

Sleet, Snow and Soaking Rains Brighten Outlook for New Season

THE GROUND HOG had his chance Sunday to see his shadow and then winter went immediately about the business of being winter. A few clouds were on the north horizon at sundown, but conditions

changed by Monday and continued with fog, intermittent snow, sleet and rain. The mercury hovered around the freezing point Monday night. Slow, soaking rain and intermittent snow fell throughout the

night. Fog, sleet and drizzle continued through Tuesday and into Tuesday night. Bob Stanley's rain gauge measured 1.24 inches moisture here and about the same fell south of here inside the Dickens County line.

The rainfall was believed heavier north and east of here where some county reports were between two and three inches. No accidents were reported resulting from the storm that hit the upper Panhandle with as

much as 25 ins. of snow in Borger, Pampa and Amarillo areas. Farmers, ranchers and businessmen were cheered by the brighter outlook for the new season with above average moisture or this time of the year.

Drizzle and fog on January 30-31 showed .30 inch of moisture bringing the total for the year to 1.54 here. Carroll Johnson, who lives in Dickens County just south of the line said he received over .70-in-

on the last of the month, bringing the year's total there to over 2 inches. The weather was clear and warm yesterday but forecasters expected another storm from the northwest to strike today.

PRICE SEVEN CENTS

TRAIL DUST

By DOUGLAS MEADOR

Progress may well pause to preen its feathers but with reservations until some comic page artists are acknowledged authors of frequently excellent philosophy.

There is a great amount of logic in the observation of a highly successful man who has been having trouble keeping his public image in focus. He is frightened with the discovery that once you are on top, there remains no choice in the direction you can go.

Words and action usually take turns in betraying the presence of stupidity.

A man can procure a franchise to make a fool of himself with greater frequency if he is wealthy.

If cupid were a member of any military organization he would probably be court-martialed for poor marksmanship.

Sudden impulses of charity would generate greater endurance if they traveled alone instead of being accompanied by desires for something in the same monetary bracket.

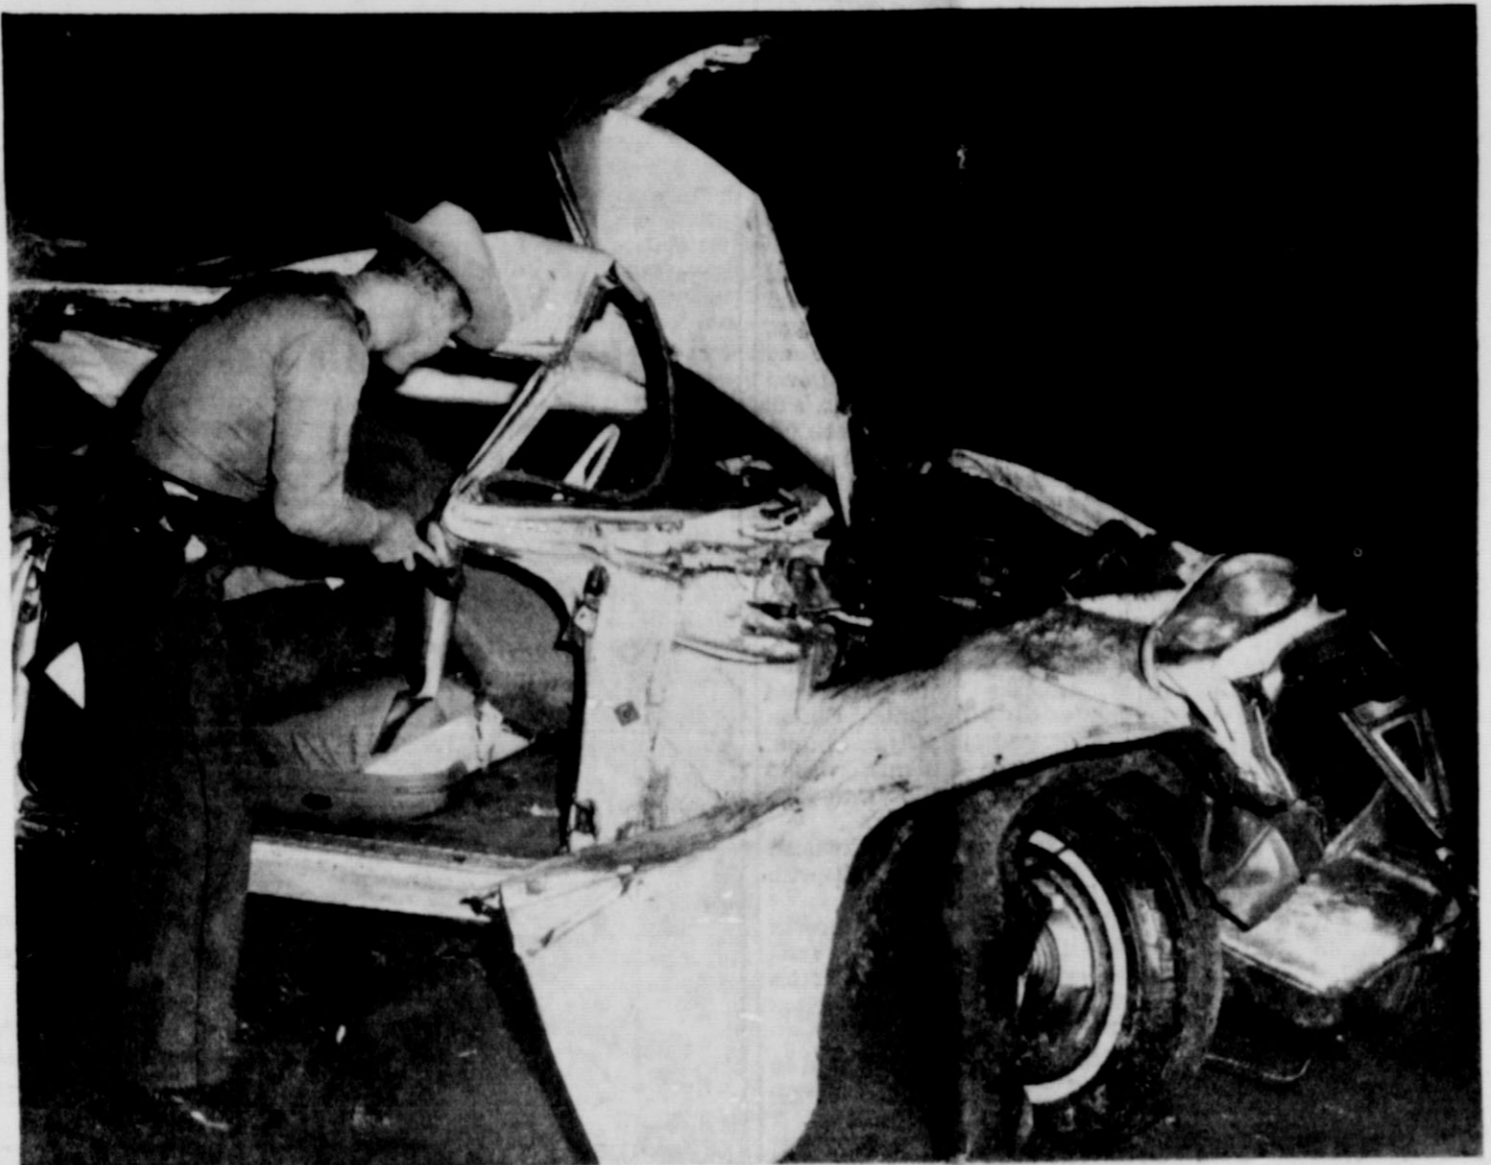

One reason more people do not practice dieting is the inconvenience in observing one's shadow cast sideways.

Poor foresight can not be corrected by an optometrist, but an eye examination may make it possible to read the fine print on the next proposition.

Scaff is Named

Acting Postmaster Charlie Scaff was nominated Monday by President Johnson as Matador postmaster and his name with 25 other nominations sent to the Senate.

Included with the group from this area were Jimmy McFarland, Claude; Ted Reeder, Crowell and Price Franklin, Seymour. Mr. Scaff said yesterday he had not received any notice of the nomination other than what has appeared in daily newspapers. He has been acting postmaster since April 30, 1960.

STATE HIGHWAY PATROLMAN John Whitfield of Paducah is examining the wreckage of the car in which two Turkey men lost their lives on the fog-blanketed State Highway 70 late Thursday night. The accident was just beyond the North Pease River bridge and was the county's first fatality for 1964.

Youth to Rule City

Chances are you will pay a fine of some kind to members of Boy Scout Troop 60 Saturday when they take over control of Matador.

The youth rule of the city will mark the beginning of youth week observance here, to be followed Sunday night with union church services at the First Baptist Church, where Scouts will serve as ushers. Rev. Roy Patterson of the First Methodist Church will deliver the message.

Annual Mother-Daughter banquet will be held in the First Baptist Church Monday night, sponsored by the Eternas Junior Study Club.

The 27th annual Father-Son banquet, sponsored by the Matador Lions Club will be held in the same location Tuesday night. Plans for both banquets were declared complete yesterday.

Yellowjackets Win 1; Drop 1

Last week the Roaring Springs Yellowjackets won one and dropped one game in conference basketball play. They defeated Patton Springs 65-47 in the Ranger gym Tuesday night. John Castillo paced the Jackets with 20 points while Don Tardy and Gordon McGee scored 12 each. Don Morris scored 13 for the losers.

Thursday night the Jayton Jaybirds won a hard fought game 56-46, at Jayton. Gerald Murrell led the Birds to their victory with 17 points. John Castillo scored 17 for the Yellowjackets.

Grade school boys won the consolation trophy in the Girard invitational tournament. Last week end, Jayton defeated them 22-19 in the first round of play. Bruce Ho-Gland netted 7 points for Roaring with Dan Brandon and Bruce Lefevre each scoring 6. In the 2nd round Bill Williams poured in 19 points as Roaring

Poll Tax Goes Up

Interest in the right to vote took a sudden leap in Motley County last week with 831 poll tax receipts issued before the deadline Friday night. Also issued at the office of Sheriff Jinks Wilson, Deputy Louis Blevins and State Highway Patrolmen John Whitfield and F. E. Johnson of Paducah.

The 1958 Oldsmobile was completely demolished when it went out of control on a slight curve, struck a sandy shoulder, then broke a guard post before striking a concrete culvert. The car came to rest, a mass of battered metal at the edge of the pavement. Both men were thrown free of the automobile.

Services for Yates were held at 2:30 Saturday in the First Baptist Church, Turkey, with Brother Dale Bryant, pastor of Hope Baptist Church, Turkey, officiating, assisted by Rev. Darwin Scott, pastor. Burial was in Turkey Dreamland Cemetery under the direction of Seigler Funeral Home.

Services for Owens were held at 2:30 p.m. Sunday in the First Baptist Church, Turkey with Rev. Scott officiating. Burial was also in Dreamland Cemetery with Seigler Funeral Home directing.

HAS SURGERY
Miss Barbara Waybourn, Home Ec teacher in Patton Springs High School is a patient in the Childress Hospital, where she had surgery Monday. Her parents, Mr. and Mrs. Gerald Waybourn, former Matador residents now live in Childress.

FOR FLAG POLES—Contactor Kirby Campbell is drilling a hole in the concrete in front of City Bakery. It is a part of a new plan by the Matador Lions Club to place a flag in front of every place of business on special days (First will be Lincoln's Birthday, Feb. 12). A special Lions committee will place a new flag in each iron pipe holder sunk in the concrete.

Navy is Declared Adequate for National Emergency Protection

Any national emergency could be met by instant retaliation by the United States Navy, according to "Curley" Hays, famous athletic official of Abilene who is employed in public relations by the West Texas Utilities Co.

Hays, who is a member of the Navy Reserve, provided detailed (unclassified) explanation of the Navy's program, as featured speaker Tuesday at the regular luncheon meeting of the Matador Lions Club, held in the basement of the First Methodist Church. He was introduced by Lion Ronnie Christian.

The Navy is changing all its tactics of warfare, according to Hays, in the spending of billions for national security (see Saturday Evening Post editorial, issue of February 8 "The Folly of Building an Obsolete Super-carrier"). He explained the efficiency of nuclear-powered carriers and submarines and the protection they provide through the complicated system of radar.

Deceased Lion Honored
The club stood for a minute of silent prayer honoring deceased former club president T. B. Edmondson.

First vice-president Freddie Welling served in the absence of Boss Lion John Barnhill, who was ill. Report of committees included those for the 27th annual Father-Son banquet Tuesday night. It was announced that the banquet, sponsored by the Lions, will supplant the next regular meeting, as has been the past custom. Next regular meeting will be held in March.

T. B. Edmondson is Claimed by Death

A PIONEER who came to Motley County as a boy in a covered wagon, is dead. T. B. (Boss) Edmondson, 82, died about 7 a.m. Sunday at his home here. He had been in failing health for the past year, but was believed improved. He drove his automobile to town several times Saturday. A pioneer banker, merchant and businessman, "Boss" Edmondson was also a leader in his church and his community.

Funeral services were held at First Methodist Church at 2:30 p.m. Monday with the pastor, Rev. Roy Patterson officiating, assisted by Rev. W. B. Vaughn, retired Methodist minister, and Rev. Miller Robinson, pastor of the First Baptist Church.

Burial was in East Mound Cemetery under direction of Seigler Funeral Home. Pallbearers were W. N. (Bill) Pipkin, Herman Ellithorp, Clarence Jinks, Homer T. Jenkins, Eddie Russell, Elbert Reeves, A. L. Fair, and L. H. Dirickson.

From Comanche County
Thomas Bascom Edmondson was born September 24, 1881 in De Leon, Texas and died February 2, 1964 at the age of 82 years, four months and eight days.

He was one of a pioneer family of three boys and four girls who came with their parents, the late Mr. and Mrs. T. N. Edmondson from Comanche County in

1891 with two other pioneer families, the Joe Hollands and the J. L. Burlesons.

During early manhood Mr. Edmondson was a bookkeeper in the pioneer First State Bank, making his entries in longhand by the light of coal oil lamps.

After the railroad came to Matador in 1914, Mr. Edmondson left the bank to operate a coal, feed and ice business. Afterwards, he opened a grocery, and later entered the dry goods business, operating the Western Dry Goods Co., for twenty-five years. After selling his interest in the store he engaged in farming and ranching for several years. Since 1950 he had been associated with his son, Howard Edmondson, in the Phillips agency and station here.

Mr. Edmondson was an almost lifetime member of the Matador Methodist Church, which his parents helped to organize, and had been a member of its Officers.

Engagement of Cherri Ann Barton And James Karr Announced at Tea

Announcement of the engagement of their daughter, Cherri Ann, to Mr. James Karr of Seymour was made by Mr. and Mrs. C. M. Barton Jr., Saturday at a tea held from three until five o'clock. The prospective bridegroom is the son of Mr. and Mrs. W. J. Karr, Seymour.

Members of the house party were former Matador High School classmates of the bride-elect. The list included Mrs. Jim Allison (Carol Campbell), and Mrs. Ronald Bailey (Kay Rattan), of Lubbock, Mrs. Barney King (Judy Hobbs), Plainview, Mrs. Van Francis (Sondra Stevens), Matador, Miss Vada Nichols, who is attending South Plains College, Levelland, and Misses Pat Cooper and Donna Williams who are attending West Texas State University, Canyon.

Mrs. Francis played piano selections during the reception, while Mrs. Allison, Mrs. Bailey and Miss Williams alternated at the guest register. Others in the party presided at the tea service.

Committees Make Plans for Banquet

Committees are at work making final plans for the Mother-Daughter banquet Monday night, Feb. 10. Tickets went on sale this week with Mrs. Billy Wason and Ms. Roy Grundy in charge.

The twenty-sixth banquet honoring girls of the community is being sponsored for the second year by Eternas Junior Study Club. First banquet was sponsored by the Matador Child Welfare Association which later was re-organized as the Matador Parent-Teacher Association.

Three years ago when the P-T-A was disbanded, a group of local women held the banquet for the girls and their mothers.

Following committees were named at the last meeting of Eternas Club, and will be in charge of the various phases of arrangements, in addition to the ticket committee:

Menu: Mrs. Ralph Jones and Mrs. Jody Graham; Program: Mesdames Kirby Campbell, Bob Thompson and Van Francis; Decorations: Mesdames Sat Braselton, Lewis Bostick and Hal Courtney; Table setting: Mesdames Pete Knight, Keith Patton and Kenneth Thompson.

MISS CHERRI BARTON

Decorations throughout the house. The refreshment table was covered with a blue cloth overlaid with blue net. A pair of ceramic figurine candleholders held white tapers at each side of a heart-shaped arrangement which revealed the wedding plans. Two cherubim at the top of the fluted white net heart heralded with miniature trumpets, the names in gold script of the engaged couple. A streamer at the base announced the date of the forthcoming marriage, March 29. Miniature blue carnations decorated the arrangement.

Doves, bells and a miniature heart were arranged with driftwood in a cloud of blue net to decorate the piano, and at the registration table was an unusual heart-framed vase which held a cluster of blue carnations.

Both Miss Barton and her fiancé have been attending Tarleton State College in Stephenville.

Guests from out of town at the tea included Mrs. W. J. Karr and Mrs. Lester Reeves of Seymour, Mrs. R. G. Karr, Fort Worth, Mrs. Margaret Tucker, Wichita Falls, Mrs. Jimmie Irwin, Lubbock and Mrs. Inez Bailey, Brownfield.

ADOPT DAUGHTER

Falcon proves it's America's toughest compact in the rugged Monte Carlo Rallye!

Four Falcons started from Oslo, four from Paris, on routes calculated to be equal in difficulty and length. Weather conditions varied from clear, bitter cold through freezing fog to blinding snow—and the time schedules made no provision for delays. Here a Falcon swirls through a sudden snow shower, testing traction in a practice run.

Falcon entered two classes in Europe's 2,700-mile winter ordeal—won them both and finished 2nd overall out of 299 cars. That's durability!

In the Rallye's five special Alpine sections, Falcon was first overall in four, tied for first in one. That's roadability!

In the Rallye's final test around the Monte Carlo racing course, Falcons were first and second. That's maneuverability!

MONTE CARLO—The 33rd Monte Carlo Rallye started with 299 cars. Some 2,700 miles and 8 1/2 days later,

only 163 were still in the rally when the field struggled into Monaco—but they included all eight of the specially equipped Falcons that originally started! This eight-out-of-eight record was perhaps more remarkable than the fact that, despite a handicap formula that favored the smallest cars, a Falcon captured second place overall. One car can have luck... but eight have to have total performance. Because the Rallye samples every variety of weather and road conditions the continent can provide, and because it winds up on the most remote byways in the French Maritime Alps, it is a supreme test of all the car's abilities. Falcon steering had to be flawless on glare ice above a 1,000-foot drop. Those fabulous V-8's had to run like dynamos. The final results in the Monte Carlo Rallye gave Falcon 2nd place overall, 1st in Class 8 of the Touring category, 1st and 2nd in Class 5 of the much tougher Grand Touring category, 1st and 2nd in the final three-lap test on the Monte Carlo circuit. The best finish

by a Valiant was 88th overall. Falcon gained invaluable experience in how to build a car better, make it tougher, sharpen up its total performance. That's the real reason Ford is interested in open competition—and why Ford-built cars have got so much more to show drivers. Drive one and see; it won't have six lights, or a horn you can hear for four miles in stormy weather, or the other special rally equipment—but it'll sure surprise you!

TRY TOTAL PERFORMANCE FOR A CHANGE!

Matadors Lose In 1st Place Try

by Gary Campbell

The Matador Matadors were reluctantly dropped from first place in a 10-B clash with Quitaque last Tuesday to the score of 78 to 62. The girls were also defeated but continued to improve with experience.

The boys had their usual bad start in their game as Quitaque piled up a 20 point lead before Matador could connect with a field goal, 5 minutes deep in the first quarter. The Matadors brought the lead down to 8 points a few minutes later but could never get any closer. Scoring for the Matadors was as follows: Tim Green, 20; Charles Ez-zell, 17; Richard Campbell, 11; Jack McCallie, 11; David Rattan, 2; and Tommie Green, 1.

The girls found the Quitaque "fems" to be equally tough but managed to scare the Pantherettes before losing 37 to 32. The loss was their fourth in conference play but all losses have been narrow victories for the opposition which could have gone either way.

Karol King paced the scoring attack with 12 points; followed by Janna Crenshaw, 8; Sharlene Berryman, 8 points; and Shelley Stevens, 4 points. Joyce Scaff, Sue Stevens, Olivia Campbell and Francis Martin played fine games as guards for M.H.S.

Victorious over Estelline

Friday night, both boys and girls teams claimed victories over Estelline. Hard workouts and experience finally paid off for the girls as they won a sweet one 27 to 19. The defeat thus toppled Estelline from first place while giving MHS the first conference win over them this year. Sue Stevens, Joyce Scaff, Olivia Campbell and Francis Martin played tremendous ball games on defense as they appeared almost perfect. The forwards, Karol King, Sharlene Berryman, Shelley Stevens, Janna Crenshaw and Ruthie Lynn played like seasoned veterans as they greatly outplayed the older and more experienced Estelline girls.

The boys had to claw their way by a determined Bear Cub team 55 to 53 in a thriller down to the final second. Matador maintained a large lead throughout the game before Estelline

started a scoring spurt in the final four minutes, which fell only two points short.

The Matadors were invincible at the free throw line as they meshed a clean 17 for 17 attempts. The Bear Cubs, who were the decided underdogs, must be recognized for their fine display and a thanks goes to the Matador fans who applauded them so vigorously. Tim Green paced the "Big Red" scorers with 20 points, followed by Jack McCallie, 8; David Rattan, 7; Richard Campbell, Charles Ez-zell, and Tommie Green, 6 each; and Luis Moore, 2.

Grade School News

by Lynda Elliott

The second grade have been studying Eskimos in their reading. For the month of February, they are studying Abraham Lincoln and George Washington, and working on valentines.

The third grade is about to start its pioneer unit in reading. They have a great number of books which they will read relating to the early day study.

The fourth graders have finished their study of India. They have started work on sock puppets, which will be used in fairy tale plays.

The fifth grade is making an intensive study of the two

youngest states, Alaska and Hawaii, and will make scrapbooks containing pictures of the states and information about them.

The sixth grade room displays a new set of Compton's Encyclopedias, which will provide important information about their studies. They have a new pupil, Darryl Blackwell, who hails from McAdoo, Texas.

The seventh grade presented a play, "Search for Wildcat McIllicuddy," a one-act comedy-farce in the High School Auditorium Tuesday, February 4, at 1:00. The cast of characters included: Leslie Jameson, Mark Hill, Aaron Timmons, Stephen Jwinn, June Sandefer, Judy Harris, Sue Robbins, Elaine Dixon, Brenda Moore, and Jimmy Timmons.

Flomot School News

New students have enrolled at Flomot High School since the start of the school year. They are Butch and Turner from Quitaque, former of Clayton, N. M. Jan is from Somere and Butch a junior.

John B. Dyke, custodian of Flomot schools has been a patient in Stanley Hospital, having been injured from an operation. During his absence, J. W. [Name] has been employed as custodian.

Lorene Bowers and Mrs. [Name] are in charge of the Flomot School cafeteria. During this school year student participation in the lunchroom ranged from a low of 60 to a high of more than 100. About 75 per cent of the students at Flomot School eat in the lunch room.

A surprise birthday party was held for Kellie Green on January 30, her seventh birthday. She is the daughter of Mr. and Mrs. [Name]. Mrs. Green brought refreshments and served Kellie and her classmates in Mrs. [Name]'s room.

Janette Montoya has been selected as winner of the Betty Crocker Homemaker of Tomorrow contest, receiving the high rating of Flomot Homemaker students. Her examination paper will be entered in competition for state honors.

James Lynn Kimbell was the first member of the Flomot Driver Education class to meet all requirements for his driving test, conducted by the Texas Highway Patrol. The Driver License

officer complimented James on making a very high grade with a score of 88. Supt. A. J. Barron said James had made the highest score on the driving test of any student in his driver training classes for the past ten years.

FLOMOT ISD QUALIFIES FOR MORE STATE MONEY
Application for additional classroom teacher units has been made to the finance division of the Texas Education Agency by the Flomot Board of Education. Basis for the request was made upon a marked increase in attendance due to migratory pupils, said Supt. A. J. Barron. Flomot's average daily attendance for 1962-63 school year was 82.81. For the first semester of the present school year, the average was 131.52 with a total of 243 children enrolled.

According to TEA policy, "I students ask admission to the school district after a school system has accepted migratory pupils to its capacity, the school district is still obligated to enroll these pupils for the period of time they are residents of the district."

TOURNEY PLANS COMPLETE
Final plans and arrangements have been made for the "outsiders" basketball tournament to be held in the Flomot gymnasium, Feb. 27, 28 and 29. It was announced this week. The tournament is being sponsored by the Flomot Lions Club.

Some 325 Scout units serve almost 10,000 boys in the 20 counties that make up the South Plains Council. Over 3,000 adults work with these boys.

DYESS AFB, Tex. (Special to Tribune) — First Lieutenant Life N. Dove (left of Afton, Tex.), receives the United States Air Force Air Medal for meritorious achievement while participating in the annual petroleum, oil and lubricants airlift from Sondrestrom AB, Greenland to the Distant Early Warning (DEW line) radar sites within the Greenland Ice Cap. Lieutenant Dove, a navigator in the 516th Troop Carrier Wing, entered the Air Force in January 1956. He was commissioned in 1961 upon completion of the aviation cadet program. The lieutenant is the son of Mr. and Mrs. Charlie H. Dove of Afton and attended Patton Springs School there. COUNTY AGENT PALLMEYER SAYS:

The following items are taken from the Internal Revenue Service Publication 456, DEPRECIATION GUIDELINES & RULES:
Agricultural machinery, equipment and fences—10 years;
Cattle for breeding purposes—7 years; Horses, breeding or work—10 years; Breeding hogs—3 years; Sheep & Goats for breeding—5 years; Trees and vines for fruit or nut production—(consideration given as to region, climatic and economic factors); Farm buildings—25 years (years); Farm buildings—25 years; Automobiles—3 years; Light trucks (actual unloaded weight less than 13,000 lbs.)—4 years; heavy trucks—6 years; Trailers—6 years. Other items not of an agricultural nature are also included in the bulletin.

The following results were obtained by Buck Marshall of Roaring Springs in the 2nd year of the cotton rotation test. Five and one-half acres of land planted in cotton in 1962, producing an average of 309 lbs. lint per acre, or a gross of \$90.00 per acre. Four acres of land planted in cotton in 1962 was planted in cotton in 1963, and produced 262 lbs. lint per acre for a gross of \$76.75 per acre. Planting date was June 27th, with harvest on Dec. 2nd. Cotton on both plots was planted two in and one out, and all land is terraced. No fertilizer was applied to either plot in 1962 or 1963.

This test gave an increase of \$13.25 per acre, where the crop was changed, with results of the 1962 test, an increase of \$8.17 for cotton following maize, and \$27.07 where cotton followed guar. Guar and fallow tests were lost in 1963.

Security Benefits May be Increased
The social security representative from Lubbock will be in the lobby of First State Bank, Tuesday morning, Feb. 11, to aid those needing information or assistance.
It is pointed out by the Lubbock office that people who work after applying for social security old age benefits may often qualify for higher benefits because of their additional work. To have your benefit amount recomputed however, you must apply for the increase.
Anyone who became entitled to social security old age benefits before 1959, and who has earned \$4,800 a year since that time can definitely get a raise. If you have earned over \$1200 in any year since retirement, there is a possibility that your check can be increased.
In making application, proof of your income will be required. If you work for someone else, your Form W-2 (Withholding Tax

of 50 and orders for less than 100 seedlings will not be accepted.
Species available are: Austrian pine, black locust, black walnut, buffaloberry, catalpa, Chinese elm, cottonwood, eunymus, loblolly pine, mulberry, osage orange, ponderosa pine, red cedar, rose multiflora, slash pine, shortleaf pine, and sycamore. Application blanks are available at my office.

The following results were obtained in 1963 with skip row planting of cotton on irrigated and dry land. George Reed of Flomot had 7 acres of cotton planted solid, and fertilized with 60 lbs. of Nitrogen per acre. This produced 6 bales of cotton. Nine acres were planted two in and two out, and this produced 8 bales of cotton. A record of bale weight and grade was not kept, but using 500 lb. bales, with cotton at 30c lb., deducting the cost of fertilizer, and allowing \$1.00 per acre for application, the skip row planting resulted in a gain of \$9.10 per acre over the solid planting. About 12% in of moisture was received during the growing season.

Polk Cooper of Roaring Springs also compared solid planted cotton against two in and two out on irrigated land, with both fertilized and watered the same. Eight rows or one acre of solid cotton was needed to produce a bale, while 5 rows of cotton and 5 blank rows or 1.25 acre was required to produce a bale on the skip row planting. Bale weights and grades were not kept, but using average 500 lb. bales and 30c lb. for lint price, the solid planting resulted in a gain of \$30.00 per acre over the skip row planting.

These results agree with findings of others in the limited rainfall area.
According to Agriculture Commissioner John C. White, violations on pre-packed meats in the grocery store are the most frequent, White pointed out. Meat shrinks in weight, and packagers often fail to make enough allowance for this factor. Housewives are urged to have their meat packages re-weighed at the check-out counter.

(statement) will be proof. If you are self-employed, your federal income tax return, Schedule C Schedule F if you are a farmer, and a cancelled check or money order stub as proof of tax paid, will be needed.

Auto Liability Limits Jumped

Austin — The director of the Texas Department of Public Safety reminds motorists that more stringent provisions of the state's safety responsibility law—requiring drivers and owners to be able to pay for damage to others in traffic accidents—became effective January 1, 1964.
Col. Homer Garrison Jr., DPS director, emphasized that the law required the Department to suspend the driver licenses and registrations of drivers and owners who are not in compliance with the law at the time of accident involved, if the accident comes under the Safety Responsibility Act.
"The law provides that drivers and owners of vehicles involved in traffic accidents occurring or originating on a public street, highway or thoroughfare resulting in \$100 or more property damage, injury or death must file written reports with the Department of Public Safety within 10 days, and its requirements must be met," he explained.

"Accidents not involving death or injury but with \$25 or more damage involved still must be reported to the Department but will not come under the Safety Responsibility Law.
"The Department is required to suspend driver license and all motor vehicle registration plates of both the operator and owner of vehicles involved in an accident coming under the Safety Responsibility Law, unless:

- "1. Evidence of liability insurance coverage in the minimum amounts of \$10,000 where one person was injured or killed, \$20,000 where more than one, and \$5,000 for property damage is reported to the Department.
 - "2. A release signed by damaged or injured persons is filed with the Department.
 - "3. A signed agreement to pay damages in installments is accepted by the damaged or injured persons, and filed with the Department.
 - "4. The operator and owner are found to be reliable in a civil court of competent jurisdiction, and a copy of such finding is filed with the Department.
 - "5. The operator and owner deposit with the Department cash or bond security in an amount sufficient to cover any judgment or damages resulting from the accident that might be obtained by damaged or injured persons, which in no case shall be less than \$200.
- In addition, the operator and

owner must file proof of financial responsibility for the future and must maintain it for five years. Garrison noted that under the new law, suspensions of licenses and registrations will be for two years, unless requirements of the Safety Responsibility Act are met.

Also, he said that when a person's driver license is suspended or revoked under any Texas law because of a conviction on a serious traffic charge, the Department is required to suspend such person's motor vehicle registration, unless he immediately files proof of financial responsibility for the future.

The South Plains Council was organized and chartered as a Boy Scout Council in 1926.

Seventy-five per cent of all West Point graduates were Boy Scouts.

Eighty-five per cent of all FBI agents were Boy Scouts.

Seventy per cent of all Annapolis graduates were Boy Scouts.

Seventy-five per cent of all important officers in High School and College were Boy Scouts.

The Boy Scouts of America have participated in three National Good Turns in the Get-Out-the-Vote Campaigns.

 al Board for many years. He was an active member and past president of the Matador Lions Club, and was a member of the Matador Masonic lodge.

In June of 1909, "Boss" Edmondson made a trip to Snyder, Texas for his marriage on June 9 to Miss Katy Tatom, who had previously taught music in Matador. They returned here to make their home.

Besides his wife he is survived by two sons, Howard of Matador, and Julian of Phillips; a daughter, Mrs. Mike (Virginia) Hoyle of Matador; a brother, Jim Edmondson of Dumont; two sisters, Mrs. C. D. Pipkin of Matador and Mrs. Orwin Roy of Crosbyton; and four grandchildren.

Monday night the grade school boys added another win by defeating Paducah grade school boys 39-28 in the Yellowjacket gym. Bruce Lefevre led in the scoring department with 10 points. Bill Williams and Johnny Thacker each scored 8 points. The win gives them a 13-3 season's record.

Grade school girls won over Paducah 13-6. Brenda Bailey scored six for the home team. Kathy Higdon and Linda Tucker each had three points for the winners. Final games of the grade school season will be played next week in the Jayton invitational tournament.

Three Honored at Matador Banquet

Three local men, Judge Elbert Reeves and J. R. Whitworth of Matador, and Furman Vinson of White Star, were honored here Thursday night at a recognition banquet by Matador Scottish Rite Association. The banquet was served by ladies of the First Methodist Church in the church basement.

Program included invocation by Rev. W. B. Vaughn, Pledge of Allegiance led by Furman Vinson and introduction of guests by J. M. Willson Jr. of Floydada. Benediction was by Wayne Russell. Mr. Willson is president of the association and was speaker for the occasion.

Two other men received recognition at the banquet. They were Irvin Jonsey of Memphis
