Subscribers Urged To Support TV Tower

Due to inflation and the high cost of fuel has made it necessary to raise the yearly T.V. Tower Subscription to \$100.00 and the monthly rates to \$8.50 beginning November, 1980. If you are a subscriber you may be planning to use the Tower west of town of Matador for your T.V. service, if this is the case, we wish to solicit your support in the cost of maintenance and operation of the equipment which amounts to about \$6,000.00 per year. Actually, if we could get a few more subscribers, it would enable us to update or install new equipment that should

improve the picture received from the Tower.

About 75 of your neighbors in the area will be paying \$100.00 per year, or \$8.50 per month to keep this badly needed service in operation. If you will be using the tower, and would join them in sharing this expense, we will greatly appreciate a year's subscription or any part of a years service or your authorization to draw on your bank account for the amount of \$8.50 per month.

MATADOR HOTEL SOLD -- The Matador Hotel, woned and operated by Mr. and Mrs. W. W. Clements, for almost 40 years was sold recently to Mr. and Mrs. Johnny Jackson. The hotel was built in 1915 by Roy Carter and at one time it served as a community center for social functions with an accommodating dining and ballroom. Mr. Clements also operated a barber shop in the building.

After owning and operating the Matador Hotel for almost 40 years, Warren W. Clements has sold the property to Johnny Jackson.

Although they plan to use the structure for a residence, Mr. and Mrs. Jackson have announced that they do not plan to continue operating the facility as a hotel.

Mr. and Mrs. Clements and their son, R. D. left last week to make their home in Carlsbad, New Mexico, near their daughter and husband, Mr. and Mrs. Jack Smith.

Mr. Clements purchased the hotel and opened a barber shop just off the lobby, in March of 1941. He acquired the property from Virginia Smith, sister of the late C. B. Whitten, who had owned it since 1927. Judge Whitten died in November, 1938.

The hotel was built in 1915 by Roy Carter and at one time it served as a community center for social functions, with an accommodating dining

and ballroom. The present barber shop location was once a confectionery shop or "ice cream parlor."

During the ensuing years, the hotel changed ownership several times. Subsequent to Mr. Carter, owners included J. H. Sheridan, J. S. Creigh, R. L. Patton and John Light. Judge Whitten bought a half interest in the property in 1926, a year before he became sole owner.

Mr. and Mrs. Clements came to Matador in 1924, moving here from the Flomot community. With the exception of six months, they had made this their home continuously since that time. Mr. Clements was a charter member of the Matador Lions Club and Mrs. Clements was a charter member and also past president of the Matador Garden Club. She also had belonged to El Progresso Study Club, and Motley County Arts and Crafts Club. The couple are members of the Church of Christ.

Hearing Loss Is Not A Sign Of Old Age

Chicago, Ill.—A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest Beltone aid of its kind will be given absolutely free to anyone requesting it.

True, all hearing problems are not alike... and some cannot be helped by a hearing aid. But audiologists report that many can. So, send for this free model now, and wear it in the privacy of your own home. It is not a real hearing aid, but it will show you how tiny hearing help can be. It's yours to keep, free. The actual aid weighs less than a third of an ounce, and it's all at ear level, in one unit.

These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Thousands have already been mailed, so write today to Dept. 52338, Beltone Electronics, 4201 W. Victoria, Chicago, Ill. 60646.

approval of a budget execution committee that would be composed of the Governor, Lieutenant Governor, Speaker of the House of Representatives, Chairman and Vice-Chairman of the Senate Finance Committee, and Chairman and Vice-Chairman of the Committee on Appropriations of the House of Representatives.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to grant the governor power to exercise fiscal control over the expenditure of appropriated funds as provided by law."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would allow the Governor who appointed a previously confirmed official to remove that official from office subject to the advice and consent of the Senate; and if the Legislature is not in session, to call a special session of the Senate which may last no longer than 2 days for consideration of the removal.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the governor to remove appointed officers with the advice and consent of the senate."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 121 proposes a constitutional amendment that would authorize counties with a population of 5000 or less to construct and maintain private roads if they impose a reasonable charge for the work. The Legislature by general law may limit this authority. Revenue received from private road work may be used only for the construction, including right-of-way acquisition, or maintenance of public roads.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing counties with a population of 5000 or less to perform private road work."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 36 proposes a constitutional amendment that would change the jurisdiction and authority of the State's appellate courts. The amendment would change the name of the Courts of Civil Appeals to the Courts of Appeal and provide that these courts have intermediate appellate jurisdiction over both criminal and civil cases. The amendment would change titles for the Associate Justices of the Supreme Court to Justices and would require members of the Supreme Court to be attorneys licensed in this state while holding office. The proposed amendment will appear on the ballot as follows: "The constitutional amendment to change the name of the Courts of Civil Appeals and the names and qualifications of the justices of the Supreme Court and to prescribe the jurisdiction and authority of the appellate courts."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment which defines separate property owned by either spouse as all property, both real and personal, of a spouse owned or claimed before marriage; and that acquired after by gift, devise or descent. Persons about to marry and spouses, without the intent to defraud pre-existing creditors, may by written instrument from time to time partition between themselves all or part of their property. Spouses may exchange a community interest in property owned or to be acquired for a community interest in other community property. The amendment would allow spouses to agree in writing that income or property arising from any separate property is to be separate property rather than as community property as it would be in the absence of an agreement. The amendment proposes that a gift from one spouse to another is presumed to include all income or property deriving from such gift.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment allowing spouses to agree that income or property arising from separate property is to be separate property."
