64TH YEAR—No. 50 MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, FEBRUARY 19, 1959 PRICE SEVEN CENTS

TRAIL DUST
By DOUGLAS MEADOR

A taste of success may excite the appetite to try the sweeter and more vital flavor of immortality.

The hypocrite is a man with a face. His insidious schemes are so obvious as to be ridiculous and his works fall apart in his hands. There is no substance except where the heart is; the master heralds his own arrival.

My expectations are little cups held vainly in the vineyard and by an irresolute destiny.

About the time a man ceases to worry about a trace of unexplainable lipstick, he is face to face with the grim realization that some attractive pleasures are attached to fears. They depart hand in hand.

Two remote stages in man's life evoke a tide of sympathy because of his utter helplessness. The first is when he is a crying infant, and the second is when he tries to appear interested while waiting in a delivery shop.

The wind is shaped by the patterns of Creation's perpetual cycles, to pass unseen into an agent eternity, yet know enough to stir a dew-laden flower blooming on the prairie some future spring. A holy economy steps forever all that is created, to be processed through the catalyst of time.

Bloodworths Sit In Lincoln's Pew
Returning over the week end from Washington, D. C., Mr. and Mrs. Joe Bloodworth brought back an especially cherished memory of their visit to the nation's capital. Quite by accident they attended a church service and sat in the pew occupied by the "Great Emancipator" Abraham Lincoln.

Mr. Bloodworth was a delegate of the Memphis REA at a national convention attended by 27 Texans and a total of 7,300 delegates. Notables addressing the meeting included President Eisenhower, Senator Lyndon Johnson, Speaker of the House Sam Rayburn and others.

In the capital over the week end, Mr. and Mrs. Bloodworth wanted to attend church. They selected a Presbyterian Church from the telephone directory.

The usher asked them to wait in the vestibule.

"You are from Texas?" he asked.

Joe admitted his residence.

"Then, perhaps, you would like to sit in the Lincoln pew?" the usher inquired.

They were shown to the pew which bore a copper plaque attesting that it was occupied by Lincoln for worship during the dramatic years he lived in Washington.

A special reception for 1,700 ladies at the convention, was held at the Statler Hotel, and attended by Mrs. Bloodworth.

In the above photo Scoutmaster Douglas Pitts, Jr. is receiving a gift certificate from Lion Forrest Campbell, Scoutmaster Freddie Welling, who also received a gift certificate, is standing at his right. Seated, left to right are principal speaker "Cowboy" Joe Evans of El Paso, and Boss Lion Curtis Graham.

Many Testimonies Made

Vance Gilbreath Honored by Appreciation Dinner

A MEETING started as a "covered dish appreciation dinner" honoring Vance H. Gilbreath, former county judge, almost got out of hands Tuesday night when attendance more than doubled the number for which plans had been made. It was necessary to bring more tables and chairs to accommodate the additional guests. The VFW club room, meeting place for the affair, was filled to capacity.

Bank Director, Farmer and Rancher and One-Man Chamber of Commerce for Flomot, Ralph Stapleton, as master of ceremonies almost stole the show from the honored guest, although frequently slashing at him with sharp lances of good-natured ridicule. His quick wit and quicker tongue kept the audience laughing most of the time.

Distinguished special guests, including his own brother, District Attorney John Stapleton of Floydada, and Judge Alton B. Chapman, Court of Civil Appeals, Amarillo, did not escape the barbed lashes of the master of ceremonies.

"I am from Flomot on the banks of Alamosa Creek," Stapleton said, "and it has been said Alamosa Creek is to Flomot what the Trinity is to Dallas."

Turning to the guest of honor, he said: "Vance, do you know that many of these people are from Flomot, and that Flomot and Union Corners are the only boxes you carried? I hasten to say, however, that I voted at Whiteflat I live in the White Star community on Tom Ball Creek, and I am in the Whiteflat voting precinct."

Stapleton asked for testimonies from friends of Gilbreath in the audience. Many stood and voiced their praise of his character and his service during the six years he held the office of county judge.

Letters and telegrams of congratulations (and regrets at being unable to attend) were read by various friends of Gilbreath in the audience. Messages were read from Senator Andy Rogers and Representative Will Ehrle and both of whom expressed regret at being unable to attend because of pressing legislative duties. A Congressman, Walter Rogers, expressed his congratulations and appreciation. Another message was read from Commissioner of Agriculture John C. White.

Other messages were read with regrets in being unable to attend, including the Governor of New Mexico, and Jerry Holleman, Texas State President of the AFL-CIO, Alex Dickie, President of the Texas Farmers Union praised Mr. Gilbreath for his fight to bring more benefits.

Cancer Society Group Organized

A Motley County Committee of the American Cancer Society was organized here last week. A group of citizens met Thursday night in the District Court room with Phil Payne, Lubbock district representative. Mrs. Bill Pipkin will head the local committee.

Attending the meeting were Don Wason, Dr. and Mrs. A. C. Traweck Jr., James (Pup) Price of Matador and Mr. and Mrs. Tom Spears, Flomot.

One function of the group will be to educate the public to the types, danger signals and cures of cancer.

A short educational film will be shown in the Methodist Church basement, Tuesday night (Feb. 24) at 7:30, by Dr. A. C. Traweck Jr. The showing is a public service provided by the American Cancer Society and the public is urged to attend.

Injury Sustained In Fall at Church

Mrs. Harry Willett suffered a broken pelvic bone as well as shock and bruises in a fall Tuesday night at the First Baptist Church, where she was to have appeared on a W. M. U. program as guest speaker.

She was conveyed to Traweck Hospital for examination, and Wednesday afternoon was conveyed by Eudy-Seale ambulance to West Texas Hospital, Lubbock, where further x-ray revealed a break on the left side.

She was accompanied to Lubbock by Mrs. Marvin Brotherton.

She was brought back to Traweck Hospital, where she is confined to her bed for eight to ten weeks.

Mrs. Willett fell as she stepped from the church sanctuary into the vestibule, which is on a slightly lower level.

Mrs. Harry Carter sustained similar injuries recently, also in a fall at the church. However, her accident occurred outside the church, on a portion of sidewalk which was constructed with a step-down section. Mrs. Carter was hospitalized at Traweck Hospital for eight days following the accident, which happened after she had attended a funeral service there.

IN HOSPITAL

Theodore Harmon has been a patient in Stanley Hospital the past week.

Mrs. J. D. Addison is still in Methodist Hospital, Lubbock, and no decision had been reached Tuesday by attending physicians regarding the cause of her illness. Early symptoms had pointed to polio.

Mrs. C. L. Johnson of Hedley is visiting here in the home of her son and family. Mr. and Mrs. Charlie Johnson.

MOD Drive At \$1,431

Total contributions to the 1959 March of Dimes campaign had reached \$1,431.77 Monday. It was announced by Mrs. Rose Turner of Flomot, County Campaign Chairman.

Contributions by communities were as follows: Matador \$505.26, Roaring Springs \$279.37, Northfield \$60.75, Whiteflat \$248.70 and Flomot \$337.69.

"The results are very gratifying," Mrs. Turner said, "and I want to thank everyone for their contributions and the fine cooperation which the drive has received."

Roaring Springs Losing Gin Plant

Reductions in cotton acreages have cost Motley County another gin plant. Work was started Tuesday in dismantling Roaring Springs Gin, owned by West Texas Gin Company.

Rex Sullivan of Quanah, general manager of the firm, told the Tribune yesterday that operation of the plant at Roaring Springs had become impractical because of the changing cotton situation.

He said with production on its present basis it is possible for one plant to adequately serve the Roaring Springs area.

"We regret to dismantle the plant," Mr. Sullivan said, "but it has become a liability to the extent that we can no longer afford to invest more money to bring the equipment up to date. The cotton producers will be better served by one plant able to install improved ginning equipment."

"Also the factor of paved roads and rapid transportation of cotton from the field to the gin makes it possible for the grower to haul his crop long distances without expense or inconvenience as compared to the days of poor roads and horse and wagon transportation."

Former Resident Of Roaring Springs Dies at Lubbock

Several friends from this area attended funeral services Thursday at Lubbock for H. K. (Dutch) Young, 62, who lived for many years in the Roaring Springs vicinity.

Mr. Young died Tuesday, Feb. 10 in Methodist Hospital, Lubbock and funeral services were held at 4 p. m. Thursday in Rix Funeral Chapel, with Rev. Dudley Strain, pastor of the First Christian Church, officiating. Burial was in Resthaven Memorial Park.

He was the son of Pioneers of Dickens County, Mr. and Mrs. W. J. Young and lived in the vicinity of Roaring Springs for 40 years before moving to Lubbock. Before he became ill, about six years ago, he was employed at Reese Air Force Base.

Survivors include his wife, Mrs. Jewel Young and son, Bill, of Lubbock, two daughters, Mrs. Leon Partwood of Beaumont and Mrs. John W. Kingsley of Tampa, Florida; his mother, Mrs. W. J. Young; one brother, Clarence Young; and three sisters, Mrs. Maynard Woolard and Miss Billie Young all of Lubbock, and Mrs. Hugh Squires of Littlefield.

Mr. Young was well known and had many friends here. Among those who attended his funeral were, Mr. and Mrs. Jimmy Johnston, Mr. and Mrs. Frank Forbis, Robert Forbis, Mr. and Mrs. Clark Forbis, Iverson Yeates, Mr. and Mrs. Homer Hughes, Mr. and Mrs. Curtis Goodwin, Mrs. D. W. Hughes, W. H. Rigby and Mr. and Mrs. Tom Yeates.

Blast Rocked Foothill Country

Pioneers Believed Meteor Struck Peak

A TERRIFYING MINUTE in the summer of 1880 surpassed the strange booming and quaking of the earth reported in half a dozen states last week. Pioneers saw the blazing meteor "bright as a dozen suns," felt the earth shake in a mighty concussion, and felt the heat from the visitor from outer space.

TEAM'S CHOICE—Miss Linda Kay Rattan, daughter of Mr. and Mrs. Frank Price was crowned 1958 Football Queen by the Matador Matadors' captains, Gerald Pipkin and James Bearden at the annual banquet held last month. The dazzled and dazzling queen is shown a few minutes after the crown was placed on her head, and she had been presented a bouquet of roses.

To Offer Program As Public Service

A program of special interest to housewives will be given Monday morning, Feb. 23, at the high school, when Miss Eudora Hawkins of Abilene, brings a "House Power" demonstration for the homemaking department.

Miss Hawkins, with the Public Service department of West Texas Utilities, will appear on a "Civil Defense" program arranged by Edna Williamson, F. H. A. program chairman for the meeting.

The program will be held from 11 to 12 o'clock, and the public is extended a cordial invitation to attend.

Residents Attend Rites for Brother

Mr. and Mrs. R. E. Campbell Sr. attended funeral services Monday at Bonham, for his brother, Arthur Campbell, who died Sunday morning.

He had been a resident of Bonham for about 20 years.

Club, Band Parents Schedule Floydada Minstrels Of '59

FLOYDADA—(Special) "MINSTRELS FOR 1959" will be presented in Floydada High School auditorium, Feb. 26 and 27, it is announced here. Curtain time will be 8 p. m.

This show is sponsored annually by the 1956 Study Club and the Band Parents Association. The show which was warmly received last year, promises to be a big hit again this year.

Some 50 business men and Floyd County farmers will take part in the show, which is being directed by Mrs. Allen Bingham and Maurice Jones. Mrs. Dan Hagood is acting as general chairman for the Minstrel, and Mrs. Norman Muncy is business manager.

Ned Bradley, who acts as interlocutor, will be assisted by Ralph Johnston, Rex Brown, E. D. Morgah, and Jack McIntosh as endmen.

In the dancing girl group will be Gene Arwine, Bill Hale, Dan Hagood, Chuck Holmes, Travis Jones and George Mize.

The male quartet will be composed of Charles Craig, Harold Elder, Willie Bunch, and Olin Watson Jr.

Many other special features and special musical numbers are planned for a big evening of entertainment.

Tickets are on sale for \$1.00 for adults and 50c for children.

Two pioneer ranchmen Frank Collison and I. Q. Willie, were riding on "Grapevine Point" about ten miles east of McAdoo. The two men were inspecting damage from a severe hail storm a few days before that had killed calves and antelope. Collison and Willie had brought cattle to the Foothill country to establish the "Jingle Bob" Ranch, said to be the only ranch in the United States known by a mark instead of a brand.

Grapevine Point is a projection of the Plains that extends into and above the rolling country below. The day was clear and the view exceptional. The time was about high noon.

Suddenly there was an unearthly sound that shattered the tranquility of the day. It was as if the world was coming apart at its seams. The saddle horses which the men were riding were frightened. A fiery object passed over their heads. They could feel its heat and could smell the odor of sulphur.

They watched the meteor. It appeared to have struck Quitaque Peaks. Frank Collison, in relating the incident to Harry Campbell of Matador, said:

"I thought it had completely obliterated the eastern or pointed peak. It appeared to have vanished in the great cloud of smoke and dust. After a time it reappeared. It had not been struck by the meteor."

Earl Golz, Amarillo Daily News feature writer, in an article in the newspaper last week, reports the incident, in part as follows:

"The 1880 version was heard and seen for many miles, and by so many people that it has lived as a legend...."

"Mrs. Henry Campbell and some cowboys eating dinner at the Matador Ranch heard the noise and ran outside to see a trail of smoke in the west, toward the North Peace River country."

"Mrs. Campbell learned in 1884 from Col. and Mrs. Charles Goodnight that they too had heard and seen the meteor, which they described as falling south of the JA Ranch."

In a visit with Mrs. Hank Smith at Mount Blanco some time between 1881 and 1883, Mrs. Campbell learned that Mrs. Smith had also seen and heard the meteor. Mrs. Smith said that it fell in a northeastern direction from Mount Blanco, which would place it in the North Peace area.

In 1936 Collison, accompanied (Continued on back page)

Cemetery Marked By Improvements

A number of improvements mark the appearance of East Mound Cemetery. The noticeable improvements have been in progress for the past 30 to 40 days and include planting a shelter belt of Arizona Spruce trees on the west and south sides as a protection against the wind and drifting sand.

A tool house has been erected in the east center sector of the burial ground and new tools procured for the sexton's use. Grading and leveling work has also been done.

Randall Whitworth, president of East Mound Cemetery Association paid tribute to County Commissioner Clyde Gilbert and employees Alfred Watson and Elwin Markham, and to City Water Works Superintendent Johnny Jackson and Odell Meyer for their valuable services.

Used materials were employed in the construction of the tool house, and labor throughout the improvements has been gratis. So far no expense has been involved, Whitworth said.

Other officers active in the program include Vice-president Elbert Reeves, Bill Seale, and Mrs. R. E. Donovan, secretary-treasurer.

Captains Elected For 1959 Season

Football captains for the 1959 season are Bundy Campbell, Billy Crenshaw, and Thomas Edwards. Coach Bradshaw has announced. All three will be seniors next year. These boys succeed James Bearden and Gerald Pipkin as the Matador's captains.

The selection of captains is left up to the football team. The captains make the training rules and keep up team spirit and loyalty. A great degree of the success of a football team rests on the captains' shoulders. To be a captain is the goal of every boy who plays football, and the rewards are plentiful.

Ida Fair Elected Voting Delegate

The F. H. A. members met in business session February 9 in the high school home ec room. The members discussed the annual area meet to be held March 7 in Amarillo. There will be approximately twenty girls from the Matador F. H. A. organization attending. The voting delegate to represent our chapter is Ida Fair.

The next meeting will be held February 23 with a program titled "Civil Defense and Safety."

Notices were given on date of state meet to be held in Dallas, April 24-25.

LIBRARY LAPSE
By Verna Watkins

Bell, Book, and Candle is a weird story of the Holroyds, a fun-loving family of witches.

The Holroyd family consists of Gillian, her brother Nicky, and Mrs. De Pass, Gillian's aunt. Mrs. De Pass is a nice old lady who is just naturally mischievous. Her favorite pastime is tying up the telephone lines of people that she doesn't like.

Gillian, a tall, lovely blond runs a rooming house in fashionable New York. In the story Gillian acquires a handsome new boarder, Shep Henderson. Shep is a tall man about 21 years old. He is normally a quiet-tempered, easy-going guy until he falls in love with Gillian and starts getting bewitched.

Gillian has always secretly longed to be just a plain normal girl with no witch powers at all. So, to prove that she is capable of living a normal life, she makes a bet with Nicky that she can make Shep fall in love with her without using her magical charms.

Shep falls in love with Gillian and to her surprise Gillian finds out she is also in love with Shep. There is an old tradition, known only to witches, that witches lose their magical powers when they fall in love. But this doesn't bother Gillian any because she didn't enjoy being a witch anyway. Gillian and Shep get married and settle down to a normal life.

This book of 129 pages is packed with hilarious episodes from beginning to end.

CARNIVAL REPLACED BY AMATEUR HOUR

Wednesday, February 11, the Matador High School student body voted not to have a school carnival as in years past and voted to have an Amateur Hour.

The money made from the show will be divided between the juniors and seniors. The juniors will use their money to help pay for the junior-senior banquet. The seniors will use their money for their senior trip, etc.

F. F. A. HAS MEETING

The FFA had a meeting Monday, February 9. The boys decided to buy a grain roller and charge 25c per hundred pounds for customers. They also discussed the qualifications for the project trophy to be given away at the FFA banquet in May. To conclude the meeting a film on Southern Highlights was shown.

CAMPUS CUES
by Carolyn Pohl

Although school seems to be dull at times it really never is if you are looking for something exciting.

For instance in biology class the other day Kent Gray and Beetle Bailey conducted an experiment in smoking. The boys wanted to prove to Mr. Moore that there is as much nicotine in a filter cigarette as there is in one that does not have a filter. Of course that was what they told Mr. Moore anyway!

In American History class the juniors have been studying different kinds of strikes that have taken place in history. So they decided to go on a strike themselves and have a stand-up strike. This was good for a while, but it did not last.

M. H. S. is proud of their newly elected football captains for the 1959 season. We know the captains — Thomas Edwards, Billy Crenshaw, and Bundy Campbell — will do a good job.

A party given by Mike Groves Saturday, Feb. 7 was attended by most of the high school students. Reports say that a good time was had by all.

GRADE SCHOOL NEWS

All the rooms in grade school had a Valentine party given by their room mothers Friday Feb. 13. Valentines were exchanged by the students in each room.

The fourth grade made all of their decorations for Valentines. They gained a student also: Alfred Johnson.

The sixth grade was given a Valentine party at the V. F. W. but Friday night, Feb. 13. Hostesses were Mrs. John Briscoe and Mrs. Scott Robbins.

The seventh grade has been studying government and safety the second semester. These subjects take the place of history and health. In music class some of the boys are organizing a bottle band. They are as follows: Thomas Edmondson, David Thompson, Roger Vinson, Wilburn Terry, Key Vaughn, Wayne Lipham, Don Timmons, Vaden Hays, and Claude Glascock.

The girls are forming a singing group. They are Betty Sandefer, Sue Stevens, Mary Irwin, Virginia Nichols and Joyce Scalf.

Basketball Highlights

The MHS girls' team overcame an early lead of Flomot's team to defeat them 41-32 February 5, at Flomot. Peggy Welling scored 16 for Matador and Kay Rattan scored 15. Degan scored 13 and Purcell scored 12 for Flomot. Scores at the quarters were 7-10, 12-22, 25-26, and 41-32.

Art of Teaching Is Program Theme For DKG Chapter

Gamma Eta Chapter of Delta Kappa Gamma Society met in Spur Saturday at 2 p. m. in the home of Miss Eula Whitaker.

The meeting was called to order by Mrs. Stella Bowman, Lorenzo, president and minutes were read by the secretary, Mrs. Betty Wells. Reports on absent members were given and other routine business matters presented.

Mrs. Roxi Lewis, English and speech teacher in the Roaring Springs High School spoke to the group on the subject, "Professional growth through a better understanding of the ability to present knowledge."

Mrs. Lewis called the ability to present knowledge the very heart of the teaching art and declared that every teacher should avail herself of all aids she can possibly secure to help her present the knowledge she has to her pupils. Teachers were cautioned against impatience, monotony, condescension, and other hurtful attitudes in the presentation of subject matter.

Teachers were also warned to get down on the pupil level so artfully that the pupils would never realize that "getting down" was necessary. The joys of learning with the students was also emphasized.

The group, with Mrs. Lalar Wilkerson at the piano, sang the Delta Gamma song at the program's close.

Mrs. Anne Blumberg and Miss Margaret Elliot assisted Miss Whitaker in the hostess duties, and Miss Whitaker's niece, Miss Eulalie Smith also helped with the entertaining, playing a piano solo for the group after the program was completed.

Refreshments of cherry cake, hot buttered nuts, tea and coffee were served to Miss Gladys Peck and Mmes. Lewis, Bowman, Virginia Williams, Jessie Thomas, Bernice Drake, Lula Forbis, Ieene Stobaugh and Lucretia Brooks. The plates were gay with napkins in the Valentine motif and carried fortunes in half moon pastries.

Next meeting of the chapter will be in Lorenzo, March 7, at which time the chapter will hold its annual birthday celebration and also a white elephant sale among the members.

Mr. and Mrs. B. H. Hobbs and daughter, Judy visited in Plainview Sunday with her brother and family. Mr. and Mrs. Joe Martin, a sister and family, Mr. and Mrs. Jeff Collins, of Clovis, N. M. joined them there for the visit.

Rev. Gene Hawkins Is Banquet Speaker At Roaring Springs

Young people of the Roaring Springs First Baptist Church, and their guests were honored on Thursday, Feb. 12, at a Sweetheart Banquet sponsored by the Woman's Missionary Union under the direction of Mrs. Charles Long, speaker for the occasion was Rev. Gene Hawkins, pastor of the First Baptist Church, Matador.

One of the highlights of the program was the recognition of the boy and girl with the highest church attendance record. New Testaments were presented to Miss Dianne Scott and Rod Long.

Mrs. L. D. Wilkerson was presented a gift in appreciation for the fine work she has done in the community. Mrs. Wilkerson arranged the music for the program, which included accordion selections by Miss Charlene Owens and vocal selections by Misses Shirley Stafford and Janice Brandon.

Appreciation was expressed for the work of those serving on various committees. Mrs. John Scott and Mrs. Tom Yeates were co-chairmen for the food; Mrs. Melton Thacker was in charge of the decorations, and Mrs. Lem Miller was in charge of programs and place favors.

Table decorations featured the Valentine motif, and the menu consisted of baked ham, potato salad, green beans, green salad, hot rolls, punch and coffee, and cherry pie. Recorded background dinner music was an added feature.

Members in the Roaring Springs community to whom special thanks were extended, included Dean McInroe, Higginbotham Supply Co., Cooper Variety, Mrs. M. S. Thacker, and Duncan Flat Baptist Church, for various contributions.

Refreshments of cherry cake, hot buttered nuts, tea and coffee were served to Miss Gladys Peck and Mmes. Lewis, Bowman, Virginia Williams, Jessie Thomas, Bernice Drake, Lula Forbis, Ieene Stobaugh and Lucretia Brooks. The plates were gay with napkins in the Valentine motif and carried fortunes in half moon pastries.

Next meeting of the chapter will be in Lorenzo, March 7, at which time the chapter will hold its annual birthday celebration and also a white elephant sale among the members.

MRS. GERALD KENDALL FUGIT

Bette Fran Montgomery, Gerald K. Fugit Exchange Marriage Vows in Rites Here

Marriage vows were exchanged Saturday, February 14 by Miss Bette Fran Montgomery, daughter of Mr. and Mrs. Frank Montgomery, and Mr. Gerald Kendall Fugit, of Odessa, son of Rev. and Mrs. L. R. Fugit.

The bridegroom's father, the Rev. Fugit, minister of the Parker Heights Christian Church in Odessa, officiated in the double ring ceremony in the First Methodist Church, Matador, at 5 p. m.

Church pews were marked with candles and greenery held by small pink satin hearts. Background for the ceremony was a candle tree in front center of the altar with palms on each side. The kneeling bench, on a lower level was flanked by swirl candelabra and two baskets of pink stock and greenery on each side.

Mrs. John Stevens offered an organ prelude and accompanied Miss Elwanda Martin, soloist, who sang "Because" and "Always", and as a benediction, "The Lord's Prayer." Traditional wedding marches were played by Mrs. Stevens.

Gown of Chantilly Lace
Given in marriage by her father, the bride wore a gown of imported Chantilly lace over taffeta, designed with a Sabrina neckline outlined with scallops of lace. The molded bodice had long sleeves tapered to petal points over the hands, and terminated with a point at the center front waistline. The magnificent skirt was enhanced with a crisp taffeta choux atop the cascade of shirred ruffles of lace flowing down into a spreading chapel train.

Her fingertip veil of silk illusion was attached to a Juliet cap of lace dotted with seed pearls and she carried white roses attached to a heart created of white tulle, satin and stephanotis.

The bride also wore the traditional "something old, new, borrowed and blue." For something old, she wore pearls belonging to her paternal grandmother, the late Mrs. Frank Montgomery Sr.

Miss Ruth Marie Stanley was maid of honor and bridesmaids were Mrs. Paul M. Stanford, Albuquerque, N. M., Miss Joanne Darsey, Matador, Miss Delores Lacy of Turkey, cousin of the bride, and Miss Becky Fugit of Odessa, sister of the bridegroom.

Attendants Wear Pink
The attendants wore pastel pink dresses of peau de soie designed with fitted bodices, sweetheart necklines and bell-shaped skirts with self bows gathering the hemlines in the center front. Their headpieces were pink satin crowns studded with seed pearls, with pink silk illusion face veils and they carried heart-shaped bouquets of

pink sweetheart roses with pink tulle and satin.

For her daughter's wedding, Mrs. Montgomery chose a pink lace dress, with matching hat and gloves and other accessories in navy. Mrs. Fugit, mother of the bridegroom, wore a chiffon shirtwaist dress in slate blue, with flower hat, and shoes of the same color. Both wore white rose corsages.

Samuel N. Sharp of Dallas was best man, and groomsmen were Messrs. Darrel Chastain Miller of Tulsa, Okla., Robert L. Guest, Harold Smith and Fred Clayton all of Odessa.

Ushers were Mitchell Neal Pipkin and Fred Cecil Irwin, cousin of the bride, both of Matador. Bobby Herbert Stephens of Silverton and Charles Giddens of Odessa, both cousins of the bride, were candle-lighters.

Honored at Reception
A reception was held in the home of the bride's parents following the ceremony.

Members of the house party included Misses Judy Speer of Amarillo, Linda Jobe of Lubbock, Marilyn Adrian of Houston, Jean Smith of Houston, and Mmes. Wade Berryman, John Barnhill, Marvin Hunt, Ralph C. Jones, Frank Price, Bill Seale and Billy Wason, all of Matador.

The table was laid with a linen and lace cloth over pink, and decorated at each corner with the bridesmaids' bouquets. At one end was a crystal punch service and at the other, the wedding cake. The cake was decorated with pink and green confection, and white swans supported the tiers, topped with a miniature bridal couple.

For her wedding trip the bride wore a navy suit with accessories of the same color, white kid gloves and white hat trimmed with white and yellow silk flowers.

Mrs. Fugit attended Southern Methodist University in Dallas and graduated from Texas Tech in January. She was a member of Delta Gamma, social sorority and received a B. B. A. degree in Secretarial Administration.

Mr. Fugit has a B. A. degree in law from the SMU School of Law, and also a B. A. from TCU. He is now practicing law in Odessa, and the couple will make their home there.

Many Attend Wedding
Among the wedding guests were many from out of town. These included, in addition to the bridegroom's parents, his grandmother, Mrs. Blanche Karns of Indianapolis, Indiana. Others were Mrs. Fred Clayton, Mrs. Harold Smith, Mrs. Bob Guest and daughters, Mr. and Mrs. Harvey Giddens, Mrs. J. B. Evans, and Mr. and Mrs. Harold Canty and daughter, all of

Odessa: Mrs. Samuel Sharp of Dallas; Mrs. Mary Webb, Freddie Briggs, Gene Johnson, and Buddy Holmes all of Lubbock; Jimmie Graham of Fort Worth; Mr. and Mrs. B. A. Robertson of Floydada; Mr. and Mrs. R. E. Stephens, Mr. and Mrs. H. C. Stephens and children of Silverton; Mr. and Mrs. F. B. Loveless and Shirley Oswald of Abertony; Mr. and Mrs. L. O. Montgomery of Plainview; Mr. and Mrs. Jack Lacy, Mrs. Ola Liskenby, Mr. and Mrs. A. C. Montgomery, J. F. Montgomery, W. H. Montgomery and Mrs. Hoy Lacy, all of Turkey.

What Power Cut Path In Blanco Canyon?

GRAPHIC pictures showing broken and uprooted cottonwood trees in Blanco Canyon accompanied this article, which appeared last week as a front page feature in the Floyd County Hesperian. The path cut in the trees appeared to have been made by a plane crashing, but there was no plane.

The strange lights seen by Floyd County residents on the night of November 21st, were investigated by Reese Air Force base and reported in numerous newspapers. The following article is reprinted from the Hesperian:

The reports of the strange lights that played around the rim of Blanco Canyon at the TM Bar Ranch on the morning of November 21 and the weird object that sailed swiftly and silently over the J. S. Hale place on the south side of the canyon in the same early morning hours, still have local people by the ears.

Speculation on what "it" was, how "it" got there and by what power it may have been propelled is still going the rounds.

Photographs Made

The Hesperian got into the spirit of the thing a week or so ago, and reporter-photographer Kenneth Rimmer spent a couple of hours prowling around in the canyon between the TM Bar headquarters where the Q. D. Williams family live and the J. S. Hale place across the canyon on the hill southwest from them.

The "shots" (photos) are added evidence that something strange occurred. At least they are evidence that some mighty force was at work sometime recently in Blanco Canyon.

That Reese Air Force base made an investigation of the phenomenon following the report is an established fact.

Q. D. Williams, who was a brush pilot on one of the big ranches in the vicinity of Vernon before he took over the management of the TM Bar Ranch and moved his family there, said the air force had a crew of investigators at the ranch Saturday after the strange occurrence in the early morning hours of Friday, about 3 o'clock a. m.

The "visit" was really more than just an "investigating crew." It was an official maneuver with a guard thrown around the place.

Williams was quizzed about what he saw. He said he told the Air Force officers that the "light" or whatever it was traveled at an estimated rate of 2,000 miles per hour from the

"hill" where it was first sighted past a check point to the southwest.

Several Are Witnesses

The Williams' awakened the Roy Fawver family and the J. S. Hale family the morning of the strange occurrence.

Fawver got in his pick-up and "made a run" for the point where the strange object was seen. When Fawver got there "it" took off west at rapid speed, just as though the object knew someone was coming too close.

J. S. Hale, who "prodded around" in the canyon with the Hesperian's reporter on his visit in January gave an angle the newsmen had not heard before.

Not only did the "lights" or "space ship" or whatever it was play around toward his place, it actually sailed over him as he lay on the ground under the fence near his irrigation well.

"It was the worst scare of my life," Hale said Hale, who is an ex-airman, said he never had such a queer feeling in his experience.

When the Williams' called the Hales, J. S. got up and saw the strange object from his doorway.

"Mrs. Hale was sick in bed but I called her to the door. I wanted her to see the strange object. I could hardly believe what I saw," he said.

Trees Bowled Over

In the pictures made by the Hesperian reporter, big tree trunks where cottonwood giants lie bowled over, and the "swath" cut, are clearly visible.

Hale was the first to see the pattern of the swath cut through the trees. The autumn was one of remarkably little wind, and it is doubtful that the trees were bowled over by an act of nature.

When J. S. first saw the fallen trees and the path cut through the big limbs he noted that the breaks were fresh. He confidently expected to find a plane a few hundred yards up the creek from the scene.

No Wreckage Found

It appeared that a low-flying bomber or some such had cut too close to the ground and had sheared off the big tree growth. However, there was no plane wreckage anywhere near the scene and no report of a missing plane from any nearby fields.

Could the strange visitor have cut the path through the valley of the canyon? How could it have happened?

It seems quite apparent that a thing like that could not have happened but there is the evidence that something did happen. Like the lights that played around the hills in a fixed pat-

tern for 30 minutes and then "look off."

The Williams and Hale families have been reticent about the occurrence. They have been leery of exaggeration that might get into the reports.

They recall the Levelland officers who a year ago saw something similar in Hockley County were the victims of considerable skepticism. However, the experience they had is one that you can't keep from telling somebody about.

And the giant pattern sheared through the trees on the bed of the canyon valley is in the same category. It could not have taken place. But there it is.

COUNTY AGENT PALLMEYER SAYS:

COTTON ALLOTMENTS

There are too many variables to set a definite rule for farmers to go by to choose between the A and B plan. Production costs on all farms differ, depending on how the person works the crop and how it is harvested. Weather can not be predicted, so as to indicate expected yields, and one does not know exactly what the crop will sell for. The best guide for the farmer to follow in making his decision is to figure what he expects to make using plan A, then also figure for plan B.

Plan B cotton is supported at 5.7c less per pound than plan A, and using this as a basis of figures, if you make 150 lbs. of lint per acre, support price is \$8.55 per acre less.

Next, multiply this by the number of acres of your allotment, using 100 acres for example. This amounts to \$855. If you clear \$25.35 per acre on cotton, and you clear \$5.06 per acre on maize, that means you make \$20.29 more per acre on cotton than maize.

Now divide the amount lost by taking plan B which is \$855, by \$20.29 (the amount per acre more cotton will make you) and see how many acres of extra cotton it will take to make up for the loss.

In this case, it would take 42 acres, and under plan B, you would only be allowed to plant 40 acres; therefore you would lack 2 acres being able to plant enough cotton to make up the loss you took by planting plan B, and it would be best for the farmer to choose plan A.

If plan B cotton sells higher than the loan, naturally the loss per acre by taking plan B will be reduced, and it can easily be seen that the less the difference between the selling price of plan B and the support of plan A, the less acres that will be needed to make up this difference loss of B and A cotton. When less than the extra acre allowed under plan B is needed to make up the difference in prices, plan B will make the farmer more money.

Publication Available For Small Fertilizer Users

Home gardeners often are faced with the problems of converting fertilizer recommendations into the proper amounts for small area use. A special publication has been published including conversion tables for lawns, garden and flower beds. The information is given in

DANCE
Tuesday, February 24

BOBBY MILLER and the MILLER BROS. VETERANS BUILDING Paducah

Extensin Service publication L-166, and copies are available at County Agent Bill Pallmeyer's office.

It is pointed out in the leaflet that the best garden soil is a rich, deep sandy loam or loam with good drainage, good structure and waterholding capacity. The addition of organic matter such as compost, barnyard manure and commercial fertilizer will make good soil even better. Actually, a soil test should be taken to determine the exact amount of fertilizer needed by the lawn or garden, and this assistance is also available through the County Agent's office.

Governor Daniel Proclaims 4-H Week

College Station—By proclamation, Governor Price Daniel has designated the week of February 28-March 7 as 4-H Club Week in Texas. The week is also being observed nationally.

"In 1914," Governor Daniel said, "the United States Government invested in the rural youth of our nation through the 4-H club program. Since that time, more than 20 million young people have received the benefits of this vast program and become 4-H alumni. These alumni are engaged in farming, ranching, homemaking and a variety of other occupations. Throughout Texas and the Nation a special salute is extended to them."

In a letter to the 111,000 4-H club members in Texas, the Governor said, "Since the 4-H club program was organized 50 years ago, members of your organization have made outstanding contributions to the material wealth of Texas and the Nation. More important, as young people, you represent the richest resource of our State."

"I extend sincere congratulations to each of you on your fine accomplishments of the past year and join the people of Texas in saluting you, your parents, adult leaders and friends who

(Special to the Tribune)

NEW YORK—How many minutes must a person work in Motley County to buy a pair of shoes? Or a dozen eggs? Or a pound of bacon? How long to earn the money for his taxes?

The lengths of time for these items are different locally than they are in other communities because local wage scales are different than they are elsewhere.

On the average, it takes less time than it did five years ago. Out of 16 key consumer products investigated, it was found that 10 cost less in terms of hours of labor.

This improvement in buying

make this program possible.

"Please accept my best wishes for 1959 and the years ahead. May you continue to build yourselves, your homes and your communities, and thus help build our State and Country. The future holds bright promise for our land, and as 4-H club members you have a vital share of this future."

Plans for observing 4-H Week are being perfected in the counties and will include special recognition for 4-H alumni. More than 1,000,000 Texas young people have been 4-H members during the past 50 years. Today, 4-H alumni are leaders in business, industry, the professions and government, and are among the strongest supporters of the Agricultural Extension Service sponsored organization.

The figures are based on findings of the National Industrial Conference Board, the Bureau of Labor Statistics and the Tax Foundation.

The typical \$4,500-a-year man in the United States spends more of his working day earning money for his taxes than for any other major necessity, according to a breakdown made by the Tax Foundation.

It lists taxes as requiring 11 hours and 29 minutes per day as compared with food, 1 hour and 39 minutes, housing, 1 hour and 25 minutes, and clothing, 75 minutes.

In Motley County, where earnings last year were some 15 percent above the average of the West South Central States as a whole, the local worker enjoys an economic advantage.

Use of electric power in Texas began in the 1880's. First power plant was at Galveston.

to farmers, and as being a true Democrat.

Judge Is Introduced

In introducing Judge Alton B. Chapman, the master of ceremonies said: "He has held public office ever since I first knew him and I've never known of him doing an honest day's work."

Judge Chapman quickly answered the man who had introduced him and declared that he had waded irrigation ditches all summer to produce 150 bales of cotton from his farm.

"And I have no apologies to make for the money I received from the government in the operation of the farm," he said. "Frankly, I am surprised that a man could have been county judge for six years and still have this many friends," the former District Judge of this district declared.

Judge Chapman stated that he had been against Secretary of Agriculture Benson at the beginning and that he was still against him. He cited the waste of the Republican party in its attempt to improve the farmer's position, and pointed out the dismal future that had resulted.

"Vance H. Gilbreath was always very cooperative in the court during the period I served this district," Judge Chapman said, "yet in this great democracy of ours no man is indispensable . . . one good man is always followed by another."

After his introduction by his brother, District Attorney John Stapleton said that he was glad to call Vance Gilbreath his friend and that he is a man who always gets the job done.

Credit To Wife

Mr. Gilbreath was plainly overwhelmed by the tribute paid to him. His speech was brief.

"Whatever I have done for anyone, I have done because I felt that it was right," he said, "and whatever I am, I owe the credit to my wife."

Mrs. Gilbreath and her mother, Mrs. A. W. Ford sat beside him at the head table arranged at the south end of the VFW hut.

"What size hat did you wear today?" the master of ceremonies asked the guest of honor, as he handed him a hat box.

"Well, if this one is not big enough after tonight, you can exchange it," he continued. He did not announce whom the gift was from.

At the conclusion of the meeting, Stapleton said:

"I want to announce to anyone in need of a master of ceremonies, that my services are available."

RETURNS HOME

Homer Sheats, who has been visiting in San Antonio with his daughter and family, Rev. and Mrs. Murray Johnson, returned home Friday. Rev. and Mrs. Johnson and daughter, Alice, have returned to their home after accompanying her father here.

Meteor . . .

(Continued from page 1)

by an El Paso friend interested in geology, came to this country and searched for the fallen meteor. They found about 100 pounds of black-crust solid rock which was believed to be from the meteor.

Collison gave Harry Campbell a sizeable piece of the material, which he has at his home here. The material was sent by Collison, to the Smithsonian Institution for analysis. The report was that the material was slag from a mine. (So far as is known no mine was ever located in this area and it is hardly probable that anyone would bring worthless slag here from a mining country!)
