TRAIL DUST

The winds of autumn are caught in the sails of clouds plowing the expanse of blue skies, and the spirit of summer tries its waning strength. There is a fragrance of change in the dawn splashed with an extra coat of gold and the stray clouds edged in purple. Winter has chartered its course and touched the tiller.

A veteran of World War II, who will admit under pressure that he did not win the conflict alone, says the army was very selective when he went into service. He was examined by two doctors, one on either side, who looked into his ears. If they could not see each other, the recruit was accepted.

First Meeting Held by F.H.A.

by Arleta Meyer

The Matador Chapter of Future Homemakers of America held their first meeting of the 1970-71 school year on Wednesday, September 16. Mrs. Connie Smith of Turkey talked to the F.H.A. girls about selling Stanley Products. The Stanley Sale is one of the annual money-raising projects of F.H.A.

After Mrs. Smith finished speak-

ing, a film on the 1969 state meeting was shown. Marilyn Van Debur, former Miss America, was the speaker at the meeting. She spoke on the goals of teen-agers. Miss Van Debur said that success is having a definite goal one wants to achieve by a definite date. A girl's success or failure will not depend on her genius, her good looks, her talent, or her good luck; it depends on herself and her goals in life.

Jan Higginbotham closed the program by teaching the girls new songs she had learned at Girls' State.

1971. You've changed. We've changed.

Worth seeing. Worth owning.
Worth waiting for.

Vega. Not just another little car, but one little car that does everything well. You get more room, more weight and more power than most little cars give you, yet the gas mileage is right in the same neighborhood with the best of them. Vegas come dressed up, too, not stripped to the bone so you have to add a lot to make them liveable. Drive one. You'll see.

Caprice. There's a double layer of steel in the roof, a steel guard beam in each door, power disc brakes up front, a new power ventilation system inside, a wheelbase two and one-half inches longer. You get the looks and comfort of a six- or seven-thousand-dollar car, but at Chevrolet prices. And that's the kind of change during these tight-money times that all of us can appreciate.

A vanishing tailgate. A big change in our big wagon. The window goes up into the roof, the Glide-Away tailgate vanishes beneath the floor. Out of sight. Out of your way for easy loading even in a closed garage or when you have a trailer hooked on.

See what we mean by putting you first? September 29 at your Chevrolet dealer's.
