First Annual Motley County Chamber of Commerce Banquet Well Attended

The Motley County Chamber of Commerce held their first annual banquet last Thursday night, August 3 at the High School gym with 185 Motley County residents attending. Several from out of town also attended.

Those attending enjoyed a delectable meal of Brisket and Wild Hog and all the trimmings.

Chamber President, Jeff Thacker, welcomed everyone and made a special presentation to Jeremy Jones. Mr. Thacker presented Jeremy with a plaque from the Chamber of Commerce, reading "The Motley County Chamber of Commerce commends Jeremy Jones for his heroic lifesaving effort on July 27, 1995. Presented August 3, 1995" Jeremy saved the life of Bradley Baxter after a swimming accident at the Springs Ranch pool on Thursday, July 27.

President Thacker presented Mr. Brown with a set of Moore Maker fencing pliers with the name of Brown's Ranch engraved.

Tickets were drawn by Mrs. Brown for the door prizes. Mrs. Pam Thacker and Rodney Williams each won a \$100 bill and a 1995 Commemorative Silver Coin.

The Banquet was a very big success and it is hoped that more Motley County residents will join the Chamber of Commerce and work together to make our county a better one.

Local Student In National Program Visits Washington DC Leaders

Jeremy Smith, a student at Motley County High School in Matador, recently witnessed democracy in action as a participant in Presidential Classroom's 1995 Senior High School Program in Washington, D.C.

Jeremy joined 372 high school juniors and seniors from 42 states, the Commonwealth of Puerto Rico, Canada, Honduras, Great Britain, Guatemala, Russia and Ukraine. The students spent a week meeting with government leaders and transition officials, and learning about the democratic process firsthand.

While in Washington, the students took a private tour of the White House, attended seminars at the Departments of Agriculture and State, and visited foreign embassies. Participants also met with the offices of each of their Senators and Representatives and attended Congressional sessions, committee hearings, and other events on Capitol Hill.

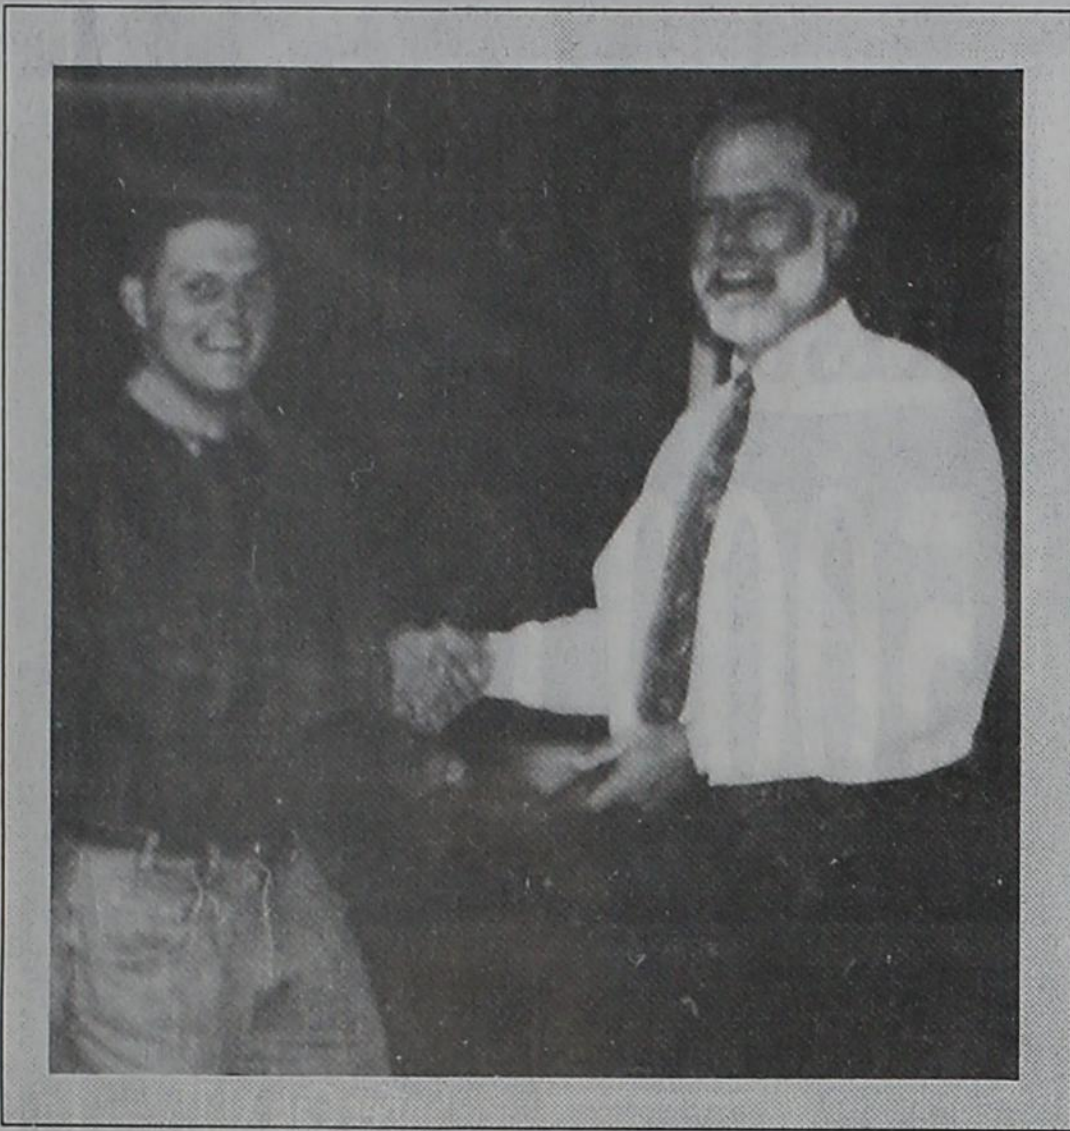

During the seminars, each speaker delivered prepared remarks and then took individual student questions. These lively, informed discussions addressed some of the most controversial and current issues facing American leadership. Students also attended Crossfire discussions on each branch of the government and current issues, and visited the monuments, memorials, and treasures of the capital city.

Matador Cowboy Reunion August 26

The 2nd annual Matador Cowboy Reunion will get underway about 11:00 a.m. on Saturday, August 26 at Green's place in Roaring Springs.

This is a get-together of old-timers who worked for the Matador Land and Cattle Company and/or any of its successors, plus folks currently on the Matador Ranch payroll. Spouses and guests of eligible participants are welcome.

Big Robert Thornton and Jerry Slaton are throwing in with Jimbo Huphreys to fix dinner. Chuck will be served at high noon. Jimbo's award-winning wagon will be easy to spot about 200 long paces from the southwest end of Dutchman Creek bridge.

Barbara's Bylines

What a wonderful and fun Chamber Banquet. The tables and decorations made you almost feel it was outside. Everything was just perfect, the fabulous 3M Company, the food was super delicious, and everything came from Motley County.

I talked to my aunt, Frances Arnold Ellis of Paris, Texas, after the Banquet and told her how good it was and how good the speaker was. She informed me she had worked with Reagan Brown in Terrell County when she too was in the Extension service. Wish I had invited her to come out for the Banquet.

Mrs. Brewster still operates the store just like it was years ago. She has everything from hoe and axe handles, mouse traps, rubber boots, to cold sodas, can goods, and cookbooks. One section is called the "drug store", one counter is the Post Office two hours a day, and lots of other items fun to look at.

After looking around there, we came back West and drove down to the new oil field east of Devils' Gap. This was a fun day for us and the "city folks" enjoyed it too.

Rainfall Totals

Motley County received an abundance of rain the first week of August with totals as follows:

Matador - 7.30
Roaring Springs — 6.25
Northfield — 8.35
Whiteflat - 6.00-9.00
Flomot - 5.65

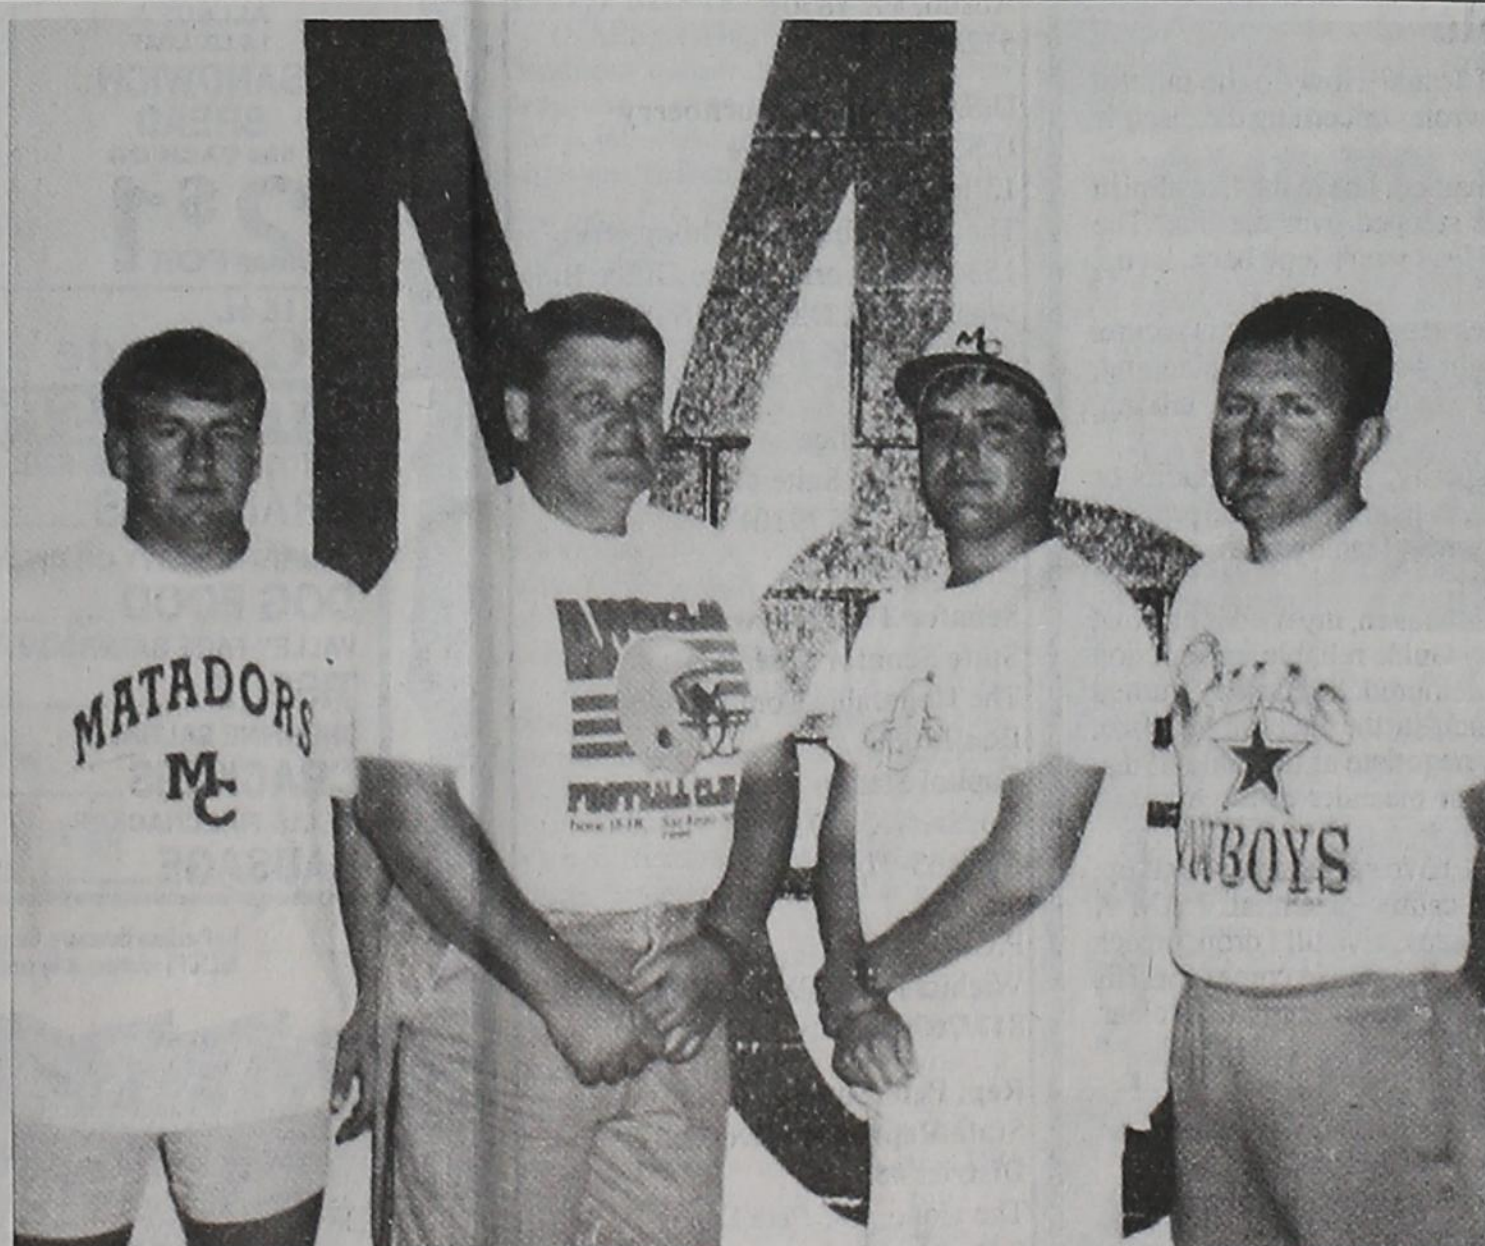

On Friday of last week while I was working, I walked Bill and Maleta Pallmeyer. They were on their way to Amarillo to the County Agent's Convention.

They both looked just like they did when they moved from Matador to Meridian several years ago.

A few weeks ago friends from Azle came by to visit. They were on their way to cool Red River, New Mexico for two months.

We took them on a tour on the way to the Ranch for a cookout. First we drove to the old metal bridge across the Pease/Tongue River on the Dumont road.

We then went on to Dumont for a stop at the Brewster Country Store. People go many miles to visit a part of the past and we have that within 35 miles of us.

Motley County Matador Coaches, (left to right) Chris Bearden, Head Coach Ronnie Cox, Mark Neely, and Shannon O'Pry. Two-a-day workouts kicked off Football season on Wednesday, August 9, with approximately 27 high school boys coming out this year. Workouts will be 7 a.m. until 1 p.m. this week and next week there will be morning and evening workouts. On Saturday, August 19, R Photography will come to take football pictures. Parents may also take pictures at this time. The first scrimmage will be in Crosbyton, August 25. The Annual Spirit Rally is scheduled for August 31.

Burkes - Cameron Exchange Wedding Vows

Mr. and Mrs. Jeffery Burkes

Miss Dee Ann Cameron became the bride of Jeffrey Lloyd Burkes in a double ring ceremony performed by Pastor Jim Jones of Dewey, Arizona at the Prescott Resort in Prescott, Arizona. The outdoor ceremony took place at 5 p.m. on Sunday, June 4, 1995.

Parents of the bride are Dean and Shawn Cameron of Dewey, Arizona. The parents of the groom are Bennie and JoAnn Reagan of Quitaque, Texas and the late Morris Burkes. Grandparents of the couple attending the wedding were Ron and Rodean Cameron and Louis and Billie Wingfield, both of Dewey, AZ, on the bride's side, and Pearl Patten of Roaring Springs on the groom's side.

Escorted and given in marriage by her father, the bride wore an Italian satin dress with a sweetheart neckline and open back. The bodice was accented with pearls. Pearls also adorned the long sleeves which extended to a point. The back of the dress was accented by a pearl decorated satin bow. The fourteen foot train was also decorated with pearls. The bride wore a western style hat with veil netting flowing from the back.

The bride's sister, Kacie Cameron, was the Maid of Honor. Bridesmaids were MariAlice Gaylor and Sally Read of Prescott, AZ, Aurora Blaylock of Dallas, Texas, and Caren Kimball of Phoenix, AZ. They wore flower print tea-length dresses hand sewn by the bride's mother. Each attendant carried a bouquet of fresh spring flowers.

The Best Man was Scott Read of Prescott, AZ. Groomsmen were Heath Campbell and Vic Read of Matador, Brooks Cameron of Prescott, AZ and Langdon Reagan of Canyon. Brooks and Langdon were also the ushers. All the men in the wedding party wore black hats, black western vests hand sewn by the bride's mother, white western shirts, black Wrangler jeans and boots. The father of the bride and groom wore long tail western style tuxedos.

Guests were registered by Natalie Myers, sister of the groom. Pre-ceremony music was provided by talented fiddlers Ray Gardner and John Kennedy, both of Prescott. Traditional vows were exchanged before an ivy laced arch in a white pavilion on top of the Prescott resort hill overlooking the town. The area was decorated with fresh flowers. Weather cooperated bringing only slight breezes and a comfortable 85 degrees. Approximately 300 guests were in attendance, over 30 of them from Texas.

The bride's parents hosted a dinner and dance immediately following the ceremony in the ballroom of the Prescott Resort. A barbecue dinner featuring barbecued beef, corn on the cob, potato salad, green salad and dinner rolls was enjoyed by the guests. Iced tea, fruit punch and beer were

available to drink. Also served was a four-tiered white wedding cake made by the bride's mother and decorated with fresh flowers. Dancing lasted well into the night with the country-western band, StateLine performing.

The couple honeymooned for a week in California before returning to their Prescott home. The groom is currently employed by Bloody Basin Cattle Company in Dewey and the bride is an editor for the Arizona Rancher magazine, based in Prescott.

The bride is a 1989 graduate of Mayer High School and 1993 graduate of Grand Canyon University in Phoenix. The groom is a 1987 graduate of Motley County High School in Matador and attended college at South Plains Junior College in Levelland.

REHEARSAL DINNER

A rehearsal dinner was hosted by Bennie and JoAnn Reagan, parents of the groom, on Saturday, June 3 at Lil' Chilitos Mexican food restaurant in Prescott. Family and guests were given a choice of cheese or beef enchiladas or taco salad.

LIBRARY NOTES
by
Suzanne Abbott

This is Local History Month at the Library. The Motley County Library has a superior Texas collection that includes many books about Texas in general and about Motley and the surrounding counties in particular. You might be interested in The Early History of Motley County by Harry H. Campbell, The Matador Land and Cattle Company by W.M. Pearce, or the autobiography of Ella Edgar Bird Dumont, a West Texas pioneer whose roots were in Cottle, King, and Motley Counties. We also have The Quanah Route, a book that has been very popular with library patrons. This book was donated to the library by Keith Patton and tells about the railroad in Motley County. These are just a few of the many books on local history that are in the library for you to read and enjoy.

Certainly, sometime during the month, you will want to visit the excellent Motley County Museum to see artifacts from the early (and not so early) days of this area. The museum is open Mondays from 1:00 - 5:00 p.m. Tour the museum and then come to the library for books dealing with the items you see on display.

Speaking of artifacts and the early history of this area, the First State Bank of Matador has an amazing display of arrow heads, spear heads, flint knives, and other Indian items that

came, mostly, from the Jack and Rosa Spray farm northwest of Matador. If you haven't seen this display, drop by the bank as you go from the museum to the library; it's right on the way.

The library has few copies of the Texas Department of Insurance Rate Guides for automobile and homeowners insurance. These are free at the library for as long as they last. We also have Texas Area Facts from the Texas Comptroller of Public Accounts. This book gives all kinds of information about each county in Texas. Do you know the total number of road miles in Motley County? Texas Area Facts will tell you that and much more. It can be found in the reference section of the library.

We want to welcome Marihelen Wason as a member of the Library Board. Marihelen joins Charles Johnson, James Gillespie, Judy Cruse, and Patricia Green on the Board. This is a hardworking bunch that never turns me down when I call for help. Motley County is lucky to have this group of people watching over the library.

Please note that there will be a meeting of the Friends of the Library on August 17 at 4:00 p.m. at the library. I hope all the "Friends" will be able to attend.

And now abidith faith, hope, and love. These three, but the greatest of these is love.

I Cor. 13:13

A Disciple

What does it mean to be a disciple of Jesus? How do the faithful followers of Christ live? Bob Moorehead wrote concerning the disciple of Jesus.

I'm a part of the fellowship of the unashamed. I have the Holy Spirit of power. The dye has been cast. I have stepped over the line. The decision has been made. I'm a disciple of His. I won't look back, let up, slow down, back away or be still.

My past is redeemed, my present makes sense, my future is secure. I'm finished and done with low living, sight walking, small planning, smooth knees, colorless dreams, tamed visions, mundane talking, chincy giving and dwarfed goals.

I no longer need pre-eminence, prosperity, position, plaudits or popularity. I don't have to be right, first, tops, recognized, praised, regarded or rewarded. I now live my presence, lean by faith, walk by patience, lift by prayer and labor by power.

My face is set, my gait is fast, my goal is heaven, my road is narrow, my way is rough, my companions fews, my Guide reliable, my mission clear. I cannot be bought, compromised, detoured, lured away, turned back, deluded or delayed. I will not flinch in the face of sacrifice, hesitate in the presence of the adversary, negotiate at the table of the enemy, ponder at the pool of popularity or meander in the maze of mediocrity.

I won't give up, shut up, let up, until I have stayed up, stored up, prayed up, paid up, preached up for the cause of Christ. I AM A DISCIPLE OF JESUS! I must go till He comes, give till I drop, preach till all know, and work till He stops me. And when He comes for His own, He will have no problem recognizing me -- my colors will be clear.

CHILDREN AND MOVING HELPING WITH THE TRANSITION

Approximately 19 percent of the American population moves each year. That means about 41.5 million people in the United States relocate.

Regardless of the reason for moving, it is a stressful time for both parents and children.

Helping children adjust to the move can result in a less stressful situation for the whole family, better attitudes about the move and even increased participation in household tasks related to the move.

Steps parents can take to encourage children about moving include:

— Involving the children in the moving process from the very beginning. Tell them about the move as soon as possible.

— Giving them a "special box" for packing some of their things. Allow them to mark it and unpack it in their new home.

— Being honest about the reasons for the move. If the move is a choice situation, many parents include their children in the discussion.

— Encouraging children to share their feelings about the move and to talk about their concerns.

— Involving them in decisions about which items to be sold or given away. Children, especially young ones,

often wonder what items will go with them and which will have to stay behind. Remind them that things like toilets and bathtubs cannot be moved.

— Considering the timing of the move and the transitions that will be necessary because of the timing.

— Easing their worry about leaving their friends. Help them find ways of saying goodbye, of staying in contact and of making new friends.

— Giving them something concrete to anticipate. Plan for new items for their room, new adventures for the family, and special events that can occur as part of the move.

— Keeping the family routine on schedule. Spend some extra time with children to help them work through their feelings and anxieties.

— Giving children time to adjust. Don't be surprised if they regress and need extra symbols for security.

Adults can take cues from their own feelings and concerns and understand more fully their children's behavior and actions, resulting from family moves.

Educational programs of the Texas Agricultural Extension Service are open to all citizens without regard to race, color, sex, disability, religion, age, or national origin.

THOUGHT FOR THE DAY: Give a child an inch, and he thinks he's a ruler.

Local Youth Receive Confirmation

On June 26, 1995 Our Lady of Guadalupe Catholic Church was the scene for an important event, the confirmation of four Catholic youths. The youth were Juan Andres Gonzales, Veronica Gonzalez, Angelica and Angelina Corpus, Pepe (Joe) Gonzalez.

The celebration began with a holy mass. Taking part in the celebration were Mr. Keith Patton and Magdalene Carlson as lectors of the bible. In the Eucharistic part of the celebration, all the congregation were invited to participate to take the bread and wine.

The bishop of the Diocese of Lubbock, Placido Rodriguez, was on hand to officiate. Also Father Ricardito Salditos was present to compliment the beautiful service. The band and choir from the Catholic Church from Floydada were present.

Present at this celebration were people from surrounding towns. We were honored by the presence of Mary Blanch and Mrs. Evelyn Garrison. Our Lady of Guadalupe Catholic Church gives thanks to everybody for this event and invites everyone to come and visit us.

RECEIVE CONFIRMATION — Pictured above are those receiving their Confirmation at Our Lady of Guadalupe Catholic Church and others at the service, (front l-r) Ricardito Salditos, Angelina and Angelica Corpus, Elva Martinez, Veronica Gonzalez; (back l-r) Tony Gonzalez, Juan Gonzalez, Bishop Placido Rodriguez, and Joe (Pepe) Gonzalez.

Mr. Heiny is the nephew of Roaring Springs resident, Freda Keahey. There will be many items on display from area artists at the show, which will be held across the street from the Old Settlers grounds.

Since we are unable to extend our Lease, all of us at the Songbird Cafe would like to offer our heart felt thanks to the people of Roaring Springs, Matador, and the surrounding area for making our business a success.

We have made many new friends and will remember you all fondly. We look forward to serving everyone through Old Settlers!

How Advertising and PR Help Make More Money

(NAPS)—Whether you're a small business owner looking for more business—or an individual looking for a job—the editor of PR News says an "information gap" may be standing in the way of your making more money.

Right now, many of the people who could help you don't know what you can do for them, advises PR News editor Tom Moore. But fortunately, by doing increased advertising and PR for yourself or your business, you can fill the information gap.

With advertising it's often possible to find a "golden goose"—an ad that brings you a wonderful response, perhaps ten times as much as other ads. Experimenting with different types of ads helps many businesses to find a golden goose.

Motley County 4-Hers Attend Dickens Electric 2nd Annual Electric Camp

Motley County 4-Hers - Misty Thomas, Todd Thomas and Sean Rose (front) and Motley County Extension Agent, Michael Clawson, (back), at the Dickens Electric Camp near Cloudfcroft, N.M.

Approximately 50 4-Hers from the DEC service area enjoyed three nights and four days in the cool New Mexico mountains near Cloudfcroft. The Lincoln National Forest was the setting for DEC's second annual Youth Electric Camp. Camp Scott Able hosted the 4-Hers where they participated in many learning activities and had several recreational activities as well.

The 4-Hers were treated to several workshops by County Agents and adult leaders as well as DEC employees. Gayle Neaves presented a session on first-aid to the 4-Hers while CEA-Ag agents Michael Clawson, Motley County, and Gary Antilley of King County, demonstrated how to wire a desk lamp. They were assisted by Kent County adult leader Charles Arnold. The 4-Hers were then allowed to construct their own lamp out of a coke can for their own personal use.

FCS agents Darlene Brady, Dickens County and Shirley Long, Kent County, hosted an "Electrical Bingo" workshop. They made learning electrical facts fun while playing Bingo and winning prizes.

In an outdoor atmosphere, Robert Herrington, Dickens Co. CEA-Ag agent taught teamwork and the importance of working together to accomplish a common goal. The 4-Hers participated in two activities which

required teamwork. Without it they might skin their noses. Everyone passed with flying colors.

Other workshops included Storm Disaster Planning by Stonewall Counties CEA-Ag agent Steve Bradshaw. Mr. Bradshaw showed the 4-Hers the importance of having a storm plan in their household in case of a major tornado or disaster, and how being prepared could save lives. DEC lineman Larry Taylor was to demonstrate pole climbing safety. But unfortunately after an injury on the basketball court he was unable to perform his duties. Therefore, DEC's John Bleiker was called upon to climb the pole. (We thought we could really get to put Ms. Neaves First-Aid to use when we saw John climbing). He survived and was very cautious especially coming down the pole.

The campers all enjoyed their turns at KP duty after each meal. Counties took turns at KP duty, flag raising, and being responsible for ice breaker games. Various tournaments were held such as volleyball, basketball, and several horseshoe games were held.

This year's camp was the best one yet. We are learning ways to make the camp more educational and fun for all the campers. DEC is looking ahead for next year and believes "The Best is Yet to Come".

1995 Property Tax Rates in COUNTY OF MOTLEY

This notice concerns 1995 property tax rates for COUNTY OF MOTLEY. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. Report Card on TV Violence

It is bad enough that television seems to have changed the American child from an irresistible force into an immovable object. But the level of violence in American TV programming makes this attachment to the TV set even more destructive.

The average American child witnesses 100,000 acts of violence and 8,000 murders on television before leaving elementary school. It is an indisputable fact that this kind of programming not only monopolizes children's attention, but has made American youngsters — like our society as a whole — more cynical, prone to violence and desensitized to its real-life horror. Study after study has shown this to be the case.

I believe Americans are fed up with the violence in their streets, schools and on TV. So I have introduced a bill that would provide parents with the kind of information they need to guide their children's TV viewing habits away from violent programming and toward shows that can entertain kids without corrupting them.

This legislation is simple and involves no government censorship. What it would do is fund the preparation and distribution of a "report card" on TV violence, using current research data which is generated by a variety of universities and private research foundations, as well as the industry itself.

It would be even better if this could be accomplished in the private sector. I hope introducing this bill will spur the private sector to make such information available.

But, bottom line, parents need help. They could use the information to determine what programming they think is appropriate for their children. Exercising such guidance is, first and foremost, a family matter. I oppose direct government interference with television programming decisions, as do many of my colleagues in Congress. I believe we have as little Constitutional authority to tell television programmers what to broadcast as we have to tell newspapers what to publish.

But I feel strongly that it is appropriate for government to find ways to help parents use available information effectively so they can make informed programming choices for their children. The bill I have proposed meets that need in the least intrusive way.

We hope the effect of making this information available will be reduced viewership of violent programming, thereby influencing programming content without mandating changes.

My bill would authorize the Secretary of Commerce to award a grant to a university or other not-for-profit organization to gather and analyze research into television programming content and publish its findings in an easy-to-read and easy-to-access format four times a year. These TV violence "report cards" would be publicized and made widely available to the public.

To the fullest extent possible, parents and consumers should be empowered to choose which television programs they consider appropriate for their children — and to turn off the set when programming they consider too violent is aired. With such information, parents could select programs with themes and ideas which reinforce their family's values.

Given the proper tools, parents can make informed decisions that allow them to take charge of their TV sets. And given the proper tools, I believe they will.

Panhandle South Plains Fair Livestock Show Participants May Register Until August 21

Lubbock (Special) -- Junior and Open Livestock show exhibitors at the Panhandle South Plains Fair face an August 21 entry deadline, reports Steve L. Lewis, manager.

During the 78th annual fair, set for Sept. 23-30, exhibitors will be competing for more than \$87,000 in prize money in nine livestock shows including junior market goat, junior swine, open beef cattle, open dairy, junior dairy, open sheep, junior lamb, junior steer and junior beef heifer.

Livestock entries for the fair shows must be postmarked no later than August 21 and accompanied by a non-refundable fee. Junior entries and fees must be made by a county extension agent or ag-science teacher who can certify the exhibitor is a 4-H or FFA member. Junior fees and entries will not be accepted from individuals. Open livestock entries and fees will be accepted until the August 21 deadline at the fair office, 105 E. Broadway, Lubbock, TX 79403.

Lewis stressed that junior exhibitors must be enrolled in public or private elementary or secondary Texas schools, with the exception of junior dairy cattle exhibitors where competitors are not limited to Texas schools but must still be 4-H or FFA members. All junior exhibitors must own and care for their animal under the supervision of a county agent or ag-science teacher.

New to the livestock shows this year is a junior market goat show. Goats will be judged Sunday, Sept. 24, at 8 a.m. in the Swine Barn by Brian Hines, Quincy, MI. The show is terminal and no animals will be taken home. The top four girls in each of the five breed divisions will be eligible for consignment to a 7 p.m. sale.

Open dairy, beef cattle and sheep shows, featuring competition among adults and students not involved in 4-H or FFA, will occupy the cattle barns Saturday, Sept. 23, through Wednesday, Sept. 27. Beef cattle judging by Jim Williams, Boling, TX, will begin with the Limousin breed Monday, Sept. 26, at 1 p.m. in the Livestock Pavilion, continue Tuesday with the Angus and Beef Shorthorn cattle, and conclude Wednesday with Santa Gertrudis cattle. Bobby Griggs, Seminole, OK, will judge open and junior dairy cattle Tuesday, Sept. 26, at 8 a.m. in the Livestock Pavilion. Cattle release times vary with each breed, but all cattle will be out of the barns by Wednesday afternoon.

Milking demonstrations, open to the public and featuring the dairy cattle exhibited in the fair, can be seen Sunday, Monday or Tuesday evenings after 5 p.m. at the Milking Parlor, located west of the cattle barns.

An open sheep show, slated for Wednesday at 9 a.m. in the Swine Barn arena, will be judged by Frank Craddock, San Angelo, TX. Open sheep exhibitors must have their animals in the barn by 10 p.m. Monday, Sept. 25.

Junior lamb, steer and beef heifer shows are scheduled for closing Saturday of the fair. All junior livestock

must be in the barns by 6 p.m. Thursday, Sept. 28. Lamb judging is set for 8 a.m. in the Swine Barn. Rex Jones, San Angelo, TX will be the judge.

Jim Mazurkiewicz, Bryan, TX will judge the junior beef heifer show at 8 a.m. in the Livestock Pavilion, followed by Harlan Ritchey, East Lansing, MI, judging junior steers at 10 a.m.

Persons interested in exhibiting animals in these shows should contact the fair office, local county extension offices or an ag-science teacher for more information.

Social Security Tips

by Mary Jane Shanes
Social Security Manager, Plainview

NAME ON BANK ACCOUNT MAY AFFECT SSI ELIGIBILITY

One of the most troublesome problems for people applying for Supplemental Security Income (SSI) occurs with bank accounts that are not really the funds of the applicant. Under SSI rules, we must count the money as theirs even if their name is merely as a convenience for the account holder unless the account is titled to restrict the applicant's access to the funds.

Since people can not qualify for SSI if they have assets (including bank accounts) worth more than \$2,000 (\$3,000 for a couple), having your name on someone else's bank account may affect your SSI eligibility.

A typical example is when Dorothy Parker applied for SSI. Her sister, Diane, had \$4,500 in a savings account. Diane lists Dorothy as a joint owner of the account - primarily so that Dorothy will have access to the money in case something happens to Diane. However, we had to explain to Dorothy that Social Security considers the money hers for SSI purposes.

One solution is for Diane to retitle the account to restrict Dorothy's access to the funds, or to retitle the account to show she is acting solely on behalf of Diane. Another solution is for Dorothy to remove her name from the account.

Proper bank account titling is also important when community, civic, or social groups collect money for a special reason, such as to help an SSI recipient pay medical expenses. For the money to satisfy its intended purpose, the title on the bank account must reflect the restrictions placed on the money in the account. For example, "Thomas Green, Kiwanis Club For Heart Surgery." As long as the account title shows the money cannot be used for food, clothing, and shelter for the SSI recipient, the account is not considered a resource.

If you would like more information on helping to set up bank accounts involving SSI recipients, contact your nearest Social Security office, or call Social Security's toll-free number, 1-800-772-1213, business days between 7:00 a.m. and 7:00 p.m.

Everything has been thought of before, but the problem is to think of it again.

Roaring Springs Senior Citizens Report

by Mary Lumsden

The Roaring Springs Senior Citizens met on their regular meeting day, the first Thursday of each month. There was one birthday, Minnie Ola Childress. Ossie Lee Brown gave the invocation.

The rain stopped long enough for 14 members to make their way to the meeting. We all enjoyed a delicious meal and great fellowship.

We have a new air-conditioner, so, don't say it is too hot to come to the meetings. Come on and have fun with us.

SEEDS FROM THE SOWER

Michael A. Guido Metter, Georgia

A boy begged, "Daddy, let me drive the car."
"You may," he answered, "if you let me place my hands over yours."

That night the boy prayed, "Dear Lord, please put your hands over the hands of our President, so He'll know how to turn the wheel for our country."

The Bible says, "Pray for all who are over us, so that we may live quietly and peacefully, and be godly and noble in every way."

If we fail to pray regularly for our leaders, they may fail to perform righteously. Tomorrow's peace and prosperity depend upon today's prayers.

I resolve to pray for our leaders. Won't you?
