Roller Rink Needs New Record Player

Since the destruction of the juke box at the recent break-in at the Motley County Roller Rink, the children and adults skating have been doing so without music.

Anyone who has a record-cassette player they are not using can contact Barbara Jameson or Judy Renfro. A donation would be greatly appreciated, but the rink would purchase a used player if the price is reasonable.

Children and adults are urged to support the roller rink and help keep it going. The rink is open on Saturday and Sunday for two skating sessions. A first session is in the afternoon and the other at night.

Motley Girls Varsity Win Recent Games

The Motley County girls varsity defeated Jayton 59-48 Tuesday, Jan. 11, in Matador with Tracey Jackson leading the scoring with 13 points. She was followed by Renee Renfro with 12 points and Darla Dempsey with 10.

The girls traveled to

Afton to play the Patton Springs girls last Friday and won 62-43. Darla Dempsey was high pointer with 22 points in that game. Tracey Jackson had 11 points, Renee Renfro had 12 and Dixie Nimmo had nine.

Area Residents Named To WTSU Honor Roll

Two honor rolls at West Texas State University list more than 600 students for the 1982 fall semester.

The President's List includes 84 students whose semester grade point averages are 3.85 and above where 4.0 equals a grade of "A".

Students whose grades are between 3.25 and 3.84 are included on the Dean's List. The

Dean's List for the fall semester includes 571 students. Students named to the honor rolls represent seven schools and colleges including the College of Arts and Sciences, School of Agriculture, School of Business, College of Education, School of Fine Arts, Graduate School and School of Nursing.

Students listed must

have completed 12 semester credit hours.

The Dean's List includes from Matador, James H. Stephens, junior mathematics major, son of Mr. and Mrs. H. A. Stephens.

The Dean's List includes from Flomot, Randell L. Hunter, junior physical education major, son of Mr. and Mrs. Wayne H. Hunter.

Bunni Zabielski Named To SPC Dean's List

Bunni Zabielski of Roaring Springs has been named to the Dean's Honor List at South Plains College for the 1982 fall semester.

To qualify as an honor student at SPC, students must maintain a minimum of 3.25 grade point average while enrolled for at least 12 semester hours.

Students maintaining a 4.0 or straight A grade point average are named to the President's List, while those earning a 3.25 or better are named to the Dean's List.

"We wish to extend our congratulations to these fine students who have demonstrated academic excellence which is found at South

Plains College," said Dr. Bud Joyner, vice president for academic affairs. "We are always proud of the students who are named to the President and Dean's Honor Lists."

A total of 162 students were named to the President's List, and 297 students to the Dean's List for the fall 1982 semester at SPC.

Merrill Lynch Executive Is Lions Club Guest Speaker

Daniel C. Rahlfs, account executive for Merrill Lynch Company in Amarillo is guest speaker Tuesday at the regular meeting of the Matador Lions Club.

Merrill Lynch has one of the most outstanding research teams in the brokerage field, accord-

ing to Rahlfs. They have 90 security analysts covering all major industries and 12 technical analysts studying market data that could affect your investments. The company is worldwide, with a commitment to smaller investors.

The announcement was made that February 14 is the date set for the Father-Son Banquet. R.M. Stanley read a letter to the club from Anchorage, Alaska.

Mention was also made that \$235 is still needed to pay for the emergency early warning system installed at the fire department last July. The club called for donations from the members to help pay the balance.

Guests at the meeting were Dr. Charles Hudson, Guy Campbell, Richard Campbell, Mr. and Mrs. Harold Campbell, Daniel Rahlfs, Mrs. Howard Traweek and Ronnie Christian.

DPS Continues Enforcement Of Auto Insurance Laws

The Texas Department of Public Safety will continue to enforce the current mandatory liability insurance law as enacted by the last session of the Texas Legislature. A recent Attorney General's opinion stated that failure to carry, produce or provide proof of insurance is not an offense. However, the opinion does not require DPS policy to be changed. The offense contained in the law is "failure to maintain financial responsibility," i.e., failure to maintain liability insurance.

Colonel Jim Adams, DSP director, said "the statute requires motorists to furnish information concerning evidence of insurance to a police officer upon request. Failure to provide satisfactory information creates a rebuttable presumption under the statute that the motorist failed to maintain liability insurance. This presumption may be rebutted by presenting evidence to the judge that the motorist did in fact have insurance and the judge may dismiss the charge."

If the officer is not satisfied with the information provided, he can issue a citation. Adams said troopers will continue to issue citations when drivers are unable to furnish satisfactory information.

The Department of

Public Safety issued rules when the law went into effect detailing examples of information which would be accepted as evidence of financial responsibility. The items include the insurance policy, insurance identification card, or other information which confirms to the satisfaction of the officer that the operator is in compliance with the law.

In an opinion dated May 14, 1982, the Attorney General upheld these rules as binding on all law enforcement officers of the state.

"If a person is unable to furnish the information requested by the

officer, the officer may issue a citation even though the individual claims to have the required insurance, Adams said.

"Before the law was passed, 74 per cent of the Texas motorists involved in vehicle accidents did have insurance. However, 1982 accident reports indicate that 91 per cent of the drivers involved in vehicle accidents have obtained and maintain insurance," he said.

Colonel Adams said the law has produced positive results, and has resulted in an increase in the number of Texans who presently carry liability insurance.

A Second Glance

By Leon Watson

The Matador Lions Club is a civic organization, its purpose is to back good civic causes. If this is true why has the Lions board of directors voted twice not to help pay for our emergency warning system after agreeing to sponsor it last year?

Last year the Lions Club sent out letters to all Cable TV subscribers and listed the club as a sponsor. Cable subscribers and other residents donated, up to present, \$1,764.10 of the \$2,000.00 needed to pay Matadors part of the system.

The Lions Club board of directors voted Monday not to pay the remaining \$235.90. from the Lions Club funds.

In the Lions meeting Tuesday the announcement was made that \$235 was still needed, and the members were asked to make donations to help pay the balance.

Many individual members of the Lions Club have done more than their share in donations to the system.

Original cost of the system was \$3,100, and \$1,100 was paid by D. H. Pope, owner of Matador Cable Company. A one time cost of \$2,000.00 was to be collected by a sponsor from people in Matador.

Now Mr. Pope wants the rest of his money, and who can blame him?

The City of Matador paid for the initial installation of the system and is paying a monthly fee to keep the system.

The system, called the Matador Civil Emergency Alert System, will benefit at least 380 Cable TV subscribers when it is used as an early warning system during severe weather. It would be a shame to lose such a good system because of a final payment of less than \$300.00.

TREE PRESENTED -- Mrs. Rex Arnold, President of the Captain James Smith Chapter, Daughters of the Republic of Texas, visited Matador on January 17. On behalf of her chapter she presented a Tejas peach tree to the Matador Garden Club. The tree was planted in Pioneer Park as part of DRT's beautification of Texas program. Mrs. Bailey Elliott, Chairman of the Parks Committee for the garden club, accepted the tree. Daughters of the Republic of Texas are custodians of the Alamo, the French Legation, and the D.R.T. Museum. The organization encourages historical research, maintains a library at the Alamo, and preserves records and relics of early Texas. Two local women, Mrs. Furman Vinson and Mrs. Frank Potts have been attending meetings in Lubbock and Plainview.

Tips On Retirement

By Mary Streit
Ext. Agent-Home Ec.

Have you retired? Are you getting close to retirement? Are you concerned that what little you have saved won't be enough to carry you through your retirement years? These are very real concerns for those on a fixed income. There are some steps that can be taken to help make your nest egg last.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion, national origin or handicap.

First, a spending plan should be made. This plan consists of listing what you have to pay each month (housing costs, utilities, insurance, contributions, debts, taxes, regular savings, etc.) and expenses that change from month to month (food, upkeep, car costs, recreation, medical bills, clothing,

personal spending, etc.). Decide how much money you will need to live comfortably.

Another suggestion is to keep insurance policies to cover emergencies. If you need health insurance to supplement medicare and/or medicaid, investigate any company by writing to Health Insurance Institute, 448 Madison Avenue, New York, New York 10021.

A third step to make your nest egg last is changing whole life insurance policies no longer needed to protect dependents to an annuity policy. It pays you a certain amount each month for a specific number of years, or for the rest of your life.

Develop non-money resources. Swap your time or talents for others' services. Use community services you've paid through taxes. Find out about reduced rates offered to seniors for transportation, food, bank accounts or property taxes.

Fifth, change lifelong savings into retirement income through savings payout or second income plans offered by most banks and savings and loan companies. Change Series E Savings Bonds to Series H Bonds that pay cash dividends to you twice a year at 4 1/2% interest the first two years and 5% thereafter.

**Wedding Vows Exchanged
By Jackson and Palmer**

Wedding vows were exchanged by Shelley Jackson and William Palmer, Friday, December 31, 1982, at 6:00 p.m. at the First Baptist Church, Matador. The Rev. Gary Hillyard, pastor, officiated in the double ring, candlelight ceremony.

The bride is the daughter of Mr. and Mrs. Kelly Jackson of Matador and the groom is the son of Mrs. Pearl Palmer of Roaring Springs.

Altar decorations for the exchange of vows featured an archway trimmed in greenery and accented with white satin bows. Centered beneath the archway was a pedestal holding two white tapers and the unity candle, which was lighted by the bridal couple at the close of the ceremony. Three candleabras holding white tapers, each accented with a floral arrangement of white gladiolas, carnations, daisies and baby's breath with greenery and white satin bows completed the altar setting. Baskets of greenery accented the setting. The aisle was highlighted with brass globe markers holding white tapers and tied with red and white bows.

The bride, given in marriage by her father, wore a formal length white gown of wedgewood lace and sheer organza. The Victorian neckline featured a sheer yoke with a silk floss medallion and seed pearls, complimented by a yoke ruffle of lace. The full sheer bishop sleeves were fitted at the wrist and adorned by a lace ruffle. The fitted waistline was enhanced by a five tiered bouffant skirt. The back of the skirt cascaded into tiers

of wedgewood lace and swept into a full chapel train. The fingertip veil of rolled edged illusion was attached to a Venise lace bandeau adorned with seed pearls.

The bride carried a cascading bouquet of white roses, centered with a catalpa orchid and accented with fern greenery and lily of the valley. White lace and satin streamers tied in love knots completed the bouquet. The orchid from the bridal bouquet was worn as her going away corsage. The bride also carried two red roses that she presented to her mother as she walked down the aisle and to her mother-in-law as she left the church.

The bride's dress was something new. She wore a blue garter, and something borrowed was the wedding veil borrowed from Mrs. Steve Burns. For something old, she wore a wedding band given to her by her paternal grandmother; and a penny in her shoe.

The groom was attired in a white tuxedo with tails and a white rose boutonniere.

Maid of honor for the bride was Kimberly Campbell of Matador. Tracey Jackson, sister of the bride, of O'Donnell; and Susannah Woodruff of Matador, were bridesmaids. They all wore formal length gowns of red wedding taffeta with white lace edging around the bodice and each carried a white lace edged nosegay of red pixie carnations accented with baby's breath and tied with red and white satin streamers.

Serving as best man for the groom was Norman Gerber of Lubbock. The groomsmen included Jeff Schmucker and Claude Schilling, both of Lubbock; and Coke Barton of Matador. They wore black tuxedos with red cummerbunds, red ties, and red silk rose boutonnieres. Candlelighters were Kenneth Jackson, brother of the bride, and Jeffery Burkes, nephew of the groom, both of Matador. They wore black tuxedos with red boutonnieres.

Mrs. Howard Tra-week presented traditional wedding music. Miss Monica Adamek,

cousin of the bride, of Lovington, N.M., sang "Up Where We Belong" and "It Seems I've Always Loved You." Local vocalists, Mr. and Mrs. Stanley Martin sang "Flesh of My Flesh" and "You and I."

Flower girl was Amy Pipkin of Matador. She was dressed in a floor length dress of red wedding taffeta with white lace edging. She wore a red pixie carnation wrist corsage and white gloves. Ring bearer was Cless McCauley, nephew of the groom, of Jayton. He wore a black tuxedo with a red silk rose boutonniere.

Ushers for the couple were Kelly Wilson and Timmy Brooks of Roaring Springs. Miss Renee Renfro of Matador registered the guests.

Following the ceremony, a reception was held in the Fellowship Hall of the church. The bride's table was covered with a white taffeta cloth etched with lace, centered with two double crystal candleabra with white tapers and the bridal bouquet. The four tiered all white wedding cake was made by Mrs. Dean Turner and was topped with a porcelain "Precious Memories" bride and groom. Between the arched pillars were fresh flowers. White frosted punch was served from a crystal punch service by Miss Deanna Durham of Matador and the wedding cake was served by Miss Derinda Cruse of Flomot.

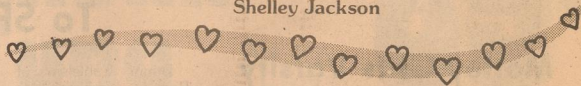

The groom's table was covered with an ecru lace cloth centered with a red votive and greenery. Coffee and chocolate cake were served from china appointments by Miss Donna Warren of Matador and Miss Darla Smith of Roaring Springs. Others serving in the houseparty were Mrs. Kenneth Thompson, Mrs. Dean Turner, Mrs. Bundy Hal Campbell, and Mrs. James C. Renfro, all of Matador; Mrs. Tommy Wilson and Mrs. J. N. Fletcher, Roaring Springs, and Mrs. John Jackson, Wichita Falls.

The rehearsal dinner was hosted by the groom's mother at the City Cafe in Roaring Springs on December 30th for the family and friends in the wedding.

After a short wedding trip the couple are at home in Rule, Texas.

YOU MAY BE LOSING ENERGY DOLLARS UP YOUR CHIMNEY!

How many times a year do you open and close your Fireplace damper?

Many people leave it open all the time — so it's always ready when they build a fire in the fireplace. A fireplace damper that's always open is allowing winter heat and summer air conditioning to leave through the chimney in a continuous flowing stream. And with that loss of conditioned air goes higher electric bills. Be sure to close your fireplace damper when not in use.

A fireplace screen can help to save a lot of Energy too! With your damper closed, when not in use, and with an air-tight glass screen in front of your fireplace you can keep ENERGY DOLLARS from escaping up the chimney.

FRUIT 'N CORN MUFFINS

What sounds better on a frosty morning than warm muffins, fresh from the oven?

While muffins began as an old English tea-cake, today in the U.S. they're a popular breakfast item. This recipe for Fruit 'N Corn Muffins, from the Kraft Kitchens, combines a number of breakfast-related ingredients like eggs, orange marmalade and applesauce into a flour and cornmeal dough. The result - a flavorful, quick-to-eat morning snack.

If there's no time to bake in the morning, make the muffins the night before or over the weekend and freeze. Reheat them in the oven just before serving.

When serving, remember muffins should never be cut, but pulled apart and spread with margarine or marmalade if desired. What isn't finished at breakfast can be eaten as a mid-morning snack.

FRUIT 'N CORN MUFFINS

- 2 cups flour
- 2 tablespoons sugar
- 4 teaspoons baking powder
- 1 teaspoon salt
- 1/2 cup cornmeal
- 1 cup milk
- 2 eggs, beaten
- 1/2 cup applesauce
- 1/4 cup Parkay margarine, melted
- 1/2 cup orange marmalade

Combine dry ingredients. Add combined milk, eggs, applesauce and margarine; mix just until moistened. Spoon into well greased medium size muffin pan, filling each cup 2/3 full. Slightly indent center of each muffin. Top each muffin with 1 teaspoon marmalade. Bake at 425° 20 to 25 minutes or until golden brown.

Trull - Holt Wed In Candlelight

Miss Marcia Trull of Diana, Texas and Kenny Holt of Longview formerly of Matador were united in marriage in a double ring ceremony performed December 10, 1982 in the First Baptist Church of Diana. Rev. Randal Trull, brother of the bride and pastor of Briarwood Baptist Church in Jackson, Mississippi, officiated.

The bride is the daughter of Mr. and Mrs. R. V. Trull of Rt. 2, Diana and Kenny is the son of Mr. and Mrs. W. L. Holt, Matador.

Given in marriage by her father, the bride wore a gown featuring a Queen Anne neckline and bishop sleeves on a bodice of Chantilly and point d-Espirit lace. The full skirt fell from an empire waistline and featured a deep panel of Chantilly lace and organza flounce, creating a chapel train. Her veil was a waltz-length mantilla edged with silk Venise lace, dotted with tiny Venise lace flowers on a cap of beaded Venise lace. She carried a bouquet of red roses, pink and white carnations and baby's breath with burgundy, rose and pink streamers.

For something old, she wore her grandmother's wedding band, her dress was something new, a string of pearls for something borrowed and her garter for something blue.

The bride's attendants wore floor length gowns of burgundy and pink and carried long stemmed red roses.

Miss Deanna Trull of Denver, Colo., was her aunt's Maid of Honor and Kathy Trull of Dangerfield and Kim Williford of Kilgore were bridesmaids.

David Holt served his brother as Best Man and groomsmen were Randy Hall of Wilson and Steve Brunson of Diana.

Ushers were Major Ronald Trull of Denver, Colo., and Lt. Micheal Trull of Las Vegas, Nevada, brothers of the bride.

Joy Trull, niece of the bride from Jackson, Miss., was flower girl.

Ring bearer was Nathan Parker of Longview and nephew of the groom.

Kim Brown and Tony Rogers were candle-lighters. Darla Chandler and Traci Parker, both of Longview and nieces of the groom, passed out rice bags.

Wedding music was furnished by Mark Trull, brother of the bride and Tim Snowden, vocalists. Minerva Gentry served as organist and Belinda Phoenix was pianist.

A reception followed the ceremony in the fellowship hall of the church and was hosted by the bride's parents. Approximately 100 guests attended.

The bride's table was graced by the three-tiered wedding cake which featured wedding bells atop the cake and burgundy roses. It was baked and decorated by the groom's sister, Vickie Chandler of Longview. A white lace cloth over burgundy and a large floral arrangement complimented the crystal punch set. Serving the guests were sisters of the groom, Mary Ann and Vickie Chandler of Longview.

Serving at the groom's table was Nancy Parker, also a sister of the groom. The groom's cake with the words "Marcia and Kenny" was also baked and decorated by Vickie Chandler.

For a wedding trip to Hot Springs, Ark., the bride wore a beige and burgundy suit with matching accessories.

The bride was graduated from New Diana High School and also attended Kilgore College. Kenny attended Motley County Schools and graduated with the class of 1981, and attended South Plains College, Levelland. Both are employed by Brookshires Super Markets of Longview.

They are at home at 3011 B. Dundee Rd., Longview.

Mr. and Mrs. W. L. Holt attended the wedding and remained to spend the Christmas holidays with their children and their families.

In The Rough

By Hazel

Six players Thursday morning for regular play on a beautiful day.

We drew for teams, Leona, Loys and Olivia; Geneva, Dorothy D. and Hazel. Geneva's team won both rounds. And Geneva was closest to the pin on number 6.

Olivia was wearing a most attractive yellow sweater, decorated with golf phrases and logos, in colorful stichery as "hole-in-one, birdie - 1, double-bogey - 2, hooks, pars, slices", which was a Christmas present from her aunt and uncle, Sam and Suzy Cobb of Liberal, Kansas. She also had a new navy blue Hogan golf glove.

Something new in the pro shop, which is attracting attention and comments -- a stained glass plaque of a shapely lady golfer, even with a necklace, designed and made by Doug's sister.

Suzanne Jenkins of Fayetteville, Arkansas. The frame of the plaque is an embroidery hoop. The plaque hangs in the South window of the pro shop and shows off very effectively with the sun shining through it.

Dianne Ratliff of Paducah, her husband and young son, stopped by the club house Thursday as we were finishing our play. Enjoyed visiting with them.

SUNDAY SCRAMBLE

Twelve players for Sunday afternoon play -- Winning team, Howard, Marvin, Gerald and Syd. Second team, Geneva, Edwaine, Doug and Van Carr (McAdoo); other team, Jake G., Leona, Alan B., and Mick.

They only played nine holes, on account of the cool weather.

BIBLE VERSE

"Know ye that the Lord he is God: it is he that hath made us, and not we ourselves."

1. Who is the author of this verse?
2. What does this verse warn us against?
3. What is the rest of the verse?
4. Where may it be found?

Answers to Bible Verse

1. The Psalmist--probably King David.
2. Against the sin of worry.
3. "We are his people, and the sheep of his pasture."
4. Psalm 100:3.

Farm Parity Drops To Lowest Level In 70 Years

WASHINGTON (AP) — The government's farm "parity" yardstick dropped in 1982 to the lowest level in more than 70 years of record-keeping, figures show.

The latest statistics issued Thursday by the Agriculture Department showed commodity prices at the farm declined 1.6 percent in December.

That was enough, according to USDA records going back to 1910, to unofficially push the historic "parity" ratio to its lowest annual reading ever.

The financial indicator has never sunk so low, not even in the depths of the Depression in the early 1930s.

The parity formula was designed half a century ago — and incorporated into federal law — to help express farmers' financial situation by relating prices they receive to expenses and other factors.

THE DECEMBER price index also remained below year-earlier readings, where it has been in 16 of the last 17 months.

Commodity prices generally have been depressed because of huge grain harvests the past two years, along with lagging exports and consumer demand for meat, poultry and dairy products.

The price report said that lower prices for oranges, tomatoes, cattle, turkeys and eggs were mostly responsible for the December decline in the index. However, higher prices for corn, lettuce, hogs, soybeans and wheat partially offset the gains for the other commodities.

Prices paid by farmers to meet expenses, meanwhile, declined 0.6 percent during the month but still averaged 3.3 percent more than a year ago.

WEAKER COMMODITY prices have helped dampen consumer food prices, which are expected to rise 4.5 percent in 1982, the smallest annual increase in six years. Department economists say the 1983 gain may be held to 3 percent to 6 percent.

With the December decline, farm prices, on the average, rose in six months in 1982, dropped in five and held steady in one. In 1981, the index failed to show an overall gain in any month, the first time that had happened since 1933.

Farm prices in December averaged 127 percent of a 1977 base-price average used for comparison, according to the preliminary figures. The November index was 123 percent.

The December parity ratio was 54 percent, down from 55 in November. According to USDA records, that was the lowest since the indicator also averaged 54 percent in April 1933, one of the worst years of the Depression. It sagged to 57 percent last winter and hovered near that mark since.

WITH THE preliminary December reading, the 12-month average for 1982 was 57 percent, compared to 61 percent in 1981. The previous all-time annual low was 58 percent in 1932.

Creamy Vegetable Ideas FROM NEW COOKBOOK

Harvest time means a plentiful supply of fresh vegetables. So take advantage of the opportunity to try new ways of preparing them. The mild flavor of cream cheese, for instance, can complement many types of vegetables. These two interesting side dish recipes, created by the Kraft Kitchens, are good examples. They come from the new Philadelphia Brand Cream Cheese Cookbook, released to celebrate the 100th Anniversary of Philly Brand cream cheese.

Stuffed Squash is a hearty vegetable mélange, perfect for chilly autumn days. It's also a recipe special enough to serve to guests. Sliced almonds, green beans, water chestnuts and seasonings are folded into a smooth cream cheese sauce. This filling is then spooned into hot baked squash halves, for a mouth-watering combination of flavors and textures.

Vegetable Stir-Fry is an easy skillet dish to make in minutes. To stir-fry, cook vegetables, sliced to uniform thickness, in a small amount of hot, melted margarine. Use either a wok or skillet, stirring constantly until crisp and tender. This method of cooking retains the bright colors and crisp texture of fresh vegetables. The unique addition to this recipe is sesame-coated cream cheese cubes, providing eye and taste appeal.

STUFFED SQUASH

- 1/2 cup sliced almonds
- 1 tablespoon Parkay margarine
- 1 8-oz. pkg. Philadelphia Brand cream cheese, cubed
- 3/4 cup milk
- 1 10-oz. pkg. frozen cut green beans, cooked, drained
- 1/2 cup water chestnuts, sliced
- 1 1/2 teaspoons lemon juice
- 1/2 teaspoon ginger
- 1/2 teaspoon dry mustard
- 1/2 teaspoon salt
- 2 acorn squash, cut in half, baked

In saucepan, sauté nuts in margarine until lightly browned. Add cream cheese and milk; stir over low heat until cream cheese is melted. Stir in remaining ingredients except squash; heat thoroughly. Spoon vegetable mixture into hot baked squash.

4 servings

VEGETABLE STIR-FRY

- 2 cups diagonally cut carrot slices
- 2 cups diagonally cut celery slices
- 3/4 cup thin green pepper strips
- 2 tablespoons Parkay margarine
- 1/4 teaspoon salt
- Dash of pepper
- 1 8-oz. pkg. Philadelphia Brand cream cheese, cubed
- 1/4 cup sesame seeds, toasted

Stir-fry vegetables in margarine until crisp-tender. Add seasonings; mix lightly. Remove from heat. Coat cream cheese cubes with sesame seeds. Add to vegetables; mix lightly.

6 to 8 servings

Making Family Life More Fun

WINTER VACATION TIPS

According to travel experts, more families are enjoying split vacations these days, taking one in the summer and one in the winter. Here, then, are some winter vacation tips from the experts:

- Don't let bad weather or holiday traffic upset your travel plans. If you're flying, leave enough time to reach the airport 45 to 60 minutes before the flight. This way you'll be calm and relaxed—with all details in order—when you board the plane.

For families that enjoy change of season vacations, remember that water and sand can reflect enough sunlight to burn you under a hat or a beach umbrella.

can receive a severe burn even on a foggy or hazy day.

- If you're changing season, and heading for a warm climate, make sure you and the youngsters limit your first exposure to the sun to twenty minutes or less. Then, you can increase your sunbathing daily to achieve a gradual tan.
- Don't forget to take along a sunscreen. Water-proof sunscreens, such as Sundown from Johnson & Johnson, resist removal by water or perspiration, maintaining their labeled degrees of protection for up to 80 minutes in the water.

• It would be far-sighted of you, if you wear eyeglasses, to take along an extra pair, or at least a copy of your lens prescription.

You can put yourself and your family on the road to vacation fun and safety by following these sensible tips.

- Remember that the weather and time of day affect the sun's strength. You

New Brucellosis

Vaccination Requirements

Effective January 12, 1983, new brucellosis regulations went into effect. Among the changes, the former class A control area is now a class B control area, and the former class B control area is now a class C control area. The class B area comprises 140 counties in the western half of the state and the class C area includes 114 counties in the eastern half of the state. Motley County is in the class B area.

The new vaccination requirements for cattle entering either area of Texas from outside the state are as follows:

After July 1, 1983, female breeding cattle four months of age or older must have been vaccinated before entering Texas with the following exceptions: a. Cattle from a certified free herd. b. Cattle being shown in fairs or exhibitions. c. Cattle from commuter herds. d. Cattle for slaughter or quarantine feedlot.

Female cattle four months of age or older born after January 1, 1983 must have been vaccinated when moving from one area to another in Texas whereas those born prior to January 1, 1983 can move within Texas without having been vaccinated.

NOTES COMMENTS

Arguments usually aren't worth it.

Too much talk loses most arguments.

Never underestimate people of small stature.

Hard work becomes harder if it is postponed.

1983 will be a good year for those who plan ahead.

Smartness rather than sincerity is what ruins many people.

One can find justification for just about anything in the scripture.

Cattle born after January 1, 1983 changing ownership within the C area must have two negative tests at least 60 days apart unless they have been officially vaccinated.

Non-vaccinated female cattle entering either B or C area of Texas from a Class C state or area require two negative tests 60 days apart until July 1, 1983, after which all females will need to have been vaccinated.

As of October 19, 1982, there were 2102 herds in Texas under quarantine because of Brucellosis. Of these 1900 herds were in the eastern half of the state and 202 were in the western half.

SHADE TREES NEED LITTLE FERTILIZER

Shade trees seldom need fertilizer although fertilizer is sometimes needed when tree roots are confined by a street, curb or other structure. Tree fertilization isn't needed more than once every three years (Except in extremely sandy soils).

Fertilize trees during the winter months. But when trees have a restricted root system, another application may be needed in early summer.

Broadcast fertilizer

evenly beneath the branch spread of the tree and water thoroughly because roots can't use the nutrients without moisture.

Fertilizer recommendations are often based on a tree's trunk diameter without allowing for a confined or limited root zone. Following such recommendations can lead to over-fertilization.

Over-fertilizing forces excessive top growth and makes the tree more vulnerable to storm damage.

The safest method of deciding the amount of fertilizer needed is to determine the number of square feet included in the branch spread of the tree and use two pounds of nitrogen for each 1,000 square feet covered.

For instance, a tree with a 36-foot branch spread covers about 1,000 feet. Twenty-four pounds of a complete fertilizer with an analysis of 8-8-8 supplies the two pound of nitrogen needed.

If the root zone of this tree is confined to a 22 feet by 20 feet area, fertilizer application depends on the actual root zone—240 square feet.

This is one-fourth of the area in the above example, so only six pounds of 8-8-8 fertilizer should be applied.

CARD OF THANKS

My dear friends: I want to thank you for your kindnesses since I have been confined to my home because of illness. Especially do I want to let you know that it meant a great deal to me for you to show such Christian love for me at Christmas.

All your telephone calls, your cards and notes, your visits the flowers and other gifts you sent or brought, made me really understand what the spirit of Christ is.

May you each be blessed all the days of your lives with such friends, as you have been to me. My sincere prayer is that your children's tender loving care will go as far beyond the call of duty as my children's have. Sincerely, Edith Brooks
