Lions Hear Summary Of Social Security

By Lila Meador

A summary of Social Security changes during 1981 was reviewed by Miss Janet Jelen, representative from the Plainview office, for Matador Lions Club at its June 1, luncheon meeting at the United Methodist Church. Introduced by Lion Billy Wason, program chairman, Miss Jelen voiced concern over the future of Social Security in face of existing economic conditions in the nation. She pointed out that nine out of 10 workers in the United States are earning protection under Social Security, and about one out of every six persons in this country receives monthly SS checks. She explained supplemental security income, a Federal program that pays monthly checks to aged, disabled, and blind people who have limited income and assets, and added that a person cannot receive SSI payments and take part in the Aid to Families with Dependent Children. The SSI benefits are not paid out of the Social Security funds, she said. Two changes in the system made last year were the elimination of student benefits after high school, and elimination of payment in a lump sum, upon death of a Social Security recipient. This payment formerly was designed to help defray burial expenses. Miss Jelen distributed

several pamphlets which explain the SSI program as well as Medicare, and other phases of Social Security. President Lion Alan Bingham led the club in an expression of thanks for an enjoyable meal served by Lion Walter Jones, and announced that new officers would be installed at the next meeting, June 15, also that the Matador Lions had been recognized

as a sustaining member of the Lions Eye Bank program.

Lion Larry Bell distributed pledge cards for contributions to the Boy Scouts South Plains Council for its continuing projects in scouting, and urged 100% participation by this club for its goal of \$2000. He explained that pledges may be paid monthly, quarterly, or in any way the

contributor wishes. Lion Bingham also announced plans for the summer baseball program, including another game with the "Lady Swingers."

Recorder Lion Bill McCaghen read the list of visitors, including Miss Jelen, Jerri Ann Campbell, Ed Garnett, and Deanna Durham, new Lions Queen, who will become a regular member at installation.

Highway Rehabilitation Program Is Approved

Work in Motley County is included in a major highway rehabilitation and safety program approved by the State Highway and Public Transportation Commission.

District Engineer Lewis H. White said the work in this area is part of a continuing effort to modernize and increase the safety characteristics of roads and highways which are worn out or inadequate for today's traffic.

Area projects include 15.4 miles of Seal Coat on FM 94 in Motley County from 11.6 miles northeast of Matador, northeast to Northfield at a cost of \$129,200.

The 1983 State Highway Safety and Betterment and Farm to Market Road Improvement program will

provide improvements to 3,908 miles of highways.

The program includes 656 projects in 198 counties in the state.

Approximately 61 percent of the financing included in the program is on U.S.-and State numbered highways, 37 percent is for FM to RM roads and two percent is held in

reserve. The program includes work which will upgrade existing highways to handle larger volumes of traffic than present designs can accommodate efficiently. The work also will enhance safety and will reduce the amount and kind of maintenance necessary to protect the public's investment in the highway network.

Roller Rink Passes On Sale

The Motley County Roller Rink is offering skating passes for sale during the month of June. These passes are sold at a discount from regular skating prices. The rink has added a

juke box and an air conditioner has been installed.

Hours for skating have been changed due to lack of interest in the afternoon sessions. The rink will be open on

Saturday afternoons from 3-5 and Saturday nights from 8-10 p.m. On Sundays the rink will be open from 7-10. Discount passes can be purchased from the Matador Tribune, The

Caution Is Urged To Prevent Mail Theft

Theft of mail is a violation of Title 18, United States Code, Section 1708, which carries a maximum penalty of five years imprisonment and/or a \$2000 fine. Unfortunately, criminals pay little attention to the consequences of their immediate actions. The Postal Inspection Service is attempting to prevent theft of mail from all sources by informing and educating as many elements of society as possible. The United States Postal Service is a principle

victim but the ultimate victim is a business or individual who depends on mail for their livelihood and existence. The loss of a social security or retirement check addressed to an elderly or retired person can have devastating emotional and financial significance.

Mail is most vulnerable at the point of delivery. An extra effort should be made by mail recipients to know their carrier's schedule and make

every effort to be at home to personally accept delivery of valuable mail. Retirement and social security checks are delivered on a fixed schedule which is known by the addressee and criminals as well. Have a neighbor retrieve your mail if you cannot be available and do the same for your neighbor.

Also, deposit your mail for collection at a post office or collection box. If this is inconvenient, place letters on your house letterbox for collection shortly before your carrier arrives. Your personal mail can be used most effectively to defraud your bank, consequently creating a very inconvenient situation. Make every effort to protect your

incoming mail as well as outgoing mail by using these common sense suggestions.

Crime prevention can be a community effort. Everyone receives mail almost on a daily basis. This provides common grounds for neighbors to become better acquainted and watch out for each others mail and mailbox. If a concentrated effort is made to protect your mail, potential mail thieves will not be given the opportunity to make you a victim.

If you have information regarding theft of mail, contact your local Postal Inspector or Postmaster.

W. F. Jennings
Postal Inspector
External Crimes
Prevention Specialist

Final Cleanup Stages Set

The final stages of the Community Cleanup Campaign will be held Friday and Saturday, June 11 and 12. Work will begin Friday afternoon at 1:00 and end at 5:00. Anyone wishing to help in any way should meet at 1:00 at the Matador City Hall.

Headquarters for the Saturday cleanup will be at the V.F.W. The work scheduled, will begin at 9:00 and end at 6:00. Everyone is

invited to bring a sack lunch and come out and help with this cleanup campaign.

The Community Planning and Improvement Committee members wish to thank everyone who responded or helped in any way with the cleanup days.

Pickups, trucks and shredders will be needed and all help will be greatly appreciated. See you this week end!

News Briefs

Christi Jameson, daughter of Mr. and Mrs. Lynn Jameson of Wolfforth visited with her grandparents, Mr. and Mrs. Bobby Jameson and cousins, Bradley and Brandi Jameson, recently.

Pat Reeves of San Francisco, Calif., visited in Plainview, Saturday, May 30 with his mother Mrs. E. P. Reeves. On Monday, they accompanied his aunt, Maisy Reeves Shillings to Matador and spent the day with Verlin Reeves. He returned to San Francisco on Wednesday, June 3.

Return From Corpus Mrs. M. S. Thacker

and daughter, Mrs. H. C. Smith returned Saturday from a trip to Corpus Christi, where they attended the graduation, May 29, of their grandson and nephew, Todd Thacker from senior high school. He was among 620 students who graduated.

They visited the Don Smith family in Houston before returning home.

They also visited Mrs. Leota Moseley who was in the hospital. She would like to hear from friends. Her address is 4040 Schanen, 106, Corpus Christi, Tx. 78413.

Little Olympics Winners Announced

Winners for the 1982 Little Olympics, sponsored by the Eternas Jr. Study Club, May 22, are announced this week. Over-all winners were chosen in each of the four divisions.

Division I (ages 3-5), Girl, Brooke Brandon; Boy, Jeremy Perkins. Division II (Ages 6-8), Girl, Kani Bynum; Boy, Andy Renfro.

Division III (ages 9-10), Girl, Yolanda Campbell; Boy, Dax Rattan, with Donnie Wittler runner-up. Dax and Donnie tied in number of points, but Dax had more first places and was declared the winner.

Division IV (ages 11-12), Girl, Leigh Barton; Boy, John Hamilton.

Honor Students Named At WTSU

More than 700 students at West Texas State University have been listed on the president's and dean's honor rolls for the 1982 spring semester.

Local students named to the Dean's List were Cindy L. Johnson, a freshman physical education major and daughter of Mr. and Mrs. Charles N. Johnson and Richard R. Turner, who received a Bachelor of Business Administration in computer information

systems. He is the son of Mr. and Mrs. Richard Turner.

The Dean's List includes 621 students who have earned grade point averages of 3.25 to 3.84 based on a 4.0 scale.

On the President's List are 124 students whose grade point averages range from 3.85 to the perfect 4.0. Students must be enrolled in at least 12 semester credit hours to be included on the honor roll.

LIBRARY NOTES from Page 1

BIBLE, OLD TESTAMENT. We soon will be receiving the following talking book magazines: BUENHOGAR (Spanish Language Edition of Good Housekeeping), FARM JOURNAL, and NEWSWEEK. These materials are on loan from the Texas State Library during the summer months and may be used in the library upon request.

It is estimated that 3 of every 100 Texans can't read ordinary printed materials because of impaired vision or a physical handicap that prevents their holding an ordinary book or magazine. These people are eligible for free library service from the Texas State Library. They may receive by mail books and magazines recorded on disks or tape, printed in large type, or embossed in braille. Machines on which to play recorded materials are furnished free. Is a

neighbor, a friend, or a member of your family needlessly missing the enjoyment of reading? Help us to reach that person. Applications and brochures with detailed information are available at the library. And we shall gladly demonstrate the TALKING BOOK MACHINE to any interested person.

Virginia Hoyle has made 9 new magazine file cases for the library. We greatly appreciate her contribution to our

periodicals collection. We also thank Leon Watson for his donation of books to the library.

FRIENDS OF THE LIBRARY! Save your detergent boxes. They may be covered with contact paper and used as file cases for magazines.

LIBRARY HOURS:
Tuesday (1-5 and 6-9),
Wednesday (9-12 and 1-5), Thursday (9-5),
Friday (9-5) and
Saturday (9-1).

Smith - Brittan Set June Wedding Date

Sharlene Smith and Terry Brittan

Open door Christian Fellowship will be the setting for the June 26 wedding of Sharlene Smith and Terry Brittan at the First Baptist Church of Matador at 6:30 p.m. Miss Smith is the daughter of Mr. and Mrs. Roscoe Smith of Matador. The prospective bridegroom is the son of Mr. and Mrs. Alfred A. Brittan of Altaque.

The bride-elect is a 1980 graduate of Motley County High School. She is now attending Angelo State University in San Angelo. Her major is Business Administration with a teacher's certificate. Her fiancé is a 1980 graduate of Valley High School. He is an accountant at Pool, the largest oil and welding company in San Angelo.

Birthday Dinner Held Here Sunday

Children of Mrs. Artie Wason were her guests Sunday, for a birthday dinner honoring a grandson, Gary Campbell of Herkimer, New York. Also a guest was her sister-in-law, Mrs. D. E. Pitts.

The family group included Mr. and Mrs. David Campbell, their son and his family, Mr. and Mrs. Gary Campbell, Jennifer and Jessica and their other

son and his wife, Mr. and Mrs. Gale Campbell of Floydada; Mr. and Mrs. Billy Wason and Mark, of Matador and their daughter and family, Mr. and Mrs. Darrell Cruse, Leah and Keane of Flomot.

The Gary Campbells have been visiting his relatives here and in Floydada, since coming for the May 22 wedding of his brother, Gale, and the former Adena Morrison.

Graveside Services Held Here Saturday

Graveside services for Conrad O. Middlebrooks, 64, of Vallejo, Calif., were held here at 11:30 a.m. Saturday in East Mound Cemetery, with the Rev. Grady Barber, pastor of First Assembly of God Church, Matador, officiating.

Burial was under direction of Ellis Funeral Home of Muleshoe.

A former resident of Matador, Mr. Middlebrooks died at 3 p.m. June 2 in Vallejo General Hospital, after an illness.

He was a native of Fairley and had been a chef for 25 years. He served in the U.S. Army in World War II, and with his family, made his home here in 1949 and the early 1950's.

He was employed at First State Bank, and also at Household Supply while living here. He was a Methodist.

Survivors include his wife, Kay; two daughters, Mrs. C. E. (Sharon) Grant of Muleshoe and Mrs. Sonny (Jencie) Lee of Idalou; a stepdaughter, Paula Heinz of Garden Grove, Calif.; three stepsons, Paul E. Hibbits of Georgia; Leon Hibbits of Nevada and Raymond Hibbits of the Philippines; three sisters, Mrs. W. H. Moore of Flint and Misses Unell Middlebrooks and Faye Middlebrooks, both of Odessa; a brother, Bateman Middlebrooks of Topeka, Ind.; six grandchildren and 13 stepgrandchildren.

Vacation Bible School

Vacation Bible School for children age 4 years through the sixth grade will be held June 21-25. The school will be Monday through Friday from 9:00 a.m. to 11:00 a.m.

Theme for this year's Bible School is "We Work with God." All children in the county, age 4 through sixth grade are welcome to attend.

Local News

Mrs. Kitty Strain of El Paso visited here with her parents, Mr. and Mrs. Clarence Jinkins, for two weeks. She returned home Friday.

The "dog days" - the hottest days in the northern hemisphere - are named for Sirius, the "Dog Star", and usually fall between July 3 and August 15.

WEIGHT WATCHERS WORKS

FOR CAROL ALBERICI.
(Lost 73 lbs.)

"The whole concept of Weight Watchers is fantastic. I like the newest food plans. I like the extras - the wine and things like that. It really works. Now I go into a store and there is so much in my size and everything looks good. I just love the new me!"

FOR \$4 LESS.

Now, Weight Watchers can work for you - for \$4 less. Just clip this coupon, bring it to class, and we'll take \$4 off your first meeting and registration fee. But hurry. This offer ends June 24, 1982.

WEIGHT WATCHERS
\$4.00

Summer Reading Program

The Motley County Library starts it's summer reading program, June 12. There will be story hours, films and a great summer reading program called "Space Capers".

On August 5th at 3:00 in the film room there will be a family film "The Astronoughts". At the end of the summer reading program, the Friends of the Library will sponsor a noon picnic at the park. All the children in the summer reading program will meet in front of the library and will ride down to the park on a fire engine.

Make plans to be in the summer reading program. It's going to be lots of fun!

Chances To Be Sold For \$100. In Groceries

The Friends of the Library are selling Raffle Tickets for \$100. worth of groceries at Billy's Grocery in Matador.

The winner will be announced at the Matador Volunteer Fire Department Fish Fry on July 4th.

You do not have to be present to win.

Roaring Springs News

By Odessa Mullins

Miss Lula Swim attended a Postmasters meeting Thursday and Friday of last week at Childress.

W. C. Youngblood is a patient in Richards Memorial Hospital. He was driven there early last week by Mrs. Maude Ferguson, accompanied by Mrs. Youngblood. He is seriously ill.

Lewis Darwin Jordan, elder son of Dr. and Mrs. Charles Jordan of Gadsden, Ala., graduated with a Master of Theology degree from the Seminary of the Reformed Presbyterian Church in Jackson, Miss on May 28. He was ordained into the ministry May 29 at the Monroe, La., church which he pastored last year, commuting twice a week to classes in Jackson. He is the grandson of Mrs. W. A. Lewis. Mrs. Charles Jordan is the former Lunell Lewis.

Mr. and Mrs. L. M. Miller kept medical appointments in Plainview Friday.

Mr. and Mrs. Ronnie Davis drove to Clovis, Monday morning to attend funeral services for her paternal

grandfather, Owen Williams, who was a long time resident and grocer of this community. Mrs. Owen Williams, who survives her husband, taught in the local school a number of years, serving for several years as principal of the grade school.

Mr. and Mrs. Jesse Smallwood and granddaughter Nissa were week end guests in the home of Mrs. Edith Brooks. Mr. Smallwood and Nissa tended to business and visited his mother, Mrs. Osie Smallwood in Matador Saturday. They also visited Roaring Springs Ranch Sunday.

Mrs. Elmer Osborn drove Mrs. Roxie Lewis to Lubbock Wednesday afternoon.

Mr. and Mrs. Polk Cooper and Mrs. M. S. Thacker visited Mrs. M. D. Freeman and Mrs. Marion Bailey in the Nursing Home in Floydada, Sunday afternoon.

Miss Laura Sedgwick and Brian Hennessee of Lubbock were week end visitors in the home of the former's grandmother, Mrs. Vera Mitchell. Mr. and Mrs. Floyd

Webb of Floydada were Sunday visitors in the home of his sister, Mrs. Vera Mitchell.

Mrs. L. A. Mullins attended graduation exercises for her granddaughter, Caron Henderson in Wichita Falls last Friday night. She also visited with her grandson, Mark Mullins. Bess Ferguson accompanied her to Iowa Park and visited her niece and husband, Mr. and Mrs. E. J. Shook.

Mrs. George Unberston and small daughter of Temple, Ariz., visited her uncle Polk Cooper and wife on Monday. Mrs. Unberston is the daughter of Mr. and Mrs. Orval Doak.

Rev. C. A. Butler, pastor of the local First Baptist Church in the late 1960's and now of Plainview, filled the pulpit for the present pastor, Rev. Jim Warden, in his absence Sunday.

In the Rough

By Hazel

Louise won the ball on odd holes, Thursday, at SR course. Others playing were Lays, Geneva, Leona, Olivia and Hazel...also Marion and Winifred, who joined us after having spent the night in Marion's mobile home at the camp grounds.

Celebrates Birthday

Keane Cruse, son of Mr. and Mrs. Darrell Cruse, was honored on his first birthday with a party in his home, Thursday, June 3 at 7:30 p.m. He blew out his one candle on a western decorated Cowboy birthday cake as the guests sang Happy Birthday. Refreshments of sandwiches, chips, ice cream, cake and punch were served.

Those attending the happy celebration were Mr. and Mrs. Billy Wason and Mark, Mrs. Artie Wason, Mr. and Mrs. Larry Clifton and Monica of Matador, Mr. and Mrs. Jess Browning of Turkey, Mrs. James Gwinn of Whiteflat, Mr. and Mrs. Ray Cruse and Derinda and Mr. and Mrs. Donnie Cruse and children, local residents, and his sister, Leah of the home.

Attend Funeral

Mr. and Mrs. Clayton Bond and Mrs. James Monk attended the funeral services of their cousin, Ernest Ott, 82, of Strawn held at 2:00 p.m. at the First Baptist Church, Thursday, June 3 in Strawn.

Burial was in the Strawn Cemetery under the direction of the Jerry Edwards Funeral Home of Strawn and Ranger.

Recent visitors in the home of Mr. and Mrs. Wilburn Martin were Mr. and Mrs. J. C. Moss

Flomot News

By Earlyne Jameson

and Mr. and Mrs. C. C. Moss of Anson.

Mrs. Neal Blanton and daughter, Loren of Bedford visited from Tuesday until Saturday with her parents, Mr. and Mrs. D. M. "Ikie" Gilbert. Their other daughter and children, Mrs. Leland Heiskell, Christi and Lance of Dalhart visited from Wednesday until Sunday.

Mr. and Mrs. Gene Davis, Michael and Warren of Frith visited last weekend with her parents, Mr. and Mrs. Jack Starkey. Warren remained to visit and his grandparents accompanied him home, Saturday. The Davis family moved to Claude this week. Michael Starkey of Amarillo visited his parents, Mr. and Mrs. Jack Starkey, Sunday.

Knox County Open Horse Show Is Set

The annual Open All Trophy Horse Show will be held at the Knox City arena Saturday, June 12, 1982, with classes getting underway at 9 a.m.

Tom Bigbee of Fort Worth will judge the show.

There will be three divisions, with a belt buckle being awarded to the high point winner in each division.

Divisions are youth 13 and under, youth 14-18, and the open division. Age division is determined by contestants age on January 1, 1982, in the youth classes.

In order to qualify for high point, contestants must enter halter and at least three performance classes. Points count only in the division in which they are earned.

Trophies will be awarded in all classes through fifth place.

In addition to halter classes for stallions, mares and geldings, there will be a walk-trot class for children 8 and under, two English classes and classes in showmanship, western

pleasure, western horsemanship, reining, western riding, trail, barrels, flags, poles and stake race.

For more information, contact Mary Ann Boone, Route 1, Box 151, Knox City, Tx. 79529, phone, 817-558-3916.

Whiteflat News

By Earlyne Jameson

Recent Surgery
Morris Stephens returned home from Amarillo, Sunday where he had eye surgery at the High Plains Hospital, Thursday. His wife, Sis Stephens was with him during his hospitalization. Mr. and Mrs. Ted McInroe of Matador visited them Sunday.

Mrs. Henry L. Martin accompanied her mother, Mrs. Ray Martin of Roaring Springs to Dimmitt, Sunday where they attended a Vernon Daniels Family Reunion in the home of Mr. and Mrs. Ray Robertson, nee Joanis Daniels. Former Motley County residents who joined them there were Mrs. Melba Kimbell Verrett of Ralls, Mr. and Mrs. J. P. (Avis Kimbell) of Midland and Mrs. Vernon (Hattie Kimbell) Daniels of Truth or Consequences, N.M.

Mr. and Mrs. Johnny Turner and children visited in Silverton last Sunday with Mr. and Mrs. Joe Luchenbach.

Mrs. Beulah Jameson of Dougherty is visiting in the home of her son and family, Mr. and Mrs. H. R. "Skeet" Jameson and Shannon. She injured her right hip, leg and arm following a fall Memorial Day. Mrs. Skeet Jameson accompanied her from Plainview to their home last Thursday.

Mrs. Janice Dixon returned home last Saturday from Hedley where she visited last week with Mrs. Nona Tooke. Mesdames Tooke and Dixon visited in Borger, Tuesday and Wednesday with Mr. and Mrs. Lonnie Harmon and Mr. and Mrs. Woodrow Gideon and in Clarendon, Friday with Mr. and Mrs. Roy Briggs.

About Local People

Mr. and Mrs. Phil Green drove to Lawton, Okla., Friday, May 28th to attend the Senior High School graduation of their grandson, Ty Justin Hutchinson. They remained for the weekend as guests of their daughter and her family, Mr. and Mrs. Jeff Hutchinson. Mrs. Sue Hutchinson, paternal grandmother of the graduate and her son, Matt Hutchinson of Borger, were also guests of her son and family and attended the graduation ceremonies. There were 424 graduating seniors and

each received a sticker medallion commemorating Oklahoma's Diamond Anniversary of Statehood which could be attached to the upper right corner of the diploma at the recipient's discretion. A granddaughter, Miss Sabra Hutchinson graduated from Junior High School on Friday afternoon.

Mr. and Mrs. Phil Green attended the "World's Largest Fish Fry" in Borger, Saturday, June 5th. The Fish Fry, held in the first Aluminum Dome to be

built in the Continental United States, started in 1963 as a project of the Borger Chamber of Commerce, and Phil worked it every year until moving to Matador. Nita worked as hostess the two years that she served as President of the Women's Division of the Chamber of Commerce, thereby starting the custom of the women taking part in the affair. Phil worked for an hour and a half on the serving line Saturday. The Greens visited many friends and acquaintances while there. They also visited in the home of long time friends, Mr. and Mrs. Paul Stiles of Phillips, Tx. Mr. Stiles is recently home from a long hospital stay in Amarillo.

The Greens left Borger in the afternoon, thereby missing being caught in the tornado that hit Borger, Saturday night.

They were guests of Mrs. Green's sister and her husband, the Sam Tuckers, Jr., of Amarillo for the remainder of the weekend, returning home late Sunday.

Visit In Valley
Mr. and Mrs. Freeman Thacker returned recently from a trip to the Rio Grande Valley, where they visited her sister and husband, Mr. and Mrs. Cecil Burns of Harlingen, after a visit with another sister, Mrs. Pearl Christopher of Austin, and in Burnet with a brother, Vernon Vaughn.

Mr. and Mrs. R. C. Giesecke spent the weekend in Pampa, visiting their daughter and family, Mr. and Mrs. Buddy Allen and their three foster children.

Mr. and Mrs. Freeman Thacker visited in Lubbock last Saturday in the home of her brother and family, Mr. and Mrs. Earl Vaughn, joining another brother and his wife, Mr. and Mrs. Lonnie Vaughn of Roswell, N.M.

YOU can control your use of electricity and your bill by using energy wisely.

Higher fuel prices and inflation have pushed electric costs higher in recent years.

But YOU still are a key factor in determining the size of your electric bill. Because only you can control the amount of electricity you use, a large part of the control over your bill is in your hands.

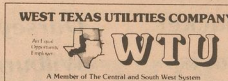

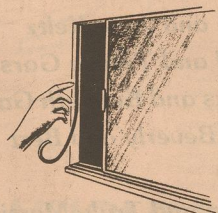

We offer these wise-use suggestions as a guide for getting the most out of every dollar you spend for electricity:

- Make sure your house has insulation equal to at least an R-19 rating in the ceiling and R-11 in the walls. Insulation pays for itself within a few years in reduced heating and cooling costs.
- Weatherstrip windows and doors, then keep them closed.
- Eliminate excess heat with draperies, storm windows, reflective films, window shades and overhangs.
- Set air conditioning thermostat at the highest comfortable setting, around 78 degrees.
- Clean or replace air conditioner filters every month or—even better—every two weeks.
- Have leaky hot water faucets repaired immediately; they waste both water and the energy used to heat it.

• Check the temperature control on your water heater. For most needs, the correct setting is 135 degrees; water heaters used for baths only may be set at 110 to 120 degrees.

By following these tips, you should be able to control your use of electricity—and the size of your bill.

Remember **REDDY** Supplies the energy—but only **YOU** can use it wisely!

Gordon Russell Is New THA President

Gordon H. Russell, administrator, Hi-Plains Hospital, Hale Center, and son of Mrs. Eddie (Willie) Russell of Matador, was installed as chairman of the Texas Hospital Association (THA) during ceremonies held June 2 at the THA 53rd annual convention and exhibit show. He succeeds George M. Fleming, Ed. D., FACHA, executive director of San Jacinto Methodist Hospital in Baytown, Texas.

Russell has been active in THA for over 20 years. He has served on the Association's board of trustee, treasurer, vice chairman, and chairman-elect. Prior to his terms on the board, Russell served on a number of THA committees and councils, including councils on government relations, electrical safety services, shared collection service, management and engineering services, smaller hospitals and the Telephone Information Educational System.

Russell also has been active in other areas of health care. As the result of two gubernatorial appointments, he served on the Texas Department of Health Hospital Licensing Advisory Council and the Texas Board of Vocational Nurse Examiners. He is a past president of the Northwest Texas Hospital Association, past chairman of the American Hospital Association Advisory Panel for the Center for Small and Rural Hospitals, and a member of the Special Committee on Federal

Funding of Mental Health and Other Health Services. He has served on the South Plains Council of Comprehensive Health Planning, the South Plains Health Systems Agency and the Northwest Texas Chapter of Myasthenia Gravis Foundation. Additionally, at the local level, he is involved in church and various business and professional organizations. In 1980, Russell was named Hale Center Citizen of the Year.

Russell received a bachelor of arts in business administration from Hardin-Simmons University, Abilene, and certificates in medical technology from the University of Oklahoma and in nursing home administration from South Plains College, Levelland. He began his administrative career in health care at Crane Memorial Hospital in Crane, Tx., and then joined High Plains Clinic in Dimmit in 1958. The following year, Russell became administrator of Hi-Plains Hospital in Hale Center. In 1971, the Hi-Plains Nursing Home was added to his administrative responsibilities.

Russell's professional affiliations include the Texas Hospital Association, the American Hospital Association, the American College of Hospital Administrators, the Texas Nursing Home Association and the Texas Society of X-Ray Technicians.

THA is the Austin-based trade association for hospitals with over 800 institutional and 4,500 personal members.

Windbreaks Prevent Soil Erosion

By Rodney Williams

Soil erosion from wind is a major concern to many landowners in Motley County. Soil erosion by wind is the main type of erosion experienced in the plains of Texas. Many practices have been tried although Windbreaks utilizing trees for protection has been one of the best. SCS has been a leader in the establishment of windbreaks in West Texas and continues to provide assistance in controlling soil erosion.

Windbreak plantings for control of soil erosion requires proper planning. The successful establishment of a windbreak planting is a product of advanced planning. Planting techniques are influ-

enced by the type and size of stock, soils at the planting site and size of plantings.

Windbreak renovation is also a concern in Motley County. The useful lives of many of these older windbreaks may be extended through long range management practices. An inventory of existing windbreaks should be conducted to determine the needs in order to increase the usefulness of the windbreak. Life of the windbreak can be extended through tree thinning, competition control, and root pruning.

For further assistance on the establishment or renovation of windbreaks contact the Soil Conservation personnel in Matador.

Counties Receive New Extension Agent

A new Extension home economics agent-at-large to serve four Rolling Plains counties has been appointed by the Texas Agricultural Extension Service.

Mrs. Mary Streit of Vernon will fill the post effective July 1, announced Mrs. Elaine Houston, Rolling Plains District director with the Extension Service. The new agent-at-large will conduct home economics educational programs for Hall, Motley, Stonewall and Throckmorton counties.

She succeeds Mrs. Sylvia Quintero Baker, who moved from the area following her recent marriage.

From June 11 until July 1, Mrs. Streit will

serve as an Extension assistant in Wilbarger County, training with county home economics agent Pamela Prather. After July 1, the new agent will be headquartered at the district office in Vernon.

Mrs. Streit, the former Mary Pruitt, is a native of Coryell County. In high school she served on the student council and was active in Future Homemakers of America, Future Teachers of America and the Latin Club.

She holds a Bachelor of Science degree in home economics from Texas Tech University. There she received the Ethel Foster scholarship and was a dean's list

News for TEA LOVERS

Easy Ways To A Perfect Punch

On the "refreshment committee" for a shower, graduation party, or family reunion? One part of the menu that stumps many people is the punch: what flavor to make, how much to make and how to keep it cold. Here, from the home economists of The Lipton Kitchens, are some tips on perfect punches:

First, think of tea as a natural flavor base for punches. It adds body and a delicious background flavor—and, if you use 100% instant tea, it's easy to use and economical, too. At about 8¢ per quart, Lipton® Instant Tea can add a low-cost "punch" to your punch!

Adding soda, sparkling wine, or champagne to your punch? Always add it well-chilled and at the last moment to preserve the effervescence. And, to avoid excess foaming, pour it slowly and gently down the side of the punch bowl.

To keep the punch well-chilled, either add ice cubes to the individual servings or use an ice mold in the punch bowl. Any metal bowl or gelatin mold can be used to make the ice mold—just fill with water.

iced tea or one of the fruit juices you're using in the punch. For a special touch, you can freeze mint leaves, berries or slices of citrus fruit in the ice cubes or mold. Just follow these steps:

Fill the mold or ice tray one-third full and freeze until partially frozen; arrange the garnish on the ice and freeze again until the garnish is fixed in place; gently fill with liquid and freeze until solid.

Punches are generally served in 5-ounce cups, and it's recommended that you plan on at least 2 servings per guest. If you try the following punch recipe, though, you may want to make extra...it's so delicious your guests will want plenty!

PARTY-TIME PUNCH
1/2 cup Lipton 100% Instant Tea powder
1 quart cranberry juice cocktail
1 quart water
2 cans (6 oz. ea.) frozen orange juice concentrate
1 can (6 oz.) frozen lemonade concentrate
1 bottle (4 1/2 qt.) champagne or (28 oz.) ginger ale, chilled

In punch bowl, combine instant tea powder, cranberry juice, water, orange juice and lemonade concentrates; chill. Just before serving, add champagne. Garnish, if desired, with orange slices; serve with ice. Makes about 20 (5 oz.) servings.

Hamburger was originally "Hamburg steak" and took its name from the city of Hamburg, Germany.

The first commercial comb factory in what is now the US was opened by Enoch Noyes of West Newbury, Mass., in 1759. The combs were made from animal horns, flattened out.

High School Graduates

Michelle Lynn

Michelle Lynn, daughter of Mr. and Mrs. Lonnie Lynn of Childress was a member of the Childress 1982 graduating class.

she has been a class officer for four years and was in the top five percent of her class in her freshman year and a member of the National Honor Society four years. She was selected class favorite and most beautiful for three years and received a medal in homemaking.

She plans to attend South Plains College in Lubbock next fall in the field of nursing.

Michelle is the granddaughter of Mrs. L. L. Lynn of Matador.

Traci Morton

Traci Renee Morton, daughter of former residents Mr. and Mrs. Robert F. Morton, graduated May 28 from Tarkington High School, Cleveland, TX. She graduated with honors having been in the top ten students in the class.

At the commencement exercises she was awarded the Honor Student Scholastic Plaque, The Accounting Award, Homemaking Award and the Best All Around Student Award.

Miss Morton is listed among Who's Who Among American High School Students, Head Cheerleader and Honor Roll and Miss Personality. She will attend Lamar University in Beaumont, Tx and major in accounting.

Attending the graduation from Matador was her grandmother, Mrs. L. L. Lynn.

Fishpond Management Important

By Rodney Williams

Many landowners in Motley County have ponds on their land and many of these ponds are used for fishing. For good fish production proper management is as important as good rains are to grass. Proper fishpond management can provide many hours of fishing enjoyment for the landowner, his family and friends.

The first consideration for fish production is the type of fish to be stocked. Catfish should not be grown along with bass in smaller ponds. The landowner should consult stocking specialist as to the number, size, and type of fish to stock. The size of the pond will be a major factor in determining the type and amount of fish used.

Commercial inorganic fertilizer can sometimes be used to increase fish production. Fertilization can increase the basic productivity of a body of water and when properly applied it will control undesirable aquatic vegetation in

water deeper than two feet.

After pond stocking has been completed, harvest of fish should be properly managed.

Harvest depends on many factors including the type of fish being produced. Improper harvest has been one of the main causes of poor fishing. Fish should be harvested as to leave a healthy population of

fish capable of reproducing. Records of what is harvested can be very important in management of the pond.

Another significant problem has been overstocking. Fish can be overstocked just like cattle can on rangeland. Even though there is enough space for the fish there may not be enough food.

This results in a large number of old and stunted fish of smaller sizes and only a few extremely large fish. Overstocking can be corrected.

Additional assistance on Fishpond Management is available to anyone interested by contacting the Soil Conservation Service in Matador.

Floydada

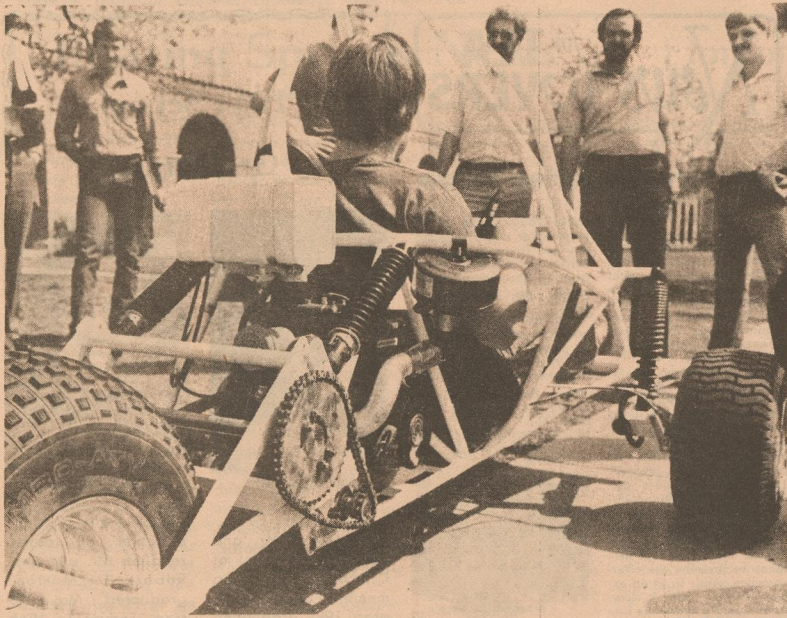

Photo By Damon Hilliard

BAJA BUGGIES -- Jim Potts, a junior mechanical engineering major from Floydada, shows off his three wheeled machine, which he drove in the 1982 Mini-Baja West recently at Yellowhouse Canyon. Twenty-four schools from 16 states and Mexico were expected to participate in the races. Jim is the son of Frank and Marisue Potts and grandson of Mrs. Mollie Burleson and Mr. and Mrs. Ralph Johnston of Floydada.

Off-Road Vehicle Considered Unique

Speed, endurance and maneuverability are goals for participants in the 1982 Mini-Baja West which took place recently in Yellowhouse Canyon. The event was organized to allow students coming from 24 schools in 16 states and Mexico a chance to design, build and compete off-road recreational vehicles.

The Tech student chapter of the American Society of Mechanical Engineers hosted the event and members built an unusual entry of their own.

This year's Tech model is unique because the machine has only three wheels; two in the front and one large wheel in the back. The vehicle was built this way to increase traction, team captain Jim Potts said.

In a demonstration run with last year's entry, the new model was able to out maneuver last year's entry and handle the rough terrain in a smoother fashion, team members said.

Members of the Tech team are Potts, Dan Dodd, Nicky Fowler, Larry Acker and Robin Hood.

Two categories of judging were used for the competition. The first was static judging to judge the design and build of each vehicle.

Performance was the second judging category and was held at the Yellowhouse Canyon.

Events included maneuverability and tire pull competition and also the drag race and the actual mini-baja four-hour endurance race.

Toward the end of the endurance race participants tend to take more dares, team members said, even though they stress the competition is for fun.

"I don't want everybody to go out there and tear each other up," Fowler said. "I just want everybody to go out there and have a good time because that's what it's all about."

As Federation reporter, Mrs. Frank Pohl was presented a lime. "For it is your job to focus the limelight on the goings on of GFWC and TFWC." To Mrs. W. N. Pipkin, Mrs. Camp-

bell presented an orange, symbolic of the gold which the Spaniards sought when they came to this country. "As an orange I invest you with the office of treasurer which is to keep a record of the club's gold, whatever form it takes."

As she invested Mrs. Joe Campbell with the duties of secretary, and presented her with a strawberry, the installing officer declared, "The strawberry is one of the most important small fruits grown in the Western Hemisphere... as a strawberry I invest you with the important office of secretary whose duty is to record the 'doings' of the club, no matter how small or how great."

The pineapple is a symbol of hospitality, especially in Hawaii, Mrs. Campbell explained as she presented that fruit to Mrs. Una Simpson, first vice president, "whose duties are to assist with the hospitality of the club." Investing president-elect, Mrs. Phil Green, with her duties, Mrs. Campbell presented her with an apple and the explana-

tion that "apples are the most valuable of all fruits for food...your office is to serve for the president when needed."

Concluding the unique and entertaining rites, Mrs. Campbell presented Mrs. Hamilton as the "Top Banana," as she handed her a banana "with your installed fruit and the whole banana cluster, who are your members."

Outgoing president, Mrs. Furman Vinson presided and welcomed the members and their guests. She thanked Mrs. Pohl for organ music in the church sanctuary preceding the luncheon, and expressed appreciation for the cooperation of the members during her tenure in office, especially to Mrs. Green for presiding during her absences. She also thanked the menu committee, Mesdames R. E. Campbell Jr., John Hamilton, E. A. Day and L. B. Campbell, and Mrs. Carl King for the attractive table decorations consisting of arrangements of colorful spring flowers, and floral runners down

the length of the tables, supplied by Mrs. D. E. Pitts, also a member of the decorations committee. Mrs. Pohl was also thanked for lettering the place cards, each of which held a magnetic butterfly, the gift of Mrs. Vinson.

As a feature of the program, Mrs. Vinson read an article from The Texas Clubwoman recounting the history of women's federated clubs, which first appeared in a 1927 issue of McCall's magazine.

Mrs. Robert Dickson was welcomed as a new member. Others present in addition to those mentioned were, Miss Rachel Patton, Miss Mary Keith and Mesdames Robert Darsey, Ted Elliott, C. D. Garrison, and W. F. Jacobs. Guests included Mrs. Vance Campbell of Dougherty, Miss Diane Alexander of Freepport, Mrs. Howard Limmer of Snyder and local residents, Mesdames D. I. W. Birnie, Truitt Read, Cecil Shelton, France Barton, J. M. Russell, Edgar Lee, and Zona Ruth Cammack.

Mosquito Facts & Fancies

Get Ready For (Another) Mosquito Season

Scientists tell us that the pesky mosquito has been with us (and AT us) since the Ice Age. Attempts to divert its annoying attacks on mankind were recorded at least 3,000 years ago with Egyptian use of smudgепots and mosquito netting.

Even today, outdoor enthusiasts are still battling the mosquito. That's not surprising when you consider scientists have identified more than 3,000 species and sub-species of mosquitos. That fact alone is enough to make one start scratching.

While most of us view the mosquito as a nuisance whose bites cause severe itching and irritation while ruining outdoor activities, researchers at Cutter Laboratories point out that you should also be aware that some mosquito species also continue to be a health problem by spreading encephalitis, a serious disease. Some areas of the U.S. even issue "mosquito alerts" to the public when mosquito infestation intensifies.

Although most of us aren't particularly discriminating about the sex of the mosquito that lands on an arm or leg, you might be surprised to know that it's only the female who's responsible for biting and the resulting itch.

The male is strictly vegetarian, living on plant nectar. Although the female savors the same diet, human or animal blood is a vital part of her egg producing cycle. Mosquitos lay their eggs

on dry ground any time from April through October.

All they need to hatch weeks later is for the rains to come and for a little standing water to be left behind. It takes only two days for the eggs to hatch into larvae.

Our warm, moist skin, the lactic acid in human perspiration, and the carbon dioxide in our exhaled breath are all known to attract the female mosquito. However, when you want to enjoy the great outdoors, there are a few common sense measures you can take to reduce the chances of insect bite. Stay away from stagnant water and be sure to wear long sleeves and pants in the evening and early morning.

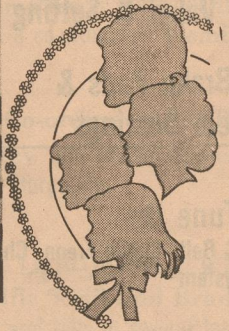

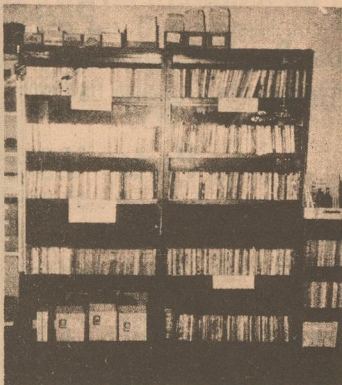

Any outdoorsman will tell you that the female mosquito will bite even through fabric. One effective way to discourage her blood-sucking attempts is with Cutter Evergreen, a fresh-scented insect repellent spray from Cutter Laboratories. Its aroma is attractive to humans, but at the same time, it jams the mosquito's sensors, leaving it unable to follow the tantalizing warm, moist air currents from humans, and allowing you to enjoy the great outdoors without itching, scratching and discomfort from mosquito bites.

Roasted meats should be cooked for the shortest time possible, at the lowest temperature, to retain the maximum amount of thiamine. The one very important exception to this rule is, of course, roast pork, which always must be cooked until no pink meat remains.

High Blood Pressure And Your Survival
Facts Checked By Experts At Smith Kline And French Laboratories
How Do You Know When Your Blood Pressure Is Too High?
You can have high blood pressure for years and not know it. Most people can't feel it until something goes wrong. That's why hypertension is sometimes called "the Silent Killer." Your doctor can tell if your blood pressure is too high.
