Motorists Warned To Prepare For Long Summer Vacations

Motorists should away from it all, and multilane mix of car and epare themselves for this means getting into pedestrian city traffic," prepare themselves for driving, according to Major Vernon Cawthon, Commander of Region 5 of the Texas Department of Public Safety. With summer approaching people are planning vacations and he warned drivers that accidents can spoil vacation trips.

Summer driving is different because the motorist is trying to get away from it all, and this means getting into an unfamiliar environment, "he said." A good rule is to plan your trip before leaving and know highway numbers and streets that you will travel," Cawthon said.

"For the urban driver

"For the urban driver the expressway can become a bore, luring the weary into a false sense of security. Drivers who normally drive on quiet country roads can panic in the confusion of the

Cawthon said alertness is a serious problem on long freeway trips." He advised the motorist to stop every two hours to rest or change drivers and to never drive more than 10 hours each day.

The Major suggested that motorists check all hoses fan helts tires

hoses, fan belts, tires and to make sure the vehicle is in good

e also advised prorists to get plenty f rest each night.

Motorists entering large cities should plan their trips to avoid rush hour traffic, obey speed limits, avoid the use of alcohol and drive defensively can have a safe trip and a great

By Lila Meador Karen Elliott House, foreign affairs reporter with the Washington bureau of the Wall Street Journal is witnessing history in the making in the far reaches of the globe.

Her most recent assignment just before coming to Matador last week end for a visit with her parents, Mr. and Mrs. Ted Elliott and other family members, was to the Mideast for a series of interviews with Jordan's King Hussein during that monarch's endeavors to persuade other Arab countries to accept President Reagan's Mideast peace plan. Later, she accompanied Secretary of State George Shultz and his party on the same mission.

Beginning in Feb-ary when she left ashington, the ruary when she left Washington, the journey took Mrs. House to the palace in Amman where she lunched as guest of King Husseir

and his American wife, Noor, followed by other meetings as she continued what became

Sandwiched in between were meetings with Iraq's foreign minister and the Syrian foreign minister on Middle East Conditions and a flight to New Delhi at King Hussein's invitation for a meeting of heads of states of non-aligned countries, Yasser Arafat, Fidel Castro and Indira Gandhi, among others.

The Mideast peace talks with leaders of other countries took them to London in midthem to London in mid-March for a conference with British Prime Minister Margaret Thatcher, then back to Jordan to await a promised visit from the Palestine Liberation Organization's chair-man Yassir Arafat.

became

other Arabian countries in accepting President Reagan's Mideast peace plan, King Hussein on April 11 announced that he wouldn't take up Mr. Reagan's invitation to join peace talks with Israel.

Between her return to Between her return to Washington and leav-ing April 25 again for the Mideast with Secretary of State Shultz, Mrs. House filled a speaking engage-ment at a Journalism Honors convocation at Honors convocation at the University of Texas in Austin. Again back to Washington, and then to Fresno, Califi., for a long-standing speaking engagement before the San Jaquin Valley Town Maeting.

Meeting.
The conclusion of her assignment with Secre-tary Shultz shuttled them between Jerusalem and Beruit for about 10 days for talks with President Amin

and Egyptian President Hosni Mabarak, and to Syria in an effort to negotiate an agree-ment for the withdrawal of Israeli and Syrian troops from Lebanon, and to Saudi Arabia.

During her interviews with King Hussein, Mrs. House was impressed with his role as family man, as he took time to lunch with his two young children and to celebrate the third birthday of his son, Hamsa. Adding to his concern for peace in his country, was his concern for his wife. While he was in leading the had was in London, she had entered a hospital in Amman to give birth to their third child.

As these and other events unfold, Mrs. House not only is a witness to events which she chronicles, it could be said that she is contributing to future annals of world affairs.

Customer Comments Matter To U.S. Postal Service

Postal customers have a direct line to their postmasters and to top postal officials when they use a Consumer Service Card, available at every post office and from letter carriers. The Postal Service

encourages customers to use the cards to report service problems or to make suggestions about their mail service. Postmaster Nell Clem

of Matador stressed the importance the Postal Service places on customers' comments.

"The Postal Service touches everyone's life almost every day," she said. "We want to make sure that daily interaction is as positive as we can make it. Custome comments on the Consumer Service Card help us to identify problem areas and to correct them.

"Of course, they can be used to comment positively on postal people and the Postal

Service too," Nell

keep the original copy and mail the remaining copies to their postmas-ter. Postmasters are required to respond promptly to all consum-ers who submit cards to

ers who submit cards to their offices.

After responding to the consumer, the postmaster files one copy of the card for future reference and sends the remaining copies up the line.

Analysis of the data on the cards provides the cards provides postal management with information for

with information for improving postal services and products.
"Customer reports of delivery errors help the Postal Service identify some of the causes of misdelivery and to take the steps necessary to improve the accuracy of deliveries across the

deliveries across the nation," Nell said. Nell said comments regarding return

receipts for registered and certified mail led the Postal Service to revise its procedures in these areas. Among these areas. Among other changes, custom-ers now can receive duplicate receipts upon

Cards ask customers to check blocks that identify their comment as an inquiry, suggestion or complaint.
Customers also are asked to specify whether they wish to

postal personnel, or delayed, damaged or misdelivered mail. misdelivered mail. Several lines follow for specific comments

"Customers can mail the cards to us, postage paid, or drop them off at their local post office," Postmaster Nell Clem said. "We try to make it convenient for consumers to present their views so we can serve them more effectively and more

GOUT

Michelangelo suf-fered from it and so did Benjamin Franklin, In fact, countless thous-ands of people have suffered the affliction known as gout. Today, it si still surprisingly common, although not as debilitating, thanks to effective drug therapy.

The biochemical basis of gout has been well investigated since the end of World Warll. In 1848 researchers found that the level of found that the level of the property of the uric acid, a normal component of blood, is elevated in persons with gout. A century later, workers found that uric acid is formed during the breakdown of foods

which are rich in purines. Foods that are purines. Foods that are highly cellular, includ-ing red meat and sea food, if eaten in excess, level (Hyperuricemia). One effective therapy for gout sufferers is thus to switch to a low purine

diet.

Gouty arthritis only occurs if there is enough uric acid to form crystals within a joint, the most common joint affected is at the base of the is at the base of the great toe, although other joints may also be involved. The crystals are small, with two sharp ends which will irritate and inflame the joint capsule. The typical picture is a reddened, hot, swollen and extremely tender joint. An accute attack will fade away after two weeks or so, even if two weeks or so, even if left untreated. A symptom-free period, called intercritical gout, will follow and will last a variable period, up to several years. Unfortunately, kid-

ney disease due to high uric acid can occur even in the absence of any joint symptoms. An acute attack can be precipitated by a number of factors including excessive alcohol consumption, by minor trauma or emotional upset and by hospitalization for an unrelated problem.

Upjohn Agency Provides Home Care Services

Agency Services can provide an alternative to institutionalization.

Upjohn Health Care Services home health Services home health agencies are community services licensed by the state and certified by the federal government and are able to provide home health care, in Motley County. The service provides partitime skilled health care in any home setting: the client's home, a relative's home, a relative's home, a home for the elderly. This care is not intended to replace institutional care, but to meet the needs of those who do not require the commex not require the comlex

not require institutional care, home health care from Upjohn Health Care Services, clients receive only the amount and level of care their and level of care their physicians have or-dered. Because they are in a home setting, they experience a way of life that is as close to normal as possible

Home care is planned and provided on an individual basis to assure that each client's assure that each client's precise needs are met. If the client requires help adapting to the home setting, home health care provides this assistance. As the client progresses, Upjohn Health Care home care plan through consultation with the client's physician. This assures appropriate care, no matter how the client's needs may

change.

The homecare services provided by Upjohn Health Care Services are carefully planned and super-vised. The care for each client is planned by a team of licensed professionals working under the direction of the client's physician.

This home care service meets many different needs such as professional nurses, physical therapists and speech pathalogists.

Many private insur-ance providers and government programs are now expanding coverage of home coverage of home health services. Currently, third-party payment sources for home care may include Medicare, Medicade, Medical, workers' compensation, the Veteran's Administration and private insurance. These programs depend on individual circumstances and eligibility.

Hostesses for courtesy were Mes dames Arnold Johnson Orville Lee, Wendell Morris, Wayne Hunter, Clois Shorter, George Pope, Johnney Turner, Rex Johnson, Herb Martin and L. E.

Social Security News

By Terry J. Clements

Isn't it aggravating to file a Medicare claim only to have it returned for additional information? Many people in the Plainview area face wait to receive payment under the medicare medical insurance program because they fail to submit an itemized bill with their

itemized bill with their request for payment. Medical insurance is that part of Medicare that helps pay doctor bills, outpatient hospital bills, and other items and services not covered by Medicare hospital insurance.

To receive payment under medical insurance, a person generally must submit a request for payment form. The doctor or other supplier

completes part of the form or provides an itemized bill to send with the form.

The problem arises when the bill does not provide a detailed description of the description of the services provided and therefore, a decision cannot be made as to whether they are covered. As a result, the patient must be contacted for more information and payment is delayed.

To prevent this delay,

the person should be sure that each bill shows: (1) a description of each service provided, (2) the date the service was provided, (3) the place the service was the service was provided, (4) the charge for each service provided, (5) the doctor

or supplier who provided the service, and (6) the person's name and health insurance number, exactly as they are shown on the Medicare

is helpful in the diagnosis is also shown.

More information about claiming Medi-care benefits can be found in the Medicare handbook. The people at the Social Security office will be glad to answer any questions about Medicare.

If you have a question concerning any matter regarding Social Security, please call us at 293-4371. If you need to visit our office our address is 1401-B West 5th Street,

Rites Held Saturday For Donald C. Davis

Services for Donald C. Don) Davis, 52, of Ruidoso, N.M. were conducted at 2 p.m. Saturday at First United Methodist Church here with the Rev. John Bass of Homestead, Florida

of Homestead, Florida officiating. Burial was in East? Mound Cemetery under direction of Seigler Funeral Home. He died at 8:30 p.m.

Wednesday, June 1, in the Veterans Adminis-tration Hospital in Albuquerque, N.M. after a brief illness and receiving Greatment for a heart scondition. He had been in failing health for almost four years, after having heart surgery and later a kidney transplant (which his body rejected) while living in Miami, Florida. Death was attributed to cardiac arrest.

His body was flown here from Albuquerque by a very close friend, Ken Doshier of Lubbock in his private plane without charge to the family, in a tribute to their friendship. Donald Carlos Davis

was born February 4, 1931 in Amarillo, Texas, the son of Mrs. Raymond (Hettie) Davis and the late Mr. Davis,

who passed away August 26, 1969. He married Bobbie

He married Bobbie Cearley January 31, 1954 in Earth, Texas and in May of that year graduated from Texas Technological College, now Texas Tech University. While in now Tex University. college he was a member of Delta Sigma

fraternity and SAE He was a professional musician until his retirement because of his health, and had lived in Miami for about 20 years before moving to Ruidoso last fall. Under supervision of the Albuquerque VA hospital administration he was able to continue treatment on a dialysis machine installed in his

He was a Methodist and he and his family were active in St. Paul's Methodist Church in Methodist Church in Miami and later in North Dade Church in Homestead, under the pastorate of Rev. Bass at both churches. In an impressive eulogy, Rev. Bass attested to contributions of his talents which Davis had pade to his church, and talents which Davis naa made to his church, and to his popularity with the youth, having organized a group of voung musicians called presented special programs for the church. Davis himself often presented special music in church services and for weddings. Better known as Don

Davis, he composed a number of country-western songs which were recorded and have been played often nave been played often on a Lubbock radio station. Two friends who had performed with Davis came from a distance to attend his funeral, one from New York City and the other from Maria. from Miami.

Survivors include his wife; a daughter, Mrs. Jeff (Melanie) Breman of Council Bluff, lowa; two sons, Donald Jr. of San Diego, Calif., and Weston of Hollywood, Florida; his mother, Mrs. Hettie Patton Davis of Matador, and a granddaughter, Jenni-fer Lynn Davis of San

Diego. Pallbearers were cousins: Keith Patton, Matador, Charles Ray Cox and David Patton of Dallas, Dave (Butch) Ellis of San Angelo, Bob Warden of Austin and Ted Ratcliff of Lubbock.

ATTEND DAVIS

In addition to his wife and children, relatives who were here for the funeral of Donald C. tuneral of Donald C.
Davis included besides
his cousins who served
as pallbearers, the
following: Mrs. Paula
Patton Son, San
Antonio; Mr. and Mrs.
Donald Davis, Mrs. Ted Donald Davis, Mrs. Ted Ratcliff and son Matt, and Mrs. Bessie Cearley of Lubbock; Mr. and Mrs. Houston Patton, Wichita Falls; Mr. and Mrs. Bennie Cox, Brownfield; Mrs. Lena Ellis and Mrs. Dave Ellis, San Angelo: Mrs. Ellis and Mrs. San Angelo; Mrs. San Angelo; Mrs. Juandell Warden. Okla.; Mrs. Juandell Warden Tulsa, Okla.; Mrs. Helen Jane Pace, Albuquerque, N.M.; Mr. and Mrs. Mervin Cearley, Lovington, N.M.; and Mr. and Mrs. David Cearley of

A large number of friends from Ruidoso and Lubbock came for the funeral. Others attending included Marie Miles of New York, N.Y., and Jerry Graham of Miami, Fla.

STANDARDIZING ON YOUR INSECTICIDE:

One may be all you

cide should be a decision many gardeners need make only once! Good control of garden pests can be best obtained by using one of the several allpurpose insecticides available at your garden center. Such spray formulations are designed to kill a broad spectrum of insects. Those ideally suited for use by home gardeners are labeled for use on most vegetables, fruit crops and ornamentals around the home. Once around the home. Once you become familiar with a product and it does the job, it makes sense to standardize. Become familiar with your product and stick with it!

insecticide formulation? Broad-spectrum action is particularly important because there are many classifications of insects. Some literally suck the juices out of the plant. Some eat the leaves. Some bore into the stem. Perhaps the broadest spectrum insecticide on the market today malathion. Malathi controls an unusually

western pleasure,

western horsemanship, western riding, reining trail, barrels, flags, poles and stakes.

the three divisions -- 13 and under, 14 through 18, and open -- will receive \$100 belt

through fifth place will be awarded in each

Trophies

a

wide variety of different insects. It's an established, reliable performer, and conse-quently is found in many many garden protec-tion products produced by many manufactur-

all-purpose insecticide, check the product label. Verify that the active ingredients listed are of low toxicity and are recommended specifically for the plants, fruit or vegetables you have your own garden. ne additional ad-One additional advantage malathion provides home vegetable growers is insect protection that extends close to harvest. This means the interval between last spray and picking is very short. The permitted time interval is shown on the label. Most insecticides are

Most insecticides are available as emulsifiable concentrates, wettable powders, or dusts. Follow label directions exactly, mix only the amount you need, and spray at the need, and spray at the first sign of insect trouble. Make sure you get good overall coverage and pay particular attention to leaf undersides, which are often neglected. Other tips for best results: don't spray in that sure and a windy hot sun, or on a windy day. The best time to apply your insecticide is early morning or late afternoon.

To sum it all up unless you plan to develop enough exper-tise to use specialpurpose insecticides, your best bet is to choose a good all-purpose product. Those available today are tried and true, and they do a good job. Use only when necessary, but use your general-purpose your general-purpose insecticide exactly as described on the label. You should get very good results.
