Grace is a Gift

Grace is a gift from our God. We are asked to grow in grace and knowledge. Growing in grace involves tearing down the barriers that hinder us from that growth.

Ungodly living and lack of contact with the Word of God are things which we can change. We can learn to believe in God and to trust in His salvation offered at

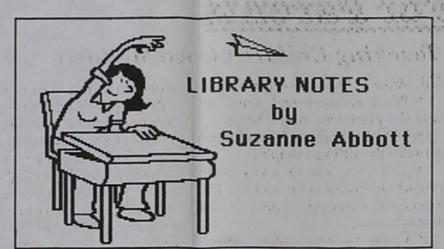

It is through God's grace that He forgives the believer, purifies the penitent sinner and empowers the obedient to do great things for Him. In order to be effective for God, we must be grateful receivers of this great gift called "grace". We can do this through faithful obedience to

Growing in the grace and knowledge of God involves a deepening understanding of the Bible, which reveals God and His holiness. Growing involves faithfulness to His church and earnestly seeking to help others find the way of the Cross. Growing involves the daily practice of spirituality. We accept God's gift through faith (Ephesians 2: 6-8). Faith is not just knowing something in your head but also experiencing it in your heart. That makes the knowledge of God very precious.

(NAPS)-Are you confident that your child could dine at a restaurant without embarrassing you? Practicing good manners can help children flourish in any social setting by giving them skills and self-confidence.

It can be hard to convince children that social graces are important. Table manners, especially, are a fundamental part of having good manners.

Refining your child's dining habits has just become easier with a new video, Rudy Goes To Dinner, the first in a series of Manners Monster videos by Sally Shultz, that kids and adults alike, are raving about.

With over 60 manners tips, a hilarious cast and sing-along Rudy: songs, the video promises to edu-

"I've got a monstrous fellow named Rudy, who will burp and slurp his way through a four star restaurant. But he learns. And so do we! And learning good manners is as important as learning the ABC's," said Shultz.

When children practice good manners at home, they become automatic and that gives children a real advantage, said Shultz.

Here are some tips to monstrously good table manners from

Dear Barbara.

We are truly sorry that you did not realize that there are two restaurants in town, as you reported in last week's "Lions News and Notes". Billie Dean's has served Matador and Motley County for more than 30 years. We have always welcomed the Lions Club to hold their breakfast meetings here. Many members of the Lions Club frequent our restaurant and understand that we have high standards of quality and service, and we have never refused service to anyone. Our hours are 7 a.m. to 2 p.m. and 5 p.m. to 9 p.m., Monday through Saturday.

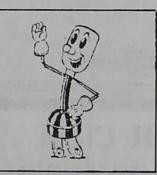

Thank You,
