Satire is Keynote Of '64 Lions Show

COMMUNITY SATIRE or Gridiron skits will be the keynote of the Matador Lions Club annual show here at the high school auditorium Tuesday night, March 24. It may well be the most outstanding show in the club's history, providing no lawsuits or physical violence follows.

It will not be a show for those weak in heart or subject to laughing convulsions. Mrs. Glenn Woodruff is directing and writing some of the skits which satire events in the lives of local people and with local scenes.

Matador Lions have long had a reputation for doing the unusual and the show Tuesday night will further extend this reputation.

Title of the 1964 Lions show is "That Was The Year That Was," which obviously is borrowed from a popular television program.

Some of the most unusual scenes ever attempted by local talent will be produced, according to Lions who are in the cast. There will be no presale of tickets. First arrivals will receive the choice seats.

To Name Queen

The audience will vote for the Matador Lions 1964 Queen. During an intermission candy will be sold by Lions members. Certain packages will contain gift numbers. The gifts (contributed by local firms) are now in the West Texas Utilities Co. window. Many of the prizes are valuable and range from a Savings Bond given by the First State Bank to ball point pencils. Luggage, foods, auto accessories (including a tire) are among the items on display.

Busy in Rehearsals

The Lions are busy in rehearsals and the regular luncheon meeting Tuesday in the Methodist Church basement was directed toward the show.

Boss Lion John Barnhill named some committees and gave a report on the Monday morning director's breakfast, but otherwise the Lions show was the principal topic.

Lion Forrest Campbell, who is chairman of the show committee, said that despite the short time allowed for arranging the show, he felt final plans would be in shape by 7:30 p.m. curtain time Tuesday.

SHOWERS

Showers that started early yesterday morning were continuing at press time last night. Weather forecasters said the clouds and showers may continue today. Amount of rainfall last night was about 1/2-inch.

Nancy Bond in Music Ensemble

Among eight top piano students selected Sunday in Lubbock, to compete in State musical events in Brownsville, July 7, was Nancy Bond, daughter of Mr. and Mrs. Howard Traveek. Matador and the granddaughter of former residents, Mr. and Mrs. G. C. Mitchell, Lubbock.

Miss Bond was in a State Convention Ensemble entry playing "All American Medley" by J. C. Chambers.

In the annual Piano Ensemble Concert presented by the South Plains Music Teachers' Association.

The concert was held in the Monterey High School auditorium Sunday afternoon and featured some 450 students playing 12 pianos. The students were from the classes of 27 music teachers, all of whom are members of the SPMTA. Miss Bond is a student of Miss Mary Dunn.

Others in the selected group of eight with Miss Bond were Diane Enger, John Sumerlin, Diane Deering, Carla Hudgins, Steve Joiner, Diane Dorsey and Beth Sides.

Louis Catuogno, instructor of piano at Texas Tech, conducted the Ensemble Concert for his third consecutive year.

Two Break-Ins Investigated

Two Motley County schools, Roaring Springs and Flomot, were broken into Friday night, according to Deputy Bobby Williams.

Entry at Roaring Springs was made through the front door and the thieves damaged the pop machine to take about \$4 in money. Extent of the damage was not listed. Deputy Williams investigated.

Sheriff Jinks Wilson investigated the entry at Flomot where about \$10 in cash was taken. Entry there was made by breaking open a door. No arrests have been announced in connection with the break-ins.

Car License Sales Lagging

With only 10 days left in which to buy 1964 motor vehicle license plates, Sheriff Jinks Wilson's office is expecting a rushing business before April 1, the deadline.

Last week end only one third of the motor vehicles in the county had been registered. No particular reason could be given for the lagging sales, which are far behind previous years.

Title and registration papers are required in addition to the money to procure the new plates. Car inspection stickers (not required for licenses) must be on motor vehicles by April 15.

Speaker Cites Life Contrasts

There is a wide difference in dying for a cause and living for a cause," Jim Ed Waller told his audience in the Baptist church basement Thursday night. He was guest speaker at El Progresso Club's annual covered dish dinner at which husbands were guests for "Gentlemen's evening."

Mr. Waller is president of Plains National Bank of Lubbock and was introduced by Forrest Campbell, husband of club president Mrs. Forrest (Jerry) Campbell.

The group had assembled in the church auditorium to piano music by Mrs. G. E. Hamilton and invocation by Rev. Miller Robinson, pastor of the church.

As the banquet started Richard Campbell sang two songs which received enthusiastic applause.

Theme of Waller's address was "Your point of view" and he cited many contrasts of meaning of words and phrases.

"There is a great difference in apprehension and comprehension," he said, "and we must not confuse life insurance and life assurance."

"There is great similarity in paintings of sunrises and paintings of sunsets. Some times only painters can tell the difference."

We should attempt to see the point of view of others from their viewpoint.

Mr. Waller said it was good to be back in Matador for a visit. He is past Dist. Gov. of Lions International Dist. 27-1 and presently secretary treasurer of Lions Crippled Children's Home in Kerrville.

Mr. Waller is related to the Glenn family and his appearance here presented the opportunity for a brief visit with Miss Sue Glenn, Miss Amy Glenn and Mrs. J. L. Woodruff.

TO HAVE SURGERY

FADUCAH, Mar. 19, Special Representative W.S. (Bill) Heatly of the 82nd Legislative District entered a hospital in Lubbock Thursday for removal of gallstones. The surgery will take place Friday.

Mr. Heatly's condition is not critical and medical advisors say he should be able to resume normal activity within three weeks.

AM I READY FOR THIS REVIVAL

WEEK END REVIVAL at the First Baptist Church will start here Friday at 7 p.m. with Evangelist Billy Weber conducting the services and Daryl James leading the singing. Both young men are senior students at Baylor University. The Sunday morning service will be at the regular hour, 11 a.m. Above photo is arrangement made by Rev. Miller Robinson, with the baptistry curtain serving as a backdrop.

FLASH!

It is official now. Charlie Scaff is the Matador postmaster after almost four years of serving as assistant postmaster.

He received a telegram from Senator Ralph Yarborough at a late hour last night, telling him of his appointment.

Wildcat Staked

MOTLEY — A 7,500-foot Pre-Cambrian wildcat has been scheduled in southeast Motley County by Kadeane-Griffith Oil Co. of Wichita Falls. The prospector is designated No. 1 C. M. Bird.

The drillsite is 660 feet from south and west lines of Section 6, Block S, J. H. Stephens survey, and 15 miles southeast of Matador.

Rites Held for Harry A. Carter

Funeral services for Harry A. Carter, 84, were held at 2:30 p.m. Monday in the First Baptist Church. Mr. Carter, a resident of Motley County for 65 years, died about 1:30 p.m. Saturday at his home following a lengthy illness.

Rev. Miller Robinson, pastor of the church, officiated, assisted by Rev. Gene Hawkins, pastor of the First Baptist Church at Lockney, and Rev. W. B. Vaughn, retired Methodist minister of Matador.

Burial was in East Mound Cemetery under direction of Seigler Funeral Home.

Mr. Carter was born February 11, 1880 in Fannin County and came to Motley County in 1899 to work on the ranch. He was married to Miss Cora Adelle Hobbs, May 24, 1906 at Matador and they continued to make this their home. He was active in managing his farm and ranch interests until about two and a half years ago.

He was a member of the Matador First Baptist Church for many years, and had also been a member of the I.O.O.F. Lodge. He died on March 14, 1964 at the age of 84 years, one month and three days.

Surviving are his wife, Mrs. Harry Carter, two daughters, Mrs. John Stotts and Mrs. Hugh Luckett, both of Matador; four grandchildren and three great-grandchildren.

Pallbearers were Pat Sheridan, Billy Wason, Albert Daffern, Lewis Bostick, Richard Turner and Wade Berryman.

Farm Bureau has Special Plan

Texas Farm Bureau President C. H. DeVaney has announced a special re-opening period for Farm Bureau members not enrolled in Blue Cross-Blue Shield plan.

For a 15 day period, which began on March 10, a special re-opening has been arranged which will entitle all Farm Bureau members not holding a reau members not holding a Blue Cross-Blue Shield membership to apply for an April 1 effective date, it was announced.

The offer is good until March 25.

Junior Class Play Pleases Audience

Audience reaction to the junior class play, "It Walks at Midnight," presented Tuesday night in the high school auditorium, was of satisfaction and praise.

While scene-stealers Jane Briscoe and Richard Campbell evoked the most laughter, the leading characters and supporting cast carried the brunt of the responsibility in presenting the plot with continuity.

Lead roles were played by Tommie Green and Ruthie Lynn as a honeymooning couple in an old haunted house. Others in the well-cast list of characters included Nonlene Bethard as the housekeeper, Richard Campbell as her retarded son, who imagined he was Tarzan; Nancy Bond as a girl of mystery; Scottie Robbins as the paying occupant of the house, with her mentally retarded afflicted sister, portrayed by Jane Briscoe, and a scheming nephew, played by Tim Green. Linda Tilson as a nurse, Kenneth Pitts as a Shakespearean actor and Tim Timmons as a policeman, completed the cast.

Class sponsor Bill Moss directed the play, assisted by Mrs. Reece Timmons.

Gregory Smauley Home from Germany

Gregory Smauley and his German-born bride of a year arrived here Tuesday of last week, and are residing in the Harp apartments after visiting his parents, Mr. and Mrs. C. C. Smauley.

Mr. Smauley was stationed in Germany for over three years, and was married to the former Ange Scholl of Karlstadt, February 23, 1963.

He received his military discharge in Fort Dix, New Jersey upon his arrival from Germany, February 29.

Attend Funeral For Curt Vaughn

Joe Stephens, Ed D. Smith and Raby Webb were among friends from this community who attended funeral services Friday, March 13 in Turkey, for Curt Vaughn.

Body of the pioneer cowboy, believed accidentally shot by his own rifle, was found Tuesday of last week on the Lewis Estate Ranch, near Turkey, but in Motley County.

Funeral services were held at 10:00 a.m. Friday at the First Methodist Church of Turkey, with the pastor, Rev. Fred Brown officiating. The body was conveyed to Memorial Park Cemetery in Amarillo for burial.

Serving as pallbearers were Eldred Seigler, Frank Derrick, Cicero Turpin, T. W. Bell, Paul Geisler, Walter Geisler, Jerry Morgan and Jake Chamberlain.

Dr. and Mrs. Albert Traveek visited in Houston during the week end with their daughters and families, Mr. and Mrs. Ned Morris and Mrs. Dorothy Gibson and sons, John and David. The boys returned here with their grandparents for a visit.

TRAIL DUST

By DOUGLAS MEADOR

Of a thousand dawns are in the ancient hills where warm sunbeams stir green shoots beneath a blanket of dried grass. Small purple, prairie flowers have already felt the breath of winds and dare to spread upon the valley floor. Buds are swelling on the mesquites and a blue hawk rides the sky late. Spring has touched the land with soft, child-like fingers.

The good men do is not always measured by bold lines in the monuments in the things. So many little things in life that the heart alone can leap the record and rejoice, a smile may well be a regular habit.

Worrying won't solve our problems but it will keep us in training to run and hide awhile from emergencies.

Some men are willing to get on their toes only when creditors get on their necks.

It is only fair to say many old men have more green backs than the rest of us.

Wisdom is the fruit of wisdom but should not ripen to the extent of distrustful reflection in a rear-view mirror.

Nothing is a rewarding vacation, especially as the grass begins to grow and the city streets, however, for this is the season girls begin to appear in shorts and old men stop to polish their glasses.

Tribune Enters 31st Year Here

There was a small change on the upper left hand corner of the Tribune's front page last week which said "70th Year - No. 1." It means that a weekly newspaper has been published in Matador for 70 years.

The Tribune is successor to that first newspaper, the Motley County News, published in 1894. The name of the newspaper changed many times in the following years and was eventually returned to the Motley County News.

Thirty years ago Saturday, March 14, the Tribune purchased the Motley County News from G. C. Mitchell. At that time the Tribune was a partnership composed of Douglas Meador and Howard Hamilton. About one year later, in 1935, Meador purchased Hamilton's interest in the weekly. It has continued publication under the same management since that time.

Eleven years and one month ago the Tribune moved into its own building at 1001 Main street. Previously the Tribune had been published for 19 years in the Masonic Building on Bailey Street (US Highway 70).

The Tribune was first printed in Matador in December 1933. The shop was in the old Kanzler Building (now removed) next door east of City Barber Shop on Dundee Street. Previous to that the Tribune had been the Roaring Springs News. The paper was moved here and the name changed to the Matador Tribune. After purchase of the Motley County News in 1934, the Tribune moved to the Masonic Building.

SINGING ANNOUNCED

There will be a singing at the Methodist Church in Dickens, Sunday, March 22, beginning at 10:30 p.m. according to an announcement to the Tribune this week. Everyone is invited to attend.

FARM SUPPLY IS NOW OPEN

Collier Farm Supply, Inc. (formerly Collier Flying Service) is now open for the season at Buzz Field Airport, Roaring Springs, on State Highway 70.

The firm is agent for Best fertilizers and also for fine cottonseeds and farm chemicals. Joe Collier, owner, said this week that the firm has extended its services and lines of agriculture supplies.

Last fall he purchased a second airplane to meet the needs of spraying services in this area. Mr. Collier has been flying for approximately 20 years. He makes his home in Roaring Springs.

Marion Bailey of Roaring Springs is manager of the firm. It was announced this week. Telephone number is Roaring Springs 691.

New Location

Badgett Paint & Body Shop has moved to the Berryman building three blocks east on US Highway 70. The shop was located in the former Spray building next door to the Recreation Club.

All equipment has been moved and David Badgett, manager, said he is continuing all types of paint and repair work without interruption. The telephone number, 347-2611, is the same as the old location.

Former Managers Back at Drive-In

The Shacklett family have returned to manage Shacklett's Drive-In on US Highway 70 east, after having operated a similar place in Spur for the past three months.

Mr. Shacklett said he would resume serving hamburgers, sandwiches of all kinds and box lunches, malts and ice cream. Old customers and friends and new customers are invited to visit the Drive-In under its former management. The telephone number is 347-2411.

Skit Is Feature Of Program On Conservation Heard by Gardner

Highlight of a program presented for Matador Garden Club Monday afternoon, March 16, in the home of Mrs. Howard Tra-week, was a "litterbug skit" entitled Moon Babes and Earth Maids.

The program on Conservation was led by Mrs. W. F. McCaghren who served in the absence of Keith Patton.

The meeting was called to order by the president, Mrs. U. L. Willie. Mrs. Warren Clements led the club in the pledge of allegiance, which was followed by an opening prayer by the president.

Mrs. Clements bought a very informative paper on "Good Gardens start with Good Soil."

"Any piece of ground that will grow weeds, will grow flowers," said Mrs. Clements. "Build up your beds, have a good drainage, use grass clippings, peellings and peat moss on the beds in the fall and let stand all winter. Cotton seed hulls and burrs are good mixed with sand in regular soil," she said.

Characters for the skit included "Light", Mrs. Eldred Seigler and "Bright", Mrs. Tom Spears, both costumed as "moon babes"; Mrs. C. P. Waybourn as "First Lady" and Mrs. McCaghren as "Second Lady." With Mrs. Tra-week as pianist, Mrs. W. N. Pipkin and Mrs. W. F. Jacobs sang "Up On a House Top," and "Way Down Upon The Texas Rivers," to the tune of "Old Folks at Home." Mrs. Forrest Campbell

served as commentator for the skit. The "Thought for the day" given by the leader as the program.

Mrs. Clements presented for the Home Placement Show to be held April 27, A. C. Traweek home, and members drew slips designating type of arrangement each to prepare.

Refreshments of hot tea, coffee and cookies were served by the hostess after the meeting.

In addition to those mentioned, others present were Mesdames Clotelle Horn, Jenkins, Fred Bourland, Sheridan, D. E. Pitts, and Mrs. Thacker.

As most of the farmers in the ... county missed the Soil Fertility ... meetings, I will try to cover the ... highlights of these two meetings.

COUNTY AGENT PALLMEYER SAYS:
BILL GUNTER, Area Agron- ... omlst: Sandy soils generally re- ... spond more to fertilizer than ... tighter soils, with the lower the ... fertility level, the more mois- ... ture is needed to produce a crop. ... Elements from the soil are sold ... each year in crops, and must be ... replaced if production levels re- ... main high. This is the same as ... your bank account, if no deposits ... are made, the withdrawals must ... stop.

Phosphorus is required on ... most of the soils of Motley Coun- ... ty. This element stimulates ... root growth of plants; increases

growth ratio of the stalk; has- ... tens maturity; improves quality; ... increases winter hardiness; and ... increases resistance to disease ... and drought. 80% of the phos- ... phorus is used by the time of the ... first square, therefore it is im- ... portant that this element be ap- ... plied before or at time of plant- ... ing, and as only 20% of the phos- ... phorus is used each year, it is ... possible to build up the phos- ... phorus level in the soil.

HARVEY WALKER, Agron- ... omlst, Lubbock Experiment Sta- ... tion: Proper timing of planting, ... fertilizing, irrigation and insect ... control is necessary for good re- ... sults. Place fertilizer within 4 to ... 10 inches of the seed, and soil ... test every 3 to 5 years. Fertiliz- ... er should be placed deep ... enough to be in moisture, as ... moisture is necessary for the ... plant to utilize the plant food. ... An ideal soil consists of 50% ... solids and organic matter, 25% ... water, and 25% air. Good struc- ... ture is necessary for proper root ... development, and may be re- ... stricted by a plow sole. A contin- ... uous organic matter supply is ... necessary, with fertilizer used ... to feed the bacteria that decom- ... pose organic matter.

JIM VALENTINE, Area Soil ... Chemist: Nitrogen is the key el- ... ement in rapid vigorous growth ... of all crops, increasing as size ... of heads of grain or weight of fruit ... increases. Nitrogen also increas- ... es the protein content in milo ... and wheat. For milo, apply nitro- ... gen before or at time of plant- ... ing, and for cotton, part of the ... nitrogen should be applied at ... this time, with side-dressing ap- ... plied at the time of first square. ... Most of the available nitrogen is ... used up each year, therefore it ... is best to apply for each crop.

From the slides sent by Roy ... McClung, \$4.00 has been receiv- ... ed for each \$1.00 spent for ferti- ... lizer on wheat and cotton, while ... \$3.00 has been received for each ... \$1.00 spent on fertilizer for milo. ... These tests started in 1956, ... when 14" of rain was received. ... Fertilizer recommendations are ... based on normal moisture for ... the area, and in 1962, dryland ... cotton yield was increased ... 221 lbs./A. on dryland using 20- ... 40-40. In 1963, milo yields were ... increased 1040 lbs./A. using 50 ... lbs. of anhydrous ammonia. ... Wheat yields were increased ... from 8.6 bu./A. to 26.6 bu./A. by ... the use of 40 lbs Nitrogen, in ... addition to increased grazing.

PATTERNS FOR PROGRESS

NATURAL RESOURCES

... basic factor in economic development

Many industries are established close to natural resources. One is pictured above - the Bestwall Gypsum Company near Quanah, where gypsum wall board and allied products are made. It is near Quanah because of large gypsum deposits there, and is a perfect illustration of the economic value of a natural resource to a community.

Employing 200 people, it adds payrolls, increases consumer sales, builds deposits in banks such as the one pictured left, and is a major factor in the Quanah economy.

This is a PATTERN FOR PROGRESS.

It is because here is a manufacturer using a natural resource. National studies show that each 100 new factory workers in a community increase local personal income by \$660,000, bank deposits by \$229,000, and create 65 new nonmanufacturing jobs, besides increasing all types of consumer sales.

The manufacture of natural resources pays big profits to a community, and almost every community has natural resources subject to development. WTU urges every community to assess and evaluate its own natural resources as a basic step in economic development.

Behind Scenes For Junior Class Play

by Scottie Robbins
 In every play presented there are at least four groups of people who should receive credit for the finished product. Three of these — the writers, the actors, and the directors — are recognized for their talents, but the fourth group — those who sell tickets, gather props, and arrange the publicity — are often forgotten.

Publicity is one of the necessities of every successful play. Heading the publicity committee was Gary Campbell, who was responsible for posters, news stories, and all other means of publicity.

After the publicity is out, tickets must go on sale. Lynda Elliott was head of the committee for printing and distributing the tickets.

The prop committee also played an important part in making the play successful. Charles Ezzell was chairman of this committee, and among the props he collected were a fireplace, an Army officers overcoat, a sword and scabbard, a picture of a Spanish-American War general, and a set of logs for the fireplace.

The Juniors wish to thank Mr. Bill Moss, our sponsor, who directed the play, the committee chairmen, Gary, Lynda and Charles; and the townspeople who own the props we borrowed.

WTU HOME ECONOMIST DEMONSTRATES STOVES

by Sue Stevens

Mrs. Katherine Ball, West Texas Utilities Home Economist, visited the Matador Home Economics classes last Tuesday, March 10, to demonstrate the new Frigidaire ranges in the new kitchen.

For **COLDS** take 666

Mrs. Ball emphasized and demonstrated the new features of the models now installed in the kitchen. All homemaking girls attended the demonstration. The girls will have a chance to put into practice what they learned, next six weeks when they start cooking.

As proof of performance of the new stoves, Mrs. Ball prepared candy and cookies, which she served to the girls.

1964 Lions Queen Nominees Named

The 1964 Lions Show will be presented Tuesday, March 24. The best or at least the prettiest part of the program will be the Lions Queen Contest.

The girls who will participate in this event are: Seniors, Mary Irwin, Betty Sandefer, and Joyce Scaff; Juniors: Noilene Bethard, Nancy Bond, Patsy Hankins, Fay Lynn Cook, and Stella Martin; Sophomores: Joanie Barton, Pat Day, Wanda Lipham, Sandra Sandefer, and Claudia Sonnier; Freshmen: Francis Martin, Jana Jones, Olivia Campbell, Darlene McAnally, Karol King, Glenda Sandefer, Judy Pitts, Rose Ann Terry, Melba Spray, and Leadell Luckett.

Girls Will Attend F. H. A. Area Meet

The F.H.A. girls will travel to Amarillo this week end to attend the National F.H.A. Area Meeting. The girls are looking forward not only to the meetings, but also getting to spend the night in Amarillo, Friday, March 20.

The meeting which they will attend will consist of electing new area officers, an hour and a half talent program, and a main speaker. Several girls from the Matador Chapter will be participating in this event in one way or another. Scottie Robbins will be a candidate for an area officer. Carolyn Perkins will be a voting delegate, and Pat Day, Ruthie Lynn, and Janie Killingsworth will participate in the choir.

The Area Meet usually consists of 2,000 to 3,000 girls who attend these meetings. Under the direction of Mrs. Ima Dora Haile, staff member of the Texas Teachers Agency, the program is worked out by the area officers.

Senior Spotlight

by Mary Irwin

Jack Mayo Luckett, the son of Mr. and Mrs. Jack Luckett, was born October 5, 1945.

Jack has attended the Matador schools for 12 years. During high school, he has been very active in F.F.A. Last year, he served as president and this year as vice-president. Jack has been awarded the Lone Star Farmers Degree and has been on several judging teams. He is also popular with the sister organization. He was elected F.H.A. Beau in 1963.

Jack stated that he was undecided about his future after graduation.

GRADE SCHOOL CLATTER

by Lynda Elliott

The second graders are trying to learn the terminology of modern math. Although they have started on cursive writing, they still use manuscript writing for everything but their writing lessons.

The members of second grade are bringing their old canceled stamps to school for a very worthy cause. The stamps are sent to the World Service Department of the National Council of Churches, where they are sold and the money sent to provide food for indigent children overseas. One hundred ordinary stamps will provide fifteen hundred cups of milk or \$9.50 of other food surplus (seventy-five pounds.) The stamps must have a one-fourth inch margin on all sides and should not be taken from the paper on which they are pasted.

In geography the third graders are studying the size, shape, rotation, and gravity of the earth.

The fourth graders have finished their study on Greece, and they are working on such projects as plays, stories, and drawings, and clay models on Greek life.

Peggy Marrs and Bill Barnhill have made pen pals from Scotland through the International Friendship League. Scotland has a special significance for Matador, since the Matador Ranch was once owned by a Scottish Syndicate.

Fourth grade students made original get-well cards for Mr. Welling, who is in the hospital. The classroom displays undersea drawings from the fairy tale "The Little Mermaid." The students used both crayons and tempera for the colorful pictures.

The fourth grade lost Sonja Hale, who moved to near Anson, Texas.

Through their study of Mexico, the eighth grade has come to this conclusion: "We would like to visit Mexico, but we surely wouldn't want to eat there!"

Vicki Holt and Deborah Tilson are working hard on interscholastic league spelling.

4-H CLUB MEETS

by Jeanette Day

The 4-H Club met at the Grade School on Tuesday, March 10. Stanley Martin, secretary called the meeting to order.

Interesting materials were given to each one, and a film on fishing was shown. It was very interesting and especially when we know people in many places make a living by fishing.

Two Fo(a)rds Live In Same Dormitory

LEVELLAND (Special) Two students by the same name on a campus might prove confusing, but when the two have the same middle initial and live in the same dormitory, it becomes even more confusing.

Donald Rix Foard and Don Ray Ford are South Plains College students residing in Forrest Hall. Both boys are known as Don Ford. The pronunciation are the same even though the spelling of their surnames is different.

Foard attended SPC last year while Ford is a second semester student. He attended only one semester at SPC last year.

Foard is the son of Mr. and Mrs. A. R. Ford of Plainview and Ford is the son of Mr. and Mrs. Weidon Foard of Afton.

A member of the SPC varsity basketball team, Foard is attending school this year on a scholarship.

He was winner of the coveted "Laverne Roach" award for clean living and citizenship and was also winner of the "Bulldog" award for good sportsmanship and hustle at Plainview High School. Both awards were the result of a vote by the PHS student body.

Foard, a member of Who's Who, is also a member of the SPC Student Council, president of Baptist Student Union, Circle K Club reporter, Student Education Association, Phi Theta Kappa, national honor society, and the T-Club.

TWO FO(A)RDS AND A CHEVY—Two South Plains College students with the same names (spelled differently) are shown above. They are, left to right: Don Ray Ford and Donald Rix Foard.

He was born at Bonham, Texas. The family moved to Plainview in 1951. His father is an inspector for the State Highway Department and his mother is a registered nurse. He has two younger sisters, Lucy, a senior at PHS, who may attend SPC next year, and Karen, a sophomore at PHS.

Reared On Farm
 Foard grew up on a farm and attended school at Patton Springs. He graduated there as salutatorian of his class in 1962. He was an FFA delegate and was chosen class favorite in his senior year at high school. He was named on the all-district football team in 1962.

Both boys are Baptists. Ford, a member of First Baptist Church in Levelland, is active in all phases of Church work. Foard is a member of the Primitive Baptist Church.

Foard says actually his family name was spelled FORD originally, but when three brothers, his ancestors, decided to split up and leave their native land of Ireland for the United States, it was decided to spell their name FOARD in order that they

might know who their kin was in later years.

"Very few have been found by that name," says Foard, who has one brother and one cousin besides his father, who bear that name. His father's people are from a community near Paducah, Ky.

Because of his love for writing, Foard is majoring in journalism and hopes to follow a career of writing, more in the field of articles and fiction than in the newspaper field. Ford is majoring in physical education. Both boys plan to get degrees from SPC and then get a final degree at a major college or university.

Chevrolet will go to any length to make you happy

Things have changed a lot since a Chevy was only a Chevy. Especially your ideas of what you want a Chevy to be. So now you have the Jet-smooth Chevrolet—17½ feet of pure luxury, bumper to bumper. The size makes it a luxury car. But not the price.

Or you can choose the thrifty Chevy II, a 15¼-foot family car with all kinds of passenger and luggage space. This year, your choice might be the new 16-foot-plus Chevelle, sized to fit nicely between Chevrolet and Chevy II (and between parking meters, with five whole feet left over).

Then, too, there's the sporty 16-foot Corvair, so right for so many people (you girls, in particular) that we've never touched an inch of it. And finally, Corvette—still 14½ feet and still too much for any true sports-car lover to say no to.

The long and short of it is, you don't have to go to any length to find exactly the kind of car you want. Just see the five different lines of cars at your Chevrolet dealer's.

DUANE CATES

Cattle Raisers Name Inspector

Duane Cates, 29, has been named Texas and Southwestern Cattle Raisers Association field inspector for this area. He succeeds Billy M. "Boots" O'Neal who resigned to accept a position with the W. T. Waggoner Estate at Vernon.

Cates will serve Floyd, Motley, Cottle, Foard, Crosby, Dickens, King, Knox, Jones, Stonewall, Haskell, Fisher, and Nolan counties. He will be headquartered at Crowell. Cates assumed the field inspector's duties, March 15.

In announcing Cates' appointment, Joe S. Fletcher of Fort Worth, TSCRA secretary-general manager, said, "We feel fortunate to have a man with Cates' ability to fill this post. He is intimately acquainted with both livestock and law enforcement work. He was reared in Foard County, has worked on farms and ranches most of his life, and since 1959 has been deputy sheriff of Foard County."

Duties of the TSCRA field inspectors include assistance in locating missing cattle, tracking down cattle thieves, and inspecting shipping cattle to determine ownership. The Association has 31 field inspectors. Twenty-eight are located in Texas and carry commissions in the Texas Ranger force. Three are headquartered in Oklahoma and they carry commissions as special deputies of the Oklahoma Crime Bureau. Cates is a veteran, having served in the U. S. Army from 1957 to 1959. His duty included service in France and Germany. He is married to the former LaRue Diggins of Crowell. They have one daughter, Tracy Marlene, 18 months. The Cates reside at 323 West Marietta Street, Crowell.

INSURANCE MAKES THE DIFFERENCE

DON'T LET THEFTS CAUSE YOU FINANCIAL LOSS.

A FARM AND RANCH-OWNERS POLICY WILL COVER MOST THEFT LOSSES.

SEE YOUR FARM BUREAU AGENT TODAY - LET HIM EXPLAIN HOW YOU CAN HAVE THEFT PROTECTION AT NO INCREASE IN COST OVER WHAT FIRE AND PUBLIC LIABILITY COVERAGE WOULD COST YOU IN SEPARATE POLICIES.

O'Neal worked for the Waggoner Estate before joining the Association in 1960. He plans to move to Vernon.

Visitors in the home of Mr. and Mrs. C. R. Davis during the week end were their son, Pete Davis, a student at West Texas State University, Canyon; Lloyd Martin of Littlefield; Mrs. Frances Davis and son, Mike, and Miss Doris Cooper, all of Lubbock.

Rev. and Mrs. Roy Patterson, and Mr. and Mrs. Charles Patterson and daughters, Tonya and Teila, attended to business in Lubbock Thursday afternoon and visited in the home of Mr. and Mrs. Elmo Collins.

Mrs. Barney King and small daughter, Kayla of Plainview spent the week end with her parents, Mr. and Mrs. B. H. Hobbs. They were accompanied by Miss Vada Nichols, student at South Plains College, Levelland.

What Must She Know About Auto Insurance?

Very little, actually. When it comes to insurance protection, it's not how much she knows, but how much she has. And that's where we come in. As an independent agency, we provide up-to-date protection to fit her family's need. We tailor the right coverages... in just the right amounts... and at the best possible rates. She knows we're taking care of it... and it's taking care of her. Come to think of it, that's about all she needs to know.

IN APPRECIATION

I wish to take this means of
expressing my appreciation to
friends who visited me during
my hospitalization, and for your
cards and letters. I am grateful
to all who remembered me in
any way.

Malcolm Morris

Mrs. W. O. Cox of Vealmoor
visited here last week in the
home of Mr. and Mrs. L. M. Cox.
John Austin of Lubbock, for-
mer Matador resident visited
friends here Tuesday.

IN APPRECIATION

To all our good friends who
were so faithful to us during the
long illness of our loved one,
and for your many expressions
of sympathy with flowers, cards
and visits, the lovely food, and
most of all your prayers that
helped us through these trying
times, we extend our heartfelt
appreciation. God bless each of
you, is our prayer.
