PRICE TEN CENTS

TRAIL DUST

By DOUGLAS MEADOR

My mother used to tell me to make myself useful as well as ornamental. Bless her love for a son, she was one of the few people in the world who believed I possessed both of the qualities.

A pastor's wisdom must embrace many factors in the surrender of a man's life to more acceptable conduct. The line between faith and fear might be affected by many influences, but perhaps faith will show more clearly in his eyes.

If the early Indians had possessed electric blankets it is probable they would have been able to negotiate a better deal. A warm man is more content, but he is also in a position to look at both sides of the coin of justice.

Winter winds must sound exactly the same in other seasons but when the weather is cold they contain a quality that receives more attention.

When we start a crusade on faults it is mighty easy to overlook self.

One quick way to check the quality of a television program is by the number of commercials. Four or five in succession indicates that you may keep your hands off the knob or switch long enough to be entertained.

It is true that from the earth comes the vine, then the grape and from the grape, the wine, but to bring out the full flavor, the government insists on a stamp being placed over the cap on the container.

Funeral services for Mrs. Adah Taylor, 79, former Matador resident, were held at 3:30 p.m. Sunday at the First Baptist Church, Spur. Rev. Norris Taylor, pastor, and Rev. John Jenkins of Lorenzo, officiated. Burial was in East Mound Cemetery, Matador. Arrangements were directed by Campbell's Funeral Home of Spur, assisted by Seigler Funeral Home.

Mrs. Taylor died at 12:15 a.m. Saturday in Crosbyton Hospital after a long illness. Her death came just six days before her birthday. She was born Oct. 17, 1890, in Nashville, Tenn., and was married to G. H. Taylor on June 21, 1908, at Crowell, Texas.

They moved to this area in 1930 and were residents of Roaring Springs and Matador for a number of years. They had also resided in Spur and following her husband's death in 1962 Mrs. Taylor returned there to make her home.

Survivors include five daughters, Mrs. C. J. Murray of Spur, Mrs. J. C. Cross of Matador, Mrs. Betty Riley of San Francisco, Calif., Mrs. Harold Brantley of Roaring Springs and Mrs. Ross Culbert of Farmington, N. M.; seven sons, Virgie, Leo and Dale all of Dumas, Bill of Levelland, J. D. of Spur, Raymond of Matador, and Troy of Perryton; two sisters, Mrs. Jim Owen of Crowell and Abbie Rambo of Farmington, Ark.; a brother Mack Bradford of Quanah; 38 grandchildren and 54 great-grandchildren.

Grandsons served as pallbearers: Bobby Tim Cross and Dennis Paul Murray of Spur, Butch Culbert of Farmington, N. M., Jackie Taylor of Levelland, James Taylor and Butch Taylor of Tulsa.

COME TO CHURCH SUNDAY

CUSTOMER RESISTANCE has been overcome in the above photo showing Lion Ben Edwards selling brooms to his wife, Tommy during the Matador Lions Club's annual mop and broom sale held Saturday. The gross sale here was \$541 and the sale conducted by the Roaring Springs Lions Club grossed over \$300. All articles sold by the Lions are made by blind people.

Letters in Mail To Matador Exes

Letters are in the mail to ex-students and teachers of Matador and all consolidated school systems, living outside the county, with details of Homecoming which is scheduled for Friday, November 14. All students and teachers of schools which have consolidated with Matador are included in the membership of the Matador Ex-Students Association. Letters are not mailed to persons living in Motley County, it was stressed, since these will be expected to serve in the capacity of hosts for the occasion.

The program as outlined includes registration, coffee, doughnuts and visitation at the high school from 9:30 a.m. until noon; Program, business meeting and Pep Rally in the auditorium from 2 p.m. until 3:30 p.m.; buffet supper (home made barbecue and all the trimmings) at the American Legion Building from 5:30 p.m. until 7 o'clock; Football game between Matador Matadors and Hart, on Burleson Field at 7:30 p.m. and Music, dancing and more visiting at the Legion building after the game.

Several class reunions are being planned, specifically the class of 1959. Several members of the 1949 class were together for a reunion during Old Settlers. Pat Seigler is president of the Association and Mrs. Hazel Donovan, Secretary.

Firm to Observe 24th Anniversary

A Matador firm, Bob Stanley Pharmacy, is starting observance today of its 24th anniversary of business. The observance is held each year with special sale items, including the famous Rexall products.

The firm has distributed Rexall circulars in the mail and customers were already purchasing the sales items, although the sale is scheduled to open today. Bob Stanley Pharmacy is patronized by customers from a wide area and is known as one of the largest and finest pharmacies in West Texas.

Church Group to Conduct Car Wash

Young people of the First Baptist Church are sponsoring a car wash Saturday. The proceeds of the project will be used to aid in financing a winter trip to Gloriaia, N. M. during the Christmas holidays.

The car washing will be conducted at the church grounds. The price is \$2.50 per vehicle and a pick up may be obtained by calling 347-2345. A representative of the young people will call for a car anywhere in town. Washing will start at 9 a.m.

Singers Expect Good Attendance

Attendance Sunday at the semi-annual meeting of the Motley County Singing Convention is expected to be good. The oldest organization in the county has consistently been well attended throughout more than 70 years.

The convention will be held at the American Legion Building, starting Sunday morning. Singers from a wide area usually attend the meeting. W. L. Craft of Roaring Springs is president and J. R. Whitworth of Matador is acting secretary-treasurer. The public is always cordially invited.

MANY ATTEND GAME AT TECH

A large group of local residents attended the Texas Tech-A&M football game in Lubbock Saturday night. These included Mr. and Mrs. Mike Hoyle, Mr. and Mrs. Melvin Meason, Mr. and Mrs. John Barnhill and sons, Jim and Bill, Dr. and Mrs. J. S. Stanley, Mr. and Mrs. Floyd Hardin, Mr. and Mrs. Bennie Keltz, Mr. and Mrs. Alfred Barton Jr., their son and wife, Sp/4 and Mrs. Kenny Barton, Mr. and Mrs. Bundy Hal Campbell, Mr. and Mrs. Charlie Renfro, Mr. and Mrs. Frank Price and their son and wife, Mr. and Mrs. David Rattan of Weatherford, Okla., Mr. and Mrs. Richard Newman, Mr. and Mrs. Irvin Willard, Mr. and Mrs. R. E. Campbell Jr., and their daughter and husband, Mr. and Mrs. Jim Allison of McLean, Mr. and Mrs. R. E. Campbell Sr., Forrest Campbell and his son Gary from Abertathy, Mr. and Mrs. Charley Johnson, Mr. and Mrs. Robert Darsey and son, Robin, Mr. and Mrs. W. N. Pipkin, and Mrs. W. F. Jacobs and daughter, Laura.

The R. E. Campbell families and other relatives met at the residence of Mr. and Mrs. Richard Campbell where they were joined by Mr. and Mrs. Charles Cullin and children Charise, Sharon and Mitchell of Santa Fe, New Mexico, Mrs. Cullin being the former Charlotte Campbell. Joining the Darseys were their daughter and husband, Mr. and Mrs. C. L. Stevens of San Angelo. Former Matador residents, Mr. and Mrs. Bill Seale and Kris of Snyder joined friends from here for a visit during the game.

IN PADUCAH HOSPITAL

Wallace Rattan was conveyed to Richard's Memorial Hospital in Paducah, Monday by ambulance after an apparent stroke.

Other local residents in the Paducah hospital include Mrs. Esther Clifton, who was admitted Monday, Mrs. Alvin Cooper, admitted Tuesday; Bill Groves and G. W. Brinsfield.

Richard R. Adams Victim of Crash

Richard R. Adams, 29, son of George G. Adams of Wichita Falls, owner of Adams Ranch, was killed in a private plane crash Friday in Montana. Funeral services Monday were attended by Matador employees of the ranch.

Adams was president of Parker Square Savings and Loan Association and a vice president of Mercantile Credit Corp., in Wichita Falls.

A brother, George Adams, 32, and Larry F. Robb, 35 both of Wichita Falls and Robert Pinder of Salt Lake City, Utah, were all injured in the crash of the twin engine private plane near Darby, Montana. Witnesses said the aircraft's left engine failed when the plane was about 75 feet aloft. The plane was piloted by Pinder. The men had been on an elk hunt.

George Adams and the other two men managed to crawl from the plane, but the younger Adams was unable to escape. Robb and Pinder were flown to Houston Saturday night where they were in St. Joseph Hospital's intensive care unit.

In addition to their ranch holdings near Matador, the Adams family has interests in a number of business enterprises in Wichita Falls, San Marcos and Fort Worth, and oil production in Fisher County.

Attending the funeral services at 2 p.m. Monday in the First United Methodist Church of Wichita Falls were John V. Stevens, manager of the ranch, and Vann Francis, Don West, Richard Bumpus and Joey Meador.

Editor's Letter Has Moon Stamp

There may be some complaint about the mail service but Tribune editor Douglas Meador has just received a letter with a cancellation reading "Moon Landing July 20, 1969, USA."

The letter is a gift from County Judge Forrest Campbell and is a First Day Cover of the "First Man on the Moon."

Judge Campbell said he had been advised that the die for the postage stamp on the letter was actually carried to the moon by the Apollo 11 crew and returned by them. The stamp is a 10c Air Mail and the cancellation is Washington, D. C., September 3. Several millions of letters were sent to the Post Office Department for affixing of stamps and cancellations.

TOURNAMENT SLATED

The Women's Golf Association will sponsor a tournament for the men. Sunday it was announced this week. Tee-off time will be 1:30. All players are invited and urged to participate.

Flags Here Defy War 'Protestors'

Flags were flying from every business place, the courthouse, American Legion and VFW, yesterday in defiance of a movement by national protestors against the government's war effort.

The flags were flown in support of Americanism and the effort in Vietnam and other troubled areas of the world, by the armed forces.

Many residents of other areas were impressed by the flags here and the spirit of Americanism shown by merchants and professional men in Matador. The flags were flown at the suggestion of the two servicemen's organizations, the American Legion and the VFW.

MATADORS FALL TO STEERS 18-6

By Lance Jameson

The Matador Matadors, though understaffed, held the Rochester Steers to a 6-6 tie at halftime but could not hold the last half as Rochester went on to win 18-6 here Friday night.

The Matadors put the first tally on the scoreboard in the first quarter when Quarterback Bill Barnhill, with a sparkling keeper, swept around left end on a 45 yard run to the end zone. Try for the extra point failed.

The Steers' offense was led by fullback Sid Smart as he broke up the middle racing 15 yards for a touchdown in the second quarter.

In the fourth quarter Smart set sail again for the end zone, this time from the 14 yard line. Midway in the fourth quarter, Smart went high into the air and wrestled a pass away from the Matadors on the 9 yard line for the Steers' final touchdown. Matador's alert tackling by Robert Elliott and Lee Hurt kept Rochester's extra point conversions from scoring. The final score, 18-6.

The Matador Matadors will go to Sundown Friday night to play their last non-conference game of the season.

Two more games will be played away from home, at Turkey on Oct. 31, and at Nazareth Nov. 7, with October 24 an open date.

Hart will come here on Nov. 14 for Matador's Homecoming tilt, and final game of the season will be with Lazbuddie on Nov. 21, on Burleson Field here. The last four games of the season will be district games.

Richard Campbell On Techsan Cover

September issue of the Texas Techsan, published by Texas Tech Ex-Students Association features Richard Campbell III, All-SWC end, and National Centennial Football Queen Barbara Specht, a Tech junior.

A feature article on Campbell (He stars on Stage and Gridiron) also appears in the magazine and lists his singing talents as well as his grid record.

The Houston Chronicle also ran a recent feature on Richard's summer performance at Six Flags.

HOME ON LEAVE

Sp/4 Kenny Barton has been visiting his parents, Mr. and Mrs. Alfred Barton Jr., and his grandparents, Mr. and Mrs. Alfred Barton Sr., during a three-weeks leave from Korea. He has also been in Lubbock with his wife, the former Olivia Campbell, who accompanied him here for a visit. He will leave Sunday to return to Korea to continue his tour of duty there.

Visitors during the week end in the home of Mr. and Mrs. Roy George Hobbs were her parents and sister, Mr. and Mrs. E. L. Jones and Janet of Panhandle, and her grandmother, Mrs. Boy Blackwell of Clarendon.

Panhandle Slapped By Arctic Weather

WINTER moved into the Texas Panhandle Friday night to bring one of the earliest freezes ever recorded. The mercury here was measured at 33 degrees Monday morning by Bob Stanley's thermometer. A low of 32 was recorded at Roaring Springs. The frigid north wind was blowing from snow-covered Rocky Mountains. Denver reported a low of four degrees Tuesday morning.

The temperature here was 36 Tuesday morning but heavy frost greeted early risers. Ice was evident in garden hose in many homes.

The crops may have escaped. It was first believed that all late cotton and feed would be lost, but many farmers are reporting that only slight damage may have resulted.

A large amount of moisture in the ground and retained warmth may have been the saving factor.

In some areas farmers say that late grain may be damaged to some extent but that apparently the cotton escaped.

Farmers from the Flomot area have reported that apparently their crops escaped with but slight damage. Some fields in lower elevations may suffer loss, while higher ground may escape the border-line.

The early freeze is reported to have damaged the irrigated Plains farming area to the amount of \$25 million. Some produce was lost in the Floydada area.

The sudden cold weather which struck Saturday and began to drop the mercury, sent residents looking for heavier clothing, and caused a rush of calls to fuel dealers.

Only a trace of moisture accompanied the cold front here, but it produced storms and rains in east and southern portions of the state.

Houston Chronicle Intern is Winner

HOUSTON (Special) — Karen Jo Elliott, daughter of Mr. and Mrs. Ted Elliott of Matador and former reporter for the Matador Tribune, has been awarded a \$500 scholarship in journalism for her work as an intern reporter for The Houston Chronicle this summer.

Miss Elliott competed for the national scholarship from the Newspaper Fund, Inc. with other intern reporters from across the country.

Miss Elliott, 21, is working on a bachelor of journalism degree at the University of Texas in Austin.

She is managing editor of The Daily Texan, the campus newspaper, and a member of the Orange Jackets, Mortar Board, Spooks, and Alpha Lambda Delta. She has also gained journalism experience as an Austin stringer for Newsweek Magazine.

Plans Complete For Style Show

Everything is in readiness for the style show announced last week by Eternas Junior Study Club, and the public is invited to the American Legion building tonight at 7 o'clock for a view of the newest fashions.

Matador Variety and Salem's of Matador and Charlene's of Lubbock will present the style show. Refreshments will be served by the study club members.

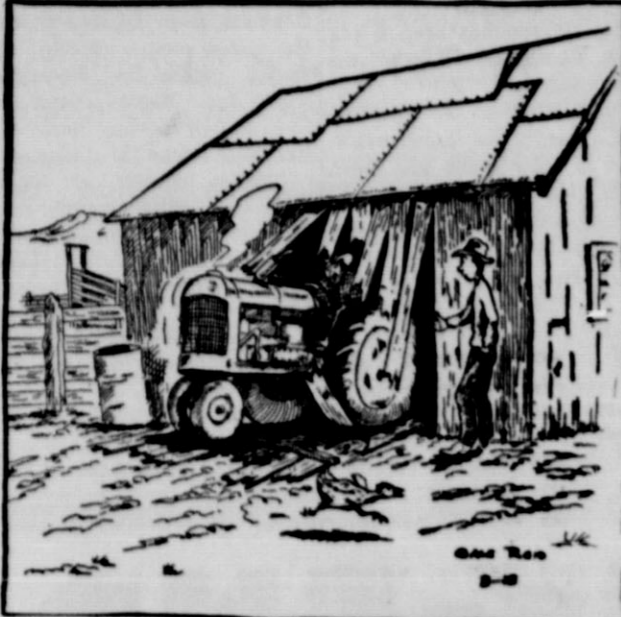

Everyone is also invited to an informal coffee Friday morning at 9:30, at the home of Mrs. F. B. Henderson, when Mrs. Don Finkler (Charlene) will present a talk on "Analysis of a Woman's World." Hostesses will be Mrs. Billie Ray Slover and Mrs. E. A. Day.

Mr. and Mrs. D. P. Keith spent the week end in Lubbock visiting their daughter and family, Mr. and Mrs. Loyd Latimer and children.

WORKING QUEEN Bronda Wason is shown above with Lion Ben Edwards, chairman of the mop and broom sale. Miss Wason, who is the club's Queen, drove one of the pickup trucks during the sale, despite the cold weather.

Wesleyan Service Guild has Study

The Roaring Springs Wesleyan Service Guild met in the home of Mrs. Clyde Clifton on Wednesday night, Oct. 1, for regular study lesson, taught by Miss Fredda Keahy.

Mrs. Thurston Winegar, president, opened the meeting and Mrs. Clifton gave the opening

prayer. Minutes were read by Mrs. Clifton and devotional was presented by Miss Lula Swim. Closing prayer was by Mrs. Roy Bradford. A refreshment plate was served to these and others present, Mesdames Wesley Burt, Clark Forbis, and C. W. Palmer.

RECENT VISITORS

Visiting recently in the home of Mr. and Mrs. Ralph Long were her brother and wife, Mr. and Mrs. Haywood Chalk of Dallas. They also visited with Mrs. T. E. Long at the Assembly Home in Floydada. Mr. Chalk is a retired banker and is presently Chairman of the Board of the Fair Park National Bank of Dallas. A native of Cottle County, he started his career at the age of 17 as a runner in a small bank. He later worked as a teller in the National Republic Bank of Dallas. Before serving as president of the Fair Park Bank, he was vice-president. Due to circumstances, Mr. Chalk was unable to finish grade school. An older brother and friends played a large part in his advancement.

LEAVES FOR SCHOOL

Harold (Sparky) Meason left Monday for St. Louis, Missouri, where he will attend Gradwohl School of Laboratory Technique. He is the son of Mr. and Mrs. Melvin Meason.

NOTICE OF BIDS

Floyd School is taking bids on repairs and additions to Floyd School teacherages. Specifications for the work to be done may be found at the lumber yards in Matador, Quitaque and Turkey.

Bids must be in Superintendent's office by October 21, 1968, at 4:00 p.m.

The School Board reserves the right to refuse any and all bids. (31/c21)

CARD OF THANKS

Words can never express the depth of our gratitude to our dear friends, neighbors and relatives for the help and comfort given us during the many dark hours of our grief. Our bereavement in the loss of our loved one was made a little easier by your messages, visits and beautiful flowers. We wish also to thank those who brought food to our home and to the church, and those who had a part in the memorial service. May God bless each of you who remembered us in any way.

The family and relatives of Cliff Stephens (2)

IN APPRECIATION

To all persons who in any way desired that I overcome my recent illness. Flowers are sweet, but not nearly as sweet as the thoughts of the sender. One good thing about being sick is that a person realizes he still has a few friends left. I know of persons that have gone on in one blow, that if they could have come to life for just a moment during their memorial services, would have seen many times the friends they knew they had.

So thanks for any wish or prayer you might have had in our behalf.

Claude and Helen Harp (2)

IN APPRECIATION

I would like to say thanks to my friends for their cards, gifts and letters and concern shown to my family while I was in Veterans Hospital in Amarillo. Especially do I thank L. M. Cox for sowing my rye while I was away. All of these things were appreciated very much.

Monthly Session of Religion is Topic of Club Program

The Young Homemakers held their monthly meeting Tuesday night in the home of Mrs. Ervin Willard. Co-hostesses for the meeting were Mrs. Johnny Phillips and Mrs. Carter Luckett. Mrs. Eddie Tipton, club president, opened the meeting.

Mrs. Tipton told the club about the Area Convention held in Plainview September 13. The theme of the convention was "Look To The Future." Also attending the convention were Mrs. David Thompson and Mrs. A. L. Fair.

The program for the evening was a demonstration of the new make-up, Koscot, given by local residents Mrs. Dean Turner and Mrs. Reese Timmons, and Mrs. Benny Turner of Amarillo. Other members attending the meeting were Mrs. Paul M. Hoff, Jr., Mrs. Ira H. Kuhlman, Mrs. Ronnie Vandiver and Mrs. Stan Irvine. The guest for the evening was Mrs. Morris L. Burkes. Refreshments of Halloween cookies, punch and coffee were served to members and guests.

The November meeting will be at the home of Mrs. Ronnie Vandiver. The program will be on Holiday recipes given by Mrs. Mary Phillips of Floydada.

Mike Irvine has Birthday Party

(Delayed)

Mike Irvine, young son of Coach and Mrs. Stan Irvine, celebrated his second birthday, Saturday, September 20, and was assisted by several young friends, in celebrating the occasion.

Cake and ice cream were served for refreshments. The guest list included Sherry Newman, Landon Smith, Charlotte Cindy and Grant Johnson, Ben and Laura Grundy and Tatia and Chantelle Billington.

Religion is Topic of Club Program

Mrs. Ben Keltz was leader of a program on Religion when El Progresso Study Club met Oct. 10 in the home of Mrs. J. L. Woodruff, with the president, Mrs. L. B. Campbell, presiding.

A delightful review of Mary Ellen Chase's book, "The Bible and the Common Reader," was presented by Mrs. Harry Willett, and the inspirational thought concluding the program was given by Mrs. Douglas Meador.

"The Bible is the epic of the world and the noblest monument of our English prose," declared Mrs. Willett in her review. Her outline of the various facets of the Bible as presented by the author was comprehensive and descriptive, and made the Bible itself more understandable to the lay-reader.

Mrs. Campbell opened the meeting with a call for a moment of silent prayer in memory of Mrs. U. L. Willie, a charter member and past president of El Progresso Club and past officer in the Texas Federation of Women's Clubs, who passed away Oct. 8.

Present in addition to those mentioned were Mesdames W. N. Pipkin, Frank Pohl, D. E. Pitts, W. W. Clements, J. M. Hill Jr., Ralph Stapleton, W. D. Lipscomb, J. R. Whitworth, John Barnhill, W. F. McCaghren, Fred Simpson, John Fitzgerald, W. F. Jacobs, R. E. Campbell Jr., Robert Darsey and Vance Gilbreath and Misses Sue Glenn, Amy Glenn and Mary Keith.

RESIDENTS ENTERTAIN WEEK END VISITOR

Mrs. Frankie Damron, high school math teacher in the Turkey school system, spent the week end here with her sister and husband, Mr. and Mrs. Bill McCaghren. The three were guests of Mrs. John Hamilton for dinner at Smith's Steak House on the occasion of Mrs. Damron's birthday.

CLUB LEADERS—Officers of El Progresso Study Club at the first meeting of the current year, September 25, in the home of Mrs. R. E. Campbell Jr., are from left: Mrs. L. B. Campbell, president; Mrs. Furman Vinson, first vice president; Mrs. J. M. Hill Jr., second vice president; Mrs. W. N. Pipkin, secretary; Mrs. Robert Darsey, press reporter and Mrs. D. E. Pitts, treasurer. —Tribune photo

Sunshine Club Meets Recently

The Sunshine Club met Wednesday, Oct. 8 in the basement of the Methodist Church for a covered dish luncheon, followed by an entertaining program.

Mrs. Vinie Keltz led the group in singing several songs, with Mrs. John Fitzgerald at the piano. Roll call was an answer to questions referring to situations and articles of the past generation.

Typical of the questions were: If your mother asked you to wash and shine the chimneys, what would you be doing? We have teacups and demitasse cups, but can you tell us what a mustache cup is? Describe a coupling pole; We have any number of trees—pine, oak, mesquite—but what is a "double-tree"?

Tom Hamilton, W. D. Lipscomb, Everett Smallwood and Rev. Larry Heard were guests. Women present in addition to Mesdames Keltz and Fitzgerald, were Mesdames Lipscomb, Smallwood, May Simpson Bernice Knight, Christine Colley, Cora Carter, Tose Day, Betty Jeffers, Georgia Smith, Mary Campbell, Ina Price, Ruby Rushing, Audrey Price, Minnie Clifton and Arrie Aulick, and Miss Mary Slover.

Visiting Mr. and Mrs. Kirby Campbell and son, and with Mrs. T. W. Campbell last week, was the latter's son-in-law, C. T. Moneyhon of Houston.

YWA's Discuss Current Movies

The Vada Young Women's Auxiliary of the First Baptist Church met Tuesday morning for a breakfast meeting at the home of Jan Higginbotham.

The program, led by Debra Garrison, was a discussion of the pros and cons of how current movies such as "Cool Hand Luke," "Bonnie and Clyde," and "The Graduate" are true to life, and how they affect young people.

Members present were: Brigid Barton, Cindy and Eva Marshall, Dorothy Williams, Deborah Halford, Mary Ann Holt, Ann Timmons, Krista Price, Shane Stevens, Cathy Couch, Linda Campbell, Mary Woosley, Debra Garrison, Jan Higginbotham, and Mrs. Larry Heard.

Mrs. J. B. Lipscomb of Albany returned home last week after a 10-day visit here in the home of her son and wife, Mr. and Mrs. W. D. Lipscomb.

Mrs. Don T. Martin of Hereford visited here during the week end with her mother and brother, Mrs. Fred Simpson and Fred G.

Mr. and Mrs. Odys Killingsworth of Lovington, N. M. visited friends and attended to business here during the week end.

Legion, Auxiliary Hear About Trips

The subject was travel when the American Legion and Auxiliary met October 6 for regular monthly program following the customary covered dish supper.

Miss Gail Lynn gave a report of the Farm Bureau's Citizenship Seminar which she attended from July 29 to August 2 on the campus of Baylor University, Waco, and Mrs. Carl Tardy of Roaring Springs told of her interesting trip to Europe in July.

"We learned so much at the seminar which helped us understand better, our American way of life," Miss Lynn declared. "Patriotism was stressed throughout the meeting, even the talent night acts were patriotic instead of comedy."

Classes and lectures were held from 8:30 a.m. until 10:30 p.m. she said, and speakers told of personal experiences in communist countries.

Speakers included John Noble,

Gartland Art Works On Display at Tech

QUANAH (Special) — An exhibition of works by Robert A. Gartland of Quanah may be viewed through Oct. 26 at the Texas Tech Museum in Lubbock.

The showing includes watercolors, oils, drawings and pen and ink sketches.

Gartland, who recently exhibited at the Panhandle-Plains Historical Museum in Canyon, has had a varied career in art, working in both book and magazine illustration and at museums as well as in the fine arts.

He studied animal painting with George Ford Morris and illustra-

tion with Frank Reilly at the Art Students League in New York City. For 10 years, beginning in 1952, he was staff artist for the American Museum of Natural History in New York.

He also was a freelance artist, with assignments including work for Life magazine and numerous children's books. He has traveled extensively in Europe and the Americas, and his works are in more than 70 private collections.

The Gartland show may be viewed from 9 a.m. to 5 p.m. weekdays and 2 to 5 p.m. Sundays.

Visits in Matador

Mr. Gartland visited in Matador recently as he was en route to Quanah from Lubbock, where his show opened on October 5. He had visited here previously, during the summer and displayed several of his paintings at the Tribune.

ATTEND SHOWER

Mrs. John Hamilton and Mrs. C. M. Barton attended a brunch and layette shower for Mrs. Tom Hamilton, Saturday morning in Plainview. The courtesy was held in the home of Mrs. Harold La Font. The honoree is the former Jan Barton. Mrs. Hamilton remained overnight as guest of her son and daughter-in-law.

ATTEND REUNION

Mr. and Mrs. Frank Pohl, accompanied by her uncle, E. B. Chesnut of Floydada, visited in Bronte, recently with Mrs. Pohl's mother, Mrs. C. L. Knerim where they joined her (Mrs. Pohl's) brother and family, Mr. and Mrs. George Knerim who are visiting in the states from Ankara, Turkey. Also joining them were Mr. and Mrs. Pohl's daughter and family, Mr. and Mrs. Howard Limmer and son Bryan, of Snyder.

ATTEND CLASS REUNION

Mr. and Mrs. L. B. Campbell spent the week end in Stephenville, where they attended his class reunion at Tarleton State University.

Highlights and Sidelights

FROM YOUR STATE CAPITAL

By Vern Sanford
Texas Press Association

(Delayed)

ANSTIN — Gov. Preston Smith has signed into law a \$5.8 billion 1970-71 state budget. This was after vetoing \$4.4 million in miscellaneous spending items. Yet the expenditure set an all-time record.

Earlier, Smith approved a new record \$348.6 million tax bill which takes effect October 1. (In addition to state revenue, cities will get an estimated \$6 million a year due to extension of the sales tax to beer and liquor. Sales tax rate goes up from 3 to 3.25 per cent.)

Smith also signed other acts of the special session, including legislation creating 28 new Texas district courts. He will name all judges to serve until the next general session. This may be the largest single amount of judicial patronage assigned a Texas gov-

ernor at one time in state history. Tax bill as passed by the Legislature provided plenty of revenue to fill the State's needs, but Smith said his vetoes are "justified for the sake of economy perhaps more than for anything else." Many of the items vetoed, he noted, were not part of the original House or Senate appropriations acts, and some were not even requested by agencies.

Governor Smith vetoed the following items as now "unjustified or non-essential": Construction funds totaling \$2.9 million for the Dallas Neuropsychiatric Institute; \$262,717 for the Department of Public Safety sub-district headquarters in McAllen; \$250,000 for the Junction adjunct of Texas A&M; \$160,000 for Texas Maritime Academy Pelican Island Development.

Also an appropriation of \$225,000 for contracts of private lawyers to assist the Attorney General in tort claims in 1971; \$172,000 for park land acquisition in Hardeman and/or Motley counties; \$207,500 for acquiring land and development of Port Lavaca Causeway State Park; \$50,000 for drilling a water well at Lyndon B. Johnson State Park in Gillespie County; \$25,000 for Longhorn Cavern State Park; \$50,000 for drilling of a master plan for the Red River Authority; \$60,000 for a fish raising facility at Stephen F. Austin College in Nacogdoches, and \$65,000 for environmental pollution control studies at Prairie View Agricultural and Mechanical College.

LEASE SALES SET — A total of 338 tracts of University of Texas lands (111,812 acres) in West Texas will be placed on leased auction, December 16. November 4, some 768 tracts totaling 496,871 acres will be offered in a school land sale.

Land Commissioner Jerry Sadler said 125 tracts of university land in Hudspeth County will be offered at bonuses of not less than \$1,000 per half section and at annual lease rentals of \$1.50 an acre. This was reduced from former requirements of \$5,000 per quarter section and \$2 per acre. Former requirements will govern other tract leases.

In school land sale, 37 tracts in El Paso County had acceptable bonus reduced to \$5 an acre and annual rental to \$2. Other upland and riverbed tracts will command a \$20 per acre bonus and \$5 per acre annual rental. Those lying under bays, inlets and Gulf of

Anchorage Daily Times - Wednesday, September 10, 1968

THERE'S A BUG IN THIS RUG

Using homemade bows, two members of the Black Sheep Bowmen archery club downed this 5-foot black bear near Rainy Pass last week on a moose hunt.

Loosing arrows simultaneously, Dick Hamilton (left) and Jay Massey made direct hits on the bear — raising doubt about who is entitled to the rug.

Richard (Dick) Hamilton is the son of Mrs. John Hamilton of Matador and the late John Hamilton, and his wife is the former Patti Craven, daughter of Mr. and Mrs. J. D. Craven. They teach in the Anchorage School system.

Mexico lands will go at \$25 an acre and a \$5 per acre annual rental. Most of school land is in Gulf Coast submerged areas.

SCHOOL DISTRICTS WARNED. More than a dozen Texas school districts have drawn warning of deficiencies from the State Board of Education.

Crosby Independent School District lost its accreditation but can regain it when it meets state requirements.

Alpine received final warnings it may lose accreditation if conditions are not improved.

Also warned were Antelope, Ber-

tram, Bridgeport, Calvert, Hemphill, Mason, Home, Hewitt, Rains, Elizario, Spur, Timpson and Little Elm.

State Board decided to permit 16-year-olds to enroll in adult basic education programs. New department of special education and special schools organization was approved.

Short Snorts

Governor Smith and Senator Yarborough are united in defense of tax exempt status for state and local bonds.

Liquor Control Board will make new rules covering collection of

taxes on mixed drink (in private club) before the levy goes into effect October 1.

Many Texas nursing homes are withdrawing from medicare program because of government red tape, according to an association spokesman.

Law enforcement leaders have scheduled meeting here for Sept. 27-28 for the 19th annual attorney general's law enforcement conference.

DPS is actively recruiting men (ages 20-35) for Texas Highway Patrol training.

A last-minute item in the appro-

priations bill was a \$100,000 allotment to the Texas Water Quality Board to contract with the Sabine River Authority for a study of pollution in the Sabine.

When buying clothing, it can't be repeated too often: be sure the garment is color fast. Dr. Graham Hard, Extension clothing specialist, reports that the National Institute of Drycleaning handled 6,867 complaints on color loss or change last year.

The leather and suede look will be popular again this fall. Colors range from deep purple and dark green to the palest yellow, says Graham Hard, Extension clothing specialist. Look to the hang-tag or label for care instructions.

ADVERTISING ADVICE...

By A Banker
IN
American Bankers' Magazine

"No business man in any town should allow a newspaper published in his town to go without his name and address being mentioned somewhere in its columns. This does not mean you should have a whole, half or even a quarter page ad in each issue of the paper, but your name and business should be mentioned, even if you do not use more than a two-line space.

"A stranger picking up a newspaper should be able to tell what business is represented in a town by looking at the paper. This is the best possible town advertising. The man who does not advertise his business does an injustice to himself and to the town. The man who insists on sharing the business that comes to town, but refuses to advertise his own, is not a valuable addition to any town. . . . The life of a town depends on the life, wide-awake and liberal advertising man."

Bill Barnhill Named Fighting Matador

By Randy Welch

The Fighting Matador Award this week goes to Bill Barnhill, quarterback. The quarterback's job is to call the plays and get the players moving.

The Outstanding Offensive Award goes to two Seniors this week Darrell Cruse, and Stanley Martin. These two boys were the main two that helped a particular play work against Jayton. They also helped to keep the offensive plays going smoothly.

The Outstanding Defensive Player this week also goes to two boys, Randy Cook, and Stanley Thompson. Randy stopped most of the runs up the middle and Stanley prevented possible touch-down runs.

A special award was given to Robin Smauley for being the Outstanding Water-Boy of the week. Robin earned this award through his brilliant footwork during a time out.

A. A. Representative Speaks to Students

By Laura Jacobs

"Alcoholism is a disease. Six and one half million people in the United States today are alcoholics. Moreover, one out of every fifteen people who drink will become an alcoholic." These statements were made by Mr. S. E. Stout, a field representative for Alcoholics Anonymous, in assembly, Thursday October 9.

Also speaking to the student body was Sam S., a member of Alteen, an organization made up of teenagers who have an alcoholic in their family.

In his testimony, Sam, who never gave his last name, told what alcoholism has done to him. He stressed the fact that all teenagers should "Let Go and Let God." He said that even though he wasn't an alcoholic, it had been a big problem to him in his earlier years.

"Intoxication is the worst fear you should have when drinking," Mr. Stout warned students. "Do not be fooled into thinking beer is less harmful than a mixed drink; beer contains the same amount of alcohol." He said that time was the only thing that would really sober a drunk. "Give a drunk a cup of coffee and you've got a wide awake drunk on your hands; throw him in the shower and you have a clean drunk."

Senior Spotlight Debra Stockton

By Mary Baker

Any stranger entering the halls of MHS will soon recognize a certain blue eyed blonde by the dreamy look in her eyes and THAT certain ring. All this adds up to Debra Lynn Stockton, the 17 year old daughter of Mr. and Mrs. Jim Stockton. Debra was born on September 22, 1952, at Clovis, New Mexico.

Debra has been active during her school years. She has taken part in Drum and Bugle, F.H.A., Interscholastic League, Junior Play and has been a staff member of the "Brand."

Among her many favorites are Country and Western music, sewing, singing and the color blue. Messy houses, nosy people, and arguments in English class are her major dislikes.

Although she has enjoyed her years at MHS, Debra has now moved to Quitaque. Her plans after graduation are getting married and becoming a clean-cut housewife.

SPIRIT DUE TO CHEERLEADERS

By Olive Curlee

If you ask any coach, he will tell you that a player has to have the right attitude to win a game. Football is no exception.

The student body of Matador High owes a great amount of spirit to their cheerleaders. If you need to see Brenda Wason, Debbie Smallwood, or Brigid Barton after school someday, just look in the high school building and, more times than not, you will see them making signs or hanging them, or writing words of encouragement on the blackboards.

Just to show some cheerleader ingenuity, for the game last week against the Jayton Jaybirds, Brigid Barton sold hunting licenses to the football boys. These licenses entitled the holder a bag limit of eleven Jaybirds—at one time. The licenses cost a penny apiece and a football boy was fined two pennies if the game wardens, Brenda Wason or Debbie Smallwood, caught anyone without one. A highlight of the week was when Coach Irvine was fined two cents by Brigid, who happened to catch him around the school without a license. The pep club girls had to be careful, too. If they were caught without a sign on their back, they were fined one penny.

These are only a few ways the cheerleaders make money to buy paint, paper and other necessities for spirit-raising. There is no telling what they'll come up with next.

Youth of Today -- Same as Always

By Jan Higginbotham

Although the youth of today are making headlines like never before, are talking "hip", dancing 10 feet apart, and dressing in a style uniquely their own, they're basically the same as they've always been. Although admittedly restless, each takes life more seriously than some may think, and each has his own idea of what life is all about. This is the basic idea the Junior Class members are discussing in English these days.

The past several weeks of English class time has been devoted to "Walden" by Thoreau. Full class participation was rather low, so Mrs. Timmons decided to try a whole new approach. The Juniors have taken modern poets and compared their ideas with Thoreau's. At the present, Rod McKuen who is the modern poet young people identify with, is being analyzed. They've also taken some of the modern rock music, written down the words, and compared them, along with McKuen, with Thoreau. The results are really amazing. Class participation has improved 100%, and the students really like this new approach to education. They are finding out that, basically, they're no different from the youth of centuries ago. They're having fun doing it, and at the same time, they're learning!!

Magazine files got their annual going over last week. Some copies of periodicals kept on file are missing. Students (and Faculty

Beginners Spotlight

By Debra Garrison

Richard "Bud" Bumpus, the son of Mr. and Mrs. Richard Bumpus, is another young ambitious native of Matador. Although a first grader, he has already chosen his goal for the future; he wants to become a doctor.

Bud, who has blond hair and grayish-blue eyes, likes the color blue, writing, and playing trucks.

"Matador Boy" is Rally Tradition

By Peggy Marrs

The traditional "Matador Boy" opened the Jayton Pep Rally, October 3. Immense pride in the football team was expressed in the following yells, "You're Lookin' Good," "Movin' Groovin'," and "Say Hey."

A skit directed by Melissa Bailey and presented by Jan Higginbotham, Ann Brandon, and Shane Stevens, brought the house down when Coach Irvine, Coach Smith and Mr. Moore were cast as three suckers in a candy store. Next came a pompon routine by the cheerleaders.

Speeches by Lee Hurt, Ricky Elliott and Coach Smith brought an extra lift in spirit. Lee and Ricky stated that all of the boys were fired up and even though Jayton might be bigger, the Matadors would hit harder. In his speech, Coach Smith first gave a boost to the Pep Club boosters in a statement that although they might think their efforts were in vain, the boys really noticed a difference when the noise stopped. He went on to praise the boys' cooperation and how much they inspired their coaches. In closing, his last words were to go out and make the Jaybird feathers fly!

Maverick Corral

By Debra Garrison

Mrs. Heard's first graders have an apple tree which helps them to sit up straight in their seats and be very quiet. If their apple falls out of the tree, they haven't been very good. The students are beginning to learn the rules of school and how to behave.

MHS

THIRD GRADE:
 The third grade is taking up a new unit in math and the children are very enthusiastic about learning it.

MHS

FOURTH GRADE:
 The fourth grade will be seeing several films on the United States which will be used in their geography.

MHS

FIFTH GRADE:
 The fifth grade is enjoying their new individual study tables. They are set up to provide room for supervised study in individual work.

SEVENTH GRADE:

The seventh graders are enjoying the science department's aquarium. They have a mother guppy that has just had babies, raising the total guppies to 15. The seventh graders have named the fish after themselves and they are very sad to report that Charles Martin, the catfish, died of unknown causes last week. The funeral was held behind the school building.

MHS

EIGHTH GRADE:

The eighth grade classes gave a going-away party for Glenda Stockton last week at the park. Since Glenda will be leaving, Jackie Martin will take her place as grade school cheerleader and Darla Cruse will take over head position.

The Matador Mavericks meet the Jayton Jaybirds, October 16, at Jayton.

Coach Edwards has begun to feel restless so he started the girls' basketball workouts. Mrs. Ellithorpe will be assisting him this year.

The community wishes to welcome the Zarate children back again this year. There are five Zarates in the school this year. They were late starting this year because of work in Ohio.

(Delayed)

FIRST GRADE:
 Mrs. Gilbreath's first grade has made a bulletin board to welcome fall into this year. The class is sorry to lose Lee Ray Guzman this week.

The first graders in Mrs. Heard's room are starting good health charts. The individual charts will show good grooming and nutritional habits of each person.

—MHS—

SECOND GRADE:
 The second grade lost Chris Watson, this week, who moved to Norfolk, Virginia. The class has had several people reporting sick. They are, Lettie Green, Kerry Perkins, and Gary Simpson.

—MHS—

THIRD GRADE:
 The manufacturers of Crest toothpaste sent kits consisting of a toothbrush, toothpaste, and an instruction sheet to the third grade. Each child received a kit and has been keeping a record of his brushings.

—MHS—

FOURTH GRADE:
 The fourth graders have been keeping a chart of what they have eaten. This is corresponding with their health class in which they are studying nutrition. They also have pictures of Columbus and scenes of different state capitals on their bulletin board.

—MHS—

FIFTH GRADE:
 A chemical garden is the subject of the fifth graders. They "Planted" a chemical solution on bricks and they have different elements growing on them. They have been collecting bottle tops for Mrs. Keltz. They are planning

to collect a half million before school ends. They're not doing bad, six thousand in two weeks.

—MHS—

SIXTH GRADE:
 The sixth graders received their order of TAB paperback books this week. There were nineteen ordered.

—MHS—

FIRST GRADE:
 Grade school has two first grades. Teaching grades are Mrs. Vance Gilbreath and Mrs. Larry Heard.

Mrs. Gilbreath's class has been building number sets, using different geometrical designs. Vowel sounds, nursery rhymes, and Roman numerals are activities of Mrs. Heard's class.

—MGS—

SECOND GRADE:
 Mrs. W. H. Marshall is teaching the second grade. They are reviewing the vowel sounds and starting on a phonics course in Reading.

—MGS—

THIRD GRADE:
 The third graders welcome Mrs. Alvin Stearns as their new teacher. They are currently studying money values and, in English, sentences.

—MGS—

FOURTH GRADE:
 Twenty-four boys and girls are in the fourth grade. They would like to welcome Lisa Parks, a new student from Carlsbad, New Mexico. She is the daughter of Mr. and Mrs. J. N. Parks. Mrs. Charles Keith is the fourth grade teacher.

—MGS—

FIFTH GRADE:
 Class officers of the fifth grade this year are, president, Richard Thomas; vice-president, Marion Thompson; treasurer, Jim Cooper; reporter, Gary Welling; and parliamentarian, Micky Hurt.

SIXTH GRADE:

Officers for the sixth grade are: president, Tony Rose; vice-president, Joe Kimbell; secretary, Ronda Williams; and reporter, Ricky Jefferys.

—MGS—

SEVENTH GRADE:

Serving as seventh grade officers are: president, Frank Welling; vice-president, Lisa Smallwood; secretary, Deldra Cruse; and reporter, Debbie West.

—MGS—

EIGHTH GRADE:

Jimmy Don Hurt is president of the eighth grade. Officers helping him are: vice-president, Rodney Williams; secretary, Darla Cruse; and reporter, Glenda Stockton.

PATTON SPRINGS FHA HAS RECENT MEETING

Patton Springs Future Homemakers chapter met on Monday, Oct. 6, for its first regular meeting. Meeting was called to order by the president, Jo Jackson.

The chapter elected a beau who will be revealed at the annual style show. Yearbooks were presented at the meeting and discussions for money making projects were tabled for a future meeting.

COUNTY AGENT PALLMEYER SAYS:

By now several have had experiences with the armyworm, and know the destruction they can cause. We have also learned that the time to start controls is when they are first noted, but many questions still arise as to what insecticide to use.

The following are recommended, but not in the order of preference. Cost of application is one of the main things to consider, so obtain figures on these materials.

Toxaphene-DDT (4-2); Toxaphene (6); Parathion (2); Methyl-Parathion (2); Endrin (1.6); DDT (2); and Carbaryl (Sevin 80% WP).

Be sure to apply the recommended rate, and heed the precautions. If you do this, you should be pleased with the results.

Worms are also attacking grain sorghum, and in addition to the armyworm, bollworms are feeding on the heads.

Here again the farmer should consider the infestation as well as the prospective yield. If controls are warranted, the following materials are recommended, but not in order of preference.

Toxaphene (6); Parathion (2);

Naled (Dibrom 8); Mevinphos (Phosdrin 2); Endrin (1.6) and Carbaryl (Sevin 80% WP).

Again I would like to caution users to apply the recommended rate and heed the precautions.

If greenbugs appear the same remarks as listed in the previous two articles apply. Materials to use are:

Phosphamidon (8); Parathion (2); Methyl Parathion (2); and Malathion (5).

For additional information, stop by my office and pick up a copy of MP-339, Texas Guide for Controlling Insects and Mites on Grain and Forage Crops.

Small cuts on trees or shrubs usually heal over quickly and treatment is not necessary.

If the cut is over 1 inch in diameter, some protection should be given to prevent decay organisms or diseases from entering through the wound however.

The wound can be painted with a water emulsion or a commercial tree wound dressing that contains an antiseptic. The antiseptic helps prevent the spread of organisms which may contaminate tree paint. Most garden supply stores have commercial preparations suitable for treating wounds.

Ordinary asphalt paint can be used if the wound is first swabbed with alcohol. If the wound is wet or "weeping", it may be necessary to wait until it dries before applying the dressing.

Do not use tar or creosote compounds for tree wounds. They are toxic to the cambium layer beneath the bark and may prevent the wound from healing over.

It is best to keep an unbroken film or dressing over the pruning wound. One coat of tree wound dressing should last 2 or 3 years, but on larger wounds it may be necessary to recoat them several times while they are healing.

Nematodes, small hair-like roundworms which live in the soil are causing losses in many Motley County soils, especially the sandier soils.

Because of the increasing importance of plant parasitic nematode control, and the need for agricultural producers and homeowners to have information need-

ed for control, a detection laboratory has been established at Texas A&M University. This lab will operate on much the same basis as the soil testing lab, also an Extension Service operated facility. A fee of \$2.00 will be charged per sample, and will include identification of nematodes present, infestation level, whether or not chemical or cultural control methods are justified and a listing of resistant varieties of plants.

Recommendations will be made on facts other than nematode counts. Consideration for the crop to be grown, cultural practices available, variety differences, soil type and other factors will be included. Test results should be back to the sender within 10 days from the receipt

of the sample.

Nematodes are found in every section of Texas, and several have been identified in Motley County. All are not destructive to plant life, but the major crops affected are cotton, peanuts, vegetables and ornamentals.

The best time to take samples is when the crop is growing, and when soil temperatures are high, as activity is at the highest during this period. Samples should be taken from several sections of the plot, as a heavy infestation in one part of the field would not justify treatment of the entire field unless infestations are field wide. Plastic containers should be used, and the soil should not be allowed to dry. Take samples down to root

depth, and if small lumps are noted on the feeder roots, you have a good indication nematodes are present.

In the past this testing has been done free, but the increasing demand for this service has caused the fee to be placed on this service.

By 1980 health care services will hire more people than any other field, reports Extension Specialist Minnie Bell. The industry's growth is based, she says, on more peo-

ple, universal use of health insurance of U. S. families and programs like Medicare and Medicaid. In the United States, agriculture employs the most people. Construction ranks second and health care facilities is the third largest industry.

Mr. and Mrs. J. P. Neighbors returned home Monday evening from a trip to Huntsville, Ark., in the Ozark Mountains. They left Thursday and were accompanied by her sister, Mrs. Mae Wagley of Moran, and at Granbury were joined by their son and family, Mr. and Mrs. Bill Neighbors, in making the trip.

TO PATROL SCHOOL

David Thompson will leave October 21 for Austin, where he will attend a 6-months Patrol Training School. He has been associated here in the Thompson Feed & Seed business with his parents, Mr. and Mrs. Manly Thompson. His wife and children will remain here while he is in school. Filling the vacancy at the feed store will be Tom Smauley. It was announced this week.

HOME FROM TEXAS CITY

Mr. and Mrs. B. H. Hobbs returned home Thursday night from Texas City, where they spent the past nine weeks with their son and family, Mr. and Mrs. Ronald Hobbs. They came by Lubbock where they visited their daughter and family, Mr. and Mrs. Barney King, and were accompanied home by Mrs. King and daughters, Kayla and Kimber. Mrs. King remained overnight and returned to Lubbock Friday. She and Mr. King came Sunday and accompanied the girls home.

ATTENDS CONFERENCE

Mrs. Pete Williams from the local West Texas Utilities office attended the 15th annual Women's Conference of WTU in Abilene, Monday. The all-day meeting was held at WTU Lytle Shores with the Abilene District serving as host.

ATTEND WORKSHOP

Attending a workshop of the 95th district of the Masonic Order, Monday night at Quitaque were Randall Whitworth, Charlie Meador, J. B. Cooper and Roy Hankins, of the Matador Masonic Lodge.

Mr. and Mrs. Frank Price visited in Weatherford, Okla., recently with their son and wife, Mr. and Mrs. David Rattan.

Mr. and Mrs. R. L. Heard of Whitharrel were week end visitors in the home of their son and family, Rev. and Mrs. Larry Heard.

Mary Ann and Clarence Woosley visited friends in Tahoka during the week end after attending to business in Lubbock Saturday afternoon.

NOTICE OF BIDS

Flomot School is taking bids on repairs and additions to Flomot School teacherages. Specifications for the work to be done may be found at the lumber yards in Matador, Quitaque and Turkey.

Bids must be in Superintendent's office by October 21, 1969, at 4:00 p.m.

The School Board reserves the right to refuse any and all bids. (31/c21)

OUR HEARTFELT THANKS

To those who shared our days of watchful waiting as well as during our time of sorrow following the death of our beloved Virginia, your many kindnesses and acts of love through the months endear each of you in our hearts. The flowers, cards, food and other deeds of kindness and words of sympathy will always be remembered.

The family of Mrs. U. L. Willie

CARD OF THANKS

We wish to thank each one who attended the funeral of Aunt Oma Walker Farmer. It is comforting to know that dear old Matador still has such wonderful people. We were sorry that we didn't know about her death in time to attend her funeral. May God bless you.
