Death Of Wurzbach Reduces G. O. P. Strength

The 1931 tax rolls of Howard county disclose that the tax burden is always the word you know, whether the rate is two cents or two dollars—is growing lighter and lighter.

That our county commissioners are sincere, conservative, efficient public servants is recognized, we believe, by a great majority of the people. They make mistakes all right, just as we all do at our jobs, but they're honest ones.

But, we have them to thank for handling things in such a way that the tax rate could be cut 21 cents per \$100 on a total valuation of almost a million dollars less than for last year.

It was interesting to compute the average sum that must be paid on each acre of land in the county in county taxes—\$2.91.

In other words, a man with 166 acres of land of average value will pay \$4.85 tax.

A scenic drive in the Davis mountains near Fort Davis is under construction to extend seventy-five miles.

You never need to leave Texas if you're searching for scenery—our game. In a few days thousands of Texans will move into the deer hunting grounds, the great, broad, forbidding mountain regions and the brush country. Truly, Texas has the Happy Hunting Grounds of the sportsman. Millions would give a lot to be able to wake up in the mornings and scan the verdant skyline around Big Spring.

Keeping up with West Texas, hither and yon:
One oil refining company is spending \$150,000 in improvements at McCamey.

A million dollars worth of mohair has been marketed in the San Angelo territory this year.

Forty thousand acres of sudan grass seed were harvested in the Mulphree territory this season, with yields at least as high as 1,500 pounds to the acre.

Litterfield will ship 22 carlots of broom corn this fall.

The cotton mill at Jayton has been reopened after a two-year shutdown.

An association to grow and market alfalfa has been formed at E Paso.

Two hundred thousand dollars worth of granite was ordered from Liano recently for the postoffice annex construction at Houston.

Canadian, Texas, boasts a hog market with gross receipts of one million dollars annually.

A \$2,500,000 dam is under construction near Brownwood.

Beat Sweetwater!

Yeah, Manchuria may be the embryo of a big war, the Navy League and Hoover may tear the navy to pieces, the Democrats may control congress and oil may go up another two bits, along with better cotton and wheat prices, but who cares about that around here right now?

Ain't we gonna have a big football game next week?

Gulf widows there were a few weeks ago, and may be some of our best young married men come home late for supper the year around but just now their wives see 'em rarely and find themselves in the astounding dilemma of having to listen all because Obie and George have got their boys whipped into a pretty good team.

Loyalty to a school team does not consist solely of "blowing 'em up," however. Let us not get cocky. Down state scribes have repeatedly pointed out that Big Spring has yet to prove thoroughly that she has a team of state championship possibilities, simply because her opposition has not been so strong.

There is an element of truth in that. But, the fact that we have piled up more points than any other team in the state, and have had an outright defense thus far to a great extent offsets the weak opposition angle.

The Sweetwater team will be the first real club to face the Steers. The boys will come out of that game either thoroughly initiated into the realm of fully recognized contenders or they will not.

Whether they do or not depends upon the way they feel about it when they go into the game. If they have their heads set, and practice the genuine old fighting spirit to the fullest Sweetwater will be crushed. Otherwise, Sweetwater will win.

We say these things not because we figure the fans who have been overwhelmed by the dash and fire shown in the past games will like it so much but because we feel that generally speaking, we are growing a little over-confident. If that feeling spreads into the team, well

300 Elm Trees Are Reserved

Remainder of 1,000 Must Be Reserved Promptly Says Watson

Approximately 300 Chinese elm trees have been ordered by Big Spring people, C. T. Watson, manager of the Chamber of Commerce told the Kiwanis club Thursday. He urged that reservations for the remainder of the 1,000 trees that must be bought to obtain a price of 50 cents each, be made immediately.

"The idea that trees must be planted here about February 22 is erroneous. They ought to be planted at once, for they acquire considerable growth during the winter," said Mr. Watson.

It is planned to deliver these trees about November 20.

Russia's Attitude Toward Japanese Occupation of Manchuria Detailed By War Chief In An Exclusive Interview

Soviet Party Asks Support For Chinese

'Capitalistic Nations Want War'; Japanese Win 3-Day Battle

MOSCOW, Nov. 6 (AP)—The executive directorate of the Communist International, the only party recognized in Russia as being closely connected with the government and with world-wide affiliations, appealed to its members to support the Chinese proletariat against the Japanese occupation of Manchuria. It was said that war against China was a step toward war against Soviet Russia.

Today is the fourteenth anniversary of the Russian revolution. It was asserted leaders of capitalist countries were beginning wars hoping to delay labor's revolt.

TOKYO, Nov. 6 (AP)—Rengo dispatches said today that the Japanese had crushed the Chinese army in the three-day battle at the Nonni river in North Central Manchuria, and were dislodging the last group today. The Chinese began a disorderly retreat northward as they were harassed by bombing planes. One hundred and thirty Japanese were reported killed. The Chinese casualties were much heavier. It was reported that three companies bore the brunt of the fighting. The Japanese were outnumbered ten to one. The Japanese totaled about 900 against the cavalry and artillery of the Chinese.

Voroshilov, an impressive military figure with graying hair and a firm, blond moustache, sat at his desk and answered questions without hesitation in connection with the Japanese occupation of Manchuria, and the possibility of a conflict with Soviet interests. At his elbow lay a heavy service revolver, jammed among ink wells and papers on the desk.

Red army officers stood on duty at the door, and models of military bombing planes, cannon, gun carriages and shells were scattered around the office. A statuette of a red soldier stood on the desk and portraits of Lenin, Stalin and other communist leaders hung on the wall.

Rev. Martin Is Club Speaker

Kiwanians Hear Episcopal Pastor; Announcements Made

Rev. W. H. Martin, pastor of St. Mary's Protestant Episcopal church was the speaker at Thursday's meeting of the Kiwanis club in the Crawford Hotel.

Speaking on the general topic of "Education," Mr. Martin declared it consisted not in the volume of facts learned in school but that it was exemplified in the power to think straight, to plan and execute wisely. A man's ability to solve life's problems demonstrates the quality or the thoroughness of his education, no matter what were the forces that led him to a position that enabled him to so live, it was declared.

Today people of this country are called upon as citizens to solve the problems created by spread of communism, the broken home problem, world-wide business and industrial disturbance and lawlessness, he declared.

Every man, regardless of race or color, has the right to happiness, which cannot be obtained without abolition of crime and poverty and people who are genuinely educated must be looked to for leadership in bringing about such a condition, he continued.

Mr. Martin related an incident to emphasize the statement that a major problem of the nation is to create forces that will give young people a balanced perspective. Two young men came to his home asking for food. He fed them. They were enroute to California to find work, they said. He told them that a skilled laborer recently had stopped here; saying that he had pawned his tools to raise money to get out of California because he could not find work there. The young men were advised to return to their homes. They said they did not want to live off their relatives.

Mr. Martin said that such illogical, chaotic thoughts and opinion were dangerous, especially when carried in the hearts of younger citizens.

Thomas J. Coffey was program chairman of the day. L. A. Eubanks, general program chairman, presided as President. G. R. Porter and other officers were in Lubbock conducting the program of the club there. Enos Ashcroft, Dr. C. D. (CONTINUED ON PAGE 5)

125 Barrels Per Well Is Allowable

Order Effective Saturday; Capers Made Guard Officer

AUSTIN, Nov. 6 (AP)—Under an executive order of Governor Sterling East Texas oil production will be limited to 125 barrels per well daily beginning Saturday. The production is now 150 barrels per well. The governor is considering various plans of proration on an acreage basis.

KILGORE, Texas, Nov. 6 (UP)—Brig.-Gen. Jacob F. Wolters, martial law administrator of the East Texas oil field, today moved to form a military commission to supplement the Texas Railroad Commission's force of supervisors now being disbanded.

A. B. Capers, former deputy oil and supervisor for the railroad commission, was commissioned as a captain to assist Gen. Wolters. Gen. Wolters was understood to be making efforts to obtain a commission for R. B. Latting, former deputy oil and gas supervisor.

Capers and Latting were discharged yesterday by the railroad commission following discharge of a number of other deputy supervisors since Governor Ross Sterling placed the oil field completely under military control.

Gen. Wolters has recalled to active duty all officers of the 56th cavalry brigade familiar with the oil industry and was instructing other officers in the duties of gaugers and well inspectors.

Private Plane Falls, 2 Dead

WACO, Nov. 6 (AP)—Ed Ockander, 24, and J. G. Lancaster, 26, were killed today when their privately owned airplane crashed east of the Waco airport. The cause of the accident is being investigated.

Broadway Towns Hold Conference

Representatives of towns on the Broadway of America in West Texas were in a conference Thursday at the Hilton Hotel in Abilene. Big Spring was represented by Calvin Boykin, manager of the Crawford Hotel.

Grady Bell, secretary of Broadway of America association activities, was in charge. Speakers included W. D. Conway of Ranger, vice-president, and Howard Gholson, Ranger hotel man.

Bell said the popularity of the Broadway as a through traffic thoroughfare was shown in the estimate that total annual expenditures of tourists travel on the road total \$6,570,000. The estimate is only on out-of-state cars.

Other towns in this section were represented by the following: Midland, Paul T. Vickers; Arthur G. Jury; Odessa, R. D. Shink; Colorado, M. K. Watson; J. H. Greene; A. B. Connel.

Continental's 1-Cent Gasoline Price Hike In Oklahoma Is Not Followed: Majors Want 2 Cents

OKLAHOMA CITY, Nov. 6 (UP)—Hesitancy of major oil companies to follow the Continental Oil Company's lead in posting a one cent gallon gasoline price increase was believed today to be due to the fact refiners believe gasoline should be increased two cents.

The United Press was informed the Standard Oil Company of Indiana was going to break its silence today and post a two cent increase on gasoline in the central, middle-west and southwest sections of the country.

Refiners believed a two cent price was justified because of the increased crude costs and the effectiveness of its nationwide stabilization program. Wholesale gasoline prices stood at 4 3/4 cents, tankcar price three, today and refiners said present gasoline retail prices would not permit a profit.

Click Given 5-Year Sentence For Killing

GEORGETOWN, Nov. 6 (AP)—Ray Click was convicted on a charge of the murder of A. W. Walker, a Negro in September, 1929, and sentenced to five years in the penitentiary. The case went to the jury last night. The defendant claimed that Walker had been associating with Mrs. Click.

Potential Of Local Field Is 67,104 Per Day

26,000 Barrels Allowed Under Order Effective To April 1932

Although producers in some fields have protested the use of different bases for fixing allowable under proration in various fields, the state railroad commission has stood pat on its latest order affecting West Texas areas.

The Howard-Glascock county field's potential has just been fixed at 67,104 barrels daily with 26,000 barrels the daily allowable for the period ending April 1, 1932.

The current proration period will be the longest since the local field was first placed under production restrictions if the existing order remains in effect until the announced date.

The Yates field in Pecos county now operates under an allowable of 65,000 barrels daily on a potential of 4,638,052 barrels.

The Hobbs, New Mexico, field, with a potential of 128,690 barrels operated under a daily allowable of 37,128 barrels.

Postal Receipts Gain 42 Per Cent

Big Spring postal receipts jumped 42 per cent in October over the figure for September, according to Postmaster E. E. Fahrenkamp's monthly report.

Receipts in October were \$4,121.48, in September \$2,886.40. Business done last month was heavier than any month since April, when the figure reached \$4,515.49. January thus far is the high month for the year with \$4,786.92.

Total of business done in the first ten months of the year was \$37,890.97 compared with \$47,182.71 for the same 10 months of 1930.

October 1929, with \$5,749.51 is the highest month on record.

'Squaw Man' Plays At Ritz Theatre

Seventeen years, during which the motion picture industry in Hollywood grew from an infant to a giant, were bridged when two women clasped hands on the set of an M-G-M talking picture, Cecil B. DeMille's "The Squaw Man," playing at the Ritz theatre Saturday only.

They were Mrs. Dustin Farnum (Winifred Kingston), one of the earliest feminine stars of the screen and Eleanor Boardman, present day cinema favorite.

In 1922 Miss Kingston retired from the screen, but she went back to it for sentimental reasons. When Eleanor Boardman made her first scene as Diana in the 1931 talking version of "The Squaw Man," Miss Kingston was on the set as Lady Mabel.

Some Director In 1913, with the same director, Cecil B. DeMille, Miss Kingston played Diana opposite her husband the late Dustin Farnum. She was the original Diana, therefore, of the first silent film version of Edwin Milton Royle's great stage classic. The historical interest of the event lies in the fact that "The Squaw Man" is credited, in 1913 with inaugurating as big a revolution in silent pictures as the coming of talkies has occasioned in the industry. Previous to the 1913 "Squaw Man" pictures were crudely made, not exceeding two or three reels, and cheaply exhibited in dirty store rooms.

Jesse L. Lasky and DeMille proved that picture could be shown in real theatres, and that real stage hits would be accepted by the public for screen presentation in the unheard-of "feature length" of five reels.

Every Appetite Responds to Attractive Sandwiches

By JOSEPHINE B. GIBSON

Recent figures show that more than thirty million sandwiches are eaten every day in the United States. This figure is sufficiently startling to make you realize their popularity.

Sandwiches, in fact, form the "back-bone" of many excellent, quickly prepared luncheons. A substantial sandwich, with a hot beverage and fresh fruit, makes an ideal noon meal for those engaged in office or other types of sedentary work where a light lunch is desirable. And many busy housewives wisely are allowing this popular type of food to save them much time and labor in preparing meals.

The possibilities for varying sandwiches are almost numberless. They may be made from all kinds of bread, rolls and muffins, with a great variety of savory fillings

And they may be served either hot or cold.

I am sure these excellent sandwiches will be welcome additions to your fall menus:

Venetian Eggs on Toast or Toasted Muffins: 1 onion (small); 2 tablespoons melted butter; 1 small can cream of tomato soup; 1-2 lb. American cheese, cut in small pieces; salt; 1-2 teaspoon Worcestershire sauce; 1-2 teaspoon mustard; 2 eggs (well beaten).

Garnish for each service: one slice broiled fresh tomato. Chop onion fine, simmer slowly in butter, and add tomato soup, cheese and seasoning. Cook until cheese is thoroughly melted. Then add eggs and cook about two minutes. Serve on toasted English muffins with a slice of broiled tomato on top.

Boston Sandwiches: Press 2 cups drained oven baked beans through a sieve, or mash until free from lumps. Chop 4 sweet gherkins and

8 stuffed Spanish olives, and add to baked beans. Add mayonnaise salad dressing to make a smooth paste, and spread between buttered slices of Boston brown bread.

Deviled Cheese and Ham Sandwiches: 1 cup grated American cheese; 1-4 cup ground ham; 2 teaspoons prepared mustard; 1 teaspoon Worcestershire sauce.

Butter rye bread on both sides. Spread filling 1-4 inch thick on one slice, press together, and toast a golden brown. Serve with genuine dill pickles.

Peanut Butter and Sandwich Relish Sandwiches: Peanut butter;

Sandwich relish. Spread 1 slice of bread with peanut butter, another with sandwich relish, and press firmly together.

Salad Club Sandwiches: Mix 1-2 cup minced chicken or other cold meat (veal, pork or lamb), 1-2 cup finely diced celery, 1-4 cup mayonnaise salad dressing, 1 chopped hard cooked egg, 1-4 cup stuffed Spanish olives, chopped. Spread between two slices of toast or in heated, buttered rolls. Serve on crisp lettuce, garnished with slices of sweet dill pickle.

Toasted Cheese and Chili Sauce Sandwiches: Mix 1 cup grated American cheese with 3 tablespoons

chili sauce. Spread between buttered slices of white bread, trim crusts and toast. Serve hot on a crisp lettuce leaf, garnished with Spanish Queen olives.

Creamed Tuna Fish Sandwiches: 1 cup tuna fish; 2 tablespoons butter; 2 tablespoons flour; 1-2 teaspoon salt; 1 1-2 cups milk; 3 tablespoons preserved sweet gherkins, chopped; paprika; dash of Worcestershire sauce.

Heat fish over hot water. Melt butter, add flour and salt, then gradually add milk. Cook until thick, then add the chopped pickles. Spread buttered toast with a layer of fish, cover with sauce, add a

second layer of toast, more fish and sauce. Garnish with paprika and slices of pickle.

Midland Operating Costs Cut In Half

MIDLAND, Texas, Nov. 6 (AP)—Operating costs of the city of Midland will be 50 per cent less next year, figures compiled by Mayor Leon Goodman show. A. J. Gates, city manager, has resigned, and his work will be done by the council and mayor. Gates is credited by city officials with having handled Midland's affairs efficiently during the period of the greatest development Midland has ever known.

Refinery Being Built 5 Miles East of Baird

BAIRD, Texas, Nov. 6 (AP)—Octane Oil Refining Company is building a modern refinery five miles east of Baird at the Chautauqua switch. About 1400 barrels of oil will be used daily from the Woodley and adjoining fields. The estimated cost of this plant is between \$200,000 and \$225,000. During the construction of the plant about forty men will be employed and the regular staff will be between fifteen and twenty.

People Want Peace

CHARLES M. SCHWAB, addressing the Iron and Steel Institute, remarks that most of the world's troubles today stem back directly to the world war; and he adds, very sensibly, that the only hope for recovery lies in continued universal peace.

"I was talking recently," says Mr. Schwab, "with a shrewd observer who has been traveling around the world. He tells me that the desire of the masses of the people in all parts of the world is for peace. The talk of another war has no place in the hearts of people anywhere."

Business Looks Up

New York Evening Post: It was remarked recently that business would have been on the upward turn for many months before it was recognized.

HOW'S your HEALTH

COLD EXTREMITIES Cold feet is an expression to which our every day language has given a special significance.

For one or more of several reasons, not all of which are known and understood, the circulation in the extremities of such persons is not normal, the legs and arms usually have a livid color and are always cold.

The thin type of patient is commonly of a nervous and emotional temperament with a poor muscular development, poor posture, and is liable to suffer from viscerospasm, or a drooping of the internal organs.

The treatment for this condition is both constitutional and local. In a number of the fat, phlegmatic patients there is, underlying the condition, a disturbance in certain of the glands of internal secretion notably the thyroid and the ovaries.

The patient should fix the finger or toe joints by forcible muscular effort and should hold them extended in an elevated position for five minutes, several times daily.

SAM BY FREEMAN LINCOLN

SYNOPSIS: While preparing for her wedding to Peak Abbott, Sam Sherrill learns that Peak has anonymously backed her step-father's invention. She breaks the engagement, believing Peak's action an attempt to buy her.

Chapter 40 SAM REPEATS HERSELF "All right," Peak smiled. "I'll agree to keep my mouth shut, and to follow wherever you lead. What's on the program?"

"In her relief that the crisis had passed Sam was animated. She said decisively: 'We'll go for a cruise in my little boat. We'll take our lunch and we'll travel a long way up the bay to a place I know. You'll like it.'"

"Of course I'll like it. And in the meantime, may I be permitted to assist with the dishes?" He was permitted to assist with the dishes. He helped pack a large basket with food and cooking utensils and then carried it down the winding path to the shore.

Entertain With Mexican Dinner Party

Mr. and Mrs. Gordon Phillips Give 42 and Bridge Party

Mr. and Mrs. Gordon Phillips were host and hostesses Thursday evening for the first of a series of dinner parties which they are planning for the winter season.

A delicious Mexican dinner was served to the twenty-eight guests seated at small tables.

The remainder of the evening was devoted to forty-two and bridge.

Those playing forty-two were Mr. and Mrs. C. T. Watson, Mr. and Mrs. M. S. Smith, Mr. and Mrs. George White and Mr. and Mrs. F. L. Danner. Mr. Watson and Mrs. Smith were the high scorers and they were given an Eversharp pencil and a black bowl, respectively, for prizes.

In the bridge games, Mr. and Mrs. C. S. Blomsheld won the highest scores and received similar prizes.

The other bridge players were Mr. and Mrs. Steve Ford, Mr. and Mrs. E. V. Spence, Mr. and Mrs. G. R. Porter, Dr. and Mrs. C. K. Bivings, Mr. and Mrs. J. L. Webb, Mr. and Mrs. J. E. Kuykendall, Dr. and Mrs. I. R. Dillard, Dr. and Mrs. E. O. Ellington and Miss Eleanor Antley.

The Phillips home was beautifully decorated with chrysanthemums for the occasion.

Ohio is thirteenth among the states in agricultural productions.

Mrs. A. E. Pistole Wins High Score At Bridge Club

Mrs. R. W. Henry was hostess to the Tahlequah Bridge Club at the Settles Hotel Thursday. The members were served in one of the small mezzanine dining rooms with a lovely autumn luncheon. The place cards and a centerpiece of autumn leaves and fruits carried out the motif cleverly.

Mrs. Pistole made high score. Those present were Meses. E. O. Ellington, J. B. Young, R. B. Bliss, A. E. Pistole, O. L. Thomas, Frank Herring, of Mobile, Alabama, and Miss Portia Davis.

Mrs. Victor Martin will be the next hostess.

Large Crowds Attend The Womanless Wedding

The Womanless Wedding packed the high school auditorium to its utmost capacity Thursday evening and furnished an evening of sure-fire entertainment.

W. T. Strange, as the minister, was one of the evening's hits. So were the colored mammy, acted by Victor Oleson, and the little colored boys, Jake Pickle and Steve Ford Jr.

J. E. Pond and R. C. Pyeatt substituted for the mother and the rejected suitor at the last minute and Geo. Gentry doubled for master of ceremonies and one of the bridegrooms. All contributed to the success of the evening.

The songs of James Underwood as the prelude to the wedding were also appreciated.

P.T.A. Members Hear Armistice Day Program Given By Pupils

The South Ward P.T.A. met at the school building Thursday afternoon in regular session for a business meeting and an Armistice Day program.

Mrs. R. W. Henry resigned as secretary and Mrs. Earl Glaser was appointed in her place.

The members voted to put on a School Circus shortly before the Thanksgiving holidays to raise money for the school.

The Armistice program was given by most of the pupils of the school. Mrs. B. N. Duff made a talk on the study course being sponsored by the High School P.T.A.

The rooms of Mrs. M. S. Smith and Miss Lurline Paxton had the most mothers present.

The following members registered: Meses. John Leo Porter, J. L. Webb, J. E. Davis, H. S. Faw, W. S. Robinson, A. L. Wood, C. W. Killingsworth, F. E. Earley, Alton King, John B. Colin, Sidney Wood, H. Howard County Farm Breaks Record For Crop-Gathering

A farming record for quick gathering of the crops was broken on the farm of C. L. Cairns this fall. The farm has been tenanted by Henry Sheppard Jr. The Cairns family assisted with the work.

Mrs. Cairns reported that they had picked 28 bales of cotton and put 18 to 20 tons of maize, and that the stock had already been turned into the field.

Everybody in the family worked. Mrs. Cairns herself dug post holes (she estimated that she must have dug 200) and helped with the fencing.

The Cairns have been living at 610 East Fourth street for many years but they are planning to move to the farm, which is located nine miles north of town this fall and will soon have everything in readiness. Next fall they will break their 1931 record.

Petroleum Bridge Meets With Mrs. Liberty For Play

The members of the Petroleum Bridge Club voted to assist Mrs. M. R. Showalter in her tonsillectomy program for the winter, at their regular session yesterday in the home of Mrs. P. H. Liberty.

The house was attractively decorated with chrysanthemums. Mrs. Hardy made high score for members and received a fancy white broom; Mrs. Bristow was consoled for low score with a box of stationery.

The three guests of the afternoon were Mrs. Bristow, Mrs. J. W. Stamford, of Houston, and Mrs. E. O. Price.

Refreshments, consisting of pie and coffee, were served to the visitors and the following members: Meses. Wofford Hardy, Monroe Johnson, L. A. Talley, B. L. LeFever, Mitchell Groves, Frank Hamblin, H. B. Hurley, W. D. McDonald and Miss Lynn Jones.

Mrs. McDonald will be the next hostess.

Mrs. B. F. Willis has returned from a short visit in Van Horn and Fabens.

Ace High Members Enjoy Pretty Party

Mrs. D. M. McKinney entertained the members of the Ace-High Bridge Club with a lovely rose, lavender and green party Thursday afternoon.

This color scheme was beautifully reflected in the use of harmonizing flowers, tulle and refreshments. Bud vases of pink roses were used as center pieces for the tables during the serving hour.

Mrs. Lloyd made high score for members and received a vanity set. Mrs. Duff made high for visitors and received an atomizer.

The guests were Meses. Wayne

Miss Clara Cox Entertains Club

Miss Clara Cox was hostess to the members and guests of the E. S. A. Literary club Thursday evening.

Following an instructive program she served pumpkin pie and whipped cream to the members and the two guests, Mrs. Olin Cox and Mrs. C. P. Woody.

The members present were Meses. Fox Stripling, Frank Boyle, Ira Driver, and L. C. Dahme; and Misses Mary McElroy, Georgia Kirk Davis, Elizabeth Owen, Valila True, Alice Leeper, Marie Faubion, Kitty Wingo and Roberta Gay.

Miss Mildred Creath will be the next hostess.

Former Big Spring Man Asks For Bankruptcy

ABILENE, Nov. 6.—Application for voluntary bankruptcy was filed in federal court here by Sam Marjules Jr., formerly an oil refining superintendent at Big Spring. He listed liabilities totaling \$15,886 and assets of \$292.47, all claimed to be exempt and consisting of wearing apparel and an automobile. All liabilities were listed to be in unsecured claims including a note in a Dallas bank which the petitioner had signed as guarantor for the Big Spring Refining Company, in which he held one share of stock. The company became defunct and was succeeded by the Howard County Refining Company, with a different set of stockholders.

"I liked Chesterfield right from the start"

"NO, I don't know a blessed thing about how cigarettes are made. But, of course, I would want the tobacco to be PURE. And then I've heard that the blending is very important. I'd want that to be done just right.

"Then the paper. I don't like paper that you can taste—or smell when it's burning. I'd want that pure too.

"Another thing. I want to smoke whenever I feel like it—without worrying about smoking too many. So I want my cigarettes MILD.

"But the main thing, of course, is TASTE. I don't care for over-sweetened cigarettes. I much prefer those that are just sweet enough.

"Chesterfield seems to satisfy in every one of these ways. That is why I'd rather have a Chesterfield."

SMOKERS tire of too much sweetness in a cigarette, and they don't like rawness. For a steady diet, they want a cigarette like CHESTERFIELD—a mild and mellow smoke, free from any over-sweetness or any harshness or bitterness. That's why more and more smokers every day are changing to CHESTERFIELD.

Good... they've got to be good.

This And That

By Mark

Boone Magnus, former Buckaroo star, and the leading scorer of this year's Steer-Mustang contest has withdrawn from school and is not expected to return according to information from the Kerrville institution. Another good ball carrier passing from the rays of the spot light.

We noticed something out at Steer stadium yesterday that did not set well with us. Quite a few of the players seem to be developing a little spirit of cockiness which unless curbed in the immediate future may spell ruin to the Steer-Mustang next week. There is a difference between confidence and cockiness. We like to see a team confident in its ability to play football but when a club begins to think that it is so good it can't be defeated—well that is just before some unknown bunch of gridsters slip up and bounce a nice epiphanic defeat off their domes. The Mustangs will do that very thing in a most impressive manner unless the locals settle right down to business and realize that they are going to have plenty tough sledding. We hope the Ponies have a great ball club and they will be playing inspired football. The brand of ball as played by the Hennigmen next Wednesday can be successfully stopped only by eleven Steers playing as a unit and giving everything they have for four full periods. It can be done but a spirit of overconfidence will not help in the least.

Over in a far corner of the gridiron we saw Big Hebe trying to punt. Now his form is not the best in the world, he was hitting the ball just below his knee half the time, but the oval was being booted between 40 and 50 yards on each attempt. If the big fellow ever learns to time his kicks the field will have to be made longer to enable him to stay in the lot.

In case you have never seen Chuck Dennis boot the fifty five yards with his left foot you have a treat in store for you. The good looking wearer of number 13 can send the ball on a long journey with either foot—something we have not seen a player do in many years.

It seems that the old injury bug is coming along in great shape. With Flowers on the crippled list, Hopper nursing a sore knee and Dennis and Orr just about out with bad colds, the prospects for next week are none too rosy.

We have been delving into the past to learn the results of the Steer-Mustang games of the days gone by. The findings are not so interesting. For a period of years we could find nothing but goose eggs on the Big Spring side of the ledger while the Ponies had scores running from 10 to 40 points. There is always a bright side to everything however. Monroe Johnson informs us that as long as he was on the club the Mustangs took the small end of the count each and every year. In '25, with Monroe as captain of the club the Ponies were branded with a score that reads 50-0. May history repeat itself!

Fans going to the game next week should drop by the Petroleum Pharmacy any time after Saturday and get one of the gold and black arm bands which will be on sale for a very nominal sum. The inscription on the band is appropriate and we trust it shall so be—"There Shall Be No Regrets."

We would like to see every fan going to the game next week with one of these black and gold bands on his arm. Let's show the Mustangs and their followers that we are for the club and regardless of the outcome we will have nothing to be sorry for—who could regret a victory for the locals by even the smallest of margins.

Once again we come forth with a prediction of a few of the important games of the current week. Unless we are greatly in error the first named school will have another win chalked up when the final gun sounds. Texas vs. Baylor, S. M. U. vs. Texas A&M, Rice vs. T. C. U., Northwestern vs. Minnesota, Notre Dame vs. Pennsylvania, Harvard vs. Dartmouth, Georgia vs. New York University, Ohio State vs. Navy, Vanderbilt vs. Maryland, Army vs. Louisiana State, Yale vs. St. Johns, Purdue vs. Centenary, Wisconsin vs. Illinois, North Carolina vs. Georgia Tech, Chicago vs. Arkansas.

In the high school division we list them in this manner: Waco vs. Waxahatchie, Temple vs. Hillsboro, Breckenridge vs. Eastland, Oak Cliff vs. Dallas Tech, John Reagan vs. San Jacinto, Woodrow Wilson vs. North Dallas, Corpus Christi vs. Alice.

No big games in the high school division will be played until next Wednesday, in case you are planning a little wager don't expect any sympathy from this department in case you lose your decisions.

We have heard of a man giving 21 points on the Steer-Mustang scrap. Our personal opinion of such a person's wisdom is none too good. We don't bet, but if we did we would neither give nor ask points, for anything is liable to happen before a high school game is over—especially the coming contest.

My WINNING PLAY

The Notre Dame football system is used exclusively at Purdue. In this, the tenth of a series of football articles written by outstanding coaches themselves, Noble Kizer, Purdue coach, explains a typical Notre Dame end run that Bollemaaker opponents find difficult to solve.

By NOBLE E. KIZER
Head Football Coach, Purdue University

LAFAYETTE, Ind. (AP)—The age-old theory that for a successful offensive, in football as in war, one should "hit there fustest with the mostest men" must be a good one to have lived through all these years despite its grammatical drawbacks.

Besides, that idea is probably the essence of the famous and far-flung Rockne system, which is generally considered effective, and which we are using at Purdue.

There are two elemental means of clearing a way for ball-carriers. One is by concentrating offensive force at the spot where the runner is supposed to go through and opening the hole by sheer power. Of course, deception enters into this attack.

The other is keeping the defense guessing as to the direction of attack, or creating holes by outmaneuvering and unbalancing the opposition, and then shooting the ball carrier through quickly.

Easy mobility of the offensive forces is the aim and the advantage of this system which, as everyone knows, involves the shifting of backs and ends on virtually every play.

Probably the shifting of the ends back and forth along the scrimmage line—often only a few inches one way or the other—is the thing that distinguishes the Rockne offensive from ordinary "shifting" styles.

Certainly this plays an important part in the effectiveness of the play, for it is designed to keep the defensive tackles undecided as to whether a flanking or an inside thrust is coming, and sustains that doubt until the last second.

We line up in the old-fashioned,

Noble Kizer, Purdue coach, and Ed Risk, Bollemaaker who last year was the leading ground gainer in the Big Four conference, are shown above. Diagram lower left shows the standard football position out of which the Bollemaakers shift for end run shown in detail by sketch.

standard football position, and shift either to the right or left. After the shift, the ball can go directly to the quarter, half or fullback, and a wide variety of plays may develop, though the "old faithful" Notre Dame off-tackle slice is naturally the favorite.

Opponents of teams using the Rockne system know this play is coming at them several times during an afternoon, and they know pretty thoroughly how it functions. It is, naturally, the variations of

this play, or maneuvers that start with exactly the same earmarks and develop into something different, that make the straight off-tackle thrust effective.

We also run a good many plays from a short punt formation. Ed Risk, who turned out to be the leading ground gainer of the Big Ten conference last year, probably will be our key ball carrier throughout the season, though we have several other veteran backs who can do their share.

Lower Prices Announced By Theaters

Hughes-Franklin Theaters, through Fred Polacek, local manager, today announced reductions in prices of admission to the Ritz and Queen theatres, effective Saturday.

Ritz prices will be: adults, 2 to 6 p. m.; 30 cents for balcony seats, or lower floor; after 6 p. m., 30 cents for balcony seats, 40 cents extra for lower floor seats, 10 cents extra for loges; children 15 years or younger, 10 cents at any time.

Ritz adult prices have been 40 and 50 cents. Heretofore children's tickets have been sold only to those 12 years or younger, instead of 15 years.

Queen prices will be: 5 cents for children and 20 cents for adults at any time except Fridays and Saturdays, when 10 and 25 cents will be charged.

Both theatres will exhibit continuously on Sunday, beginning at 1 p. m.

Mr. Polacek has just returned from the regional headquarters at Dallas, and reported that a number of the finest pictures the film market affords were booked for both local playhouses. Within the coming month such successes as "Common Law," "Transatlantic," "Caught Plastered," "Cisco Kid," "Charlie Chaplin in 'City Lights'," "Daughter of the Dragon," and "Zane Grey," "Riders of the Purple Sage" will be seen at the Ritz.

Concrete Runways Being Built Upon Abilene Airport

ABILENE, Texas, Nov. 6 (AP)—Abilene's municipal airport, recognized now as one of the best fair-weather ports in the state, soon is to be an all-weather port, as the result of a decision by the city commission to construct hard-surfaced runways.

The action followed the recent heavy rains here, which made landing on the soft runways tri-motor equipment of the American Airways, Inc., which has regular scheduled stops here in its airmail and passenger line.

A three-way agreement resulted in a quick decision after planes on the line had passed up the city without landing for several days and by this agreement, the work will be done for approximately \$10,000—about half the originally estimated cost.

C. R. Smith, general manager of the southern division of the American Airways, said his company would advance \$1,000 for the work to be credited on the annual rental for landing facilities. He also is to send an expert airport builder here to supervise construction of the runways.

Three runways will be built, 100 feet wide, and the longest 2,700 to

All-Star Stanford Team Of '94 To Reunite In White House Soon With Manager 'Bert' Hoover Host

WASHINGTON, Nov. 5 (UP)—A championship Leland Stanford University football team will gather around the "training table" with its business manager here next week.

The business manager was a chunky youth named "Bert" Hoover. The repeat will be an elaborate banquet in the state dining room of the White House November 12th.

The surviving members of that all-star team of 1894—bankers, lawyers, doctors, all of them prominent—will gather from London, Honolulu, and scattered parts of this country.

One of the members of the team is Jackson Reynolds, president of the First National Bank of New York. He was the halfback who lashed through the University of Chicago team to give Stanford a 12 to 0 victory in the first east-west inter-sectional game.

The captain of the team, Paul Downing, now is vice-president of the Pacific Gas & Electric Company. Abraham Lewis is a millionaire banker in Honolulu and William Harellson is vice-president of the Bank of Italy in San Francisco.

Others who played on the team are: Alfred Spalding, professor of medicine at Stanford; Guy Cochran, prominent Los Angeles surgeon; Will Campbell, superior court judge in Washington state; Charles Fickert, who as San Francisco district attorney in 1916 secured the conviction of Thomas Mooney; Joel Field, Texas rancher; Will Hazard, Idaho lawyer; Thomas Code, San Francisco grain broker; Charles Dole, attorney in Honolulu; Jule Frankenhimer, San Francisco physician.

EVIL EFFECTS OF CONSTIPATION

Constipation locks up poisons in the body, and allows them to begin dangerous work against your health. Keep the bowels active. If constipated, one of the best things to do is to take Theford's Black-Draught for prompt relief.

Mrs. LeRoy Brick, 2810 Poplar St., Cairo, Ill., writes: "My mother used Theford's Black-Draught in her home for years. She thought it was so good, she had me use it. I find it is fine for sour stomach and gas. A few doses, taken for several nights, makes me feel like a new person. I have found it very good and dependable."

Made from the leaves and roots of medicinal plants—free from mineral drugs. Sold at Drug Stores.

Lamb County Harvest Large Soy Bean Crop

AMHERST, Texas, Nov. 6 (AP)—Lamb county farmers are harvesting more than 500 acres of soy beans, said by County Agent D. A. Adams to be the largest soy bean crop ever grown by a South Plains county.

Adams introduced the crop as a substitute for alfalfa in 1929 with one demonstrator. He had three demonstrators in 1930, but this year 52 farmers planted from five to 50 acres. The yield is averaging more than a ton to the acre.

More than 1,500,000 new houses have been built in England and Wales since the war.

100,000 Texas Women Working In Fields

AUSTIN, Texas, Nov. 6 (AP)—Texas has 100,000 women farm or field workers, the southern states 950,000.

Dr. Ruth Allen, adjunct professor of economics at the University of Texas, has just concluded a survey of farm labor conditions as they affect women.

She found that little less than half the women employed in farm work are white of American stock. She said she ascertained that the lives of the inhabitants of the cotton states "are controlled as completely by their industrial monarch as the lives of the people of Detroit are dominated by the motor car industry or those of the east side of New York by the garment industry."

United States tanners are credited with producing 30 per cent of the world's output of leather.

Five pairs of twins are enrolled in west high school of Columbus, Ohio.

State Employees Get 10 Per Cent Less For Labors

AUSTIN, Nov. 6 (UP)—State employees are receiving 10 per cent less money for their services these days, but the state treasury is not benefiting.

It comes about because the treasury warrants outstanding are far in excess of the balance on hand. Many employees are unable to hold their papers until such time as the treasury can redeem them at 100 cents on the dollar. They find it necessary to discount them at banks or sell them otherwise at a discount which has become pretty generally fixed at 10 per cent.

Governor R. S. Sterling, commenting on the situation, said there wasn't anything to be done about the matter, as deplorable as it was.

"The warrants are printed and written on pretty good paper," he said. "They will be good in time so the only thing to do is to hold on to them."

He observed that even folk with warrants they of necessity had to

"There are many persons who would be glad enough to receive warrants and discount them," he opined.

Robert E. Gragg, state labor commission, said an employe of his department was stranded in Amarillo with a \$150 state warrant. The banks there refused to accept it even at a discount, he said.

"I told him to get in touch with his home bank and try to get enough money to make it into

home port," Gragg said. "My advice to him was to stay home when he did get there until the present situation had eased up."

relief was only as a drop in the bucket.

Governor Sterling has been occupied in Houston, attending to much private business that demanded his attention, considerable of late. He would be away for an entire week, on a stretch, but always he had his finger on the executive office in Austin. He transacted much state business over the telephone, just as President Hoover and his emissaries in Europe conferred across the ocean while recent European economic

questions were being discussed. On the capitol end of the wire were Secretaries Pat Dougherty, Paul Wakefield and Mark Wigington.

The governor is "home" again now to stay pretty close, he hopes. He thinks his business affairs down Houston way are in shape to permit his absence. He was so long on his last trip there that when he got in some wag in a long line of capitol newspaper corre-

spondents that filed into his office said:

"Mr. Sterling, we have come to welcome you to Austin. We certainly hope you will enjoy your stay here."

The governor appreciated the drollery.

SHORTEST WILL

HOUSTON, Texas, Nov. 6 (AP)—The late Father T. J. Flynn of the La Porte, Texas, Seminary made perhaps the shortest will ever filed in Harris county.

"I will whatever I have to the

seminary. T. J. Flynn," it read.

The estate was valued at about \$1,000. The will was written in ink on the back of an envelope.

T. & P. President Acknowledges C-A Floral Greetings

The Big Spring Chamber of Commerce Friday received from J. L. Lancaster, president of the Texas & Pacific Railway company, a message of appreciation for messengers and flower girls of the band which came to a banquet given Wednesday in Fort Worth in celebration of the formal opening of the new Fort Worth terminal.

The letter follows:
Big Spring Chamber of Commerce, Big Spring, Texas. Gentlemen: I want to personally acknowledge and thank you for the flowers which came with your compliments on the occasion of the formal opening of our new Fort Worth passenger station. The beautiful floral tributes bestowed upon us by our friends were of delightful greeting and I appreciate such evidence of cordial congratulations from the Big Spring Chamber of Commerce. With kindest regards, I am,
Yours very truly,
J. L. LANCASTER,
President.

brazen." He characterized Britain as "a political bandit."

No Movement

"There is nothing like a movement of troops in the vicinity of Manchuria," the war minister said. "The soviets have never helped nor are they helping the Chinese or Japanese in Manchuria. Not a soldier nor a gun has been shifted in that region since the conflict started."

"The soviets believe that so-called assistance is tantamount to direct intervention and would result in partitioning of China and suppression of Chinese independence. The soviets would be committing a crime if they undertook the partition of China. The soviet's peaceful policy is incompatible with methods of occupation and intervention."

Prior to the conversation, the United Press had announced that the commander of the Red Army in the Far East, General Vasily Bludner, who was known as Gava, chief military advisor to Chinese several years ago, is now in Moscow.

Asked to interpret the recent Japanese note to the soviet concerning soviet aid had been given to Chinese troops, Voroshilov suggested that it was merely to raise the "fog of a red menace" in the east to impress European and American public opinion. He left no doubt effective action by the league of nations in the conflict with deepest pessimism.

E. S. Vague

"The soviet's future policy depends entirely upon the sincerity of Japan in her repeatedly expressed desire to maintain good neighborly relations with us," he said. "Although the United States is not interested in the entrenchment of Japan's position on the Asiatic mainland, the American stand in the conflict is vague and equivocal."

"So far as the soviets are concerned, we favor and will continue to favor maintenance of amicable relations with Japan."

"We approach the conference with a spirit of seriousness and loyalty," he said. "If the least possibility arises to limit arms, we are ready to do so, but if the conference—like many others—becomes a mere platform for empty phrases

our delegates as usual will expose them mercilessly."
At past disarmament commission meetings the soviet has proposed immediate and total disarmament, charging that the other nations were not sincere in their support of proposals for scrapping arms.

potential and allowable as fixed in various fields is unfair to that field. They point out that, while a per well basis is used there, the acreage unit-potential basis used in West Texas allows some areas to produce more than half of their potential.

'Fundamentalism' Topic For Sermon

"Is the time right for the organization of a Fundamental Baptist church in Big Spring?"
That is the subject to be discussed at the tabernacle on West Third street tonight by Rev. H. C. Goodman, he announced this morning.

All who are interested are requested to be present. The sermon topic will be "What is Fundamentalism?"

Because Holland by law prohibits night work in bakeries a dough mixing machine of German invention, started and stopped automatically, is coming into widespread use.

First Christian Delegation Goes To Pecos Meeting

A delegation from the First Christian church left today for Pecos to attend the district meeting of the Christian Endeavor, according to D. R. Lindley, pastor of the First Christian church.

Those attending the convention in addition to Rev. Lindley and Miss Mildred Creath, president of the Midland district, are Mrs. Boynton Martin, Jennie Lucille Kennedy, Georgia Owen and Josephine Dabney.

The meeting will continue through Sunday with the Endeavor of the First Christian church of Pecos acting as host to the delegates.

Personally we have genuine faith in the ability of the team to go far outside the district, if not to the championship itself. That ability will not be cashed in on fully, though, if the boys do not realize every minute that it will take every possible bit of power in all forthcoming games to win each game.

Personally, it is our fondest dream to see the Steers win this district and Abilene its district and then see the Steers and the Eagles clash.

Boy, oh boy, that would be something. Because any time this particular Big Spring team gets a crack at the Eagles, you'll have to run a rake over all West Texas to get enough feathers to stuff a pillow for the baby.

Federal Building Site Survey Here Given Inspection

Donald Smith, construction engineer for the supervisor of buildings and grounds of the treasury department made an examination here Friday morning of the survey of the site for the Big Spring federal building at Fourth and Scurry street. The site survey was made by J. B. Walton, city engineer.

Mr. Smith is supervising construction of a federal building in Sweetwater. He said that, although he was not acquainted with the exact status of the local project, that drawing plans and specifications usually was well under way by the time the site survey is finished, as it has been here.

Indications thus far from Washington have been that bids may be
