WTU Rate Increases Effective Oct. 22nd

West Texas Utilities Company has filed notice that it intends to put a major portion of its requested retail rate increase into effect Oct. 22 on an interim basis.

The interim rates will reflect an annual increase of \$18.8 million, a level about halfway between the Company's original request and the Public Utility Commission staff's recommendation. WTU asked for \$26.5 million and the staff recommended \$10.6 million.

Texas law allows a utility to place a rate increase into effect subject to refund 125 days after the original request is filed if the PUC and the cities have not taken final action by that date. A hearing on the WTU request was completed Sept. 12 in Austin, but the final rate order from the Commission has not been issued.

"We had rather not place interim rates into effect," said G. Holman King, WTU vice president and director of corporate affairs, "but we have an urgent need for rate relief and cannot afford the revenue loss caused by waiting for final rate approval."

King said the interim rates will be subject to refund, and probably will create a certain amount of confusion when final rates are approved and adjustments are made.

The interim rates will result in an increase of about 7.5 per cent to residential customers. A residence using 600 kilowatt-hours would be billed \$49.56 under the interim rates and \$46.11 under the present rates, a difference of \$3.45. A customer using 1,000 kilowatt-hours would see his bill raised from \$72.02 to \$77.61, a difference of \$5.59.

WTU originally had asked for the new rates to be effective July 16. The new rates are

based on revenue requirements of a historical test year, which in this case was the year ended March 31, 1983.

WTU serves 82 incorporated towns and several unincorporated communities. Of the incorporated towns, 28 have denied the rate increase and appealed to the PUC. 32 suspended the rate increase and 21 ceded jurisdiction to the PUC. The City of Vernon was not affected, as rates there are set by the City Council for both WTU and the municipal electric system.

Towns denying the rate increase were Alpine, Aspermont, Balmorhea, Bronte, Clyde, Cross Plains, Dodson, Estelline, Hawley, Iraan, Jayton, Junction, Lawn, Lueders, Marfa, Memphis, Menard, Merkel, Miles, Putnam, Quitaque, Rankin, Santa

Anna, Sonora, Sterling City, Turkey, Tuscola, and Valentine.

Suspending the increase were Abilene, Anson, Baird, Ballinger, Benjamin, Big Lake, Blackwell, Buffalo Gap, Childress, Cisco, Clarendon, Crowell, Eden, Hamlin, Haskell, Impact, Knox City, Melvin, Munday, O'Brien, Paducah, Quanah, Rising Star, Rochester, San Angelo, Spur, Stamford, Throckmorton, Tye, Wellington, Winters, and Woodson.

Ceding jurisdiction and allowing the PUC to handle their cases were Albany, Chillicothe, Dickens, Eldorado, Goree, Hedley, Lakeview, Matador, McCamey, Mertzon, Moran, Paint Rock, Presidio, Roaring Springs, Robert Lee, Roby, Rotan, Rule, Shamrock, Trent and Weinert.

Chillicothe Wins Over MC Matadors 42-20

Motley County lost another football game, this one to Chillicothe 42-20, and Coach Danny Williams said it was not one of the Matadors' better games.

"We had a let-down after the Jayton game," he said. "Chillicothe hustled a lot harder than we did and as a result they came out on

top." The Matadors were able to move the ball on offense; Darrell Moore picked up 190 yards rushing, but the Matadors' defense allowed Chillicothe to break a lot of big plays.

The Matadors will play Aspermont here this week for the final home game of the year.

Hance Calls On President To Stop Buying From Iran

U.S. Rep. Kent Hance, D-Texas, called on President Reagan last week to immediately order a stop to all purchases from the government of Iran.

"It is obvious from the evidence we have collected," Hance said, "that terrorists loyal to the Ayatollah Khomeini's government are behind the massacre of American troops in Lebanon.

"Khomeini-supported terrorists took over the U.S. Embassy in Tehran in 1979 and held more than 50 Americans hostage for 15 months; they bombed the U.S.

Embassy in Beirut this year and killed 63 people, including 17 Americans; and, last Sunday, terrorists attacked the U.S. Marine headquarters in Beirut, leaving more than 200 Americans dead.

"In addition to a very small portion of our oil needs, the U.S. buys millions of dollars worth of other products from the Ayatollah. I believe Americans would be willing to do without the yarns, hides, carpets, artwork and fish they buy from Iran if they knew that this money supports terrorists intent

on killing Americans.

"In August," Hance pointed out, "almost 300 million American dollars went to Iran in exchange for these products.

"How long is the Reagan Administration going to continue financing Khomeini's goons," the Lubbock Democrat asked.

"It is not in the American tradition to do business with our enemies, and Khomeini is definitely an enemy. I know Americans would support the President if he ordered all imports from Iran stopped," Hance said.

NEW AMBULANCE

The Motley County Hospital District has a new ambulance. Residents wishing to view the ambulance may attend an open house at the Fire Department on Saturday November 5. The open house is sponsored by the EMT Association.
