Barbara's Bylines

Sure was nice to have a nice cool break in our summer time heat last weekend, we just need more rain.

I went to the 4-H Rodeo to take pictures of the Queen's Contest Winners, and thoroughly enjoyed seeing the younger generation competing against each other and sometimes against their own horses, that didn't want to cooperate. There was one little girl (the youngest I'm sure) who rode out in the barrel race and it appeared this ride might take ten minutes, the horse was being very careful and going so slow. He reached the first barrel and really didn't want to go around it, all this time his little rider was waving at the crowd and enjoying herself. Out of the gate came daddy walking up the fence about 30 feet from the horse and daughter, so now the horse decided it was time to do what he was sent to do, as they finished the ride and rode the straight way, the crowd clapped and cheered.

I'm sure this was not her first ride nor likely to be her last.

It was very enjoyable to see families enjoying a sport together.

Lion's Roar

A large group of Lions met for a delicious meal of chicken-fried steak and trimmings, Tuesday August 5 in the First United Methodist Church Fellowship Hall.

First Vice President, Lion Ray Minkley presided over the business meeting. He gave a report on the Executive Board meeting. They voted not to have the mop and broom sale, and to send the West Texas Boys Ranch a money gift.

Lion Minkley announced that the Lions Calendars are in and need to be delivered and sold.

Lion Sonny Russell gave a warning and an announcement to all Lions about taking part in the baseball game Thursday, August 7, (tonight).

Lion Charley Johnson escorted Lion Jack Van Eaton to the podium, so Lion Frank Price could present him with the past president's award.

Lion Charley Johnson also presented Lion Forrest Campbell with an award for his perfect reporting award for the past year as secretary; this award was given by the 2T-2 Lions. Lion Campbell has been the Matador Lions Club Secretary for the past 14 years, his job was turned over to Lion Hayden Moore, who is expected to do as good as Lion Campbell has.

The program was introduced by Lion Ray Minkley. Tricia Palmer and Rusty Willmon presented their State winning 4-H demonstration on Sugar -- "Trick or Treat". These Senior 4-H'ers did a fine job representing Motley County, these are the first state winners in a number of years.

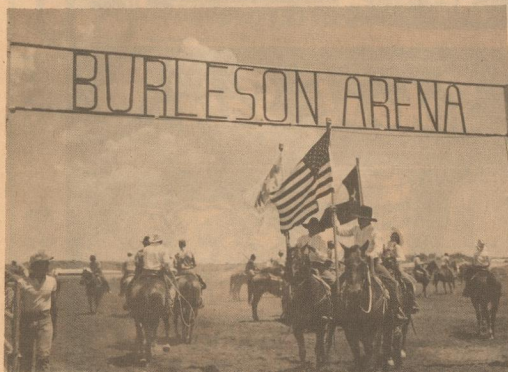

Bits. Campbell's Spurs went to AB Winners Wayne Stephens of Silverton and Cliff Tippett of Paducah.

Also winning Campbell Bits were top ranking horses, Gay Bar Kings Kathy, owned by Bill Egert of Lubbock and ridden by Alvin Martin of Matador in the Ranch Cutting; and Miss Holly Trip, owned and ridden by Randy Rollins of Hollis, Oklahoma, in the Open Cutting.

Posting an exceptional time of 1:11 in Sunday's team penning was the Charles Shur trio. Repeating last year's win in Pasture Roping and taking home the Moore Brothers spurs were Jr. Crump of Hedley and Andy Wheatly of Clarendon.

Out of town ropers from Kress, Wellington, Clarendon, Hollis, Lubbock, Ropesville, Levelland, Clovis, El Paso, Hereford, Amarillo, Paducah, Abertathy, Snyder, Utopia, Guthrie, Roaring Springs, Silverton, Plainview, Smithville, and other area towns participated.

Sweltering Heat Accompanies Burleson Memorial Roping

Grand Entry Flag Bearers at Burleson Roping.

Despite temperatures reaching beyond 100, the three day Burleson Memorial Roping at Flomot drew a crowd of over 850 dedicated fans on July 25-27. The heat did not deter either the contestants or their hardy mounts from capturing prizes worth over \$3,000.

While spectators scurried for the sparse shade, the following area artists displayed their talent in an Art Show at the Headquarters Barn: Jo Goen, coordinator, June Keltz, Terry Keltz, Jack Robertson, Robert Pyle, Christeen Gilbert, Tony Shipley, Otho Stubbs, Effie

Sherman, and Joe Taylor.

Under the airy hay barn, Morris Burkes and Dickie Garrison coolly pitched their way to the Washer Pitch championship over 19 other teams.

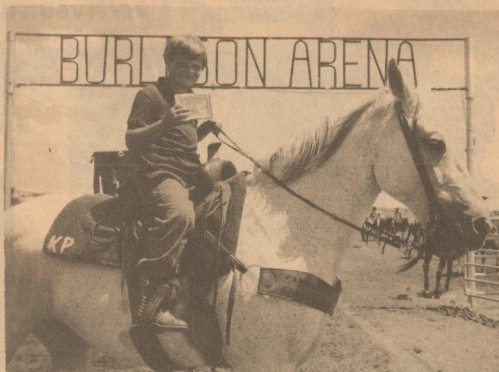

Sunday afternoon's drawing for the horse and filly colts produced thrills for fifteen year old Keith Brenson of Hedley and Clint Stone of Clovis. Following the drawing, two sets of Spur Leathers, made and donated by Wayland Moore of Matador, were auctioned off for \$350. Those proceeds, the ticket chances on the colts, and the admission fees go to the Ranch management Scholarship Fund at Clarendon College in memory of Dusty Burleson.

S.C. Burleson expressed thanks to the many volunteers who contributed in anyway or worked under the stressful conditions of the heat to help make the benefit roping a success for the scholarship fund and for the ropers.

Summer is in its climax. Our gardens are needing more attention and water. Before long we will probably plow them under. Some of us will be thinking on our Fall gardens. I read the following, called THE GARDEN OF YOUR BUSINESS and I thought it is something that we can consider:

First, plant four rows of peas: Presence, promptness, preparation and perseverance.

Next to these plant three rows of squash; Squash gossip, squash indifference, squash criticism.

Then plant five rows of lettuce: Let us obey rules and regulations. Let us be true to our obligations. Let us be faithful to duty. Let us be loyal and unselfish. Let us love one another.

No garden is complete without turnips: Turn up with a smile. Turn up for meetings. Turn up with new ideas and Turn up with determination to make everything count for something good and worthwhile.

"Son Beams"

By June Keltz

All mankind, all nature, all Heaven and earth were affected by one man's sin and by one man's death and resurrection. Today we will focus on the death of God's only Son. Matthew records a series of events that took place when Jesus yielded up His spirit.

1. The veil in the temple was torn in two from top to bottom.
2. The earth shook.
3. The rocks split.
4. Tombs were opened and many who were dead were raised and entered the holy city.

These same four events are a witness to us in this generation that God's love has reached us 2000 years later. We were not left out simply because we were not an eye witness as some were. The veil is still split even though the Jews tried to sew it back together. The tear signifies that all born again believers can go boldly before the throne of God without having to go through another. We can enter the Holy of Holies. (His presence) by our bed, in the car, or in the midst of a crowd.

As awesome as earthquakes

are, they remind us that Jesus died and took our sins, sorrows, griefs, sicknesses and pains in His own body. (Isa. 53:4-6)

After hearing Boyce Evan's sermon on the "Great White Stone," I've searched in vain trying to find a single rock that doesn't have a crack. Even the moon rocks brought back by the astronauts were split just as Matthew said.

Number 4 gives us more than a little trouble with our educated, sophisticated minds. We Americans tend to limit God to our own understanding until it is difficult for Him to show us His power. But not so in Korea and Indonesia where child-like faith allows Him to re-enact the events of long ago where some are raised from the dead who are already in a state of decay, as was Lazarus.

All the earth is filled with His glory, but we must seek it, accept it and hang on to it with all our might and not allow our doubting, finite minds to deter His desire to show Himself strong in our behalf. "Let Go and Let God."

With the school year approaching rapidly, you may be considering catalog shopping to get the items you need.

Catalog sales are booming in popularity with a 10 percent per year increase over the past decade. Three-fourths of all U.S. households shop catalogs, and buy more apparel than any other product category.

There are advantages and disadvantages to catalog shopping. First, I will go over the good things and they include:

- * Fashion by mail is convenient. There are no parking problems, long distances to travel, and companies have toll-free numbers that you can call if you have questions.

- * Specific products or hard-to-find sizes are targeted right to you.
- * Returns are often made with no questions asked.
- * More information is available - usually a picture, price, fiber content, color, and care of the garment.

Some disadvantages include:

- * It is impossible to determine fit since you can't try on the item.
- * It's also difficult to determine the fabric weight or texture and its overall quality.
- * Consider the added shipping cost. Most companies charge according to the weight or dollar value of the merchandise.
- * Time can also be a drawback.
- * Make sure you know what the return policy is before you order.
- * Weigh all these possibilities before you order and consider driving expense from a small town to a larger one. It may just be cheaper to order by mail.

NO SCRAMBLE PLAY
 Due to the terrific heat (100 plus degrees for 8 consecutive days - July 26 - Aug. 1) the scramble play was called off for Tuesday. However, it was reported, a bunch of golfers played (30 or more).

PLAY DAY
 Thursday play was for most pars on odd holes. LaVoe won the ball. Others playing: Loys, Geneva, Leona, Dorothy D. Olivia, Louise, Polly, Lucretia, Margaret and Hazel.
 Players ate lunch at the Pizza Box.
 Interesting note - in their foursome, for first 9 holes, Loys

and Dorothy; Leona and Geneva were tied. Then in last round (Dorothy D. dropped out), the others - Loys, Leona and Geneva were tied (80) score.

HOLE IN ONE
 Rickey Lawrence has played golf 3 times this summer and on his third time, June 21, he was on the No. 3 tee box and hit his ball down the fairway (175 yards) and as they (Richard Piper, Mark Wason, Thomas Tilson, Billy Osborn and Chad Lawrence) watched the ball hit the green and slowly rolled out of sight into the cup for a 'hole-in-one.' Son Chad said "Daddy, that was a lucky shot." Congratulations, Rickey!

Remember When
by Annie B. Cloyd

Hi Neighbors, it's Annie B. here in Flomot, still thinking about what our Community used to be like back in the 1920's and the 1930's.

After my article last week I found out there was the Hudson Merchantile Store that I left out--so we know it was here in the 20's also. If anyone thinks of another store or business that I have left out, just let me know and we'll get it on the list.

Was just told about Mr. W.W. Hunt having a Motel and Service Station and Grocery here in the 20's. Said the place was built with a car shed between each room and was handy to get groceries and fill the car up too. There was a hotel run by Uncle Gene and Aunt Jane Martin and their Bellhop was a Mr. Cooper.

Back before Mr. Graves had the Blacksmith Shop here, it was run by a Mr. Armstrong and then a Mr. Cooper--I believe the same Cooper that was the Bellhop at the Hotel.

I was in the Flomot Gin office

visiting with the O.J. Lees and Ikie Gilbert about these 1920 businesses when Joe Degan came in and we had a good discussion about a lot of things that happened way back then. One thing was about a Methodist Revival going on back then that would last until sometimes 2 o'clock in the morning. Now wasn't that something? How long do they last this day in time? The Preacher had to preach loud enough to keep folks awake. I expect they worked at getting out and seeing people harder then too, than we do now. Just think about how folks got around then--horseback or wagons or buggies walking or maybe later a car. Do you think we could do all that now--after the easy life that we all have?

Back in the 1930's some of the businesses had closed or changed hands and new ones came in along with the new Church of Christ and we will get together again soon and talk about these old times and try to "Remember When."

Remember, write HCR2, Box 2, Flomot, Texas 79234. Phone 806-469-5353.

The Western Cotton Production conference in Lubbock August 12, 13 and 14 will run the gamut of subjects germane to the future of cotton production and marketing. The conference begins at 9:30 a.m. on Tuesday, August 12 at the Holiday Inn Civic Center and concludes August 14 with a tour of the American Cotton Growers denim plant at Littlefield.

According to Myrl D. Mitchell of Lenora, General Chairman of the conference and President of Plains Cotton Growers, Inc., Lubbock, everything from financing to end-use markets will be covered by qualified speakers from across the Cotton Belt.

The conference will open with introductions, remarks by Mitchell and a "Welcome to the High Plains" address by Lubbock's Sherri Moegle, National Maid of Cotton. The remainder of the morning Saturday will be devoted to discussions of the worldwide

cotton production and consumption outlook, an assessment of cotton's chances to market its way out of current surplus difficulties, prospects for cottonseed and cottonseed products, the 1986 government cotton program and cotton research and extension activities.

Afternoon speakers will advise on farm record keeping, crop financing, computerized crop production systems and the concerted effort launched last year to mitigate producer losses from bumpy cotton price penalties. A panel of cotton breeders, specialists on mill needs and a producer and ginner will conclude the afternoon program with a discussion of fiber quality needs of textile mills and how they can best be met.

A dinner will be held Tuesday evening at the County Line Restaurant for all registered attendants. Registration fee is \$15, including the cost of the dinner. A bus will leave the motel for the restaurant north of Lubbock at 5:30 p.m.

The full program on Wednesday, beginning at 8:30 a.m. comes under the heading "Managing the Crop for Yield and Quality."

Everything on the schedule relates directly to problems and opportunities of producers, says Mitchell, "but the early morning discussion of declining yields on the High Plains and proposed ASCS regulation on highly erodible lands should be of special note to producers in the area."

Other subjects on Wednesday's agenda include minimum input systems, planting seed quality, insect and weed control, irrigation system selection, harvest-aid chemicals, harvesting and ginning techniques, and marketing under the current farm program.

The denim mill tour will leave from the motel at 8:00 a.m. Thursday.

The conference is co-sponsored by the Southwest Five-State Cotton Growers Association and the Cooperative Extension Services of Arizona, California, New Mexico, Oklahoma and Texas.

Social Security Tips

by Terry J. Clements

Farmers who plan to hire seasonal help should be sure to note the special rules for reporting farm workers' wages for social security purposes. Because farm work is often part time and irregular, special rules control how it is counted for social security protection.

Farm workers' wages count and must be reported when a worker is paid cash wages of 150 or more during a calendar year. If this test is not met, wages count if they are paid on a time basis--by the hour, day, week, or month--for any part of 20 or more days a year.

As an employer of farm workers, a farmer should keep a record for each worker showing the worker's name, social security number, cash wages paid, and taxes withheld from pay. If wages are paid on a time basis, both the exact days worked and the wages for each day should be recorded.

The farm employer must collect and pay social security taxes on the wages. The tax rate in 1986 is 7.15 percent each for employees and employers on wages up to \$42,000.00. The farmer deducts the taxes owed, pays the employer's share, and

periodically sends the report to the Internal Revenue Service using federal tax deposit Form 511. How often these payments must be made depends on the total tax due.

At the end of the year, the farm employer must complete IRS Form 943--Employer's Annual Tax Return for Agricultural Employees--generally by January 31 for each employee who was subject to social security tax withholding for services during the year. The farmer should send copy A of the W-2, along with Form W-3--Transmittal of Income and Tax Statement--to the Social Security Administration by the last day of February.

If the farm workers are hired by a crewleader who pays them, then the crew leader is the employer and should handle the social security matters. If the farmer or the farmer's agent pays the workers, then whoever has the final right to control the workers on the job is the employer.

For more information on social security deductions for farm workers, you may contact us at 1401-B West 5th street, or call us at 293-9623.

LUBBOCK TO HOST WESTERN COTTON CONFERENCE

Some 300 cotton industry leaders from Arizona, California, New Mexico, Oklahoma and Texas are expected to be on hand in Lubbock for the annual Western Cotton Production Conference, Aug 12-14. Qualities of cotton that are sought by the ultimate users will hold the center of

attention during the conference. Participating will be producers, ginners, research scientists, Extension educators, state and

federal agency officials and agribusiness representatives, according to an agronomist with the Texas Agricultural Extension Service, The Texas A&M University System.

Letter To The Editor

Dear Barbara:

I grew up in Matador, but have been gone from there almost 50 years, but for most of those years, I have subscribed to the local paper in order to keep abreast with many of my classmates and acquaintances.

It seems that most of the newspapers which are published today major on tragedies or spend their time attempting to "editorialize" the news to try to convince their readers that the paper's point of view on the subject at hand is the right one. To constantly read this type of

material is not only boring, but depressive.

My wife, the former Doris Whatley, and I thoroughly enjoy your paper and look forward to receiving it. It is like a breath of fresh air to read this publication and I just wanted to take time to let you know that at least some of your reading public sincerely appreciate the efforts that you are putting into your paper.

Keep up the good work.

Very truly yours,
E. Paul Fulfer

THE KEY TO LOWER COOLING BILLS

...YOUR THERMOSTAT!

RAISE YOUR THERMOSTAT SETTING TO LOWER YOUR COOLING BILLS

You can lower your cooling bill up to 50% by raising the temperature in your home from 72° to 78°. West Texas Utilities recommends that you set your thermostat at 78° or higher for efficient summer cooling. Portable fans or ceiling fans can help the higher thermostat settings feel more comfortable.

Also, check the filter in your air conditioning system regularly. A dirty filter could keep your system from operating as efficiently as possible. Clean permanent filters according to manufacturer's instructions, and replace non-permanent filters.

For more conservation tips on summer cooling, call your local WTU office.

Agency Offers Free Certificates To Honor Outstanding Grandparents

AUSTIN--Mothers and fathers have long been honored with special holidays. For that matter so have trees, the Bastille, St. Patrick and 16th Century English terrorist Guy Fawkes--but not America's grandparents. The Texas Department on Aging, to help correct this oversight, is offering free certificates honoring outstanding grandparents on National Grandparents' Day, Sept. 7.

These certificates, signed by Texas Governor Mark White and Department on Aging Executive Director Bob Bobbitt, will be special two-color editions commemorating both National Grandparents' Day on September 7 and the Texas Sesquicentennial. They are printed on parchment paper and are suitable for framing.

Department on Aging spokesman Allen Baca said the TDoA promotion is gradually improving the public's awareness of National Grandparents' Day. "It's pretty new holiday," observed Baca. "It was signed into effect in 1978 by President Carter. This is the second straight year we've offered the free certificates and we're giving them away by the tens of thousands. People seem to respond well to the idea."

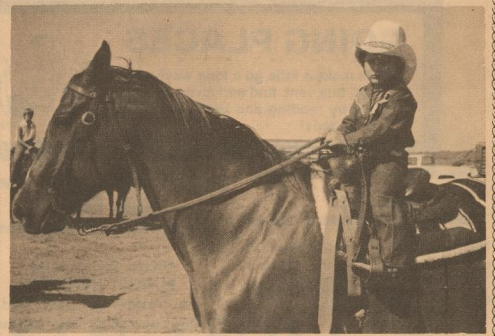

Certificates can be obtained by writing to: Texas Department on Aging, P.O. Box 12786 Capitol Station, Austin, TX 78711 or by calling any of six designated telephone numbers and leaving a recorded request.

The special numbers are: (817) 792-9596; (817) 792-9597; (817) 792-9598; (512) 821-8494; (512) 821-8974 and (512) 821-8491.

Those who are ordering certificates are asked to give their own addresses, not those of the recipient or recipients. Due to the large number of requests, the Department on Aging cannot engrave the names of grandparents on the certificates. An open space is provided where the presenter or a calligrapher can inscribe the recipient's name.

School, church, and community groups needing large quantities of certificates for special Grandparents' Day programs should place orders now to insure early delivery. Individual orders are also being taken now.

Orders received after August 22 will not be mailed out until after Grandparents' Day. Orders placed before this deadline will be mailed before Grandparents' Day.

TIPS ON TRIPS

Some of the best vacations in the world combine sightseeing and shopping.

For a fine vacation in a land considered a shopper's paradise, many Americans are heading to Sweden this year, to such charming cities as Stockholm, Gothenburg and Malmo. American visitors should include a sightseeing tour of one or more of the easy-to-reach Swedish glassworks, where they'll see glassblowers in action, and may also buy famous Orrefors or other crystal at a price considerably lower than elsewhere. The Kosta Boda Glassworks is the oldest in Sweden, founded about 250 years ago. Here, the exquisite designs of the engravers truly fire the imagination. The people there will even arrange for your purchase to be sent home simply and safely, and a tax-free refund is available.

Sweden's "Kingdom of Glass" is located in Smaland where there is a unique emigrant museum at Vaxjo. And at the nearby Hanseatic city of Kalmar on the Baltic Sea is a beautiful 10th century castle. For free brochures about travel to Sweden, write: Swedish Tourist Board, 655 Third Avenue, New York, NY 10017.
