Three More Towns Fall To Yanks; Reds Direct New Thrust At Pinsk

Russian Dive Bombers Hunt Out Salients

MOSCOW, July 6 (AP)—The Red army unleashed a great new thrust today in the direction of Pinsk and Brest Litovsk, while vanguards of Gen. Ivan Cherniakhovsky's Third White Russian army were reported within 45 miles of Wilno, gateway to the northern Baltic republic.

Like the beginning of the White Russian campaign, the new drive was launched with terrific artillery barrage operating with mighty air support. It was too early, however, to tell whether it was a general offensive.

Cherniakhovsky's advance on Wilno from the southeast carried through Smorgonie, where his cavalry units were only 140 miles from the borders of East Prussia, front dispatches said.

Other Soviet troops mopping up the Minsk region proceeded with the liquidation of the battered remnants of the German 12th and 27th corps and the 39th tank corps.

Molodetsno, the latest major point to fall to the sweeping Russian offensive, was one of the mainstays of the German 50-mile Vitebsk-Nevelin line, and a junction of the Minsk-Vilno and Polotsk-Lida railroads.

Great waves of Stormoviks (dive bombers) hunted out the German salients in the Pinsk marshes, blasting them from low levels and driving the nazis along the few roads leading back toward the Gorin river and Pinsk.

The Russians' mighty push toward the Berlin-Warsaw-Wilno-Daugavpils - Pakov - Leningrad railway—one of the main arteries of the Baltics, was under pressure not only from Bagration's First Baltic army but also from Cherniakhovsky's cavalry and tanks.

The Red army is crossing the Vilga river west of Smorgonie, according to a dispatch from Red Star Correspondent Yakov Miletzky, and numerous Germans are fleeing down sideroads with the main escape route to Wilno shut.

Heavy Bombers Attack Germany

LONDON, July 6 (AP)—Around 1,000 U. S. heavy bombers attacked northwest Germany, enemy air fields in France and flying bomb grounds in the Pas-de-Calais department today while medium and light bombers assaulted railroad lines leading to the Cherbourg front.

The RAF in great strength bombed the robot platforms on the channel coast and the rail center of Dijon, 160 miles southeast of Paris.

Flying Fortress and Liberator targets were not immediately specified. More than 300 Marauder and Havoc bombers, in one of the heaviest operations since D-Day, made 30 attacks on these railroad lines: St. Malo-Rennes, St. Hilaire Due Harcourt-Fougères-Vitry, Argentan - Lemans, St. Fiers-Fomfront-La Chappelle and Nogent-Leroutrou.

Crawl Out Of This One Says The OPA

SAN FRANCISCO, July 6 (AP)—At least 200 members of a vast nudist retreat in the Valley of the Moon were called on the Office of Price Administration carpet today to explain how they reached the place on "A" ration gasoline, some from as far away as Oregon and Southern California.

OPA Agents Douglas Forsyth and Richard Francis, in the final move of a six-day investigation, walked in on the startled nudists yesterday as they sun-bathed and played cards in an idyllic setting some 40 miles north of San Francisco.

The agents reported that as many as 250 nudists a week drove to the Sonoma county camp, called Sun-O-Ma. They ordered more than 200 of them, from California towns, to explain possible violations of gasoline regulations.

LUXURY TRAIN DERAILMENT KILLS FOUR—Derailed cars of the Santa Fe's luxury transcontinental train, The Chief, lie scattered beside the right-of-way after piling up in a spectacular wreck near Flagstaff, Ariz. At least four persons were killed and several score injured. (AP Wirephoto).

Eighth Army Indian Troops Reach Umbertide Outskirts

Committee Flashes SOS To Purchasers

Only two days to go—and \$121,014 still needed in E bond purchases to put Howard county in the clear. That was the picture Thursday as issuing agencies reported sales through Wednesday night in the Fifth War Loan drive.

Total sales in E bonds amount to \$313,985 but the county is 151 \$1,000 bonds or 6,440 \$25 bonds behind the quota.

Bond headquarters reminded that some pledges from the Lt. Swancutt Hangs Self In Hospital

Lt. Swancutt SAN FRANCISCO, July 6 (AP)—Lieut. Beaufort Swancutt, under sentence of death by an army court martial, killed himself today in the army's Letterman hospital.

Military sources said he hanged himself with a bedsheet. Swancutt was convicted by a court martial at Camp Anza of slaying two young women, his commanding officer and a policeman.

He was wounded before his capture, and after the court martial was hospitalized at the army facility here.

Housing Program For Soldiers Considered

WASHINGTON, July 6 (AP)—The government is considering a housing program to enable servicemen to live with their families in those last days before they go overseas.

Rep. Isaac (D-Calif.) said today that such a program had been proposed by the National Housing Agency but that actual construction of the houses depends on release of the materials by the War Production Board.

Meanwhile, he said, thousands of service families are living in shacks, automobiles—even out in the open—in order to be with their men folk.

The Californian said that while the navy is working with the housing agency to obtain housing for the service families, the army is not sympathetic toward the program.

July 4th rally have not yet been redeemed and urged that these be taken up today or Friday. The pledges cannot be counted in the quota until they are redeemed.

In a desperate last minute attempt to get Howard county in the clear, the executive committee contacted volunteer workers to canvass on a door-to-door basis. Women workers at headquarters were instructed to contact anyone they knew who might buy a bond.

During the Fourth War Loan drive, the county bought 4571, 690 in E bonds and it seems hard to believe that it couldn't buy \$455,000 during this more important drive. The executive committee pointed out that the money is in the banks. Bank deposits are at all time high and bonds are as good or better than the money in the banks, the committee said.

The free movie day at the R&R theaters today may boost sales in some respect. The three R&R theaters are admitting free anyone who purchases a bond at the theaters today.

Gen. De Gaulle To Get 17 Gun Salute

WASHINGTON, July 6 (AP)—A 17-gun salute was prepared for General Charles De Gaulle of the French national committee when he arrives in the American capital today.

The White House, announcing that full military honors would be accorded the French leader said he would reach here from Algiers in the late afternoon.

In addition to the 17-gun military salute at the airport, De Gaulle will be received by the commanders of the United States army, navy, air forces and marine corps.

After the preliminary military greeting at the airport, he will be escorted to the White House for a presidential reception and tea. During his stay in Washington the French leader will be quartered in the Blair House, the government residence reserved for foreign dignitaries.

British Troops Threaten Road To Florence

ROME, July 6 (AP)—Indian troops of the Eighth army have reached the outskirts of Umbertide in the upper Tiber valley and are threatening the main road to Florence west of Arezzo, Allied headquarters announced today as stiffening German resistance brought the Fifth army's advance up the Italian west coast to a virtual standstill.

American advance units along the coast were reported in the vicinity of Castiglione, some 10 miles south of Livorno (Leghorn), but they were encountering heavy fire from all types of German weapons, including 170 millimeter rifles with a range up to 20 miles.

The Germans launched four fierce counterattacks yesterday against Americans holding half the town of Rosignano, but all were beaten off.

Further inland heavy fighting also was reported in the outskirts of Castellina, but United States tank forces succeeded in driving a mile and one-half northeast of Monte Catini under sharp fire from enemy troops lodged on high ground outside the town.

Umbertide, an important highway junction, was reached by Eighth army troops yesterday after they had crushed determined enemy resistance just south of the town.

On the Fifth army's right wing, French troops battered through German opposition to highway 68 between Colle Di Val D'elsa and Volterra in fresh advances of one to four miles. The French also thrust out some eight miles north and west of Siena.

East Sentenced To Life Imprisonment

GROESBECK, July 6 (AP)—Judge Lex Smith has sentenced to life imprisonment Herman East, 34, charged with robbery with a deadly weapon, who had entered a plea of guilty to robbery and assault in 87th district court.

East changed his plea from innocent to guilty and the jury in the case yesterday was dismissed as a result. East was charged in connection with the robbery of a Mexia insurance firm. During the robbery a woman employe of the firm was struck and seriously injured.

Coal Mine To Be Sealed With 64 Men Entombed

BELLAIRE, O., July 6 (AP)—A desperate struggle to save 64 coal miners trapped by fire in the Powhatan mine was abandoned today when fresh flames drove back rescue crews.

Fifteen hours after the fire started two miles from the mine entrance, state Mine Inspector Richard McGee announced there was no chance of the men escaping alive. Every outside entrance to the mine was ordered sealed.

Before the fire got out of control rescue workers had cut a new tunnel 300 feet through coal and rock in a vain effort to by-

pass the flames and reach the men. The fire broke out at 1 p. m. (EWT) yesterday when a rock fall broke a high-voltage trolley and sizzling sparks ignited coal near the junction of the main passageway and a 3,000-foot dead-end corridor in which the victims were working.

The mine, the largest soft coal pit in Ohio, is operated by the Powhatan Mining company, 15 miles south of here. No word had been received from the men since the fire broke out.

Up until 4 a. m. today, when sealing of the mine area was decided upon, Marcus Kerr, chief of the state division of mines, had expressed belief the men could be reached.

Charles E. Young, assistant superintendent of the mine, had asserted that if the men could have barricaded themselves properly, they could have held out five or six days.

Strong American Forces Continue Drive On Saipan

Chinese In Hengyang Get Powerful Support From Allied Planes

By J. B. KRUEGER Associated Press War Editor

Overwhelming American forces which had caught the Japanese with too little and too late pressed forward today to wipe out the last traces of resistance on newly-conquered Saipan and Noemfoor islands.

A slaughter impended on Saipan. At the northeast tip of this Pacific isle 1,500 miles from Tokyo and the Philippines, Japanese crowded by the thousands in caves, pillboxes, blockhouses and mountain passes, awaiting doom.

Correspondent Howard Handelman said the Japs, soldier and civilian, were resigned to their fate but determined on a last ditch fight against "Americans they know they can't halt."

Behind the front the cleanup of Garapan, Tanapag and isolated resistance points proceeded. Tokyo radio announced American warships bombarded nearby Guam and Tinian and air-raided Rota and Pagan yesterday. These raids were in line with the navy's relentless attacks to hamstring all bases from which the enemy could come to Saipan's rescue.

The Chinese bottled up in Hengyang got powerful support from U.S. bombers which dropped three tons of ammunition and supplies and bombed Japanese-held Canton to the south. Fires set in this coastal city could be seen for 100 miles.

The enemy had the edge in the Hengyang battle, however, putting the surrounded city under terrific attack from all sides. Chinese said 6,000 Japanese were killed there in the last 10 days, in testimony of the bitter defense.

Party Tries To Draw Wilkie In

ALBANY, N. Y., July 6 (AP)—An oblique effort to draw Wendell L. Wilkie into camp moved forward today as supporters of Governor Thomas E. Dewey bid publicly for campaign cooperation from congressional and senatorial candidates.

Although the GOP presidential nominee carefully avoided any appearance of soliciting Wilkie's backing, he gave the strategy left-handed approval by including Senator Sinclair Weeks, long-time Wilkie enthusiast, in a list of Massachusetts republicans invited to confer with him here Monday on campaign plans.

The executive group named by Brownell is headed by J. Russell Sprague, New York national committeeman, who is generally regarded as Dewey's No. 1 strategist. Other executive committee members include Colonel R. B. Creager of Texas.

Sprague has made no secret of the fact that he and others want Wilkie actively on their side.

IMPERIAL POTENTATE

MILWAUKEE, July 6 (AP)—Alfred G. Arvid, director of the Little Country theater, at Fargo, N. D., today was elected imperial potentate of the Ancient Arabic Order of the Nobles of the Mystic Shrine for North America at the order's 70th annual convention.

Germany Report Allied Retreat

By WES GALLAGHER SUPREME HEADQUARTERS, Allied Expeditionary Force, July 6 (AP)—Three more towns have fallen to Lt. Gen. Omar N. Bradley's footslogging American infantrymen flanking La Haye Du Puits, the Germans' western anchor point in Normandy, supreme headquarters announced today, and the French underground army has liberated whole sections of France.

The Americans took Glatigny, four miles southwest of La Haye and Scorman, nearby, in the sector near the west coast, while six miles east of the besieged town they captured La Butte, advancing their lines to the edge of the Morass, the Marias de

Fighting continued in the streets of La Haye where the Americans had captured the railway station, and heavy battles raged for the wooded high ground to the southeast in the Forest De Mont Caestre.

While the supreme command announced that 1,313 square miles of Normandy had been liberated—an average of 43 square miles a day since the invasion—British and Canadians in the Caen sector at the eastern end of the battle line clung doggedly to Carpiquet, three miles west of Caen, and waged a bitter fight for a no-man's-land airfield just to the south.

Stressing the help being given by French interior troops, the supreme command in a special communique said these forces were engaged in fighting on a large scale against regular German army units.

(The German-controlled Vichy radio asserted that American troops which yesterday entered La Haye Du Puits on the western flank of the Normandy front had retired northward after a violent German counter-attack.)

(A later German broadcast also indicated the Americans had been driven from La Haye Du Puits.

As the doughboys advanced virtually foot by foot against the stubborn Germans, a furious tank and infantry battle raged near Caen on the eastern flank of the Normandy battle area.

The supreme command said that the German troops there had reached a concentration of one division to slightly less than three miles of the front—a situation that leaves little room for maneuvering.

Hannegan Says FDR Will Run

COLUMBUS, O., July 6 (AP)—Robert E. Hannegan, chairman of the democratic national committee, said today it was his personal opinion that President Roosevelt would put aside "personal desire" and run for a fourth term, and added several men were being "considered" for the vice presidential post.

These, Hannegan told a press conference, included Vice President Wallace, House Speaker Sam Rayburn of Texas, Sen. Harry Truman of Missouri, Senate Majority Leader Alben W. Barkley, Manpower Commissioner Paul Y. McNutt, Gov. Robert S. Kerr of Oklahoma and Gov. J. Melvin Broughton of North Carolina.

The democratic party chairman, here to address a Jackson Day dinner, declared a "change of presidents would have an adverse effect on the conduct of the war." One reporter questioned a fourth term for Roosevelt from point of view of his age.

Hannegan expressed belief the democrats would carry Ohio on both national and state tickets.

FRESH FOWL FOR FIGHTING COAST GUARDS—GUARDSMAN—With a rifle slung over his shoulder, a Yank coast guardsman keeps watch over a beach area on Saipan Island, while behind him, tied to a signpost, is a native chicken apparently scheduled for the next day's chow. (AP Wirephoto from Coast Guard).

Buzz Bombs Kill 2,752 Persons

LONDON, July 6 (AP)—German flying bombs have killed 2,752 persons and wounded 8,000 others since blind robot attacks, centered on London, started three weeks ago, Prime Minister Churchill disclosed to the house of commons today.

More than 10,000 of the casualties were in London, Churchill said, announcing that children already were being sent from the capital as they were in the blitz days four years ago.

As the prime minister gave a grim accounting for the first time of the effect of Hitler's new weapons on the RAF again smashed at launching bases on the French coast whence 2,750 of the robot bombs have been discharged on England in the past three weeks Churchill said that "so far" about 50,000 tons of Allied bombs have been dropped on these targets.

More Britons have been killed by flying bombs in southern England than were killed in the first 15 days of the battle of Normandy, Churchill disclosed.

Between 100 and 150 flying bombs have been sent over daily, Churchill reported, but he added that "a very large proportion" failed to cross the channel or were shot down or destroyed by the various methods.

The prime minister revealed that flying bomb casualties occurred almost wholly in London. The prime minister said the British intelligence got its first information early in 1943 that the Germans were developing a long range weapon for the bombardment of London and that counter measures were studied immediately.

Action Would Mean \$14,000 To School Dist.

If the attorney general approves the action of the state board of education Monday in voting to make a supplemental payment of \$4 per scholastic to the various school districts of Texas, it will mean more than \$14,000 to the Big Spring Independent school district.

Independent school districts outside of Big Spring (Cochran and Knott) would receive around \$6,760, and the common school districts of the county would get an additional \$4100. Scholastic population of the Big Spring Independent School district was 8,650 last year, but it is due to show a moderate decline this year.

The state board, in voting the appropriation above the \$25 per capita limitation, passed a resolution expressing the hope the funds would be used for teachers salaries. This, however, is a matter which ultimately rests in the hands of local boards, but in the case of Big Spring there appeared little doubt that course of action would be followed in event legal approval is given the payment.

Collectors Check For Car Stamps

Under the stimulus of a special check by deputy collectors of internal revenue, automobile stamp tax sales zoomed Thursday.

At the same time, H. W. Axe, deputy collector in charge of the Odessa district, was doing a brisk business of collecting five dollar fines for failure to have stamps.

All during the morning he had several persons waiting in his office, and there was little prospect that the number would decrease during the afternoon.

Appeals for more E bond purchases did not fall on deaf ears Thursday.

When the doors of bond headquarters opened Thursday, the first person to apply for an E bond was James Currie.

Mr. and Mrs. Currie's son, Robert, the bombardier on the B-29 Superfortress, which holds the record for the longest over-water combat flight, had convinced him of the necessity of backing the boys with bond purchases, he said.

Nazis May Attempt To Attack N' York With Rocket Bombs

HOLLYWOOD, July 6 (AP)—The nazis may endeavor to attack New York with flying bombs, launched from U-boat trailers, says Louis F. Lochner, NBC commentator and former chief of the Berlin bureau of the Associated Press.

This possibility, Lochner asserted in his broadcast last night, is based on information he said he received from a German refugee who had occasion to observe early development and tests of the robot raiders.

"As a measure of desperation, and in order to bolster home morale, the nazis may actually release rocket bombs on our Atlantic coast, aiming them, I suppose, at New York," he said.

The commentator said that, as outlined by the refugee, now an American citizen, the plan probably would be to approach as closely as possible to the coast by U-boat and trailer, the latter equipped to launch the rocket bombs.

Father Realizes Need Of E Bond Purchases

Appeals for more E bond purchases did not fall on deaf ears Thursday.

When the doors of bond headquarters opened Thursday, the first person to apply for an E bond was James Currie.

Mr. and Mrs. Currie's son, Robert, the bombardier on the B-29 Superfortress, which holds the record for the longest over-water combat flight, had convinced him of the necessity of backing the boys with bond purchases, he said.

Satterwhite - Faguin Vows Read At Methodist Church

Miss Doris Satterwhite, daughter of Mr. and Mrs. W. S. Satterwhite of Big Spring, became the bride of Guy Faguin of Paris, France, son of Mr. and Mrs. Jean Faguin of Dakar, France, in a double ring ceremony read Wednesday evening at 7:30 o'clock in the First Methodist church.

Rev. H. C. Smith solemnized the wedding vows.

The bride wore a blue linen informal dress and black accessories with a shoulder corsage of red roses.

She was attended by two bridesmaids, Debra Bradford and Faye Simpson. Miss Bradford wore a white and blue informal dress and white accessories with a corsage of pink carnations. Miss Simpson wore a blue dress and fuchsia accessories with a corsage of white carnations.

The bridegroom was attended by Paul Bonnet and Lucian Falendy. The couple left this morning for a wedding trip in San Diego, Calif. When they return they will be at home in Big Spring until the bridegroom is further assigned. The bride chose for traveling, a black suit and black accessories.

Mrs. Faguin is a graduate of Big Spring high school and has recently been employed with the Big Spring Health Clinic.

The bridegroom is a graduate of the University of Paris. He received his wings Saturday when he graduated with class 44-9.

American Nurse, Lieutenant Are Married In Rome

ROME, July 6 (AP)—Pretty Lt. Emily M. Bernard, an Army nurse from Rumford, Me., and Lt. Edgar E. Erwin, Jr., of Lake Providence, La., were married yesterday in the chapel of the Blessed Sacrament—the first American military wedding performed in St. Peter's during this war.

After the ceremony the couple received a blessing from Pope Pius XII.

The ceremony was made possible by negotiations by Capt. Christopher O'Hara of the AMG office of Vatican relations, who also performed the marriage, with the papal secretary of state.

The bride and bridesmaid, Lt. Rhabdia Pieucci of Leominster, Mass., both wore satin gowns sent from the United States. Warrant Officer Don N. Schneider of Minneapolis, Minn., was the best man. Staff Sgt. Joseph Gallant of Rumford, Me., and Technician James Sweeney of Groesbeek, Mich., assisted in the ceremony.

Entertainment Is Scheduled For VFW Auxiliary

An entertainment was planned and new members were discussed when the VFW auxiliary met Wednesday evening in the VFW home for a business meeting.

The entertainment has not been set for a certain date but will be given soon.

Those present were Mrs. Jessie Brown, Mrs. Edna Knowles, Mrs. Eula Lee, Mrs. Isa Lee McKenny, Mrs. Myrtle Sentell, Mrs. Dorothy Hull, Mrs. Edna Monroey, Mrs. Jewel Morgan.

WCTU To Meet

The Women's Christian Temperance Union will meet Friday afternoon at 3:30 p. m. at the Main Street Church of God. All are invited to attend.

Society

Social Calendar Of Events For Week

THURSDAY
FRIENDSHIP CLASS of the First Baptist church plans to have a picnic at the city park at 7 p. m. for members and their families. COUPLE'S DANCE CLUB will have a dance at the country club at 9 p. m.

FRIDAY
SUSANAH WESLEY CLASS of the First Methodist church meets in the church at 12 o'clock for a luncheon. TRAINMEN LADIES convene in the WOW hall at 2:30 o'clock.

Twenty-nine Girl Scouts Leave Today For Camp Lewis Farr At Mertz

Twenty-nine Girl Scouts and three leaders left Thursday morning for Camp Lewis Farr at Mertz.

The group left from the First Methodist church and were sponsored by Mrs. Dan Conley, Mrs. M. S. Toops, Mrs. H. W. Smith.

Girl Scouts who accompanied the sponsors were June Cook, Patay Stallings, Caroline Smith, Lynette Blum, Nancy Lee Smith, Jo Ann Smith, Joyce Ann Pritchett, Jo Jo Alexander, Beverly Trapnell, Quaphs Preston, Lera Joyce Hale, Nancy Lovelace, Rebecca Rogers, Charlotte Williams, Glenna Coffey, Frances Lee, Betsy Jones, Barbara Petty, Kay Warren, Peggy Toops, Shirley McGinnis, Geraldine McGinnis, Ila Jean McGinnis, Betty Hunsycutt, Jean Conley, Beverly Campbell, Mary Jane Collins, Sue Nell Nall, Rita Wright.

The group will spend several weeks at the camp.

Group Members Are Hostesses At Meet Of Philathea Class

Members of Mrs. T. M. Lawson's group, which included Mrs. J. D. O'Bar, Mrs. Linna Tucker and Mrs. Robert Hill, were hostesses Wednesday to the Philathea class of the First Methodist church when it met in the church.

All were urged to attend the review of the book, "The Valley of Decision," Thursday at 4 p. m. in the church parlor, and reports on activities were given.

Present were Mrs. T. H. Neal, Mrs. Frank Wilson, Mrs. C. M. Weaver, Mrs. O'Bar, Mrs. Ennon Lovelady, Mrs. Tucker, Mrs. V. H. Fiewellen, Mrs. W. L. Meier, Mrs. R. E. Satterwhite, Mrs. C. L. Steele, Mrs. Harold Parks, Mrs. Ralph Towler, Mrs. Lawson, Mrs. Hill, Mrs. M. S. Beale, Mrs. S. H. Nobles, Mrs. Jake Bishop, Mrs. Ches Anderson, Mrs. Lewis Murdoch and the Rev. and Mrs. H. Clyde Smith.

Local Boys Receiving Pre-Flight Training At San Antonio Field

SAN ANTONIO AVIATION CADET CENTER—At the San Antonio Aviation Cadet Center, potential pilots, bombardiers and navigators are receiving preflight training and duties as aircrew members in the army air forces.

The future fliers are subjected to a rigorous 10-week program of instruction covering physical, academic and military training. At the cadet center they study maps and charts, aircraft identification, small arms and other subjects while being conditioned physically for the long training period ahead. Bombardiers, navigators and pilots receive the first five weeks of preflight instruction as a group, then are separated for specialized training.

The present class includes 186 from Texas, two of them from Big Spring: J. C. Alderson, Box 1303, and Frank G. Sholte, 609 Johnson street.

Maximum Price Is Placed On Melons

WASHINGTON, July 6 (AP)—Maximum prices, established for the first time for all melons except watermelons, were announced today by the Office of Price Administration.

The melons will be under community pricing at retail, retaining the same mark-up in individual communities.

Season average prices, which OPA said would be considerably lower than last year's prices in all states, will be: Cantaloupe, 9.1 cents a pound; Honeyball, 9.8 cents; Honeydew, 11.1 cents; Persian, 12.1 cents; Casaba, 9.8 cents; Crabsaw, 11.8 cents; all other melons, except watermelons, 9.8 cents.

Recent guests of Mr. and Mrs. B. L. LeFever were Mr. and Mrs. David T. Guin, Mr. and Mrs. John Hutchison, and Frances Davis, all of Abilene.

Explaining that he was speaking in terms of ammunition rather than numbers of men, Patterson said this tremendous fire power "includes everything—small arms fire, grenade, mortar, artillery, airplane bombs and rockets."

This means, Patterson declared, "that for every bomb, shell or bullet thrown at us by the Germans, we will give them four."

While he did not use an exact comparison, Patterson said that "the figures for the Pacific will be fully as good." He noted that there had been times "when we have been on the short end, such as at Bataan."

WASHINGTON, July 5 (AP)—President Roosevelt signed today a bill relieving members of the armed forces of tax liability in states in which they are assigned temporarily. The measure also stipulates that absence from home state does not affect the citizenship of service people.

TO CHECK MALARIA IN 7 DAYS take 666 Liquid for Malarial Symptoms.

Evelyn Flynt Honored With A Personal Shower Given In The Home Of Mrs. M. B. Thomas

Evelyn Ann Flynt was honored with a personal shower Wednesday evening when Mrs. M. B. Thomas entertained in her home.

Mrs. Thomas was assisted by Miss Flynt's mother, Mrs. C. A. Flynt. Miss Flynt left Wednesday night for Glen Falls, Idaho, where she will marry Lieut. Arthur B. Jopson, Jr.

The serving table was laid with a white lace cloth and centered with an arrangement of white gladioli. White tapers were also used on the table.

Gifts were presented to the honoree and refreshments were served.

The guest list included Mrs. L. M. Fisher, Mrs. Dorothy Hall, Mrs. Leola McCoy, Billie Boatler, Mrs. Sara Johnson, Mrs. Harold Runyan, Mrs. R. W. Rogers, Mrs. Billy Womack, Gloria Hall, Mrs. A. C. Walker, Mrs. John Dukes, Mrs. A. M. Rippy, Mrs. Sam K. Robinson, Pauline Schrimsher, Mrs. Russell Rayburn, Mrs. J. L. Hale, Mrs. Samuel Heffner, Wanda Neel.

Barbara Laswell, Marjorie Laswell, Lee Ida Pinkston, Sara Maude Johnson, Mrs. Hugh Davis, Mrs. Margaret Davis, Mrs. Paul Otis, Mrs. Douglas Orme, Mrs. J. A. Myers, Mrs. Charles Girdner, Mrs. H. W. Killingsworth, Mrs. Novis Womack, Helen Killingsworth, Mrs. D. D. Douglass, Mrs. Jack Nall, Mrs. Pauline Silveria, Caroline Smith, Mrs. Harriet Smith, Mrs. Pepper Martin.

Organizations to take charge on Friday will be Central Ward P.T.A. at the State National Bank; Modern Woman's Forum at the First National Bank; AAUW at the Bond Headquarters and B&PW at the Ritz.

COUPLE BURIED BROWNSVILLE, July 6 (AP)—Two former Brownsville residents, Mr. and Mrs. E. T. Yates, Jr., who drowned in a Columbian lake near Techo airport Sunday, were buried yesterday at Bogota, Colombia. Burial was in the British-American cemetery at Bogota, following joint services.

Mr. and Mrs. J. C. (Jake) Douglas entertained the Lions club and the auxiliary with an open house at their home, 401 Pennsylvania, Wednesday evening from 8 o'clock until 11 o'clock. Refreshments were served to the guests.

How to ruin dresses and lose friends

It's tragic how some girls lose their friends and ruin their dresses because of perspiration odor and stains. And there's no excuse for it. It's easy to save dresses, it's easy to save friends.

Use Arid, the new cream deodorant that helps keep your armpits dry and removes the odor from perspiration. Arid is safe and dependable for these five reasons:

1. Arid does not irritate skin. Does not rot dresses or men's shirts.

2. Prevents under-arm odor. Helps stop perspiration safely.

3. A pure, white, antiseptic, stainless vanishing cream.

4. No waiting to dry. Can be used right after shaving.

5. Awarded Approval Seal of American Institute of Laundering—harmless to fabric. Use Arid regularly.

Arid is the largest selling deodorant. Sold at all stores selling toilet goods—39c and 59c a jar. (Price Two)

BUY MORE WAR BONDS

"Out Of The Foxholes By Thanksgiving"

By HAL BOYLE
WITH AMERICAN TROOPS IN NORMANDY, June 30 (Delayed)—Take it from the American boys who are fighting it—this second World War in Europe is going to be wound up this year. That old first World War battle-cry, "Out of trenches by Christmas," is getting to be the victory slogan of these sons of men who

helped wind up the last major engagement in France in 1918. This time there is a slight modification. Now it goes, "Out of the fox holes by Thanksgiving." This may seem premature and overoptimistic but a lot of veterans who a year ago laughed at the people back home who began predicting an early end to the war after the

fall of Stilly think now that he Germans are about ripe for the knockout punch.

There are several factors leading them to believe that the Nazis within a period of months will hit the military toboggan. Among these are the swift capture of Cherbourg, the great growth of Allied airpower, America's improved ground weapons and undrained manpower and the fact that the Germans are now spread-eagled and fighting on three fronts.

"Listen pal, nobody can take it long when he is being kicked around from three different directions," said one.

"That Hitler ain't any better than the next guy when he gets caught in a revolving door."

The victory thrill is in the air. It runs through the entire army. Most of the soldiers don't kid themselves about it being easy. They know big battles are ahead but they feel that the Germans no longer can take many titanic smashes and stay in the field.

"I feel," said six-foot, two-inch Lt. Lawrence B. Kane, of Gregton, Tex., "like one of my boys who wrote to his wife, 'this is the route we picked to go home by and may God help any man who tries to stop us because we are mighty homesick.'"

WACS ENJOY AFRICAN SHORE—On a seaside holiday near Algiers, these WACs stationed in North Africa are (left to right) Cpl. Matilda Willard, Youngstown, O.; Pfc. Emma Bascom, Valparaiso, Ind.; Pfc. DANIEL BOONE KIN HUNTS JAPS ON SAIPAN—Hunting Japs on Saipan Island, in the Marianas, is Marine Private Jerome Harshon Boone, Jr., (right) of Fort Worth, Tex., who, the U. S. Coast Guard captain on this picture states, is a great, great grandson of the famed Indian and bear hunter, Daniel Boone of Kentucky. Boone is helped in pulling a Jap he killed from a foxhole by Marine Pfc. Kenneth Deanwile of Enid, Okla. (AP Wirephoto from Coast Guard.)

Scores Die As Big Top Flames

BULLETIN HARTFORD, Conn., July (AP)—An undetermined number of persons, estimated by various officials at between 50 and 100, died today in a fire which turned the big tent of the Ringling Bros. and Barnum and Bailey circus into pandemonium.

A tragic scene of death and County Detective Joseph Mitchell said the number of dead would reach "at least 100" and that the number of injured, trapped beneath the blazing canvas when it collapsed at 2:45 p. m. in the midst of the afternoon performance, was beyond immediate estimate.

Maverick Comments On Production Turnover

DALLAS, July 6 (AP)—Following the war "there will be 15,000,000 to 30,000,000 persons for whom jobs must be available," says Maury Maverick, chairman and general manager of the Small War Plants corporation, who added:

"If war production is cut off without something being done to protect the little plants, we are going to have one of the greatest convulsions in the history of the economic world."

In an interview, Maverick condemned the grandfather provision and the Cherokee Strip ideas which he said big business is attempting to put over.

He said the grandfather provision would give the advantage to business set up before the war and the term Cherokee Strip he used to describe the plan under which all businesses, big and little, would start making civilian products on the firing of a starting shot.

Here 'n There

Nellie Gray, former secretary to the commanding officer of the Big Spring Bomber school, left Thursday for Ft. Oglethorpe, Ga., to begin her basic WAC training. She did not ask for station assignment.

Cpl. Robert Mullins is here visiting with his mother, Mrs. Dora Mullins, and with his sister, Mrs. Bert Shive, of Coahoma.

Darrell Douglas Barrows manager, has left for Chicago for the furniture market.

J. Hassler Strickland, manager of the Big Spring office of the Social Security board, was to go to Dallas Friday for an examination in connection with a commission as an ensign in the USNR.

Easements for the city's pipeline are coming in at a steady rate, said B. J. McDaniel, city manager, Friday. The line is to be around 21 miles in length and the city is seeking a 50-foot working as well as a 50 line easement.

Pvt. Sam Bloom, who is stationed at William Beaumont general hospital at El Paso, is home for a short furlough.

Pvt. Billy Roy Hamrick, son of L. C. Hamrick, Ackerly, is now taking on the line training at South Plains AAF at Lubbock. Following this course, he will get pre-flight training.

Widow Of Notorious Frank James Dies

EXCELSIOR SPRINGS, Mo., July 6 (AP)—Mrs. Ann Ralston James, 91, widow of Frank James, notorious Missouri outlaw, died today. She had been in ill health and blind for several years.

Until the last, Mrs. James adhered to the vow that the "true story" of Frank James and his equally-notorious outlaw brother, Jesse James, would die with her.

For several years, Mrs. James had spent the winters in Texas and the summers at the James farm, three miles east of Kearney, Mo. The James boys lived near Kearney during many of the years of their banditry.

A son, Robert James, who lives on the north Missouri farm, is Mrs. James' only survivor.

Be sure your shoes fit well, as cramped toes that are insufficiently exercised will help weaken the metatarsal arch.

Biggs Field, Covered With Prairie Hay, Resembles Harvest Time In The Desert

By JACK SITTON
BIGGS FIELD, Tex., July 6 (AP)—When 600 tons of baled hay rolled into Biggs Field recently on flat cars, G. I. Joes looked up and wondered if the cavalry was being moved in.

But the Army merely was pushing its efforts to lick the dust storms which fouled up airplane engines, hampered work at the base and laid up soldiers with "dust pneumonia."

More than a quarter million dollars has been spent at the field in efforts to anchor the dust.

Prairie hay is the latest and cheapest solution of the dust menace. Biggs Field looks like harvest time in the desert to bomber crews who taxi along the runways. Bulldozers level the hummocks of sand and mesquite.

How does hay control dust? It's no new idea, according to Army engineers, who say the stunt was used 30 years ago on truck farms in southeast Texas.

First, the ground is leveled to provide landing area for bombers. Then hay is spread. Then a combination cultivator and roller chops the hay into bits and knives it into the sand, with a pneumatic roller packing the sand around the hay.

Gamma grass seed is scattered in the hay. The hay rots, the grass grows, an dthe desert has a permanent wave of green.

Mechanics and surgeons alike report their work has been made easier. Maintenance work frequently was at a standstill during dust storms of the past, but now airplane mechanics work on as storms pass around the field.

Livestock

FORT WORTH, July 6 (AP)—Cattle 2,700; calves 900; slaughter classes steady to strong; medium to good slaughter steers and yearlings 11.00-13.50; beef cows mostly 6.75-9.00 with a few up to 10.50; good to choice fat calves 12.00-13.00 with a few higher; stocker steers 6.00-10.00.

Col. Roosevelt And WAC Will Wed

WISCONSIN RAPIDS, Wis., July 6 (AP)—The Wisconsin Rapids Tribune yesterday afternoon carried a story of an interview with Mrs. Frank Rosebush of nearby Fort Edwards in which Mrs. Rosebush confirmed the report of the engagement of her daughter, Capt. Ruth Briggs of the Women's Army Corps, to Col. Elliott Roosevelt, son of the president.

LONDON, July 6 (AP)—Col. Elliott Roosevelt and Capt. Ruth Briggs of the Women's Army Corps were busy at their military duties today at widely-separated bases in Britain and no comment was immediately forthcoming concerning their engagement as reported in dispatches from the United States.

Although the president's son cheerfully accepted personal congratulations, he declared "I have nothing to say."

Capt. Briggs, who is an assistant to a general, was reported too busy with invasion work to discuss the romance.

Combines Not Needed In Wheat Harvest

Combines, tractors and trucks have arrived in sufficient numbers in most Panhandle points to care for the bumper wheat harvest, the county agent's office was advised Thursday.

Machinery operators were advised to check the agent's office before making a trip to the area. Laborers are still sorely needed to unload the grain at glutted terminal points and application should be made through the US Employment Service office.

Col. Warren Heads Britain Bomber Post

AN EIGHTH AAF BOMBER STATION, England—Colonel Robert W. Warren, former commanding officer of the bombardier school at Big Spring, Texas, has assumed new duties as commander of this veteran Eighth AAF Flying Fortress group.

He took command of the organization shortly after the invasion of Europe, and now is directing its attacks on the German armies and lines of communication on the Normandy front.

Col. Warren's command is one of the oldest in the Eighth Air Force, the group having completed more than 160 missions against Nazi military and industrial targets.

A graduate of West Point in 1928, Col. Warren obtained flight training at Brooks and Kelly Fields, graduating in the fall of 1929. Most of the colonel's army service has been spent in the Flying Training Command. He was a flight training instructor at Randolph Field for several years, and served in Hawaii for three years.

From 1941 to 1943, he was executive and then commanding officer at Ferris Field, Sherman, Texas, and later took command of the Big Spring bomber school. He is a command pilot, having more than 4,000 hours of flying time.

His wife, Mrs. Elsie P. Warren, and their four children—Catherine, 12; Edwin, 8; Robert Henry, 3; and Richard, 3-months-old, live at Big Spring.

Col. Warren's parents, Mr. and Mrs. H. L. Warren, live at 70 Third St., Santa Cruz, Calif.

Terrified Youth Wasn't Woofing

DENVER, July 6 (AP)—Terrified and bedraggled, a 15-year-old boy raced on his bicycle to a drug store near city park last night, shrieking:

"A lion is after me!"

For evidence, he showed a large tear in his trousers. The druggist, at first skeptical, finally called police.

More than a dozen squads, armed with riot guns, tear gas and other lethal implements, sped to the park zoo.

They found a lion, cowering in some shrubbery. He had escaped when an attendant neglected to fasten the door of his cage. In a few minutes he was herded back into the cage by the hastily-assembled safari.

War Costs Of US

WASHINGTON, July 6 (AP)—War costs to the United States ran to \$170,235.65 a minute in the fiscal year ended June 30.

In round numbers, this country spent \$89,721,000,000 in the fiscal year. This was at the rate of \$245,139,344.20 for each of the 366 days, a Leap Year accounting for the extra day.

On the basis of seconds, the war cost \$2,837.26 plus for each second of the year.

1944 Crop Of All-Stars Ignore Pre-Game Jitters

By JACK HAND
Associated Press Sports Writer

All-stars have a habit of going sour when their names are called for "dream game" duty but the 1944 crop today showed signs of ignoring the pre-game jitters and carrying on business as usual.

George Munger, Stan Musial, Ray Mueller, Connie Ryan, Dixie Walker, Joe Medwick and Mel Ott of the National league cast and Paul "Dixie" Trout and Dutch Leonard of the American stood out

In yesterday's major league games. As the St. Louis Cardinals whipped the New York Giants, 4-1, in a night game, Munger upped his win record to 11-3 and Musial clubbed a double and single, pulling to within two points of Dixie Walker's league-leading average by boosting his mark to .370. The only Giant run was scored by Ott who doubled and was driven home by Medwick. Munger is slated to go into the service the day of the all-star fray. Rookie Swede Hansen was the New York loser.

Mueller tied the National league record set by George Gibson of Pittsburgh in 1909 when he caught his 133rd consecutive game for Cincinnati as the Reds dumped Brooklyn, 4-1, for their ninth straight loss. Mueller started his streak last year when he caught the last 62 games of the Red season. The Cincy "iron man" had one of his club's eight hits off Ed Head who was charged with the loss. Ed Heusser allowed only three Brooklyn singles, one by Walker to maintain his batting lead.

Ryan was the hitting star of Boston's 7-3 verdict over Chicago with four singles in five at bats but Jim Tobin, who failed to make the all-stars, retired the first 16 Cubs in order and allowed only one hit in seven innings although he wound up with a seven-hitter and the nod over Paul Erickson. Dick "Kewpie" Barrett of the Phils started too late to make the big game but settled for two vic-

torles in the same afternoon over Pittsburgh, hurling the last inning to complete a "suspended" game from May 21 with a 9-4 edge and then handing the Pirates' Ray Starr his first defeat, 12-3 in the regular game. As a result Cincinnati took over second place.

Trout joined the 10-win club as Detroit stopped Boston 8-1 with Emmet O'Neil taking the loss and Washington's Leonard baffled Chicago, 3-1, in a night game as Bill Dietrich, making his third start in six days, failed again in his quest for his 10th triumph.

George Caster of the Browns stopped Philadelphia in three innings of neat relief chucking and came through with a single with the bases loaded in the ninth to earn a 4-3 nod. Joe McCarthy's revised batting order worked for a Yankee 6-3 edge on Cleveland as Atley Donald outpitched Al Smith and New York moved back into third place.

Foxx Removed From Cubs Playing List

CHICAGO, July 6 (AP)—After more than 18 years of major league service, Jimmy Foxx has been removed from the Chicago Cubs' active playing list—but he will remain as a coach and bullpen catcher.

Foxx, three times the American league's most valuable player with Philadelphia and Boston, returned to the Cubs this season after a year's layoff but he has seen little service. In 19 times at bat, Foxx, who has a lifetime batting average of .328, got one hit for a .053 average.

The Cubs made the move to make room for Japhet (Red) Lynn, a pitcher with Los Angeles last year but a holdout until recently.

Buck Shaw Free Agent

SANTA CLARA, Calif., July 6 (AP)—Lawrence T. (Buck) Shaw, coach of University of Santa Clara football teams for eight years, is a free agent today. The university announced that Shaw has resigned

Sports

The Big Spring Daily Herald

Pep Confident Of Coming Bout

CHICAGO, July 6 (AP)—Willie Pep, whose only defeat in 74 professional bouts was by Lightweight Sammy Angott, looks upon his 10-round bout here tomorrow night with Willie Joyce as the beginning of a campaign to annex the lightweight crown.

The Hartford, Conn., lad, recognized as world featherweight champion in New York, thinks his speed and boxing skill will carry him through against Joyce, two-time conqueror of Hammerin' Henry Armstrong and one of the toughest little men in the business.

"Sure, I hope to move into the lightweight class and try to win the title," he said. "Why not?"

Pep, now only 25, won his feather crown from Chalky Wright, then emphasized his standing in the boxing fraternity by whipping Sal Barolo, the NBA-recognized titlist.

In Joyce, 26-year-old former Golden Glove champ from Gary, Ind., Pep will meet a battler extremely fast and a splendid boxer who will outweigh him by about five pounds. Joyce has posted a guarantee that he will come in at 134 pounds—five less than he weighed in winning a split decision from Armstrong here recently.

Pep probably will weigh 129 or less.

Cecil H. Barnes for Representative (Pol. Adv. Cecil H. Barnes).

In view of the cancellation of the school's war-time football program.

M'Spaden, Nelson Favored In Golden Valley Tourney

MINNEAPOLIS, Minn., July 6 (AP)—Those two title monopolists, Jug McSpaden and Byron Nelson, who between them have won eight of 13 golf tournaments in seven months, were heavily favored today to win the Golden Valley invitational tournament.

The second annual best-ball tournament at Harry Cooper's home course began today and will continue through Sunday with a total of 126 holes of competition—making the meet the season's marathon of the links. The winning team will split a first prize of \$1,000 in war bonds and the second place duo will receive \$200 for eighth place.

Scoring for the eight-team, round-robin tournament is based on a plus-minus system for match play. An 18-hole round launched the competition today, with 36-holes being played Friday, Saturday and Sunday.

The McSpaden-Nelson combine drew Pvt. Chick Herbert and Mike Turnesa as first round opponents, while Sam-Burd-Johnny Revolta met Jimmy Hines-Willie Goggin; Bill Kaiser-Bob Hamilton faced the Minneapolis pair of Joe Cori-Les Bolstad and Lieut. Ben Hogan-Tonye Penna went against Cooper-Ellsworth Vines.

Martin-Howard Soil Conservation District News

Dick Simpson, ranch-cooperator of Vealmoor, said that nature would have a free hand to take care of the grass situation on his ranch this year. Dick sold his cattle last week. Plans to build up a reserve feed supply, emphasizing ensilage, which together with the benefits he will get from deferring his grass should be good insurance when he is ready to restock his ranch again.

Maize is already headed out on the farms of R. N. and Paul Adams, farmer-cooperators of the Ackerly community. Adams said that the maize is in an advanced stage due to the fact it was planted on a terraced field and was seeded early.

Lawrence Anderson of the Gay Hill community is planning to construct two stock tanks on his ranch.

Prickly pear cactus eradication has been accomplished on a considerable acreage of Ed Carpenter's ranch near Vincent.

A complete system of conservation practices was planned on the farm and ranch of R. V. Middleton. Middleton's place is located south of Vealmoor.

Oscar O'Daniel, ranch-cooperator to the Coahoma community, has a field of good sudan which is supplying early summer grazing. The field has already furnished three weeks of grazing.

Promising New Pool Seen South Of Tyler

BARTLESVILLE, Okla., July 6 (AP)—Initial production at its No. 1 McMinn well, five miles south of Tyler, Smith County, Tex., opens what the Phillips Petroleum company says may be an outstanding oil pool.

The company announced yesterday that the first production test of the well, flowing through a one-eighth inch choke from perforations at 9,918 feet, yielded 95 barrels of 40° gravity yellow-green color crude oil in 12 1-2 hours with a gas-oil ratio of 2,800 to 1 and a pressure of 4,600 pounds per square inch on the tubing.

The new strike is 20 miles west of the East Texas field, 20 miles southeast of the Van pool and 15 miles south of the Hawkins field.

J. G. Flowers Presents Plan To State Board

AUSTIN, July 6 (AP)—J. G. Flowers, president of Southwest Texas State Teachers College, San Marcos, presented to the State Board of Control yesterday a plan for the special training of teachers in eleemosynary schools.

Dr. Flowers proposed a specialized field of education to equip teachers to deal with the mentally and physically handicapped, the socially maladjusted boy and girl, and the dependent, neglected orphan.

There are approximately 4,000 children now in the eleemosynary institutions of the state who will be benefitted by such teachers.

WFA Price Program Goes Into Effect

DALLAS, July 6 (AP)—War Food Administration's potato price support program for the

Section B And Guards Win

Section B made its two hits count for most Wednesday evening to elip Section A and shove that worthy back into a tie with the Bombers for leadership of the Big Spring Bombardeer school enlisted men's softball league.

Campbell, for Section B, and Fenning for A had four strikeouts each.

In the other game, the Station Guards trimmed the Medics 11-3. Malho had a three bagger and Beaver and Beaulieu each had doubles for the Guards. Harrell, Guard chucker, had 10 strikeouts.

Score by innings: R H E
Sec. A 000 02 0-2 4 2
Sec. B 000 003 2-3 2 1
Fenning and Durham; Campbell and Snelator.

R H E
Medics 100 000 2-3 2 2
Guards 232 400 1-11 6 2
Welkie and Sklonaki; Harrell and Johnson.

Standings
Team— W. L. Pct.
Section A 9 3 .750
Bombers 9 3 .750
M. & S. 8 5 .615
Medics 6 6 .500
Guards 5 6 .454
Sec. B 5 6 .454
Ordnance 3 6 .333

Toots Mansfield Wins Top Money

PECOS, July 6 (AP)—Toots Mansfield of Big Spring, Tex., won top money in the annual Pecos rodeo which ended Wednesday night. His take was \$568.

Baseball Team Tickets Bowie

The Big Spring Bombardeer school baseball team will journey to Brownwood Sunday for a game with a Camp Bowie team.

In an Independence Day tilt here the Big Spring team nosed out Avenger Field, 6-5.

Stewart started for Big Spring but Saymanlak came to the rescue in the uproarious seventh when Avenger scored all five of its runs. Millard homered for Big Spring and crashed two doubles to lead the hitting parade.

Stewart struck out six, Saymanlak one and Denarsaki, Avenger twirler, had three to his credit.

Score by innings: R H E
Avenger 000 000 500-5 9 1
Big Spring 011 000 04x-6 10 3
Denarsaki and Wally; Stewart, Saymanlak and Johnson.

Skipworth, Clovis, N. M., second, \$327; and Troy Fort, Lovington, N. M., third, \$441.

Event winners included: Cutting horse contest—Miss Fern Sawyer, Crossroads, N. M., riding Belin.

Calif-roping finals—Skipworth, 32.1, (two calves); N. A. Pittcock, Aspermont, Tex., 34.1.
Team tryng—Mansfield, 36.6; Clarence Scarbauer, Jr., Midland, Tex., 39.8.
Ribbon roping—Flop Roberts, Midland, 46.6; Sonny Edwards, Big Spring, 50.7.
Bronc riding—John Merck, Sonora, Tex., and Max Hedges, Fort Stockton.
Bull riding—Merck, and Sam Seemons, Dryden, Tex., second.

Ump Won't Take It

Marines at Parris Island, S. C., like to tell about the ball game some time ago when Maj. Gen. E. F. Moses, now retired, was commanding officer. On a close play at first, the non-com umpire called the runner out and the general stepped out of the stands and reversed the decision. . . . The ump started to walk off the field in protest and Moses summoned him back and congratulated him on his stand.

Ordinary straight pins are among the scarcest articles in Holland today.

War Board News

A weekly column contributed by members of the USDA War Board.

Free Classing Is Offered Farmers

Free classing of the farmer's cotton under the Smith-Doxy act was intended to assist cotton improvement associations. Last year all samples sent by the Howard county associations were classed free of charge. Application has been made for the free classing again this year, but many farmers had to be left out because they had not reported their acreage and variety to the association.

To be a member of the cotton improvement association a farmer must plant at least half of his acreage to the variety that has been adopted by his association. The association will send a supplemental list of members before August 1st. Those farmers who have not qualified for membership may do so now, but should not delay. Every ginner in the county is a cooperator in the cotton improvement association, and will relay requests for membership or the information, acres planted to each variety, can be left at the county agent's office.

Bags Should Be Used Carefully By Farmers

Supply of textile and paper bags to meet essential 1944 requirements of agriculture and food processors is expected to be adequate but depends upon conservative use of them by farmers and processors.

The over-all situation, however, is not so glowing and therefore farmers are urged to use the containers wisely and with a view of making them do the utmost service. Although the current supply of cotton bagging is good, the surplus is due to be drawn off soon and replacement will lag. Supply of burlap is expected to increase sufficiently to take up the slack. Farmers can help conserve by opening sacks by pulling chain stitching and by storing bags in a dry place where rats and mice cannot damage them.

Utensils For Canning Should Be Checked

By MILDRED C. ATKINSON, Emergency War Food Asst.

Quality of home-canned food sometimes may depend on the type of utensil in which it was prepared. For instance, iron is not harmful, but it causes discoloration.

In answer to questions received from home canners, there is some danger in cooking acid fruit like plums in a galvanized or zinc water bucket. The bureau of home economics warns that cooking acid foods in zinc utensils may cause the food to "take up" enough zinc to be poisonous.

The danger of eating vegetables pre-cooked in a galvanized utensil are not so great because they do not contain as much acid. However, people should heat these vegetables thoroughly and eat only a small amount at a time.

The question about zinc tops for food containers is that these lids have glass disc linings inside, so the food does not touch the zinc. Sometimes, however, pickles or other food high in acid content cause corrosion of zinc lids used on jars, which should constitute a warning.

Sealing food before it is hot enough or leaving too much headspace may cause a can to rust on the inside. This happens more frequently to plain than to enamel cans.

Fowl Pox Prevention Possible By Vaccine

Fowl pox, which caused considerable loss to chicken and turkey flocks in Texas, can be prevented by using a vaccine.

The virus may gain entrance externally through breaks on combs or wattles or internally by the mouths. Mosquitoes may spread the disease from an infected bird to others. This ailment (sometimes characterized by canker, stoppage of laying, blindness) may be prevented by vaccinating chickens from six to 12 weeks old. If chickens have started to lay, pigeon pox vaccine is preferred over the fowl pox vaccine.

Woolen Blankets Due Special Handling

By RHEBA MERLE BOYLES, Co-Home Demonstration Agent. Those woolen blankets which shed the winter's chill soon will go into summer retirement. Woolen blankets are among a housewife's prize possessions. They should be defended against their worst enemy, the moth, and safeguarded against wear and damage. In wartime they are hard to replace.

Blankets should be scrupulously clean when placed in summer storage. A moth simply can't live in freshly laundered woolens.

There's a method to laundering, however, and here's some pointers. Shake the blanket before wetting it and wash only one at a time. For one double blanket dissolve one teaspoon of white, mild soap flakes or chipped soap in hot water and add it to two-thirds of a washful of lukewarm water,

Vegetables In Place Of Meat—Why Not?

VEGETABLE MUSHROOM SHORTCAKE . . . Who wants meat?

By CHARLOTTE ADAMS, AP Food Editor

Anybody who complains this summer about not being able to get as much meat as her family would like is a woman of good imagination—a woman, in fact, who fails to recognize good things right under her nose! For years we've eaten more meat than was nutritionally necessary.

Vegetable dinners? Why not, please? If you plan them with an eye to appearance, with an eye to their filling qualities, and a thought to their nutritional balance, you'll get very little complaint out of your families.

Mushrooms make up for lack of meat in a meal—flavorwise and in appearance, though not nutritionally. There are other ways to get your protein, though. I'm not saying you need to have vegetable dinners every day! Try this summer dish, with a green salad and some good hunks of French bread.

Vegetable Mushroom Shortcake (Illustrated)
2 cups flour
3 teaspoons baking powder
1 teaspoon onion salt
3 tablespoons fortified margarine
1-2 cup minced watercress
1 tablespoon fortified

margarine melted
3-4 cup milk (approximately)
Sift together flour, baking powder, onion salt. Add watercress. Cut in the 3 tablespoons of margarine until it looks like peas through the dry ingredients. Add milk sufficient to make a soft, but not sticky dough. Roll out on floured board to 1-4 inch thickness. Cut 12 rounds. Brush tops with melted margarine. Put together in pairs and bake in hot oven (400 degrees) 20-25 minutes. Over the hot shortcakes and between the layers, serve the Mushroom Vegetable Sauce. Sprinkle a bit of paprika over the top of each. Garnish the platter with fresh watercress. Serves six.

Mushroom Vegetable Sauce
1 cup mushrooms, fresh or canned, sliced
4 tablespoons fortified margarine
3 tablespoons flour
1 cup milk
1-2 pound snap beans
2 carrots
1 teaspoon salt

If mushrooms are canned, drain and reserve liquid. If they are fresh, wash and slice them. Cut beans into matchstick pieces and cook. Cut carrots into thin slices and cook separately. Keep beans and carrots warm until sauce is made. Brown mushrooms in margarine. Remove mushrooms. Add flour to mushroom drippings. Mix to a smooth paste. Add milk and canned mushroom liquor, if that's the kind you're using. Stir until creamy. Add salt. Add mushrooms, beans and carrots. Serve as directed above.

A little cheese goes a long way in dressing up a vegetable meal and adding protein value. Serve it with breadcrumbs over a baked vegetable dish. Bacon adds snap to a vegetable meal, too. Fry it crisp and brown and use it as a garnish on a beautifully arranged vegetable plate. Or bake eggplant slices with strips of bacon across top.

O'Daniel Publishes Political Newspaper

WASHINGTON, July 6 (AP)—"The W. Lee O'Daniel News" has a circulation of 100,000 in 45 states says Sen. W. Lee O'Daniel (D-Tex.), whose first issue of his revived political newspaper was published as a special July 4th edition.

O'Daniel said enough newspaper for a year was purchased recently and stored in a warehouse at Fort Worth, Tex., where the four-page weekly is printed. Publication office is here.

Senator Green (R-Id.), chairman of the senate privileges and election committee, said recently he planned to question O'Daniel about contributions and subscriptions received in connection with the newspaper. The Texan said yesterday he would be glad to testify before the committee, if called.

Mistaken Identity

YORK, Pa.—Mistaken identity proved a definite asset to Clarence F. Paules.

A short time after reporting his car stolen, Paules phoned police to tell them everything was all right.

The car, taken by mistake, had been returned—washed and polished.

Dark green leaf lettuce has 30 times as much vitamin A as iceberg lettuce.

OPA's Clamp On The Sale Of Used Cars To Become Effective Monday

(Editor's Note: This is the first of two stories on the price ceilings on used cars. They become effective July 16. Dealers and individuals are affected.)

By JAMES MARLOW, WASHINGTON, July 6 (AP)—OPA ceilings on used cars go into effect next Monday, July 10.

They are expected to—and probably will—stop the terrific price rises in that field.

OPA has placed the ceilings at what used cars were selling for in January of this year.

These ceilings are far above what the used cars would be selling for now if there had been no price increases due to the war.

But there will be two kinds of ceilings: 1. The "as is" price. This means what it says: The car sells without a guarantee of any kind.

All individuals and others who do not have repair services must sell at or below the "as is" price. 2. The "warranty" price. Only dealers may sell at warranty prices although dealers may also sell at "as is" prices.

OPA considers as dealers only those car sellers who have normal automobile repair services and facilities. But dealers who can get outside repair work done and thus give guarantees may also sell at "warranty" prices.

Neither a dealer nor any one else has to give any guarantee with a car sold at an "as is" price. This is how the two kinds of prices would work.

Say OPA has placed an "as is" ceiling of \$990 on a popular make, 1942 model car. That's the top price which can be charged for it without a guarantee.

But suppose it was a dealer

who bought that same car from an individual for the "as is" price of \$990 and wanted to sell it at a profit.

By guaranteeing it for 30 days or 1,000 miles he could add \$100 or the \$990 or he could add 25 per cent to the price he paid, \$990, whichever is greater.

So, if he added \$100, he could sell the car for a ceiling price of \$1,090. If he chose to add 25 per cent to the \$990 purchase price, he could sell the car for \$1,238. But whichever price he charged —\$1,090 or \$1,238—that would be what OPA calls the "warranty" price.

Mud Pie Turns Out Profitable Plum

ALBUQUERQUE, N. M.—Mary Ann Scholes, 11, was making mud pies. She stuck in her thumb and pulled out a plum—a \$400 diamond.

The stone was found in the backyard of the residence the Scholes family rents from State Supreme Court Justice J. T. Mabry. It was returned to Mrs. Mabry, who lost it from her engagement ring—17 years ago.

Keep Cool During the Hot Weather with ICED COFFEE

Easy Ways to Quench Thirst

ON A HOT JULY day, everybody feels like tipping up a whole bucketful of cool thirst-quencher! But there are simpler and far more interesting ways to do it. For instance:

Iced Tea and Iced Coffee—the important things to remember, of course, are that both tea and coffee must be brewed in double strength, and should be freshly made, if you want good flavor when they're iced.

Orange Egg Milk Shake is satisfying and easy to make: combine 1 1/2 cups each of chilled orange juice and milk in a shaker or mason-type glass jar; add 1 egg (slightly beaten), 2 tpsps. sugar and 1 tsp. grated orange rind; put lid on jar and shake well.

For Children, make "Singing Sam Sticks" by pouring fruit-flavor carbonated beverage into refrigerator freezing tray; after about 1 hour's freezing, insert wooden meat skewer into each cube and continue freezing until solid; serve as lollipops.

Coffee Cool is delicious for dessert, or with a midday sandwich: half-fill tall glass with shaved ice; add scoop vanilla ice cream, and fill nearly to top with steaming hot coffee; stir until smooth and frothy.

However you do it, have plenty of thirst-quencher on hand for your family these July days—helps to keep them healthy and happy!

Danger Of Pressure Groups

Robert Quillan recently made some timely observations on pressure groups. Pointing out that we have always had factions in our nation — even before it was a nation — he goes on to say that although politicians have long recognized the importance of group appeals that it was fortunate groups did not always vote as such. But "there has been a growing tendency to vote as groups — to think first of group interest, and last, if ever, of national interest."

The more this condition prevails, he continues, the more lawmakers have a tendency to legislate through fear and when they "act in fear, they act without regard for the welfare of the whole people."

He has, we think, very pointedly exposed the danger of special or pressure groups. It is proper to deduce, then, that any group which serves itself above the nation is potentially a dangerous group, and any leader who persistently serves his group to the exclusion of the nation is potentially a dangerous individual.

Candidates Must Pay

In many Texas points complaint is arising over the cost of financing the democratic primary. This arises principally out of the rates fixed in some counties for ballot fees.

In some counties (and generally in populous places) the fee required for a place on the primary ballot runs above 10 per cent and sometimes as high as 20 per cent of the initial year's salary. Candidates in smaller counties are not exempt from this plague, for in some instances individual ballot fees have exceeded \$150.

Howard county seems to be in a fairly comfortable position on this issue, for while the fees may seem steep to some, they are reasonable alongside the average in Texas. Perhaps the only change that should be made in the future is to adopt a formula which would more nearly take into consideration the remuneration of the offices and not so much the number entered in a particular race.

Talk of public absorption of the cost of primaries is about as practical at this time as talk of letting the party levy a "membership" fee (similar to a poll tax, if and when the state sees this out). The party function, to maintain independence, should be borne by the party financially. But to levy a fee to members would mean that the party would starve to death at the polls. Hence, the candidate must continue to pay through the nose.

The War Today

by Dewitt Mackenzie
Associated Press War Analyst

That's a grim picture British Prime Minister Churchill gives us of the flying death which is swooping down on England—mainly on London—in the form of Hitler's robot bombs.

It's a terrifying weapon, but we should recognize that this is his chief mission — to create terror and break morale. It must be largely luck if it causes heavy military damage, since it can be directed only at broad targets.

This winged death is being used indiscriminately against the British population. The fact that it's being employed mainly against the metropolis speaks for itself. There's where the most people are congregated, and that's the easiest target to hit.

While the chief purpose of this winged death is to shatter morale, it does have a military value as well. Churchill indicated one Nazi gain when he said that much Allied air power had been diverted from other pursuits to deal with the robots. Obviously, too, these bombs would be effective against a big industrial area.

We can't brush lightly aside a weapon which in three weeks kills 2,752 people and hospitalizes 8,000 others. However, the British which went through the horrors of the German air blitz early in the war isn't going to crack under this new frightfulness.

As a matter of fact, the robot bomb undoubtedly was intended in large degree as a booster of German morale. With disaster tearing at the reich from all directions, Hitler had to have something to bolster the spirits of his people. His smartest propaganda was the promise of a devastating secret weapon which would be used at the crucial moment. To give him credit he has produced the goods.

However, when it becomes apparent to the German public that the robot cannot break Allied morale, Hitler will have to pull another rabbit out of the hat or cry quits. His anxious reiteration this week that "we shall not capitulate before any difficulty" is the echo of a hope in which he has no confidence.

West Coast Plans Huge Post War Fund

By HENNER HACKETT
UP Staff Correspondent

SACRAMENTO—The state of California already has set aside funds or made preliminary provision for more than a quarter billion dollars worth of public works to be constructed in the immediate postwar period, and, according to assembly speaker Charles W. Lyon, now has become "the leading state in the nation" in postwar planning.

In a June special session the state legislature boosted the authorized state program to \$138,840,000 and appropriated \$10,000,000 for county aid, which will lay the groundwork for a \$225,000,000 postwar program.

The legislature also appropriated directly a total of \$3,100,000 for immediate preparation of plans and nearly \$4,000,000 for building sites, so that the program itself will be ready to go when the war ends.

The state program will include building of new educational facilities at the University of California and three of the state colleges, new state office buildings in Sacramento, Los Angeles and San Francisco, three new mental institutions, a revamping of the state capitol and a brand new governor's mansion.

The construction will be paid for out of the treasury's rapidly growing surplus. The treasury's "post-war employment reserve" before the session had built up a balance of some \$31,000,000, and since then the legislature has transferred an additional \$75,000,000 to the reserve.

How To Torture Your Wife

Blood Banks Are War Barometers

By JACK STINNETT
WASHINGTON—You can check the records of the nation's vital blood banks and tell at a glance how the war is going—or how the folks at home think it's going.

Bad or exciting war news lines donors up like theater crowds before the Red Cross blood centers. But if there's talk of peace they just go ahead and go to the theatre, or someplace else.

The result is a problem for the blood plasma laboratories, geared to handle a steady, even flow of donations week in and week out.

"We're in a business set up on assembly line standards," says Dr. G. Canby Robinson, national director of the blood donor service. "But we're dependent for our raw product upon human emotions."

Take invasion morning as an example: News of the American landings in France almost swamped some of the blood donor centers. Volunteers shot up 700 per cent before night fall.

In Philadelphia a line began forming outside the center as soon as the news got around town. In Washington—usually a "steady production center" regardless of the news—the number of donors who came in without appointments increased an average of 1,000 per cent the first three days.

A woman with a son in uniform flew 300 miles to the Portland, Ore., center to donate her blood on D-Day. Hundreds of donations came from veterans who fought in France in the first World War.

Looking Backward

Five Years Ago Today
Sonny Edwards awarded hand made saddle for winning 39 entries at Texas Cowboy Reunion at Stamford; preliminary flood control survey under way.

Ten Years Ago Today
Establishment of CC Camp here is approved in Washington; Tom Hunter, candidate for governor of Texas, speaks here.

Four Years Ago

By The Associated Press
July 8, 1940—Hitler, returning to Berlin from conquest of France, rides along streets carpeted with flowers and is greeted by populace as "field lord" and "savior of battles"; German and British air forces trade blows for 18th day.

An easy quick dish for lunch, dinner or supper is hot waffles with a cheese sauce flavored with chopped green or ripe olives.

SONG PLUGGER IN REVERSE

By ROBBIN COONS
HOLLYWOOD — Constance Moore is getting to be the town's leading plugger of song hits—yesterday's song hits. When she warbles a tune in a movie, you know it's "going to be popular"—20, 15, 10 years ago. And maybe it'll get a new lease on life tomorrow.

Because she sang "It Had to Be You" and other oldtimers in Eddie Cantor's "Show Business," people are humming it who haven't let it bother them these many years. Singers and bands are recording it, and it's in and on the air. Connie has four more in "Atlantic City," so you can look for a revival of "By the Sea," "I Ain't Got Nobody," "After You've Gone," and "On a Sunday Afternoon."

This is all very funny, because Connie Moore is a girl signed for pictures because she could sing, and then not allowed to do it. "Look," she had to say to her bosses once, "you remember why you signed me, to sing?"

They said that was why they signed her, all right, but musicals were out. They had signed her because Rufus LeMaire, talent-hunter, heard her sing on the air in her native Dallas, Texas.

Connie was still in high school when her godfather, owner of a chain of drugstores, was being wooed by radio to buy some advertising time. Thus being wooed, he arranged an audition for Connie, whose voice was pronounced very nice, especially if "Uncle Jack" would buy a show to feature it.

Uncle Jack, nice man, did just that, so Connie says she'd have been pretty embarrassed if her career had ended when the drugstore chain left the air. She stayed on as a staff singer, on merit, and then came LeMaire.

"My mother, because she didn't know what she was doing, turned into the best agent anybody ever had. She said I was too young, and had never been before a movie camera, and would be just awful in pictures. She said I'd been to Southern California every summer, so a free trip wouldn't be any inducement. It ended with Mr. LeMaire's signing me for Universal at twice the money, without a screen test. When I got here and tested, I looked fat and funny—but here I was...."

Universal finally put her in musicals — two of their series based on old-time songs, and then she went to Paramount for "I Wanted Wings" and "Take a Letter, Darling." But it was her unwilling appearance on Broadway in "By Jupiter" that returned her to Hollywood as a musical star.

"Excitement and rush carried me through the try-out in Boston, but on opening night on Broadway I was panic-stricken," says Constance.

"Suddenly it struck me that I, who had never been on a stage, was playing Broadway critics. 'Are you out of your mind?' I asked myself. 'What are you doing here?'"

What she was doing was making a hit. She left the show, still a hit, 11 months later for Hollywood.

Cecil H. Barnes for Representative. (Pol Adv. Cecil H. Barnes).

Odds Decline On Seating Of Pro-Roosevelt Delegates

By PAUL BOLTON
Herald Staff Correspondent

A month ago, you could have had odds that the national democratic convention in Chicago July 19 would seat the "pro-Roosevelt" Texas delegates. Today, the odds are even. Consider this political logic:

1. Since the convention will nominate Roosevelt with or without Texas' help, seating pro-Rooseveltians is not important for voting.
2. In raising campaign funds and other politicking, the national party looks to state organizations. A kick in the pants for the Texas party organization not only would be excuse for the state organization to drag its feet from here to November; it might cause umbrage on the part of other state organizations. Note that South Carolina, Mississippi, Louisiana stand alongside Texas.
3. Extremely bitter anti-Rooseveltians among Texas' delegates would rejoice over rejection by the national convention: They feel it would strengthen their opposition.

Southern governors have been visiting the White House. Bob Hanes telephoned Coke Stevenson the other day. Whatever the national chairman asked, Stevenson said "no." But was it coincidence that talk of seating the regulars cropped up immediately thereafter?

The regulars have figured out that word has permeated to the Potomac of the situation in Texas, and that as of now it is under debate. While Stevenson washed his hands of the pro- and anti-Roosevelt fight in Texas, the fact remains that his state executive committee spearheaded the fight which culminated in the party split at the May 23 state convention.

Remember that the convention freed Texas' electors to vote for

Before using dates, even though they are packaged, wash them well in warm water.

Political Announcements

The Herald makes the following charges for political announcements, payable cash in advance:

District offices ... \$20.00
County offices ... \$17.50

Big Springers Show At Stamford Rodeo

Big Springers didn't do so badly at the Texas Cowboy Reunion at Stamford over the holidays. M/Sgt. E. P. Driver tied for second day money with Verne Miller of Gall at 14.4—an unusual fast time for calf roping. He had 21.8 for his other day roping. Other local ropers and their times were: Charles Creighton, 49.4, 17.2; Kent Morgan, 33, 28; Jess Slaughter, Jr., Gall, 20.8, no time; Homer Hart, no time. Buck McDougal, Big Spring, won third in saddle bronc riding, and Jess Slaughter, Jr., was fifth in wild cow milking with 19.8. Louise Ann Bennett gave a good account of herself in the cowgirl sponsors contest, which was won by Carolyn Cox of Garden City.

GRIN AND BEAR IT

By Lichty

"Elect my rival and he'll complicate the manpower shortage, giving political jobs to some of your employes, while I have at my beck and call cousins, uncles, brothers-in-law!"

Women Outnumber Men In Texas Population

WASHINGTON, July 6 (AP)—Texas women folk far outnumber the men among the civilian populations in the seven largest metropolitan centers in the state, according to statistics compiled by the census bureau.

The war has brought population gains to all the large urban areas, with the rate of increase greatest among females. Inductions in the armed forces precipitated net losses among the younger men, with decreases heaviest in the 20 to 24 year-old age group. Figures were for 1940 and 1943, and covered all age groups.

Salt and pepper to taste
Flour
3 tablespoons margarine
3 tablespoons mixed chives, parsley and watercress
Wipe liver, season with salt and pepper, dust lightly with flour and saute in margarine over low heat until just tender. Turn only once. Pour pan drippings over liver, and sprinkle with mixed herbs.
- Garlic French Bread**
1-3 cup margarine
1 tablespoon minced garlic
1 small loaf French bread
Chop garlic very fine and mash with wooden masher. Cream garlic into margarine. Cut bread in half crosswise and lengthwise (four parts). Spread cut sides with garlic-margarine mixture. Cut slices down to, but not through the crust. Place in a hot oven to brown.
- Meal-In-One-Dish**
Spring Lamb Stew
Mashed Potato
Rye Bread
Blueberry Pancakes with Powdered Sugar
(Recipes Serve Four)
Spring Lamb Stew
3 pounds breast of lamb
1 cup salad oil
1-2 cup lemon juice
1-2 teaspoon dry rosemary
1-2 teaspoon dry mint
6 peppercorns
6 medium onions
1 bunch carrots
1 pound peas
Flour
Salt and pepper
Gravy coloring
Put the lamb, which has been wiped with a damp cloth, into a marinade made of the oil, lemon juice, and herbs. Add enough water just to cover. Let stand covered from eight to twenty-four hours in refrigerator. Take out lamb, pat dry, and sear in fat in a Dutch oven. Remove peppercorns from marinade and pour it over the lamb. Add salt and pepper and enough water to cover. Simmer gently one and one-half hours. Add peeled, whole onions. Cook one-half hour longer. Add peas and carrots, cut into long strips, and cook one-half hour more. Remove meat and vegetables to platter. Make gravy by thickening the remaining liquid with flour and coloring it with a little kitchen bouquet or other kitchen savory and correct seasoning. Pour over meat and vegetables.

- Curry Is A Cooler**
Curried Deviled Eggs
Brown Rice
Asparagus Vinaigrette
Hard Rolls
Rhubarb Pie
(Recipes Serve Four)
Curried Deviled Eggs
6 hard cooked eggs
3 tablespoons mayonnaise
1-2 teaspoon salt
Freshly ground pepper to taste
1-4 teaspoon dry mustard
(Curry sauce (see below))
Cut eggs in two and remove yolks to a bowl. Mash thoroughly so that there are no lumps. Mix well with all ingredients but curry sauce and fill egg whites.
- Curry Sauce**
2 tablespoons margarine
1 clove garlic, chopped
1 medium onion, chopped
1 inch ginger root, chopped
1-2 teaspoon brown sugar

June An Inch Off Normal Rainfall

June, as a continuation of a long series of similar periods of weather, shows conclusively why Big Spring has a water problem. The summary for the month, as reported by Vernon W. Schaad, meteorologist in charge of the US Weather Bureau at the airport, carries only .45 of an inch precipitation for the month, and the greatest on any one day was .19 of an inch on June 27 when a freak thundershower deluged most of Big Spring. Nor was there any great chance for rain for the month showed only three cloudy days. The discrepancy for the month was 1.3 inches.

Although temperatures did get above 100 and rose to a peak of 102 on June 27, the general condition was pleasant enough for mean maximum was only 93.8 and mean minimum 69.9 and the average for the month 81.8, which was 1.3 degrees above the all-time average. Six thunderstorms were recorded for the month.

Employers Lauded For Security Report
Howard county employers are to be commended for the completeness of their social security tax reports for the past quarter, according to J. Hassler Strickland, manager of the Big Spring office of the Social Security board.

Out of hundreds of employees reported, only 56 were reported without social security account numbers, he said. Although this is a good record, Strickland reminded that the 56 missing ones may have their ultimate benefits decreased by failure to report the numbers. He pointed out that wages reported under a name only cannot be credited to anyone's account because of the possibility of identical or similar names in the SSB filed in Baltimore. He urged all employers to report the account number for every employee on their payrolls when they make their reports for the quarter ending June 30. Assistance may be had from his office.

- 2 tablespoons flour
1 teaspoon salt
1 tablespoon curry powder
2 cups stock
Melt margarine in skillet. Add chopped onion, garlic and ginger and fry until lightly brown. Add curry powder, sugar, flour and salt and mix well. Add stock (make from bouillon cubes, if necessary). Stir until smooth and thickened. Remove pieces of ginger root. (Use dried ginger if no fresh root is obtainable). Place deviled egg halves carefully in sauce, so that they may heat but not fall apart. Serve on rice. Chutney should be served with this if possible.

Wedding Belles AND SHAW DIAMONDS

For the moment when you say "I do"—a SHAW diamond creation should be chosen with complete confidence in quality, regardless of price.

WEDDING BAND OF RICH 14-K. GOLD, EXQUISITELY SIMPLE . . . \$995

LT. BUCKLES WASN'T BRAGGING ABOUT HIS PRECISION BOMBING

When 1st Lt. Ray Buckles, Flying Fortress bombardier from Denver, Colo., told his colonel he could hit anything he could see through his Norden bombsight, he meant what he said. A few days later he got his chance when, flying from an 8th Air Force bomber station in England, his bombs fell straight into the heart of a large cluster of hangars and vital workshops of a Luftwaffe air-drome near Bordeaux, France.

"Everything in the target area seemed to explode right in our face," the major who was leading the mission said. Later Lt. Buckles took his formation to Ulm to drop incendiary bombs on an important tank factory there. "Toughest targets," Lt. Buckles is certain, are the Nazi installations along the French coast. "You sweat every minute while you're looking for them," he declared.

Several citations already have been won in the New Guinea area by 1st Lt. A. D. Stalaker of Parkersburg, W. Va., but we know little else about his conquests. First Lt. George Vernon Reed of Crosswicks, N. J., has completed more than 48 missions with the air force, flying from a base in New Guinea. He has received several citations and was slightly wounded in one air battle, but the injury did not keep this squadron bombardier out of action for many days.

The "enemy" to 1st Lt. Kenneth C. Wilson of Indianapolis means fledging bombardiers for he is an instructor at the school here. First Lt. Richard E. Gray saw action in China in 1942 before returning to the States to train as a bombardier-navigator. He has been in North Africa and Italy since October, serving as a squad-
