. B. says, "I probably will get more active."

She is a "co-teacher," along with Frieda Simpson, of an Adult Three ladies Sunday School class at First Baptist Church. She also is an Eastern Star member, although admittedly not being active.

Mrs. B. is active, however, with her family. She and her husband are parents of a daughter, Sharon Kinard of Lockney, who is employed in the office at Lockney General Hospital. The couple also has three grandchildren — Sherre Kinard, a student at Wayland Baptist University in Plainview; Terri Frazier of Lubbock; and Eddie Kinard, who is stationed in Mississippi with the U.S. Air Force. There also are two great-grandchildren: Jeremy and Caleb Frazier of Lubbock.

### FLOYDADA NATIVE

Floydada will always be "home" to the former Jo V Goins. She was born here, although her family moved when she was about two, and she attended school in Hart, Muleshoe and Dimmitt. Several years after their marriage, Allen and Jo Bingham "moved back here in 1947" from Utah. The family made its home in Floydada "about a year" before moving to Quitaque and coming back here the following year.

The years have passed quickly, and now Jo V Bingham is on the threshold of retirement. As she reflects on her career, Mrs. Bingham is quick to point out that "Right now, the farm situation is about the worst we've had."

Asked if the age of land bank clientele has grown older through the years, Mrs. B. answers in the negative.

"I think we're making most of our loans to middle age farmers, those in the late 30s, 40s and 50s. They're not real young or much older, although a few are younger and some are older."

"I'm surprised that there are still young people wanting to farm," she adds.

Will she miss her work?

"I surely will. I love this work; even with some problems, I love it. I've worked with a good system...they've been good to me."

Springs First United Methodist Church.

Survivors include three sons, James A. of Lubbock, and Dumont and W.J., both of Afton; two daughters, Nellie Mills of Lubbock, and Tommie Graham of Crosbyton; a brother, Bill Baker of Bakersfield, Ca.; two sisters, Lucille Thomas of San Bernardino, Ca., and Winnie of Los Angeles, Ca.; 13 grandchildren; and 17 great-grandchildren. Grandsons were pallbearers.

Graveside services were at 3 p.m. Friday in Quana Cemetery with the same officiant. Burial was under direction of Adams Funeral Home of Crosbyton.

She died at 11:50 a.m. Wednesday in Crosbyton Hospital after a lengthy illness.

She was born in Belton and lived in Roaring Springs before moving to Crosbyton from Lubbock in 1982. She married Clayton Bridge on Sept. 3, 1911, in Quana. He died in 1968. She was a member of Roaring

## County Agent's Corner

by Ray Minkley

### BEEF COMMERCIALS

Have you seen any of the new Beef "Real Food for Real People" TV Commercials? They started last Monday night on all three major networks. Each commercial features James Garner or Cybill Shepherd.

The ads will run in prime time January through March and on selected weekend sports and late night programs. You can see them again this Saturday night on the CBS Outlaws and NBC Hunter shows and Sunday on CBS 60 Minutes news program.

These ads are paid for partly by the one dollar per head check off beef producers now pay each time they sell cattle.

### FARM PROGRAM DECISION AIDS

Helpful Farm Program participation information is now available in the County Extension office, to help you with 1987 USDA Farm Program decisions. Three papers developed by Extension Economists dealing with the Farm Programs are on hand for you to pickup or call and we'll send them to you. There are separate papers for Cotton, Feed grains, and wheat and one general over all paper. Call or come by the County Extension agents office if we can help you with these.

### VEGETABLE CONFERENCE

The High Plains Vegetable Growers Council and the Extension Service are sponsoring a Vegetable conference in Hereford, Texas, January 20, 1987 starting at 8:30 a.m. Dr. Roland Roberts vegetable specialist from Lubbock is the program coordinator. Marketing options and outlooks will be discussed in the morning session. Onion and potato concurrent sessions will be held in the afternoon. There will also be a program for the ladies all day headed by Beverly Harder Deaf Smith County Extension Agent for Home Economics. Commercial exhibits will include the latest in varieties, pest control, and handling equipment.

If you are thinking of diversifying into vegetables, this will be an excellent conference to attend.

And all your (spiritual) children shall be disciples—taught of the Lord (and obedient to His will); and great shall be the peace and undisturbed composure of your children.

Isaiah 54:13

## PATTON SPRINGS NEWS

### Ranger Basketball

The boys played five games over the holidays and finished 3-2 and won the Consolation trophy at Jayton. Our first game was Hedley at Patton and Patton won 57-50. Leading the way was Jerren Slaton with 24 followed by James Lewis 10, Kevin Scarbrough 9, Jason Slaton 8, Chris Tilley 4, and Russell Braly 2.

We next played in the Jayton Tourney losing to Crosbyton 31-58. Jerren Slaton had 16, James Lewis 6, Jason Slaton 6, Kevin Scarbrough 2, Russell Braly 1. We never got into the game and played poorly. Next was Paducah JV and we won 32-29. Again we played poor as we missed 13 layups and 12 free shots. James Lewis had 14, Jerren Slaton 6, Jason Slaton 6, Russell Braly 5, and David Niblock 1. In the Consolation final we beat Rule 41-39 and

played a smart game to beat a tough team. Jerren Slaton had 16, James Lewis 11, Kevin Scarbrough 6, Jason Slaton and Russell Braly with 4 each.

We next traveled to Lubbock Christian and were completely overwhelmed by a hot and good team. Lubbock Christian won 24-74. Jerren Slaton had 6, James Lewis, Jason Slaton, David Niblock 5 each, Kevin Scarbrough 2. It was our fourth game in five days and we just weren't ready. LCHS hit it's first 6 shots and we never came close. The boys knew we played bad, but you have games like that. We have to pick up the pieces and start again. Our record is 15-5 and we play at Hermliegh and Silvertown before District play begins at Motley County so we have time and hope we'll be ready.

### Lady Ranger Basketball

The Patton Springs Girls are improving every ballgame. They are trying to be at their best for the district race. They played a strong Hedley club on Dec. 30 (who went to bi-district last year). Then we played 2A Hale Center who was the 2A state champions a couple of years ago and finally Abernathy JV. Abernathy were the 2A state champions last year. Their JV club had 3 juniors and 2 sophomores on the team which made them older than the Lady Rangers. The Lady Rangers played their best ballgame of the year against the Abernathy JV losing by a score of 46-41. The Lady Rangers are improving in all phases of the game and gain confidence knowing they can do the job. Kim Cline has developed into a tremendous floor leader for us and is averaging in the double figures in scoring and is our leading assist person. Mary

Baeza is our leading scorer and draws the opponents best person to guard. Kay Osborne, Sharon Fulmer and Pam Perryman are the leading rebounders and guard the post players. Sandra Fulmer is our steady floor player that gets the fastest break or the steal to spark our team at the righttime. Dana Mullins has really improved and gives the starters much needed rest. In our last game Dana had 6 points hitting 4 for 4 from the foul line.

The team has the ability to put it all together and win district. Every team in district will know they have been through a game when they play us. If we play like we did at Abernathy Tournament, then the girls will be going to bi-district. Come out and support the Lady Rangers. You will see good basketball from a team that is giving 110% everytime.

### Patton Springs JH Boys Lose Two In Silvertown Tournament

The Patton Springs Jr. High Boys were defeated twice in the Silvertown Jr. High Tournament last Saturday. In the first game the Rangers lost to Silvertown by a score of 22-6. The Rangers had an extremely poor shooting game. The boys took good shots but nothing seemed to go in. Silvertown had the same problem in the first half. The score was 2-0 at the end of the 1st quarter and 6-1 at the half in favor of Silvertown. Charles Fulmer had 3 points, Brian Scarbrough 2, and Jimmy Niblock 1.

In the second game, Patton Springs lost a heartbreaking, 25-24, to Motley County on a last second shot. The score was tied at 6 at the end of one quarter and 16-10 at halftime in favor of Motley. The Rangers came back to cut the lead to 21-20 at the end of 3 periods. The Rangers had a 24-23 lead with less than 6 seconds to play when a bad pass resulted in a layup for Motley County. Charles Fulmer led Patton Springs with 12 points, followed by Jimmy Niblock with 8 and Daniel Quilmacco and Brian Scarbrough with 2 points each.

### Patton Springs Jr. High Girls

The Jr. High girls won 3rd in the Silvertown Tourney this past Saturday. We lost to Silvertown 12-31 as again we were out sized and out numbered by the big Silvertown team. Leading scorer was Stephanie Mayfield with 5, Deann Gosch with 4, Dana Monroe with 1. The girls played hard and we just missed some layups and they didn't. Our second game was with Motley County 7th and we won 25-22 as the girls finally hit their

shots and played great defense. Stephanie Mayfield had 15, Rhonda Smith 6, Dana Monroe 2, Tammy Cooper 2. Also contributing were De Ann Gosch, Kalico Karr and Josie Lopez.

These girls have improved and are playing as hard as possible. We are young and inexperienced but are learning and trying to improve. We are real proud of these girls and the effort they put out each game.

## Obituary

### Minnie Bridge

Services for Minnie Bridge, 92, of Crosbyton were held at 10 a.m. Friday in Roaring Springs with the Rev. Edna Dillard, pastor of Assembly of God Church in Roaring Springs, officiating.

She was assisted by the Rev. Royce Scott, pastor of First United Methodist Church of Roaring Springs.
