## Former Physician, Dr. "Y" Speaks At Lions Meeting

By Lila Meador

A former physician here, Dr. Y Hoang Do, who is now practicing ophthalmology with offices in Plainview, was speaker at the May 18 meeting of Matador Lions Club, at the United Methodist Church.

He was introduced by Lion John M. Russell, who explained, "We all knew Dr. Do, as Dr. 'Y' (pronounced 'E') when he served this county, because another physician who was here at the same time was also a Dr. Do, although not related."

The two physicians came here in 1975 as medical refugees from Saigon, when an effort was being made to re-open the Motley General Hospital in connection with the clinic. After leaving Matador three years later, Dr. Y Hoang Do enrolled at Lubbock Medical School, where he completed a course in ophthalmology.

He spoke on various diseases and surgery of the eye, and showed a film, "Diabetes and the Eye," showing symptoms and treatment specifically of persons suffering from diabetes and hypoglycemia (low blood sugar). He explained that fluctuating sugar level affects the eye. He explained laser treatment and other methods of removing cataracts, but advised that the patient should check with an optometrist or family doctor before taking any action.

Dr. Do was accompanied by his associate

ophician, Cecil Carman, a former Matador resident and graduate of Matador High School. Other guests, introduced by Lion Recorder Bill McCaghen were, Everett Monroe, Roy Monroe, Dr. Victor Chavez and

Mrs. Joyce Campbell.

Presiding was Boss Lion Alan Bingham, who announced that Brent Campbell, son of Mr. and Mrs. Bundy Hal Campbell, will attend the Texas Farm Bureau's Citizenship

Seminar this summer on the campus of Baylor University in Waco, sponsored by the Lions.

An enjoyable lunch of chicken fried steak and vegetables was prepared and served by Lion Walter Jones.

## MC Graduates Charged With Business of Learning

By Lila Meador

Education does not end with graduation, but should be considered as a continuing process, Motley County High School seniors were told in Baccalaureate services Sunday night by Rev. Mark Gibbens-Rickman, pastor of the United Methodist Churches in Matador and Roaring Springs.

"We must continue to learn as long as we live," the speaker admonished. "We must always be about the business of learning, and remember that all wisdom and truth comes from God."

He referred to the scripture Proverbs 1:7 which was read by Miss Kim Campbell: The fear of the Lord is the beginning of knowledge; but fools despise wisdom and instruction.

"Take God into account in every aspect of living....seek out a way to use your education in service for others. Life is a wonderful experience, but an awesome responsibility, and the

temptation often is to live only for yourself. Give life your best—and your most."

Invocation was by Judge Billy J. Whitaker. The congregation was led in singing by Mrs. W. F. Jacobs, and Miss Campbell read verses 20-23 as well as verse 7 of Proverbs 1. Benediction was by Gerald Pipkin. Mrs. Glenn Woodruff played the Processional and Recessional marches for both the Baccalaureate and Commencement Service Monday night in the school auditorium.

The commencement program included Invocation by Truitt Read; Salutatory Address, Rhonda Stephens; song, "For All We Know" by seniors Jerry Long, Kyle Hardin, Glen Calvert, Reneigh Gwinn, Brenda Osborn, Carlene Lockett and Susannah Woodruff; Valedictory Address, Derinda Cruse; Presentation of Honors, Wayland Moore, High School Principal; Presentation of Class, Charles Johnson, Superintendent of

Schools; Presentation of Diplomas, James Taylor, President, and Mrs. Wilberta Jackson, Secretary, Board of Trustees, and Benediction by Ronald Richards.

Receiving awards for highest average in each class for 1981-82 were, Freshman, Kimberly Moore, 94.933; Sophomore, Renee Renfro, 99.266 with special recognition to Wade Vandiver for his 99.000 average; Junior, Roy Thompson, 97.100 and Senior, Derinda Cruse, 97.166.

Highest average for the school year by any student, grades 9-12, Renee Renfro; Motley County Parent-Teacher Organization literary award for the student who scored the most points in U.I.L. literary competition went to Holly Hobbs.

Matador Lions Club Citizenship award was received by Colleen Rose, a senior.

The Valedictorian and Salutatorian each received scholarship awards, and the State of Texas Honor Graduate Certificate went to Derinda Cruse, Valedictorian as the highest ranking graduate. This exempts the student from tuition payments at any state supported college or university during the 1st regular session immediately following graduation.

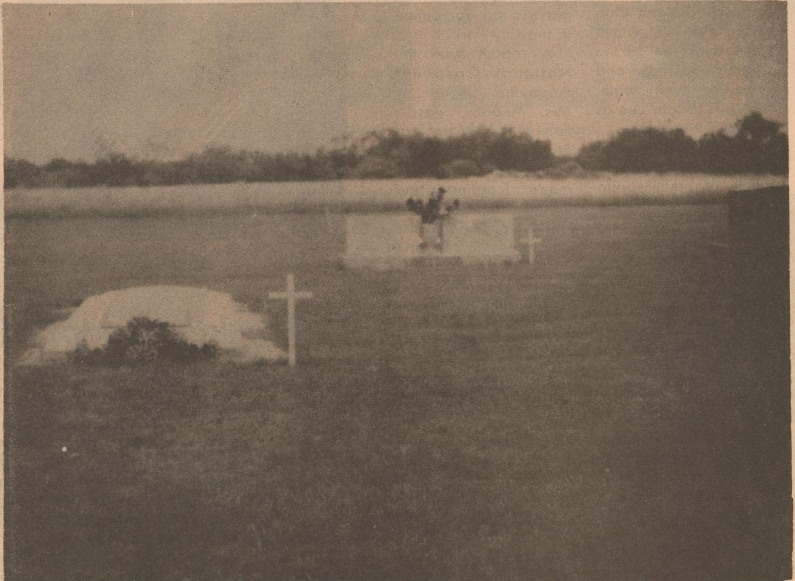

Other scholastic awards and recognitions were presented to students during the closing assembly last week.

**VETERANS MARKERS** -- White crosses have been placed on the graves of all veterans of armed services as permanent markers, by the American Legion and F.V.W. The crosses were made and painted by Bill Moss's Vo-Ag Classes. The markers were placed this week on graves in East Mound Cemetery. (Photo by Mary Renfro)

## White Markers Placed On Graves of Veterans

The American Legion recently placed grave markers on the graves of all Veterans, including Civil War Veterans, Spanish-American War, WWI and WWII Korean and Vietnam Conflict.

These markers are small iron crosses, painted white and will be left as permanent

markers for Veterans graves.

If anyone knows of a grave of a veteran that was missed, contact Bruce Marrs, Joe Campbell, Luther Green or Billy Wason.

The American Legion furnished the material and Bill Moss and his Vo-Ag classes made the

crosses and painted them and Luther Green also helped as a member of the V.F.W.

The American Legion and the V.F.W. will be at the East Mound Cemetery Sunday morning at 7:00 a.m. to place flags on the graves of veterans in observance of Memor-

ial Day. Anyone wishing to place the flag on the grave of relatives, may be there Sunday morning.

The late D. P. Keith was the Legion member who first presented the idea of permanent markers, but they were unable to complete the project until recently.

## 2nd Community Cleanup Set for June 11 and 12

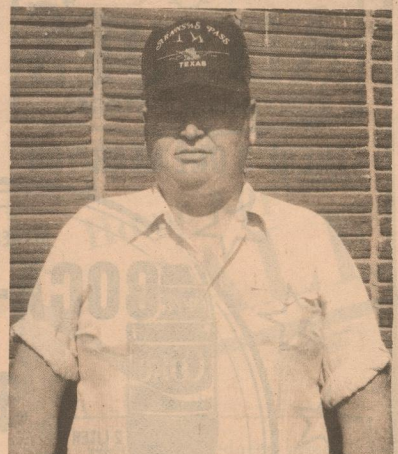

The Community Planning and Improvement Committee met Tuesday, May 25 to discuss plans for the next phase of clean-up dates to be held in Matador.

Dates set were Friday, June 11th and Saturday, June 12th. The committee agreed that everyone in the city should have the opportunity to have heavy equipment and dump trucks, etc., available for any major cleaning and/or removal they might desire. Property owners are urged to call Alan Bingham's office, 347-2226 between the hours of 9:00 a.m. and 4:00 p.m. before Friday, June 4th. It is very important that property owners make this call, so that heavy equipment and operators may be contacted and work schedules set up.

The committee would like to announce that persons who contacted committee members for work to be done on the first clean-up date, May 15th and did not have their work done or completed, will be the first on the list for the Friday, June 11th clean-up date.

The response to this clean-up date will determine how many more future dates will be set.

It is the desire of the committee to be of help to anyone in the city who chooses, but it will be the responsibility of property owners to make the committee aware of the work they wish to be done. It's your choice! Call Now!

**OBIE KELLEY** is the new Soil Conservationist with the Motley County Soil Conservation Service. He moved here Monday from Rotan. Kelley is a graduate of West Texas State University, Canyon and has been with the SCS for four years in Floydada and Rotan. He will be joining James Gillespie, Rodney Williams and Kevin Wright in the local office.

## Protect Crop Acreage Bases, Farmers Advised

"Now that the sign-up period for the 1982 farm programs has ended, the next step will be certification of crop areas," Dean Turner Chairman of the Motley County Agricultural Stabilization and Conservation committee, said.

This step is necessary to assure eligibility for program benefits and to protect 1983 crop acreage bases. Therefore, both program participants and

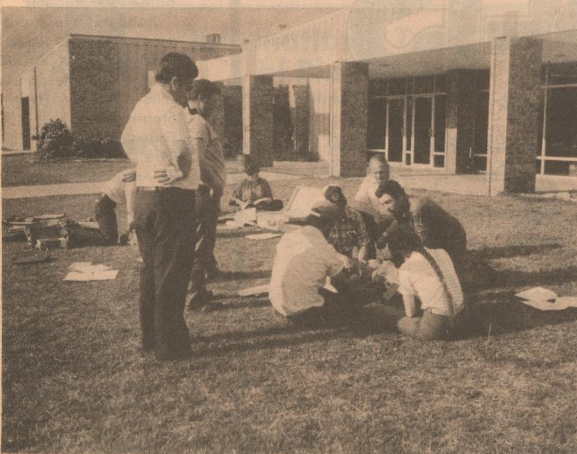

nonparticipants need to report crop acres, he said.

Acreage bases for participating crops will not be reduced in 1983, according to Mr. Turner. "This means that the 1983 acreage base for program crops will equal the 1982 crop acreage base except for rotation farms." The 1983 acreage base for program crops will equal the 1982 crop acreage base except for rotation farms. "The 1983 acreage base for crops with zero planted acres reported will equal that 1982 crop

acreage base except for rotation farms.

"To protect their 1983 crop acreage bases, it is important for farmers who are not participating in the 1982 acreage reduction programs to report their acreages," the ASCS official said.

Motley County farmers have from now to August 2, 1982 to report cotton, grain sorghum, corn and peanuts.

**LIFE-SAVING PRACTICE**—Motley County residents certified as EMTs practiced their abilities Tuesday evening at the Motley County School to take a re-certification test. The skills they learn could help save a life in case of an emergency.

## Garden Club Luncheon Concludes Current Year

**By Lila Meador**  
The current year for Matador Garden Club closed May 17, with a spring luncheon at the Summit Savings and Loan Community room, with Mrs. Edgar Lee as hostess.

Several varieties of roses, and arrangements of other spring flowers decorated the tables, and were later on display at the Matador Variety store.

The program featured "The Beauty in Antique Glass," with members participating by bringing a piece of antique glass for a "show and tell" roll call.

The president, Mrs. Douglas Meador led a business discussion and Mrs. Ted Elliott reported on work which has been done at both the City Park and Pioneer Memorial Park. The club had assisted in paying for paint which was used by the

Community Cleanup Committee in painting playground equipment in the City Park.

A report from the National Gardener magazine, given by Mrs. Meador, was a feature, "Botanical Stories on a String," telling of necklaces made of ordinary and unique thorns, straw, wood, organic resins and seeds, made and worn by peoples around the world.

Attending the luncheon were Mesdames W. N. Pipkin, J. D. Craven and W. F. Jacobs; Miss Rachel Patton and those mentioned, Mmes. Lee, Elliott and Meador. Illness accounted for the absence of other members.

On last Saturday afternoon, Mrs. Lee and Mrs. Elliott planted a pine tree in the Pioneer Memorial Park, which Mrs. Lee brought from East Texas.

### HOSPITAL PATIENTS

Mrs. Audie Pateet is a patient in ICU in St. Anthony's Hospital in Amarillo. She was conveyed there Monday by Motley County Ambulance.

Mrs. Annie McCaghen remains in Quanah Hospital, Quanah, where she has been a patient for over a week. Visiting her Tuesday were her sister and sister-in-law, Mrs. Edna Campbell and Mrs. Zola Renfro.

When the new Earl Rudder Middle School opens in September in San Antonio, the son of a former Matador resident will be the

school's first principal.

Lewis E. Patton Jr., 43, an educator for 19 years, whose father, Lewis E. Patton was

born and reared here, will head the new facility. The announcement came after a recent meeting of the trustees of the Northside Independent School District in San Antonio.

Patton was principal during the past four years, of Boone Elementary School in San Antonio, and was assistant principal at Anson Jones Middle School for two years, a teacher at Stevenson Middle School for two years and at Sunset Hills Elementary for one.

He received a bachelor's degree from University of Texas, Austin and a master's degree from Our Lady of the Lake University. He also completed the Northside Administrative Internship Management program.

Earl Rudder Middle School was named after a former president of Texas A&M University. Located just north of the South Texas Medical Center, it is one of four new schools to open in the Northside District next September. It is a \$5 million school with an area of 115,000 square feet and can accommodate 1,600 students.

Patton is the great-nephew of local residents; Miss Rachel Patton and Mesdames Lillie Barkley, Alvin Stearns and J. D. Craven. He and his wife, Merry, a teacher at Anson Jones school, have a daughter.

## Program Features Plate Display

By Lila Meador  
A program of unusual interest, featuring a plate display of fashions worn by women of the century, was presented by Mrs. W. N. Pipkin at the May 13 meeting of El Progreso Club at the home of Mrs. E. A. Day.

Mrs. Phil Green presided in the absence of the president, and Mrs. C. D. Garrison was program leader for the Arts program. She read the day's quotation, "You are never properly dressed until you put on a smile," and led the club in the Club Collect union. The Inspirational Thought at the conclusion of the program, also was by the leader.

During the business session, Mrs. Harold Campbell, past-president of Santa Rosa District, gave a report of the state convention of Texas Federation of Women's Clubs, which she attended in Fort Worth. A large number of state awards went to clubs in the Santa Rosa district, she said, including four grants for scholarships. Miss Lisa Pipkin of Lubbock, granddaughter of Mrs. W. N. Pipkin, received one of the Musical Penny scholarships, and Charles Ed Cammack, a graduate of Motley County High School received one of the TFWC scholarships. He is the son of Mrs. Zona

Ruth Cammack, Matador.

Mrs. Pipkin began her collection of imported plates about three years ago, she said. They are editions from the Bradford Collection of D'Arcean-Limoges Porcelane, De Limoges, France and depict fashions beginning with the Princess Eugenie era and the first designer to become famous. He was an Englishman, Charles Frederick Worth, who won his fame in France when the Princess paid 50,000 francs for one of his creations. The design, "Scarlett in Crinoline" is featured on the first plate in the display series, and is similar to gowns worn by Scarlett in Gone with the Wind.

Other plates included Sarah, introducing the bustle (1875); Collette, Sportswoman (1890); Lea - New Elegance, with leg-omitted sleeves (1900); Albertine - New freedom with soft, fancy fashions, sans the corset (1910); the fashion introduced by the famous dancer, Isadore Duncan between 1901 and World War I; Edith portrayed the Practical look of 1915, a World War design named for Edith Cavell;

"The first World War changed the picture for women, as the Roaring 20's advanced," Mrs.

Pipkin narrated. Daisy the Rebel exposed legs and introduced cigarette smoking, and was modeled after Zelda Fitzgerald, wife of the author F. Scott Fitzgerald. Marlene the Vamp was fashioned after Marlene Dietrich of the 1930's. With World War II came the short suits of 1943, as fashioned by Helene, followed in 1947 by the New Look displayed by Sophia.

Frankie, the Independent Woman is shown in 1960 in trousers as the last visage of the Victorian age fades away, and Brigid wears the Mini Skirt of 1965.

After the program, Mrs. Day served refreshments of Apricot and Butter Puff squares with tea and coffee. An arrangement of daisies in a silver epergne centered the table, and several other arrangements of silk flowers in the living area were the gift of Mrs. Day's daughter, Mrs. Phil Engle of Tulsa.

Members present, in addition to those mentioned, were Miss Mary Keith, Miss Rachel Patton and Mesdames Ted Elliott, John Hamilton, Robert Darsey, W. F. Jacobs, Frank Pohl and Douglas Meador.

## Scholarship Honors The Late June Myers

A scholarship sponsored by employees of Marathon Oil Company of Midland has been presented at Tulia High School as a memorial to the late June Neighbors Myers, mother of the Tulia band director, Cody Myers.

Awards were presented by Mr. Myers at a Spring concert Tuesday, May 18 in which the school system's three bands participated. Kyle Maxwell, assistant director, directed the Elementary and Junior High bands and Myers directed the High School Band of 110 players, which this year won its 10th consecutive sweepstakes award in area competition.

Attending the concert from Matador were Myers' grandparents, Mr. and Mrs. J. P. Neighbors, who accom-

panied their daughter and husband, Mr. and Mrs. Milton Rudder of Hereford.

Before returning home, Mr. and Mrs.

Neighbors were accompanied by Mrs. Rudder to Midland, where Mrs. Neighbors had a medical check up.

### Arrival Announced

Mr. and Mrs. Vaden Hays announce the birth of a son, Montie Quinn, born May 4, at Shamrock General Hospital. He weighed 6 pounds, 11 ounces and was 19 1/4 inches long.

Grandparents are Mr. and Mrs. Delmont Hays of Northfield and Mr. and Mrs. Melvin Clancy of Shamrock. Great-grandmother is Mrs. Betty Clancy of Elk City, Okla.

## Bible School Scheduled Here

The First Baptist Church will be having their Vacation Bible School May 31-June 4 from 8:30 to 11:30 each morning.

Activities will be kicked off on Saturday, May 29 at 10:00 a.m. when children and leaders will meet at the church for a short time of registration followed at about 10:15 by the usual bicycle parade and ride on the fire truck.

Classes will be provided for children from age 4 through 6th grade according to their age for the past school year. All children of the community of these ages are invited to join in the time of Bible study and related activities. A Parent's Night program at the church will be held on Sunday night, June 6 at 6:00 p.m. to share what they have learned.

## EVEN WHEN YOU'RE AWAY...YOUR HOME KEEPS RUNNING

You may naturally expect your home to use less electricity while you're away for a week or more. The reduction may not be as great as you think, however. That's because there are many factors that can affect your usage: weather conditions, billing periods and even vacation preparation.

1. Very hot weather before you leave and after you return means increased use of air conditioning. This makes it difficult to compare your bill with a previous month of milder weather.

2. Hot weather causes your refrigerator to run longer, particularly if your home air conditioning is turned off while you are away.

3. If the time you're away falls within two billing periods, the reduction you expect will be split between two bills.

4. If you didn't turn off your electric hot water heater before you left, it continued to keep your water hot 24 hours a day, even though you weren't there.

5. And don't forget... when getting ready for a vacation, you often use more electricity than usual for cleaning, washing, drying, ironing, cooking and general preparations. The same is true about your return.

### Check your meter.

If you learn to read your own meter, you can find out just how much electricity was used while you were gone. And, you'll see just how much energy you're using during the summer, the heaviest electricity consuming season, with your air conditioning operating most of the time.

Remember REDDY Supplies the energy—but only YOU can use it wisely!

# Students Graduate From WT

Mr. and Mrs. Ward Rattan attended Spring Commencement for West Texas State University, May 15 at the Amarillo Civic Center Coliseum, in which their grandson, David Ward Rattan received a B.S. degree in the School of Agriculture. He is the son of Mr. and Mrs. Garland Rattan of Cal Farley's Boy Ranch.  
The graduate has a long list of honors to his credit, including WTSU Man of the Year and Distinguished Student Service Award. He is a member of the Lambda Chi Alpha and president of the WTSU Student Government.  
Mr. and Mrs. Rattan also attended the graduation of their other grandson, Chris, from Cal Farley's Boys Ranch High School, Monday morning, and the Baccalaureate Service on Sunday night, May 24. Both programs were in Boys Ranch Chapel.  
Chris was Valedictorian of the class, with

only a one-point lead over his close friend, Mike Granger, who was Salutatorian. Presentation of Scholarships was by Garland Rattan, Superintendent of the school system, and presentation of diplomas was by Mrs. Gene Farley Harriman, daughter of the founder, the late Cal Farley.  
A spring graduate from West Texas State University, Canyon, was Charlotte Johnson Robertson, daughter of Mr. and Mrs. Charles N. Johnson, Matador. She was among candidates for a Bachelor of Business Administration degree.  
She was a member of Kappa Delta Sorority; a two-year member of Footlighters, stage crew organization; Wesley Foundation, and Panhellenic, governing body of sorority groups.  
While attending college, Mrs. Robertson had employment in the tennis department, with teacher certification,

with the Canyon Independent School District, and also worked in Amarillo at United Filters.  
She was married December 21, 1979 to Bill Robertson, who graduated from WTSU in 1980.  
Attending her graduation were her parents; sister, Cindy and brother, Grant, both of students at West Texas.  
Richard Ray "Ricky" Turner, son of Mr. and Mrs. Richard Turner received a B.A. Degree in Computer Science from West Texas State University, in commencement, May 15.  
He was on the Dean's Honor List seven semesters and a two-year member of Delta chapter, Epsilon Delta Phi, Honor Society in the computer sciences. He served as room advisor for Jarrett Hall, three years.  
Turner has accepted a position as computer programmer for the Shell Oil Company in Houston, where he will

assume his duties in June.  
Mr. and Mrs. Turner attended their son's graduation, and were joined by her sister and husband, Mr. and Mrs. Waldo Duke of Lubbock for the occasion.  
The daughter of Mr. and Mrs. R. C. Giesecke, Matador, and wife of Buddy Allen, Marian Giesecke Allen graduated from West Texas State University with a Bachelor of Business Education Honor Society, in 1980 and was elected Vice President in 1981. She was on the Dean's List five semesters and was nominated by Dr. Jerry Miller, Dean of Business, for the National Dean's List, 1981-82, and has been accepted.  
Mrs. Allen is currently employed as a teacher for Clarendon Junior College in Pampa, where she and her husband reside.  
Attending the commencement exercises

were Mr. and Mrs. Giesecke, and Mr. Allen's mother, Mrs. Pearl Palmer of Roaring Springs, accompanied by her daughter, Mrs. Morris Burkes and children, Jeffrey and Natalie of Matador.  
Lee Hurt, son of Mr. and Mrs. Thomas Hurt, Matador, completed degree requirements December 18, 1981 for a B.S. in Physical Education, with a minor in math, from West Texas State University, Canyon as a 1982 graduate.  
He was on the President's List in the spring of 1979, and on the Dean's List each subsequent semester of his academic career.  
Hurt has accepted the position of head football coach and math teacher for Junior High School and assistant football for high school for the Floydada Independent School District.

# Films Available At Library

The following films are available for checkout or for viewing at the library until June 17:  
**CARNIVOROUS PLANTS (JH-A)**--A fascinating look at nature's exceptions--plants that devour animals.  
**COLOR IT LIVING (JH-A)**--The film follows artist Martin Glen Loates through some of his most famous compositions (many having been made into Canadian postage stamps) from rough pencil sketches to the finished paintings.  
**DISCOVERING THE MUSIC OF LATIN AMERICA (EI-SH)**--Blends history of Latin America with the development of music and musical instruments in the Indian and Spanish cultures.  
**ENERGY: WHAT ABOUT TOMORROW?**

**(JH-A)**--This United Nations film explores the alternative energy sources of solar power, wind, geothermal and satellite power stations.  
**FLAT FLIP FLIES STRAIGHT (EI-A)**--Accompanied by Wagner's "The Ride of Valkyries" a boy and his amazingly dexterous dog play frisbee on the seashore. A nonverbal award winning 4-minute film.  
**HUSH PUPPY'S BRIGHT IDEA (Pre-JH)**--Shari Lewis and puppets Lamb Chop and Hush Puppy bring a vital traffic message to children of all ages.  
**IN SEARCH OF UFO'S (JH-A)**--Accounts of UFO sightings by families in Wisconsin, Minnesota, and West Virginia as well as amateur and professional UFO investigators. Narrated by Leonard Nimoy.  
**JACK RABBIT (JH-**

**A)**--The story of a remarkable centenarian "Jack Rabbit" Johannsen, who introduced the sport of cross-country skiing to North America.  
**LEARNING ABOUT REPTILES (EI-JH)**--An informative look at the world's oldest land animals, alligators and crocodiles, turtles and tortoises, lizards, snakes and the tuatara.  
**MAN IS HIS OWN WORST ENEMY (Upper EI-A)**--Professor Von Drake, Donald Duck's uncle, explains that man is the only animal that thinks. This animated Walt Disney film is an entertaining look at the brain's battle between reason and emotion.  
**MODEL ROCKETRY: THE LAST FRONTIER (EI-JH)**--William Shatner of Star Trek narrates the film which shows how

the exact principles of rocketry dynamics are tested in construction and actual flying of model rockets. Safety is stressed throughout from building the model to weather conditions.  
**NOW I AM BIGGER (Pre-Lower EI)**--An award-winning film about growing up, self-esteem, and self-awareness.  
**NUTRITION: ALL AMERICAN MEAL (JH-A)**--Tells why hamburger, french fries and soft drinks are so popular and how they may be improved so that they are more nutritionally balanced.  
**THE SHOPPING BAG LADY (JH-A)**--A sensitive film from the "Learning to be Human" series, it focuses on the values of compassion, tolerance, and empathy. It shows how a confrontation

between three typical teenage girls and a homeless "shopping bag lady" changes their lives.  
**SOUTH AMERICA: LAND OF MANY FACES (Upper EI-A)**--South America is a land of great variety and harsh contrast. Like the land, the people are also varied. The five major regional and cultural areas are also shown and discussed.  
**SPIRIT OF THE WIND (JH-A)**--Sailboat racing on inland lakes is the subject of this film which emphasizes the spirit of wind, water, competition and friendship inherent in a Championship Sailing Regatta.  
**VISIT TO A THEATRE (Upper EI-JH)**--A behind-the-scenes tour of all the planning, work and fun that goes into putting on a play.

## Local Library Needs Friends

The Friends of the Motley County Library will be meeting tonight, Thursday, May 27, at 7:00 p.m. in the Courthouse. The purpose of the meeting will be to discuss the upcoming raffle sale and further money-making activities. We will also need to fill two officers' positions. The library has already begun to play an important role in our county's activities, but the Friends need more members if the library is to live up to its full potential. Won't you please consider becoming an active member in this important organization? All interested persons are encouraged to attend the meeting this evening.
