clore directors of the Chamber of cellor Efuening and Foreign Min-Commerce here this morning the plea of the nation's railroads to obtain from the interstate commerce commission a 15 per cent hike in the Paris conference ends.

Offhand one is constrained to be lieve granting of the higher rates would be of direct benefit to and for he best interests of Big Spring. There are factors pro and con to be considered. But the chief thing nsofar as we are concerned is that so long as the railroads can make a fair return on their property and capital investments the hundred: capital investments the hundreds of T&P employes here will be fair-ly sure of maintaining present

On the other hand, a 15 per cent hike in the rate on crude oil from practically certain to cause local oil refineries to have to shut down. When they did that approximately \$50,000 monthly in salaries to their employes would be stopped and if the plants had to be left idle very districting at the plants had to be left idle very districting at the special session of them would be lost, through corresponding to the lost to the Los A country jail to serve its months of the lost to the lost country jail to serve its months of the lost to the lost and the lost country jail to serve its months of the lost to the lost and the lost country jail to serve its months of the lost and the lost country jail to serve its months of the lost and the lost country jail to serve its months of the lost and the lost country jail to serve its months of the lost and the lost country jail to serve its months of the lost and the lo which is unusually rapid in this would be acceptable to all faction type of plant.

There is no getting around the ricting efforts druing the regular fact that the railroads are getting session into a hard shape. The interestate Poage laughingly remarked in commerce commission has held the talking to newspapermen that "you but 3 3-3 per cent and in the first next congressional election."

More Powerful Than Any Gasoline

From 35 to 95 feet ahead ... in 15 SECONDS

Here are the facts:

OUR leading premium fuels and Esso were tested in the same 7-to-1 compression motor. Starting at 18 miles an hour, the motor was driven as hard as possible without knocking for 15 seconds. At the end of the 15 seconds, Esso was:

35 feet ahead of fuel A 50 feet ahead of fuel B 50 feet ahead of fuel C 95 feet ahead of fuel D

Esso is different from any motor fuel you have ever used. It was developed with the specific purpose of getting increased power from the modern automobile engine. A phenomenal success in 20 .. foreign countries, Esso was perfected in America by the world's leading petroleum technicians. It contains Ethyl -but it is far more than an ordinary Ethyl fuel.

Make a ten-day test of this new fuel. Find out for yourself what your car can do with Esso. Then change back to any other type of fasoline-if you can.

Local Scouts **Beat Midland** In Swim Meet

Polo Game Also Goes To Troop 1 In Show At Hill Crest

A large crowd witnessed a swimming tournament and life saving demonstration by Boy Scouts at Hill Crest Thursday evening. The meet was under the supervision of Marcos J. Williamson and had as participants Troop 1 of Big Spring and Troop 51 of Midland, The local Scouts won both the swimming meet and a water polo game.

In a 60-foot breast stroke Worth V-tatta, Big Spring, won easily with Conrad Dunagan of Midland second. Clyde Thomas placed third for Big Spring. Thomas Joe Williamson, Big Spring, won easily over Alvon Patterson, Midland, in a side stroke event. The other entrants were dis-

Midland won her only first place as Alian Dorsey finished with a wide margin, using the back stroke. George Thomas and Walter, (Smitty) Smith, Big Spring, took second and third places. The fastest race of the exhibition was the free stroke which Bill Vanatta won by a bare half stroke, closely followed by Thomas Joe Williamson, Mid-land's only entrant to place in that race was Carl Reeves who finished less than a stroke behind the leader. The water pole battle between Troop 1 and Troop 51 proved the largest attraction of the evening, for it was evidently something new

in the way of sport for the gallery hopped off to an early lead and seemed to be master of the situaton, capitalizing on two long shots to run her first quarter total to a couple while holding the Big Spring Scouts scoreless. At the very cutset of the second quarter they sent auther one sailing over the goal. But in that period Big Spring he-

gan passing the ball and worked it into position three times for three period a long shot arched over the Midland goulie's head and sent Big Spring into the lead a lead they not only held to, but increased apparently at will.

The third period was a slaughter

as Hig Spring worked the ball in scores through a bewildered Mid-land defense. The fast pace of the game was telling on the Midland team, which was being gradually worn down by a host of local sub-stitutes. After a nice rest at the half Midland came back and battled the Troop 1 bunch on even terms to even the period's score at one-all. Big Spring triumphed in her last quarter as she slapped over a . quartet of scores while Midfand was

enty able to collect a couple. . Tired by wisely placed Eig Spring substitutes. Midlend was fighting doggedly in the last period. The game had to be called in one mstance to allow one of the Midland members to recover from a cramp. Although whe was now playing largely a defensive game Midland nanaged to drive over two scores to equal the best Big Spring could div for that period. The game end-

a best of flying arms and spleshing The sore was Big Spring 17. Moffand 8. Storte by periods

Next Move For Dave Goodsein Is Up To Sterling

AUSTIN, Texas, July 17 (P)-The at move in the widely chronicled ave Goodwin murder case is ave Goedwin murder case dedently up to Gov, Ross S. Ster-

The pardon board recommended insnimously that the Bowie county Leis layer's death senience be not companied to life imprisonment. Governor Sterling has the power to averride the pardon board but he mually does not. However, he has mised to give the facts careful p udy before August 10, the electro-

Goodwin's trouble would have en about as commonplace as any ther murder came if the court of riminal appeals, in its first opin-n, had not indicated strongly that he death sentence was being afirmed because of technicalities rather than because of a belief that the illiterate furmer's trial was

Judge A. D. Martin, a member of the commission of appeals, since re-tired, wrote that opinion. He said

in part;
"If all of appellant's charges in his brief are true, this case should ot have been tried in Bowie counbut as the matter is presented. are powerless to give him any pelief. The question was raised by appellant for the first time after speciant for the first time accordance of the state of the first time accord as a whole is perhaps sufficient to show that the unreason of the state by and revengeful passion of the the and revengeful passion of the multitude had been lighted and that its spirit brooded over appellant's trial. This is the most since the most since the most since the court and the most sinister enemy of the orderly processes of the administration of justice by the pourts with which governments have had to deal. If the law had given to the counts the right to arbitrarily grant relief to the acquired in any case they saw fit, the howing made in this record would gressent a serious question. Such multitude had been lighted and that its spirit brooded over appresent a serious quustion. Such light, however, does not exist.

be the demand of the legislature and to it we must submit."

Judge Martin said the defense at forneys had not made the proper tooyes and exceptions at the trial.

After this affirmation of the fial court judgment in November the case stryed in the court six months before the court overruled months and months are months and months and months are months and months at months and months are months and months at months are months and months are months are months and months are months and months are months are months are months are months. Judge Martin said the defense at pinion by W. C. Morrow, presidpg judge. Morrow denied that the court

was impotent to give relief when the record was such as made it

Godwin was alleged to have shot

Godwin was slieged to have shot Lloyd Elliott, young hog raucher, in the back when Elliott came to Goodwin's place looking for a hog which Goodwin was alleged to have which Goodwin was alleged to have the control of the back when Elliott came to have the back when Elliott came the back when Elliott came to have the back when Elliott came the back when Elliott c in February, 1930. Goodwin pleaded self-defense.

ellate court opinions and then m.

While it is true the board may nelder any application for clemency made in behalf of the convict d and sentenced criminal irrespecthe of the verdict of the jury and technicalities or the rigor of the law, yet it certainly should do this ith open eyes to the facts and broumstances of the offense comitted in order to determine whethout in behalf of the defendant The board finds no equity in be

if of a murderer who after and with malice aforethought kills an unaimed and conceals the body." District Attorney

Probably no man in the capitol more interested in the outcome the case than R. G. Waters, asstant attorney general, although has taken no part in it lately, aters was district attorney of county at the time and osecuted Goodwin. He says he

did his fluty as he saw it.

J. A. R. Moseley, Jr., of Texar-rana. Goodwin's attorney, has in-sicated that he might go to federal court on the contention that had not been given a fair and impartial trial as guaranteed by the constitution.

After Goodwin was arrested he been up spirited from town to town cause of the fear of mob violence and was then brought back wie county and tried quickly. Several visiting sheriffs were on

After Elliott had been killed, odwin and his brother "Bud" gere alleged to have tied ropes ound his nack and feet, with the he" ends fastened to a pole be-nd, and to have carried the hody the Sulphur river, where it was

German Chief Is Invited To Paris Session

abinet Considers Invtiation; Banks Open Without Disorder

By The Associated Press The German financial crisis rought several new diplomatic de-

lopments today. Representatives of the principal illied powers in the world war met Paris and invited Chancellor Bruening of Germany to attend. The German cabinet was considerng the invitation.

Secretary of State Stimson repreented the United States at Pariremier MacDonald of England ancelled his intended visit to Berin tomorrow and remained in Lon-don. The meeting may supersede hat of Young plan experts who were to have gathered to coordinate that plate with the Hoover moratorium.

German banks reopened today to meet mid-month payrolls. There was no disorder.

Public Dance Here Friday Announced By Junior Chamber

Deginning after the special program to be given at City Park Friday evening by the Chamber of Commerce, with Congressman Thomason as princi-pal speaker—and everybody in town is invited to that affair there will be a public dance el-ther on Main between Third and Fourth or in the hangars at the Airport under auspices of the

will be made in Friday's paper. The public is invited to take part in the dance—all Big Spring guests and Big Spring cittzens.

The affair is separated from the Chamber of Commerce open meeting at the park.

The open meeting will be marked not only by Mr. Thom-ason's address but by presence of more than 100 students of "the Omnibus College" from Winfield, Kansaa Members of the party are from all parts of the nation.

Offer For Site

Three Proposed Locations For Building Under Consideration

Following a meeting Wednesday evening an announcement was made Thursday morning by the city manager that the board of eity commissioners had decided to make "a definite and final" offer to owners of the quarter-block of ground cornering at West Third and Nolan streets and adjoining on the north the quarter-block already owned by the city, cornering on Fourth and Nolan immediately west of the Fourth Street Baptis

The offer was made for the pur pose, if possible of obtaining a half block, between Third and Fourth along the west side of Nolan as a site for the municipa building.

Mr. Smitham's Matement, was that the commission had three locations under consideration and that in case owners of the property locations would be accepted at a meeting scheduled for Friday eve

Consider your adams apple!!*

Ph. 486

Don't Rasp Your Throat With Harsh Irritants

"Reach for a LUCKY instead"

Place your finger on your Adam's Apple. You are actually touching your larynx - this is your voice box - it contains your vocal chords. When you consider your Adam's Apple, you are considering your throat-your vocal chards. Don't rasp your throat with harsh Irritants. Reach for a LUCKY Instead.

Here is what one of America's great scientists, whom we retained to study LUCKY STRIKE'S manufacturing process, says about the mellow-Ing effect of Ultra Violet Rays which are included in our exclusive "TOASTING" Process:

"The effects of this ultra violet treatment on the tobacco have been tested and are found to in-

One of America's greatest writers and editors suys this:

"When I visited Reidsville and went through the LUCKY STRIKE plant, I found one ex-planation for the growth of LUCKY STRIKE. Your use of the Ultra Violet Ray in the 'Toasting' of tobaccos is a splendid example of

In America which offers you the throat protection of the exclusive "TOASTING" Processthat secret heating process which expels certain, harsh irritants present in all raw tobaccos, and which includes the extra mellowing benefits of modern Ultra Violet Rays. And so we say "Consider your Adam's Apple". Be careful in your choice of cigarettes.
