Hitler Calls Up Nearly Two Million Reserves

Young Boys, Vital Workers Conscripted

RAF Continues Full Scale Blasting At German Factories

By The Associated Press
By mustering 1,900,000 reserves made up of workers in vital industries, boys as young as 17 and 18 and men from the conquered lands, the German army has concentrated nine tenths of its fighting force on the Russian front, a soviet spokesman declared today.

He would not say, however, that this disposition of German power justified the creation of a second European front by the United Nations.

He did say that despite this mighty massing of men, troops, the Red army, itself being bolstered by fresh forces, has enough reserve power to drive the invaders from Soviet soil.

The spokesman, S. A. Losovsky, vice commissar of foreign affairs, told a press conference that the latest call of German reserves included 900,000 in two new military classes—youths of 17 and 18 years.

The remainder of the 1,900,000 reserves was said to be made up of a half-million men from the subjugated countries and 500,000 drawn from vital German industries.

Losovsky said that the German rear was disintegrating while the Russian home front remained strong. The German back of the lines are "astounded," Losovsky asserted.

He pressed the RAF's recent raids on the German industrial Rhine and the docks at La Havre in German-occupied France.

During the night, big guns on the English channel coast also bombed across Dover Strait and continued firing for about 30 minutes.

The aerial thrusts against Adolf Hitler's Rhineland war foundries and Le Havre capped yesterday's spectacular raid by British commandos who landed on the Nazi-occupied French "invasion coast" near Boulogne, cut German communications and probed enemy fortifications for two hours.

Stockholm advised said German expectancy of an allied invasion of western Europe had increased considerably, with the Nazis taking feverish precautions along the entire "front" from the top of Norway to southern France.

The Berlin correspondent of the Stockholm newspaper Dagens Nyheter reported that "certain optimists are convinced the British will come by May 1," and London quarters said this was a feeling so obvious that Nazi anxiety must have dictated it.

Other signs of German "hitters" were reports that the Nazis had barred civilians from Normandy's coastal roads between 7:30 p. m. and 6 a. m.—leaving the clear assumption that any person abroad in the forbidden hours would be a British commando or other foe, subject to being shot on sight.

On the Russian war front, Soviet dispatches reported that the German armies in the Ukraine, heavily battered in recent weeks, had abandoned their counter-attacks and changed tactics to a defense of fortified positions.

The significance in this lay in well-informed military predictions that Hitler's long-heralded offensive would strike its heaviest blows on the southern flank, in a drive toward the oil-rich Caucasus. Now, according to the Russians, the Germans' preliminary "feeler" thrusts have been crushed and the Nazis forced back on the defensive.

SENTENCE SUSPENDED

J. E. Rushing, who pleaded guilty to stealing meat from the smokehouse of Mrs. L. Marion, was given a two-year suspended sentence Thursday by Judge Cecil Collins. Marion asserted he and an accomplice stole the meat because they were hungry. The accomplice has already entered a guilty plea and received a similar sentence.

Bond Voting Speeds Up As Skies Clear

Held in check by intermittent rains during the morning, Big Spring voters were speeding up their tempo of balloting here Thursday afternoon as the official verdict on bond issues totaling \$100,000 was being written.

At 2 p. m. there had been 251 votes cast. This represented nearly 200 votes since beginning of the noon hour.

Meanwhile, to insure a representative vote and to offset any lack of voting because of threatening weather, groups and individuals were making contacts over the city of those eligible to vote in the election.

Polls close promptly at 7 p. m., said Robert Stripling, judge. Qualified voters who reside with-

in the city limits, who own and have rendered property (located within the city) either this or last year were being recognized as eligible to cast votes.

There were two ballots, one of \$50,000 issue for land purchases in connection with the designation of the city as site for an army flying school, and another on a \$70,000 issue for financing water and sewer line extensions and plant expansions.

Results of the election will be canvassed probably at the special meeting called for Friday evening when bids on bonds will be opened should the issues pass. The short interval between the election and the bid opening was necessitated by the need for prompt action.

Fake Medical Teacher Faces New Charges

HOUSTON, April 23 (AP)—Charles Peter Wisotzky, who posed as Dr. David Walton Fell while serving on the University of Texas medical faculty, is under indictment at Laredo for alleged violation of the Harrison narcotic law, Assistant U. S. District Attorney William Eckhardt said today.

Wisotzky is under indictment here for false draft registration and has been held in the Wharton county jail pending trial here starting next Tuesday.

Eckhardt said the latest indictment, returned at Laredo for the Houston dividing this week, listed seven counts of alleged narcotic law violations.

He said four counts charged that Wisotzky fraudulently executed and signed narcotic prescriptions. The other counts charged that Wisotzky, by writing the prescriptions, caused the illegal sale of narcotics.

The offenses, Eckhardt said, were alleged to have occurred during Wisotzky's tenure at the Galveston medical school.

Wisotzky has admitted he has no medical degree.

A native of New York City, Wisotzky was indicted for false draft registration after he was dismissed from the medical school.

Chinese Mop Up Japanese In Burma

CHUNGKING, April 23 (AP)—Chinese troops are mopping up the last Japanese forces clinging to villages immediately downriver along the Irrawaddy from reconquered Yenangyang, and the invaders' lines have been pushed back three to four miles south of that west Burma town, an army spokesman said today.

On the eastern flank of the Burma front, however, Lieut. Gen. Joseph W. Stilwell's Chinese forces have fallen back under intensive pressure along the Salween river and up the road toward Mandalay. Fierce fighting continued in the area.

The army spokesman said the Chinese were forced to withdraw north of Pymnana, 120 miles from Mandalay, because of a thrust by the Japanese through the right flank of the Pymnana line at Sawa, 10 miles west of the city.

Frontal thrusts against the Chinese defenses had the Japanese less than six miles in this area before the flank attack, the spokesman said.

He declared, however, that the Japanese advance toward Lolkaw on the west side of the Salween river 65 miles east of Pymnana, had been much more rapid.

There the Japanese gained 40 miles in a week, placing Chinese defenders of Lolkaw in desperate straits.

CAP Begins New Training

Members of the Civil Air Patrol have begun their second phase of instruction.

Wednesday evening they organized into five sectional units for pilots, observers, airplane maintenance and mechanics, radio and clerical and stenographic work.

Already the CAP has finished instruction in Red Cross first aid, safeguarding military information, airport protection, inside guard, flight theory, war gases, and infantry drill without arms.

In all, before the entire course is completed, the members of the patrol unit will have had something like 380 hours of varied instruction.

Fireside Chat Not Due On Monday

WASHINGTON, April 23 (AP)—The White House gave a fairly definite indication today that President Roosevelt's anti-inflation message to congress would be sent up on Monday but that a fireside radio address on the same subject would be deferred to some other day.

Presidential Secretary Stephen Early said that "the president was really getting under way today" in drafting the message and that he wouldn't be surprised if it went to congress on Monday. While adding that the fireside chat would come on a subsequent day, Early said he could not mention a specific date.

They Did It This Way On Bataan -- Lone Plane Heckles Conquering Japanese

ALLIED HEADQUARTERS, Australia, April 23 (AP)—The United States Army Air Force fought to the end on Bataan Peninsula and, with the Japanese only a few miles away, sent its last flyable plane into the air to attack and attempt to check the enemy's final advance.

That plane was flown by Lieut. Jack Donaldson of 1084 South Knoxville, Tulsa, Okla., who has arrived safely in Australia, and hopped off in the early evening. Flying off the eastern (Manila Bay) shore of the peninsula, it was over the Japanese position within a few minutes.

"I located the enemy advancing on foot and in vehicles down the coast road and dove on the columns, letting go my bombs at a low altitude and returning to a safe base until my ammunition was exhausted."

"The Japs quickly opened fire and tracers floated all around the plane. I felt several bumps but did not believe I had been hit badly. I circled and dove for about an hour altogether and then, with bombs gone and guns empty, headed for another point where I had been ordered to report. I never had been there and didn't have a map, but believed I could find it in the dark."

After a long flight I was over what I believed was my destination, but everything was blacked out completely. So I circled, gunning my motor frequently in the hope that the ground force would recognize a friendly plane and turn on the lights.

"After a while they did and I went in to land. I started to put down the landing gear and wing

Freezing Of Prices Soon Is Predicted

90 Percent Excess Profits Tax Gets Committee Study

WASHINGTON, April 23 (AP)—The Office of Price Administration was reported by usually reliable congressional sources today as ready to freeze prices on an overall basis soon in contrast to the present method of establishing ceilings on selected articles.

The far-reaching move in the drive to check the rising cost of living, which may be announced next Tuesday, would fix all prices at their levels on a certain date, but would permit any necessary "readjustments" later.

Agriculture department authorities predicted many important food products, including butter, cheese, evaporated and condensed milk, eggs, poultry, flour, corn meal, fresh fruit and vegetables, would be exempted because the farm prices of the raw products involved are below the minimum ceilings of the price control law. A ceiling probably will be placed, however, on retail prices of fluid milk.

The blanket method of price freezing, advocated last year by Bernard Baruch, economist-financier, was incorporated by youthful Rep. Gore (D-Tenn) in his attempt to place a ceiling over wages and rents, as well as all prices, last November. Recently back from Canada, which adopted a similar proposal, Gore said that it had succeeded in reducing slightly the cost of living there in the period between Nov. 15, 1941 and Feb. 15, 1942, while there was a rise of approximately three per cent in this country.

WASHINGTON, April 23 (AP)—A proposal that corporate excess profits taxes be lifted to the unprecedented level of 90 per cent was studied by the House ways and means committee today as it awaited details of President Roosevelt's anti-inflation program expected to be announced next week.

The increase from the present 60 per cent maximum was advocated by statisticians employed at the capitol to assist members write the tax measure and came during the committee's first-day discussion of the administration's \$7,000,000,000 tax program.

Secretary Morgenthau's tax aides were reported to have told the committee there would be no objection to going above the 75 per cent level they recommended, but the increase should be coupled with a reduction of normal taxes.

Brown Rites Said Today

Funeral for Mrs. Edna Mae Brown, prominent Richmond farm woman who died Wednesday, was slated for 2 p. m. Thursday at East Fourth Baptist church.

The Rev. E. G. Richardson and the Rev. E. E. Mason were to officiate, and burial was to follow under direction of Eberley Funeral home.

Mrs. Brown died at her home 13 miles north of Big Spring at 12:20 p. m. Wednesday at the age of 84. She leaves her husband, O. J. Brown, a son, Wayne; and a sister, Mrs. A. D. Tinsley, of Oklahoma.

Born in Grayson county, Mrs. Brown had lived in Howard county 37 years.

Palbearers were Ralph Proctor, Leslie Bryson, W. B. Puckett, Lloyd Branson, Walter Anderson and Lester Coughney.

As Vichy Leans Toward Nazis -- Madagascar Island Seethes

By Associated Press
A virtual reign of terror on the Bay French island of Madagascar, with the arrest of hundreds of De Gaulle's, was reported today amid quickening speculation that France's new pro-German Premier Pierre Laval may be planning to turn the island over to Japan.

The world's fourth largest island, Madagascar lies off the east coast of Africa adjacent vital allied lines of communication with India.

"Madagascar is not being defended against Japanese infiltration, and it cannot be defended against Japanese invasion," said dispatches reaching London.

France's new role in the war, particularly her collaboration with the axis, was sharply emphasized today by a series of developments:

1. The Union of South Africa, a part of the British empire which would probably be given the task of dealing with Madagascar, broke off relations with Vichy.
2. It is about 800 miles from Durban, South Africa, to Madagascar.

2. In London, a British spokesman said "it is now reported that 50,000 tons of French shipping have been taken over by Japan."

3. High-ranking United States diplomats, it was disclosed, have been newly transferred to Brazzaville, in Free French West Africa, and to Nigeria and Liberia in an evident move to strengthen the U. S. diplomatic front in Africa.

Observers said these stations are usually assigned to ambassadors.

4. In Vichy, Premier Laval himself received the Japanese ambassador-designate, Takahashi Mitsuo.

5. The Vichy government went to the length of issuing an official denial of Moscow radio reports that German sailors were arriving at the French Mediterranean naval base of Toulon and that French warships were being turned over to Germany.

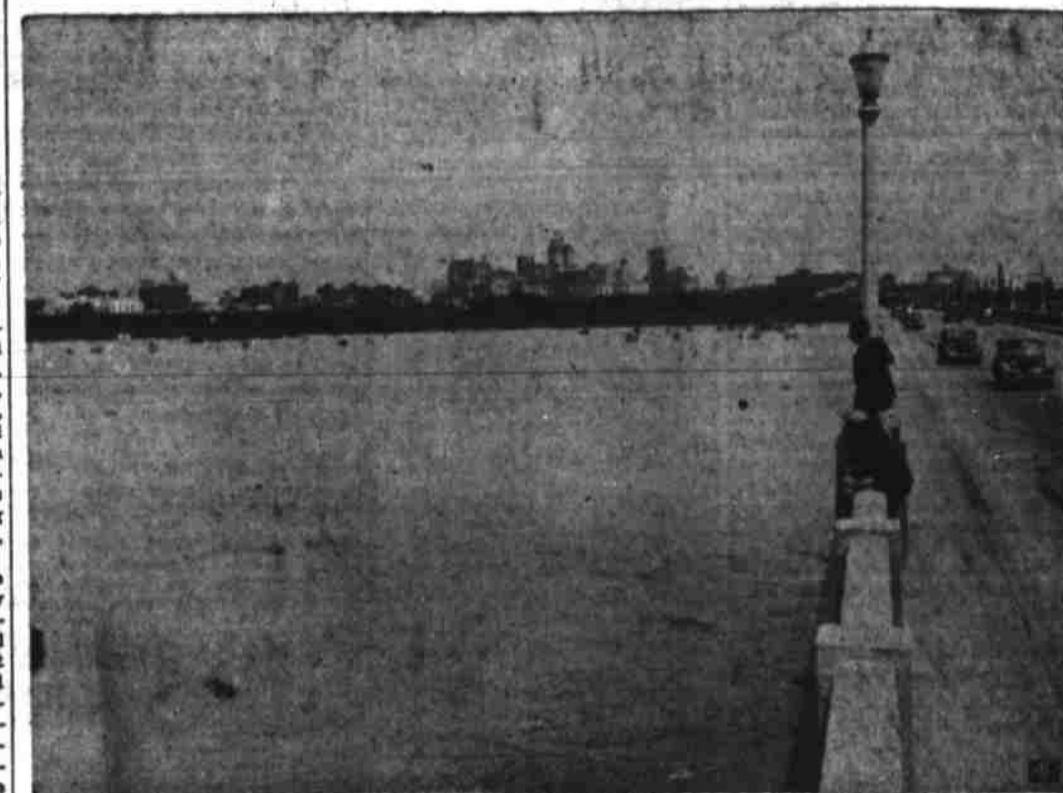

The statement also denied reports "of a fight between French and German sailors."

Advices reaching London said the mass arrests of Gen. Charles De Gaulle's Free French followers on Madagascar, including members of the island administration, were carried out on orders from Laval.

Agents of the Vichy regime were said to be rounding up all sympathizers of the Free French movement on the island.

In Washington, informed sources again suggested the possibility of a complete diplomatic rupture between the United States and France.

These sources pointed out that the United States' firm policy toward the Laval collaborationist regime has won such support in French circles that five members of the Vichy embassy and consular staff in Washington have already resigned in protest against Laval's pro-German machinations.

Flood-Gorged Trinity At Dallas— Swollen by flood waters, the Trinity river at Dallas, normally a tiny stream, crested at 44.4 feet in the background and the Corlett street viaduct at the right.

Dallas Flood Loss Believed Near Million

DALLAS, April 23 (AP)—Flood damage in Dallas county today was estimated at \$1,000,000 as the weather bureau warned of possible new high waters within the next 24 hours.

Weather Observer A. M. Hendrick cautioned refugee families not to move back into their homes in the low industrial area immediately as he issued a forecast of thunderstorms for the Dallas sector.

Six hundred families were reported gradually returning to their homes from which they fled earlier in the week as the worst flood in 24 years swept through the county.

County Engineer R. H. Clinger, in estimating \$1,000,000 damage said this included \$100,000 to roads and bridges.

The weather bureau warned that the flood at Trinidad within the next few days probably would be severe.

Commandos Put Nazis On Lookout For Invasion

LONDON, April 23 (AP)—Following close upon yesterday morning's commando raid at Boulogne, dispatches from Stockholm, where Berlin news is assiduously sifted for war trends, reported today that the German expectancy of aid preparations for allied invasion in western Europe had considerably increased.

British sources here counseled correspondents at the same time to "remember von Rundstedt." Field Marshal General Karl Rudolf Gerd von Rundstedt, whose name generally is associated with the German army's offensive operations, was reported a week ago to have moved into France.

Older reports were that von Rundstedt had gone there to strengthen defenses of that German-dominated country against invasion but current advices were that he went there with parachute troops.

Despite the German offensive suggestion in this latest report on the game of nerves—who's going to invade whom and where—it appeared that the Germans were more apprehensive than the British.

In contrast to Britain, where responsible leaders have said they expect air-borne invasion on a "diversionary scale" sometime, and expect to repel it, Stockholm dispatches said the Germans were taking hasty precautions along their entire western "front"—from northernmost Norway to France.

Stockholm advices were that both the air and naval headquarters of the Germans in Norway had been moved "northward" from Oslo.

One Berlin military commentator was quoted by Dagens Nyheter as saying that "although the possibility of a landing in northern Norway must be considered, the recent 'pinpricks' (commando raids) show that the French coast is the main interest of the British."

To which London observers commented: "It seems to show that the Germans are undecided and that they are keeping an open mind on the subject. Well, that's the frame of mind we want to keep them in."

Red Cross Program To Draw Crowd

A crowd of between 1,000 and 1,500 persons is expected to turn out for the Red Cross Community program tonight at 8 o'clock at the city auditorium when first aid and home nursing certificates will be presented to students having completed the courses.

In addition to the presentation of certificates, a sound movie "Der for the Doctor Comes" showing examples of first aid treatment will be shown.

A shift showing the work of the Red Cross during a disaster will be given and the C.A.F. first aid team will assist in putting on the play. Members of the Civil Air Patrol will also serve as ushers at the event.

Another feature of the evening will be an exhibition by the Boy Scout first aid team which won first place recently in state competition and sixth in an area match. The Texas Defense Guard, Company B 44th, under direction of Sgt. Joe Pond will put on an exhibition drill. Additional entertainment furnished by the defense guard will be a quartet directed by Cecil McDonald.

In charge of the program will be Stoney Henry, Lee Harris, Otto Peters, Jewel Barton, Marguerite Wood, and Mrs. Ray Lawrence.

Some first aid and home nursing classes plan to attend in a body as will the basic safety engineering course members.

Industrial Sugar Users To Get Facts Friday

Every institutional or industrial handler of sugar in Howard county should be present Friday at 3 p. m. in the county court room for a vitally important instructional meeting, the Howard County Rationing board announced Thursday.

This applies to wholesalers, retailers, cafes, and all others who cannot be classed as individual consumers.

At the meeting, said B. F. Robbins, board chairman, there will be an explanation of the rationing forms, and that those attending would be permitted to take the applications with them for correct completion of the quantity of detailed and exacting information. However, the forms will not be signed until they are returned next Tuesday, the first of two days set aside for the commercial division in the nation's sugar rationing program.

There are three forms, said Tom Rossen, board clerk, and each is a complex and exhaustive questionnaire within itself. Dealers applying must be able to show inventories, volume of the past year, and will want to learn how much stocks they can carry. Cafes and others will have to show supporting facts so that they can avail themselves of their full share, upon whatever factor it is based.

Speakers at the meeting will include Robbins and J. E. Pickle, named advisor to the trade in the sugar rationing program. Dealers

Army Preparing Coastal Outposts

WASHINGTON, April 23 (AP)—Secretary of War Stimson reported today the army was "working very hard" to build and place all along the coast radio detector devices which he said could signal the presence of hostile ships and planes more than 100 miles away. "We already have a lot of them," the secretary told his press conference.

US Bomber Wins 7 To 1 Battle

SYDNEY, Australia, April 23 (AP)—A report from an advanced allied headquarters told today of a successful fight by one of Lieut. Gen. George H. Brett's bomber crews against 7-1 odds to protect a bomber crippled by Japanese zero planes.

The bombers were two of a formation of six attacked by a pursuit unit. Damage by a burst of gunfire, the one dropped to within 100 feet of the sea.

You Have Until 7 p. m. To Cast Your Vote For City Bond Issues

Gasoline Rationing Is Now Definite For Eastern States

Sailors' Lives Come Before Joy Riding

— PRECEDE SAILORS' LIVES —
WASHINGTON, April 28. (AP)—Petroleum Coordinator Ickes declared today there was "no justification" for anticipating that eastern motorists would be limited to as little as 1 1/2 to 5 gallons of gasoline a week.

WASHINGTON, April 28 (AP)—Heads of five top-ranking war agencies told motorists flatly today that the government no longer would risk lives of American seamen "so some one will have gasoline to go to a bridge party or a ball game."

Following swiftly on yesterday's announcement that gasoline rationing would begin May 15 in 17 eastern states and the district of Columbia, the joint statement declared "motoring-as-usual is out" in that area, possibly for the duration of the war.

Semi-official estimates of the probable ration allowances ranged from 2 1/2 to 5 gallons a week to 25 gallons a month. Announcement of the plan brought sharp protests from several quarters. William A. Thibodeau, general manager of the Automobile Legal association, telegraphed Price Administrator Leon Henderson from Boston that the proposed limitation was "wholly out of proportion with the hardships which are imposed on other sections of the country."

His asked why Canada "apparently is able to receive more shipments of gasoline for motorists from the United States than we

— Red Cross Calendar —

FIRST AID
Tuesday and Friday, 8 o'clock to 10 o'clock at the Baptist Church, for Vincent community. R. D. Hatch instructor.
Tuesday and Friday, 8 o'clock to 10 o'clock for public employes at the district courtroom. Neel Barnaby instructor. Advanced class.
Tuesday and Friday, 8 o'clock to 10 o'clock at the Chalk school building for Chalk community. C. C. Wilson instructor.

Tuesday and Thursday, 7:30 o'clock to 9:30 o'clock at the East 4th St. Baptist church. Two classes taught by A. C. Read and Otis Griffith.
Monday and Thursday, 8 o'clock to 10 o'clock at Red Cross Headquarters. C. J. Lamb instructor. Advanced class.

SOME NURSING CLASS
Tuesday and Friday, 9 o'clock to 11 o'clock. Crawford hotel, with Mrs. Clyde Thomas, Jr., as instructor.
Monday and Thursday, 7:30 o'clock to 9:30 o'clock. Crawford hotel. Jewel Barton instructor.

Monday and Thursday, Forsan school for members of the Forsan Study club and others, 8 o'clock to 7 o'clock. Mrs. J. E. Hogan instructor.

Tuesday and Friday, 1:30 o'clock to 3:30 o'clock at Crawford hotel. Mrs. Jack Hendrix, instructor.
NUTRITION CLASS
Tuesday and Friday, 7:30 o'clock to 9:30 o'clock at Red Cross Headquarters. Pontilla Johnson instructor.

in the coastal states." Henderson in the strongly-worded summary of policy were Donald M. Nelson, WPB chairman, Petroleum Coordinator Ickes, Chairman Emory S. Land of the maritime commission, and Defense Transportation Director Joseph B. Eastman.

"Already hundreds of men have lost their lives at sea trying to bring in the oil needed for war," their statement said. "No patriotic American can or will ask men to risk their lives to preserve motoring-as-usual."

The "meal-ticket" ration system beginning next month will operate for 45 days, and will be supplanted about July 1 by "a more elaborate and comprehensive coupon rationing system," OPA announced. Ration cards will be issued each motorist on presentation of an automobile registration card, during a three-day registration period beginning May 12.

Trucks and commercial vehicles will not be affected. Special provision will be made for doctors, war workers, and other exempt classes.

Garden City School Check Set Next Week

Garden City's schools will undergo its evaluative criteria — a minute check from stem to stern — Monday, Tuesday and Wednesday of next week. N. P. Taylor, superintendent, said Thursday.

He had been advised of the dates by J. W. O'Bannon, Austin, on behalf of the Southern Association of Colleges and Secondary Schools, which requires the check of member schools at certain intervals.

The survey, to be made by outside schoolmen of the area, is similar to ones recently made at Brady, San Angelo, Eldorado and other points.

Dr. Doyle Jackson, Lubbock, professor of education at Texas Tech, and S. M. Melton, deputy state superintendent for the area, will head up the committee for the evaluation. Thorough studies will be made of the school plant, equipment, the community and the pupil, curriculum, staff, guidance, instruction, administration, outcome, and other cardinal points by which the nation's leading school men have agreed that units should be measured.

Invited to be on the committee are W. C. Mitchell, Barnhart, veteran of three similar services; J. L. Bishop, Merton, and O. T.

Miss Laneous Notes

By MARY WHEATLY

There are a lot of unexplained mysteries in the world but one that is always a puzzle is why that toothache always disappears the day you make an appointment to see your dentist.

It may feel like two little men are playing ping pong with a steel ball inside your tooth and the pain gets so bad you call your dentist and tell him all. He pins you down as to where and how it hurts and you end up by setting an hour when you can go have it tended to.

But when it is time to march faltering feet toward the dental office, an expiring tongue investigating the sore spot suddenly telegraphs the news to your surprised and pleased mind that the hurt is gone. Just like that, the tooth has quit aching.

What causes this phenomenon is hard to say because if you follow natural inclinations and slick out of your appointment with the man in the white suit, the very next day those boys with the ping pong ball get started again.

This on again, off again stuff is likely to make you suspect sabotage from somewhere but as you reach for the telephone to contact the dentist again, the ache stops.

No doubt the smart boys with the Ph. D.'s can figure out these things (unless they do the same things themselves). But to us, it's all just a dark mystery.

Belched Hot Liquids, Endured Much Misery Till Hoyt's Helped
Hoyt's Compound Seemed To Act On All My Ailments Immediately Says Mr. Clark of San Angelo.

Mr. E. W. Clark of 215 East Eighth Street, San Angelo, Texas, says: "For the last four months I suffered untold misery from constipation, indigestion, gas and bloating. After every meal the gas and sourness would start, causing me to belch hot liquids. I could not eat beans, fried eggs or potatoes without suffering this misery. My kidneys did not function properly, and I would arise several times nights. I had pains in my back and was very nervous.

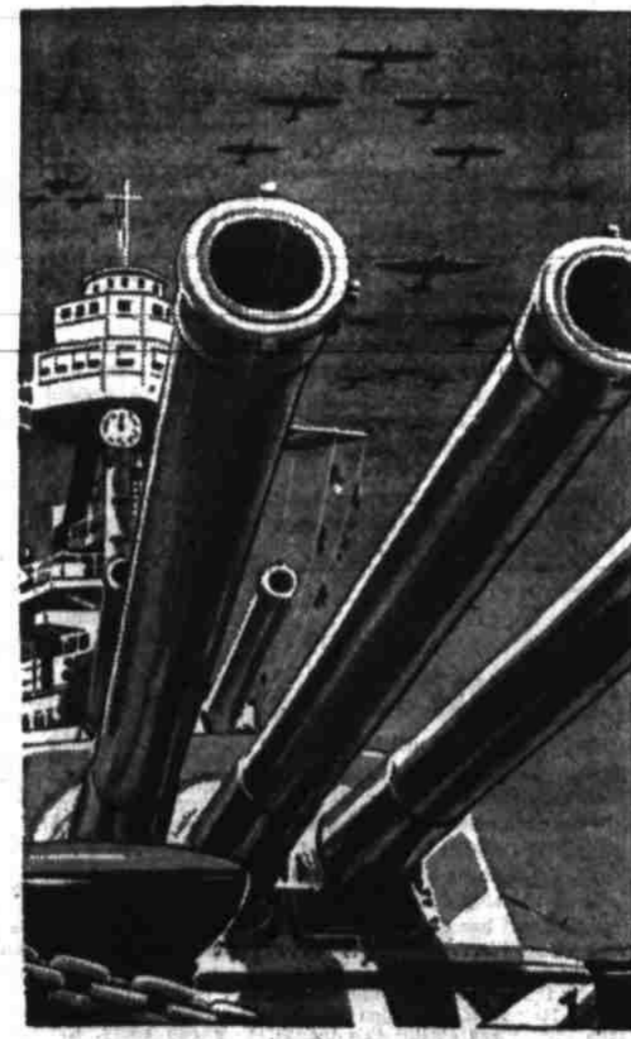

"Since taking Hoyt's Compound, I want to say that I have never found a medicine that seemed to act on all of these conditions at once. My bowels are regulated, there is not even a trace of indigestion, gas and bloating. The sourness and belching have stopped. I eat anything. My kidneys are normal again, and I no longer arise nights. Words cannot express how happy I am to have found Hoyt's."

Hoyt's Compound is recommended and sold by the Collins Bros. Drug Store and by leading drug stores everywhere.—adv.

CRASH KILLS FIVE
GUADALAJARA, Mexico, April 22.—Five persons were killed and nine seriously injured last night in the crash of a passenger bus against the side of a bridge when the driver turned around in his seat to aid a carsick woman passenger.

Rationing of firewood and charcoal for use in gas-propelled automobiles has recently been made effective in Italy, the department of commerce reports.

Seems to me that we Americans ought to get together and do everything we can to make things pleasant for the boys who are in training. They're doing their duty... maybe we have some duties, too, in this direction.

There are lots of ways of helping. We ought to support them all. All of us have our part to play in winning this war... and making life a little easier for the boys in camp is something we all can do something about.

Joe Marsh

From where I sit...
 by Joe Marsh

VERY OFTEN these days, I get to thinking about the soldier boys at camp. And the soldiers, too.

What worries me is... what happens when they get a day off after working their heads off all week? They go to town... and what then?

What happens? The answer is... mostly nothing! Because most towns near army camps just don't have nearly enough entertainment facilities to take care of the soldiers on leave. So the boys just stand around, leaning against lampposts or sitting on doorsteps. And sometimes, the local townsfolk find themselves wondering what's changed the town... instead of gitching in to help the boys have a good time in decent surroundings.

In many towns, however, the situation is better. Many towns have nice, community places where a soldier can go sit down and "chew the fat" and enjoy some cake and milk, or maybe a good glass of beer. The boys like that. And they're not likely to get in trouble... because common sense tells you

FLASH PREVIEW

"Beyond the Blue Horizon"

Paramount's Technicolor drama stars Dorothy Lamour, with Richard Denning, Walter Abel and Patricia Morison.

Brought home to her new-found relatives by Walter Abel, an explorer, Dorothy Lamour innocently kisses the butler.

Patricia Morison, a jealous cousin, questions her right to inherit the fortune of their wealthy grandfather, calls her an imposter.

To prove her identity, she returns to the jungle where her parents were lost while travelling when she was a child.

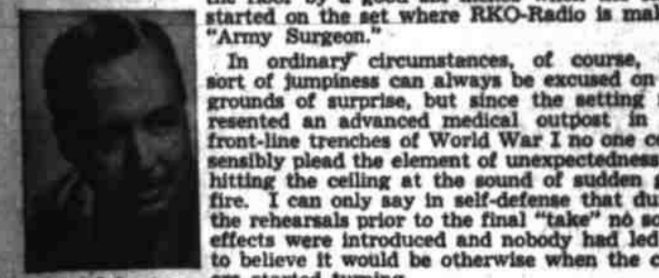

In the group which accompanies the expedition, she meets Richard Denning, an animal trainer who also doubts her story.

After establishing her identity beyond all question, she decides to forsake her fortune to stay in the jungle with Denning.

ON THE SETS With Reed Johnston

In times like these, when the sound of explosives is commonplace in all the four corners of the earth, it is just the least bit embarrassing to find yourself jumping at sudden noises—particularly when they occur in the comparative safety of a movie lot. Yet this abashed reporter must confess that he rose like a trout and cleared the floor by a good six inches when the firing started on the set where RKO-Radio is making "Army Surgeon."

In ordinary circumstances, of course, this sort of jumpyism can always be excused on the grounds of surprise, but since the setting represented an advanced medical outpost in the front-line trenches of World War I no one could sensibly plead the element of unexpectedness for hitting the ceiling at the sound of sudden gunfire. I can only say in self-defense that during the rehearsals prior to the final "take" no sound effects were introduced and nobody had led me to believe it would be otherwise when the cameras started turning.

But when the sound-man finally did let loose with his fireworks it provided the finishing touch of realism to a scene in which Kent Taylor dashed forward to pick up James Ellison, wounded in the shoulder and lying prone in the dust, and carried him to the shelter of the first-aid dugout. This, it appears, is a neat return of favors, since Ellison is the Army surgeon of the story while Taylor plays an aviator who has previously been treated for wounds at this same outpost and who, incidentally, is his rival for the attentions of Nurse Jane Wyatt.

Miss Wyatt herself was not present during this episode, and for the sake of romance this was probably just as well, because the Messrs. Ellison and Taylor, after wallowing in the dust during a half-dozen rehearsals, were in a state which can only be described as filthy. All of which is necessary for purposes of realism, of course, and so was the large blob of make-believe blood on Mr. Ellison's shoulder.

To one who, from childhood, remembers the American uniforms of World War I as being the last word in military snappiness, it was something of a shock to find them looking distinctly old-fashioned in comparison with the more stylish garb of our present-day army. And it still older memories also to see again the spiked helmets of the Germans which, in that other war, brought as many hisses from movie audiences as the sign of the swastika does today.

Last these brief reminiscences lead you to believe that "Army Surgeon" is concerned entirely with the last encounter and therefore to be dismissed as old stuff in the light of present events, but one adds that the studio has taken care of this point with admirable foresight.

It seems the story carries over right up to even date, so you're getting two wars for the price of one.

Fashion Scene

By Margaret McKay

Now that the government has had to turn designer and eliminate some of our fashions to conserve textiles, a number of women have feverishly bought extra supplies of stockings, woolen garments and bouffant evening gowns, putting them away in their closets against the time when they cannot be bought in stores. The joke is on the boarders, however, for the things that are being banished from the style front will be just that—fashion aliens. The majority of women will wear patriotic fashions and those who are attired otherwise will be, to say the least, not admired.

Already Robert Kalloch, MGM designer, has started conserving material on Jeanette MacDonald's wardrobe in "Calico" by cutting off as much as five inches on some of her skirts.

Some of the men are grumbling about wearing cuffless trousers but when they see Clark Gable, Spencer Tracy and other big names in this "must" style, they will realize too that, at long last, men's fashions have changed. George Montgomery is wearing one of the new type suits in 20th Century-Fox's "Orchestra Wife" and will probably be the first man to wear the required style on the screen.

BEST DRESSED GIRL OF THE WEEK: An April bride gets our salute this week—lovely Virginia Field, who married Paul Douglas at the Hollywood Congregational Church. Her wedding ensemble was a navy tulle frock under a soft navy coat. Her tiny hat of natural straw nestled behind her pompadour and was covered with red roses misted by a pale blue veil. Her bridal bouquet was an old-fashioned nosegay of rosebuds.

AROUND TOWN: Warner Brothers held its annual party at the Biltmore Bowl with a great turn-out of stars and fashion. Virginia O'Brien, dancing with Bill Orr, was stunning in a dinner gown of grey marquisette with tiny scalloped ruffles and a bouquet of lilies-of-the-valley at her waist. Alexis Smith, with Craig Stevens, was interesting looking in an emerald-green crepe dinner gown, with side-saddle drapery and a sleek neck-line touched off by a coral clip. Lana Turner, with Bob Stack, wore a grey tailored suit with a brilliant yellow and purple striped vestee (or waistcoat) in faille silk underneath. Irene Manning in a flame crepe gown with matching hood.

QUIZ BOX

Q. From Katherine Windsor, Albuquerque, New Mexico: I would like some information about Jeffrey Lynn, Robert Young and Ruth Hussey. When were they born; are they married; and if so are there any children?

A. Mr. Lynn was born in Auburn, Massachusetts. He is not married, but his name has been linked with Margaret Hayes for some time. Mr. Young was born in Chicago, Illinois. He is married to a non-professional and has two children. Miss Hussey is a native of Providence, Rhode Island. She is not married.

Q. From Helen Jabe, Santa Rosa, New Mexico: Will you kindly list all the Academy Award winners from the beginning to date?

A. Sorry, but the list is too long for this column. The information, however, is being mailed to you.

Q. From Aldens Burris, Anderson, South Carolina: Who played Carol Landis in "1000 B. C."? What is Linda Darnell's next picture?

A. Victor Mature played with Miss Landis. Miss Darnell's next picture will be "The Loves of Edgar Allan Poe."

Q. From Betty Ray, Springfield, Oregon: Is Gene Autry's wife in the movies? Does he have any children?

A. Gene's wife is an ex-school teacher, strictly non-professional. They have no children.

Q. From Peggy Hamby, Alton, Illinois: Will you give me a brief biography of Tyrone Power, and the title of the last picture he is making before joining the Navy?

A. Mr. Power was born in Cincinnati, Ohio, May 5, 1914, the son of a famous actor and the third in the family to bear the Tyrone name, which comes from his ancestral home in Tyrone County, Ireland. After years of trying he finally broke into pictures in 1936. Married Annabella, April 23, 1939. He is 6 feet tall, weighs 155 pounds, has dark brown hair and brown eyes. His final picture for 20th Century-Fox is "The Black Swan" in which he is now working.

The young lady with the fishpole is June Millard appearing soon in Warners' "The Hard Way."

JOE FISHER'S Reviews of Previews

Outstanding picture previewed this past week was the Universal production of Rex Beach's famed story, "THE SPOILERS," starring Marlene Dietrich, Randolph Scott and John Wayne, with ample support recruited from top-flight feature players.

This is the third time the story has been filmed in the past twenty years and Director Ray Enright apparently made up his mind that this issue would be for keeps, for if ever there was a scrappier, punchier film with a one-two wallop your reviewer fails to recall it.

Along with plenty of fast action, John Wayne and Marlene Dietrich provide the romance in "The Spoilers."

The story, as you'll easily remember, is of Nome, Alaska, in 1900, and the tangle between crooked claim jumpers and the attempt of a new group to bring law and order to the gold mad town. Highlight of the picture is the fight between Randolph Scott and John Wayne, and it's a scrap you'll not forget for many a long day. It's the most spectacular movie fight ever staged and Mr. Enright doesn't hesitate to give it almost a complete reel of film. For Miss Dietrich, playing the barroom queen of the Yukon, the picture is one of the best things this accomplished actress has ever done. She is a seductress deluxe. Messrs Scott and Wayne put as much punch in their lines as they do into the fight, and the supporting cast headed by Margaret Lindsay, Harry Carey and Richard Barthelme are all right in the groove every moment, with an especial mention for a new find in the person of colored comedienne Marietta Canty, who scores heavily.

Producer Frank Lloyd has been lavish in production values, meaning that all in all "THE SPOILERS" is entertainment that should please movie-goers of all kinds and pile up plenty of money in Universal's coffers. Unhesitatingly recommended.

Monogram's "THE CORPSE VANISHES," starring Bela Lugosi, hits a new high in the chiller-diller class. It's a hair raiser with everything in it from a midget to a monster, all against a background of the sinister Mr. Lugosi. A competent cast contributes strong support, with an especial nod to Luana Waters, Kenneth Harlan and Tristram Coffin. "THE CORPSE VANISHES" is 64 minutes of straight from the shoulder jolts that will ripple the backbone of all thriller film fans.

MGM's latest "Tarzan" opus, "TARZAN'S NEW YORK ADVENTURE," is a humor packed film that should please movie-goers of any age. As the title indicates, the jungle superman finally gets away from the familiar jungle background and reaches New York in a search for his son, little John Sheffield, who has been taken to the big town by a party of big-game hunters who believe his parents have been killed. How they find him, working in a circus there and the adventures surrounding the rescue of the boy makes for plenty of excitement, with hair raising dips through the air from skyscraper to skyscraper climaxed by a dive off Brooklyn Bridge that should make the well-known Steve Brodie do nip-ups in his grave in sheer envy.

YOUR FAVORITE MOVIE PHOTO

This week we offer you a wide selection from which you may choose any one or all—all you have to do is write HOLLYWOOD TODAY, Crossroads of the World, enclosing 5 cents in coin or stamps for each photo desired, which covers the cost of postage and mailing to you.

Meet the Stars

With Vic Boessen

Once, when he was making a picture in the British West Indies, Sheldon Leonard, six-foot-two man of dread in the films, was invited to a native party at which the guest of honor held a position unique in Leonard's memory. The honor guest was dead.

Now there are those who will testify to something approaching this condition among guests at certain American parties in the later hours of the festivities. But these guests are always with us again next day, albeit a bit rocky and head-wracked. This fellow at the West Indies blow-off—and we don't mean hurricane—was dead, in rigor mortis.

He sat at the head of the table, Leonard recalls with a peculiar clarity, and the arriving guests were required by voodoo etiquette to shake his hand, which, although rigidly extended in the fixedness of death, had a slightly clammy quality, so that his handshake could be described as firm without warmth.

Overly sensitive persons, given to fustiness, might shrink from the social nicety of shaking hands with a corpse, but Sheldon was spared the appearance of bashfulness, for he didn't realize the fellow's condition until it was over. He looked so life-like. He sat there all evening, too, presiding over the frolicking guests with a cold, impartial eye.

Perhaps there is no particular point in telling this story about Leonard, except that one is always looking for something different, and a party honoring a corpse rigged up in a chair with piano wire and things does seem a little different.

Mr. Leonard himself is unusual. He graduated from the University of Syracuse intending to become a practical sociologist and instead got into some other things pretty remote from sociology. For one thing, he bottled beer for export. He was a beer barrel broker; that is, when Prohibition went out, he bought up all the beer barrels in New York, some 7000, and sold them to the brewers at a handsome profit. He has been a life guard and a professional football player, a longshoreman, a hat maker, theater manager and a great many other things. He was going great as a securities salesman in 1929, when something of a general nature went wrong.

However, his more notable success has been in acting, which he gravitated into after he began to realize, like a few million others, that he would have to work for a living. Leonard has appeared in such Broadway hits as "Three Men On A Horse," "Kiss the Boys Goodbye," and "Margin for Error."

He is a physical Adonis and his complexion is so dark that he uses no makeup—as dark as the deeds of the characters he plays.

It is said that he brought jive talk to the stage and screen, whatever exactly that is, but it has never been our purpose in this space to malign people, and Leonard is really a very nice guy when you get to know him.

You'll be seeing Rita Hayworth in this costume in 20th Century's "My Gal Sal."

ERSKINE JOHNSON'S Hollywood

EXCLUSIVELY YOURS: John Barrymore's daughter Diana is facing one of the toughest acting assignments of the year for her role in Universal's "Love and Kisses—Caroline." For scenes in the picture, Miss Barrymore will play a 12-year-old girl—Sadie Thompson in "Rain"—Joan of Arc—and Queen Victoria at the age of 80. . . . Ann Sheridan, as you can imagine, made quite an impression on the boys during her two week army camp tour. . . . Four hundred and twenty-five Fort Riley, Kan., draftees just voted her the "private's delight." . . . Lilo Yarnon, Cuban actor and protégé of Lillian Gish and Mary Pickford, will play the role of Joaquin in "For Whom the Bell Tolls." . . . Joan Crawford would like to do "Bury Me Not" as her next Metro flicker. Ditto Myrna Loy and Greer Garson. It may turn into a free for all. . . . Carmen Miranda's new film will be "Springtime in the Rockies," with Betty Grable.

The boys in the service are writing film studios asking for comedy instead of love stories. They say: "We don't want to be reminded of what we can't get." Bud Abbott and Lou Costello have even figured out a plug for United States defense bonds in a comedy routine for "Barton My Son." Trying to escape a process server, they masquerade as French imitators. When the process server corners them backstage in a theatre, Bud goes into a corny French dialect and winds it up saying, "Vive la defense bonds." . . . Add nice gestures: Morey Sell hosting a party of nine service men on a round of the Hollywood nightclub. . . . Billy Gray, the new m.c. at the Band Box. . . . Paramount's new find, Alan Ladd, is planning to enlist in the navy. . . . Watch for a reconciliation between Marion Marsh and her estranged husband, Al Scott. They've been seeing each other regularly.

The comedians don't corner all the laughs in Hollywood. Mrs. Guy Kibbee is good, too. The other day Guy asked her what had become of his allwool imported tweed coat for which he has a warm spot in his heart. "Oh, that," replied Mrs. K. "You didn't expect to ever wear THAT again. I'm using it in the closet as a decoy for moths." Blake Garner, who used to go with Ann Miller, is now making it the present tense with Republic's Lynn Merrick. . . . Arthur Murray's crack slogan for the treasury's sales campaign—"My Favorite Bond." . . . Metro will star Ethel Waters and Paul Robeson in a film version of "Cabin in the Sky." . . . Now that Al Jolson's knees and J. Barrymore's profile are in the concrete at Grauman's Chinese, Don Todd is wondering why they're overlooking Lana Turner. . . . Man-about-town Freddie Bartholomew, now 18, is dividing his time among Gloria Loya, Gloria De Haven, Rita Quigley and Gene Withers. . . . Jean Dupres and Lieut. Sandy Cummings are keeping the wires hot. . . . Typically Hollywood: Mabel Todd, who recently made five recordings as vocalist with Paul Whiteman's band, has yet to sing a song for her film roles.

Looks like Barton MacLane will have to postpone that hunting vacation he's been planning to take in the heart of Texas, clap, clap, clap. He's working in "Silver Spoon" at RKO, will follow it immediately with the heavy role in Damon Runyon's "It Comes Up Love." . . . Gene Autry's young brother, Dudley, is now stationed at the marine base in San Diego. . . . One of Leo Carrillo's 800 pound hegs on his San Diego ranch has a nameplate at its stall reading—"Andy Devine." The boys, working together in "Danger in the Pacific" are pals. . . . Add little known facts: Before turning actor, Otto Kruger was a telephone lineman. One day he stepped too close to the armature of a shorted fuse, the flame jutted into his face and he was totally blind for six months.

Bill Demarest, who played a 'cello for years in vaudeville, plays a violin for his role in Paramount's "Triumph Over Pain." Explains Demarest: "They're cutting down on everything these days." . . . Cesar Romero's definition of art: Hamburger with parsley. . . . Mary Howard and Lieut. Alfred Cox Jr., have discovered each other. . . . Producer Sol Lesser is en route to New York to discuss with Rose Franken possibilities of producing her original story "For the Love of Michael" on Broadway before filming it as his first UA release. . . . And Mr. Jerry Bergson's story on muchly married Tommy Manville. Seemingly Manville was being interviewed by the editor of a foods magazine and was asked "What do you eat at some time or other which you have found very bad for you?" Manville's classic comeback: "Wedding cake."

KEN MORGAN'S Hollywood Keyhole

Hollywood will lose a good percentage of its glamour this week when the Victory Caravan pulls out of the station headed east on the most gigantic junket in years. The company of 70 people will take care of 15 movie stars who will make the trip in the interest of the Army and Navy relief funds. The show opens in Washington, stops at key cities en-route back to the west coast and winds up in San Francisco the latter part of May. Set to make appearances thus far are Olivia de Havilland, Joan Bennett, James Cagney, Cary Grant, Charles Boyer, Eleanor Powell, Merle Oberon, Laurel and Hardy, Rise Stevens, Frank McHugh, Bert Lahr, Desi Arnaz and Ray McDonald.

Universal holds high hopes for its Spanish glamour star, Maria Montez. This contention was brought out this week when the studio sized the loan-out of the coming star to appear in a top line role in Gregory Easton's production of "Winter Garden," claiming that the star of "Arabian Nights" must have just as important an assignment in her next picture. Easton also thinks enough of her chances to have the script revised so that Maria's part will be equal to that of Alice Faye's chore. Now the deal is on again.

It took the entire membership of the 23 Mary Martin fan clubs in Texas to convince Paramount Studios that their native daughter should be given a chance to show her terpsichorean prowess on celluloid — after all, Mary taught dancing in the Lone Star State. Her fans' first agitation was to cast her opposite Fred Astaire, but the studio moved faster and she is now rehearsing dance routines for her part in "Happy Go Lucky," which starts this week.

THE GOOD HUMOR MAN: Red-headed beauty Arleen Whelan wants to try her luck with blonde tresses. . . . RKO was quite surprised this week when Tim Holt, who had just signed a new contract for six pictures, enlisted in the Army Air Corps. . . . Because of his friendship with Damon Runyon, Chester Hale is planning from New York to teach Lucille Ball one dance routine in "Big Street." . . . Ann Rutherford has a new maid named Cinderella Jones.

Lloyd Nolan is helping the Pasadena Playhouse out with the production of "One Sunday Afternoon." Lloyd originated the role on Broadway and was followed in the part by Gary Cooper. The payoff was when James Cagney played the part in the second version of the picture. . . . Mary Howard's brother Bill sells trucks in Boston, and gives an autographed picture of "Sis" with every sale. . . . Victor Mature wants to meet Norma Shearer. . . . Claire Trevor and Clay Adams are taking up where they left off about 15 years ago.

Reviewers are saying Ruth Terry really clicks in "Affairs of Jimmy Valentine." . . . Margaret Hayes reports that Jeffrey Lynn is now stationed at Fort Monmouth, New Jersey. . . . Julie Warren and Dick Martin have discovered each other. . . . George Arliss is said to be very ill. . . . Twentieth's new discovery, Dale Evans, took Spanish dancing lessons for months, but in her first picture, "Orchestra Wife," she does a jitterbug.

Henry Fonda's discoverer, June Walker, is playing a leading role in "Through Different Eyes" — first film part for the stage star in 12 years. . . . John Howard and Janet Blair are around together again. . . . New York scoops report the combo of Carole Landis and Anatole Litvak. . . . Looks all set for Van Heflin to get the role of the priest in Selznick's "Keys to the Kingdom." . . . Linda Darnell has moved away from the family into a small apartment — and she's getting her Texas accent back by getting around with George Holmes, a Houston lad.

Girl Scouts Name Troop The Blue Bonnets

Selecting the name, Blue Bonnet Troop, girl scout members met Wednesday at the First Presbyterian church for election of officers and a business session.

Fatsy Ann Tompkins was named president, Dot Coble, vice-president, Jennie Sikes, scribe, and Heba Jean Roberts, treasurer.

Others attending were Dorothy Ann Bishop, Dorothy Marie Watson, Delma Lorrain Moser, Wanda Jean Cooper, Donnie Jane Roberts, Elizabeth Bond, Marilyn Carmack, Rosalyn Beala, Stella Gene Turk, Lynn Porter, Gayle Oden, Gertrude Wilkerson, Mary Helen Lomas.

Nellie McElhannon, Vivien Middleton, Nancy Underwood, Nancy Whitney, Erma Jessamine Shaughter, Rose Mae Taylor, Marjorie Coffee Joan and Joyce Beene, Dorothy Ellen Taylor, Betty Jo Stuteville, Clarice Betty, Barbara Jo Olson, Doris Taylor, Essie Pearl Hallbrook, La Vern Cochran, Norma Cherry, Doris Gessie, Mary Jo Bradley.

Coahoma Women Have Missionary Meetings

COAHOMA, April 28 (Sp) — Mrs. Jack Darden was in charge of the Royal Service program when the W. M. U. of the Baptist church met in the home of Mrs. M. E. O'Daniel Monday afternoon. Topic was "Think on These Things."

Paris were given by Mrs. Chester Coffman, Mrs. Della Lay, Mrs. Annetta Coffman, Mrs. P. F. Woodson, Mrs. Hosa DeVanay and Mrs. M. W. Pitts. Mrs. Pitts also gave the devotionals.

Refreshments were served and others present were Mrs. Ernest Rainey, Mrs. Della Lay.

The Methodist Woman's Society of Christian Service met at the church Monday with Mrs. Mitchell Hoover as leader in the program on "Visions in Scandinavian Countries." Mrs. J. W. Wood gave the devotionals. Mrs. H. M. Cooley talked on school missions in India. Mrs. John W. Price gave the prayer. Others present were Mrs. N. G. Hoover, Mrs. S. B. Eagles, Mrs. M. M. Hubbard.

Visits and Visitors

Mrs. Harold Bobb left Wednesday for San Antonio where she will join her husband and visit her son, Hank, in Corpus Christi.

Mrs. Grady Jones has as her guest her sister, Bonnie Bell McKinley of Chase Grande, Asta, who will spend the week here.

Mrs. B. F. Willis and daughter, Mrs. Charles Scharf of California, returned Tuesday evening from El Paso. Mrs. Scharf will spend the rest of the week here.

Mrs. and Mrs. E. E. Borum have as guests his parents, Mr. and Mrs. E. R. Borum of Floydada. They will spend the week here and then go on to Fort Worth before returning home.

Roses Decorate Home At Kongential Party

Roses decorated the home of Mrs. R. W. Halbrook when she entertained the Kongential Club in her home Wednesday afternoon.

Mrs. Beol Compton won high scores and Mrs. Jack Smith was second high. Mrs. Bill Edwards brought.

Only guest was Mrs. W. K. Edwards, Jr. Refreshments were served and others present were Mrs. D. A. Watkins, Mrs. G. B. South, and Mrs. J. C. Vinyard. Mrs. Smith is to be next hostess.

Meeting of Girl Scout Workers Is Called For Friday

A meeting of scout leaders, assistant leaders and committee chairmen has been called for Friday evening at 8 o'clock at the Seattle hotel. Plans for making a schedule for regional field representative, Lucille Showers, who will be here May 4-5th will be discussed.

Officials reported that ten girl scout troops are now organized and functioning and that five more troops are expected to organize when sponsors and troop leaders can be obtained.

Use of chartered buses in Canada has been restricted to purposes clearly identified with the war effort, the department of commerce says.

New under-arm Cream Deodorant Safely Stops Perspiration

1. Does not soot dress or men's shirt. Does not irritate skin.

2. No waiting to dry. Can be used right after shaving.

State-Wide Observance Of Day To Be Held

A sacrificial banquet will be held by the First Christian young people at the church Friday evening at 8:30 o'clock.

The observance is being held throughout the state of Texas by Christian churches in order to send a missionary to Paraguay. An effort is being made to raise \$1000 for the missionary.

No food will be served at the banquet but a program will be given and an offering taken.

Theme of the meeting is to be "Christ Has No Hands But Yours." Marjory Maxey will be leader and special numbers will be given by Delores Gage and Mosele Daniel accompanied by Celia Westerman at the piano.

Mrs. W. B. Martin will give an address on "World's Need for Christ."

If You've Ever Wanted To Be A Fireman, Now's The Time—Join Auxiliary Firemen And Wardens

By MARY WHALEY

If you have ever longed to be a fireman, man one of the hoses, or turn on the street hydrants in a legitimate and legal manner, the place for you is at the auxiliary firemen and air raid warden five week course now in progress down at the city hall.

Last night the group I was in took up the second phase of study, the care and operation of different types of pumps, taught by Tommy Morris.

Explanation of the 100-gallon centrifugal pump was given by Morris, and then class members took turns holding the nozzle of the hose first with and then without the 100 pounds of pressure that was used. Two types of nozzles, the regular sort that plays a steady stream and the spray type as used mainly in fighting oil fires, were demonstrated.

Fire drills were also held with teams forming into competition to connect the hose at each joint, at the pump, and turn on the water. First try took something like 45 seconds by the new hands but practice brought the time down to 30 and 35 seconds which Instructor Morris called "pretty good time."

Such advice as learning to keep in front of the hose in case it slips out of hand to avoid injury, was given along with getting "the feel" of the hose and the power behind it.

In case of a disaster when large fires would be burning the auxiliary firemen could be helpful in spelling the regular firemen in handling the hose, or "backing up" the firemen which consists of standing about ten feet from the nozzle and putting the weight of about four men on the hose to keep it steady.

Full crew of some 200 persons again turned out for the course which will be held again next Wednesday night. Study of ladders and ladders and small tools including use of door opener, ax, spanner, safety chain and hose clamp will be studied next Wednesday by this group.

All five phases of study are taken each Wednesday evening by different groups which rotate until each class has studied all courses.

Club Member Is Honored On Her Birthday

Honoring Mrs. W. C. Jones on her birthday anniversary, the All Around Forty-Two club met in the home of Mrs. Max Welch Wednesday for games.

Mrs. Jones was presented with gifts. Prizes were won by Mrs. Jim Harper and Mrs. Frank Gray. Two guests present included Mrs. Bob Cochran and Miss Bonnie Belle McKinley of Casa Grande, Ariz.

Mrs. Marvin Wood was named next hostess. Others present were Mrs. Grady Jones, Mrs. Bob Phillips, Mrs. Wood, Mrs. D. S. Orr, Mrs. Guy Mitchell, Mrs. Altes Wright, Mrs. Buck White.

Pioneer Bridge Club Includes Three Guests At Party

Three visitors, Mrs. R. T. Piner, Mrs. R. B. G. Cowper, and Mrs. E. Eckhaus, met with the Pioneer Bridge club Wednesday in the home of Mrs. Joyce Fisher.

Mrs. Piner won guest high score and Mrs. R. C. Strain won club high score.

Spring flowers were decoration. Refreshments were served and others present were Mrs. J. D. Bliss, Mrs. John Clarke, Mrs. E. O. Ellington, Mrs. Bernard Fisher, Mrs. Lee Hanson, Mrs. W. W. Inkman, Mrs. Shine Phillips, Mrs. V. Van Gieson.

Mrs. Hanson is to be next hostess.

Two Guests Meet With Ely See Bridge Club In Lee Rogers Home

Two guests, Mrs. D. M. Penn and Mrs. William Tate, met with the Ely See club in the home of Mrs. Lee Rogers Wednesday afternoon for bridge.

High score went to Mrs. R. B. McEwen and second high to Mrs. Victor Martin.

Refreshments were served and others playing were Mrs. Elmo Wasson, Mrs. R. E. Bliss, Mrs. J. B. Young, Mrs. R. L. Beale. Mrs. Wasson is to be next hostess.

To Relieve distress from MONTHLY FEMALE WEAKNESS

Try Lydia E. Pinkham's Vegetable Compound to help relieve monthly pain with its weak, nervous feelings—due to monthly functional disturbances. It helps build up resistance against such distress of "pitiful days." Follow label directions.

Writing To A Soldier? Then Take Tip From Boys On What To Say

HE CAN'T FORGET the folks at home. Here's an American soldier in Ireland at the fighting man's favorite diversion—letter writing.

By ADELAIDE KEENE
Wide World Features Writer
Are you wondering what your soldier is doing tonight?
Are you tormented by pictures of him surrounded by beautiful blondes, dancing with dazzling redheads, entertained here, playing there, seeing places and people you may never know?

Pull the Trigger on Constipation, with Ease for Stomach, too

When constipation brings on discomfort after meals, stomach upset, bloating, dizzy spells, gas, coated tongue, and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative-Senna to pull the trigger on those lazy bowels, combined with Syrup Pepsin for perfect ease to your stomach in taking. For years, many doctors have given pepsin preparations in their prescriptions to make medicine more agreeable to a touchy stomach. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative Senna combined with Syrup Pepsin. See how wonderfully the Laxative Senna wakes up lazy nerves and muscles in your intestines to bring welcome relief from constipation. And the good old Syrup Pepsin makes this laxative so comfortable and easy on your stomach. Even finicky children love the taste of this pleasant family laxative. Take Dr. Caldwell's Laxative Senna combined with Syrup Pepsin, as directed on label or as your doctor advises, and feel world's best. Get genuine Dr. Caldwell's.

Excess Rains Hinder Crops In Some Areas

AUSTIN, April 23 (AP)—Crops prospects improved in most of the state last week, exceptions being parts of North Central and East Texas where additional rains made soil moisture excessive and in South Texas where it continued to dry, the U. S. department of agriculture and Texas agricultural extension service reported today. Field work got under way rapidly soon as fields dried out after

the good rains of the previous week. Grains made good growth and were recovering where greenbug damage had not killed the plants completely, so that some small proportion of a crop is now possible in many counties previously considered hopeless. Wheat made rapid growth in the major producing section of northwestern Texas; in fact, the chief concern there seemed to be that growth was too far advanced and stands too thick. In the high plains area damage by insects had been negligible but the hatch of greenhoppers was so large that the preparations were being made for poisoning. In the northern low plains and in North Texas greenbug damage had been heavy, but was apparently checked by the rains prior to

mid-April; less severely damaged fields were making rapid recovery and there was a good possibility that a partial crop would be harvested. But with the major portion of the crop ravaged in the area ravaged by greenbugs, it was certain that the acreage for harvest would be small. PATROLMAN CHARGED GRAHAM, April 23 (AP)—State Highway Patrolman John Lowery, 47, was under \$5,000 bond today in the fatal shooting of Sam Shansfelt, 42, city marshal of Bryson, Texas, in what Assistant District Attorney Reuben Loftin described as a gun battle. United States notes or coins may now be used in Australia, in payments for goods and services, the department of commerce says.

News Notes From The Oil Field COMMUNITIES Mrs. Idella Alexander and Mrs. John Lane visited the Lloyd Burkhardt the past weekend. James Lloyd Burkhardt, Mrs. Alexander's guest since Thursday, returned home with them. Mr. and Mrs. W. R. Dunn were Sunday guests of the Burkhardts. Mr. and Mrs. R. E. Minyard went to Odessa Sunday. Picnickers at the city park in Big Spring Sunday included Mr. and Mrs. Edgar Chambers, Herbie Smith, Gwen Monroey, Evelyn Monroey, Roy Peak, Virginia Chambers and J. E. Harland. Mrs. Betty Kilpatrick of Douglas, Ark., is expected here Saturday for a week's visit with her daughter, Mrs. Edgar Chambers, and Mr. Chambers. Mr. and Mrs. James Madding are in Lamesa and Seminole this week and expect to be away a month. Madding is working for Shell there. Earl Campbell of Odessa has been sent here by Sun Oil Co. to relieve in absence of O. S. Butler. Mr. and Mrs. M. G. Starr and family have been transferred to Illinois by the Magnolia Oil Corp. Mrs. Vera Harris and daughter, Myra Nell, were Odessa visitors Sunday, attending a dinner honoring Mrs. Harris' father, C. C. Gaskins, on his 82d birthday. Mr. and Mrs. G. H. Long of Weatherford visited their son, Eugene, and Mrs. Long the past weekend. Mrs. Long Jr. is ill of mumps. Mr. and Mrs. J. R. Asbury Jr. of Coahoma visited relatives in Fortson this week.

French Embassy Members Resign WASHINGTON, April 23 (AP)—Four members of the French embassy and consular staff here have resigned, it has been disclosed, in protest against the collaborationist regime set up in Vichy by Pierre Laval. A fifth is expected to hand in his resignation this afternoon.

Conservation Dist. Shows Progress

One of the most active soil conservation districts in the state—and the most advanced of its age—is the Martin-Howard district, according to communications from the state office of the board of supervisors.

race line in the district since January 1. Several hundred miles of terraces have been built. In Howard county alone eight whirlwind terracing machines have been working daily throughout the winter—and are still in operation. At least one of these is operating 24 hours daily. These machines average a half mile of terraces in an eight-hour working day.

Howard Farmers Are Taking Advantage Of Early Moisture

For the most part, Howard county farmers aren't waiting for later opportunities to start work on 1943 crops.

Much sudan has been sown in the county, and many farmers are putting in their cotton—which is more often planted between May 10 and June 15.

work is gaining speed in the number of plow points, cultivator sweeps and other tools in blacksmith shops being sharpened. Lee Batterwhite, Big Spring blacksmith, reports his shop has been busy as could be for the past several weeks with a heavier run of work than usual.

President Orders All Patents Seized

WASHINGTON, April 23 (AP)—America's war production effort burst through into new channels today under the impetus of a presidential order seizing all enemy-owned or controlled patents—including German patents on the manufacture of synthetic rubber and fuels.

War Board News

Sulphur Found Good For Smut Treatment Of Sorghum Seed

By M. WEAVER
Kernel smut of sorghums has cost farmers of this area thousands of dollars. It is a widespread disease in cane and milo and in a smaller degree begari and the kafira. A very satisfactory control by dusting the seed with ordinary sulphur has been developed by R. E. Harper, agronomist in charge of sorghum investigations, of the Texas Agricultural Experiment Station.

lots of cholera is spread by improper vaccination with hog cholera virus. Neighbors visiting back and forth walking in infected pens are prolific means of carrying infection from place to place. Hogs that have been exposed to hog cholera will show the first symptoms in five to ten days after exposure.

Rubberized back prevents rug from curling or slipping! Attractive designs in new colors!

TULSA, Okla., April 23 (AP)—Additional ground appeared to have been gained in aiding transportation of petroleum to the Atlantic coast and Pacific northwest.

Movement of railroad tank cars to the east coast increased the flow of oil into that rationed area to 586,500 barrels daily for the week ended April 11, a gain of 11.6 per cent over the previous week.

The office of the petroleum coordinator also was studying the possibility of concentrating barge facilities on the Mississippi and Ohio rivers. A pipe line from southwestern fields to Grand Lake, Ark., to shorten the river haul also was under consideration.

Veterinarian Gives Information On Hog Cholera Prevention

Hog cholera is an infectious and contagious disease of swine only. The cause of hog cholera is attributed to a filterable virus and is found in the blood of hogs and therefore in practically all the tissues of the animal body.

The first identified outbreak of hog cholera in the United States occurred in Ohio in 1833. From this original center it has spread widely and now prevails more or less continuously in every state of the union as well as in the surrounding countries, including the island possessions of the United States.

Symptoms: The symptoms in both types of hog cholera, namely the acute and the chronic type are alike, the only difference lies in the time that elapses between the first symptoms and death. The first symptom in the usual outbreak is a rise of temperature.

Rail Shipment Of Oil Shows An Increase

Movement of railroad tank cars to the east coast increased the flow of oil into that rationed area to 586,500 barrels daily for the week ended April 11, a gain of 11.6 per cent over the previous week.

The office of the petroleum coordinator also was studying the possibility of concentrating barge facilities on the Mississippi and Ohio rivers. A pipe line from southwestern fields to Grand Lake, Ark., to shorten the river haul also was under consideration.

Against The Greatest Of Odds -- AVG Flyers Continue To Knock Off Japs

(Though the following dispatch from Daniel DeLoach has been 13 days in transit from the remote interior of embattled Burma, it contains a graphic picture of the grim battle against great odds being fought by the heroic "Flying Tigers" of the American Volunteer Group. Today, according to the latest battlefield communique, the boys of the AVG still are waging that fight, in the face of constantly-rising Japanese air strength.)

BY DANIEL DELOACH WITH THE AMERICAN VOLUNTEER GROUP IN BURMA

April 10. (Delayed-18)—Driven out of Mingaladon and then Magwe, the fighting Yanks of the American Volunteer Group, with the colors of China and Britain on their plane wings, now are braced against the inevitable heavy Japanese assaults on their new base deepening northern Burma.

Already they have cracked down on the enemy's numerically superior forces, and have destroyed an entire squadron of the invaders' finest aircraft.

In two dogfights spaced 48 hours apart, ranging 100 miles over the green mountains of China's Yunnan province and Burma's Shan states, the American pilots broke up a swarm of Japanese air raiders and blasted 15 out of the sky for certain.

Five other enemy planes probably were destroyed in the combat. The Japanese planes were on a special 1,000-mile mission, equipped with extra gas tanks, and were out to catch the AVG aground. Twice, however, the heavily gunned Japanese Zero fighters fell into an ambush in the clouds.

The waiting Yanks raked them with savage fire and Japanese planes hurtled from the skies, trailing clouds of white smoke, to plunge flaming into paddy fields and verdant jungle growths.

None of the American fliers was lost.

A Texan, who was a Royal Air Force sergeant pilot in Canada after washing out at the U. S. air corps training school at Love Field, Dallas, Tex., had the closest call.

During the course of the melee he got on the tail of a Zero fighter and, because of the difficulty he'd had confirming five previous combat victims in Burma, he followed his adversary down until he saw him crash in flames.

With the Texan was thus en-

gaged another Japanese plane got on his tail and sent a burst of machinegun fire through his instrument board. Oil from a broken line splattered over the Texan, blinding him, and he made a crash landing.

As he sat in his wrecked plane, half-stunned, another enemy plane swooped low with blazing guns and narrowly missed finishing him off.

Wednesday noon (April 8) a fast twin-engine Japanese reconnaissance bomber, possibly a Heinkel or JU-88 (German) model, scouted the field and eluded two pursuing American fliers flying with throes wide open. Then in mid-afternoon a Japanese fighter formation was reported en route.

Squadron Leader Arvid Olson of Chicago and Bob Little of Seattle, just arrived from Sinago, went aloft with Ed Overend of Coronado, Calif., Johnny Donovan of Montgomery, Ala., R. T. Smith of Lincoln, Neb., Frits Wold of Shawano, Wis., Cliff Groh of Chicago and Fred Hodges of Memphis, Tenn., at the controls of the older planes.

The Japanese suddenly swooped over the runway but there were no rows of stationary aircraft. They combed the edges of the field, hunting for concealed prey.

Nearly five miles high in the cloud-patched sky, more of the enemy hovered.

Then the Americans counter-attacked!

Brown streaks of lightning dived at the low-flying strafers. Above the scream of motors and crackling gunfire, stricken Japanese planes sounded like exploding bombs when they crashed to the ground.

The Japanese cruising high in the sky stayed there, just dim silver specks to ground observers, while one after another ten of their mates died fighting and the remainder broke and fled in their damaged ships.

Wednesday's score was Olson one and Donovan one, their first victories; Overend, Groh, Hodges and Little, one apiece; and Smith and Wold, two each.

Hodges' pretty bride of six days, the former Helen Anderson of Rangoon, saw from a hilltop the lanky Tennesseean's triumph of the air.

Japanese air activity the following day dropped off to the point where only one reconnaissance plane wandered into the defensive zone.

Today (Friday, April 10) at dawn Japanese navy Zero planes sneaked over the Chinese hills and roared toward the Americans' field in a technique apparently borrowed from the Americans' devastating attacks on Moulmein and Chi-

enging, the Japanese emptied their guns. They headed for their base, seemingly reluctantly, for they turned and came back for a farewell sweep before vanishing.

But not a single allied plane on the ground had been burned.

"The worst marksmanship we ever heard of," said Olson with great relief. "The Japs should take another lesson from Bill Reed and Ken Hornstedt at Moulmein."

THE FAR HORIZONS—"Somewhere in northwestern Ohio" an aerial photographer with the U. S. Army Air Corps shot this view of Lake St. Mary, which looks like a huge ink blot on the patchwork of neat farm lands. You are looking in the direction of Fort Wayne and South Bend, Ind. Celina, Ohio, is at upper right corner of lake. Photo taken at 20,000 feet with infra-red film.

Bottlers Ready To Assist In Water Crisis

Local soft drink plants will assist civilian defense and other war agencies in providing drinking water, should the public water source be damaged by sabotage or other enemy action, according to a statement made today by Jack Roden, manager of the Texas Coca-Cola Bottling Company.

"Our beverage plant is listed in a report covering a survey of such facilities just released by the American Bottlers of Carbonated Beverages, the soft drink industry's national association, for the assistance of defense and public health officials," he said.

The survey was made at the suggestion of the Office of Civilian Defense, Washington, and lists soft drink manufacturers by states and cities who have voluntarily offered facilities of their plants for community use in such emergencies.

When questioned as to the extent of such facilities Roden said there are more than 6,000 soft drink firms over the country, many of which have filtration and water purification systems to which local health authorities can turn for a temporary source of pure drinking water for the civilian population.

Big Spring Hospital Notes

Elizabeth Ann Walters, daughter of Mr. and Mrs. C. D. Walters, of Phoenix, Ariz., underwent mastectomy Thursday.

Mary Wallace, daughter of Mrs. Guy Wallace, had tonsillectomy Thursday.

Willie Bell Ashley of Tarsan underwent tonsillectomy Thursday.

J. B. Kimble, Wink, underwent surgery today.

Mrs. Paul Limer's condition is improving following surgery.

Bill Coen, son of Mr. and Mrs. J. C. Coen, is improving following surgery.

Eloyd O. Madden, Moulmein, is receiving medical treatment.

Texas Oil Output May Be Slashed

Freak Wind Causes Damage In N. Mex.

ALBUQUERQUE, N. M., April 25 (AP)—A gale struck with sudden fury west of Albuquerque late yesterday and an accompanying freak whirlwind damaged 48 training planes inside a hangar at the Cutter-Carr Flying Service field. Two employees of the firm were injured slightly.

The shut-in removals would add 27,000 barrels to daily flow in the two areas.

ALBUQUERQUE, N. M., April 25 (AP)—A deep slash in Texas oil production for May—unless federal officials can be convinced more crudes is needed—was in prospect today.

Soon after the office of the petroleum coordinator recommended a statewide output of 900,000 barrels daily next month, 900,000 barrels daily under the April estimate, Railroad Commission Oil Commissioner and Perry Smith announced they were leaving for Washington.

They said they would take with them sworn statements of purchasers showing firm demand for 1,612,000 barrels of Texas crude each day in May.

Current Texas yield is about 1,065,000 barrels but will increase somewhat because the OPEC recommended and the commission agreed that the shutdown days for the rest of April should be removed from North Texas and North Central Texas to fill up used pipeline capacity.

O'Hare Nominated For Lieut. Cmdr.

WASHINGTON, April 25 (AP)—The nomination of Lieutenant Edward E. O'Hare, the navy flying ace who shot down five Japanese bombers and damaged a sixth in engagements over the Pacific, to be a lieutenant commander was sent to the senate today by President Roosevelt.

O'Hare received promotion papers and a Congressional Medal of Honor from the president on Tuesday in a ceremony at the White House. The nomination advancing him from lieutenant to lieutenant commander requires senate confirmation.

Also transmitted to the senate was the nomination of James R. Pope to be director of the Tennessee Valley Authority for another term.

Malone And Hogan Clinie-Hospital

Joe Marling, Posen, was admitted Wednesday for medical attention.

Mrs. Earl Dodge, Odessa, underwent surgery Wednesday.

Mrs. Edna Reeves, 902 Main St. is a medical patient.

James Houston, daughter of Mr. and Mrs. A. B. Houston, Stanton, has been dismissed following surgery.

Mrs. J. B. Hollis, Rt. 1, a surgical patient, has been dismissed.

F. J. Duley, a surgical patient, continues to improve.

NOW—THE SAME RICH MAXWELL HOUSE COFFEE

packed 2 modern ways... both with the same "Vita-Fresh" Super-Vacuum Protection!

1... NEW Vacuum Jar
2... FAMOUS Vacuum Can

Whichever your grocer offers—each assures you the same roaster-fresh Maxwell House

You have probably seen some of our new vacuum jars of Maxwell House at your grocer's lately. You will see more. For they represent our adjustment to Uncle Sam's all-out war efforts.

To meet this situation, we have perfected in Duesler the famous "Vita-Fresh" super-vacuum pack that has always protected Maxwell House Coffee. It is the one way known to science to bring you perfect coffee, roaster-fresh!

Adjustment—no pretense!

So, now, you may find that some stores have Maxwell House vacuum-packed both in jars and in cans. Other stores may have only jars—still others, only cans. We cannot tell which there will be most of, because we cannot predict exactly what our country's needs may require.

But this you can count on: Either way, you get the same roaster-fresh Maxwell House! Our "Vita-Fresh" super-vacuum is an effective in jars as in cans—and at no extra cost to you!

Kiwanis Hears Students Tell Career Plans

Explanations of why each had made a particular choice of vocation were heard from three high school students in addresses to the Kiwanis club Thursday.

Edwin Harris told why he had chosen railroad clerking; Barbara Sewall, secretarial work; and C. A. Smith, engineering.

John Coffey was in charge of the program, part of the Kiwanis club observance of vocational week, and which also demonstrated the workings of the high school vocational guidance program. Emma Nalley of Kata Morrison school talked briefly on the Americanization efforts of that school and extended an invitation to the supper being sponsored at the school Saturday evening.

The club voted to sponsor a girl scout troop. Next week's program will be under the direction of Charles Kelsey and will be given over to the observance of Canada-United States good will.

Defense Classes Will Expand As Need Appears

Training for national defense industries has been confined principally to aircraft and shipbuilding and will be expanded in other directions only as demands become imminent.

This was the report from Bert Cate, assistant state director for the trade and industrial division of the state department of education, and of Paul Spruiell, attached to the administrative department of the United States Employment Service, at Austin as they stopped here briefly Thursday.

Both looked over the welding and the aircraft sheet metal work classes in operation here.

Concentration of training on the two basic fields has been largely because they are comparatively new, at least on their current scale, they explained. Many factors, such as avoiding undue migration of labor, building up over-supplied labor pools, etc. must enter into programs of training, their location and their expansion, they said.

Markets At A Glance

NEW YORK, April 23 (AP)—Pressure on the stock market was renewed today and leaders generally gave up a substantial part of the gains recorded on the recent rally from nine-year lows.

Light selling persisted throughout and near the close declines ranging from fractions to a round 2 points were widely distributed. Volume was around 400,000 shares.

U. S. Steel, Anaconda, Kennecott, Glenn Martin, American Telephone and Standard Oil (N.Y.) were among the prominent issues posting new lows for a year or more. Others in the minus division were Bethlehem Steel, Chrysler, General Motors, U. S. Rubber, Montgomery Ward, Sears Roebuck, Harvester, Boeing, United Aircraft, Western Union, Westinghouse, Dupont, Union Carbide, Santa Fe, Great Northern and Chesapeake & Ohio.

Americans Hold Out On Panay Island

TOKYO (From Japanese Broadcasts) April 23 (AP)—Five to six hundred American and Filipino troops are holding out in the jungle on the slopes around the 1,700-foot Mt. Baloy, highest peak on Panay Island, the newspaper Asahi reported today.

Asahi said that aside from this force in the central part of the island all resistance on Panay had collapsed.

Rail Officials Are Acquitted

PEORIA, Ill., April 23 (AP)—President George P. McNear Jr., and two other officials of the Toledo, Peoria & Western Railroad were acquitted by a federal court jury today of charges of violating the national railway labor act by coercing union employees.

It was the first criminal action brought under the 1926 railway labor act. The government contended that McNear and two subordinates, Superintendent Marian H. Best and Trainmaster Bruce Clifford, by threats had tried to stop their employees from organizing a local of the Brotherhood of Railway Trainmen.

The 230-mile road, which enables transcontinental freight to bypass Chicago, was recently seized by the government as the culmination of a strike dispute.

Livestock

FORT WORTH, April 23 (AP) (UDDA)—Cattle 5,500; calves 800; bulk medium and good steers and yearlings 10.50-12.50, two loads halfers 12.25; common butcher yearlings mostly 8.75-10.00; beef cows 7.50-9.00; bulls 7.50-9.75; good and choice fat calves 12.00-13.50; few good and choice stocker calves 12.00-14.00; good and choice yearling stocker steers 10.50-12.25.

Hogs 2,800; top 14.00; packer top 13.90 paid for most good and choice 180-280 lb. averages; good and choice 110-175 lb. 13.20-35.

Forsan And Chalk Consolidation Asked

The almost-annual question of consolidating Forsan and Chalk schools will be put before voters of the two districts again soon.

Judge W. S. Morrison said Thursday he had been presented with a petition from residents of the two districts asking a consolidation election. "We have not had time to check the petition or set on it, but the commissioners court will do so soon," he said.

Morgenthau To Make Broadcast

J. E. Collins, chairman of the Howard county stamp and bond sale program, called attention today to an important program set for 9 p. m. CWT over the Blue network of NBC.

Secretary of the Treasury Henry Morgenthau, Jr., Secretary of Agriculture Claude R. Wickard and business and labor leaders will speak on the broadcast, which will be devoted to discussions of the national war bond quota system and the 10 per cent payroll savings plan.

A special guest on the program will be the hero navy pilot, Lt. Com. Edward Henry O'Hare, who shot down six enemy planes in one flight. Among others on the program will be William Green, president of the American Federation of Labor, Philip Murray, president of the Congress of Industrial Organizations; W. P. Witherow, president of the National Association of Manufacturers, John W. O'Leary, chairman of the U. S. chamber of commerce executive committee, and T. C. Cashen, chairman of the railway executives association.

Local Minister Made Moderator

Moderator of the El Paso Presbytery is the Rev. O. E. Savage, minister of the First Presbyterian church here.

The local preacher was named to that office at the opening session of the Presbytery Tuesday evening in Seminole and presided over the remaining sessions of the body.

He will remain in office until the next meeting of the presbytery at the First Baptist church in Lubbock in the autumn. Accompanying the Rev. Savage to Lubbock was A. A. Porter, one of the church elders, who did special committee work at the presbytery. The Big Spring minister also addressed a men's banquet which preceded the opening of the main church meeting.

Mrs. Roosevelt Left \$2,000,000

POUGHKEEPSIE, N. Y., April 23 (AP)—Mrs. Sara Delano Roosevelt, mother of the president, left a net estate estimated at \$2,000,000, a New York state transfer tax appraisal showed today.

The proceedings show a \$5,000 bequest to St. James' church at Hyde Park, which is known as the president's church, and establishment of trust funds for Mrs. Anne Eleanor Roosevelt, the president's wife, and the Roosevelt's five children. They also show the only other grants are \$5,000 each for three executors in lieu of fees and commissions, after which the residuary estate passes outright to the president.

Farewell Party Is Given Mrs. Bostick

A farewell party was held for Mrs. Lesman Bostick in the home of Mrs. E. A. Davis this week with Mrs. Pat Bostick assisting the hostess.

Hours were from 2 o'clock to 4 o'clock. Mrs. Bostick and Mrs. Davis were in the receiving line and Mrs. J. H. Ward at the register. Mrs. Bostick was presented with a rosebud corsage.

Attending were Mrs. G. E. Patton, Mrs. George O'Brien, Mrs. Brown, Mrs. Hale, Mrs. Ott Davis, Mrs. Roy Miller, Mrs. Ruth McNear, Mrs. Raymond Kelly, Mrs. J. Popjoy, Mrs. E. J. Whisenand, Mrs. Joe Bailey King, Mrs. Dan Greenwood, Mrs. Bill Bostick, Mrs. M. E. Bostick, Mrs. T. J. Woods, Jackie Moore.

Sending gifts were Mrs. Jewel Bostick, Phyllis Wood and Billie Marie Bostick.

Here 'n There

War Savings stamp and bond sale at the South Ward school Wednesday netted \$90.30 in stamps and two \$18.75 bonds. Top room in the school was the second grade taught by Mrs. Dean Bennett who sold \$50 in stamps.

Basic Industrial Safety Engineering students will attend the Red Cross community program tonight at 8 o'clock at the city auditorium in a body.

Corporal Murian Smith, Camp Blanding, Fla., is visiting on furlough here with his wife and parents, Mr. and Mrs. Loy Smith.

Himmm! Who was the wag who observed that this should be the day for the wet-dry election? Maybe so, it might have satisfied both.

Fats Stagner shows a copy of the Cleveland News in which O. B. Robertson, national president of the Locomotive Engineers and Firemen, is delivering a check for \$1,000 to be used on a Flying Fortress which the Brotherhood hoped would go to Douglas MacArthur.

Sgt. Troy Gibson, army recruiting sergeant, said today that he was working with the chamber of commerce in securing a list of "minute men" who would speak for 30 seconds daily at theatres and other places on behalf of the recruiting service.

Latest victim of car thieves is Jim Harper, 1803 Johnson, who lost his car from in front of a club Wednesday night.

A 19-year-old youth, caught snatching a battery cable from a car at a local wrecking yard, was fined \$15 on his plea of guilty in city court Thursday to a petty theft charge.

TIRE PRICES UP
 WASHINGTON, April 23 (AP)—A 16 per cent increase in maximum retail prices of new auto tires and tubes—for those permitted to buy them—was approved today by the office of price administration, effective Saturday.

Six-Man Grid League Plans '42 Season

Despite increasing transportation problems, the district six-man football league will operate this fall unless unforeseen difficulties arise, it was decided Wednesday night.

Representatives of the eight member schools met at the Bettles hotel to map plans for the new year. P. D. Lewis, Forsan superintendent, was elected chairman and Noel Y. Burnett of Garner, secretary.

The district will be divided into north and south halves, with each playing double round robin schedules with a single play-off game between the champions.

North half will be composed of Coahoma, Westbrook, Garner and Courtney; south half will include Forsan, Garden City, Sterling City and Water Valley.

Promotions In Defense Guard Are Announced

Eight promotions have been announced by Capt. Cliff Wiley, commander of company E. M.B., TDG, here.

Three of his men were elevated to the rank of sergeant and five to corporal.

Corporal Cecil McDonald was made sergeant of the second platoon, while Pvt. Charles M. Stagg and Cy Blisop were made guide sergeants for each of the two platoons.

Promoted to the rank of corporal were Robert Scheyer, Kelly Lawrence, Lonnie E. Dampsey, E. W. Smith and Sol Strupp.

Elevation of these men left some additional vacancies in the rank which now may be filled by new applicants, it was pointed out by

When Your Soldier Or Sailor Comes Home On Leave, Fix Him Something For His Sweet Tooth

LOW SUGAR CHOCOLATE CAKE... It hits the spot

By MRS. ALEXANDER GEORGE, Wide World Food Editor

When your soldier or sailor boy rolls into the old homestead on leave, they will enjoy being greeted by some of their food favorites.

Most service men get good

Low Sugar Chocolate Cake
 1 3/4 cups cake flour
 1 1/2 teaspoons soda
 1-2 teaspoon salt
 1-2 cup butter
 4 tablespoons sugar
 1 cup light corn syrup
 2 egg yolks, unbeaten
 2 squares unweetened chocolate, melted
 2-3 cup milk
 1 teaspoon vanilla
 2 egg whites

Sift flour once, measure, add soda and salt, and sift together three times. Cream shortening, add sugar and cream well. Add syrup gradually, beating well after each addition. Then add 1/4 of flour and beat until smooth and well blended. Add egg yolks, one at a time, beating well after each. Add chocolate and blend. Add remaining flour in thirds, alternately with milk in halves, beating very well after each addition. Add vanilla. Beat egg whites until they will hold up in moist peaks. Stir quickly but thoroughly into

batter. Bake in two greased 9-inch layer pans in moderate oven (350 degrees F.) 25 minutes. Spread Fluffy Seven Minute Frosting on tops and sides of cake using Bittersweet Coating on top of frosting, if desired.

Fluffy Seven Minute Frosting
 (Using all corn syrup)
 2 egg whites, unbeaten
 1-2 cups light corn syrup
 Dash of salt
 1 teaspoon vanilla

Combine egg whites, corn syrup, and salt in top of double boiler, beating with rotary egg beater until thoroughly mixed. Place over rapidly boiling water, beat constantly with rotary egg beater, and cook 7 minutes, or until frosting will stand in peaks. Remove from boiling water; add vanilla and beat until thick enough to spread. If frosting separates in the bottom of pan before spreading, beat with rotary egg beater.

Bittersweet Coating
 2 squares unweetened chocolate
 2 teaspoons butter

Melt chocolate and butter over hot water and blend. Cool slightly and pour as coating over cake which has been frosted, letting chocolate cover top entirely and run down on sides.

to give shadow or silhouette effect on sides of cake.

nourishing food in the Army and Navy but they will be very glad to meet something new and snappy in culinary numbers.

There must be a full cookie jar in the house—and I suggest that you have a reserve hidden away. So here are some victory cookies that will be enjoyed! Cream together 1-3 cup butter and 3/4 cup peanut butter, add 1 cup sugar, 2 eggs and 1-4 cup cream. Beat 2 minutes. Stir in a cup raisins, 1 teaspoon cinnamon and 3 cups flour with 3 teaspoons baking powder and 1-2 teaspoon soda mixed in. Chill dough, drop portions from tip of spoon onto greased baking sheets. Flatten tops with fork and bake 10 minutes in moderate oven.

JUMBO NUT TOPPED BROWNIES: Cream 1 cup fat with 2 cups sugar (leave up sugar rations for this treat, add 4 beaten eggs, 1-3 cup cream, 2 teaspoons vanilla, 1-2 teaspoon salt and 1 teaspoon cinnamon. Add 2 cups flour and 1 teaspoon baking powder. Beat 2 minutes—clock this to make sure you do not under beat. Pour to thickness of an inch in shallow pan lined with 2 thicknesses of waxed paper. Sprinkle top with 1 cup roasted peanuts, pecans or sliced cashews. Bake 20 minutes in moderate oven—about 300 degrees F. Cool in pan, cut in 2 inch squares, remove and pack away in cookie jar or covered box.

MOLASSES CRUNCH is excellent to have on hand for between meal snacks. Boil 1 cup molasses with 1-3 cup water, 2 tablespoons vinegar, 2 tablespoons butter, 1-2 cup sugar and 1-4 teaspoon salt until "click" half" forms when portion is poured into cup cold water. Do not stir the mixture while cooking, but when it is done stir in 1-3 teaspoon soda and while foaming add 1 cup roasted peanuts and 4 cups freshly popped unsalted popped corn. Mix thoroughly and drop portions onto waxed paper. Let cool and pack in a box in cool place.

Shorthand, Typing Teams To Compete In Regional Meet

Big Spring will be represented in shorthand and typing at the regional meet in Abilene Saturday. In shorthand events will be the team which took the top three places at the district meet in Sweetwater. The team will include Grover Cunningham, Bernard Huett and Lois Kinman.

In the typing event will be Mardeza Hill who placed third in the district meet. Mrs. W. O. Low, director, will attend the meeting with her students.

Those who place in the regional meet will be entitled to attend the state meet at Texas University in Austin on Friday and Saturday, May 8th and 9th.

Farm Wages Now At 22-Year Peak

AUSTIN, April 23 (UP)—Farm wage rates in Texas on April 1 were the highest for that date in any year since 1920 and the apparent supply of farm labor was the lowest since that date, the U. S. department of agriculture reported today.

It was estimated also that a total of 709,000 persons were employed on Texas farms during the week ending about April 1, of which 512,000 were family workers and 197,000 were hired workers. This estimate of farm employment, which is the first of a series of similar state estimates, relates to persons actually engaged in farm work during the period and may or may not reflect the total farm labor supply.

April 1 fell somewhat in between seasons of farm activity in Texas. Much of the preparation for spring planting had been completed and farmers in a large dry area were inclined to wait for much needed rains before putting the remainder of their crops in the ground. The harvests of winter commercial vegetables and citrus fruits were tapering off on April 1, while the onion and other spring vegetable harvest had not reached volume proportions.

Steers Put Hustle Into Workouts

Dibrell Bears Down Early On Aerial Game

It split and hustle still play their important roles in football come next autumn. Big Spring may like a lot of being the old place of district S.A.A.

On the other hand, the Steers might figure to be just that, what with only three lettermen returning and the top being made up mostly of youngsters up from the feeding squad. But two days of spring workouts under Coach John Dibrell, assisted by Line Coach Mike Stockton and Edward Marcum have shown a brand of enthusiasm that keeps coaches all fired up.

While the boys are still stiff from their first contacts on the turf, they were beginning to show more speed and shift Wednesday afternoon. Passing was fairly accurate for such an early date, and Ernest Bostick began to loom as a first class prospect to chunk that ball.

What one of the things Dibrell will be looking for, judging from his preliminary formations. He was operating his backs from the T yesterday, shifting them into the box and an assortment such as the T is capable of yielding. This means he possibly will be playing his cards for a fast breaking attack with passing as the blitz weapon.

Working into this scheme of things, the training youngsters were absorbing at once, learning to pivot, to fake and to otherwise get by or around defending backs with just that extra step.

Showing new speed and an ability to take his man out of position, Peppy Blount began to look great as an offensive threat Wednesday. One thing was clear. If he ever gets by a back this year, it will take an act of congress to stop him. Defensively, he still was susceptible to trapping, but coaches predicted he would learn to avoid this and be a bulwark for the team.

Little Dewey Stevenson looked well in backfield practice, his nimbleness and headiness counting for much. Doyle Stewart, with all his 210 pounds or more, was working from the back slot, and should he elude, the team at least will have some battering power as well as some potentially rowdy blocking.

What Stockton will be able to develop on the line is problematical, but not so much a matter for conjecture as the backfield. He has some pretty husky lads and the lettermen are all in his ranks. Brown, Boykin and Blount were there to start on it and may be that he will get Stewart from the backfield.

Naturally his forwards looked sluggish and slow on the charge in the rehearsal but they were beginning to pull out on blocking assignments with a new gusto. They were picking up the art of cutting back and seeking out line-backers with crushing side blocks as well as driving defenders out of position. And now and then when some young hopeful pulled out of the hole, there went up the Comanche yell of a man looking for a scalp.

When Chips Are Down, You Can't Go Wrong On Nelson

The Big Spring Daily Herald

Lineup As Usual For Drake Relays

DES MOINES, Iowa, April 28 (AP)—Although many schools have trimmed their sports budgets for wartime economy, officials of the Drake Relays opening tomorrow report the games have drawn a field as well-balanced as any in their 33-year history.

Spectator interest also is high. F. L. Turby, ticket manager, said advance sales were 10 per cent above the two-year average and approaching last year's all-time high.

Top attraction on tomorrow's program, while in addition to nine university and college finals has many preliminaries and high school finals, will be the university sprint medley, the event which produced a world record of 3:23.3 by the University of Texas last year.

Only one 1941 member, Mac Umstatt, the anchor man, is running this year for the Texans but they're the pre-meet favorites. In their only race this year they turned in a 3:26.1 mark. The event is an invitational affair and the Longhorns will get their rivalry from Oklahoma, Michigan, Nebraska, Notre Dame and Purdue.

Youth Beauty Wins Women's Bowling Title

Youth Beauty won the women's bowling league title Wednesday evening, edging to a one game lead over Cornelsen Cleaners.

Thus ended one of the most torrid races in any sort of athletic competition here in months. The downtown scramble had never seen more than two games in favor of the leader.

Yet on the pay-off evening, Youth Beauty played steadily and coolly, winning what it needed to both Youth Beauty and Cornelsen took their first games, slipped on the second game and then came back to take the sugar games.

While the top bracket was close to the finish, it had nothing on the two trailing teams. Only one game separated them.

In the final round Zou Parks took high game and high series with 168 and 481. Cornelsen had high game with 728 and Youth Beauty high series with 2,003.

By the Associated Press
Dallas' Voughty Robels fought from behind twice last night to take their Texas league game with Fort Worth 4 to 3, while Tulsa's league-leading Oilers, putting together eight safeties and six Tribal misplays, were smashing Oklahoma City 7 to 1.

The league's hard-luck pitcher, Les Mueller, of Beaumont, broke into the win column by blanking Shreveport, 2 to 0, and allowing only four hits. The San Antonio Missions bowed to Houston's Buffs 6 to 3 in a ten-inning game.

The Rebels won in the last of the twelfth.
Catcher Red Hayworth opened with a single and went to third when Chuck Baron, Cat, first baseman, threw wild on Jack Sullivan's sacrifice. Rabbit Rigby hit a pop fly that fell safe back of short. Hayworth scoring. Cal Chapman was safe on a bunt to third and Merv Connors lined to Ford Garrison with Sullivan scoring after the catch.

Pirates Have Something In Robert Elliott At 3rd

By HUDSON BAILEY
Associated Press Sports Writer
The prize experiment of the year in the major leagues may turn out to be the transfer of Robert Irving Elliott from the outfield to third base by the Pittsburgh Pirates.

Manager Frank Frisch shuffles his lineup almost every day "just for luck," and has not the least hesitancy about switching a player from one position to another. But the shift that brought the Frisco Kid from the outfield to third base was born of necessity.

Last winter Lee (Jap) Hadley was in an automobile accident and apparently suffered nothing more serious than scratches. But when he reported at training camp in California he suddenly discovered his arm was "dead."

In desperation Onkel Franz canvassed his squad and came upon the 25-year-old Elliott, who six years ago, when he was breaking into organized ball, played part-time third base for Savannah in the South Atlantic league.

Observers remained skeptical on Elliott until the season actually was underway. Since then he has made everybody sit up and take notice. In nine games he has hit three home runs, to lead the league, and two triples, to tie for the lead.

His batting average is .348 and he has knocked in eight runs. Moreover his fielding and throwing have bordered on the sensational after a nervous debut.

Yesterday he contributed a two-run homer to Pittsburgh's 9-1 triumph over the Chicago Cubs, whose coach, Kiki Cuyler, said, "we've played both the Cardinals and Reds and I rate Pittsburgh ahead of them so far."

However, the Brooklyn Dodgers retained their grip on the National league lead by beating the Boston Braves 4-0 in 12 innings.

The St. Louis Cardinals riddled Cincinnati's Elmer Riddle with 11 hits in seven innings and triumphed 6-1 in the seven-hit hurling of Harry Gumbert.

Relay Teams Are The Big Hope In Regional Meet

Planning most of his hopes on the relay, Edward Marcum takes his plucky track team Saturday to compete against the area's best at the regional meet in Abilene.

The mile relay is still shaping up well, showing more of the same form which won the event at the district meet in Sweetwater. Alfred Adams, Horace Bostick, Peppy Blount, and Billy Womack all have been showing more polish and some improvement on around-track speed.

The same holds good for the 440-relay quartet. Identical except for Glenn Cagis, who takes the place of H. Bostick on this event. In both, Marcum has concentrated on the ability to pass the baton in stride, without looking around and without dropping a second's speed. This is the secret of the team's success, the bit of headwork that combined with footwork to reach third high at the district meet.

Doyle "Hunka" Stewart will enter the weights, concentrating primarily on the discus throw. His tossing it about 125 feet now, he'll try to get it to 150 feet. He'll be the best of which he eventually will be capable. But Doyle has another year.

Peppy Blount, the iron man of the squad, may also enter the discus throw and the 200-yard dash. Despite his size, Peppy is the best set man on the squad, and he's getting faster due to another year.

Automobile racing may be discontinued in Argentina because of shortages of cars, tires and gasoline, says the department of commerce.

ALTOPE KILLED BY LOTTERY METHOD
SACRAMENTO, Calif., April 28 (AP)—Modoc and Lassen county antelope may not feel any better about it, but they are going to be shot at by a select group of hunters.

Almost 2,000 California almsroads participated yesterday in the state's first antelope lottery. The 800 winners are permitted to kill one adult buck apiece.

The ban on antelope hunting was relaxed because their number exceeded the supply of natural food.

Keeneland Race Is Watched For Line On Derby

LEXINGTON, Ky., April 28 (AP)—Although Keeneland's customers were offered an abbreviated field of four colts today in the Blue Grass stakes, the track's premier Kentucky Derby test, they were looking forward to an interesting duel between the two top contenders.

Named for the \$10,000 added mile and a furlong event, the feature of Keeneland's closing day, were Col. E. R. Bradley's Bless Me, Hal Price Headley's Equinox, and Mrs. Payne Whitney's Devil Diver and Shut Out.

Of this quartet of derby hopefuls Bless Me and Devil Diver were getting the big eye.

Baggett Into Army, Canyon Has New Coach

CANTON, April 28 (AP)—Al Baggett, who almost matched in size members of his "tallest team on earth," is leaving for army duty and little Gus Miller, who will be virtually swallowed up by that circle of giants, will direct West Texas State basketball for the duration.

Baggett, builder of Texas' most colorful cage teams over a period of seven years, is a captain in the reserve corps and expects to be commissioned in about ten days.

Leslie Van Meter, who this year was named head football coach succeeding Jack Curdies when the latter went to Texas Mines, is due for a commission by June 1.

Both yesterday obtained leave of absence from West Texas State. On the shoulders of five-foot-nine Miller, a little guy with a big record, will rest the combined duties of Baggett as athletic director and coach of basketball and Van Meter as tutor of football.

SPORTS ROUNDUP

By HUGH FELLETON, JR. Wide World Sports Columnist
NEW YORK, April 28 (AP)—This week's tear-jerker: While Ed Dudley was attending a dinner thrown for him by Philadelphia golf pros the other night, someone who didn't have the best interests of golf at heart swiped the front wheels from his car.

In those fourteen major tournaments—the 1942 PGA hasn't been held and the U.S. Open has been cancelled—Nelson has finished in the first three nine times. And he has won four crowns.

No other professional can touch that record.
Won Vardon Trophy in '39
And none of the younger professional aces — those who have come to the front in the last five years—can boast of having won each of those four major championships. Nelson won the Augusta Masters in 1937. Byron's first outstanding win came when he took the Metropolitan Open in 1938.

He also won another traditional tourney in the North and South at Pinehurst. In 1939 he was awarded the Vardon trophy for low scoring.
These two aces — Hogan and Nelson — who learned the game while caddying together on the same course in Texas, are golf's current scoring twins. It's a pretty safe bet that one or the other, or both, will be up front, challenging for any pre tournament in the land.

Dallas Edges Cats, 4-3, In 12th Frame

By the Associated Press
Dallas' Voughty Robels fought from behind twice last night to take their Texas league game with Fort Worth 4 to 3, while Tulsa's league-leading Oilers, putting together eight safeties and six Tribal misplays, were smashing Oklahoma City 7 to 1.

The league's hard-luck pitcher, Les Mueller, of Beaumont, broke into the win column by blanking Shreveport, 2 to 0, and allowing only four hits. The San Antonio Missions bowed to Houston's Buffs 6 to 3 in a ten-inning game.

The Rebels won in the last of the twelfth.
Catcher Red Hayworth opened with a single and went to third when Chuck Baron, Cat, first baseman, threw wild on Jack Sullivan's sacrifice. Rabbit Rigby hit a pop fly that fell safe back of short. Hayworth scoring. Cal Chapman was safe on a bunt to third and Merv Connors lined to Ford Garrison with Sullivan scoring after the catch.

That was the ball game.
At Beaumont, only two Sports players got as far as second base. Previously Mueller had worked 21 innings, allowing only one run, and that unearned.
The Missions' defenses fell apart as they committed six errors, five of the Buffs' six runs being unearned. Each club collected eight hits.

NYU Will Defend Penn Relay Title

PHILADELPHIA, April 28 (AP)—The New York University against the field in the Penn relays at Franklin Field tomorrow and Saturday as the Violets defend three relay titles in the two-day competition.

The first of nearly 2,000 athletes entered in the two-day carnival arrived yesterday. As usual, they were from North Texas State Teachers college at Denton, Tex., primed to defend their 200-yard relay championship.

PHILADELPHIA, April 28 (AP)—The New York University against the field in the Penn relays at Franklin Field tomorrow and Saturday as the Violets defend three relay titles in the two-day competition.

PHILADELPHIA, April 28 (AP)—The New York University against the field in the Penn relays at Franklin Field tomorrow and Saturday as the Violets defend three relay titles in the two-day competition.

Record Volume Of Trading At Auction Sale

Volume reached a new high for the year in Wednesday's trading at the Big Spring Livestock Commission company, with some 800 head going through the pens and sales totaling approximately \$96,000.

Prices remained on a firm basis, with these general quotations: Fat cows \$7.20-8.75; canners and cutters, \$5.00-7.50; bulls up to \$9.00; fat butchers \$10.00-11.50; fat calves up to \$12.00, and stockers up to \$14.00.

A drive to collect scrap rubber will be undertaken in Canada with the objective of obtaining 25,000 tons this year, the department of commerce says.

IT'S NOT JUST LUCK!

All that its name implies

Walker's
Straight Bourbon
Whiskey

Fisherman's dream—and a photographer's, too. For catching a prize picture such as this requires a masterful combination of skill, timing and experience.
And that's just what it takes to make Hiram Walker's Deluxe a prize bourbon. It's not just the four long years of aging—not just the mouth-watering aroma—not just the glorious, full-bodied flavor—but a perfect combination of all these things that gives Hiram Walker's Deluxe its "prize" bourbon taste. Try Hiram Walker's Deluxe today!

It's Hiram Walker's. It's Deluxe!

Editorial --

Reckless Driving Is Unpatriotic

In Dallas the Texas Safety Conference moved against the reckless speeder from a new angle. It proposed to declare him unpatriotic.

The Army needs all the rubber there is, plus all the synthetic rubber that can be produced in plants not even built.

Hollywood Sights And Sounds -- Nossir, They Can't Kill Errol Flynn

HOLLYWOOD--Jack Carson recalls a story about an Errol Flynn fanatic who spent a day seeing "They Died With Their Boots On" four times, took time out for a snack, and on the way back to the theatre met a friend who inquired about the picture.

time he is assisted by the Warner "second-string Flynn," one of the nicest chaps in town, Ronald Reagan.

SECRET ORDERS By ELEANOR ATTERBURY

Chapter 16 STOLEN AMBULANCE "Don't be ridiculous, Steve," Vicky snapped a little later as the two girls went upstairs to bed.

She backed the big station wagon up to the curb in front of Pier 71 and climbed out. As she did, the mounting wall of a shrouded shadow on the deck, started down the steep walk.

And Nothing Can Be Done About It

I WISH THEY'D BRING BACK MAUDSVILLE. SEEMS TO ME I HAVEN'T HAD A GOOD LAUGH IN YEARS. ALWAYS SURE OF A LOT OF EM IN THE OLD VAUDEVILLE.

THEIR MUMOR WAS ELEMENTARY AND ROBUST--NEVER BOTTLE IT WAS DUMBED DOWN TO THE LOWEST INTELLIGENCE AND NO ONE EVER MISSED THE POINT.

Man About Manhattan-- Stalin Rapt Member Of Audience Of Moscow's Symphony Concerts

By GEORGE TUCKER NEW YORK--I often glanced at the government boxes and saw Stalin and Molotov sitting with other high Soviet officials, their expressions rapt, their bodies tense, as if they were afraid they would miss a note of the music.

stant in 1922, when I was 10, as assistant conductor at the Metropolitan Opera. Since then I have been here many times. I adopted America long before Munich.

Inflation Is Serious Enemy During War

Editor's Note: Inflation has caught up with the U. S. A. We are going to have to do something about it--and quickly. It is in the light of this situation that the Division of Information of the Office For Emergency Management has prepared a series of three articles, explaining what inflation means, its deadly dangers, and how it has affected various peoples. This is the first of the articles.

help them then. Farmers know the dealers that came in the train of the peak prices which followed our last war.

1917 and 1918. Now as then prosperity is spreading, workers are finding jobs, wages and profits are going up. Prices are going up, too.

Woman Bowler Hits A Perfect Score

CHICAGO, April 23 (AP)--Marge Earley, a bowler for nine years and a member of the Bee-Vac team in the Congress women's league, rolled the first perfect game in the 25-year history of woman's sanctioned league play in Chicago last night.

Almost every great war in history has brought inflation. Inflation, with its inevitable consequence of high living costs, resulted from our Revolutionary war.

from the press of postwar Germany in the days when a twelve-cent cigar cost 200 million marks, but the principle involved was the same.

Here is our situation today. In 1942 income payments will total something like 117 billion dollars. That total represents all that we will earn in wages, taxes and savings.

But it is apparent now that what has been done so far probably will not be enough. Prices have continued to rise. But the gap between income and prices tends to increase.

They'll Do It Everytime

Registration Of Older Men Is Under Way

First registration of the crop of men from 45 to 65, who are due in the main to list themselves with Uncle Sam next Monday, started Wednesday at the selective service headquarters here. With arrival of the buff-colored registration cards, T. C. Thomas, member of the board, set up an added service at the board office by registering the men in that age group who anticipate that they might not be able to appear Monday. He had several calling the first day. Thomas will continue this practice until Monday, when the registration will be effected at the courthouse, at the Kate Morrison school and at other points in Big Spring, and in as many rural communities as there are volunteer registrars from these places. As an aid to those who may contemplate pre-registration or who will be in the main body of those who are in the fourth registration Monday, these are the chief questions to be answered, and ready information will speed up the process: Name (first, middle and surname) mailing address, residence, age in years (month, date, year and place), person who knows your address at all time, employer's mailing address, employer's business. Men in this age group (those who were born after April 28, 1877 and on or before Feb. 16, 1897) are not liable for military service. Later they will get an occupation questionnaire to determine their civilian qualifications and skills; but this will be the sole purpose of the questionnaire.

150,000 Frenchmen Labor in Germany

VICHY, April 23. (AP)—Newspapers of Nazi-occupied Paris announced today the departure of the 150,000th French workman for voluntary labor in Germany. He was one in a trainload of 800. As a comparison, the newspapers said Belgium, with a population only one-fifth that of France, had supplied 250,000 volunteer workers for Germany at the beginning of 1942.

Informational Groundwork Laid For Sugar Rationing

DALLAS, April 23.—School teachers by the thousands are "going to school" this week, to learn the ins and outs of registering several million citizens of Texas, Oklahoma, and Louisiana for War Ration Book Number One. Max L. McCullough, region director for the office of price administration, announced that copies of a pamphlet containing the information and instructions for those who will conduct this registration have been printed and are now being mailed. The 86-page pamphlet contains instructions for the state and county ration administrators, local ration boards, city and county superintendents of schools, and instructions for the school site administrators and for the registrars. Retailers, wholesalers, institutions and industrial users of sugar must register at high schools on April 23 and 25. Household sugar users will register on May 4, 5, 6 and 7 in elementary schools. The book of instructions, called officially "The Plan for Distributing War Ration Book One," is being sent to county courts throughout the country. From the court-houses, these books will be distributed to public elementary and high schools, and there will be placed in the hands of registrars. It is estimated that 1,200,000 elementary school teachers in the United States will serve as registrars, and they will be assisted by volunteers, working under supervision of "school site administrators" appointed by local school superintendents. Another book of instructions, "The Plan for Trade Registration," gives directions for registering retailers, wholesalers, boarding house keepers, institutions such as hospitals, asylums and orphanages, cafes, hotels, bakers and soft drink bottlers. Since these trade registration forms require much technical information, CPA officials emphasize that trade registrants should obtain the forms from local rationing boards beforehand and fill them out, so that during the two-day registration period, April 23 and 25, the trade registrant will need only to go to a high school and sign the application before a registrar, to obtain a sugar purchase certificate. "The importance to the public of the May 4 to 7 registration," Mr. McCullough pointed out, "is that a person who fails to obtain War Ration Book Number One not only will not be able to buy sugar, but also will be deprived of other commodities that may be rationed later."

Story

Continued From Page 13

something. As Stephanie passed she heard, "Take it easy, boys. I'm going to pull her out now. Fasten your straps. It's a tallspin, I tell you." Stephanie's heart leapt to her throat. Kurt's voice. She was sure of it. Unless her imagination was playing tricks. From behind the orderly, she peered into the dark tonneau of the big ambulance. But Kurt—if it was Kurt—didn't speak again. "Okay, driver," the orderly called, closing the wide, heavy door. Stephanie hesitated only a second. Then, before common sense could win any arguments, she climbed back under the wheel, slipped the gears, eased the lumbering car gently away from the curb. There'd be plenty of hot water to get out of if anyone discovered that she and not the regular driver had taken the wheel. But she had to know about Kurt, see him even for a moment. Tense, concentrating on the dim, ghostly shadow of the ambulance ahead, Stephanie strove to see through the dark chasm between tall office buildings where even the moonlight didn't penetrate. Then, in spite of her, anxiety conjured up all kinds of horrible pictures. Kurt must be out of his mind. What terrible thing had happened to him? What suffering lay behind—and ahead for him? The car ahead turned, disappeared. Stephanie pressed harder on the accelerator, reached the corner. The streets divided three ways. Drawing a long breath, she flipped an imaginary coin, turned left. This had to be right, she prayed silently. Fate couldn't be so cruel as to make her the instrument of prolonging Kurt's agony. And perhaps, she realized with a pang, his recovery might actually depend on her now. And delay might make the difference between life and death. To be continued.

Fourth Fatality In Highway Crash

HOUSTON, April 23 (AP)—The fourth death from a three-car crash on the Beaumont highway last Saturday was recorded today. Rudy Lee Bourgeois, 24, died of injuries suffered in the wreck. Two automobiles collided head-on, and a third car plunged into the crowd which had collected. Besides the four persons killed, 11 persons were hurt.

Robbitt Named To Regional Office

AUSTIN, April 23 (AP)—Texas Highway Commissioner Robert Lee Robbitt of San Antonio today shared his Texas highway duties with those of the Western Association of State Highway Officials whose president he became at a Salt Lake City meeting of the 13 states' organization.

Inventive Genius Is Termed One Of America's Strongest War Weapons

By STEPHEN J. McDONOUGH MEMPHIS, Tenn., April 23 (AP) America was declared today to have the world's greatest secret weapon—the inventive genius of the American people. A. I. Elder of the War Production Board in Washington told members of the American Chemical Society at its closing meeting here that "Hitler fears our inventive genius which has developed the airplane, the tank, the submarine and countless other devices and products. "Now that we are in the harness again, Hitler knows that improvements in weapons of war will come" Elder declared. He pointed out that the four-engine bombers developed in the United States have not only proven their ability to carry bombs to the Ruhr and to Tokyo but also to withstand heavy attacks by enemy fighter planes. These developments are obvious, the WPA official declared, but Hitler and Hirohito "know from our past performance that they must expect some secret weapons to appear against them." The national inventor's council and the office of scientific re-

Cars Moving More Crude, Club Told

Tank cars are playing a tremendous role in the war of movement, upon which the greater war of production hinges today, Doug Orme, head of the traffic department at Coudan Petroleum Corp., told the Lions club Wednesday. The surprising extent to which these cars have been marshalled has been responsible in a large degree for the continued production at capacity for inland refineries. Instead of the 300,000 barrels daily, which railroads and private car owners were dubious could be shuttled to the eastern seaboard from the mid-continent daily at the outset of the tanker crisis, the miracle of 600,000 barrels daily has been wrought, said Orme. Hope for improving the situation, he ventured, lay in further efficiency of operation of rolling stock, for the small amount of tank cars now being turned out either are for foreign delivery or are in such an amount as to make no great difference. So the big job, he said, was to "keep 'em rolling." Appealing to Lions members to have a part in meeting the country quota of 830 for navy relief, County Chairman Oble Bristow urged each to ask: "If Collin P. Kelly can die for America, can't I contribute something?" After all, he said, it is a small thing to be able to participate in a fund which will give to navy men a sense of security for their loved ones, a feeling that makes them better fighting men for America.

Texan Named As Official Of The AP

NEW YORK, April 23 (AP)—Robert McLean of the Philadelphia Evening Bulletin began his fifth term as president of the Associated Press today while two new vice presidents also assumed office. Besides re-electing McLean, the AP board of directors yesterday named as first and second vice presidents, respectively, Houston Harie of the San Angelo (Texas) Standard and Arthur Hays Sulzberger of the New York Times. Harie succeeded E. Lansing Ray of the St. Louis Globe Democrat. Sulzberger, first New York City publisher to serve as an AP officer or director since the death seven years ago of Adolph S. Ochs of the Times, took the place of Stuart H. Perry of the Adrian (Mich.) Telegram. The directors, whose election of officers followed the cooperative newsgathering organization's 42nd annual meeting, re-elected Kent Cooper, AP general manager, secretary, Lloyd Stratton, assistant general manager, assistant secretary, L. F. Curtis, treasurer, and Alan J. Gould, executive assistant, as assistant treasurer. The following executive committee was re-elected: E. Lansing Ray, Stuart H. Perry, Paul Bellamy, Cleveland (Ohio) Plain Dealer; Frank E. Oryea, Washington (D.C.) Star; President McLean; assistant secretary, Baltimore Sun; and H. H. Butler, Buffalo (N.Y.) News.

Alibi Tournament Is Entertainment For Golf Club

Playing an alibi tournament at the city park Wednesday afternoon was entertainment for the Golf club members when Mrs. E. E. Freeman was hostess to the group. An alibi tournament consists of allowing each golfer an extra shot at each hole to better the score. Mrs. Cy Bishop won the prize. Others playing were Mrs. Hank McDaniel, Mrs. Harold Akey, Mrs. Claude Wilkins, Mrs. Arch Drinker, Mrs. U. W. Hagemann.

Ration Board Has Largest 'Business' Day

With receipt of an emergency quota to free equipment stalled or postponing to be tied up on the airport project due to Mrs. trouble, the Howard county rationing board went to town Tuesday with its biggest day since rationing went into effect. Insurance of certificates on truck tires ran to 22 new ones and 28 tubes. In addition there were permits for 18 truck tire retreads. However, about 20 of the number of new tires and tubes were covered in the extra allotment. New passenger tire certificates totaled two, against 11 new tubes and 18 retreads. The board also released orders for purchase of three new tubes. No relief appeared immediately in sight for the acute tractor situation. There were still around 200 applications on file against an exhausted quota of a small fractional part thereof.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are the chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day. If the 16 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backache, rheumatic pains, leg pain, loss of appetite and energy, getting up at night, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with smarting and burning sometimes shows these things are wrong with your kidneys or bladder. Don't wait! Ask your druggist for Don's Kidney Pills, used successfully by millions for over 40 years. They give happy relief and will help the 16 miles of kidney tubes flush out poisonous waste from the blood. Get Don's Pills.
