Governor Names March "Texas Book Month"

Texans - rightly proud of their colorful heritage - annually celebrate the lore and legend of the Lone Star State in March.

The month includes two major historic observances. March 2 marks the anniversary of Texas' declaration of independence from Mexico, while March 6 honors the fall of the last brave heroes of the Alamo.

This March, Texans have a new occasion to celebrate - **Texas Book Month**. Governor Mark White, in a proclamation signed Feb. 23, urged Texans to celebrate Texas Book Month, calling books a "window to both Texas' history and future." He suggested that Texans, whether newly arrived or long

established, learn about the state's history, government, industry, arts, literature, and folklore by delving into the state's treasure trove of books.

As part of his own celebration of Texas Book Month, Gov. White - himself an avid Texana reader - taped a public service announcement to be distributed free to all Texas television stations and to air in March.

Sponsored by the University of Texas Press the public service spot features Gov. White asking Texans to take part in what he calls a "real Texas adventure, reading." As he says in the announcement, "It's your state - read about it."

Ronald McDonald Houses Theme For Club Program

By Lila Meador

A Public Affairs program was given Thursday, Feb. 23 for El Progreso Club, meeting at the Summit Savings Community Room, with Mrs. Gus Bird as leader.

The program, given by Mrs. Ted Elliott was an account of the Ronald McDonald Houses across the country, provided as temporary lodging facilities for the families of critically ill children receiving treatment at nearby hospitals or treatment centers.

The movement for providing "a home away from home" for families who must hospitalize seriously ill children was conceived in 1969 by Fred Hill, who was a tight end for the Philadelphia Eagles, after he and his wife had experienced the trauma of the emotional and financial burdens associated with the illness of their daughter Kim. "With the enlisted aid of the McDonald franchise owners, the idea grew until by 1981, homes have been opened all the way from Toronto, Canada, to Sydney, Australia, including those across the United States," Mrs. Elliott said.

In her talk, Mrs. Elliott told of a Ronald McDonald house which was opened in Amarillo in 1982, owned and operated by the Children's Oncology Services of the Panhandle, a not-for-profit corporation which was formed in December, 1981 by 27 concerned citizens from Amarillo and other Texas Panhandle

cities. A resident manager or family supervises the facility, with the aid of a volunteer support staff, which provides laundry, cooking and transportation facilities at a minimal cost to the families.

The interesting program concluded with the inspirational thought by the leader, who read a poem, "Help Yourself to Happiness," from A Gift of Love by Helen Steiner Rice. The program subject was "The Houses That Love Built."

Mrs. John Hamilton, president, opened the program for business, which included a report from the nominating committee, submitting the following slate of officers: President, Mrs. Robert Dickson; 1st Vice President, Mrs. Ted Elliott; 2nd Vice President, Mrs. C.D. Garrison; Secretary, Mrs. Joe Campbell; treasurer, Mrs. W.N. Pipkin.

Hostess for the meeting was Mrs. Dickson, who served refreshments of hot spiced tea and cherry tarts, almonds and mints, from a table decorated with a presidential motif, featuring George Washington.

Present were Miss Mary Keith and Mesdames W.F. McCaghren, Greer Willis, E.A. Day, Robert Darsey, Harold Campbell, R.W. Overstreet, Frank Pohl, Furman Vinson, and Douglas Meador, in addition to Mesdames Hamilton, Bird, Elliott and Dickson.

Matador Rebate Check Up From February 1983

While most South Plains cities received smaller sales tax rebate checks in February than they did a year ago, Matador's rebate check was up from \$3,207.26 to \$3,828.21.

Roaring Springs' rebate check dropped from \$2,563.40 in

February 1983, to \$1,975.34, making the overall county rebate lag behind that of last year. Only two of the 33 counties on the South Plains had increases from a year ago. They were Terry and Kent counties.

ROARING SPRINGS has always been a favorite picnic spot, as shown by this picture, made approximately 73 years ago. From left, first man is unknown. Others are Jim Cloyd, Cora Phipps Mitchell,

Edith Phipps, Mrs. Sally Phipps and members of the Clifton family. The scene was made years before the swimming pool was built.

First golf luncheon of the season was Thursday, Feb. 23 at Springs-Ranch, with 14 members present: Frances, Louise, Olivia, Margaret, Pennie, Opal, Winifred, Leona, Geneva, Lays, La Voe, Lillian, Mamie and Hazel.

An unusually good, tasty lunch was enjoyed--with several new recipes.

Louise presided at the business meeting with La Voe as tournament chairman explaining play days and tournament dates. Margaret Barnhill was welcomed as a new member.

Play days will be at noon tee-off time--weather permitting.

First Thursday each month,

Doug Terry, the club pro, will have a clinic, each on some special club or play. Thursday, March 1 (today) the lesson will be on putting. All members are invited to participate in these clinics.

POLAR BEAR TOURNAMENT

Seven of the more rugged players braved the weather and took to the fairway for play in a chilly, breezy north wind. They were Lays, Olivia, Leona, Geneva, La Voe, Louise and Pennie. They played a Scotch two-some, and winners were: Louise and Pennie (88); Olivia and Lays, runners-up (89). Other 2-somes were Geneva and Olivia, and Leona and La Voe.

Helpful Hints

By Catherine Henderson

1) If you are administering oxygen in the hospital or to a lay person, don't have any grease, oil or ointment near the oxygen or near the person's face; it can explode or catch on fire.

2) Spring will soon be here. For the 4 and 5 year old children, take an egg carton and fill the spaces full of dirt. Let the youngsters plant a seed in each space. Set the carton half-way in the sunshine. Sprinkle now and then with water. When plant is large enough to set outside, place a tablespoon beneath and lift out. Put in flower bed and watch it grow.

3) When you have doors and windows replaced at your house,

keep an old door and window in case wind or hail storms break a window. You can replace the broken one with an old one. Store the window and door in the store room and nail to wall. You can also use them to dry fruit on.

4) When removing scales from fish, set up a box or table in the back yard. Cut a stocking off above the foot, up about 2 inches. Cut out a small hole. Insert the thumb into the hole and pull the stocking up to your shoulder. Pin. When all through scaling the fish, unpin, roll stocking down, remove and put in a plastic bag, and tie. No scales on your skin.

Roaring Springs News

The Rollie McNutt family of Patton Springs school campus came by for their mother and grandmother Mrs. Minnie Dye, Sunday. She accompanied them on a visit to their eldest daughter, Shauna, her husband Arnold Ehly, and their baby at Nazareth; however, the fierce blizzard raging there when they reached Floydada caused them to come back home. No doubt many other people had their plans changed by Sunday's weather which will go down in history as "that terrible last Sunday in February 1984."

Surprised and grateful patrons of the local post office were served coffee, sherbet and cookies in the cheerfully decorated post office lobby Tuesday morning by Post Master Lula Swim.

Mrs. Benny Goss of Littlefield stopped Tuesday afternoon to visit her mother, Mrs. Vera Mitchell while Rev Goss went on to Paducah to hold graveside services for a member of his congregation whose funeral rites he had conducted earlier that day in his Littlefield Church.

Mr. and Mrs. Bill Haile of Girard drove their aunt, Mrs. Anna Brawley, now residing in United Convalescent Home at Post, to Roaring Springs Saturday. While here, she visited a long-time friend, Mrs. Roxie Lewis. She is doing remarkably well: alert, cheerful, and

gracious. The B.L. Peacocks met their son Mike, of Chandler, Arizona, at Lubbock Air Terminal Monday and the group went to Plainview to get Mike's son Jon. They all spent the night together at a motel. Jon was taken to school Tuesday. Mike took care of his business and enplaned for home, and the Peacocks returned home Tuesday afternoon.

Mr. and Mrs. Elmer Osborn weekendend at their home here. They live in the New Deal community now from where it is easy for Mr. Osborn to drive in to his Lubbock job. Mrs. Osborn works at the New Deal School cafeteria, and Kay attends the New Deal School.

Mr. Gus Cooper of Lubbock had lunch Tuesday with his brother and wife, Mr. and Mrs. Polk Cooper.

Mr. Harold Brantley, water superintendent here, re-entered Veterans' Hospital Sunday evening for further testing and diagnosis of a health condition being observed for several months. Mrs. Odessa Mullins is taking care of the city office while he is away.

Lester Mullins of Hereford spent the weekend with his parents Mr. and Mrs. L.A. Mullins. They drove to Lubbock Saturday afternoon, visiting with Mr. and Mrs. Delma Mullins of Arlington in the home of Mr. and Mrs. Bud Rollins and Mrs. Gracie Mullins.

Mr. and Mrs. L.A. Mullins and Raydell Mullins of Afton visited the men's mother, Mrs. Gracie Mullins in Hale Center Hospital. She entered the hospital Sunday afternoon.

Social Security News

By Terry Clements

Beneficiaries occasionally notify our office that a so called "Social Security" or "Medicare" representative called to set up a home visit. It is found at the time of the appointment that the caller instead is an insurance salesman offering some plan for people in the appropriate age group.

It is difficult to tell whether a

deception actually occurs or if there is simply a misunderstanding on the part of the individual being contacted.

In either case, there are some facts that could help individuals ensure that a caller does represent Social Security or Medicare. Actually, Social Security employees do not often make personal visits. Occasionally, an individual cannot come to the office because of a special health problem. If the business cannot be handled by telephone or mail, arrangements may be made to visit the home. Quality control officials sometimes contact a person's home in connection with the Supplemental Security Income (SSI) program. A home visit might also occur if important business is necessary and the person can't be reached by mail or telephone.

"Medicare Representatives" are employees of Health Care Financing Administration located in Dallas. Personal visits from these individuals would be extremely rare.

When a Social Security representative calls asking for a personal visit, it might be a good idea to get the person's business phone and office address. The caller's identity can then be verified through the local office if any doubt is raised. Also, an SSA employee who visits the home should have an official identification card from the U.S. Government. This card will have the employee's picture and pertinent information. Always ask to see the card before admitting the person into the home.

In summary, home visits from Social Security employees occur only occasionally. If any concern or doubt exists, a caller's identity can be verified with the local office. Also, any employee claiming to be from Social Security or Medicare should be asked to furnish identification at the time of a home visit.

If you have a question concerning a Social Security matter, please call us at 293-4371. If you need to visit our office, our address is 1401-B West 5th St. in Plainview.

LAND ELIGIBILITY FOR ACR

Land designated for Acreage Conservation Reserve (ACR):

1) Must have been devoted to a small grain (including volunteer stands that pass the disposal deadline), row crop, or other crops planted annually, in 2) of the last 3 years.

2) Must have been eligible to be designated in 1982, 1983, or 1984 on which perennial grasses or legumes or other vegetative cover was established in that year or the fall of the preceding year.

3) Must meet the minimum size requirements of 1.0 chain wide and at least 5 acres.

4) May be land between rows of the crop if the minimum width from plant to plant is 160 inches or 4 forty inch rows and meets the requirements for eligible land as stated above.

5) May be terraces if they meet the minimum size requirements of 1.0 chain wide and at least 5 acres.

EDB BANNED

The Environmental Protection Agency has issued an emergency suspension order of the pesticide ethylene dibromide (EDB) for use as a fumigant on grain milling machinery. EDB cannot be used in any form which will affect the food chain for both humans and animals.

Producers are urged to check all containers and carefully read all labels as EDB comes under a variety of trade names. If labels are missing and there is any doubt about the contents-- "THEN DO NOT USE IT."

UNREPORTED 1982 AND/OR 1983 CROP ACREAGE

It has come to our attention that some farm operators and owners did not realize the importance of filing 1982 and/or 1983 reports of acreage; therefore, an opportunity is being provided for you to report these acreages if the crop and acreage can be verified.

Crop acreages may be verified if there is old crop residue evident; sales receipts showing bushels, pounds and

crop year; seed receipts; canceled check to show payment of custom harvesting; acreage reported for crop insurance; or a signed statement from at least two reliable persons who have knowledge that the crop was planted. For this to be an advantage to you in the crop year 1984, a request must be filed before March 16, 1984.

FINAL DATES TO REMEMBER

March 1 - Final date to request proven yields and submit production evidence for wheat and feed grains.

March 14 - Final date PIK Cotton Entitlements may be picked up.

March 16 - Last day to sign-up in 1984 Farm Program.

March 31 - Final date to place 1983 wheat, barley, and oats in CCC loan.

April 1 - Final date to request proven yields and submit production evidence for cotton.

June 20 - Cover crops on Acreage Conservation Reserve (ACR) must be established.

EMERGENCY FEED ASSISTANCE PROGRAM

Eligible producers who wish to purchase Emergency Feed Assistance corn need to remember that the corn must be fed by April 15, 1984. There should be no more than a 10 day supply of corn on hand on April 15, 1984. If you are interested in purchasing the corn, you may want to pick it up as soon as possible.

CHANGES IN 1984 FARM PROGRAM

There were a couple of changes concerning cover on Acreage Conservation Reserve Acres. Originally, a producer was required to establish at least 2 rows of cover in a skip row pattern that alternates with a crop on land designated as ACR. Also, producers who normally seed a small grain crop on ACR in the fall to be harvested in the succeeding year were required to have a cover on the ACR acres until July 1.

These provisions have changed. The new provisions are:

1) Acreage Conservation Reserve Acres that are normally planted to a fall seeded crop which predominantly matures in the next year do not have to have a cover planted on it. These acres must be kept free from weeds, wind and water erosion.

2) Land designated as ACR that is in a skip row pattern and alternates with crops are not required to establish a cover. If a cover is not established, these acres must be kept free of weeds, wind and water erosion.

PUBLIC NOTICE

The City of Matador is soliciting proposals from qualified individuals or firms for management, administrative, planning, engineering, and architectural services required by the City for implementation of the Texas Community Development Program should it be funded by Texas Department of Community Affairs.

Proposals will be considered by the City at a meeting to be held at 8:30 a.m. on the 8th day of March, 1984. In order to be considered, proposals must be submitted prior to 10:00 a.m. on the 6th day of March, 1984. The City reserves the right to reject any or all proposals.

Upon receipt, all proposals will be thoroughly evaluated by the City. Once this evaluation has been completed all responsible offerers will be placed in rank order. All offerers will be notified of these results and of the City's intent to initiate negotiations with its first choice. Should negotiations with the City's first choice fail to produce a satisfactory agreement, all negotiations with the first choice will be terminated and the City's second choice will be notified, and so on. These procedures will be followed until a satisfactory agreement and contract has been approved and executed.

It is the City's intention to ultimately contract with the responsible offerer whose proposal and subsequent negotiations are determined to be the most advantageous to the City, all factors considered, including but not limited to a) understanding of the project, b) qualifications of key personnel, c) services proposed, d) prior experience with projects of this type, e) City's past experience with the offerer, and f) price.

A complete Request for proposal outlining services required by the City, submission requirements, and evaluation criteria has been prepared. Interested parties may obtain copies of this Request for Proposals by contacting Gary Lancaster, Mayor, City of Matador, P.O. Box 367, Matador, Texas, 79244, phone 806-347-2255.
