FM 1760 Right Of Way Being Cleared

Distance To Portales Will Be Shortened

The Texas State Highway Department has designated an all weather, hard surface Farm-to-Market Road to be constructed from the west terminus on Farm Road 1760 west a distance of approximately seven and one-half miles to the Texas-New Mexico State Line, Bailey County, acting through it's Commissioners Court, will acquire the right-of-way and clear it. The State will build the road and maintain it. The State of New Mexico will continue the hard surfacing west from the State Line to intersect the Clovis-Portales Highway. This will provide an all weather road from Muleshoe to Portales New Mexico and will shorten the distance between the two towns by approximately 17 miles.

But with Fall approaching, and crops soon harvested from the land, this work can probably be done during the next few months, so construction might begin sometime next Spring or Summer.

Judge Williams stated that both the Commissioners Court and the Highway Department are anxious to get under way and complete the project as soon as possible. This is an important road and will serve a good purpose for communities on each side of the line. The patience of the people is deeply appreciated, and they may be assured that the work will now proceed, hopefully, with no further delays.

Highway Week Is Sept. 24-30

"Highways Help People" has been adopted as the theme of this year's Texas Highway Week, scheduled for Sept. 24-30.

In taking stock of the highway system as it now exists in the Lone Star state and the rest of the country, the American motorist has a lot to be grateful for. What was just a dream 10 years ago, being able to drive coast-to-coast without a stop light, is now nearly a reality.

The Interstate system, built in a single decade through an all-out mobilization of the nation's technology and resources for the greatest pacetime project ever undertaken, is a beautiful system.

According to the Texas Good Roads Association, it's safe, too, at least twice as safe as any highways built in the past.

But even though highways are safer, accidents are still increasing, most of which can be controlled by the motorist. Safe driving is one thing, safe car care is another -- and just as important.

Horse Short Course Set For Oct. 6-7

The 12th Annual Horse Short Course is to be held on Oct. 6 and 7 at the Ramada Inn in College Station.

"This year's short course will be highlighted by demonstrations of western horsemanship and how to have fun with cutting, pleasure and reining horses," announces Bailey County Extension Agent Spencer Tankersley. "The program will feature two outstanding horsemen, John Trimmer, Jr., of

Area Library Will Host Workshop

The Muleshoe Area Public Library will host a workshop on Monday, September 25, at the library.

The workshop will be conducted by Ernest Laseter, Field Consultant, Texas State Library Field Services Division. The subject matter for the workshop will be successful interaction between the librarian, trustees, governmental officials.

Registration will be from 9:30 to 10 a.m. at the library. From 10 to 11:45 the program will be "Communications Librarian, Trustees, Governmental Officials".

After lunch, from 1 to 3 p.m. the topic will be "Functioning Effectively day-to-day-Budget Time, Policy Matters".

All area librarians, school librarians, Library Board members, county and city officials are urged to attend this workshop.

Coffee will be served by the Friends of the Muleshoe Area Public Library.

Texas A&M's Career Day Is Sept. 30

High school students, their families and friends are being invited to the annual Texas A&M University Career Day Sept. 30, sponsored by the Colleges of Agriculture, Engineering and Science.

Dr. H.O. Kunkel, dean of the College of Agriculture, said exhibits will illustrate the various programs in the colleges. Faculty and student representatives will be available to answer questions.

Activities will run from 8 a.m. to 4 p.m., the dean said. Agriculture and engineering exhibits will be in the Zachry Engineering Center. College of Science displays will be in the Biological Sciences Building.

"We look forward to visiting with you during Career Day," Kunkel said. "We plan to have many attractive exhibits which will show the exciting and challenging fields of agriculture, engineering and science."

He added that Texas A&M and the U.S. Military Academy will play an inter-sectional football game that evening, starting at 7:30. End zone tickets will be available for students age three and over.

HOMECOMING ROYALTY . . . Miss Audree Winn, daughter of Mr. and Mrs. Jess Winn, was crowned Homecoming Queen for 1972 at Muleshoe High School by her escort, Delmer Blecker. She was crowned at halftime during the Muleshoe-Friona game. Her attendants were Rhonda Buzard and Brenda St. Clair. Miss Winn is a senior at Muleshoe High School.

Local Men Attend Vegetable Meeting

James Ennor of the Oklahoma Land Community and Gene King, manager of the Muleshoe Chamber of Commerce and Agriculture, attended the "Money in Vegetables" conference held in Pampa Thursday.

Ennor is the head of the vegetable division of the Agriculture Committee of the Muleshoe Chamber of Commerce and Agriculture.

King reported that there were approximately 50 present for the afternoon meeting which was held in the Hale County Agricultural building in Pampa.

The program began at 1 p.m. with John Anderson, Vice President of the First National Bank and Chairman of the Agriculture Committee of the Pampa Chamber of Commerce, presiding. The opening remarks were given by Claude W. Brown, president of the West Texas Chamber of Commerce.

At 2:05 p.m. Dr. Roland E. Roberts spoke on the topic "Local Vegetable Production Potential As Related To The State and National Situation."

Farm Bureau Will Have Annual Meeting

The Bailey County Farm Bureau will have its annual meeting Tuesday night, September 26, at 4 p.m. in the Muleshoe High School Cafeteria.

Farm Bureau is known as the voice of agriculture and by being present at the meeting, each person can be a part of this voice.

There will also be many valuable door prizes given away for someone to take home.

There will also be refreshments and entertainment as well as important business to consider.

The whole family is welcome at this meeting.

Roberts is a vegetable specialist with the Texas Agricultural Extension Service in Lubbock.

During his talk, Dr. Roberts stated "An appraisal of the potential for successful production of vegetables on the South Plains must begin with a careful look at the supply, demand and price picture for specific vegetables on the state and national level. Fresh vegetables are bought and sold at wholesale prices on a free and open market in this country. Prices for a specific vegetable fluctuate widely from season to season, even within a single season. This phenomenon is the result of supply and demand being constantly out of balance. Natural disasters or abnormally favorable weather or the tendency for growers to overplant the year following a season of high prices for a given vegetable -- all of these factors perpetuate this imbalance."

"Successful vegetable growers maximize their net profit or loss on a particular vegetable crop over a span of four years or longer. To be successful over the long run a grower must produce a given kind of vegetable so that he can offer it for sale in a time period of short supply and high prices."

Dr. William Labe, research horticulturist, Texas Experiment Station, Lubbock, spoke of "Production Requirements of Asparagus Crop" and Warren Harbin, economist-management, Texas Agricultural Extension Service, Lubbock, spoke on "Cost and Return" of vegetables.

At 2:30, marketing vegetables was discussed with Harvey Kitchens, Director-Perishable Division, Kimball Inc., Fort Worth, speaking on "Buying Vegetables" and Dr. Chan Connally, Vegetable Marketing Research, Texas Agricultural Experiment Station, Weslaco, speaking on "Selling Vegetables."

At 3:05 p.m. Marie Trevino,

manager, Walker Brothers Produce Company, Pampa, spoke to the group on "Beginning Steps to Vegetable Production."

He told the group that Texas ranks second in the United States in vegetable production behind first ranked California. Texas farmers receive 25 to 50 cents per 40 pound box, less for their potatoes that California farmers do.

He also stated that the a-

Harbin Appointed To Advisory Board For A&M Short Course

Joe E. Harbin, member services director at the Bailey County Electric Cooperative Association, has been appointed to the advisory board of the Extension Service of the Baylor University Short Course at Texas A&M University and elected chairman of the Social Committee and to the Steering Committee by that board. Prof. Swain A. Anderson announced.

Harbin, employed by the cooperative the past 11 years, is concerned with power utilization, marketing, public relations and member services in his present job capacity. He studied agriculture at Texas Tech, electrical engineering while in the U.S. Navy and completed both the primary and advanced heating and air conditioning short courses at Oklahoma State.

Harbin is secretary of the Executive Board, Texas Rural Electric Education and Research Committee sponsored by Texas Tech.

Prof. Anderson said the short course series is an attempt by TAMU and concerned industries, such as Bailey County Electric Cooperative Association, to improve statewide, the air conditioning industry and

SBA Will Sponsor Seminar

The Small Business Association along with the Muleshoe Chamber of Commerce and Agriculture will sponsor a seminar on "What is the Future of Small Business?"

The program will be held Thursday, October 12, from 7:30 to 9:30 p.m. in the council room at City Hall.

There will be no charge for the meeting and farmers, businessmen and agri-businessmen are urged to attend.

Several records of early fro-

Muleshoe Records 36 Temperatures Friday

The first day of autumn, Friday, dropped into the Muleshoe area leaving frost on the pumpkins and nippy weather early in the day.

In Muleshoe the thermometer dipped to a low 36 degrees in the early morning hours, just four degrees above that freezing mark.

As the day wore on, the sun warmed up the area with lots of sunshine and warm weather.

Linnhart recorded a low of 36 degrees and 37 degrees was recorded at Friona. Frost was found on lawns and cars in this area early Friday.

Agriculture experts say that the chilly weather may slow down crop development in this area, but shouldn't cause any serious damage.

Several records of early fro-

st and low temperatures were broken or equaled Friday when the cold front pushed through the panhandle of Texas.

Local farmers report no severe damage to crops in this area and are hoping for more hot, dry summer-like days to finish out the 1972 crops which are still looking profitable for the farmers.

Cotton yields are set a high level this season as is the corn and soybeans.

Cutting of alfalfa is already well underway in the area as the first loads of grain have already been harvested and brought in to elevators here in Muleshoe.

The corn harvest is just about over with Bailey County having a large return on its beautiful corn harvest this year.

47 YARD KICK . . . David Wheat, 33, is shown as he made a 47 yard gain on a pitchout from Don Long during the third quarter of the Muleshoe-Friona game Friday night. Wheat later stole the football from the Chiefs to make a 70 yard touchdown run. A large crowd turned out for the Mules first game that was also Homecoming for Muleshoe High School. This win makes Muleshoe's record 3-0 for the season. Next week, the Mules will take on Littlefield here at the high school stadium.

JOE HARBIN

Bass Club Will Meet On Thursday

The Muleshoe Bass Club will meet Tuesday at 8 p.m. in the Blue Room of the XII Steak House.

A film will be shown on rigging and fishing with plastic worm.

THE NEED TO END FORCED BUSING---

With the start of another school year, we are seeing demonstrated again, in some cases quite graphically, the continuing and urgent need for an effective end to forced massive busing. Court-ordered busing is undermining our educational system. In too many cases, local school boards are being forced to spend money on buses and drivers which ought instead to be spent upon quality teachers and books.

In the Congress, I have tried to be a strong voice for an end to forced massive busing. I remain convinced that the most effective means for ending forced busing and preventing it in the future is a Constitutional Amendment.

In the Congress, some anti-busing progress has been made. The President earlier proposed to the Congress legislation designed to place a moratorium on new busing orders, and another bill known as the Equal Educational Opportunities Act which would attempt to substantially upgrade currently sub-standard schools. I have supported both these proposals.

I was therefore encouraged recently when the House approved an amended version of the Equal Educational Opportunities Act. The House amendment to that legislation to bar forced busing in the elementary grades and to restrict busing in junior high and high school grades only to the next nearest school. Earlier, the Congress attached to the Higher Education Act, the Emergency School

Assistance Act which authorized some 2 1/2 million dollars, not for busing but to be used to upgrade our public schools.

House-passed version of the Equal Educational Opportunities Act is important and necessary legislation. A few days ago, I had an opportunity to discuss this matter, as well as others, with the President at the White House, and I can assure you that he strongly believes that the Senate should take up this legislation before it adjourns this year.

After that meeting, I discussed with the Senate leadership the need for consideration of this legislation. I was encouraged that, although the leadership made no promise, that the discussion on the Senate floor evoked concern on the part of a number of my colleagues and they too expressed their determination that the Senate should act on the matter soon.

I will be continuing my efforts to see that the Senate indeed considers this legislation and I am hopeful that it will be passed.

While we are working for legislation which might serve as a brake upon forced busing, we must keep in mind that the Supreme Court has the power to rule any new law unconstitutional.

For that reason, I am continuing to work for Constitutional Amendment to prohibit forced busing for this would be the surest means of insuring an end to this practice which is detrimental to education.

I was encouraged when the House Rules Committee voted to send a resolution providing for a Constitutional Amendment to prevent busing to the House floor. I hope the House will yet act on that provision.

In the Senate, I am sponsoring an identical Constitutional Amendment. It would state that no public school student could be assigned to attend a particular school simply because of race, creed or color.

It's always easy to find an excuse for delaying hard work.

Course...
Cont. from Page 1

Hale Center and Speedy Cockrell of Aubrey. They will be assisted by some of the state's top junior horsemen."

Another attraction will be a polo demonstration by the Texas A&M Polo Club.

Registration for the short course begins on October 6 at 4 p.m. at the Ramada Inn in College Station which is serving as headquarters for the annual event.

The short course will be preceded by a 4-H Horse Adult Leaders Seminar beginning at 12 noon. This seminar will feature in-depth discussions on more effective methods for conducting 4-H and youth horse programs.

The Saturday morning session of the short course will include discussions by officials of the Texas A&M College of Veterinary Medicine. Information will be presented on colic, lameness, reproduction in stallions and mares, and various surgical methods and techniques.

Dr. Loyd Davis with the U.S. Department of Agriculture will speak at a noon luncheon.

That afternoon, information will be provided on the Texas Trailer Brake Law and horse pasture management. A clinic on western pleasure and reining will also be conducted.

A meeting of the Texas Horse Council at 7:30 p.m. will conclude the short course.

Governor Approves Grants For SPAG

AUSTIN -- Governor Preston Smith today approved four grants totaling \$105,993 for governmental units in the area served by South Plains Association of Governments, Lubbock.

The money will come from the Criminal Justice Council, which oversees statewide law enforcement planning and administers funds from the Law Enforcement Assistance Administration for crime control projects in Texas.

Two of the awards, totaling \$57,759, were to SPAG, for design of a law enforcement radio-communications system and for law enforcement training.

The radio communications project funded \$28,500, will require the services of an engineer consultant, who will inventory existing radio equipment, prepare a design consistent with state guidelines, coordinate frequency allocation and assist in obtaining FCC licenses and FAA approvals, he also will prepare bid specifications and will supervise implementation of the radio system. Grantee will contribute an \$11,965 in-kind match.

The other SPAG award, for \$29,259, will continue CJC support of the regional law enforcement officer training program. Two 240-hour schools will be conducted to train 30 officers in basic police skills. Advanced courses also will be offered. In-kind match of \$53,200, the officers' salaries while in training, plus mileage, is stipulated.

Mayor St. Clair Speaks To Llano Estacado Civic Club

The Llano Estacado Civic Club met September 12 in the First National Bank. The evening meal was served by the hostesses, Mrs. Lee Kimbrough and Mrs. Jim Tucker.

Following the meal the president, Mrs. Kimbrough, called the meeting to order. Mrs. Tucker introduced the speaker, Mayor Irvin St. Clair. He gave a talk entitled, "What We Can Do To Help Muleshoe." He introduced the Comprehensive Plan for Muleshoe 1968-1987 and gave a report on the growth of Muleshoe from 1930-1972. He informed the club on bond issues that are in the planning stage, that are being established in Muleshoe, and those that have been completed. Mayor St. Clair explained the social welfare in the community and explained how the club could utilize the present buildings in Muleshoe to their fullest capacity.

A regular business meeting was conducted following the Mayor's presentation.

Members attending the dinner meeting were Mrs. Ricky Barrett, Mrs. Ronnie Black, Mrs. Jerry Gleason, Mrs. Lee Kimbrough, Mrs. Richard Loter, Mrs. Mike Miller, Mrs. Wayne Peterson and Mrs. Jim Tucker.

Rebekah Lodge Holds Obligation Ceremony

The Rebekah Lodge met Tuesday evening for its regular meeting with Mrs. Frank Snyder, Noble Grand and Mrs. Ray Quesenberry, vice grand, conducting the meeting.

An obligation ceremony was presented led by Mrs. Quesenberry.

Members present for the meeting were Mr. and Mrs. Frank Snyder, Mr. and Mrs. Tom Berry, D.J. Gage, Mrs. H.H. Snow, Mrs. Barbara Burton, Mrs. Ray Quesenberry, Mrs. J.W. Holmes, Mrs. Harold Maxwell, Mr. Zeb Robinson, Mrs. Claud Wilemon, Mrs. George Gross, Mrs. Tom Smith and Mrs. Lena Hawkins.

Nursing Home News by Myrtle Guinn

The nurses and staff of the Nursing Home and Hospital are raising money to finance an oil painting of Dr. B.O. McDaniel as a surprise to him to be hung in the day room along side the picture of another beloved physician, Dr. W.F. Birdsong. With each donation you will receive a chance on a beautiful hand-made quilt donated by Mrs. Pauline Stevens. The Hospital Auxiliary members are also working with the nurses and staff.

For further information call or inquire at the Nursing Home desk.

Dr. 'Mc' has a special place in many people's hearts and we are sure many would want to help make this painting possible.

Tressie Webb's aunt and cousin, Mrs. Smith Webb of Waco, and Smith Webb Jr. of Houston and his wife came to see her on Wednesday. She enjoyed their visit very much.

Tressie Webb's sister from Karnes City visited all week with Mrs. Sally Robinson and came to Tressie several times while here. Tressie spent all day Sunday with her sisters, Mrs. Rada Dytowski and Mr. Robinson.

Mrs. Brown's daughter and husband, Mr. and Mrs. Paul Twaddell of Amarillo came Sunday and spent the day and took her out for dinner. She enjoyed the day with them very much.

Mrs. Brown's daughter, Mrs. Sybil Simpson of Clovis, N.M. came to see her Monday afternoon.

Mrs. Ora Martin of Littlefield spent Tuesday afternoon with her mother, Mrs. Perry, and Mrs. Timms came in later.

Mr. and Mrs. Binker of Bovina spent several hours with their old neighbor and friend, Mrs. Mamie Miller, Tuesday.

Mrs. Garner and friend, Mrs. Gilite, called on Mrs. Lewis Tuesday afternoon.

Four sisters met for a get-together at Mrs. Fern Warren's home on Tuesday afternoon. Visiting together were Mrs. J.B. Smith from Andrews, Lena Thomas, Mrs. Neva Lloyd and Mrs. Warren. They really enjoyed getting together once more.

Mrs. Nicholson had three of her daughters visit her at noon

BIRTHDAY PARTY HONOREES . . . Pictured from left are Mrs. Lillian Fulcher, 98, Mrs. Kadie Newton, 80, and Mrs. Annie Nickelson, 95, as they were honored at the Nursing Home's birthday party. Group singing provided entertainment for the party. Mrs. Hattie Rockey, 86, played "Happy Birthday" on her harmonica to Mrs. Fulcher, who, in turn, played a song for Mrs. Rockey. Also celebrating birthdays but unable to attend the party were Mrs. Bess Curry, 92; Mrs. Pearl Goodin, 77; Mrs. Florence Parham, 78, and Charles Beller, 87. Mrs. Newton, one of the honorees has been at the Home the longest of any of the residents, having lived there for nine years.

4-H Fair Scheduled For September 30

The 1972 Bailey County 4-H Project Fair is scheduled for Saturday, September 30, from 10:30 a.m. to 4 p.m. in the old Williams Brothers Office Supply building.

General rules for the Fair are as follows: 4-H members will report to Mildred Throckmorton and Betty Carpenter for exhibit members. All entries must be in place by 10:30 a.m. The awards will be presented at 4 p.m. Immediately following this presentation, baked foods and garden products will be sold at auction. Items will go to the highest bidder. A bid may be left with the officials before the auction but this is not a guarantee of purchase since the product may receive a higher bid during the sale.

Any 4-H member is eligible to exhibit his work. Agricultural and Horticultural products must be grown in the exhibitor's own garden, farm or yard. All exhibits must be 1972 products. No more than one entry may be made in each class by a club member. Example: Category, Agricultural Dept., Division, Field Crops; Class, Yellow Corn. One first place, one second place, and one third place ribbon will be awarded in each class. The decision of the judges will be final.

Special awards will be given to the senior girl, senior boy, junior girl, junior boy, sub-junior girl and the sub-junior boy who acquire the greatest number of points in the fair points will be awarded according to the number of entries in a class. Example: 10 entries; Blue ribbon, 10 points; red ribbon, nine points; white ribbon, 1 point.

For the first time this year, a traveling trophy will be awarded to the club whose members accumulate the most total points. To retain permanent

possession of this trophy, the club must win it three consecutive years.

Seniors are 4-H members who were 14 years old before January 1, 1972. Sub-juniors are boys and girls under nine years of age.

Agricultural divisions include field crops (cotton, grain and seeds), horticulture (fruit, vegetables and miscellaneous crops) and flowers.

Rabbits for exhibition should be in cages furnished by the exhibitor.

Divisions in the home economics department include textiles, clothing, canned food, baked food and culinary, crafts and hobbies, and educational exhibits.

Educational exhibits can be entered by project groups. The exhibit must show something of activities of the projects. Project leaders and members work together in planning and preparing the exhibit. A first, second and third place will be chosen in these exhibits.

As a special attraction a 4-H Dog Show will be held as a separate division in the fair this year. All dogs should be in place in the exhibit area by 3:15 p.m. and ready to be judged at 3:30 p.m. Only 4-H Club members will be eligible to enter dogs in the show.

General rules and regulations of the show will apply. Dogs must be kept on leashes at all times. No unruly dogs will be allowed to be shown. The exhibitor must remain with his dog. A parent or guardian must be present with each exhibitor. Exhibitors must show proof of current rabies shots and tags for dogs. The Adult Leaders Council will not be held responsible for accidents. Ribbons will be awarded to the first, second and third place dogs in each of the following classes: most original costume, funniest costume, longest ears, shortest ears, largest dog, smallest dog, dog with most spots, best trained dogs, and dog with the longest tail.

For further information concerning the Fair and the rules, in the individual classes contact the local county agent's office.

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. - Gov. Preston Smith, as had been long reported, summoned legislators back to Austin Monday to consider competitive insurance rates and strengthened budget controls for the governor. He spelled out his recommendations in a joint session of the House and Senate.

While he has indicated he will battle to put his recommendations across, Smith said he has no plans to call more than one 30-day special session. On the other hand, he is reluctant to open the session agenda to permit consideration of other matters until the competitive rating bill has been dis-

posed of. Smith said he considers as the most important step toward insurance reform and consumer protection replacement of the system of rate-setting by the competitive rate system. Recent attorney general's opinions, complained Smith, have virtually stripped the governor of authority to insure adequate funding of state services. The opinions held he could not order transfer of funds from one state agency to another and the appropriations bill riders giving him effective power to pass on itemized spending are invalid. Smith acknowledged that in calling a fourth special session of the 62nd Legislature (the 62nd is the first legislature since 1934 to have to meet so often) he had taken no easy course.

Insurance companies reportedly are pretty well divided in the competitive rate issue. They defeated a similar proposal last year. MONEY NEWS GOOD AND BAD. Legislative budget writers received some good news and some bad news just before they headed into the new special session. *Next year's tax bill may not be nearly as large as many had feared, due in part to federal revenue sharing. *The federal government may force the legislature to make a \$50 million emergency appropriation early next year due to sharp limits proposed on new "social services" aid to welfare recipients. *Legislative Budget Board Director Tom Keel told board members lawmakers likely

won't face "a severe tax problem" in 1973 unless spending runs "ordinately high." Keel and Lt. Gov. Ben Barnes at the same time pointed out that Congress is expected to cut back on the welfare assistance which was relied on to balance the current state budget. The loss of federal money may run 40 per cent of the anticipated \$124 million over the next five fiscal quarters. Both Barnes and Keel anticipated passage of a \$90 million (for Texas) revenue sharing bill by Congress. Predictions of a small new tax need do not take into account possibility of the state's having to assume the entire cost of public school education. DEATH SENTENCES COMMUTED -- On request of local prosecutors and law enforce-

ment officials, the Board of Pardons and Paroles has commuted death sentences to life imprisonment for 29 Texas prisoners. The U.S. Supreme Court recently held that the death penalty as it is applied in the U.S. violates the constitutional ban against cruel and unusual punishment. Atty. Gen. Crawford C. Martin is appealing the case. At the time of the High Court ruling, 66 Texans were under death penalty convictions, 41 of them on death row near Huntsville and 25 still in county jails awaiting transfer to prison. \$3.25 BILLION -- Texas' total cash receipts from sales of crops and livestock during the last year totaled \$3.25 billion, Texas Agriculture Commissioner John C. White reported. Only California and Iowa have higher cash receipts. Hidalgo County in the Lower Rio Grande Valley had the highest returns of all Texas counties - \$117.3 million. Deaf Smith County in the Panhandle west of Amarillo was the only other to top the \$100 million mark. Its receipts were \$103.36 million. Parmer, Castro, Hale, Swisher, Cameron, Lubbock, Hansford and Lamb counties were in the top 10. Livestock accounted for almost two-thirds of the total cash receipts. Major agriculture production area is the irrigated High Plains with \$668.1 million in receipts. The Blacklands rank second in cash receipts (\$347.8 million).

SHORT SNORTS The Criminal Justice Council Executive Committee recommended approval of 33 grants for justice action programs totalling \$1.7 million. An auction of oil and gas leases by the Board for Lease of University of Texas Lands brought \$2.47 million. Highest bid of \$260,000 was on a 320-acre Winkler County tract. Sen. Wayne Connally of Floresville will be governor for a day October 7. Texas Tokamak, a device for testing concepts necessary to harness energy-producing mechanism of the hydrogen bomb for controlled light, heat and power, is now in preliminary testing at the University of Texas here. Selected archers will get free deer hunts October 1-9 at Kerr, Engeling, Chaparral and Stephen F. Austin game management areas. A feature-length documentary movie on Texas high school football will be made this fall in Iowa Park and Brownwood. Texas employers have the lowest unemployment tax rate in the nation, according to Texas Employment Commission. Nueces, Smith, Trinity, Victoria and Walker counties have been added to the list (now numbering 36) under imported fire ant quarantine federal regulations. A total of 754 new lawyers are qualified to take the oath of office September 25 as a result of passing the bar examination.

Congressman Bob Price The favorable action on the 75 billion dollar Defense Appropriation bill for 1973 was essential. A strong defense is the only way to guarantee world peace. The current Soviet strategic arms build-up continues to gain momentum, and their lead in military defense critically affects the world balance of power. We must maintain defense parity between the United States and Russia. Currently the Russians are spending 25% of their gross National Product on defense as compared with 7% in this country. More importantly, the Russians are spending 75% of their defense dollar on equipment and research, while in the current appropriations bill, the U.S. will be spending only 33%. The majority party-controlled Appropriations Committee struck 2.8 billion dollars from the Administration's request for funds to purchase new ships, planes, weapons and equipment. However, the most vital slash in the bill was one billion dollars cut from funds requested for research and development. We are spending two-thirds of our defense appropriation on manpower--salaries, food and housing. Our priority should shift to money for equipment and technology. An extravagance that was added into the budget against the Committee recommendation is the turning of KP and house-keeping duties over to civilians. The Committee had recommended that the military do its own housekeeping chores.

AG OPINIONS -- The public has a right to fish in newly-created canals and water-ways dredged from state bays into and over private property providing there is access and subject to state regulation, Attorney General Martin held. In other recent opinions, Martin concluded: *A National Guard sergeant injured in a crowd control demonstration by another Guardsman is entitled to medical expenses. *When a county tax assessor-collector dies or vacates his office, duties fall on the chief deputy when bond is posted and approved. *The Fleet Admiral Chester W. Nimitz Memorial Naval Museum Commission can contract with a federal agency to finance property purchases for historic renovation and preservation. *The coordinating Board, Texas College and University System has no authority to hold an official meeting without posting. An estimated 233,615 major or criminal offenses occurred January-June this year -- an overall rate of 4,173 per 100,000 population. APPOINTMENTS, RESIGNATIONS -- James Estelle, head of the state prison system, was named to the Criminal Justice Council executive committee. Lyle B. Cherry of Wichita Falls is a new member of the Study committee on Traffic Court Reorganization. R.L. (Bud) Reed will become assistant executive director of Texas Industrial Commission October 15. Curtis Toews of Austin, Mrs. Ben Barnes of Brownwood, Anthony J. Carnesi of Brownville, Aris S. Gonzalez of Corpus Christi, Bill Smith of Fort Worth and Dr. Lee Taylor of Arlington are new appointees to a Texas Employment Commission Advisory Council. Jack Gaubert resigned as executive director of the State Democratic Executive Committee. Dr. William M. McIssac resigned as director of the Texas Research Institute of Mental Sciences, Houston.

RED RIVER BASIN On September 25 I will be meeting in Wichita Falls with the District Engineer of the Corps of Engineers from Tulsa, for the purpose of establishing priorities in relation to the continuing efforts to improve our water supply. We have been working with the Red River Authority to hasten this project and this past week Senator Tower and I have succeeded in getting the Department of the Army to make an official request for getting necessary funds released by the Office of Management and Budget so construction of Phase I can get underway. Twenty-one Northwest Texas counties are directly affected by this project.

Services Held Thursday For Pearl Bearden Services for Mrs. Pearl Elizabeth Bearden, 83, were held at 2 p.m. Thursday, September 21, in Hammons Funeral Home Chapel with Bob Wear, minister of the Crescent Park Church of Christ, officiating. Burial was in Littlefield Memorial Park. Mrs. Bearden died about 9:45 a.m. Wednesday in Medical Arts Hospital. Survivors include two sons, H. B. Merrifield and C.E. Merrifield, both of Littlefield; three daughters, Mrs. W.E. Chisholm of Needmore, Mrs. B.H. McCurry of Anton and Mrs. T.H. Smith of Levelland, 21 grandchildren and 25 great-grandchildren. ***** The person who talks all the time will have a lot of time to listen to himself, undisturbed.
