Japanese Capital City Crumbles Under Drive

Mogaung Falls To Chinese And British Forces

GOPs May Draft Platform Today

By J. B. KRUEGER Associated Press War Editor Garapan, first Japanese capital city to feel the shattering weight of U.S. land artillery, is crumbling under attacks of American marine and infantry troops who invaded Salpan only 13 days ago.

The speed of the assault against this capital of the Marianas islands indicated the city, as of today, may be in Allied hands. Tokyo radio, jumping two days ahead of the latest accounting from Adm. Chester W. Nimitz, reported a 170-plane raid against Guam, southernmost of the Marianas, on Monday.

In a speech released before Martin was able to break into a crowded program to deliver it, the minority leader of the house of representatives said the New Deal is doomed.

Almost at the hour for Martin's speech before sweltering thousands in the hall, the platform-drafting resolutions committee announced downtown approval of a foreign policy plank which retains the pledge assailed by Wendell L. Willkie and 15 republican governors, to enforce future world security by

an international organization employing "peace forces." Plans were made to present the platform to the convention late today.

Some clearing of the vice presidential picture impeded. Members of Governor Warren's own delegation were reported urging him to state he will accept second place if offered it.

Warren, most discussed possibility for second place on the ticket, told the delegation before the convention opened Monday that he did not want his name placed in nomination or a California vote if someone else nominated him.

Warren finally rapped for order at 11:22 a. m. (CWT), and the Reverend Joseph Simonson, pastor of Christ Lutheran church, St. Paul, Minn., delivered the invocation. Miss Mildred Maule of East St. Louis, Ill., sang the national anthem.

At 11:45 a. m. (CWT), the convention voted a recess for 45 minutes, pending preparation of the credentials committee's report without which the session could not be formally organized.

The fifth army command announced that the First armored division alone in three days, June 22-24, captured or destroyed 17 Mark IV tanks, five other tanks, 25 motor vehicles, 26 anti-tank guns, 12 field guns, killed an estimated 500 of the enemy and wounded at least 800.

The Vienna area resembled a vast battlefield as smoke and flames poured from six oil refineries bombed by the big formations of Fortresses and Liberators.

The enemy spent up every available type of aircraft, many of them firing streams of rockets at the American raiders.

Sales of federal tax use stamps remained slow Tuesday, with only three days left for purchase of stamps before the deadline placing them on motor vehicles in use. Approximately 1,150 stamps had been sold by Big Spring postoffice.

By WES GALLAGHER SUPREME HEADQUARTERS, Allied Expeditionary Force, June 27 (AP)—American troops completed conquest of the deep-water port of Cherbourg today, while a powerful British offensive swept up three more towns and punched within three miles of the eastern Normandy bastion of Caen. In the battle for Cherbourg "the enemy has lost the greater part of four infantry divisions, numerous naval and marine units, and line of communication troops," supreme headquarters declared.

The doughboys captured Lt. Gen. Carl Wilhelm von Schlieben, Nazi garrison commander, and Rear Admiral Hennecke, sea defense commander of Normandy. Salvage experts rushed in order to make the great docks and harbor a tremendous funnel of men and supplies for the battles to liberate Europe.

But already Gen. Sir Bernard L. Montgomery was battering out on the eastern flank, with British troops driving east and southeast of Tilly-sur-Seuilles. Field dispatches said forward elements were less than three miles west of the stronghold of Caen, and within a mile of the main road running southwest from Caen across the base of the Normandy peninsula.

Today's Allied communique was issued about four hours after supreme headquarters had given the first official word of the capture of Cherbourg with the terse announcement—"Flash—Cherbourg fallen."

A short time later came this special communique: "Cherbourg was liberated by Allied troops last night." Although the last resistance in the battered port ended last night several pockets of Germans still were holding out today in the peninsula itself.

The fall of the port came almost four years to the day since Adolf Hitler, surveying a defeated France, proclaimed, "the war in the west is finished."

In its closing phases, the capture of Cherbourg was a bloody struggle and bayonet business by clean-up squads which moved through smoky streets wiping out pillboxes and strong points. Von Schlieben ignored a second call to surrender yesterday and the last-ditch defenders died by the hundreds in the final hours of their fanatical fight.

Waiting in the English Channel for the port to fall was an enormous Allied salvage convoy with every type of equipment ready to rush in and repair the dock facilities and remove any sunken ships.

American battleships and an Allied cruiser and destroyer task force which had carried on a big gun duel with Cherbourg's coastal forts were expected to move up the coast to support the American drive to crush the last resistance on Cap La Hague.

Identification men will be more valuable to the police profession in the future than in the past," has been made by Joe S. Fletcher of the Texas Department of Public Safety.

Speaking before the convention of the Texas division, International Association for Identification of which he is division president, Fletcher said yesterday his forecast was based on "the higher level of intelligence that crooks have today, making it a real battle of wits between them and the crime expert who processes the evidence."

D. R. Morley, agent in charge of the Dallas Federal Bureau of Investigation office, said that despite the war, the F.B.I. is continuing to exchange fingerprints with 42 foreign countries.

Five persons arrested by the constable's department were charged with drunkenness in the court of Walter Grice, justice of peace. Four were fined \$1 and costs each and one \$10 and costs.

His aim was bad in shooting at Perry Lumpkin, negro, Friday evening, he admitted in entering a plea of guilty on an assault charge. His faulty marksmanship, however, probably kept the charge from being worse. Since Feb. 27, 1942, Roosevelt has been fined 19 times for disturbance, drunkenness, gaming and reckless driving, police records showed.

Fifth Army Stabs Ten Miles Nearer Livorno, Pisa

ROME, June 27 (AP)—Eighth army troops have again driven the enemy from the bitterly-contested ruins of Chiuri, while the Fifth army, advancing along Italy's west coast, has reached a point ten miles beyond Piombino in a stab toward Livorno and Pisa; Allied headquarters announced today.

The Eighth army, after retaking Chiuri, nine miles southwest of Lake Trasimeno, the area where the Germans have been putting up their most vigorous delaying action, slugged on several miles to the northwest.

The Mediterranean army air force announced that at least 55 enemy planes were destroyed yesterday in giant air battles over the Vienna area.

It was disclosed officially that the First armored division, veterans of the Tunisian campaign, was participating in Lt. Gen. Mark W. Clark's Fifth army thrust toward Siena.

The stamps may be purchased at the postoffice throughout July, but federal regulations require that they be on cars, motorcycles and other motor-driven vehicles which are in use by July 1.

Reds Converge On Minsk, Gateway To Hitler's Reich

MOSCOW, June 27 (AP)—Under one of the most terrific air assaults of the war, Germany's White Russian forward wall formed by the Orsha Mogilev and Bobruisk bulge appeared to be collapsing today, with the entire salient of more than 100 miles in immediate danger.

Red air fleets from four fronts were ceaselessly attacking enemy reserves, tank formations and forward positions and hitting at bridges and communications behind the enemy's tottering lines.

On the ground, four powerful Red armies advancing along a 250-mile front began converging on the Minsk gateway to Warsaw and Hitler's reich.

The Germans were fighting savagely to hold the great bulge but it appeared a hopeless task.

Despite this stubborn resistance, the Red army was closing in rapidly on the three bulge cities. Units were already in the outskirts and outlying sectors of both Orsha and Mogilev, battering at a deep system of trenches and concrete fortifications.

(A CBS broadcast from Moscow said that Orsha, next most important city south of fallen Vitebsk, was already surrounded with all means of escape cut off to the Germans.)

The great air role is being directed by Col. Gen. Vershinin, whose planes figured prominently in the capture of Sevastopol, Col. Gen. Timofey Kruikin, brilliant, 33-year-old commander, Col. Gen. Sergei I. Rudenko, and Lt. Gen. N. P. Papiavin.

Stormovik planes were blasting the enemy's armored divisions incessantly, shooting up trenches and blockhouses in continuous sweeps over Orsha and Mogilev.

A poll of merchants has revealed that a double holiday will not be observed in connection with Independence Day.

Thus, stores will be open Monday as usual. While many favored closing Monday as well as Tuesday, the majority of merchants contacted through the Retail Merchants Bureau were in favor of closing only on Tuesday.

MRS. LORENE SNEED DIES DALLAS, June 27 (AP)—Mrs. Lorene Sneed, 48, wife of Dr. Arch G. Sneed, a Denison physician, died at a hospital here yesterday. Active in Denison club work, Mrs. Sneed was a graduate of the Baylor school of nursing. Funeral services were planned today at Denison.

County Over First War Bond Hurdle

The first big hump is over. Howard county passed the million dollar mark after Monday's sales were tabulated and it remained for the giant rally Wednesday to put the county over the top.

Sales through Monday amounted to \$1,002,211 with E bond sales standing at \$244,438.

With any buying spurts at the Wednesday rally even the E bond quota of \$435,000 ought to be reached, executive committee chairman said.

The rally will open at 10:45 a. m. on the courthouse lawn with music furnished by the AAFBS band. Hollywood personalities such as Big Boy Williams, Peggy O'Neill, Cindy Garner, Hunts Hall and Jene Brooks with their master of ceremonies, James Allard, will be in charge of an hour's entertainment. Business will stop during the hour and everyone is expected to attend the event.

Two returned war heroes from McCloskey General Hospital, Cpl. James C. Smith of Fort Worth and Cpl. James P. Fouche of Dallas will speak.

Cliff Wiley is to act as auctioneer as scarce and rationed items will be auctioned off to the highest bond bidders. The Rev. H. C. Smith will open the rally with a prayer and on the speakers stand will be Ira Thurman, county chairman of the War Finance Committee, Ted Groebel and Pat Kenny, bond drive chairman.

Col. John P. Kenny, J. H. Greene and Major Harry Wheeler. Sixteen prizes including such items as a fur neck piece and nylon hose will be among the articles auctioned. Twenty volunteer workers will be among the audience to sell bonds while a hundred Boy Scouts will act as messenger boys and deliver bond sales to the speaker's stand.

Firms and the articles donated for the rally are listed below: Vitor Mellinger, a shirt; Cunningham & Phillips, two copies of "Big Spring"; Coca-Cola Bottling Co., two cases of Coca-Cola; J & L Drug Store, shaving set and cosmetic set; Pitman Jewelry Co., gold filled locket with pearl top.

Johnston-Stalin Talk Successful

MOSCOW, June 27 (AP)—Eric Johnston, president of the United States chamber of commerce, talked business with Premier Marshal Josef Stalin for two and a half hours in the Kremlin late last night and emerged with the declaration that the conversation had been "very successful."

The interview was confined largely to questions by Johnston about future trade between the United States and the Soviet Union and direct answers by Stalin.

However, Stalin also gave his guest a statement praising American business, labor and agriculture for their contribution to the war.

Johnston said he could not disclose other details of the conversation.

Churchill Tells Of British Casualties

LONDON, June 27 (AP)—Prime Minister Churchill told the house of commons today that total British casualties from the time of the landings in Italy until the fall of Rome amounted to 73,122 killed, wounded and missing.

The period covered represents a total of about 16 months of fighting ending June 4, during which time the British participated in many major engagements, including the battles of Cassino and the Anzio beachhead.

Churchill said his figures included 14,331 killed, 47,966 wounded and 10,825 missing.

Oil Field Worker Released On Bond

EASTLAND, June 27 (AP)—J. T. Hamrick, 42, oil field worker charged in connection with the death of Lt. Col. Roy Mitchell, has waived examining trial and has been released on \$2,500 bond.

A former American Airlines executive, Mitchell died in a Jackson, Miss., hospital last Wednesday. Sheriff John Hart said he had been injured while on a visit to Gorman, Tex., about June 8.

Hamrick was held by New Mexico authorities at Carlsbad after a complaint had been filed against him before Justice of the Peace J. P. Chapman at Gorman. Hamrick waived extradition and was returned here Sunday by Sheriff Hart.

Boy Scout No. 6 Goes On Two Day Camp

Eleven members of Troop No. 6 left Tuesday for the Brown camp on the Concho river.

They are in charge of Arthur I. Howard and will camp for two days, said Elra Phillips, scoutmaster of the troop, which, in addition to a good record of troop camping, has the highest percentage going to Philmont Scout Ranch next month.

Suspect Held Here By County Officials

Five charges of drunkenness and one charge of assault and one charge of theft were included in Monday and Tuesday court and law enforcement activities.

The sheriff's department was holding a man apprehended late Monday after Hobbs, N. M. officials had asked that officials here be on watch for a stolen car. The man was being held for Hobbs officials.

Ysidro Ruiz, arrested at Coahoma, was charged Monday with aggravated assault upon a 12-year-old boy. He pleaded guilty and was assessed a fine of \$35 and costs.

Five persons arrested by the constable's department were charged with drunkenness in the court of Walter Grice, justice of peace. Four were fined \$1 and costs each and one \$10 and costs.

### Packages To Soldiers Overseas Should Be What They Actually Want Or Need

By ARLENE WOLF  
AP Features Writer

The Allied invasion of Europe means increased strains on supply lines carrying the materials of war to America's men overseas. So it's of paramount importance now that every package you send your soldier contains the things he actually wants or needs.

Exactly what items the boys in France will be needing nobody knows yet. But it's probably safe to assume that they will be able to use the same articles they needed in England—candy, chewing gum, popcorn, well-

packaged cakes, cookies and groceries. In England, cigarettes are rationed to seven packs a week, so if your GI smokes more than that, a carton or two will come in handy. But don't load him down with clothing or sweaters.

If he's up in Alaska, Johnnie would appreciate some fancy groceries, powdered cocoa to make a warm drink, cookies or fruit cake. Best of all, he'd like electrical fixtures—wall plugs, two-way sockets, and electrical wire, to help make the Alaskan huts a little more like home. Even an electric razor would be fine, if he had the proper electrical connections. Cigarettes and candy are unrationed and plentiful in the Alaskan theater.

Letters and snapshots are tops on any serviceman's list, with good books, magazines and a subscription to the home town paper running next. Any GI who totes a camera can use film, if you can find it. Stationery's excess baggage, unless the serviceman asks for it.

In Italy and Africa, candy and cigarettes are rationed, so they'd be welcome in any parcel. So would mild cheeses (packed in glass), jellies, socks, cold-water shaving sticks and sweaters for the winter.

Boys in China, Burma or India don't need cigarettes, because they can get all they want. Large, hard chocolate bars that can withstand the heat are fine, and so are tin-boxed candies that won't melt away. Extra socks, shirts and sleeveless sweaters come in handy sometimes, but don't send any underwear. Also useful are fountain pen and pencil set, watches, cigarette lighters, flashlights, grocery snacks that won't spoil, and well-boxed fruit cakes. There's no place in that theater to use electric razors, so they're out.

Servicemen stationed in the Pacific can use cigarette lighters and fluid, pipe cleaners, pens, flashlights, and any edibles packed in sealed tight containers. Extra socks, particularly the woolen ones that absorb perspiration, come in handy. If your GI is at a large base, he won't need gum, toothpaste, shaving cream or blades, but if he's stationed in some out of the way area he probably will.

### WLB Authorizes Hike In Temporary Wages

DALLAS, June 27 (AP)—Temporary payment of wages of 75 cents an hour to loaders and unloaders at five grain elevators has been authorized by the regional War Labor Board to help expedite the Texas Panhandle's record wheat crop.

The rate is temporary, said Board Chairman Wales H. Madden. It will be in effect but 30 days and apply only to five grain elevators at Lubbock and Amarillo—the Kearns Grain & Seed company, Burrus Panhandle Elevators, Producers Grain company, J. C. Crouch Grain company and Tex-O-Kan Flour Mills company.

The board took action in a special meeting after receiving telegrams from the firms that the grain movement was threatened because they were unable to hire men at the approved rate of 54 cents an hour. The board's order permitted payment of 80 cents an hour for foremen.

### McWilliams Named Command Chaplain

DALLAS, June 27 (AP)—A native of Mississippi who has spent most of his life in Texas and considers Austin his home, Chaplain Lieut. Col. John MacWilliams is the new chaplain of the Eighth Service Command.

Command headquarters announced that Chaplain MacWilliams is succeeding Chaplain Col. Ora J. Cohee, enroute to an overseas assignment.

Chaplain MacWilliams, who has been with the regular army since 1918, has served at numerous Texas army posts, with the 85th, 5th and 1st cavalry and as chaplain of the 8th Army Corps at Brownwood in 1942.

During World War I he was with the 8th Cavalry at Fort D. A. Russell and Fort Bliss and was in Panama from 1923 to 1926 and in Hawaii from 1937 to 1939.

### Judicial Council Meets In Ft. Worth

FORT WORTH, June 27 (AP)—Members of the Texas civil judicial council were to meet today to hear a report of the group's court reorganization sub-committee.

The council meeting preceded by one day the war conference of the State Bar of Texas which opens tomorrow with Pic. George W. Parker, Jr., Fort Worth, chairman of the bar's board of directors, presiding at the initial meeting at 2 p. m.

The council's court reorganization panel, composed of A. H. Brittain, Wichita Falls, chairman; W. N. Stokes, Amarillo, associate justice of the court of civil appeals; H. F. Montgomery, Houston; and Robert W. Stayton, Austin, University of Texas law professor, met yesterday to prepare its report.

### Couple Is Married In Oklahoma Church

Miss Edith June Lollar, daughter of Mr. and Mrs. J. B. Lollar of Hooker, Okla., and Pfc. Joseph Clifton Wood, son of Mr. and Mrs. V. V. Wood of Big Spring, were married June 19 in the parsonage of the Nazarene church in Hooker.

Rev. Joe Bishop read the single ring ceremony.

The bride wore a blue suit and white accessories with an orchid corsage.

Joy Lollar, bridesmaid and sister of the bride, wore a tan suit and brown accessories with red roses as her shoulder corsage.

Pfc. Harold Steoring was the best man.

Mother of the bride wore a white eyelet embroidery dress with navy blue accessories. Her corsage was of pink roses.

Following the ceremony a wedding reception was given in the home of the bride's parents. A two-tiered wedding cake topped with a miniature bride and bridegroom was served from a table laid with a lace cloth and centered with red roses.

The couple will be at home in Liberal, Kan., where the bridegroom is stationed with the student officers' detachment, after visiting here with his parents.

Mrs. Wood graduated from Hooker High School in May. The bridegroom attended high school in Big Spring and Brownwood.

# NCAA Tennis Match Enters 3rd Round At Northwestern

EVANSTON, Ill., June 27 (AP)—Francisco (Pancho) Segura, the University of Miami's glittering lend-lease star from Ecuador, is making geographical picks on the field trying to dethrone him in the singles play of the N.C.A.A. tennis championships which entered the third round today at Northwestern University.

Segura, who yesterday polished off Richard Warner of the University of Utah, 6-1, 6-3, today was expected to trim another contender from the same state—Dale Lewis, Utah State College's only entry—as 16 survivors, including five of the original six seeded fourth, and Walter Driver, who is not competing.

A surprise victim in yesterday's starting session which included first and second round competition was second-seeded George Druinler, College of Pacific, who succumbed to Georgia Tech's Howard McCall, 6-1, 6-3, Druinler, undefeated in west coast play, earlier experienced difficulty in disposing of Felix Kelley of Texas, 6-2, 10-8.

The third-round pairings were favorable to Notre Dame's strong bid for California's undefended crown, with the possible exception of the match pitting Jim Griffin of the Irish against fifth-seeded Nick Buzo-

**Top Teams Draw Record Crowd Of Bond Buyers**

NEW YORK, June 27 (AP)—A total of \$56,900,000 in war bonds was contributed to the Fifth War Loan by a three-cornered baseball game between the Giants, Yankees and Dodgers at the Polo Grounds last night.

The crowd of some 50,000 paid \$5,500,000 in admission bonds, a clothing firm paid \$1,000,000 in bonds for an autographed program and Mayor Fiorello LaGuardia purchased \$50,000,000 in bonds for the city of New York. The Dodgers won the game by scoring five runs. The Yanks got one run while the Giants were blanked.

Feb. 6-foot, 7-inch basketball center from Pepperdine College (Los Angeles).

Now rated Segura's chief rival, third-seeded Harry Likas of Gonzaga, former Pacific Coast and California junior champion, was hooked up with Alden (Jinx) Johnson of Michigan's Big Ten title team. Hickman was to take on the east's only remaining contender, Bob Davis of the U. S. Naval Academy.

mickey in the Chicago victory national championship at Edgewater course this week.

Tuning up on the scene of the 72-hole medal play test which gets underway Friday after some high calibre preliminaries, Revolta has slugged out a pair of 65's, one over the course record. He bundled together a 51 and a 34 in his practice romp yesterday.

Edgewater is somewhat of a backyard for Johnny, who hails from Evanston, Ill., and defending champion Sammy Byrd, Byron Nelson and Craig Wood had better not pass of Revolta as a setting star, although his best year was in 1935 when he copped the P.G.A. and western open titles.

However, if you bounce your bets off a cash-and-carry slide-rule, you'll pick a winner from among McSpaden, Nelson, Byrd and Wood, the season's top four money grabbers.

Although the curtain doesn't raise on the victory national proper until Friday when 18 holes are scheduled, meet festivities start today when 26 top pros, feminine stars and amateurs visit the Walter Hines hospital to assist in dedication of golfing facilities donated to hospitalized veterans.

Tomorrow, the first half of a 36-hole combination pro-amateur, pro-lady and pro-senior tournament will be staged at Edgewater.

# Browns Out In Front

By JACK HAND  
Associated Press Sports Writer

It's the St. Louis Browns on the first ballot in the nation's popularity convention but Luke Sew-

all's men still have to prove they can whip the "Yankee jinx" if they're going to win their first American league pennant.

Four games out in front of second place Chicago and four and a half ahead of Joe McCarthy's New Yorkers and Boston, virtually tied for third, the Browns head east for the second time with the shadow of the Yankee stadium darkening their horizon. They open their eastern trip tomorrow against the world champions whom they have been able to whip but twice in seven starts. Last year it was five of 22 and way back in 1922 when the club was making its last serious bid for a flag the same "Yankee jinx" cost them their chance to the tune of 14 defeats in 22 crucial struggles.

## George Ball, El Paso Netter Defends Singles Title In Championship Match

AUSTIN, June 27 (AP)—George Ball, El Paso netter, today had one victory in the Texas Tennis association championship matches as he continued the defense of the singles title he won last year. Ball yesterday defeated W. T. Caswell of Austin 6-0, 6-1, after drawing a first-round bye.

Play was to resume today at 9 a. m. (CWT).

Following are yesterday's results:

Men's singles: First round — Jimmy Roberts, Fort Worth, defeated Lt. Gordon

Rogers, Austin, 6-2, 4-6, 6-3. John Allen, Amarillo, defeated Homer McCarty, Fort Worth, 6-2, 6-1. Sam Match, Bergstrom Field, Austin, defeated Riley Meeker, Austin, 6-0, 6-0. Neaman Baker, Texas City, defeated John Scofield, Austin, 6-2, 6-4. (All others drew byes.)

Junior boys singles: First round — Bobby Goldfarb, El Paso, defeated Grady Gordon, Houston, 6-0, 6-2. George Martin defeated Mac Irvin, Laredo, 6-0, 6-3. Howard Startzman, Houston, defeated Haynie, 6-0, 6-0. Jack Lang, Amarillo, defeated Vernon Bailey, 6-3, 6-1. Kenneth Crawford defeated Jack Lanham, Houston, 6-2, 6-0. Abe Ross defeated Arthur Wright, 6-3, 6-3. Edgar Chew defeated J. C. Morgan, 6-2, 6-0. Roberts defeated Parrish, 6-1, 6-2.

Women's singles: First round — Mrs. Myrtle O'Sander, San Antonio, defeated Betty Roemisch, Dallas, 6-1, 9-7. Mrs. John S. Scoggins, Galveston, defeated Taylor, 6-2, 7-5. Bobby Keith, Dallas, defeated Mrs. Ann Schottman, Fort Worth, 3-6, 6-1, 6-3. Shelby Frizzell, Austin, defeated Margaret Varner, El Paso, 6-4, 6-1. Rosemary Buck, Dallas, defeated Mary Cunningham, El Paso, 6-1, 6-3.

Seventeen more games remain to be played between the Browns and Yankees and the St. Louis club must step up the pace against New York to hold the top rung. Chicago, Detroit and Boston have done much better against the champs although Detroit has been a pushover for St. Louis, 11 games to 3. Boston has whipped Chicago seven out of seven and Detroit has taken Washington and New York at about seven. It's that kind of a race in the American.

Both leagues enjoyed a second straight open date today, but resume action tomorrow with a full chart that brings the American's western teams into the eastern parks and the nation's eastern clubs into the west.

## Sport Shots

By HAROLD V. RATLIFF  
Associated Press Sports Editor

DALLAS, June 27 (AP)—One hundred and fifty-five reported for football at Texas A&M College. This is even more than hit the gridiron for the Aggies last fall.

It prompts Coach Homer Norton to make these observations: "After the war I am going to propose that here at A&M we not only reorganize our freshman team and play games, but that we have a 'B' team, a 150-pound team, and possibly a six-man team, and schedule as many games for this set-up as possible."

## Gridiron Squad Trains Without Aid Of Pigskin

NEW HAVEN, Conn., June 27 (AP)—An experiment which saw a big-league gridiron squad go right through spring training without a football anywhere in sight has been concluded at Yale and Coach Howie Odell expressed delight today over results.

"The boys sure look fit and tough and it looks like we've got something here," smiled Odell as he surveyed his huskies (34 of 32 line candidates are over six feet tall and the majority weigh more than 180 pounds). Yale's potential '44 team has done its stuff in the Eli gym—the temple of sweat—under Bob Kiphuth, the Bulldogs' well known swimming coach. The workouts have consisted of gruelling calisthenics with stress on development of muscles for agility, strength and endurance.

Conspicuously absent was the usual kicking, passing and tossing of footballs.

The experiment was born of war conditions, mainly lack of time.

Odell reasoned that since Kiphuth's swimmers always looked in top condition, the swim tutor's body-conditioning program ought to be equally effective for footballers and that Kiphuth's methods would supply a good substitute for the usual field exercises.

## SPORTS ROUNDUP

By HUGH FULLERTON, JR.  
NEW YORK, June 27 (AP)—That \$15,000 bonus the Red Sox paid to young Dick Callahan of New Orleans has stirred up fresh talk that such payments don't give independent minor league clubs a chance to sign kids that develop right in their own backyards.

... It seems that last winter the major-minor postwar committee discussed a proposal to eliminate bonus payments, giving the player a cut in the sale price when he moved up instead. ... Since nothing has been done yet, why not substitute the old idea of "territorial rights" ... In that way each minor club would have first chance to sign any prospect in a designated territory. ... If some other club wanted him badly enough to pay a big bonus, okay, but it would also have to pay the club whose territory was invaded — say, 50 per cent of the amount given the player. ... See any objections?

Today's guest star—Tommy Fitzgerald, Louisville Courier-Journal: "A former Northwestern football coach says gridiron mentors could be a big help to the war effort by concentrating on developing frail youth instead of winning football games. This, of course, will bring up again the question of who to whip first: Germany, Japan or the alumni!"

Shorts and shells—Bob Pastor, ex-heavyweight title contender, has just won his second lieutenant's bars at Miami Beach and has been assigned to Randolph Field, Texas — where they're liable to forget he was a fighter and remember he once played football for N. Y. U. ... Frankie Sinkwich is out of the maritime service after considerable training at Sheepshead Bay and may return to the Detroit Lions. ... Which recalls that Coach Gus Dorais recently estimated that Fullback Harry Hopp's enlistment in the Navy left a bigger void in the Lions attack than Sinkwich's departure.

Kirby Higbe led the Phillie pitchers with 14 victories in 1940. The following season he paced the Lodger hurlers with 22 wins.

## Pardon me for a wide grin in the direction of the eastern track experts and their views

After watching Charley in action in the National AAU the experts opined that Parker should become a quarter-miler because he lacks the "pickup" for the dashes.

Now, let's see: Parker has been running four years. For three seasons he has gone undefeated. He won both junior 100 meters and senior 100 meters in the AAU. He has won 52 straight races. He has hung up times of 9.5 in the 100-yard dash and 20.6 in the 220.

Your correspondent respectfully submits this question: What were all those guys he beat using for "pickup"? Guess maybe they ought to be in the discuss throw or the two-mile run.

Word comes that West Texas State, which returns to intercollegiate athletics this fall, is making alfalfa while the sun beams.

Coach Gus Miller has been casting longing glances at a group of high school basketball stars who won't be 18 years old very soon. Other coaches have the same idea.

Well, Gus held a basketball school the first week in June. The boys were furnished rooms and meals and practically all of them came. They were not bound by anything. But—Gus took pictures of them in West Texas State uniforms and told them about going to Madison Square Garden, etc.

The boys got to knowing each other and naturally playing better basketball than ever before. So they expressed a desire to come back in September.

It is understood Coach Gus did not discourage it at all.

And here's a tip to other college coaches: Coach Miller is having a football camp the middle of July.

## AAFBS Team Treks To Frederick Sat.

Big Spring Bombardier School's baseball team will go to Frederick, Okla., Saturday for a double-header duel with the post team of that city.

It will be the second venture into Oklahoma for the Big Spring servicemen, one trip having been made to Altus, Okla., for the purpose of getting a baseball lesson.

However, the Big Spring team has been showing a winning disposition since that venture, having gained a 2-1 victory over the 24th Tank unit from Camp Bowie here Sunday. Bowie scored in the opening frame and held a single run lead until the seventh when Big Spring knotted the count. A walk and a hit squeezed the winning run home in the eighth. Szymaniak was on the mound for Big Spring and Johnson caught. Dewberry pitched for Bowie and Phillips caught. Bowie picked up only two hits and Big Spring three.

**YOU** can see water dripping from a leaky faucet, and know it's costing money, but you can't see the cold leaking from your refrigerator when the door doesn't fit tightly.

If your electric refrigerator seems to run longer than it should, make this simple test: close the door on a thin slip of paper. If the paper will slide up and down, the seal isn't perfect. Cold air is leaking out, while warm air seeps in.

This leak of cold air costs you money and lowers the operating efficiency of your refrigerator. Maybe a new door gasket is needed, or perhaps just a slight adjustment of the door latch. Your electric refrigerator service man can advise you what should be done.

Avoid Unnecessary Travel

Some of the soundest advice in recent months has come from the lips of Col. J. Monroe Johnson, director, Office of Defense Transportation, in urging people to avoid unnecessary use of trains, and indeed to do away with any unnecessary travel.

Staying away from rail traffic is particularly important because, as Col. Johnson explained, before long the invasion wounded will be returning to the United States and "every facility in the nation must and will be ready."

Promiscuous running about the country is not wise, either, for that takes gasoline and tires and we are a long, long way from having an ample supply of either.

A Need: Now And Post-War

Certainly one of the post-war projects of the city ought to be the employment of some system for better identifying the city streets. Meantime, as manpower will permit, a brushing and straightening of present markers would be a big help.

Only A \$5 Mystery

There seems to be a mystery (in the minds of some) as to where Sen. W. Lee O'Daniel plans to finance the publication of his O'Daniel News. There is no mystery, according to Bob McCracken, writing in the Corpus Christi Caller-Times, except that the senator has asked "the common people" to shell out \$5 a throw for 100,000 subscriptions.

Mahon Argues Winning War First Issue

WASHINGTON, (Sp.)—The impression is getting around that Sen. W. Lee O'Daniel doesn't like the New Deal.

"For several years now," says Judge Hutton Summers, of Dallas, "many influences have been at work to make the white people and the colored people of this country, especially those in the Southern states, hate each other."

The judge says all the gains made by the colored people of the South since the Civil War are "being imperiled by a combination of short-sighted outside interference, some doubtless well-meaning people, and by a well-organized, abundantly financed, communistic influence hungry for power, antagonistic to our form of government, and deeply resentful toward the white people of the South because their communistic, alien political philosophy has never been able to make substantial headway."

George Mahon, of Colorado City, is making a substantial contribution to the national war effort in his work on the War Department appropriations subcommittee. He is able, hard-working, level-headed and eternally on the job.

"The full and abundant co-operation and support which the people of West Texas have given me," says George, "convince me beyond doubt that the people I represent in Congress favor such a policy of putting the war above every other consideration. That has been the course which I have unwaveringly followed and shall continue to follow."

He knows whereof he is talking when he says: "Those who have attacked and defied our nation and sought to destroy our free-

The War Today

By J. M. ROBERTS, JR. (Substituting For Dewitt Mackenzie)

Capture of Cherbourg comes about as expected, after the Germans did everything possible to delay the massing of Allied strength for a break-out from the beachhead.

In Russia, too, things develop as expected, and with tremendous speed.

While envelopment of the Baltics may be expected as part of the offensive, today's developments also point to the possibility of a favorite Soviet play. While one army heads toward the Lithuania and Latvia by way of Polotsk, three others drive toward Minsk through Orsha, Mogilev and Bobruisk.

This may be a masterfully-conceived campaign with two objectives: To get into position for the Baltic cleanup and yet, without going out of the way, to provide a northern anvil against which a drive from the Gomel-Kowel area could crush all the Germans remaining in the pocket southeast of Minsk.

There are good reasons for believing the offensive will gradually be taken up by Red armies to the south of Zlobin, as, on a great scale, it already has developed southward from Finland.

As the Minsk area is enveloped, the great farthest-west salient at Kowel may be pushed on to Brest-Litovsk while the great armies east of Lwow and last take up the fight.

Eddy Gilmore, AP Moscow correspondent, emphasizes that Russian preparations on the parts of the front he has visited exceed anything he has ever seen. Last year he told me the same thing about the drive which began July 12. Which means last year was just a preliminary, compared with this summer's plans.

If private enterprise does not succeed in providing something approaching full employment during the years that follow the war, the state will again be called upon to care for the needy and to undertake activities that will make work—Eric A. Johnston, president U.S. C. C.

Life's Darkest Moment

Washington—Kentucky Experiences Change-Over

By JACK STINNETT

LOUISVILLE — There was a time when Kentucky's best known production achievements were whisky, horses, tobacco and honorary colonels, but if those days aren't gone forever, they at least are gone for the duration.

The nation at war has turned the blue grass state into a forest of factory chimneys. Officials here say the state has now more than 250 major war plants, located principally in three areas—around Louisville, Covington (across from Cincinnati) and Ashland.

The distillers, who formerly turned out 80 per cent of the nation's whisky, now are 100 per cent in production of alcohol for war uses. And there are five new synthetic rubber plants.

Curtis-Wright and Consolidated Vultee have given the state two large airplane factories. The list is long and it must include mention of the "shipyards" along the Ohio which are still in high gear producing the "Elsie" boats, the landing craft that have been so effective in the south Pacific and at Sicily, Italy and Normandy.

The nation at war has turned the blue grass state into a forest of factory chimneys. Officials here say the state has now more than 250 major war plants, located principally in three areas—around Louisville, Covington (across from Cincinnati) and Ashland.

Hollywood—Hope Downs Six Gallons Of Suds

By ROBBIN COONS

HOLLYWOOD.—Here's a note from Sam Goldwyn's asking us not to betray the secret surprise ending they're cooking for Bob Hope's picture — and that's all right with us. But there's one thing we've got to give out, for the public good, and that's how Hope manages to souse down six gallons of foamy beer at one sitting.

It has to be told, because when "The Princess and the Pirate" gets around and beer-thirsty fans see Bob's prodigious consumption there's sure to be trouble. Some smart-aleck is sure to try to equal the record, thus draining his community's already short supply of suds and denting the morale of people, maybe war workers, who spell morale with a B.

He'll get sick, too, and need a scarce doctor. And folks who spoil Spin with a B will get sore at Bob, who will be very unhappy, which is why we have to tell although Irving Sinder, the property man who figured out how to drown Bob Hope in beer without really wetting his whistle at all, wasn't sure it should be told.

Bob wouldn't be playing with beer if it weren't for the plot. The plot makes him a refugee from bloodthirsty pirates, and his refuge is the Bucket of Blood, a cozy joint where it's a house rule that any guy who can't toss off liquor by the quart is likely to feel a cutlass passing through his neck.

Bob tremblingly orders a glass of beer, pales when a two-gallon tankard is set before him, followed by another, and another. "That would have been easy," said Sinder. "All I had to do was fix up a pewter tankard, with a false bottom a couple of inches from the brim. But then Dave Butler (the director) gets a bright idea. He wants it made of glass, so the audience sees the beer disappear down Bob."

Sinder groaned anew at the thought. A prop-man's pride never lets him demur when directors go: bright ideas. Any prop-man worth his time makes it his business to produce what directors demand, even the impossible. He produced.

"We had to have 'em made special, those glass tankards," he said. "We had 'em made with hollow handles. Through the hollow we passed a tube, running into the tankard and up through Bob's sleeve. When he gulps, we siphoned off the beer, and that's all there is to it."

We forgot to ask Irving where he got all that beer, if it was beer. It looked like the real thing, but if I know Sinder it probably wasn't. It was probably ginger ale with a nice collar of soapsuds made from soap chips — but where'd he get the soap chips? That is what the missus wants to know.

What It Means

Japan's Slash At China

By JAMES D. WHITE

WASHINGTON — From north and south, the Japanese are poking at a Chinese hornet's nest. It's the unconquered 350-mile stretch of the railway between Hankow in central China and Canton in the south.

The Chinese say the Japanese army has thrown 100,000 troops into the Changsha campaign down through central China's ricebowl district. Other Japanese forces are pushing up from Canton, and have reached the town of Fengtun 30 miles above Canton. Their strength here is not given.

On three previous occasions the Japanese have tried to take Changsha, and three times China's General Hsueh Yueh outwitted and outmaneuvered them. He commands that front today.

But now the Japanese look like they are going farther than Changsha. They may have more than one reason for trying now to do what they have never tried before. That is, to bite off a huge chunk of southeastern China by capturing the Canton-Hankow railway.

There's the usual summer loot—now a fixed custom with the Japanese army in China. Then there's the need Japan has for the railway itself. If they could get it, and keep it going, it would help their shipping problem, which grows bigger as American planes harass their shipping lanes through the China Sea.

Next, capture of the line would pinch off any American air bases in eastern China—if there are such bases, Japanese propagandists keep talking about advanced American bases within a hundred miles or so of the coast—at such places as Yushan, Kienow and Chuchow (Lishui). One Japanese military spokesman mentioned "dozens" of such bases.

Furthermore, if the Canton-Hankow line were captured, the Japanese would be better able to defend the China coast when the time comes for American forces to land there. The Japanese appear to have taken Admiral Nimitz's remark about China coast bases very seriously.

Finally, the Japanese probably hope to catch sizable Chinese forces between their northern and southern drives. Knowing the Chinese have lighter and fewer arms, they may hope to destroy them between the jaws of their twin offensive.

them between the jaws of their twin offensive. However, in spite of China's scarcities, this Japanese campaign may turn out to be one of the most difficult in seven years of warfare in China.

In the north, the Japanese may have fairly easy going as far south as Hengchow, a hundred miles south of Changsha. They would be fighting up the broad but narrowing valley of the Siang river. South of Hengchow the country becomes mountainous. The railway goes through more than 35 tunnels as it winds up through narrow valleys, across rough divides, and down through more valleys to the south.

There is a stretch of about 50 miles across the Hunan-Kuangtung provincial border, between the towns of Chenchow and Lokchang, where the terrain is fantastically hilly. The mountains lower in dizzy crags and monoliths which westerners see only in Chinese paintings.

South of the Hunan border, the climate is humid and sub-tropical. Dense undergrowth and bamboo thickets join with irregular forest areas to furnish excellent cover for defense.

Chinese military officials here say they are confident that even if the Japanese can conquer the entire railway — and they by no means concede that it can be done except at great cost — they will not be able to use it.

The entire line would be subject to Allied air attack. The countless defiles linking the railway with the irregular mountains of the hinterland on both sides would expose it to constant counteraction by Chinese troops.

This mountainous Hunan-Kuangtung country is inhabited

**Harrison Cleans Out Two Tests**

Lee C. Harrison No. 1 Snyder, one and three-quarter mile extension to the Snyder pool in eastern Howard county, was cleaned out Tuesday below 2,800 feet after it had cleaned Monday to within seven feet of bottom of hole at 3,049 feet.

The test, which lies northwest of the Snyder area and southwest of the East Howard pool, was shot with 800 quarts Thursday from 2,780 to 3,049 feet. Reaction to the shot appeared to be good. Location is 330 feet out of the north-west quarter of section 20-30-1s, T&P.

**Bombardier Graduate Tells Of Being Bombed By Plane In Own Formation**

A veteran bombardier and navigator of the African and Italian theatres, Lt. Russell Carlson, Jr., of Steelton, Pa., completed his 50th mission last April 17th, and at last report was still going strong. "Had a pretty close call on my 39th mission," wrote Carlson. "While flying in formation near an enemy target in Italy, the Fort above us accidentally released a load of 25 pound fragmentation bombs which dropped on our left wing and tore it full of jagged holes. The radio and two of our engines were knocked out and our bomb bay doors were jammed tight, so we turned tail and headed for home. When we arrived over one of our emergency landing fields, all of us except

the pilot and co-pilot bailed out. The pilot landed the Fort safely, but upon investigation it was found that one of the fragmentation bombs was still lodged inside the ship's left wing, likely to explode at any moment. We were surely lucky that day." Lt. Carlson has the Distinguished Flying Cross and the Air Medal with nine clusters.

**Consul Protests The Arrest Of Mexicans**

AUSTIN, June 27 (AP)—Mexican Consul Luis Duplan today protested to state officials the arrest in Round Rock Sunday of three Mexicans which Duplan said resulted when a cafe refused to serve two of the Mexicans.  
Governor Coke R. Stevenson declined public comment on his conference with Duplan who also protested to Mrs. Pauline R. Kibbee, executive secretary of the Texas Good Neighbor Commission. Mrs. Kibbee asked the Williamson county sheriff's department for a report on the incident.  
Duplan told the governor that two of the men were refused service in the cafe and that in a word exchange that followed one of them asked whether "this is a Nazi country or a democracy."

An officer was called and two men were taken into custody, Duplan added. He said further that a third man later asked officers if charges had been made against the two and the third man was taken into custody.  
Duplan said the Mexicans were long-time residents of Texas.

**IN UNIFORM**

Mrs. Cecil Floyd has received word of the promotion of her husband to captain. Capt. Floyd, who has been in England for the past several months, is a unit commanding officer at a service command depot.

Mr. and Mrs. E. W. Burleson had word from their son, Wayne, who is a cadet midshipman in the merchant marine has returned to a west coast port after four months at sea. He still has a couple of months sea duty before returning for further schooling.

Pfc. Lawrence C. Dunagan, Big Spring, is among the transportation corps traffic regulation men who are taking over the routing of men and material on the European continent to prevent jamming of traffic lanes. Job of the corps is not only to properly route movements, but to unload supplies from harbor craft.

Audrey Phillips, who taught in public schools here a number of years, has returned here after service in the WACS. She recently was given a medical discharge from the service.

Also back in town is Jen Wieser, a former member of The Herald staff. Mrs. Wieser's husband, Lt. Henry Wieser, who was a member of the first class of bombardiers to graduate from the Big Spring school, is a prisoner of war in Germany. Mrs. Wieser is joining the public relations staff at the bombardier school.

City commissioners are to meet this evening to consider setting the tax rate for 1944. The current rate is \$1.70.

Work on the city's new disposal plant is nearing completion, S. C. Cooper, city engineer, said Tuesday. It will be about a month yet before the work is finished, although the unit may be thrown into operation around July 15 for some trial runs.

Several Big Spring lawyers plan to attend a meeting of the Texas Bar association in Fort Worth Wednesday and Thursday. They include James Little, Clyde Thomas, J. L. Sullivan and Tracy Smith.

Issuance of absentee ballots for the July primary in Howard county will open Saturday, Lee Porter, county clerk, said Tuesday morning. The ballots now are being printed and are to be submitted to the clerk's office later this week.

Judge Cecil C. Collins had returned Tuesday after calling the docket of civil cases in the session of district court at Odessa Monday. A jury case has been scheduled for Friday.

**Four Years Ago**  
By The Associated Press  
June 27, 1940—All of France's channel and Atlantic coast passes into German control with arrival of Nazi troops at the Spanish border south of Bayonne; Romania agrees to cede to Russia Bessarabia, which had belonged to that country under the czars, and northern Bucovina, which had been a part of old Austro-Hungarian empire.

**Timid Mary Turns Into Beggar And Now Gets Kick From Sipping Suds**  
By HAL BOYLE  
SOMEWHERE IN ENGLAND, (AP)—Many GI's in France carry good luck shoes from Mary, an English pony who drinks beer and chews gum.  
Half Exmoor and half Shetland, in all her nine years Mary never hung around bars or chewed anything stronger than oats until a bunch of Americans came to the neighborhood where she lives with Mrs. Catherine Bailey, aged widow, and Mrs. Bailey's dog.  
Now she is full of bad habits and nips at every passing GI Joe until he comes across with chewing gum.  
When Mary wants gum or beer she first begs by lifting her knee. That failing, she promptly gets to work with her teeth.  
Capt. A. N. Williams, of Greenbelt, Md., is the general boss of one officers' mess; but has a bone himself less than 13 miles away.  
She is his wife, the former Mary Scott of Manchester, N. H., chief nurse of an American station hospital. She sports silver bars, too.  
"We were married here," said Williams. "I used to rank her and still do, but even when she was a second louse I had to take orders from her."  
Williams was formerly dietary supervisor at the Parkside hospital, New York, and commissary manager at Jones Beach, Long Island.

**SENDS FLOWERS**  
MEXICO CITY, June 27 (AP)—President Avila Camacho and his wife sent a wreath of flowers and a message of condolence yesterday to the only surviving close relative of Mrs. Carmen Romero Rubio De Diaz, widow of ex-President Porfirio Diaz, who died Sunday. The message and wreath were borne by two captains, aides of the president.

**Season On Antelope Is Set For October**  
AUSTIN, June 27 (AP)—Texas' first antelope hunting season in many years probably will be confined to designated ranches in Culbertson, Hudspeth, Jeff Davis, Presidio, Brewster, Pecos, El Paso, Reeves and Terrell counties.  
The open season is set for October and special licenses cost \$5. Applications for licenses will be received at game department offices in Austin and a limited number will be awarded by a drawing for permits about Sept. 1.  
The bag is limited to one buck antelope per hunter.  
The American consul received by the Prince Regent of Portugal at Rio de Janeiro in 1808 was the first U.S. consul recognized in South America.

**THE OLD JUDGE SAYS . . .**

"We can't argue with the Judge on that point, can we Mabel? It's not fair to penalize the many for the actions of the few."  
"That, folks, is exactly what we would be doing in this country if we ever voted for prohibition again. Authorities who have made a careful study of the problem, report that only about 5% of those who drink abuse the privilege occasionally... 95% drink sensibly. Probably doesn't compare with the number of folks who overeat and do other things to excess. Prohibition certainly isn't the answer. It's not that simple. We had nearly 14 years proof of that, didn't we?"  
"The real answer is education and better control. In fact, the responsible members of the distilling industry are working constantly toward that end. They don't want anybody to abuse the use of their product any more than the three of us do."  
"If everybody would take that sensible attitude, Judge, and cooperate as more and more are now doing, we'd be a lot better off a lot quicker."
