Recently I received a letter from a lady that once lived in Motley County and lived on the Bird Ranch. Anna Belle Smith remembered being at my grandparents, Charlie and Daisy Bird's 50th Wedding Anniversary on December 7 and the word came that Pearl Harbor had been bombed.

Anna Belle left in 1946 but she still gets the Tribune and misses Motley County.

It doesn't matter how far from home people go there are still those ties with home that we never get away from. Some people come back to Old Settlers and some to Homecomings or family reunions.

There were two cowboys that worked for the Matadors and were both called to the service and came and went in Motley County at different times. This year they crossed paths for the first time in 52 years at Old Settlers. What a reunion they had!

Every Ticket Can Win!

"What is truth?" Pilate asked of Jesus long ago. The Bible answers the question in the Gospel of John, chapter 17, verse 17. The search for truth should be a high priority for us as we journey through this life.

We must approach the study of the Bible with a desire to discover truth. We must be willing to read the Bible and allow it to speak to us. We need to try to understand what is actually being said. The Biblical truths we find need to be incorporated into our own lives.

"Ah, you have me there," a research scientist once said thoughtfully. "I'm not sure I can take the risk. It might mean leaving my job and becoming a missionary or something." This man was not joking. Indeed, few people are that honest. Also, we can offer him no guarantees as to what demands his conscience might make of him.

It is important that you and I come to the study of the Bible not to prove what we already believe, but to discover what we must believe. Only then will we be truly, students of the Bible.

FROM SOWER Michael A. Guido Metter, Georgia

A boy was asked, "Do you pray every night?"

"No," he answered.

"Why don't you?" asked the preacher.

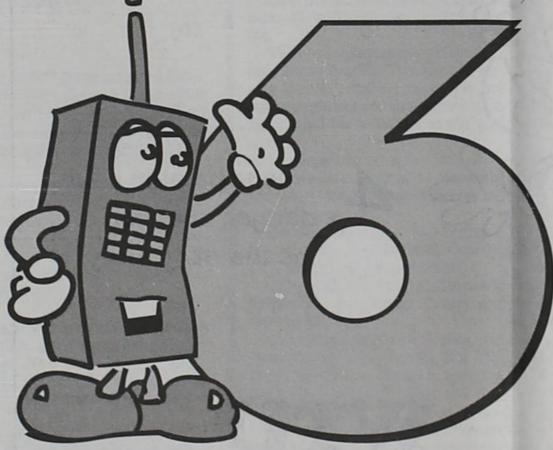

"Because," he explained, "some nights I don't want anything." But prayer is more than just

wanting something from the Lord. It's also waiting on the Lord. And waiting on the Lord isn't

idleness, it's involvement. It delivers you from exhaustion to effectiveness.

The Bible says, "They that wait upon the Lord shall renew their strength." To wait on Him is to become productive. For He gives power to the tired, strength to the weak, and wisdom to the bewildered.

Take time daily to wait on the Lord or you'll wear out in life.
