Wallace, Jones Called Together To 'Make Up'

WASHINGTON, June 30 (AP)—James F. Byrnes, the man assigned to unify the home front, called together today Vice President Wallace and Secretary of Commerce Jones to discuss their vigorous quarrel over stockpiling war materials.

Service Set Thursday For George Brown

Funeral services for George A. Brown, 68, who succumbed Tuesday morning in a local hospital, will be held at 7 p. m. Thursday at the Nalley-Reeder chapel.

The Rev. P. D. O'Brien, pastor of the First Baptist church, will be in charge of the service assisted by the Rev. Chester O'Brien, Jr. Music will be furnished by the Baptist choir.

Brown, who had been a member of the Baptist church for 20 years, was born in Dallas county. He was married to Miss Fannie May Leatherwood on October 2nd, 1903, in Big Spring.

Other survivors include Mrs. L. S. Patterson, Miss Mattie Leatherwood, Mrs. Noble Read of Coshoma, Mrs. W. C. Campbell of Eastland, and Mrs. W. E. Anderson of Lamesa, sisters-in-law and John Leatherwood of Shoemaker, N. M., Bala Leatherwood, Albuquerque, N. M., P. C. Leatherwood and S. G. Biedace of Big Spring, brother-in-law and a nephew, Oscar Brown of Miles.

Fallbearers will be Bob Middleton, George Melear, Victor Melinger, Dr. Otto Wolfe, Buck Richardson, John Masters, Sam Caudle and E. L. Gibson.

Brown had resided in Howard county for the past 42 years as a rancher.

Martelle McDonald, district attorney, will be main speaker at the Variety program to be presented Monday night at the city amphitheatre as a climax to Independence Day observances here.

McDonald is to give a patriotic address on the Independence of America in the past and its fight for the future freedom of the country.

The program, which is sponsored by the USO, will be given for soldiers and civilians. There is no admission charge. Songs, musical numbers and band selections will be featured on the variety program.

Great Success Revealed In U-Boat War

Mediterranean Is Pointed Out As Place Of Action

LONDON, June 30 (AP)—Prime Minister Churchill declared today that "it is very probable there will be heavy fighting in the Mediterranean and elsewhere before the leaves of autumn fall."

Speaking at London's Guildhall, he disclosed that more than 40 U-boats had been certainly destroyed during May and that the massacre was continuing with June "the best month we have ever known in the war."

He said that shipbuilding in the United States and Canada had reached a stage where the output of new ships "is somewhere between seven and ten times as much as our losses from enemy action in June."

The prime minister said that since the middle of May scarcely a single merchant ship had been sunk in the whole of the North Atlantic.

Referring to the coming attack in the Mediterranean, he said that so far as the Italians are concerned "they have only been subjected to the preliminary and discursive bombardments but they are already speculating x x x where the blow will fall."

"It is no part of our interest to relieve that anxiety," the prime minister, speaking in the historic hall where he was honored with the "freedom of the city of London" as the climax to a colorful parade through crowded streets, reiterated.

"We and the United Nations demand from the Nazis and fascists and Japanese tyrants unconditional surrender." "By that we mean that their will power to resist must be completely broken and that they must yield themselves absolutely to our justice and mercy."

He declared it also means that "we must take all those far-sighted measures which are necessary to prevent the world from again becoming convulsed, wrecked and blackened by their calculated blows and ferocious aggression."

Standing in the glow of flickering arc lamps and in the center of a canopy of gold, blue and black robes, Churchill told his cheering listeners that the battle of the Ruhr soon would be spreading over all Germany.

"As the nights become longer and the United States air force becomes more numerous our strong arms will lengthen both by night and by day and there is no industry or military target in Germany that will not receive as we deem necessary the utmost application of the exterminating force."

"I have never indulged in shallow, fugitive optimism but I have thought it right to make this statement because I am sure it will not lead to the slightest complacency or relaxation of that awful force which now is being brought into action."

"This force will be remorselessly applied to the guilty nations and their wicked leaders who imagined their superiority of air power would enable them to terrorize and subjugate first all Europe and afterwards the world."

ICKES TO TALK WASHINGTON, June 30 (AP)—Interior Secretary Ickes will discuss the coal mining situation at 6:05 p. m. (CWT) tonight over the Blue network.

Opening a civil defense debate, Ellen Wilkinson, parliamentary undersecretary of the home office, reported that the civil defense establishment had been cut one-third in the last 12 months, and a further cut of 12-13 per cent is underway, but not in especially vulnerable areas.

American Bombers Hit New Industrial City In France

Sicilian Railroad Ferry Gets A Pounding

ALLIED HEADQUARTERS IN NORTH AFRICA, June 30 (AP)—British bombers struck concerted blows at both ends of Sicily's vital railroad ferry to the Italian mainland Monday night. Heavyweights from the Middle East command spread explosives on the mainland terminus at Reggio Calabria while two-engine Wellingtons from Northwest Africa renewed the attack on battered Messina just across the two-mile strait.

Announcement of the double-barreled attack was accompanied by an official statement from U.S. and British air headquarters that a "complete air umbrella" now has been established between North Africa and Sicily, reopening the sea to Allied shipping.

"Now the Gibraltar to Suez will be open to our shipping," the statement said, "bringing Alexandria within little more than 3,000 miles of England by comparison with the 12,000-mile route around the cape by which our Middle East forces formerly had to be supplied—and months of saving in time and shipping tonnage."

Monday night's onslaught by the RAF clearly was designed to destroy Sicily's communication by ferry with the Italian mainland and virtually to isolate the big island in the event of invasion.

A communique of the Middle East command said heavy bombers started a number of fires in Reggio Calabria and returned to their bases without loss.

Cars Wanted To Take Soldiers To The Rodeo Friday

An appeal for Big Spring people to furnish transportation for soldiers from the air field to the rodeo grounds Friday evening came today from leaders of the USO, which organization is sponsoring the wild west show as a compliment to men of the Bombardier school.

At least 100 cars will be needed. It was said, and those who will give the men "a lift" were urged to be at the post gates ready to leave no later than 5:45 p. m. Friday. The rodeo will start at 8 o'clock.

It will be the first such entertainment for many of the soldiers, and USO leaders are anxious that all of them have a chance to see the rodeo. Transportation is essential, and civilians' courtesy is urgently requested.

WPA Turns Back Part Of Funds

WASHINGTON, June 30 (AP)—The Works Projects Administration turned back \$130,000,000 to the treasury today and went out of existence.

Moscow Says Nazis Haven't Shifted Men

MOSCOW, June 30 (AP)—The communist newspaper Pravda asserted today that Germany has a total strength of 211 divisions on the Russian front and that no divisions have been shifted from that front to other theaters of operation by the Reich's high command.

Pravda challenged a report emanating from London underground sources that 50 German divisions had been ordered from the Soviet front to bolster defenses elsewhere in Europe in anticipation of an Allied invasion of Europe.

Pravda declared "this report represents misinformation or a mistake on the part of people who take no cognizance of secret service reports."

On the other front, according to Pravda, "there are 91 German divisions instead of 130." Pravda added "there is not a single German division in Italy at the present time."

"In France, Belgium and Holland there are 35 German divisions instead of 40," Pravda said, "and half of these divisions are of restricted battle capacity."

Bond Sales Picking Up

Howard counties were responding nicely to appeals to bring the June war bond campaign to a successful conclusion, but still had to do a lot of buying Wednesday if the quota of \$151,870 is met.

Last Minute Rush For Auto Stamps

The anticipated rush for auto-use tax stamps had developed Wednesday, as long lines formed in front of postoffice windows. Last-minute purchasers of the \$5 federal "stickers" were keeping clerks busy.

Rough Weather Encountered On Flight

LONDON, June 30 (AP)—Flying through a heavy overcast and encountering weak enemy fighter opposition, a strong force of American heavy bombers attacked the railway and industrial center of Le Mans, France, last evening and returned without loss.

It was the first time the U. S. Eighth Air Force had struck at this city, site of large airplane engine works which were bombed twice in March by the RAF.

The communique gave no results of the American raid, apparently because a solid cloud blanket made observation difficult.

Many of the big bombers returned to their bases with all bombs on their racks rather than jettison them, it was reported.

The foray was the first since May 4, when the U.S. fliers raided Antwerp, that the American fliers had come back across the channel without loss of a plane.

Squadrons of P-47 Thunderbolts, the newest and most heavily-armed American fighters, escorted the formations of Flying Fortresses which carried out the attack and shot down at least two enemy fighters, a communique from headquarters of the U.S. Eighth Air Force said.

The fortresses also destroyed some enemy fighters, but the number was not immediately disclosed.

The communique said that opposition encountered by the raiders was "not too pronounced."

Le Mans, capital of the Sarthe department, is situated about 130 miles southwest of Paris and in normal times has a population of about 80,000. It is the site of chemical industries vital to the German war effort.

Federal Tax Deductions Go Into Effect Thursday

WASHINGTON, June 30 (AP)—After tonight, Uncle Sam will take a personal interest in your pay check. A chunk of it you'll never see comes out at the source for income taxes.

WASHINGTON, June 30 (AP)—The navy announced today that combined American forces have landed on Rendova Island in the central Solomons, in what appeared to be the first stage of a new offensive operation against Japanese positions in the South Pacific.

The navy communique No. 428 said: "South Pacific: (All dates are east longitude). '1. On June 30th during the early morning, United States forces landed on Rendova Island, New Georgia group. No details have been received."

The Japanese have had installations on the island and presumably the landing either was opposed or, if accomplished by surprise, developed into fighting shortly afterward.

The strategic intent of the American move except for its generally offensive nature in advancing American positions in the Solomons 110 miles northwest of the outpost in the Russell Islands, was not fully apparent.

Rendova's most obvious military characteristic is that it lies only about five miles south of Munda where the Japanese late last year developed an air base. However, at the time the base was nearing completion it was brought under heavy American bombardment and has been regularly assaulted from the air since then so that navy spokesmen have recently reported it was virtually useless to the enemy.

The American aim could be to take Munda for further Allied operations against either Bougainville, the main enemy-held island in the northwest Solomons, or against Rabaul which lies still further to the west.

Another possibility speculated on here was that the move against Rendova may have been a screening or diversionary nature to obscure more important thrusts elsewhere.

Still another possibility is that the high command might be testing the extent of Japanese will to resist in the Solomons area.

The Japanese fought furiously and lost heavily in their efforts to recapture Guadalcanal. Any American advance which forced them to undertake similar defensive and costly action would be profitable from the American point of view.

This is the second advance in the Solomons chain since American troops went into Guadalcanal last August 7. About the time the conquest of Guadalcanal in the South-eastern Solomons was completed on February 9 of this year, American forces occupied without opposition the Russell Islands lying 50 miles northwest of Guadalcanal airfield.

The third move, into Rendova Island, carries the front line of American strength in the South Pacific into the zone of Japanese domination and 110 nautical miles northwest of the previous position in the Russell Islands.

The last previous American advance against Japan was begun on May 11 when United States (See SOLOMONS, Page 2, Col. 4)

Ban On Fuel Oil Is Extended

WASHINGTON, June 30 (AP)—The ban on delivery of fuel oil to householders or industrial users for consumption in new, oil-burning installations was made nationwide last night by Petroleum Administrator Ickes.

To "stretch" fuel oil supplies to meet essential war requirements, he spread the prohibition hitherto applicable in most of the country, to that part of Florida west of the Apalachicola river and 14 states including Alabama, Mississippi, Louisiana, Arkansas and Texas.

The standing vote was 160 to 12. The senate was ready to act next on the house-estate conference committee's reconditioned bill to extend the Commodities Credit Corporation's life, embracing the ban on subsidy-rollback payments, and that body's approval would send the legislation to President Roosevelt's desk.

A source close to the administration said President Roosevelt "could not help" vetoing the Commodities Credit measure if congress sends it to him with the subsidy ban included. This authority, declining use of his name, based his opinion on the firm stand the chief executive has taken for subsidies as a part of his "hold-the-line" program against inflation.

Latest Report On The Help Situation

KANSAS CITY, June 30 (AP)—Dr. O. Jason Dixon, who advertised for a farm hand who "must be able to sit in a rocking chair on a cool south porch and come to meals unassisted," said today most of the 11 applicants wanted real work instead.

No Promises Concerning Rome Bombing, Eden Says

LONDON, June 30 (AP)—Foreign Secretary Anthony Eden called upon Mussolini today "to accept the unconditional surrender offered to him," and said Britain has not and does not intend to approach Italy regarding the question of bombing Rome.

Addressing commons, Eden declared "I think it would be in the interests of humanity if Signor Mussolini was to realize that the best thing he can do for his country is to accept the unconditional surrender terms offered to him."

THREE GUESTS HONORED AT PARTY HERE

Wanda Don Reese entertained with a party Tuesday evening and the group met in the home of Mr. and Mrs. W. E. Grice and went to Mrs. Cecil Leatherwoods home for the entertainment.

The party was given in honor of Miss Reese's cousins, Mary and Marie York and Pauline Norwood of Lubbock.

Games were played and refreshments were served to Mozelle Chapman, Clarabel Woods, Asa D. Couch, Bruce Robertson, Ada Mary Leonard, Arnold Field, James Bostick, Jack Dyer, Dauphine Reese, Don Burman, Mrs. Leatherwood and the hostess, Wanda Don.

Mrs. J. B. Nall and daughter, Johnnie Ray, visited Mrs. Nall's daughter, Mrs. Todd Crain, in San Angelo.

Class 43-13 To Have Informal Dance At Bombardier School

Cadet class 43-13 will be entertained with an informal dance in the post gymnasium at the Big Spring Bombardier School Friday evening, under the sponsorship of the local flying field.

A similar entertainment was held for class 43-12 recently as a get acquainted party for cadets.

Music for the affair will be furnished by the post orchestra, and a floor show will be presented at intermission by special services section under the direction of Miss Elouise Haley.

—VISITS AND VISITORS

Jean Hargrove of Fort Worth is a guest in the A. V. Karcher home.

Wanda Don and Dauphine Reese have as guests their cousins from Lubbock, Mary and Marie York and Pauline Norwood.

Mrs. W. A. Laswell and Richard left Tuesday for Eureka, Kas., to visit with Mrs. Laswell's sister, Mrs. Phil Husser.

Mrs. James Anthony, Betty Sue, and Dorothy returned recently from San Antonio where they visited with Beverly Boyles.

Belores Gage spent the weekend in Pampa visiting with J. D. Mrs. S. H. Newberg has as guests her nieces, Ruth and Edna White who live in Houston.

Mrs. John Nutt is visiting her mother in Kerrville.

Mr. and Mrs. Abe Bailey of Berkeley, Calif., are visiting in Big Spring.

New Car Purchase Approved By Board

One new automobile application was approved and a number of Grade I tires were issued at the weekly tire panel session Tuesday at the ration board.

Clyde Thomas, Sr., was granted application for a new car. Tires issued included 42 Grade I tires, eight Grade III tires, two passenger tubes, five truck tires, seven tractor tires, three truck tubes, and 23 truck retreads.

Downtown Stroller

A surprise visitor for Mr. and Mrs. G. C. DUNHAM yesterday was their niece, RUTH DUNHAM of Bradford, Ark., who paid them a visit enroute home from Bakerfield and Log Angeles, Calif.

Guest of Mr. and Mrs. BEN LE FEVER is her sister, DOROTHY MATTHEWS of Abilene, who is here for a few days visit. Other visitors in town are Mr. and Mrs. J. P. MAJORS of Sweetwater, parents of Mrs. SAM GOLDMAN.

Seems like "Gone With the Wind" is still drawing the crowds after about four years of being "on the road." It still is as fascinating to see, too, we think, even the second time.

Mr. and Mrs. J. F. CRENSHAW have their daughter, Auxiliary First Class ODESSA CRENSHAW of the WAAAC visiting them. She is stationed at the Army Administration School where she is working in the adjutants office and liking it very much she says. She will be here for ten days.

The rodeo to be held here Friday night sounds like it is going to be good. Incidentally, if you wear a uniform you are a guest, for free, at the rodeo while civilians will pay a tariff for admission. To those who have never seen a rodeo and to those who like them, it ought to be a major occasion.

With Independence Day coming on Sunday looks like there will be more activity than usual this year. A rodeo Friday night, dance for enlisted men Saturday night, and a variety show program Monday night at the amphitheatre are all on schedule.

Shower Given In Church Parlor Honoring Mrs. G. Cunningham Jr.

Boys Invited To Tour Local Air School

Seventeen and eighteen year old lads of Big Spring and vicinity are invited to attend open house which will be held at the Big Spring Bomber school Sunday, July 4. Col. Robert W. Warren, commanding officer has extended the invitation to boys as an opportunity for them to see what goes on behind the scenes at a bomber school.

The bombardier cadets will act as guides for the boys who will make a tour of the entire school. Included in activities will be inspection of the cadet area; a tour of the ordnance area where thousands of bombs are loaded and an inspection of the flight line. The group will stop at mess hall No. 2 for refreshments before attending a special Independence Day program in the post theatre. The post orchestra will play and special services section will present a movie.

All airfields throughout the United States are conducting similar tours for the "teen-age" lads in their areas. The entire program is sponsored by the Flying Training Command which feels that these young men should know of the tremendous activities connected with the U. S. Army Air Forces.

Boys planning to attend are urged to be at the main gates of the local school at 2 p. m. Sunday.

Cafe Workers Given Time Off To Go To Class

If you couldn't get a cup of coffee Wednesday afternoon between the hours of 1:30 and 4 p. m. at your favorite restaurant and cafe, don't get perturbed because it will mean better health to you in the long run.

With the opening of the Food Handler's short course being held here three days this week and next, the majority of cafes agreed to close their businesses during the hours of the school in order that not only their employees but that they also could attend the school.

Subject Wednesday afternoon was "Hidden Dangers" discussed by Graham Smoot, consultant, bureau of Public Health Education. The film shown was "Sand in the Gears" and dealt with tuberculosis.

The school will be in session again Friday afternoon at 2:30 p. m., Tuesday, Wednesday and next Friday afternoons at the same time.

The school is being conducted by the Midland - Ector - Howard county health unit in cooperation with the state department of health, at the city auditorium.

Cafes cooperating by closing their kitchens include Twins cafe, Crawford Coffee shop, Waffle shop, Settles Coffee shop, J. S. L. Drug, Walkgreen Drug, Park Inn, Home cafe, Ross Barbecue, Minute Inn, Rainbow Inn, the Ranch Inn, Busy Bee, Broadway cafe, T. & P. N. cafe, Quick Lunch, Club cafe, and Clover Grill.

Civil Service Man To Take Applications

A representative of Civil Service Commission, Charles C. Williams, will be at the United States Employment Office all day Friday beginning at 10:30 a. m. to interview applicants for all types of skilled, labor jobs and classified laborers.

Williams is contacting men here for jobs at navy yards in Bremerton, Wash., several yards in California, Pearl Harbor and sub depot in Ogden, Utah.

Those who can qualify will be given physical examinations here and their transportation will be furnished to their place of employment.

The local office also announced that it had requests on hand for ten carpenters to be employed at the Big Spring Bomber school. Calls have also been received for truck, tractor, aircraft and auto mechanics, sheet metal workers, bakers, service station attendants, laborers, draftsmen, cooks, sales clerks, auto painters, all needed for local employment.

Representatives for the Kaiser shipyards, here Monday and Tuesday, interviewed 68 persons during the two days and hired 18 men and one woman for jobs in their yards.

A representative for Fort Worth's Consolidated Vultee Aircraft Corporation was also interviewing applicants Wednesday morning here and left during the day for Lamesa.

Stevenson Doesn't Want State Men Helping OPA

AUSTIN, June 30 (AP) — Gov. Coke Stevenson said today he would look into reports that some state officers participated in gasoline rationing check-ups with OPA investigators last week near Longview.

Referring specifically to the highway patrol, he said that "they will get no orders from me" to aid the OPA in checking up on pleasure driving by Texans.

Momer Garrison, Jr., director of the public safety department, said earlier this week that the highway patrol had his hands full with increased duties incident to the war and because so many of its officers were on leave in the armed forces.

The liquor control board denied statements by OPA investigators that liquor control officers participated in the Longview "questionings."

Stevenson said that he would confer immediately with Garrison and perhaps other department heads in regard to their policy of aiding with OPA gasoline rationing investigations.

Americans Raid Jap Burma Bases

NEW DELHI, June 30 (AP) — American Mitchell medium bombers dropped more than nine tons of bombs on Japanese installations at Kyaukse in Burma yesterday, scoring direct hits on railroad yards and leaving smoke billowing to a height of 2,000 feet, a communiqué said today.

Kyaukse is 25 miles south of Mandalay, on the rail line to Rangoon. Direct hits were reported on storage buildings and rolling stock, with one large fire accompanied by a secondary explosion.

Other formations bombed the docks at Mandalay, scoring hits among buildings. All planes and crews returned safely.

Half-Tracks Help In Africa Victory

CAMP EDWARDS, Mass., June 30 (AP) — The Army today revealed details of its deadly half-tracks—part truck and part tank—and credited the speedy vehicles with scoring direct hits on railroad yards and leaving smoke billowing to a height of 2,000 feet, a communiqué said today.

Kyaukse is 25 miles south of Mandalay, on the rail line to Rangoon. Direct hits were reported on storage buildings and rolling stock, with one large fire accompanied by a secondary explosion.

Other formations bombed the docks at Mandalay, scoring hits among buildings. All planes and crews returned safely.

Mexican Is Found Dead In His Bed

Henry Billa, Mexican, who has been residing on the Harding farm near Big Spring for the past 19 years, was found dead in his bed Wednesday morning. Death is believed to have been caused by a heart attack.

Survivors include his wife, mother, three sons, one daughter, four brothers and one sister.

Services will be held at the Sacred Heart Church Thursday afternoon at 4 o'clock with the Rev. Matthew Power officiating.

Sentences Are Handed Down In County Court

Two jury cases were settled in Howard county court Tuesday involving a theft charge and a negligent homicide charge.

Ray C. McElroy, charged with negligent homicide, was found guilty by the jury and fined \$200. The defendant filed motion for a new trial.

In the case of the State versus Jack W. Bryant, charged with theft, the defendant was declared guilty by the jury and fined \$100 and costs and given a 30 day jail sentence. Bryant also filed motion for a new trial.

Jurors were dismissed Wednesday morning after reporting to the courtroom to end this term of court.

J T McNew Dies; Rites Thursday

Funeral services for Joseph Tillman McNew, 76, who succumbed early Wednesday, will be held in the Eberley chapel Thursday afternoon at 3 o'clock.

McNew, born in Union county, Tenn., had been in ill health for several months, and was enroute to a local hospital when he succumbed. He had been residing with his daughter, Mrs. Gladys Cline who lives north of Big Spring.

Survivors include four sons, William Jackson McNew, James Franklin McNew and Ike Nelson McNew of Knott and Roy Wayne McNew of the Vealmoor route; four daughters, Mrs. Roma Cline, Ackley route, Mrs. Jewell Williams, Knott, Mrs. Beatrice White, Big Spring, and Mrs. Gladys Cline, Knott; and one sister, Mrs. Sara Edmondson of Lamesa.

Eberley funeral home is directing arrangements.

One Apartment Has Been Leased Under Federal Program

Only one apartment so far has been leased in the new government lease conversion program, according to L. S. Patterson, broker for the Home Owners Loan.

The apartments are for rent by civilian war workers at the Bomber school only, it was explained and two or three other apartments are expected to be leased within the next few days.

Many inquiries have been received, Patterson said, from residents not employed as civilian war workers at the school and therefore not eligible to rent the buildings.

Patterson urged that other civilians employed at the post and wishing to occupy the remaining apartments which should be completed in a short time, should apply at his office at the First National bank building, up stairs.

When completed, there will be 25 apartments for civilian war worker rental, Patterson said.

Betty Jean Douglass of Dallas is here visiting her aunt, Mrs. Ed Allen, for a few days.

Births Reported At Cowper Clinic

Four births, three boys and one girl, were reported at the Cowper Clinic Wednesday.

Mr. and Mrs. Cecil Shockley are the parents of a son born Monday evening at the hospital. The child weighed seven pounds, eight ounces at birth, and has been named Richard Wesley.

A daughter was born to Mr. and Mrs. L. E. Burks Monday evening, and has been named Carol Ann. The child weighed seven pounds, six ounces at birth.

Mr. and Mrs. H. F. Tubbs are the parents of a son born Tuesday morning. He has been named Kenneth Larry and weighed eight pounds, 10 ounces at birth.

A son was born to Lieut. and Mrs. Neal Barnaby Tuesday afternoon at the clinic, and weighed 11 pounds, eight ounces at birth.

TRANSFERRED

Lieut. Earl E. Baker has been transferred from the local air field to Randolph Field to complete a four weeks army training course. Lieut. Baker is a former resident of Springfield, Ill.

army forces moved into Attu Island at the western tip of the Aleutians chain in the North Pacific. Attu was mopped up in three weeks of constant fighting under conditions of terrible cold, snow and fog. Prior to the Attu campaign the navy had announced the occupation of Funafuti in the Ellice Islands in the South Central Pacific.

Rendova has figured only once before in navy communiqués. Last March a war bulletin reported that on March 27 American planes had bombed and strafed Japanese positions at Ugal on the northeast coast of Rendova, destroying one building and setting another afire.

This was the only public information available here today as to the enemy installations on the island.

The fact that the landing was made in early morning indicated that American forces had approached the wooded volcanic and mountainous island under cover of darkness with the objective of attacking with complete surprise and there was some belief in authoritative quarters here that this surprise had been effective.

The actual time of the attack while it occurred on today's date in terms of Solomon Islands time was estimated by navy men to have been taking place when it was about noon yesterday in Washington.

Fine Bombing Job At St. Nazaire

LONDON, June 30 (AP) — U. S. headquarters announced that flying fortresses rendered a "perfect example of high altitude precision bombing" Sunday from five miles above St. Nazaire, German submarine base on the French coast.

A statement from the European theater of operations of the U. S. Army said of photographs taken during the bombardment by the large force of heavy bombers: "Bombs from almost every plane were bunched across the aiming point."

Confiscated Beer Is Sold By State

A quantity of beer, seized by local Liquor Control Board inspectors, was sold Tuesday to the Air Castle cafe, the supervisor, T. W. Franklin reported Wednesday.

The inspectors found the beer hidden in a field in Scurry county and since it was unclaimed, it was sold to the highest bidder.

GOES TO FRONT

MOSCOW, June 30 (AP) — Capt. Edward V. Rickenbacker, who arrived here June 20 on a mission for Secretary of War Henry L. Stimson, left today for a short visit to the Russian front.

AMERICANS ARE STILL THE BEST NOURISHED PEOPLE ON EARTH... AND THERE'S A REASON

Our food may be stretched out these days to share with the peoples of the United Nations, but thanks to new scientific developments in animal feeding, our feathered and four-legged armies are being greatly improved in quality and propagation.

To tiny yeast cells goes much of the credit, because brewer's yeast is the source of the vitamins used to fortify feed mixtures. Now, when you eat meat raised on vitamin-fortified feeds, you're getting nutrition plus:

Anheuser-Busch is America's biggest supplier of yeast vitamins for cattle and poultry feeds. Our large-scale production of natural vitamins is another achievement that resulted from years of research and laboratory work in producing the world's most popular beer.

Budweiser

In addition to supplying the armed forces with glider parts, gun turret parts and foodstuffs, Anheuser-Busch produces materials which go into the manufacture of B Complex Vitamins - Rubber - Aluminum - Munitions - Medicines - Hospital Diets - Baby Foods - Bread and other Bakery Products - Batteries - Paper - Soap and Textiles - to name a few

Suit Filed Against Swift & Company

AUSTIN, June 30 (AP) — Alleging that Swift and Company has operated a cottonseed and vegetable oil business in Texas for 146 months without a permit to do intrastate business as required by law, the state brought suit against the concern yesterday in 98th district court.

The petition filed by Attorney General Gerald C. Mann alleged that Swift and Company, a private corporation chartered under the laws of the state of Illinois, dominates, manages and controls 21 other cotton oil mills in Texas "through its dummy Texas corporation, Consumers Cotton Oil company" of Dallas.

Reds Use Planes To Upset Nazi Drives

MOSCOW, June 30 (AP) — Russian bombers have attacked Nazi-held Taman on the Sea of Azov two nights in succession, and military observers here concluded that the Germans are moving fresh troops through that port for possible offensive action on the Taman peninsula and in the Kuan delta.

Soviet aviation is being used extensively to upset German plans for an offensive all along the eastern front, and the fact that it now appears to be concentrating on Tamen is considered significant. There has been only sporadic action in the Kuban for many weeks.

Taman is the last comparatively safe port left the Germans in this extreme southern end of the Russian front.

Senate Committee OK's Money Bill

WASHINGTON, June 30 (AP) — The senate appropriations committee recommended passage today of a \$3,000,000,000 house-approved war agencies bill to which it added \$3,501,498 to carry on, in a limited way, the operations of the Office of War Information's domestic branch.

The house had sought to halt all domestic activities of Elmer Davis' agency by allowing nothing for that work.

The bill, which Senator McKellar (D-Tenn) said he would call up later in the day, provided \$25,000,000 for OWI's foreign service branch, as compared with a subcommittee recommendation of \$27,003,500.

These two items, coupled with a house-allowed \$5,000,000 for contingencies, raised OWI's appropriation to \$33,501,498.

Ration Books Being Mailed

Persons who have not made application for War Book III will have time to do so before fall when the books become valid, Howard Gholson, district director of OPA, said today. Those who did not have a permanent address between June 1 and 10 and service men were asked to wait until August to make their applications.

"If you applied for your book and have not yet received it, don't become anxious," Gholson advised. Mailing of the books are being done by volunteer workers from the Office of Civilian Defense in Dallas and the process will require time. Validation stamps are being used on the books at the Dallas center and no further procedure is required after the consumer receives his book through the mail, he said. Book III is a replacement of War Book I and II and instructions concerning the use of the stamps will be given when it becomes valid in the fall, the OPA official declared.

New Mexico Camp To Be Season's Climax For Scouts

With district boy scout camps over for the season, the scouts of the Buffalo Trail Council are anticipating the camp at Philmont, N. M. on July 9-17, as a climax of camping season.

Some 200 boys and 30 men from the council are expected to take part in the hiking, horseback riding, burro pack trips, fishing in mountain streams, archery, and marksmanship.

All the camping areas around Ponil Lodge and the lodge itself have been reserved for the group.

Planning to attend from here are J. B. Apple, C. S. Edmonds, T. E. Martin, W. D. Barry, Jake Morgan, Jack Templeton, Dan McRae, of Forzan and the Rev. Cecil Rhodes of Knott.

Scouts to attend must have their physical examination blanks and registration fee in the council office at Sweetwater by July 1st or at the local boy scout headquarters.

What You Buy With WAR BONDS

Your old golf clubs must serve you for the duration, so be careful of those irons, particularly. Manufacturers are not making them while the war is on. But save for that new set through your purchase of War Bonds and you will have the cash when the peace comes.

Today at the front some brave American soldier died for you and for freedom. What have you done for freedom today? It's your purchase of War Bonds which will help that soldier and your country and bring the war to an earlier close. Buy more and more War Bonds every payday. "You've Done Your Bit—Now Do Your Best."

Drawlin' Coach, Man Of Many Words, To Mastermind Football Dodgers

By HAROLD V. RATLIFF
AP Features

DALLAS—So Pete Cawthon, the man with the Gawgic accent and many moods, is going to coach the Brooklyn Dodgers of the National Football League.

The doings of drawlin' Pete are legendary out in the Plains country where he successfully coached Texas Tech's Red Raiders. Before that he tutored the footballers at Austin College.

Texas kept up with him when he left Tech and became assistant coach at the University of Alabama. Every time he visited this state, new stories of Pete the unusual were told.

Cawthon is the guy who made his team practice a couple of hours after they had won a game by an overwhelming score. He just didn't like the way they had played.

PETE CAWTHON
Brooklyn Should Love Him

Services On Train

He held church service for his squad when the boys were on the train going home from a Sunday game. He'd have the fullback lead the singing, the quarterback do the praying, and the student manager preach the sermon.

At the training table there always was grace before eating and thanks afterward.

Pete always was a hard loser. After his team took a licking he was known to vanish for days.

Once when Southern Methodist went out to Lubbock and beat what Cawthon considered his best club 14-0, he strode out of the stadium and no one could find him. The Methodist left on the train that night for Dallas. Shortly after dawn a head popped out of an upper berth and peered around. It was Cawthon in the S.M.U. football car!

Two Tired Tackles

When his team lost a game to Simmons University, Pete ordered two of his tackles to lay the stadium. He forgot about them and went home. Then he remembered a package he had left at the field. He returned and there were his two tackles, their tongues hanging out.

Well, sir, Cawthon thought so much of their loyalty he awarded them Texas Tech blankets—given only to captains of opposing teams. They are the only Tech men ever to get TT blankets.

One year Tech lost its first three games. Cawthon had started the campaign attired in a straw hat and linen suit. The weather got cold but Pete wouldn't buy winter clothing because he didn't want to answer questions. It was not until the Red Raiders had a seven-game streak snapped that Pete drove down Main street and ordered three suits.

Now, what Texans would like to know is how those big bruisers of professional football will react to Cawthon's tactics. The guess is that they'll love them; everybody else has.

T Gas Stamps To Expire Thursday

The local ration board reminded holders of "T" cards that Wednesday is the last day of validity for the stamps. Beginning July 1, Thursday, "T" stamps will become valid.

Polio Cases Increasing

By The Associated Press

Fifteen cases of infantile paralysis were reported in Harris county in the last 30 days, Dr. A. M. Clarkon, county health officer said and 18 definite cases were under hospitalization in Dallas.

Three deaths have occurred in Harris county from poliomyelitis during the past 30 days, Dr. Clarkon said.

In Dallas, parents were urged by Dr. J. M. Dowdy, acting health officer, to cooperate in a vigorous sanitation campaign and not to become alarmed.

At Austin, Dr. George W. Cox, state health officer, said an "increase in infantile paralysis cases is to be normally expected at this time of year. There is nothing alarming in the present incidence of the disease."

Texasans Listed As Wounded In Action

WASHINGTON, June 30 (AP)—Five Texasans are included among the latest list of 86 soldiers which the war department said today were wounded in action.

In the Aleutian area:

Eubanks, Sgt. John C., Jr.—Mrs. Mattie Eubanks, mother, Route 1, Mobeetie.

THE WAR TODAY: How Are We Faring In Plane Losses?

By DEWEIT MACKENZIE

The unprecedented hammering which the Allied air fleets are administering to the enemy in blasting a trail to victory—a historic experiment which may determine how far air power can go in winning a war on its own—is bringing me numerous inquiries about the aerial fighting arm, and among them are two timely questions from prominent newspaper editors:

The first query relates to American warplane losses and asks what percentage of our craft are shot down by enemy planes and what percentage by anti-aircraft fire from the ground. Well, there are some highly interesting facts wrapped up in this inquiry, but there also is considerable dynamite from the standpoint of the censor.

Percentage figures on American plane losses are restricted, because they would lend themselves readily to computation of total strength of the air force. However, it can be said that the ratio of our plane losses throughout the world is one Army plane to somewhat better than three enemy planes. In addition to this overall score, separate records show that in the South Pacific theater Army flyers have destroyed better than five enemy planes for each American plane lost. It's impossible to break down our plane losses into those destroyed by enemy planes and by enemy anti-aircraft guns, because flak from the ground guns can cripple a plane after which righters can shoot it down, leaving it a matter of guesswork as to which type of opposition caused the loss.

The second inquiry points to the frequent reports from abroad that British pursuit planes—that is, fighter planes—have escorted American bombers in raids on the

Army Teams To Take Part In Olympics At Lubbock

LUBBOCK, June 30 (AP)—Teams from Army camps and fields in Texas, New Mexico, Oklahoma and other southwestern states will compete here Sept. 4, 5 and 6 in the service Olympics. It was announced today.

Officials have okayed the Olympics in line with emphasis on athletics and keeping men in physical trim.

Athletes can enter all regular track and field events as well as team contests.

The meet is scheduled for the South Plains Army Air field which reports that more than 75 Army camps and fields have been invited to participate and that at least 25 teams are expected to enter.

Fields which have already indicated they may participate include: Lubbock Army Air field, Laredo Army Air field, Laughlin Army Air field of Del Rio, Lamesa liaison flying school at Lamesa and Camp Barkley of Abilene.

Lieut. Nathan B. Eubank, athletic officer of South Plains field, will conduct the Olympics.

Senior Golfers To Start Match Play

AMARILLO, June 30 (AP)—Match play starts today in the ninth annual tri-state senior golf tournament at the same time that medal honors are determined.

Rain halted qualifying rounds yesterday but the players had the choice of using practice scores of Monday, handicaps or double nine-hole scores of yesterday.

Medalist awards will be given in five age brackets—50 to 55, 56 to 60, 61 to 65, 66 to 70 and over up.

One hundred and four entered the tournament with Roy Allen of Oklahoma City back to defend his championship.

Eighty-year-old Elmer Winn of Plainview was the oldest entry. Winn has played in all except one of the tournaments.

Card Captain Jimmy Brown Is Leaving

By JUDSON BAILEY
Associated Press Sports Writer

The major leagues had a double reason to be "war conscious" today. The first was that this is the first of the two days this season set aside by all major league clubs for donating all receipts to the National War Relief Fund and the other was that the draft has just touched baseball anew.

Three top-ranking players were called for induction yesterday and out of the trio the army took one, Jimmy Brown, captain of the St. Louis Cardinals, and rejected two, Vernon Stephens and George McQuinn of the St. Louis Browns.

This served to re-open discussion of the effect of the draft on the pennant races. Yesterday's developments should help the last place Browns toward their goal of finishing in the American league's first division and might slow down, but hardly could stop, the campaign of the Cardinals for another National league flag.

The loss of Brown in the spring would have been considered a vital blow to the Cardinals, but in the meantime the field leader of the world champions lost his regular second base berth to a rookie, Lou Klein, and his absence now will be felt only in reserve strength.

He plans to remain with the Cardinals two weeks longer, taking the customary furlough allowed inductees.

Stephens apparently was deferred because of a knee injury suffered a month ago and McQuinn because of a back injury.

Stephens for months had been in a quandary about his draft status. In the spring he did not expect to join the Browns at all, intending to wait at his home in California till called. Finally he decided to play until the summons came. He hurt his knee and was out of the lineup for a while. Then he left the club a month ago to hurry back to St. Louis for a draft examination and found it had been postponed.

Through all of his uncertainty he has managed to lead the American league in batting and now that both he and McQuinn have been rejected, at least for the remainder of the season, the Browns should click at their best gait. Although in the cellar, they are only three games out of third place.

Draft calls are pending for key players of other clubs—for Babe Dahlgren of the Phillies, the National league's batting leader, for Johnny Vander Meer of the Reds, for Gerry Friddy and Mickey Vernon of the Senators and others whose loss before the season ends may have a direct effect on the final standings.

BUCKY SHEFFIELD TO PLAY FOR RICE

PARIS, June 30 (AP)—Rice Institute, it appears, will have Bucky Sheffield, Paris' all-star footballer, after all.

Bucky, selected at end on last fall's all-star eleven, is visiting here before reporting to Houston for naval officer training at Rice. As the Navy allows its students to participate in sports the Paris star probably will be on the Rice squad next season.

Sheffield went to Texas A&M after finishing high school last year. He was a star on the football team but the Navy changed his plans.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
NEW YORK, June 30 (AP)—The clocks will start striking V-13 o'clock at a good many colleges tomorrow and a lot of coaches who have been wondering whether they'd have jobs next fall can start finding out for sure. . . . In case you can't guess, V-13 o'clock stands for the hour when large batches of navy trainees will report at the colleges. Ditto smaller batches of marines. . . . It may bring good news, too. For instance, Yale is getting Sam Mela and Johnny Simmons, better-than-fair basketball and baseball players from N. Y. U. via the marines. . . . Tub Thumper Horace Renegar of Tulane reports that if he had to draw up a football roster right now, he'd have just one name, Joe Renfro, who is 4-9 but an all-American halfback possibility. Nevertheless, Horace figures that navy trainees will help give the Green Wave a good team.

A SHORT SNOTTER

When Dewey "Snorter" Luster, Oklahoma grid coach, learned that ten of his Sooners were being called up by the marines, leaving him with only one survivor of last year's squad, Boons Baker, a sophomore wingback, Snorter moaned: "Looks like we're going in on a wingback and a prayer."

TODAY'S GUEST STAR

Bill Reddy, Syracuse (N. Y.) Post-Standard: "One of the men who didn't pick his job because it went well with his name is the blue-coated arbiter working here with Roy Van Grafan. The umpire's name is Robb."

BARKLEY UP THE WRONG TREE

Wichita baseball fans insist this column was in error in saying that Red Barkley, the new Dodger shortstop, wasn't a "regular" on the Cessna semi-pro team last year just because he played only half his team's games in the National tourney. It was a leg injury that kept him out. . . . Incidentally, Branch Rickey reports that Barkley has made himself popular with the Dodgers by cursing himself out when he returns to the bench after making a bad play. . . . "I got the impression," says Branch, "that he was—well, kind of screw-ballish."

Texas Golfer In Collegiate Semi Finals

By ARNOLD BERLITZKI
CHICAGO, June 30 (AP)—Four youthful life squares off over Olympia Fields No. 1 course today, all seeking a chance at the National Collegiate golf crown before they enter military service.

On the basis of age and tournament qualifying scores, the four could not have been more evenly matched for their morning 18-hole semifinal round. The 18-hole final is scheduled for this afternoon.

All are 21 years old. Richard Kuntz of Yale and Wally Ulrich of Carleton, (Northfield, Minn.) who meet in today's match, both scored 78 in qualifying play, while Bill Roden of Texas and Walt Beckjord of Yale, lower bracket opponents, each got 77.

In yesterday afternoon's quarterfinal play all but one of them shot at virtually the same scoring level. Ulrich, the surprise threat from Austin, Minn., negotiated 18 holes in even par in defeating Jim Besefelder of Notre Dame, 4 and 2. Kuntz and Roden each were one over par, the former going 15 holes to defeat Robert Fife of Michigan, 5 and 3, and Roden going 17 to eliminate Ben Smith of Michigan, 2 and 1.

Out of line with this comparison was Beckjord's six over par, but he advanced yesterday with a 1 up triumph over James Stewart of Northwestern, his third straight victory by this margin.

Hutchinson Will Tackle Beau Jack

NEW YORK, June 30 (AP)—Johnny Hutchinson, comparatively little known Philadelphia teacher of Lightweight Champion Bob Montgomery, may finish what his famous pupil started against Beau Jack.

The former Augusta, Ga., shoe-shine boy took a terrific beating from Montgomery six weeks ago in Madison Square Garden, being jolted from his lightweight title by the Bobcat's savage body thumping.

Hutchinson, who in many quarters is regarded as packing a more potent punch than Montgomery, takes on the Beau July 19 at Philadelphia's Shibe Park. If Johnny "works on" the Beau as Montgomery did, Jack may be forced to forego a promised return title bout with the Bobcat.

It was back in 1937 that 26-year-old Hutchinson, then a featherweight working out in a Philly gym as an amateur. He taught the Bobcat many tricks and introduced him to Frankie Thomas. Thomas became Montgomery's manager and piloted him to fame and fortune with Hutchinson an enthusiastic ringside rooster.

Texas Labor Lauded

By Gov. Stevenson

CORPUS CHRISTI, June 30 (AP)—Organized labor in Texas is doing a fine job on the production front and will continue to work for the development of Texas after the war is won, Gov. Coke Stevenson told delegates to the Texas State Federation of Labor convention here.

In an address yesterday, the governor said organized labor in the state is to be complimented for holding its wage disputes and work

stoppages to an absolute minimum.

"Texas and her cities cannot grow unless the working man improves his lot along with that growth," he said.

Calling upon labor leaders and captains of industry for closer cooperation, the governor declared: "If labor is destroyed, industry is destroyed. If industry is destroyed, labor is destroyed. Labor and industry alike should adopt a statewide view of their problems and pull together to continue the rapid development of this great state of ours."

Rodeo Friday For Soldiers; Civilians Can Attend, Too

Soldiers hit Texas army camps secretly wondering if their train will be forced to slow down because of cattle feeding on the tracks. If rustlers really do sip booze in the town tavern, and if

the west is actually wild and woolly anymore. Usually they're disappointed, but in an effort to give the rookies something 'western' in the way of entertainment, the Big Spring United Service Organization is sponsoring an arena program which has been designed primarily as an attraction for soldiers, many of whom have never seen a rodeo.

The show will be staged at the rodeo grounds in eastern Big Spring Friday evening at 6 o'clock through the courtesy of the Big Spring Rodeo Association with Alvin Walker, Dell Buchanan and Ira Rice in charge.

Special events will include calf roping, bull riding, pony express races, wild mule races and a flag race for girls and boys.

A motorcade of 100 cars will transport service men from the Big Spring Bombardier school to the rodeo grounds following the parade in the downtown area at 4:30 p. m. Anyone who can participate in the motorcade is urged to contest Mrs. L. A. Eubanks or call the USO club.

There will be only one performance starting at 8 p. m. with approximately 100 performers taking part. Special music for the show will be presented by the Centerpoint Serenaders with the post band from the Big Spring Bombardier School in the grand entry and playing for the rodeo.

Any service uniform will admit the wearer free of charge to the show and wives of enlisted men will be given tickets if they register at the USO club.

Regular rodeo fans will be charged but will find the show to be a bargain priced entertainment. Adult tickets are 50 cents and those for children 25 cents.

.....

The Japanese have been taught that Americans and Englishmen are enemies who threaten the existence of their country, and that it is their sacred duty to drive them out of the Orient. The Japanese humiliate the white man wherever possible, by every means from small annoyances before the war to the outright murder of unarmed Canadian troops in Hong Kong after the capture of that British stronghold. This is part of a deliberate program to impress their fellow Orientals with Japan's strength. Until it is completely disproved, I believe every tale of Japanese brutality that is told. The Japanese with a rifle and bayonet is a vicious, dangerous animal.

In discussing the bravery, fighting prowess, and morale of the Japanese a distinction must be made between the armed members of the military forces and the average civilian at home.

I do not believe every Japanese is a hero. Their politeness is a form of cowardice. It is a throwback to the days when the Samurai war lords roamed the highways of feudal Japan and any commoner who failed to bow his head would have it cut off.

Despite their love of children and their superficial culture—their art, their neat homes, cleanliness, imitation of Western living—the Japanese are primitive people, with the strength and weakness of primitive people. One of their weaknesses—and this applies to the civilian populace—is their tendency to panic, their blind dependence on superior authority, and their confusion when confronted by a calamitous situation such as an earthquake or tidal wave, or even by some minor upset in their routine of life.

I believe that when our big bombers can cruise over the Japanese Islands night after night, spreading death and fire and bringing the horror of war home to the islands themselves there will be such widespread terror and panic as to seriously disrupt the life of the country, now devoted almost exclusively to feeding the Imperial war machine. Soldiers may have to drive civilians to work at bayonet point.

There is no reason to believe as yet, however, that even a series of serious defeats will break down the morale of Japan's armed forces. Possibly one crushing blow after another might produce such an effect; but from all the evidence in the first year of war it seems more likely that the Japanese will fight vigorously and unflinchingly until an overwhelming weight of steel and explosives smashes their ships, shipyards, and munitions factories, and completely destroys their power to resist.

Count On Long War, Secy. Knox Advises

CORONADO, Calif., June 30. (AP)—The United States and her Allies face a long and bitter war, one which may last three or four years before the Axis is crushed, Navy Secretary Frank Knox declared last night.

Speaking at a meeting of high ranking army, navy and marine officials and executives of San Diego city and county governments, Knox said the time is approaching when the United Nations can put into effect plans for victory.

"And for our own success," the secretary continued, "let me urge that it's better to calculate that the war will last from 3 to 4 years more, and take steps to that effect."

Bobby Boykin, son of Mr. and Mrs. Calvin Boykin, is leaving Thursday morning for Parkville, Mo., where he will be stationed at Park college as a trainee in the navy's V-12 program. Bobby, an honor graduate from the local high school this spring, was accepted for navy training several months ago.

The Boykins' elder son, Calvin, Jr., is now in officer candidate school, his parents have been advised. He is in a tank destroyer division at Camp Hood.

Revolt Against Axis Troops Spreads In Greek Cities

By JAMES F. KING

LONDON, June 30 (AP)—Seething hatred of axis occupation forces was reported today to have erupted into extensive and bloody riots in Athens and other Greek cities as the ever-present threat of an Allied invasion kept tension high throughout Europe.

Turkish dispatches last night said the street disorders broke out Sunday. A Greek source in Ankara expressed the view they undoubtedly were touched off by the heartening effect of American air raids last week on airfields near Salonika and Athens.

The axis took quick and ruthless countermeasures against the Greek rioters, an informed Balkan source reported. Hundreds of the demonstrators were said to have been arrested and many shot down. A number of others were believed scheduled for the firing squad.

This source said the demonstrations centered in Athens and Salonika, upon which American air raiders last week showered thousands of leaflets containing an encouraging message from President Roosevelt, and in Volos and Larisa, near the east coast.

Other reports to Ankara meanwhile said the axis was preparing for an Allied thrust into the Balkans.

A German motorized division was said to be taking up posts along the Salonika peninsula, and a German news agency reported the Rumanian garrison had decided upon partial evacuation of Bucharest as an air raid precaution.

New strengthening of the axis lines was reported too in southern Italy and its adjoining stepping stone islands of Sicily and Sardinia, as well as in France, where Field Marshal Erwin Rommel was said to have concentrated some 350,000 troops in the Rhone valley.
