Two Killed, Six Hurt In Palestine Train Wreck Annual Poultry Show Is Opened

EXHIBITORS BRAVE ZERO COLD WAVE

Sixty Pens Of Poultry And Eight Pens Of Turkeys At Show

About 20 farmers braved the near zero weather Friday to bring exhibits to the second annual Howard County Poultry School and Show sponsored by the chamber of commerce today and Saturday in the Reagan building at Gregg and Fourth streets.

Sixty pens of poultry and eight pens of turkeys were entered by early afternoon Friday, two farmers bringing them in during the inclement weather Friday from 15 and 16 miles in the country.

P. E. Little and A. W. Railsback shared the distinction of coming from the greatest distance, Mr. Railsback living about a mile further out than Mr. Little. Both entered exhibits in the first annual show last year, Mr. Railsback winning several ribbons with his Rhode Island Red specimens, and Mr. Little winning several prizes with his English White Leghorns.

Supervise Entries
Entries this year are superior to those of the first annual show, according to J. V. Bush, county agricultural agent, and C. T. Watson, secretary of the chamber of commerce, who are in charge of the show. The poultry entered this year show results of lessons learned by the farmers in last year's show and some unusually fine entries are being shown.

Some of the birds entered show signs of freezing in being brought into town. Combs of several of the finest specimens are partly frozen. However, several of the farmers and poultrymen brought in their birds Thursday evening, thus lessening chance of permanently injuring the specimens.

Pen Divisions
The 60 pens are divided as follows: Six pens of Barred Rocks; four pens of Buff Orpingtons; six pens of Silver Laced Wyandottes; one pen of Cornish Game; 22 pens of Rhode Island Reds; 16 pens of White Leghorns; one pen of Black Minorcas, and three pens of Brown Leghorns. T. N. Morgan of Colorado has entered several pens of birds.

For the first time in poultry schools held here, Rhode Island Reds have predominated in the entries. White Leghorn exhibits have hitherto taken the precedent among the types of poultry shown.

The eight pens of turkeys were entered by Mrs. Charles Robinson of Midway, Mrs. Albert Robinson, also of Midway, Mr. Railsback, J. W. Wooten of Fairview and Lawrence Anderson from north of the city.

An attractive addition to the show are four pens of Museum White rabbits, the property of E. B. Ribble, local florist.

Judges will make awards Saturday following completion of judging which will begin this evening.

A great deal of enthusiasm has been manifested in the poultry school and show by Howard county farmers and poultrymen. The unusually severe weather of the last few days and the extreme cold of the opening day dampened the spirits of the farmers concerning the show. Indications were favorable for a record show this year, and the show might have assumed twice the proportions attained had weather been favorable, was the opinion expressed by Mr. Watson and Mr. Bush.

Captain Frank Hawks Cracks-Up Airplane

WEST PALM BEACH, Fla., Jan. 17 (AP)—Captain Frank Hawks, noted flier and holder of the Coast-to-Coast non-stop record, crashed at Roosevelt Field today as he was taking off for New York. He was uninjured, but his plane was demolished.

Chicago Society Leaders In Florida

Society leaders of two cities are Mr. and Mrs. Charles A. McCulloch, above. This photo shows them at Miami Beach, Fla., shortly before returning to their home in Chicago at the end of a winter vacation. Mr. McCulloch, prominent Chicago capitalist, is vice president of the Amalgamated Corporation, former chairman of the board of the Yellow Cab Company, a director of the Chicago National League Baseball Club and a member of several large financial and investment houses.

Cecil Collings Speaker At Seventh Grade Graduation Exercises Friday

Graduation exercises for 30 students finishing high seventh grade school work were to be held in the high school library room Friday afternoon at 4:15 o'clock with Cecil C. Collings, justice of peace, delivering the commencement speech.

Those included in the graduating class are eligible to enter regular high school work immediately after the exercises Friday afternoon. Mr. Collings will present the 30 students with diplomas.

Ben Franklin Anthony, Jr., has completed his high school work and was to be graduated from the institution at the same time seventh grade promotion exercises are conducted.

Those included in the list of seventh graders graduating, are: Margaret Blewett, Almarce Bugg, Clemmie Lee Crain, William Cochran, Jennie Lou Curtis, Dolly Denton, Joe Earnest, Charles Foster, Virginia Francis, Earlie Cope Grimes, Elva Heffington, James Lynn Hill, Mary Holmes, T. F. Horton, Ludford Kalfos, Marcella King and Ada Lyman.

Karol Lynch, Helen Orison, Allie Timplin, Gordon Meeks, Garrett Patton, Pearl Richborough, Florence Robinson, Wendell Short, Alpha Slusher, Marie Tidwell, Wagner Thomas, Georgiana Touchstone, and Billie Wright.

CONSULATE AT LAREDO OPEN

Consul De La Colina Busy Day As Closed Port Again In Use

LAREDO, Tex., Jan. 17 (AP)—In the presence of a large number of customs brokers and business men, Consul Rafael De La Colina, of Laredo, opened the doors of the Mexican consulate today.

With the opening taking on the aspects of a celebration and the heaviest business in years awaiting him, Consul De La Colina found it a busy day. Hundreds of people were on hand to present their felicitations on the relief of a situation which had become acute to Laredo commercial interests since the closing of the consulate Dec. 18.

The consul's first duty was to prepare consulate manifests for many carloads of freight which awaited opening of the ports of entry. The first manifest vised was that of Casa De Leon Y Cia, customs broker who handled four carloads of American land for a Mexican customer. A multitude of other manifests followed.

A number of passports were also presented Americans going to Mexico today.

STANFORD IS SPEAKER AT LIONS CLUB

Civic Organizations Need Program—Lions Admonished

An address from J. E. Stanford, Texas editor of the Southern Agriculturist, who is here in the interest of the Big Spring poultry school and show, featured the regular weekly meeting of the Big Spring Lions club held in basement of the First Christian church Friday noon.

Mr. Stanford told the Lions club that there is no difference between problems of the city business man and the rural man in this present day and age of rapid transportation. Mr. Stanford enumerated telephones, telegraph, newspapers, automobiles and a rapidly growing network of railroads as the factors that are bringing people of the rural sections and cities in closer contact.

"The fellowship, new acquaintances, the elbow rubbing and common understanding that is gained from a civic organization is all fine, but without definite constructive program, a civic club is not worth the time and money demanded. There must be something more than a dinner and a good time one time each week to justify existence of any civic club," Mr. Stanford told his audience.

Mrs. Alice Phillips, assistant secretary of the Chamber of Commerce, who was also a visitor at the weekly meeting of the Lions club, announced the commercial organization is going ahead with plans for the poultry show and school and that she hoped citizens of Big Spring will do their best to support the activity despite inclement weather. Other visitors were Lester Short, John Whitaker and Ralph Atkins.

Announcement was made at the meeting that the Big Spring school board has tentatively agreed to construct a fence around the athletic field behind the high school and that it will be possible for the athletic council to move bleachers, now located in the ball park on East Third street, to a permanent position in connection with the high school building.

American Naval Party Arrives

LONDON, Jan. 17 (AP)—The American delegation to the forthcoming naval conference reached London today and after a cordial welcome plunged rapidly into the preparatory work of the coming meeting.

Within less of an hour of his arrival in the British capital, which next Tuesday will see delegates of the five chief naval powers engaged in momentous discussions, Secretary of State Stimson was cloistered with Prime Minister MacDonald.

Great Britain first welcomed the American delegates at Plymouth, where a picturesque ceremonial accompanied the greeting which the mayor extended to the Americans who departed from the George Washington at the break of day.

The Weather

West Texas: Cloudy tonight, with rain or snow this afternoon or tonight in southeast portion; generally fair Saturday; cooler in north and west portions tonight and in south portion Saturday.

East Texas: Rain in southeast, rain or snow in north and west portions tonight; Saturday, cloudy, with rain probable Saturday morning in southeast portion, possibly turning to sleet or snow; somewhat warmer in southeast and cooler in northwest portion tonight; probably colder to the coast Saturday. Moderate to fresh winds on the coast, mostly westerly to northerly.

I-G N TRAIN AND ENGINE HIT HEAD ON

Officials Refuse To Discuss Cause Until Probe Is Made

PALESTINE, Texas, Jan. 17. (AP)—Two men were killed and six seriously injured in the head-on collision of an International-Great Northern passenger train and a locomotive running without cars 37 miles west of Palestine last night.

The dead: John Nall, engineer of the passenger train, Palestine.

L. J. H. Hughes, express messenger, San Antonio. "The seriously injured: Henry H. Klenke, mail clerk, San Antonio.

E. M. Daniel, engineer on light locomotive, Palestine.

M. J. Haggerty, fireman on light locomotive, Palestine.

Mail clerk, name unknown, San Antonio.

Ben Brites, mail clerk, San Antonio.

The locomotives piled up in a mass of wreckage. Passengers said the smaller locomotive "split the passenger engine wide open." Flying pieces of steel snapped telegraph and telephone wires, and no communication with the scene of the wreck could be established for some time.

Relief Despatched
Wrecker and relief trains were despatched from here at 10 p. m., and the dead and wounded reached here at 2:35 a. m.

The passenger train was No. 4, eastbound, and the light locomotive left Palestine bound for the west at 6:15 p. m. The collision occurred about two hours later.

Members of the engine crew, except Nalls, jumped just before the flying engine crashed. The engineer stuck to his post and was crushed to death under tons of steel.

The accident occurred on the main line, between Buffalo and Jewett.

No Cause Given
Officials of the railroad refused to discuss the cause of the wreck, pending an investigation.

Of the crews manning the engines, only two escaped injury. They were H. A. O'Brien, fireman on Nalls' engine, and R. M. Hawthorn, fireman on the light locomotive.

SAN ANTONIO, Tex., Jan. 17 (AP)—Henry H. Klenke and Ben Brites, mail clerks of San Antonio were injured in the wreck which cost the lives of Lylester J. Hughes, San Antonio Express Messenger, and John Nalls, engineer of Palestine near that city last night, railway officials said here today.

The dead man and the two injured were brought to their homes here this morning.

Methodist Women Sponsor Food Sale

Ladies of the Methodist church will sponsor a food sale in the Figgly-Wiggly store Saturday. Food stuff of all types will be sold, emphasis being placed on dishes suitable for the Sunday dinner.

Flea, cakes, candy, salads and other prepared dishes will be displayed for selection by customers. Members of the church will gladly accept any donation of food or of money from those who desire to help in this manner. Proceeds from the sale will be used to purchase playthings for the church nursery, according to church ladies.

Harry Nixon, operator of the Liberty Cafe on West First street, was in Fort Worth Friday to make application for naturalization papers.

On Trial For Children's Deaths

Her pulse unbroken by months in jail, Gladys Mae Parks, upper left, former night club hostess, is on trial for murder at Camden, N. J., still protesting her innocence of the killing of two little children entrusted to her care by their father, Allen B. Rogers, upper right, an insurance agent. While the prosecution is asking the death penalty for Mrs. Parks, her counsel, Samuel P. Orlando, lower right, refused to plead her guilty to a charge of manslaughter.

Thursday morning Judge Joseph A. Corio of Atlantic City took the witness stand and denied the defendant's statement he had slain one of the children. Miss Parks, in a statement read in court yesterday, said Corio came to her Camden home, saw Timothy Rogers, 3 years old, who was in her care, and became so angry he choked the child and then held his head under a faucet of running water. The defendant previously claimed that Timothy died from a fall down stairs and that Dorothy died after she had whipped her. The children's dismembered bodies were found in crude graves in two widely separated communities.

Petit Jurors To Serve February Term Of District Court Selected

With the regular February term of Howard county district court called to convene the first Monday in February, A. C. Walker, deputy district clerk, released the lists of petit jurors summoned for duty during the three weeks term.

The district court civil docket still presents a crowded appeal to Fritz R. Smith, district judge, but the criminal work is rather well in hand, according to court attaches. Most of the first week will be devoted to civil work with the criminal work set down for the second week.

First Week
List of petit jurors for the first week, beginning Feb. 3, are: Tom Good, Jerome Lusk, Loney Demsey, Jack Spalding, Bruce Frazier, John C. Adams, E. T. O'Daniel, Monroe Johnson, Mose Bailey, James Birkhead, J. W. Bonner, Carl Blomshild, Lay Acuff, Willard Read, John Wright, John Bruton, Sam Callihan, A. C. Bass, Frank Hefley, V. E. Jones, Harry Hurt, W. L. McCollister, Jim Black, W. J. Garrett, E. F. Springman, C. L. Barnes, R. L. Cook, Jim Lowe, C. C. Ryan, J. C. Mathis, F. W. Bettie, Walter Barrett, J. J. Jones, Jim Kendrick, Nat Shuck, Howard Lester.

Second Week
For the second week, the following have been summoned for jury duty: R. T. Shafer, Rowan Settles, J. W. Barber, Walter Reid, J. D. Barron, Geo. L. Wilke, Tom Casler, R. L. Anderson, Robert Parks, Jr., Garland Nichols, Lawrence Deason, Norman Read, Doyle Davis, Hayden Griffith, E. H. Wood, A. F. Kaach, A. A. Barnett, Tom Bly, George Burchel, D. W. Christian, Jr., Dewey Martin, Mitt Broughton, C. S. Freeman, V. H. Flewellen, Leroy Echols, Lon Curtis, J. O. Rogers, J. B. Tidwell, R. B. Spell, Buel T. Cardwell, Bart Wilkinson, Clint Forrest, Burley Davidson, O. E.

Hit And Run Driver Leaves Man To Die

PAMPA, Texas, Jan. 17. (AP)—Struck by a hit and run motorist last night, F. A. Parks, formerly of Amarillo, was left on the streets of Pampa to freeze to death last night. Found this morning, unconscious and nearly frozen, Parks died shortly after being taken to a hospital. A stiff wind which blew up the snow in eddies was believed by officers to have blinded both the victim and the driver.

SMOOT AGAINST DUTY
WASHINGTON, Jan. 17. (AP)—Chairman Smoot of the senate finance committee served notice in the senate today that he would propose an amendment to the tariff bill calling for an increase in the duty on Cuban sugar from 17 1/2 to 2 cents a pound.

MERCURY IS TIPPING AT 12 DEGREES

Temperature 8 Below Zero Recorded In Amarillo Region

Dropping steadily since 11:45 o'clock Friday morning, the thermometer in Big Spring was believed to have hit a new low level for mid-day when readings ranged from three degrees above zero to 12 above zero at 1 o'clock.

One report from the government experiment farm north of Big Spring said the mercury had skidded to three degrees above zero in the gradual downward trend that prevailed throughout Friday morning. A thermometer at the high school, operated by science students, reported that the mercury climbed to 26 degrees above zero shortly after 11 o'clock and then dropped to the 12 degree mark at 1 o'clock. Readings at the high school were taken on the south side of the high school building and was protected from the biting wind that whipped flurries of snow into faces of what few pedestrians ventured out.

Thermometers in the business district of Big Spring, which may or may not be exactly accurate, registered temperatures ranging from 2 degrees above zero to 4 degrees below the low mark.

According to the routine weather report issued from Dallas Friday, there was no relief from the cold wave assailed. Unprotected stock in this region was suffering from the cold, but the strong wind that accompanied a steady snow flurry swept flat surfaces clean and removed, for the present at least, the danger of covering feed grass on the ranges.

(By The Associated Press)
Howling winds roared across the Panhandle today, sending temperatures tumbling to new sub-zero marks in that area and blowing a heavy blanket of clouds over nearly all Texas. Snow and sleet were falling in some areas and threatening many other sections, and temperatures all over Texas were falling rapidly.

The cold northwest gale which swept the Panhandle brought a mercury of 8 degrees below zero at Amarillo, 6 below at Borger, and 5 below to Pampa and Plainview.

WALLACE, Idaho, Jan. 17 (AP)—Ice-covered rails today were believed to have caused the wreck of a Northern Pacific freight train at Lookout yesterday, killing two men and injuring a third.

Louise E. Erickson, 45, brakeman, was killed outright, and Charles E. Campbell, 50, engineer, died en route to a hospital.

The wreck occurred on a curve.

Plains cattlemen, after surviving the intense cold of the last two days, today feared the fresh onslaught might bring heavy losses. Ranges are covered with snow and ice, and it has been necessary to feed stock for nearly two weeks.

One death attributed to the blizzard was reported from Pampa, where F. A. Parks, hit last night by an unknown motorist, was left on the street to freeze. Found this morning nearly frozen, he died shortly after.

Freeze At Waco
Freezing and near-freezing temperatures prevailed all over the state and snow was reported from as far south as Waco.

The fogger at Amarillo was called the worst in twenty years. East of Amarillo, at Shamrock, and south, at Plainview, it had reached blizzard proportions, with a blinding snow storm carried on the gale. At Shamrock the mercury fell, at the rate of four degrees an hour, to 5 below zero at 10 o'clock this morning. The fall of snow was expected to become heavy by nightfall.

In North Central Texas, at Gainesville, the country was blanketed under an inch of snow, and the temperature stood just below 10 degrees. Some snow, with some moderate mercury readings, was reported from other sections.

The Store That Quality Built

Eastern Star To Hold School

SAN ANGELO, Tex., Jan. 17. (AP)—School of Instruction for District No. 5, Section 1, of the Eastern Star will be held here on Jan. 25, according to Miss Margaret Magruder, worthy matron of the San Angelo chapter. Mrs. Beulah Rawlins of Johnson City, worthy grand matron of Texas, will be here for the school.

What Congress Is Doing

By The Associated Press
FRIDAY
Senate
Continues debate on tariff bill.
House
Continues general debate on treasury-post office supply bill.

THURSDAY
Senate
Refused to grant higher tariffs on sugar.

Request that W. K. Henderson, operator of radio station KWCH, be called was made of Interstate Commerce Committee.

Senator Blaine, of Wisconsin, offered a resolution for repeal of the eighteenth amendment, as Senator Sheppard of Texas hailed the "triumphant tread" of prohibition. Reduction of agricultural freight rates was proposed in resolution by Senator Brookhart, Republican, Iowa.

House
Continued general debate on treasury-post office supply bill. Prohibition debate renewed by Representative Oliver, Democrat of New York, and Cooper, Republican of Ohio.

Immigration committee began hearings on bills to restrict western hemisphere immigration. Military affairs committee decided to invite General Pershing to testify on gold star mothers bills. Restriction of Mexican immigration to 2500 annually proposed in bill by Representative Bacon, Republican, New York.

Episcopal Sunday Service Cancelled

The regular sermon hour at the Episcopal church will be cancelled Sunday since the Rev. W. H. Martin will be attending the district convention in Amarillo. Sunday school will be held at 9:45 o'clock Sunday morning as usual.

IN MEMORY OF OREN PYNES

By Albert Smith.

Whose life was pure and always ready and willing to lend assistance and a cherry word to friends and comrades. We dedicate this little poem in loving memory of our dear departed brother:

Pure as the mantle, which o'er him stood
By Jordan's stream, descended from the sky,
In that remembrance, which the wise and good
Leave in the hearts that love them when they die,
So pure, so precious shall the memory be,
Bequeath'd in dying, to our souls by thee—

So shall the love we bore thee, cherish'd warm
Within our souls through grief, and pain, and strife,
Be, like Elisha's cruise, a Holy charm,
Wherewith to 'beat the waters' of this life.

Brotherhood of Railroad Trainmen Lodge No. 582.

Mr. and Mrs. Lester Kaykendall of Wichita Falls are guests in the Crawford hotel. Mr. Kaykendall is associated with Morris and Company.

Personally Speaking

The following young people were included in the group of Big Spring young folks who attended the dance at the Scharbauer hotel in Midland Thursday evening: Misses Frances Cotton, Mabel Eddy, Winton Taylor, Violet and Opal Holstine and Jack Hodges Jr., Lake Brewer and Hugh Dhubberly.

Miss Catherine Frances Douglass who has been ill is reported improving in health.

Ken Barnett is expected to return from San Antonio Saturday night.

Rev. W. H. Martin, rector of St. Mary's Episcopal church, will leave Saturday morning for Amarillo to attend the district convocation of the North Texas Episcopal church to be held there Sunday, Monday and Tuesday. Reverend Martin is secretary of the convocation and will compile a record of the meeting in journal form, following the meeting. Mrs. Verd Van Gleason, treasurer for the district auxiliary, will also attend the convocation.

GREATER TECH HORN'S HOPE

LUBBOCK, Tex., Jan. 17. (AP)—A greater Texas Technological College for 1930 with added buildings, improved heating plant and water system and additional appropriations for summer school are the hopes of Dr. Paul W. Horn, president of the institution. This may be realized during this, the fifth winter term, only through favorable legislative enactments.

An increase of 300 students this term over last year's record is reported. If the legislature grants additional appropriations for the summer session an enrollment of 1,800 students may be expected. Thirteen hundred enrolled for last summer.

"We are assured of additional sheds and barns for livestock," said Dr. Horn, "and there will be \$20,000 to improve the heating plant and \$7,000 to add to the water system; but we are looking forward with great interest to the coming session of the legislature."

Athletics

It is proposed to reorganize the athletic side of the school and a report on the subject will be made after the Board of Regents meet Jan. 28. Another interesting step in the field of athletics is the proposed Staked Plains Conference. Such a conference, it is said, would be of great benefit through Tech's athletic teams having a definite goal to work for.

Each school of the college will add new courses to the curriculum during this winter and spring term. Dr. Horn said. One of the promised events receiving favorable comment is the coming of Dean Walter Williams of the University of Missouri to deliver the commencement address. Courses in journalism at the college are to be extended and improved.

One of the outstanding realizations of the past year was completion of the chemistry building and moving of the departments of physics, chemistry, biology and geology into their respective laboratories. Offices for the faculty of various departments were moved into the new building and the resulting vacancy alleviated crowded conditions in the Administration building.

Loan Fund

The late George C. Morrow, for many years a citizen of Lubbock provided in his will for establishment of a loan fund of \$29,000 for worthy young men and women of Texas Tech. The fund is to be administered by a committee composed of Dr. Horn, W. T. Gaston, business manager, and E. L. Dooney, registrar.

Another loan fund which will be available soon was left to the school by the late Dr. R. J. Hall of Lubbock. It will amount to between \$10,000 and \$15,000.

Dr. M. C. Overton, Lubbock physician, gave a scholarship of \$200 last year to the athlete who, in practice or training, whether he was a letter man or not, by words or deed the most to develop true sportsmanship, team spirit and elevate athletics on a higher plane. Loan Fisher of Childress was awarded the scholarship.

The enrollment at Texas Tech was 2,002 at the close of the fall term.

Mr. and Mrs. J. B. Dalton and Mrs. Herbert Keaton spent Wednesday in San Angelo.

Fender-Body work. Tulsa Radiator, Fender-Body Co., 815 East 3rd.

Vocational "Ed" Teachers To Meet

LUBBOCK, Tex., Jan. 17. (AP)—Teachers of vocational agriculture from 18 high schools of the South Plains have formed an association to better their work. The organization was named the South Plains Teachers of Vocational Agriculture. Taylor White of Tahoka is president.

With one exception, the teachers are graduates of the Agricultural and Mechanical College of Texas. At the organization meeting here a movement was launched to encourage employment of an instructor qualified to train students in vocational agriculture at the Texas Technological College. Tech's school of agriculture possesses a personnel of instructors offering all other necessary work to fit graduates for this calling.

Brady Airport To Be Developed

BRADY, Tex., Jan. 17. (AP)—Immediate development of an airport for Brady is contemplated by the city council and chamber of commerce.

A 135-acre site has been purchased. It has no obstructions, splendid turf and is located two miles northwest of the business district on highway No. 9.

LONGEST RURAL ROUTE

HOUSTON, Tex., Jan. 17. (AP)—A rural mail route out of Houston, 64 miles in length and said to be the longest in the state, has been established along with others which will serve a total of more than 1,500 people who previously have not had daily deliveries.

The long route extends past the Spring community.

Swine Breeders Announce Sale

LUBBOCK, Tex., Jan. 17. (AP)—The 1930 annual sale of the Panhandle Swine Breeders Association will be held at Brownfield, Terry county, on Feb. 11 and 12 with J. W. McCrery, of Canyon, as auctioneer.

Opening day of the two-day event will be featured by the address and report of the president, Charles L. Franz, of Turkey, and an educational meeting in charge of Frank Phillips, of the Northwestern Texas State Teachers College, Canyon; round table discussion, banquet and election of officers.

The second day will be featured by the sale proper.

Last year Texas sent \$185,000,000 out of the state for pork products.

It is claimed by members of the association, and efforts will be toward increasing interest in raising purebred swine throughout the Panhandle-Plains section.

Mrs. W. T. Strange Jr. and daughter Sarah Jane have returned from a two weeks visit in Plainview and Lubbock, among friends and relatives.

Jack Hodges returned Thursday from Dallas.

QUESTION of HONOR

by Ruth Cross

SCENES: A determination to crush the opposition to his railway line through the Sierras presented by Glenn occupies Leon Morse. His scheme to destroy Glenn's dam is interrupted to search for Anne Wilton whom he intends to marry. His jealousy is stirred when he finds Glenn accompanying her home. He is unaware of how narrowly a romantic attachment between the two has been averted by misunderstanding. Already determined to forget the young engineer, Anne redoubles her resolve when Sheb, eccentric prospector, probes her attitude toward Glenn. She tells him she has no designs on Glenn and returns unopened Glenn's note which she suspects is an apology.

Two weeks from the day of her ill-fated journey to Glenn's cabin, she set out on a new and hitherto unexplored trail. She tramped along rapidly, absorbed in her own fancies, turning off at every skittish little bypath that wayed an alluring hand at her. She stopped for lunch beside a tiny, ice-cold mountain stream and after a nap resumed walking.

At mid-afternoon, she came to an abrupt halt. For the first time in her ramblings she knew that she was lost—dire humiliation to a budding mountaineer! She looked about her, intensely annoyed. There was not one landmark to go by.

yards or so, a group of workmen were preparing to fire another fuse. The two men in the pit were bending absently over some bits of the loosened rock, which the taller of the two was examining through a microscope. When they looked up and saw Anne, they both started—almost guiltily. The man with the microscope crammed the instrument and the specimens of rock hastily into his pocket, muttered something to his companion and cleared the excavation in a single bound. It was Glenn.

His companion was Sheb who stood transfixed. One glance and Anne fled.

A glance at Glenn and Sheb in the pit and Anne hurried away.

Chapter 17. UNMARKED TRAILS

It was not unexpected that a woman with the inherent cleverness that Anne possessed would manage to emerge unscathed from the storm that followed her mountain escapade.

This she did by assuming the role of the injured party and effecting a compromise with Morse and her Aunt Emily. She consented to carry a small revolver and never go far from the Lodge alone.

Tacitly she pledged herself to avoid the trail to the "hermit's hut" but that was hardly necessary after her experience with the two women-haters wild horses could not have dragged her in that direction.

She went now almost daily into the mountains—explored every selective trail and by path; grew bolder and struck out where there were no trails at all—forgetting, it might be confessed, her promise to keep within the vicinity of the Lodge.

Some days, Anne took along a bite of lunch which Jarvis put up for her and spent the whole day in the woods. Morse was seldom at the Lodge any more, save in the evenings, and often he and Douglas were away for several days at a time.

Anne was content, but Mrs. Wilton chafed restively under the delay and the threats of constantly more importunate creditors, and blamed Anne. The girl took the blame in silence. She would be glad enough when their tiresome financial matters were settled, but not even that pleasing prospect could rouse her to any enthusiasm or regard for Leon Morse.

Often she spent hours stretched flat on a bed of moss and pine needles. Under the spell of the mountains she found she could look at her life with some measure of wholeness and detachment. She discovered surprising things; not the least, that she could feel such keen pleasure in very simple things.

Of Glenn and all that had passed between them, she deliberately set herself not to think, but unbidden memories started, her tingling sometimes with shame and rage; occasionally perhaps with something that was neither. The latter she deemed it safer not to examine into, but the mood came over her at times so powerfully that she seemed on the verge of being swept away on some rushing mountain torrent.

She frowned at her predicament and finally sat down on a log.

She drew out a small volume from her knapsack. "The Woodcraft Manual," and examined its pages.

"The first thing to do is to get up a tree or other high lookout and seek for some landmark near the camp," she read, and smiled wryly as she noted the nearest branches of the pine under which she was sitting were certainly not less than 30 feet from the ground.

Chin in palm, she concentrated her entire attention on the book. There was a little frown between her brows. Her lips were set in a firm, red line. Suddenly, a loud report smote the air. The earth trembled under her feet.

She jumped up quickly, recalling the night of the dance and the way the floor had rocked. She remembered hearing Douglas say that Glenn's workmen were blasting out the canal ways for the irrigation system. She turned and walked rapidly in the opposite direction from the sound. Better anything than the least chance of encountering him!

But one pine tree was so exactly like another, the slope of the ground so uniform, that she found it impossible to keep her bearings. Before she realized it, she had described a perfect semi-circle. She brought up, abruptly less than 10 feet from a jagged pit which still reeked, from blasting. In the pit, two men were standing up to their waists. At a distance of a dozen

"Miss Wilton!" Glenn called but Anne ignored it. "Miss Wilton!" Anne heard a voice which she sensed was almost immediately behind her.

Again it was repeated as an entreaty but Anne only walked faster, but her pursuer followed. There

was no sign of a trail but Anne was resolute. Anything was better than facing Glenn again.

"Of course you know you're going in the opposite direction to the Lodge?" Glenn asked.

Anne cast a puzzled glance at the sun and as she did so, stumbled into a tangle of brush and briar that left its mark on her pink cheek. Glenn disintegrated her hair. When she was free, Anne spoke for the first time and her face was expressionless, her mouth set in a tight, firm line. "If you will kindly tell me which is the direction to the Lodge—I need not trouble you to accompany me farther."

Glenn barred her path and showed no signs of moving. "Not just yet, I'm going to attend to those scratches. Besides—I want to talk to you a minute or so. It wasn't fair, you know, not to read my letter."

Anne's uncovered cheek flamed; her eyes grew murky with anger. "Will you let me pass?" She turned recklessly through the brambles but

Suffered Constantly With Backache and Pain in Side

Gonzales, Tex. — "A short time ago I was suffering constantly with backache and pain in my right side. My sister knew of my condition and advised me to take Dr. Pierce's Favorite Prescription. She said it had helped her so I took five bottles and by that time I was feeling fine. All my aches and pains are gone and I have had no trouble since." — Mrs. James Campbell, Route No. 3.

Glenn caught her shoulders and wheeled her around.

"You can't go that way," he said, with a trace of a smile. "In fact, you can't go at all until I say the word."

University Fund From Royalties Total 14 Millions

AUSTIN, Tex., Jan. 17. (AP)—Oil royalties paid to the University of Texas in December amounted to \$154,546, bringing the total for 1929 to \$1,809,916.

The year's figure was slightly under that of the previous year, said to be due principally to the low price of oil the first half of 1929. The figures for the last six months showed an increase over those of the corresponding months of 1928.

The December returns from the West Texas lands brought the total of the University permanent fund to approximately \$14,000,000. Royalties alone have aggregated \$11,638,737.

Wichita Seeking Wider Highways

WICHITA FALLS, Tex., Jan. 17. (AP)—A resolution asking the state to widen 41 miles of Wichita county highways, adopted by the commissioners court here has been forwarded to the highway commission. The resolution asked that six feet be added to each side of the concrete strip leading from Wichita Falls to the Burk Burnett Red river bridge and to the Wichita Falls-Vernon highway as far as the Wilbarger county line. The present pavement is 18 feet in width.

D. M. Pickett, division engineer, recommended consideration of the widening project in a report to the highway commission, pointing out that 4,200 automobiles pass over the Wichita Falls-Electra road daily. He estimated the additional paving would cost \$16,000 per mile or about \$666,000.

S. A. F. E. Carries 16,898 Passengers In Nine Months
The planes of the Southwest Air Fast Express, Inc. have flown 678,161 miles and carried 16,898 passengers during the nine months of operation, April 2nd to December 31st, 1929. These figures, as of December 31st, 1929, are believed to have established a record for air line operations over a similar period, when the daily schedule is considered. These records have been attained without injury to a single passenger or employee and with but one mechanical forced landing. Neither plane nor passengers were injured in this landing.
The S. A. F. E. Way Air Line operates from Kansas City through Chanute and Coffeyville, Kansas, to Tulsa; from St. Louis through Springfield, Mo., to Tulsa; from Tulsa through Oklahoma City, Wichita Falls and Abilene, to Sweetwater, Texas, for connection by train and plane to Los Angeles. It also operates a line from Wichita Falls through Ft. Worth to Dallas, Texas.
Two thousand six hundred forty miles are flown daily. 14-passenger tri-motored Ford planes are used, in charge of a Captain and Mate. This company recently took the lead in air rate adjustments inaugurating a fare of 5c per air mile over its entire system. Erie P. Halliburton, President, stated that this reduction in fare to 5c per air mile, effective January 1st, was being made for a period of sixty days in order to ascertain whether the slow increase in air passenger traffic was due to fear or to price. Records so far in January have proven that it was price, for planes have been filled and on one day, sixty-four passengers were turned away, even though double sections were

Death From Pulling Tooth Is Accidental Supreme Court Rules
AUSTIN, Jan. 17.—Death from infection following the pulling of a tooth is accidental death, supreme court held Wednesday, in an opinion by Chief Justice C. M. Cureton. The court affirmed the Dallas court of civil appeals' finding that W. H. Francis, guardian, is entitled to recover on a \$5,000 insurance policy in International Travelers association for the death of Marvin Lee Francis, who died of Ludwig's angina, an infection caused by the extraction of a tooth.
The court held the case came under the policy provisions of payment in case of death "solely and exclusively by external, violent and accidental means." It also held that by-laws of an insurance company could not impose conditions beyond the terms of an insurance policy, and not "repeal or supersede a statute."
Trial court at Dallas held the death accidental, but denied recovery because of notice of death had not been filed within what it termed the required time. On appeal, judgment was rendered for the recovery.
Fairview Community Asks For New School
LAMESA, Jan. 17.—A mass meeting of citizens of the Fairview community, a few miles north of Lamesa, voted unanimously Wednesday to sign petitions asking for a \$7,000 brick school building to replace the wooden structure recently destroyed by fire there. Contract for the new school building will be let as soon as possible, according to the school trustees.
Auto painting, that will please Tulsa Radiator, Fender-Body Co., even though double sections were

TEXAS JUSTICE Levies No Fines But Holds Office
SAN MARCOS, Tex., Jan. 17. (AP)—"Court stands adjourned" for two more years, boys," is an expression originated in the hill country north of here by Eli Hill, 88, long time Justice of the Peace, who reckons the successes of his jurisprudence to some extent after the successes of Judge Ben West of the Pecos. The expression is familiar to the voters of the Wimberly section.
"The boys have fallin' out and knock each other about some somethin'," the aged dispenser of justice said recently, "but there's always enough on the right side to straighten out the feller on the wrong side. We're civilized up here. We settle our difficulties out of court."
"Had a letter from some state officer here not long ago wantin' to know what I'd done with the fines I'd collected, ha, ha," the old man continued to chuckle.
"We settle our difficulties out of court, an' let the boys keep their money."
Hays county officials stated that if there had ever been a trial at Wimberly during his tenure of office they had no record of it.
" fines? Why there's ever been a trial in Hill's court I don't know of it." County Attorney B. G. Neighbors commented.
Justice Hill will be elected to serve another term just as sure as election times come around, voters there predict.

Darst Creek Pool Potential Grows
SEGUIN, Tex., Jan. 17. (AP)—Potential production of the 18 producing wells in the Darst Creek Field east of here is reported to be 15,000 barrels. More than 80 dericks have been erected in the area. At least 8 new wells are expected in within the next few days, oil men say.
With the boom has come Gusher, one of three towns staked out when "Texas Gold" leaped high over derick tops. Oil Pool another town is on the highway near the Humble tank farm and Darst is situated on the banks of the Darst Creek.
Gusher with its water works and two 30-room hotels nearing completion and numerous store buildings is said to be experiencing the biggest building boom.
Four pipe lines are drinking down the daily flow of virgin wealth from wells already producing.
To prevent lawlessness experienced by other Texas towns in boom days special deputies are patrolling the area.

Oil Mill Places Steers On Range
COLORADO, Tex. Jan. 17. (AP)—The Continental Oil Mill here announced that it has placed 500 steers on feed for finishing. The steers were shipped here from John Guitart's Ranch from near Van Horn.
John P. Wolfe left for Dallas Thursday on a business trip.

MARKETS
BOSTON WOOL
BOSTON, Jan. 17 (AP)—The Commercial Bulletin of Boston will say tomorrow:
There has been desultory business in the local wool market this week at prices which have been fairly steady on the whole. There is a disposition to wait a bit, however, to see what the London sales do Tuesday. Manufacturers more over are in between seasons, more or less, although cheerful regarding the outlook.
The chief news has been the appointment of Draper & Company as selling agents for the National Wool Marketing Corporation.
Mohair is very dull with prices hardly changed.
Quotations:
Scoured basis:
Texas: Fine 12 months (selected) 77-80; fine short 12 months 75-77; fine 8 months 73-75.
Mohair: Domestic, good original bag Texas spring, 50-52; good original Texas kid, 63-65.
FORT WORTH LIVESTOCK
FORT WORTH, Tex., Jan. 17 (AP)—Hogs: 800; 15 to 25c higher; rail and truck top \$9.50; medium rail hogs 9.35 to 9.50; better 170-240 lb. truck hogs 9.25 to 9.50.
Cattle and Calves: 3,200; calves: 700; steady; fed steers 9.75 to 10; yearlings up to 12.75; heavy slaughter calves 10 to 10.75.
Sheep: 2,200; fully steady; lambs top \$13.
FORT WORTH GRAIN
FORT WORTH, Jan. 17. (AP)—Wheat closed with a slight gain today and corn was stronger. Other grains about unchanged. Demand was good for wheat and corn but only fair for barley and sorghums, while oats were distinctly lower.
Exporters were bidding 1.27 1-2 to 1.28 for No. 1 ordinary wheat, basis delivered Texas gulf ports.
Other bids and offers, basis carloads delivered freight paid to Texas common points:
Wheat: No. 1 ordinary hard milling 1.29 @ 1.30; No. 1 hard 13 percent protein 1.30 @ 1.31; 14 percent 1.34 @ 1.35.
Corn: No. 2 mixed 99 @ 1.00; No. 2 white or yellow 1.01 1-2 @ 1.02 1-2.

Recipes For Cooking Sausage Will Be Received Next Week

TWO RAISIN RECIPES TO GET PRIZES

Mrs. T. S. Jenkins And Mrs. Latham Submit Two Formulas

Well, the housewives of Big Spring do not seem to be willing to tell of their ways of using raisins in cakes, pies and other products of their kitchen . . . at least very few of them sent in recipes so we are going to publish two ways of using raisins. We want more recipes! But next week we want a different type of recipes.

Sausage is one of the favorite meats during the winter—at least we have the word of another newspaper for that and we are inclined to agree with the opinion. Next week we want to hear of the "Ways for Cooking Sausage." Pork sausage is said to have the same nutritive value as smoked lean bacon or fat pork chops. Now let's hear from a number of Big Spring housewives. Remember, if your "way of cooking sausage" is published you will receive one dollar from the Daily Herald. Send them in now—don't wait until next Wednesday.

The winners this week are Mrs. Hazel Latham and Mrs. T. S. Jenkins who sent us these recipes. Both Mrs. Latham and Mrs. Jenkins have sent us recipes before. That's all right, send as many as you want to and as often as you will but send LOTS of recipes so we can publish several each week.

RAISIN CREAM PIE
Submitted by Mrs. Hazel Latham, General Delivery, Big Spring
1 1/2 cups sugar
3 tablespoons flour
4 egg yolks
2 cups sweet milk
Use cinnamon and nutmeg to taste. Cook until thick then stir in raisins. Pour into crust and bake. Use egg whites for icing.

RAISIN AND NUT PIE
Submitted by Mrs. T. S. Jenkins, Alta Vista Apartments
2 cups seedless raisins
1 cup sugar
4 tablespoons corn starch
1-2 teaspoon salt
1 cup chopped nuts
1-2 cups boiling water
Juice of one orange
Juice of two lemons
Cook raisins in boiling water for ten minutes. Mix sugar, corn starch and salt together and stir into the raisins. Cook until thick. Take from stove and add nuts, orange and lemon juice. Line pie plate with pastry and cover with top crust. This recipe will make two pies.

Miss Burnet Witherspoon of Roscoe arrived Thursday evening to visit Mr. and Mrs. D. C. Hamilton.

ALAMO—20 acres of land south of here purchased and planted to citrus fruit by Miller Bros.

Hints For Homemakers

By Jane Rogers

A GOOD way to avoid the rings and marks which a hammer often leaves on woodwork or other painted surfaces, is to cover the head of the hammer with a piece of soft, thick cloth.

A salad dressing that is especially good on cabbage or fresh salad greens, can be made in almost no time at all by blending powdered sugar in sour cream, with vinegar added to taste.

To separate two glasses that have stuck together, put cold water in the inner one, and hold the outer one in warm water.

MIAMI, Fla.—The camera has caught Knute Rockne and son in bathing suits on the sands in the role of teacher and pupil. Are forward passes, tackling and the like being taught? No, indeed. The young idea with dad's cane has a golfer's stance.

PERRYTON—Large addition to Champlin Service Station to soon be put into operation.

ROUGHAGE IS ESSENTIAL IN REDUCING DIETS

Kellogg's ALL-BRAN Is Ideal Roughage

If you are following a reducing diet, it is doubly important that you take a regular amount of roughage into the system daily. Most reducing diets do not contain a sufficient amount of roughage. The result is constipation—thief of both health and beauty.

Kellogg's ALL-BRAN is recommended by many doctors and dietitians because it contains the bulk necessary to insure proper elimination.

Also, because it contains the iron needed to help prevent anemia—another danger in reducing diets. ALL-BRAN is not fattening. Its bulk sweeps the system clean of poisonous wastes—helping to promote glorious health and beauty.

A popular way to eat Kellogg's ALL-BRAN is soaked in fruit juice. Try it! It is delicious with milk or cream. Sprinkle it over cereals, salads and soups. It adds flavor to cooked foods and is equally effective. Your grocer has Kellogg's ALL-BRAN. It is served in restaurants, hotels and dining-cars. Made by Kellogg in Battle Creek.

Suggestions On Serving Meat With Vegetables Are Given

Winter with its dearth of green vegetables often presents a problem of how to obtain a pleasing variety with the vegetables obtainable. "The best way to make our meals attractive when the choice of foods is limited is to increase the number of ways in which we prepare them," advises Miss Inez S. Willson, home economics director of the National Live Stock and Meat Board. The recipes given below are ways of preparing the common vegetables that are just a bit different.

Sweet Potatoes on the Half Shell
(With Baked Ham or Roast Pork)
Select large round potatoes of a uniform size. Bake until soft in a moderate oven. Cut in half lengthwise and scoop out the inside. Season liberally with butter and add just enough milk to moisten. Add salt and white pepper to taste. Bake until light. Refill the shells leaving the potatoes just level across the top. Place several marshmallows on top of each one. Put in the oven until the marshmallows are nicely browned.

Squash Baked With Cheese
(With Roast Beef)
Peel a Hubbard squash and cook until tender. Mash. To 3 cups of the mashed squash add 6 tablespoons of cream and 1-2 tablespoons melted butter. Pour into a

buttered baking-dish. Sprinkle the top generously with grated cheese and buttered-crumbs. Bake in a moderate oven until well browned.

Stuffed Carrots
(With Roast Shoulder of Lamb)
6 large carrots
1/2 onion, minced
2 tablespoons minced parsley
1 egg
1 tablespoon butter
1/4 teaspoon salt
1/2 teaspoon paprika
Bread crumbs
Select carrots that are thick through. Scrape and boil in salted water until almost tender. Drain and cool. Remove center with apple corer. Fry the onion and parsley in the butter. Add seasonings and stuff the carrots. Roll carrots in crumbs, then in the egg, and again in crumbs. Place around the roast thirty minutes before time to remove from oven.

Creamed Cabbage
(With Roast Pork)
Remove the outer leaves from a head of cabbage. Chop rather fine and cook until tender in boiling, salted water. Drain and season with pepper and butter. Add 1 cup of milk. Sprinkle over 1 tablespoon of flour and 4 tablespoons of grated cheese. Heat and serve.

Sandwiches That Make Real Meal

There are sandwiches as dainty as woe cakes and there are sandwiches that make a whole meal. For the person who must eat the noonday luncheon in a restaurant a hearty sandwich and a glass of milk or a cream soup is always a happy choice. One or another of the toasted sandwiches with a cup of hot chocolate, topped with whipped cream, makes an appetizing and satisfying Sunday supper. Try one of these recipes submitted by Miss Inez S. Willson, home economist.

Ham and Cheese Sandwich
Spread slices of white bread with butter. Lay a slice of ham on one slice and over it place a thin slice of American cheese. Dip the sandwich in 3-4 cup of milk to which has been added 1 beaten egg and 1-1/2 teaspoon salt. Fry the sandwich on both sides in hot butter until nicely browned. Drain on unglazed paper and serve hot, garnished with a pickle and an olive or two and a bit of crisp lettuce.

Lamb Sandwiches
1-1/4 cups cold lamb
1 teaspoon salt
1 tablespoon capers
1 tablespoon lemon juice
Dash of pepper
Paprika
Chop the cold lamb very finely.

Rail Commission To Hear Differential Pleas Of West Texas

SAN ANTONIO, Jan. 17 (INS.)—In an endeavor to obtain the abolition of differential freight rates in Southwest and West Texas, the Texas railway commission will go into session here on February 12, at the Gunter Hotel. At the time of Chairman Clarence E. Gilmore's death on October 10, the commission was under way but adjourned immediately. The coming meeting will work out the problem that alleges that the differential freight rates work a hardship on dealers in their community, shippers of the territory, who have petitioned for abolishment of the rates and on buyers.

Mother's noiseless alarm gets Dad and John up earlier

"I used to have so much trouble getting those two up," Mrs. Burton told a neighbor. "Sometimes they wouldn't even hear the alarm clock. Other mornings they'd turn it off and go right back to sleep."

"Then you'd have to call them half a dozen times—like I do with Edward and his father," the neighbor put in, understandingly.

"Sometimes a dozen," Mrs. Burton added. "The breakfast would get cold and John would be late for school and his father for work. Oh, it was a fright."

"But those days are over. I get them up with one call now. Both of them love White Swan Coffee. I put two cups of coffee on a tray and set it on a table in their room. Then I wake them."

"You ought to see how the aroma of White Swan Coffee makes them come to life. Of course, I put it out of reach and they have to get up. You try that yourself—but be sure it's White Swan. It has an aroma and a flavor all its own."

Fathers and sons who rise to the occasion of breakfasting with White Swan Coffee always find that the promise in White Swan aroma is richly fulfilled in the satisfying flavor of every cup.

Skillful roasting and blending of more than a half century of experience completely develops and nicely balances the flavors of selected native coffees in achieving the famous White Swan blend.

White Swan Coffee always comes to you with its flavor fresh. Fresh, not only from the sealed tin in which it is packed, but fresh from the roaster. Prompt distribution is effected through 22 Waples Platter Houses strategically located to serve the 10,000 White Swan dealers. Fleets of motor trucks operate over a network of routes, making regular deliveries from the nearby Waples Platter House to your grocer.

By going to the very source for its product, by controlling every step of its preparation and distribution, this sixty-year-old institution of the Southwest makes sure that no finer coffee can be brought into your home for the price you are asked to pay.

To guarantee this, the Waples Platter Company has become roaster and packer, as well as distributor of the inimitable White Swan Coffee . . . available at your grocer's in one and three pound cans.

FREE—Expert advice on cooking

Does the pie crust turn out tough or soggy . . . or do you sometimes have trouble with a certain dish your family likes? Write to Waples Platter Better Cooking Bureau, Waples Platter Co., Fort Worth, Texas. Expert advice on any recipe sent FREE.

ALAN GOULD ASSOCIATED PRESS SPORTS EDITOR

A German band, brought out from winter quarters by the recent spring thaw, played the air of "A bicycle built for two".

"That's right." "But suppose some foreigner wins the title?" "No foreigner will win the title."

"Then I said 'but suppose, anyway, a foreigner DOES win it. Will you help keep the title in New York?' (I meant to say United States but all I could think of was New York.)"

"Yes, I would help keep it here." Chatley the office boy is convinced this patriotic sentiment means Tunney will return to the ring.

Speaking of winning streaks, the greatest of them all, one that has lasted over a stretch of 79 years, will be at stake this year when Yankee yachtsmen defend the historic America's cup against the challenge of the famous Irishman, Sir Thomas Lipton.

This famous yacht-racing trophy first was won by America in British waters in 1851 and has been kept here ever since, in spite of a baker's dozen challenges.

The America's Cup had an unusual origin. It seems that it just happened to acquire international importance through the victory of the Yankee sloop, America, over the British Aurora in a regatta off the Isle of Wight in 1851.

Afterward, one of the stories was that Queen Victoria, who witnessed the race and the America's victory, gave the trophy its present name.

The boxing sheets advertise "Shares for Hire" at "Boxing, Refereeing, Acting, Basketball and What-not." Presumably, all on the same night.

LESS MARRIAGES

AUSTIN, Tex., Jan. 17. (AP)—Marriages decreased and divorces increased in Travis county during 1929. Eight hundred and six marriages licenses were issued as compared to 831 the previous year and divorces increased from 344 to 353.

CONGERS, N. Y.—Sixty one oil paintings unfinished by Arthur B. Davies, noted American artist, who died in October, 1928, have been burned by his widow because she did not consider them representative of his work.

Clyde Five Here Tonight And Saturday

STEERS GET ACID TEST IN BATTLES

Roy Stevens Bringing Potent Quintet To Scrap Domestics

Those who doubt ability of the Steer basketball quintet to maintain their winning stride when pitted against a formidable opponent will know whereof they speak after the two game series with Clyde's cagers, who make their debut at the high school gymnasium tonight.

The "brother against brother" act will be unfolded in all its humanistic aspects in the Clyde-Steer series. Roy Stevens, younger brother of Bill Stevens, the domestic coach, is directing things in an athletic way at Clyde.

Both brothers were star performers in Abilene high school athletics and continued their careers at Abilene colleges. Roy claims that his Clyde pupils will take the wind out of big brother Bill's sails, but the Steer mentor is equally confident that it will take a far better five than Clyde can assemble to knock off his hopes.

Heat Promised The high school gymnasium has been one of the most comfortable rooms in Big Spring during the cold spells because of the heating system in the high school building which permits concentration on the gymnasium. Just the minute school is dismissed this evening the entire heating facilities will be directed at the gymnasium and spectators are assured there will be no discomfort caused by the cold weather.

No word has been received from Clyde early Friday morning, but it was presumed the squad is now on its way to this city. Train connections can be made if the stormy weather extends east, it was pointed out and local officials are confident the game will be called at the scheduled hour of 7:30 o'clock.

Danger Ahead If Big Spring is capable of turning back the Clyde invasion, prospects for knocking over the Cisco quintet which has been scheduled for next Friday and Saturday nights, Jan. 24 and 25, will become more bright. Coach Chapman has placed his Cisco cagers in the state tournament for several years straight running, and his squad this year is reported on a par with those of past seasons.

The Steers take their first road trip next Tuesday evening when they go to Colorado for a one-night stand. Coach Jim Cantrell is preparing for revenge for the beating the Steers gave his Wolves in the last football game of the season Thanksgiving Day. Big Spring will claim no advantage over the Colorado quintet as the boys in the neighboring city have a gymnasium in which to play and, therefore, are not under the handicap of playing on a strange floor and under hostile artificial lights.

As They Come Despite the fact that Big Spring's court schedule assumes increased proportions almost daily, Coaches Stevens and Brown are taking the opposition as it comes and will first take a crack at Clyde before turning attention to Colorado and Cisco. Coach Bill Stevens hasn't made any drastic promises about wearing his whiskers until his Steers defeat Clyde, coached by brother Roy, but he says he could enter into such an agreement with perfect confidence.

Twenty pep squad girls and the newly organized boys' pep squad will entertain during the half. The girls' pep unit will be arrayed in a complete new set of uniforms which arrived at the high school building Thursday morning.

Last Night's Fights

By The Associated Press CHICAGO—George Traffon, Chicago, stopped Rudy Hoffman, Chicago, (4). Tom Wilson, Cleveland, outpointed George Kerwin, Chicago, (6). Texas Will Contribute \$12,000 To Important Golf Tourneys This Year

SAN ANTONIO, Jan. 17. (AP)—Texas, the state that made big-money golf events fashionable, will contribute \$12,000 this year to the huge sum for which the nomadic professionals are competing on their annual hebra across the Southland from California to Florida.

Hitting El Paso first, the links stars will hesitate long enough to pick up the \$2,000 in money prizes put up by that city's golf loving public. Their next stop will be San Antonio, home of the Texas Open, where their collective fortunes will be enriched by \$7,500. From here their collective fortunes will be enriched by \$7,500. From here they hop over to Houston to gather \$2,500 more before quitting the state.

Since McDonald captured the first tournament in 1922, the list of winners has included Walter Hagan; Joe Kirkwood, Joe Turnesa, McDonald Smith, Bobby Cruickshank and Bill Mehlhorn.

When it was impossible to work outside, the big squad was moved into the field house for a long session at blocking and tackling. Wrestling mats were scattered over the floor to break the falls. Sixty players have been reporting daily, and Meagher plans to keep them at it until March 1. As hopes for a winning team next year largely are based upon the fine sponsores of the Rice mentor is taking plenty of time to drill them in the fundamentals.

Although Los Angeles and Aguas Calientes offer the richest purses on this year's winter tour—\$35,000 between them—time was when the Texas Open was considered the last word in golfing extravagance, with its \$6,000 appeal to the linkmen. The present \$7,500 ante, guaranteed by the San Antonio Junior Chamber of Commerce, is the third largest golfing stake.

Back in 1922, the first year of the Texas Open, there was no other money tournament to attract the country's leading professionals, and they turned out in a body. The \$1,500 first prize was a tremendous attraction in those days, and the winner, old Bob McDonald, must have felt he had fallen hair to a for-

All American Loop Arbiters To Return

CHICAGO, Jan. 17. (AP)—No changes are anticipated in the personnel of the American League umpiring staff for 1930. Ernest Barnard, president of the league, yesterday issued a call to all arbiters, who worked last season, to report for their annual meeting in his office here, Febru-

Spring Grid Drill At Rice Continues Despite Weather

HOUSTON, Tex., Jan. 16. (AP)—Cold weather of the last week has not prevented Coach Jack Meagher of Rice Institute putting his spring football candidates through hard daily drills.

The Rice Owls play an entirely different style of game from almost every other conference member. Instead of using the usual five-man defense, Coach Daugherty is a strong exponent of the man-for-man style, so an entirely new system has been instituted.

The Owls come to Fort Worth minus the services of one of their stellar guards, Carlton Polk, who received a broken arm last week in a contest against another Houston team.

FROGS MEET RICE OWLS

Conference Opener Is Slated Saturday For Fort Worth

FORT WORTH, Jan. 17.—Coach Francis A. Schmidt of Texas Christian University is working his Horned Frog basketball team doubly hard this week in preparation for its second conference foe of the season. The Frog's first conference game in Fort Worth this year is with Rice Institute, which comes here for one game Saturday night.

HOGS FIGHT STEERS FOR CAGE TITLE

Premature Climax Is Slated In Fayetteville Clash Tonight

DALAS, Jan. 17. (AP)—The Southwest Conference basketball chase will reach a somewhat premature climax tonight, when the Texas University Longhorns engage the champion Arkansas Razorbacks on the latter's home court at Fayetteville in the first game of a two-game series.

Premature is the word because the Steers and Porkers generally are regarded as the class of the conference. Time may prove that one of five other teams is better, but now it would be difficult to convince anyone that such is the case. The winner of the week's big series will become a top-heavy favorite, even though the season has until March 1 to run.

Despite the fact they are playing on the champs' home court, the Longhorns are accorded an even chance of victory. They were fully as impressive in their opening wins over Rice and Baylor last week as were the Razorbacks in their twin triumph over Texas Christian. In "Big 'Un'" Rose the Steers appear to have a star to match the illustrious Wear Schoonover, goal for goal, and they have other brilliant performers in Rees, Camp, Fomby, Cheatham, Elkins and others. Their reserve strength, if anything, is better than that of the Razorbacks. While the leaders are engaged in their important dispute up in the Ozarks, the bearded Rice Owls have quit their Houston roost for a swing through the northern end of the circuit. They meet Southern Methodist here tonight and Texas Christian tomorrow night at Fort Worth.

The conference standing does not indicate anything particularly vital about the two games, as all three participants have been defeated, but neither does the standing disclose the extent to which the Owls have become perturbed over their basketball fortunes. The Owls have vowed not to touch a razor until they win two conference games. They are determined to return to

The conference standing does not

Houston clean shaven, and the Ponies and Frogs are equally determined they will leave North Texas looking like a Smith brothers family reunion.

Snyder—Texas Electric Service Company, which operates in this city, now merged with Fort Worth Power and Light Company.

DEMAND FOR SARGON BREAKS ALL RECORDS

Twenty-four Carloads in 25 Days in 27 States Is Amazing Record Recently Made by Celebrated Medicine—Overwhelming Demand the One Great Outstanding Proof of Its Merit—Rapidly Becoming Household Word Throughout America.

MOST medicines are sold by the dozen or by the gross. A few are sold in larger quantities, but think of a medicine that sells in such enormous quantities that wholesale dealers are forced to buy it in solid carload lots to supply a demand that has been so phenomenal as to almost stagger the imagination.

That's just what happened with Sargon, the celebrated new medicine that is now sweeping the country like a great tidal wave. Not only is the trade buying it in carload lots, but they are buying carload after carload, each car containing over 20,000 bottles of Sargon and Sargon Soft Mass Pills.

Twenty-four carloads in 25 days sold in only 27 states is the amazing record recently made by these wonderful medicines. In the State of California where Sargon was introduced in April of last year, it has required 20 carloads to supply the ever-increasing demand in this one state alone. Texas dealers required 9 carloads in only four months.

A single New York firm, with wholesale branches in leading cities, is selling at the rate of over a million and a quarter bottles a year. "Phenomenal and bewildering" is the way one of the big drug jobbers of the country describes the marvelous demand for Sargon.

"It's the greatest seller within the memory of the oldest members of our organization," said another. "We are selling more Sargon than any other ten medicines put together," said still another.

And so it is everywhere Sargon has been introduced. Its leadership and its preeminence are unquestioned. Its enormous and ever-increasing popularity is the one great outstanding proof of its merit. No medicine, no matter how extensively advertised, could sell and continue to sell if it did not produce positive and actual results. Millions upon millions have used it and have told other millions what it has done for them. That is why Sargon and Sargon Soft Mass Pills have become the real sensation of the drug trade throughout America.

When this famous medicine was first given to the world, well known authorities believed it would be a great boon to humanity, but they little dreamed it would become a household word throughout the country in so short a time. Cunningham and Phillips, Agent.

Sunny Sue New Spring Modes. Piques Prints Linenes \$1.95. Paris Style Trends Developed In Lovely Cottons \$2.95. Ensemble Effects Featured. Dresses for street and afternoon wear that embody the latest style ideas at a price that is absurdly low for the materials and workmanship given. In style, materials and beauty of trimmings, the new Sunny Sue frocks for 1930 surpass any that we have ever before offered. They show the longer skirt lengths, but not carrying this to the extreme which would be out of place for cotton dresses. Their designers have adapted the latest fashion trends of New York and Paris couturiers, to produce frocks that are charmingly feminine, yet practical as well. Materials are guaranteed fast colors; a new dress free if one fades. Three-Piece Effect. Durable linene in a novel modernistic printed design. The separate coat is square cut with pleated edges. Lamesa School Needs Increased Faculty

LAMESA, Jan. 17.—Increase in the enrollment of the Lamesa high school during the last semester of the present school term created a need for an addition to the faculty, according to V. Z. Rogers, superintendent of the Lamesa schools, who announced the appointment of Miss Maud Dean on the faculty list. Miss Dean is a former San Saba resident.

Presbyterian Ladies Serve Mexican Food

Ladies of the Presbyterian church will begin serving the all-day Mexican dinner at 11 o'clock Saturday morning, and throughout the entire day. The menu for the dinner will include the following: Mexican dishes, enchiladas, sopa de la arisa, chili con carne, pickles, olives, coffee and pumpkin pie. The price will be 50 cents the plate. The Mexican dinner will be served in the Lone Star cafe.

Mr. and Mrs. C. S. Diltz have returned from Chickasha, Okla., where they were called by the illness of Mr. Diltz's father.

CRAMPING SPELLS

Mississippi Lady Tells How She Suffered Until She Had Taken Cardui on a Friend's Advice.

Greenville, Miss.—In describing how she suffered several years ago, Mrs. Mattie Dalton, of 112 Pecan Street, this city, recently wrote: "I would cramp, and my hands and feet would draw, so I came near having convulsions. I would have to stay in bed, sometimes a week, and when I would get up, I just dragged around, and did not feel like doing my work. I suffered a great deal with my back. "A friend came to see me and saw how I suffered. She told me to try taking Cardui, which I did. I seemed to have more strength, after my first bottle. After I had taken about four bottles of Cardui, I saw a great improvement. "I quit having such bad spells, and was stronger and better than in a long time. I gained in weight. I took a few more bottles of Cardui, and felt so well that I quit taking it. "I certainly can recommend Cardui for I know what it is to suffer, and I know that Cardui helped me." Thousands of women have written to tell of the benefit Cardui has been to them, in helping them to build up their health. Having helped so many others, Cardui should help you, too. AC 272

Santa Fe to Spend \$3,000,000 On Slaton Division

LUBBOCK, Tex., Jan. 17. (AP)—Approximately \$3,000,000 will be expended on the Slaton Division of the Santa Fe Railway during 1930, according to the largest improvement projects in West Texas.

The Slaton Division embraces territory from Farwell to Sweetwater Canyon to Lubbock, Altus, Okla., to Alpine and all branch lines. The branch lines out of Lubbock are, to Crosbyton, to Bledsoe and to Senagraves, with the Lampasas branch starting at Slaton.

Improvements included in this year's program include new track, replacement of rails on extending trackage, construction of end buildings, bridges, trestles and culverts. Tow of the major pieces of construction are now in progress, one from San Angelo to Sonora, 64 miles, and the other from Alpine to Presidio, 73 miles. With completion of these two the Slaton division will have 1,167 miles of track-age.

Forsan Service Station Blaze Threatens Town

Fire originating in the L. C. Mullins service station at Forsan caused considerable excitement in Big Spring Friday at noon, when reports that the town of Forsan was burning, later proved incorrect, reached this city.

Volunteers braved the wintry blasts and finally succeeded in confining the threatening flames to the service station. Early information received from Forsan shortly after noon Friday indicated the loss will approximate \$2,000 or \$3,000. The water system in Forsan was rendered useless by the hard freeze that settled over this section Thursday night and Friday. Chemical extinguishers were used in combating the flames.

Mercury Is

(Continued from page one) reported from Fort Worth, and precipitation threatened Dallas.

Third Snow Blanket For the third time this winter West Central Texas was blanketed, with a three inch fall reports from Georgetown. In East Texas, the snow started falling at 10:30 o'clock with temperatures at Marshall around freezing. Nacogdoches and Corsicana reported continuing falls. A drizzling rain accompanied freezing weather at San Antonio in South Texas, and on the coast the mercury stood just at the freezing mark.

Marking the continuation of the longest sustained cold spell in that cattle country for more than a decade, the mercury at Midland today dropped from 11 to 6 above, and was still falling. Highway traffic was hampered by the snow, blown by the wind.

At Lubbock the mercury stood at 1 above, and flurries of snow fell. A light snow was falling at Sherman, and a heavier fall was reported from Longview.

Rubio Ends Visit To United States Area

NOGALES, Ariz., Jan. 17 (AP)—Pascual Ortiz Rubio, president-elect of Mexico, today was speeding down the west coast of his native country toward Mexico City after bringing to an end his visit to the United States. The party is expected to arrive at the Mexican capital on January 20 to 21. Ortiz Rubio yesterday bade farewell to the United States in one of this border city's most enthusiastic international demonstrations.

Changes Listed In Church Departments

Minor changes have been reported in the meeting hour of the departments of the Methodist church. Services will meet at the following hours: Sunday School at 9:45 o'clock; morning church service at 11 o'clock; Epworth League at 6:30 and the evening service at 7:15 o'clock.

Church Forced To Postpone Meeting

The protracted meeting of the Church of Christ was indefinitely postponed Friday morning because of inadequate fuel for heating the church building at the corner of Fourteenth and Main and because of the bitter-cold weather that settled on this section of West Texas.

The Rev. Crews was not sure when the meeting will be resumed, but said a definite announcement will be made within the next few days. Evangelist S. A. Ribble of Shamrock has been conducting meetings.

V. J. Higgins Now District Ward Manager

V. J. Higgins who has been manager of the Montgomery Ward and Company store since its opening here in September, has been promoted to the position of district manager of ten of the company's stores with headquarters in Jackson, Mississippi. He will leave in about a week for Jackson to assume his new duties. The position of manager of the store here will be filled by L. A. Hinch who has been merchandise manager in the Fort Worth territorial office of Montgomery Ward and Company. Mr. Hinch arrived in Big Spring this week and has assumed his duties.

Abilene Calf Roping Contest Is Delayed

ABILENE, Texas, Jan. 17.—Postponement of one week, to Saturday, January 25, of a calf-roping contest between Bob Crosby of Abilene, world's champion cowboy, and Allen Holder of Midland, was announced here today. The match had been scheduled for this city tomorrow with 20 calves to be roped and for a purse of \$2,000. Freezing weather, with snow, caused the postponement.

Eielson Rescue Work Renewed In Arctic

NOOME, Alaska, Jan. 17 (AP)—A recent of favorable flying conditions and an unverified report that Carl Ven Eielson and Earl Borland, missing aviators, were safe in the Anguema river district of Siberia, encouraged pilots of the Eielson-Borland rescue expedition here today. Although there was a tendency here to discount a Moscow report stating Eielson's plane was down in the Anguema river district, Alfred J. Lomen, manager of the Eielson-Borland rescue expedition, here, wireless Joe Crosson, rescue flier aboard the Nanuk, to make a flight over the area as soon as possible.

Young Frenchman Gets Title Bout

PARIS, Jan. 17 (AP)—Yvon Trevidic, 18-year-old youth from Brittany, is probably the youngest boxer in the history of the prize ring ever to get a crack at a title. His chance comes tomorrow night when he meets Frankie Genaro of New York, generally recognized world's champion in the flyweight class, at the Velodrome D'Hiver over the 12-round route. Trevidic turned professional a year ago after he had cleaned up all the amateurs in France. He has scored 19 victories out of 20 fights, eighteen of them by knockout, and one on a decision. The 20th fight was a draw.

GEORGETOWN—\$60,000 bond issued voted at recent election for purchase and extension of sewer system.

PROVES TO BE JUST WHAT HAD BEEN NEEDING

H. E. BROOKS, WELL-KNOWN SAN ANGELO, TEXAS, NIGHT WATCHMAN, PRAISES ORGATONE FOR RELIEVING TROUBLES.

H. E. Brooks, a well-known night watchman, residing at 1430 E. Harris Ave., San Angelo, Texas, is now an ardent champion of the merits of Orgatone since the medicine has proved of such great benefits to him. Mr. Brooks, in relating his experience, said:

"It seems rather singular that the past few weeks are the first I have gone through in several months without suffering from stomach trouble and constipation, and I can account for it only by the fact that Orgatone has gotten my system in such good shape.

"Following my first attack of indigestion a few months ago, I found myself with a very poor appetite and all run down in my ways. I tried numerous medicines in my efforts to get back in shape but it seemed like my nerves were just shot to pieces. Sometimes I could eat and then again I would not want anything. I had that tired feeling all the time, and got to where my work was a drag to me.

"Seeing Orgatone praised by those who had used it, I concluded to try it myself and the very first dose made a marked change in my feeling. So I kept using the medicine and improving right along until I now do not have a symptom of my old trouble left. I can eat just anything I want and have no more of those gassy, bloating spells and I am able to do my work with ease. My sleep is sound and restful and I get up from my sleep full of energy and take more interest in everything, especially my work. Orgatone has certainly proved to be just what I needed and I have recommended it to several people who have tried it and are more than pleased with the results.

Genuine Orgatone may be obtained in Big Spring at the Cunningham & Phillips Drug Store, adv.

Easterwood Posts Reward For China To Dallas Flight

PHOENIX, Ariz., Jan. 17 (AP)—Colonel William Easterwood of Dallas, Texas, who has posted an award of \$25,000 for the first flight between Hongkong, China, and Dallas, said here today he understands General Ting Ling Wang of Hongkong will be ready to make the attempt by way of Tokyo within sixty days. The flight also will touch Honolulu, some point on the Pacific Coast, Phoenix and El Paso.

Magnolia Meets Oil Price In Oklahoma

OKLAHOMA CITY, Jan. 17 (AP)—The Magnolia Petroleum Company announced today it had reduced its prices on Oklahoma crude oil effective at 7 a. m., meeting the price cut is a flat sixty cents a barrel for crude oil of 25 gravity and below, with grades from 25 to 29.9 posted at 66 cents a barrel. Other prices are the same as the Carter Company's with 32 to 32.9 gravity quoted at \$1.08 a barrel and oil of 44 gravity and above at \$1.44.

Home Makers Class In Session Thursday

A combined social and program meeting of the Home Makers Sunday School class of the First Baptist church was held in the classroom Thursday with about 25 members meeting in an enthusiastic session.

Mrs. Orr and Mrs. Osborne O'Rear were hostesses for the occasion and represented Group Four of the class. Following a routine business session, the following program was given on the general theme "The Influence of the Home": a paper on the title subject by Mrs. L. A. Cone, president; selections by a quartet of vocalists; class discussion on childhood memories and on

recreations for children in the home. A delicious salad course was served during the social hour which concluded the meeting.

Church Club Will Cancel Meetings

Meetings of the Good Fellowship club have been cancelled until the second Friday evening in February, according to an announcement made Friday morning. The illness of Mrs. W. H. Martin and subsequent conflicts have rendered club meetings inadvisable. Further announcements will be made later.
