Matador City Council Meets Landfill to Re-Open

The Matador City Council met Thursday, November 14 to take care of City business.

The minutes were read and approved after one correction. Bills were read and approved for \$9,469.27 from Water Works and \$1,032.40 from General; four trash containers picked up for October, cost \$1,376.83, to Waste Management of Lubbock.

New Landfill Regulations state the city can operate the landfill for the next 24 months on current permit, after an engineer surveys the area to meet State Requirements. After passing these requirements, a new pit will be dug. Council elected to re-open the landfill and lower the rates from \$9 to \$5 minimum on trash collection for a residence and from \$27 to \$15 minimum business, provided citizens continue to comply with new restrictions. The restrictions are not to dump the following items: batteries, tires, oil filters, paint buckets, large appliances, limbs and grass.

The Council hopes citizens will continue to write their Congressmen to ask them to change rules for rural areas.

Bids were opened for Waste Water Plant Improvements by David Todd of Todd Engineering. Four bids were presented with Rhode Construction Co. of Lubbock for \$279,413.00, low bid. The grant falls short of the funds needed by \$56,000.00.

The Waste Water Plant is 64 years old and now has to be improved and updated as it was condemned in 1989. The city got a release because of the grant application. Council accepted the bid.

Other items accepted were:

- * 1991 Audit
- * To put a dumpster or barrel at the side of the road where kids park, along Hwy. 70.
- * Accepted new health insurance company.

Betty Luckett, Chief Tax Appraiser asked the Council to accept a resolution in December to request the Tax Appraiser Office to change their fiscal year from October to Sept. 30.

Mrs. L.B. (Lucretia) Campbell and Pat Seigler, representatives of the East Mound Cemetery Board explained their financial and equipment problems and asked the City to assist them or take over the maintenance of the Cemetery.

The Council decided to leave the Cemetery operation to the Cemetery Board until Spring and discuss it again. Meeting adjourned.

J.N. Fletcher explained that his wife, Darlene and her daughter, D.D. Smith, planned to apply for a grant for a community center to be built on the lots. The Board elected to award the lots to D.D. Smith.

The Board discussed the following policies:

Museum Donation Makes Unique Christmas Gift

Looking for an unusual Christmas Gift? A gift to the Museum is the perfect solution!

Letter from Dorothy Dailey:

Dear Hazel,

Milton and I would like to do a little early Christmas shopping. It is always difficult for us to find something to give

Glenn and Marion for Christmas. We believe we have found a way to solve this dilemma. In honor of Glenn and Marion

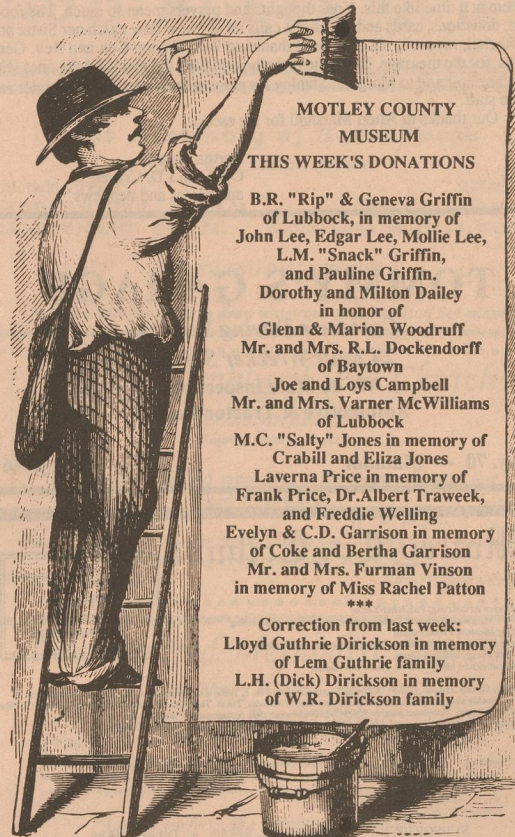

Woodruff we are sending a check to the museum for \$100.00. Now if this is

matched by the Meadows Foundation, this will be much better than tapes, or books, or peanuts!

Would you mind sending them a card informing them of their gift? We are excited about the museum, and we are planning to contribute more as time goes on. We certainly appreciate your giving

of your time for this endeavor for this is certainly going to be an asset to Matador.

With regards to all,
Dorothy and Milton Dailey

Lions Club Report

The Matador Lions Club met November 19 for their lunch and meeting.

Boss Lion Rocky Vinson reported on the directors meeting. The Lions planned to have Santa Clause come to town. The date will be announced later. Twelve new flags came in. This is Diabetes Awareness Month.

Vinson introduced Beverly Thomas, Home Extension Agent for Mortley County.

Thomas stated in 1984 there were 1200 landfills in Texas and by 1999 there will be only 900.

Thomas showed the Lions the only way to help in the shortage is by recycling and using and buying only recycled products. For example, paper sacks, not plastic, returnable or recycleable containers.

Thomas closed by saying one person's garbage is not a problem, it's everyone's together that creates the problem.

Lion Larry Hoyle introduced Tony Raffaele, Coach for 7th, 8th, Jr. Varsity and Varsity Girls Basketball. Coach explained he had a good group of girls, his 7th and 8th grade are fundamentally sound. He explained his JV and Varsity have good experience and showing great potential for the 91-92 season.

Coach Raffaele ended by inviting everyone to attend the games.

HOLIDAY BAKING

ONE RISE CINNAMON ROLLS

As the holiday season near, I want to share some breakfast recipes with you.

The "Quick Sweet Rolls" are made with a cake mix.

QUICK SWEET ROLLS

- 1 pkg. yellow cake mix (not pudding)
- 2 pkg. yeast
- 5 scant cups flour
- 1 cup sugar
- 1 stick butter
- 2 TBS cinnamon

Mix cake mix, yeast, and flour with 2 1/2 cups very warm water. Let rise two hours. Punch down and roll in two oblongs—about 9x12 inches. Melt butter and sprinkle with sugar and cinnamon. Roll up and slice into 1/2 to 3/4 inch rolls. Grease pans. Put in pans; let rise about one hour, then bake at 350 degrees Fahrenheit for 20 minutes.

FROSTING:

- 1 1/2 cups brown sugar
- 2 TBS butter
- 1/4 cup milk
- powdered sugar

Drizzle with frosting of brown sugar, butter and milk; bring to a boil and then add enough powdered sugar to right thickness to drizzle.

Makes two big, 11 x 15 inch pans.

PULL-A-PART COFFEE CAKE

- 1 pkg. of 24 frozen rolls
- 1 3-oz. pkg. dry butterscotch pudding (not instant)
- 1/2 cup chopped pecans
- 1/2 cup brown sugar
- 2 TBS cinnamon
- 1 stick margarine, melted

The night before:

In large bundt pan, sprinkle pecans. Place frozen rolls on top loosely. Mix pudding, brown sugar, and cinnamon; sprinkle over rolls. Pour melted margarine over this.

Let rise in oven 8 hours or overnight. Bake in 350 degree oven for 25 to 30 minutes. Let set in pan about 15 minutes; turn out on tray. Serves 6 to 8, unless you are hungry; then it might serve 4.

Topping:

Mix together and put in large pan - 1 cup heavy cream and 1 cup brown sugar.

Set pan aside.

Filling:

Mix together and set aside: 1/2 cup sugar, 2 tsp. cinnamon and 1/2 cup margarine (softened).

Rolls:

- 3 to 3 1/2 cups flour
- 1 pkg. yeast
- 1 cup sugar
- 1 tsp. salt
- 2 cups hot water
- 2 TBS butter (softened)
- 1 egg

In large bowl, mix 1 1/2 cups flour and next six ingredients. Beat 3 minutes. Stir in remaining flour. Knead on floured surface for 1 minute. Roll into 15 x 7 inch rectangle. Spread filling over dough. Roll tightly. Seal edges. Cut into rolls. Place cut side down on the creamed mixture. Let rise 45 minutes (or overnight). Bake at 400 degrees for 20 to 25 minutes. Cool 10 to 15 minutes. Turn out on tray.

BREAKFAST CASSEROLE

Cook and crumble 2 pounds sausage in a 9 x 12 inch baking dish, layer sausage with chopped mushrooms (1 can or 1 pkg. fresh), 2 small cans chopped green chilies, and 1 cup grated cheese.

This can be done ahead and frozen. About 20 minutes ahead of time, beat 1 dozen eggs and pour over the previous layers. Bake in 350 degree oven until set. Cut in squares to serve.

Educations programs conducted by the Texas Agricultural Extension Service are for people of all ages regardless of socio-economic level, race, color, sex, religion, handicap, or national origin.

Thought for the Day:

We are where we are today because of the choices we have made in the past.

Thank You

We want to thank everyone for all the cards, calls, flowers, food and visits while Freddie was in the hospital and after his return home. We appreciate all of your concern.

Freddie and Jerline Pitts and family

We would like to say "thank you" to each one that helped us when Ruth fell and broke her hip. Help in getting her to the hospital in Lockney and then on to Amarillo. Thank you for the cards, telephone and prayers. Those that helped R.A. in anyway.

R.A. and Ruth Stafford

We are always grateful for our friends and relatives, especially when we need them at a time like this. Your thoughts and prayers mean so much. The food, flowers, donations, cards and telephone calls let us know how much our Sister and Aunt, Rachel, meant to all. A special thanks to Bro. Gaylon Cox and Rev. Gene Hawkins for the message. The ladies who helped with the meal and the ones who sang in the choir and to Margaret Stanley for playing the organ. To Pat Seigler and all of his staff.

Our thanks to Alton Marshall for his escort.

Reader's Column

NOTE: The following poem is written by Donna G. Williams Nelson, a former Matador resident and a graduate of Matador High School. Ms. Nelson presented her poem at the 1991 Homecoming Program, held recently. Due to lack of space we will be printing this poem in three parts.

A Tribute To My Hometown

PART 3

by Donna G. Williams Nelson

It wasn't the Oscars - it was the banquet and graduation night
Where every student was recognized, got an award, and all came out right!

It was Ed D. Smith at the County Jail, and Mrs. Keltz - precious
stories they'd tell!

It was Mrs. Brown, the precious nurse who made you feel better
when you felt worse.

It was a chance to go even further, too - to South Plains College,
WT, or Tarleton or Tech four years thru.

It was the Woodruffs and the Hoyles, tho we had no money,
a new car to us they'd show;

And it was that special Snow who taught us we didn't know
what we didn't know!

It was Billy Wason when things got hard
Whose kindness showed, and let us charge!

We were still hanging clothes out on a line,
worrying when Bob's Oil Well gas cost more than a dime!

It wasn't jogging and aerobics how stress could be beat --
It was a Matador boy walking down the street.

It was Sister Dillard, Rev. Gene, and Mrs. Cooper loving us all.
When we had a problem, we'd give them a call.

It was getting a hundred dollar loan from First State Bank
And giving John Barnhill a thankful handshake.

It was Vivian Jacobs at the Variety Store giving us a chance
To earn a little spending money, our lives to enhance.

It was us high school kids who thought we were so old and pretty
bold, worrying about the younger ones - like Max, David, Olivia,
Bridget, Francis, and Richard and other daughters and sons
and what they'd become.

It was the Meadors, the Matador Tribune, and Trail Dust
Who for the town stood - printing only the good
And keeping us in touch with us!

It was Inez and Juanita asking "Number, please?"
And Dude waxing a saddle with a little grease.

It was a stylish haircut from some of the Jenkins,
Sunday family dinner, gatherin' eggs from the chickens!

It was rattlesnakes in a cage, checking rain on the gauge,
And a tornado warning in September that we all can remember.

It was the Wellings five or the Lynns with eight
Who'd just set on the table another plate
When you stopped by and hadn't ate!

It was a dance at the Playhouse over at the Groves,
Or at the VFW, parking our cars in rows.

It was patriotism and the American flag,
The Drum and Bugle Corp, that made us glad!

It was an encouraging word that always was heard for sure
When Docs Stanley or Traweek administered the cure.

It was to El Paso on the Senior Class trip, and
Nelda singing "Sweet Nothin'" that our hearts have kept.

It was never spending a lot of dough
It was a feature at Pete's when we were low!

It was Interscholastic League and the livestock judging contest that
let us know we were as good as the rest;
Tho our town was small, we had it all, and truly the best of the best!

It was a friend like Kay who'd loan me her formal of white
To represent the town the finest you might!

It was Judge Elbert Reeves, Sis, and the Georges, too,
Who like the Staffords and Darseys took an interest in you!

It was endurance and to Mr. Pipkin for insurance!
And Red Renfro on the bus putting up with us!

It was adversity building character - a fact we couldn't shirk
Thank God, we were born poor, 'cause we learned how to work!

Wouldn't it be great if this Nation and this State
Could take a vacation and visit our hometown
Pick themselves up where they've gone down,
Rekindle the love with faith from above,

See how it's done - helping everyone - when calamities come?
Family, faith, and friendship should be America's motto
Far more important than winning the Lotto!
Genuine caring, compassion, and concern
Is a lesson everyone could relearn.
Adding a purpose and loving discipline
Could bring out the best in all the children!

It's thinking of what we've had, we are so very glad.
And tho we haven't mentioned every person,
Please know it's certain
This is a tribute to every Mom and Dad.
And it's missing those who are not here
Those we loved and still hold dear!

Sometimes in life we assume because of what we have that
Someone else's life is smoother, easier, too
But some time, and this very day,
I need to stop and say
Thank you for the love you sent my way!

Arts & Crafts Christmas Bazaar Big Success

The predictions were true — Arts and Crafts Club had a Bazaar that was great, in spite of inclement weather. The dampness didn't dampen anyone's spirit.

The Holiday Spirit and theme was evident everywhere. Santas, Christmas Trees, Madonnas, Angels, Toys, Stuffed Animals, useful household items, painted sweatshirts, purses, cosmetic bags and much more was available for purchase at Saturday's bazaar.

A most outstanding item was on display - a beautiful white Christmas tree, with lights aglow made of glistening ceramic, made by Marion Woodruff. Another charming item on display was a little quilting stand, with little quilts, doll

size, made by Winifred Lee.

There isn't time or space to mention all the pretty items, suffice to say, everyone sold something.

The food table was laden with goodies, candy, cake, bread, snacks, and all were sold by closing time.

Thanks to all who came and bought or visited the Bazaar. Coffee and cookies were enjoyed by all that came. It was a great day.

Hope to see you all back for Santa's visit and the drawing for the Centennial quilt, December 7. We will have lots more to sell. See you there!

We also welcomed a new member, Sibyl Brandon of Roaring Springs.

Amy's Anecdotes

by Amy Woolsey

Think about your co-workers. Which one is your most favorite? The one with a smile and something positive to say. Right? Everyone needs positive feedback. No matter how small a task, it's nice to know you did it well, and that others recognize that fact. It is also nice to know you are appreciated no matter how large or small a contribution.

The only problem - the positive feedback must be sincere and honest, not

flattery. A true smile, not phony plastic, but 18k gold from the heart.

To be this positive friend, we must all look inward, throw out our hangups, be a loving person.

Wouldn't it be nice to be someone's favorite co-worker or friend? Wouldn't it be nice to work with someone like that. Talk about job security - who could fire a ray of sunshine?

The Tribune continues to receive letters from subscribers who don't receive their Tribune until it is at least 10 days late.

We at the Tribune office are very sorry for this delay, as we work very hard each week to get the paper out for our readers to enjoy. The papers are bundled and mailed out every Wednesday afternoon. Very seldom does the paper leave Matador later than 5:00 p.m. After it leaves here we have no control over where it goes or how long it takes to get there. We have had one subscriber not renew their subscription, because of it being 2 weeks late.

Again we are sorry and appreciate your patronage and understanding. Please contact your postmaster and report any delay.

Yeah! The landfill will be opened awhile longer! But the City still needs our help in following the Don't Throw List, so they can comply with State and EPA regulations.

Also this is no time to stop writing your Congressman and State Representatives. This gives us 24 months to try and get them to change the rural regulations to not be as demanding as the larger populated areas! Keep the letters going. This could also help keep expenses down. We're all for that, right?

This is not time to not think of recycling. I know we don't have a place to sell bottles, paper, tires, etc., but we can help in other areas. The following list is a check list from the Texas Agricultural Extension Service. Read it and consider changing some of your non-recycle habits to "Recycle Habits" to help benefit your town and area counties. Everything we can save or recycle helps our finances as well as the city and county.

- Have a designated storage area for recyclable goods
- Tie newspapers into bundles or put them into paper bags.
- Rinse and crush aluminum cans before storing
- Return all deposit bottles to supermarket or collection site.
- Use plastic bags for garbage and storage of non-edible items
- Reuse paper bags
- Give old magazines to doctors' offices, friends or neighbors to use or better yet, check magazines or books out of library.
- Reuse cardboard boxes for storage.
- Reuse envelopes in mailing or for making file folders.
- Wash, remove labels and ends, flatten and recycle steel cans.
- Compost and mulch yard waste and food waste
- Buy recycled paper, stationary and greeting cards
- Send bulk items like appliances, aluminum siding, automobile radiators, etc. to local scrap yard.
- Look for the recycled symbol on consumer products.

Steve Verett, Board Chairman of Lubbock-based Plains Cotton Growers (PCG), presented comments on the proposed North American Free Trade Agreement (NAFTA) with Mexico at a hearing on Tuesday, November 12. The hearing was presided over by Texas Agriculture Commissioner Rick Perry.

The hearing was conducted at the Texas Agricultural Experiment Station north of Lubbock. Verett's comments were heard by members of the Select Committee on North American Free Trade. Committee members present at the hearing were Perry, Billy Bob Brown of Seminole, Gary Williams an economist with Texas A&M University, and Richard Pena with the Texas Department of Agriculture.

Verett pointed out many of the concerns High Plains cotton producers have about the proposed agreement. Some of the issues he addressed were rules of origin; Mexico's status as a net exporter of cotton environmental issues associated with an increase in Mexican cotton production; and the need to be consistent with current and future GATT rules and procedures.

Verett noted that one of the most important issues facing the cotton industry is the need for strong, enforceable, rules of origin. The rules are necessary to regulate the movement of raw cotton and finished textile products between the U.S. and Mexico.

He noted that PCG has joined with other members of the cotton industry to insure cotton has a "Fiber-Forward" rule included in a final agreement.

PCG Executive Vice President Donald Johnson echoes that sentiment. He explained that PCG's Board of Directors

feels any agreement, be it the NAFTA or the FATT, should follow basic common sense rules to insure each side receives the maximum possible benefit.

Verett concluded his remarks by saying, "The goal of the U.S. in this agreement should be to help American agriculture stay competitive in the world market by providing a level playing field for our producers. As producers, from an area of cotton production that benefits from a strong export market, we on the High Plains believe in fair trade. When put on equal footing American agriculture can hold its own."

USDA raised the production estimate for the High Plains by 20,000 bales to 3.05 million bales in their November 12 estimate. General opinion is that the estimate fails to reflect accurately the severity of the October 28 freeze. Instead of receiving a light frost or two before the hard freeze, area temperatures plummeted below the freezing mark and stayed there for several days.

The freeze apparently damaged many bolls before they were fully mature. Boll numbers had promised a good size crop, however the full extent of the damage will not be known until producers can get back in the fields. The majority of the bolls in question were in cotton fields planted late and already pushing the limits of available time before harvest.

"From what we understand from discussions with people from across the area the majority of this year's crop was ready for the freeze unfortunately the southern portion of the High Plains had a good bit of late planted cotton that really needed another week to ten days of warm weather in order to put the final touches on the bolls they were carrying.

"Indications at this time seem to be that many of these bolls were permanently harmed by the freeze and simply will not open up and produce any lint at all," notes Donald Johnson, PCG Executive Vice President. "Taking this into account many of the people venturing a guess about the eventual size of this year's crop are staying in the 2.6-2.8 million bale range. Most estimates are on the low end of that range."

Weight Loss Surprises Researchers

WASHINGTON --A nutrition organization was hopeful that a nutritionally complete "hi-tech" food tablet would help erase world hunger problems, until a study revealed that one of the ingredients could cause significant weight loss.

Although other studies and scientists may not agree, researchers in Europe found that the ingredient, a natural plant colloid, actually caused people to lose weight, even though specifically instructed not to alter normal eating patterns, according to one study published in the prestigious *British Journal of Nutrition*. Researchers in an earlier study had speculated that the weight loss was due to a decrease in the intestinal absorption of calories.

While the development of the product called Food Source One, a project of National Dietary Research, would not be used to successfully fulfill its original goal, the formula which has since been improved with other natural colloids has been a windfall for some overweight people. A Daytona Beach, Florida woman fighting a weight battle for 12 years used the product on the recommendation of her physician and lost 30 pounds. She stated, "Not only have I lost 30 pounds but my cholesterol has dropped from 232 to 143. I have two closets full of clothes which have not fit me in two years that I can now wear." In a separate report, a telephone interview revealed that a Wilmington, North Carolina pharmacist lost 14 pounds in 3 weeks on the product and was never hungry.

Food Source One tablets are part of National Dietary Research's comprehensive plan to bring a rapid end to obesity in this country. A variety of nutritionally sound diet plans, specially prepared by NDR, accompany each bottle and provide a natural, drug free alternative for confronting the problem of obesity.

Write down this number. If you see someone breaking the rules and harming our fishing and hunting, get to a phone and call toll free to Texas Parks and Wildlife. The enforcement division can use your help in order to do their job better. Do not (I repeat DO NOT) try to stop violators yourself. The majority of poachers are not dangerous, but don't take a chance with an armed and possibly angry lawbreaker. Operation Game Thief at 1-800-792-GAME is available 24 hours a day, and you can remain anonymous.

WHOOPIING CRANE POACHERS -- Billy Inman of Marble Falls has probably shot his last whooping crane. On August 19, he pleaded guilty to shooting the endangered crane during a spring fishing trip on the Colorado River. The Federal Judge sentenced Inman to serve two months in prison, five years probation, \$10,000 fine, \$8,100 in civil restitution to Texas, 200 hours community service and forfeiture of his 12-gauge Winchester Model #12 shotgun. Curtis Sayers is awaiting sentencing for his role in aiding and abetting in the same killing.

During migration, whooping cranes are frequent guests in our area, so please make sure of your target or you might make a tragic mistake. Whoopers are very distinctive large white cranes with black wing tips. The number of whooping cranes sank to a low of 38, but thanks to extensive efforts by sportsmen, federal, and state officials, their numbers have increased to 140 wild birds.

WARNING: You may legally use lead shot during sandhill crane hunting, BUT take a shot at a goose or a duck you will be in violation of the law. Effective this hunting season, only steel shot can be used for hunting any water fowl in Texas. Cranes are not considered water fowl.

Many hunters report success by using steel shot that is two sizes bigger than their normal duck load.

The results of the 1991 Top-O-the-Line Fall Fun Tournament at Lake Meredith show that first place went to JIM BRASWELL of Amarillo. CHRIS DeROSSETT of Fritch was second and JIMMY SCROGGINS of Borger captured third. The only walleye was caught by HANK McWILLIAMS, who holds the current walleye state record (11.88 lb.).

ALAN JONES, owner of Top-o-the-Line Marine, served the fishermen some great food. It was a terrific way to end the 1991 Fun Tournaments at Lake Meredith.

Dedicated walleye anglers are patiently waiting for the good walleye fishing that occurs at night in FEBRUARY! B-r-r-r.

Microwave Fun Party Treats At Do Gooders Club Meeting

The Do Gooders' Club of Flomot met Tuesday afternoon, November 12 at the Community Center with Ms. Beverly Thomas, Home Extension Agent of Vernon, giving dexterous instructions for Microwave Party Treats and decorative Christmas gift wrapping.

The delicious microwave treats included Tiger Butter, Velveeta Cheese Fudge, Carmel Corn and a Radish and Creamed Cheese Dip. Ms. Thomas gave demonstrations on ways to spread the holiday cheer using colored Saran Wrap inside gift baskets, for holiday bows and wrapping fruit cakes. She displayed the art of sponge painting to decorate brown paper sacks with Christmas bells, trees and other designs to enclose gifts. She gave holiday brochures to each one attending.

Mesdames D.M. (Christeen) Gilbert, Coy (Connie) Franks and Doyle (Mary Jo) Calvert presided at a Thanksgiving motif service. The table was draped with an orange cloth with imprinted turkeys on the scalloped edge. The centerpiece was a cascading ivy plant in an ecru bas-

ket. Refreshments of crackers, chips and dip and the microwave party treats were served with cranberry punch and coffee.

Mrs. Calvert, president, presided at the business meeting. It was voted to take baked goods to be sold at the Quitaque EMT booth at the Country Christmas in Quitaque, December 14. The money earned will help defray expenses for needed medical equipment and supplies. Four Flomot women are active members

of the Quitaque EMT. For the convenience of those furnishing baked goods to sell, you can bring them to the Do Gooders' Club meeting at the Flomot Community Center, December 10. Mrs. Bill (Erma) Washington, EMT member, will take them to Quitaque.

Roaring Springs Sr. Citizens Report

by Eugenia Bethard

by Eugenia Bethard

The Roaring Springs Senior Citizens met November 7, 1991, for their regular meeting with 20 present. There were two birthdays for November but only one person. Vera Mitchell was present for the Happy Birthday song. The program for December was discussed, which will be the Christmas Tree, and giving of gifts. This is a special time, and visitors are invited to come share this time with the Senior Citizens.

Eugenia Bethard, acting Program Chairman, introduced those on the program. Two representatives from Health Care presented their information on Health Care. Mrs. Donna Beck from Childress, Health Equipment, and Total

Health Care, Mrs. Jean Appling, R.N. from Plainview. This information was well received by all.

Mrs. Nancy Marble of South Plains and Mary Lou Bollman, a well known Texas Historian, of Lockney, brought slides on the Columbus Museum, in Boalsburg, Penn., titled "Discover Columbus In America." This Museum was founded by the Boals family, direct descendants of Columbus. The Chapel was moved from Spain to Boalsburg, and is the most tangible connection to Christopher Columbus in the United States. Mrs. Bethard then concluded the program with a talk on "The Man - Columbus", rather than on his voyages. The program was well received with a round of applause.

The Reason We Hope

We are creatures of hope. We live in hope, we plant in hope, we harvest in hope. When hope is gone, we are devastated. When things are bad we hope for improvement. And when things are going well, we even hope it will get better.

Webster's definition of hope is this: "Desire with expectation of fulfillment." If we have hope, we have a reason for that hope. That is the only way there can be expectation of fulfillment. For example: Our farmers look to the soil, they know the past record of rainfall, and with proper farming procedures, they have hope for a good harvest. It is reasonable.

Of all the people in this world, Christians have more hope than anyone. Christians have more than wishes for the future. Christians have HOPE. Remember our definition? An "expectation of fulfillment." What is the Christian's reason for hope? The apostle Peter writes that we should be able to give "a reason concerning the hope that is in you." (1 Peter 3:15). The reason for our hope is CALVARY. It is this same hope that gives the meaning, purpose and power to our lives.

"Blessed be the God and Father of our Lord Jesus Christ, who according to his great mercy begat us again unto a living hope by the resurrection of Jesus Christ from the dead, unto an inheritance incorruptible and undefiled, that fadeeth not away, reserved in heaven for you." (1 Peter 1:3-4)
