

DERBY CAR RACE

ON YOUR MARK — Kids' Camp kids line up for the big race to celebrate a successful week on the last day of Camp, last Friday. The kids made these special Derby cars during their

woodworking activity. Each child had the opportunity to help build one of the cars, which will be a part of the camp each year. This event proved to be a fun and exciting conclusion to the 2005 Kids' Camp.

Low July rain totals leave Motley County needing moisture

by Earlyne Jameson

Rain the first week in July tampered off the rest of the month leaving crops and grassland in Motley County needing moisture when the month of August entered. Cotton still holding up, but limited moisture is causing less than normal feed

and hay crop harvest.

Motley County National Weather Service Volunteers report total rainfall for July: Buzz Thacker, Roaring Springs, 3.72; Jim Stockton, Whiteflat, 3.20; Brian Marshall, Matador, 1.56; Tommie Jo Cruse, Flomot, 1.98. Northfield totals were unavailable at newstime.

New immunization requirements take effect September 1

A new law effective Sept. 1 requires that children attending child-care centers and enrolled in early childhood programs be vaccinated against invasive pneumococcal and hepatitis A diseases, according to the Texas Department of State Health Services (DSHS).

Pneumococcal disease is caused by a bacteria that often leads to middle ear infections, pneumonia, blood stream infections, sinus infections and meningitis. The vaccine is required for all children age 2 months through 59 months attending child-care facilities and pre-kindergarten programs.

Hepatitis A is a liver disease that is spread from person to person, often by putting objects in the mouth that have been contaminated with the stool of a person with hepatitis A. Children in child-care centers and pre-kindergarten programs who are 2 years old or older will need two doses of hepatitis A vaccine given six to 18 months apart.

To attend child-care facilities and pre-kindergarten programs, a child also must be immunized against diphtheria, tetanus, pertussis (whooping cough), polio, measles, mumps, rubella, hepatitis B, varicella (chicken pox) and Hemophilus influenzae type b (Hib) at the appropriate age. If children do not have at least the first dose of the required vaccines by Sept. 1, they may be excluded from child-care facilities and pre-kindergarten programs.

New this year for school children are expanded requirements for hepatitis B and varicella immunizations. Students in kindergarten through 11th

grade must have received the varicella vaccine before the start of school.

"Parents should be sure their children are in compliance with all school-enrollment vaccination requirements prior to the start of school," said Monica Gomez of the DSHS Immunization Branch. State rules require that school students be vaccinated against nine illnesses: diphtheria, tetanus, pertussis, polio, measles, mumps, rubella, hepatitis B and varicella.

Routine vaccination recommendations call for most of the vaccine doses required for school attendance to be given by age 2 with boosters between ages 4 and 6. Catch-up schedules are available for students who did not receive the vaccines when younger.

Military dependents, homeless students and certain students transferring from other Texas schools will be granted temporary enrollment regardless of vaccination status.

Some students are exempt from vaccination requirements for medical reasons or for reasons of conscience.

Specific vaccination requirements for school attendance are available from schools, physicians' offices and local public health departments.

The information also is available online at www.ImmunizeTexas.com or by calling DSHS toll free at 1-800-252-9152.

Vaccination requirements apply to students in all public and private primary and secondary schools, those in registered child-care facilities and students enrolled in pre-kindergarten programs in Texas.

Old Settlers' Turtle Race will feature Lubbock TV personality

The 2005 Old Settlers' Turtle Race, sponsored by Alexander Fuel in Roaring Springs, will feature local TV personality Pete Christi, sports reporter for News Channel 11 in Lubbock. Mr. Christi's special feature, "Beat Pete" will put him, and his turtle, against Mr. Alexander's racing turtle.

The turtle race, which is a popular event for the children of this area, will have three divisions, ages 0-4, 5-9, and 10-14.

The child having the fastest turtle to win the race in each division will take home a prize of \$50.

"Kids should get out and find their prize turtles now, so they can get them in shape for the race," Mr. Alexander said.

The turtle race will be held on Saturday, August 27, beginning at 3:00 p.m., at the Old Settlers' grounds.

Mr. Christi will also compete in the Washer Pitch for another

"Beat Pete" feature. He will go up against last year's champion, Matt Abram of Crosbyton.

An exhibition pitch will begin at 12:30 p.m. and the competition will begin at 1:00 p.m., Saturday, August 27.

Make your plans now to be on hand for these exciting events, and support Mr. Alexander and Mr. Abram as they try to "Beat Pete."

Congress approves Energy Bill Thornberry says high fuel prices will not change immediately

Washington, D.C. -- The most extensive energy bill approved by Congress in years passed the U.S. House of Representatives July 28. H.R. 6, the "Energy Policy Act of 2005," was approved by the House by a vote of 275-156.

U.S. Rep. Mac Thornberry (TX-13), who has pushed for the adoption of a national energy strategy throughout his time in Congress, voted in favor of H.R. 6. However, he warned that, "The high energy prices we are all frustrated by right now will not come down immediately because of this or any other individual bill."

"Because we have failed to enact a sound energy policy for so many years, our nation has become increasingly dependent on foreign energy sources. It will take some time to overcome this problem. But, I believe H.R. 6 will do a lot to help us become more self-reliant," said Thornberry.

Highlights of the bill include:

- Promotes domestic oil and gas production through tax incentives and by allowing more exploration and development on non-park federal lands.
- Assists the construction of new refineries by making the regulatory and approval processes less burdensome.
- Requires an increase in the production and use of ethanol under adjustments to renewable fuels standard provisions.

Through an expansion of a tax credit for renewable energy, it creates incentives for

producing power through the use of such sources as wind, biomass, hydropower, landfill gas, and municipal waste.

• Reduces pollution through clean coal tax credits and investment in new pollution control equipment at utilities.

• Encourages energy efficiency through tax incentives that promote the construction of homes that consume less energy and the purchase of hybrid cars.

• Gives the Department of Energy the authority to develop programs to expand electricity

production and supply through nuclear and hydropower production.

• Improves the reliability of energy supply by offering tax incentives to modernize the electricity transmission grid and to upgrade natural gas distribution networks.

• Simplifies the regulatory process to boost production of liquefied natural gas.

The U.S. Senate was expected to approve H.R. 6 before adjourning for the August recess.

Motley County ISD earns recognized rating from TEA

Motley County has earned a recognized rating from the Texas Education Agency. To receive a recognized rating the school must have a 80% pass rate in all sub-groups. Part of the accountability is the completion and drop out rate. Motley County had a 100% completion rate and 0 drop outs. Motley County also had a 100% rate in Writing.

Motley County Principal, Marilyn Hicks, said "I'm just really proud of our students and teachers, and we look forward to working toward an exemplary status."

Ratings are based mostly on standardized tests students take called the Texas Assessment of Knowledge and Skills, or TAKS. High school completion rates and middle school dropout rates also are factored

into the equation.

More Texas schools and school districts received the state's lowest academic rating this year and math and science test performances were key reasons, Texas Education Commissioner Shirley Neeley said.

Below is a list of ratings:

- School districts receiving the highest rating, exemplary: 10
- Districts rating recognized: 168
- Districts rated academically acceptable: 986
- Districts rated academically unacceptable: 61

Individual school campuses rated exemplary: 290

- School campuses rated recognized: 1,866
- School campuses rated academically acceptable: 4,707
- School campuses rated academically unacceptable: 364.

County Fair plans progress

Plans are progressing for the first annual County Fair. The Roaring Springs Community Volunteers will sponsor the event, Saturday, October 15, 9:00 a.m. - 5:00 p.m. at the Roaring Springs Community Center.

The fair will feature old-fashioned fun with competition in categories such as baked goods, antiques, crafts, canning, quilts, etc. There will even be fun for the children with a special category for toys. There will be no livestock.

More information will be made available as plans continue to progress.

Prayer is Powerful

Do we believe in the power of prayer? When we pray, do we pray like we mean it. Or, are our prayers simply a fulfillment of a daily obligation? Do we think it possible to persuade God through prayer? Let's consider a man who prayed found in the Old Testament. His name was Moses.

When Moses prayed, he meant it. When he talked with God it was certainly more than just an obligation. It was his opportunity to persuade God. We remember in our Bible reading, when the Israelites chose to build a golden calf. The people asked Aaron to make a god for them...he did. God saw the evil they had done and decided to make an end of them right there.

But Moses entreated God and asked Him to change His mind, (Exodus 34:12). The Bible tells us that that is exactly what happened. The KJV states that "God repented." In other words, our God changed His mind about what He had intended to do. Why? Because a man named Moses prayed. So when we pray, let's mean it. When we asked of God let's expect a response. There is power in prayer!

Library Notes
By Suzanne Abbott, Librarian

Today, Thursday, August 4, there will be a Friends of the Library Meeting at the library at 4:00 p.m. We hope to see everyone at that meeting.

We appreciate the donations that the library received last week. We thank Lindy Stafford for donation in memory of Bill Moss and Jerry Green. We also thank Eva and Tex Barkley for their donation in memory of Darrell Woolsey. We appreciate the donation by Venita, Jerry and Neal Sedgwick in memory of Darrell Woolsey.

The library is now having a paperback book sale. Have you priced paperbacks lately? The

library is offering some gently used paperbacks at a real bargain - \$.25 each. Come in and stock up with enough books to carry you through the hot days of August.

Books new to the library's shelves are *Jacob's Ladder, A Story of Virginia During the War*, by Donald McCaig and *The Heartsong of Charging Elk* by James Welch. The library also offers *Frank and Jesse James, The Story Behind the Legend* by Ted P. Yeatman. This book was the 2001 Spur Award Finalist for Best Western Biography.

See you at the Friends of the Library meeting.

Proof of the Truth

**WHAT PART OF
"CONGRESS SHALL MAKE
NO LAW" DO YOU
NOT UNDERSTAND?**

That's the question that should be put to the Supreme Court. Unless we can conclude that the display of the Ten Commandments in a Kentucky courthouse is an establishment of religion by the U.S. Congress, the decision is pure politically-correct nonsense!

Now, let's consider the entire First Amendment and see if we are right, at least according to Jefferson and Madison. It says: "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances."

Following Jefferson's famous 1802 letter to the Danbury Baptists, wherein he used the metaphoric phrase "wall of separation between church and state," he wrote two more that have been conveniently ignored by the Supreme Court and that directly bear upon the subject.

Keeping in mind that "free-

dom of the press" is also in the First Amendment, in an 1804 letter to Abigail Adams, Jefferson wrote: "While we deny that Congress have a right to control the freedom of the press, we have ever asserted the right of the States, and their exclusive right, to do so."

Then in an 1808 letter to Samuel Miller, Jefferson wrote: "I consider the government of the United States as interdicted by the Constitution from intermeddling with religious institutions, their doctrines, discipline, or exercises. This results not only from the provision that no law shall be made respecting the establishment or free exercise of religion, but also from that which reserves to the States the powers not delegated to the United States. Certainly no power to prescribe any religious exercise or to assume authority in any religious discipline has been delegated to the General Government. It must then rest with the States."

James Madison, considered the "Father of the U.S. Constitution," wrote in Federalist Paper 45: "the powers delegated by the proposed Constitution to the Federal Government are few and defined. Those which are to remain in the State governments are numerous and indefinite."

So yes, under the U.S. Constitution, Texas could require the acknowledgment of God, a responsible press, and outlaw pornography and flag-burning as expressions of free speech! But, we continue to bow to absurd Supreme Court rulings to the contrary.

A Note of Thanks

No words can express how grateful we are that we live in a small community. The overwhelming acts of kindness, thoughtfulness and showing of love make us realize how truly blessed we are to live here. Thank you for all the prayers, food, phone calls, visits, cards, flowers and love poured out on us at the loss of our husband, dad and granddad. You will never truly know how you have all touched our lives. A special thanks to our "angels" who took care of our kids. Thanks again for all everyone has done. Greenbelt golfers bring home more medals

Motley County Greenbelt golfers traveled to Wellington for another exciting day of golf on Tuesday, June 28.

Mattie Brooks placed fourth in the K-3rd grade girls' division.

The 4th - 5th grade boys' division proved to be even more exciting when local players brought home the first three places. Christian Brooks placed

first; Austin Taylor placed second; and Braden Mason placed third.

The following week was just as exciting when the kids traveled to Paducah on Thursday, July 7. Christian Brooks brought home another first place medal, with Jonathan Osborn placing second and Austin Taylor placing third.

Former Matador resident named Lynn Co. Hospital Administrator

Former Matador resident, Jimmy Morris, was recently hired as Lynn County Hospital Administrator.

Morris has worked closely in the Administrator's office for more than a year, has been chief of operations for the hospital, mostly working with computer systems and networks and making sure the hospital complies with recent federal legislation regarding privacy of patient records.

Morris, 51, was chosen from a field of seven applicants.

A 1972 graduate of Matador High School, Morris attended Wayland Baptist University for a year, studied commercial art at Texas State Technical Institute in Amarillo, attended Amarillo College, Chipola College in Marianna, FL, and attended Florida Baptist Theological College in Graceland, FL for three years, and was named to the Dean's Honor List each semester attended.

He joined Lynn County Hospital as director of maintenance in 1993 and later was named chief information/operations officer, HIPAA privacy/security officer, compliance officer, and has been computer network administrator for the last five years.

He was interim pastor of Oakie Ridge Baptist Church in Chipley, FL while he was attending college in Florida. He was director of advertising and marketing, jewelry design and manufacturing for Thacker Jewelry at Roaring Springs, 1983-1990.

Motley County Chamber of Commerce News & Views

by Marie-Louise Liebe-Harkort

Consider:

"The essence of government is force, and most often that force is used to accomplish evil ends."

— Walter Williams

Spending time in Germany leads one to make comparisons between Germany and the United States, and one that comes to mind is that there is a Chamber of Commerce there, too. But what does that have to do with force? Simply this — every business, great or small, must by law be a member of the Chamber of Commerce, and is forced to pay dues to the Chamber, the equivalent of several hundred dollars per year.

The Motley County Chamber of Commerce is a voluntary organization, and no one is forced to be a member. Every business, every individual, is free to join or not.

It could be maintained that the essence of freedom is choice, which is the opposite of force. Young people often go through a phase where they see freedom as essentially the freedom to say "no," to refuse to follow traditions or take on responsibilities.

But real freedom is just as importantly the freedom to say "yes," the freedom from the pressure to say "no" just to prove that one is free. Only

when this stage of understanding, the freedom to say "yes," has been reached is one truly free.

So, you are free to decide to be a member of the Chamber of Commerce, to support a local organization that strives to provide aid and support to local businesses and to be a relevant part of the life of the county. The membership letter has been sent out, and many have already sent their membership dues and filled out the survey that accompanied the letter. But many have not yet got around to it.

We hope this gentle reminder will motivate you to get around to sending in the survey and your membership dues soon if you have not done so already, or you will drop by New to You and get the letter and the survey from the president, Annette Hollinsworth if you did not receive it or have lost it somewhere on your desk.

Perhaps you are exercising your freedom of choice by not joining, and that is why we have not heard from you. In that case, of course you are free to do as you choose, but the Chamber would be grateful if you would take a few minutes to think about your choice again and perhaps revise it in favor of joining. The Chamber can only function with the support of the community, and that support is needed now to carry out all the plans in the hopper.

OBITUARIES

Maurice Kermit Goodwin

Graveside services were held for Maurice Kermit Goodwin, 91, of Lubbock at 1:00 p.m., Saturday, June 18, 2005, in the Floydada Cemetery under the direction of Sanders Funeral Home. He passed from this life on June 15 in Ralls.

Maurice was born to Britt and Mattie Galloway Goodwin in San Augustine County, Texas. His was a pioneer family that was among the early settlers of Texas.

Maurice and his family came to the West Texas area in 1917. He attended school in Roaring Springs and graduated in 1931. He was a talented baseball player. After graduation, he moved to Los Angeles, CA where he played both semi-pro and professional baseball. He was a close personal friend of the great Jim Thorpe, the all around athlete from the Carlisle Indian Reservation. Upon the death of his father in 1937, he returned to Roaring Springs and began his lifelong career in the farming and cotton gin business. Under the tutelage of his beloved uncle, Jim Goodwin, he was sent to Texas A&M and to the Anderson Clayton Company for training in the cotton business.

Maurice was in the gin business from 1941 until his retirement in 1980, owning gins in Arton, Flomot and Ralls. In addition, he served on the boards of a number of cotton organizations throughout his career.

He is survived by his wife, Ella Biggs Goodwin, of Lubbock; two daughters, Martha Moore and husband Bobby of Odessa, Jane Thacker and husband Max of Grapevine; two sons, Billy Maurice Goodwin and wife Edna of El Paso and Todd White and wife Karen of St. Louis, MO; one sister, Annie Elder of Farwell; and a number of grandchildren, great-grandchildren, and one great-great-grandchild.

He will be missed greatly by family and friends.

Wilma R. Crowell

Wilma Richardson Crowell peacefully joined our Lord on July 28, 2005. Born June 4, 1917, in Scranton, Texas to Mack F. and Eva Jobe Richardson, Wilma graduated from high school in Abilene, Texas in 1933 and received her B.A. in English from Hardin Simmons University in 1937. Wilma was a member of the HSU Cowgirls Honorary Society, and played tennis. Following graduation from HSU she taught school, first in Clyde and later in McLean before marriage. In 1954 Wilma received the M.A. in Education from West Texas State University and later taught in Flomot, Amarillo, Bushland, Levelland, Wharton, and West Columbia (Brazoria County), Texas. Wilma was a longtime member of the P.E.O. Sisterhood of professional educators and was a past president of the Amarillo Senior Citizens Association. She was a member of Amarillo's "forty-Five Uppers" organization and was active in the Democratic Party in Texas, serving several times as a delegate from Potter County to the Texas State Democratic Party Convention. A lifelong Baptist, Wilma joined the First Baptist Church in Amarillo upon returning to Amarillo from Brazoria County in 1978 and was active in the Seniors Sunday School. She also enjoyed playing bridge and was a member of bridge groups in both Amarillo and Canyon.

Wilma was preceded in death by her husband of fifty-six years, Odis Crowell; and by her parents and her brothers, Oran and Mark Richardson. She is survived by her four sons: Max (Patricia) of Tucson, Arizona; Stephen (Phyllis) of Spring, Texas; James (Karen) of Houston and Kent (Marla) of Midland. She is also survived by five grandchildren and two great-grandchildren as well as her sister, Mrs. Zelma Hunt of Killeen.

A memorial service will be held Thursday, August 4, at 10:00 a.m. at the Chapel of the First Baptist Church in Amarillo, Rev. Lynn Garrett officiating; followed by a graveside service at 3:00 p.m. at the Flomot Cemetery in Flomot. Funeral arrangements are by School Gordon Funeral Directors in Amarillo.

In lieu of flowers the family suggests donations to the American Cancer Society or to the Missions of the First Baptist Church in Amarillo, 1208 S. Tyler, Amarillo, TX 79101-4296.

VIOXX[®] Heart Attacks, Strokes & Sudden Cardiac Deaths

In 2004, VIOXX was recalled due to increased risks of heart attacks, strokes and sudden cardiac deaths of VIOXX users. According to recent studies, CELEBREX & BEXTRA, both Cox 2 inhibitors, similar to VIOXX, may have similar risks of heart attacks, strokes and deaths. In 2000, a medical study found that VIOXX users suffered FIVE (5) times as many Heart Attacks as people on an older pain reliever naproxen. Recently in a letter to the FDA, Merck's own study stated that 14.6% of VIOXX patients experienced cardiovascular troubles. VIOXX lawsuits are being filed throughout the US.

If you or a loved one have taken VIOXX, Celebrex or Bextra and suffered a heart attack or stroke OR a family member has died due to a sudden cardiac death, then call us for a Free Case Evaluation. THE BETTER TO HEAR YOU WITH A three-eared rabbit?? Mrs. Doris Moore of Matador took this picture of a bunny who hops around her yard frequently. Mrs. Moore has been very close to the little hopper, so she has had the chance to examine the ears and reports that it isn't a split ear, but appears to be a third ear. Motley County has an abundance of wild rabbits this year.

FARM SERVICE AGENCY NEWS

By John Bird, Motley County CED

CROP DISASTER SIGNUP, LIVESTOCK ASSISTANCE PROGRAM DEADLINE ANNOUNCED

The deadline to sign up for the 2003 and 2004 Crop Disaster Program and Livestock assistance program will be close of business (4:30 p.m.) on September 9, 2005. Please call for more information or to make an appointment.

EMERGENCY LOANS AVAILABLE

Motley County farmers who suffered significant damage due to excessive rain, flooding, hail, high winds, and lightning on June 9, 2005, may be eligible for low-interest emergency loans from the Farm Service Agency if they are unable to get financing from any other source. These loans carry an interest rate of 3.75 percent.

Production Losses. Eligible farmers can also use emergency loan funds to recover a portion of losses on growing crops that were destroyed.

Physical Losses. Eligible farmers can use emergency loan funds to repair or rebuild essential farm buildings, clean debris or prepare land for replanting, and to replace livestock, supplies and harvested crops on hand or in storage that

were lost.

Loan applications will be accepted through the Donley or Hall County office through March 20, 2006. Interested producers can contact our office to set.

PROVIDING INFORMATION TO INSURANCE COMPANIES

FSA offices are now required to give acreage reports and maps to the producers rather than to an insurance company. Only in cases where a claim has been filed and an adjuster requests information may we provide it. Producers will then supply their agents with the needed information.

MEASUREMENT SERVICE STATUS

The 2005 measurement services will probably not be completed due to not getting the required aerial photography. We will be refunding the money paid by producers shortly.

If you still need a measurement service, you can pay for a ground measurement, which costs \$35.00 for the first field and \$15.00 for each additional field.

Keep Secondary Worm Pests Under Control in Cotton

Secondary worm pests such as loopers, armyworms and saltmarsh caterpillars can cause extensive damage to cotton plants at a key stage of production. Although infestations of these pests may be sporadic from year to year, damage from their feeding can be a late-season headache for growers.

Data from studies conducted by Dow AgroSciences and Mississippi State University during an outbreak of saltmarsh caterpillar in seedling cotton indicated that **Intrepid**® insecticide is highly effective in controlling this pest, as well as beet armyworms, soybean loopers and cabbage loopers.

In all studies on loopers and saltmarsh caterpillars, low rates of Intrepid were compared with other commercial standard treatments and untreated checks. Results showed that Intrepid significantly reduced looper and saltmarsh caterpillar populations and percent of defoliation within 2 to 3 days of application.

Feeding among the pests stopped almost immediately, with death following in 2 to 5 days. And, the residual effectiveness of Intrepid on treated foliage was apparent for at least 14 days.

The active ingredient in Intrepid mimics the natural insect molting hormone in targeted pests, causing a premature, lethal molt of the larvae within hours of ingestion. Intrepid, however, is selective, so it allows growers to maintain populations of key beneficial insects such as ladybeetles, parasitic wasps and honeybees, which makes it ideal for use in Integrated Pest Management and resistance management programs.

The extended residual performance and broad spectrum of Intrepid for control of the secondary pest complex in cotton makes it an excellent fit for pest control programs across the Cotton Belt.

Emergency Farm Loan applications being accepted

Applications for emergency farm loans for losses caused by excessive rain, hail, high winds and tornadoes that occurred from August 12, 2004, are being accepted at the Farm Service Agency (FSA) office located in Hall County, Larry J. Goetze announced.

Motley County is one of the 8 contiguous counties in Texas recently named by Secretary of Agriculture as eligible for loans to cover part of actual production losses resulting from the drought and excessive temperatures.

Mr. Goetz said farmers may be eligible for loans of up to 100 percent of their actual losses or the operating loan needed to continue in business, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest is 3.75 percent.

"As a general rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an FSA emergency loan," Mr. Goetz said. Farmers

participating in the Federal Crop Insurance program will have to figure in proceeds from those programs in determining their loss.

Applications for loans under this emergency designation will be accepted until February 21, 2006, but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possibly over into the new farming season," Mr. Goetz said.

FSA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FSA office in Memphis is open from 8:00 a.m. to 5:00 p.m. Monday through Friday.

VIOXX

Celebrex® - Bextra®

Heart Attacks, Strokes & Sudden Cardiac Deaths

In 2004, VIOXX was recalled due to increased risks of heart attacks, strokes and cardiac deaths of VIOXX users. According to recent studies, CELEBREX & BEXTRA, both Cox 2 inhibitors, similar to VIOXX, may have similar risks of heart attacks, strokes and deaths. In 2000, a medical study found that VIOXX users suffered FIVE (5) times as many Heart Attacks as people on an older pain reliever, naproxen. Recently in a letter to the FDA, Merck's own study stated that 14.6% of VIOXX patients experienced cardiovascular troubles. VIOXX lawsuits are being filed throughout the US.

If you or a loved one have taken VIOXX, Celebrex or Bextra and suffered a heart attack or stroke OR a family member has died due to a sudden cardiac death, then call us for a Free Case Evaluation. Applicable Filing Deadlines and Statutes of Limitations do apply. Call now to get a Free Confidential Consultation. Don't wait.
