District Lions Governor Makes Official Visit Here

Members from three Lions clubs met here last week to greet District Lions Governor Jim Jones of Littlefield, District 2-T2 on his official visit. Matador Lions Club hosted the meeting at the united Methodist Church for the three-club official meeting of Paducah, Roaring Springs and Matador clubs. Visitors were from Littlefield, Kerrville, Slaton, Lubbock and Floydada Lions clubs, and also a visitor was Domenico Cogliam, an exchange student from Italy, who accompanied Lions Lt.

Governor Melvin Powers and Mrs. Powers from Lubbock.

Lion Jones was introduced by Lt. Gov. Powers and spoke on responsibilities of Lionism on both International and local levels. He stressed drug awareness through Lions clubs in educating the public to this latest danger to young people. The health problem of diabetes should also be a responsibility of Lions, he said, since blindness is often the result of diabetes, and aiding the blind is one of the prime projects of Lions International.

"We should be aware of symptoms of diabetes so that it

can be detected in time to help the victims as early as possible," he pointed out.

The District Governor then turned the meeting to Lion Glenn Crawford of Kerrville, who showed slides made at the Lions Camp for Crippled Children at Kerrville, which was started in 1949. Activities here include swimming, boating, rifle range, archery, hiking, arts and crafts, and tennis. Lion Crawford stressed that all crippled children are welcome to the camp, and Lions clubs are urged to send any from their community. "The primary goal," he said, "is to teach crippled children to care for themselves."

Feedback Comments From Tribune Readers

Pay More Attention

The issue is not Wet or Dry, more taxes, more trade, more people, but the fear that we are not teaching our kids, not listening to them. I challenge any person to question your or anyone's teenager and ask them where they can obtain dope, liquor or beer. It won't be in Dickens or Lubbock but right here in Motley County.

I not only include the teenager but the pre-teen. Ask them--are you afraid to discuss the issue? For fifteen years I devoted my life to working with the delinquents of Texas and the dependent, neglected and abused child. The problem was parents that had no way of communicating with their children.

Sure we go to church each Sunday, maybe on Wednesday, but we then forget or go about our own merry way. The teacher, preacher, or Sunday School teacher will take care of the problem. Don't kid yourself. If that child has not been able to

discuss or ask questions, to see for himself or herself, then when he or she leaves the protected nest they will try lots of things and laugh in your face because you didn't try it or talk to them about it.

My time to die is between me and the man upstairs, whether I die from old age or a drunk driver. I try not to tempt that man upstairs, but I do know the dangers of every day living. Not many of our kids stay in a small place like Matador, they are out in the world, where there are all kinds of temptation. Have you taught them to say No!! Can you sit down and really feel the things that they do? What are you doing? Only forcing your views on your child. Not much more.

They will have the last say. Each one of them. You are not keeping them away from alcohol, drugs, or protecting their life by your vote. You are avoiding the question.

10 Bible Reasons Not To Drink

1. Because of its nature in general (Proverbs 20:1).
2. Because of its effect on those given to wine or strong drink (Proverbs 23:29-32).
3. Because of what is said about giving strong drink to others (Proverbs 31:6; Habakkuk 2:15).
4. Because of what is said about drunkards (Corinthians 5:11; 6: 9-10).
5. Because of what is said about drunkenness (Matthew

24:45-51; Luke 21:34-36; Romans 13:12-14; Galatians 5: 19-21; 1 Thessalonians 5: 7-8).

6. Because of Paul's teachings about defiling the temple of God (1 Corinthians 3:16-17; 6:19-20).

7. Because of Paul's teaching against addiction (1 Corinthians 6:12).

8. Because of the probability of causing offense (Romans 14:13-23).

9. Because Christians are to provide things honorable in the sight of all men (Romans 12:17; 2 Corinthians 8:21; 1 Peter 2:12; Philippians 4:8).

10. Because Christians are to avoid even the appearance of evil (1 Thessalonians 5:22).

Let's face it friends. Social drinking is simply not honorable in the sight of all men, and it very definitely has the appearance of evil. For these reasons, as well as the other eight, Christians should not engage in social drinking. You see, the question of legal liquor sales in Matador is really beside the point! If all those who claim to be Christians were actually following in Christ's footsteps, even if Matador were wet, those selling liquor would go out of business because no one would buy it!

However, we should never make it easier for people to sin. Moreover, local government should not make money from sin. I hope and pray that all can clearly see what all thinking people should do on September 8: Vote NO!

Sincerely,
 Tim Ayers

Concerned About Hometown

As an occasional visitor to my former residence, Matador, I have become concerned about the coming wet or dry election. Although I no longer am a member of this community, I continue to be concerned about what happens to the future of Matador and Motley County.

I would hate to see this lovely town vote in the selling of alcoholic beverages, which brings in more negative aspects than positive aspects to a family and community. Alcoholic beverages are like a cancer: they get a hold and grow and grow. The destruction is centered upon the lives of others. The needs in some homes are neglected while the mother or father or both buy another drink.

Is the increase in county income worth the price of a child's security? Another aspect is the health of the drinker. Is money for the county more important than an individual's health? Remember one person who loses his health because of alcoholic beverages touches the lives of many people.

I could continue discussing the pitfalls of voting yes but I believe the good and sensible people will vote no on September 8, 1984.

Sincerely,
 Paul Ballentine

Co-Chairs Ruth Latimer and Mary Knox, both of Lubbock, arranged the lovely luncheon, the games that brought together the four generations, and the picture-taking session that permanently recorded the ever-growing Keith clan.

Families who attended included Viola and Charlie Keith of Matador, their son David and grandson Tye of Dickens, son Charles and his wife Joan of Culver City, Cal., and his daughters Elizabeth of Arlington and Merrie Goguen of Garland, and his grandchildren Joshua and Jonathan Goguen. This represented four generations of the Keith family!

Sandra and their children David and Pam, all of Whiteface; and son-in-law Brad Rowland of Anson and his son Richard and his wife Renee and children Nicole, Christy, and Brad, all of Abilene; and Mary and her husband Jack and sons Jay, Danny and Jerry, all of Lubbock. At the end of the lovely afternoon, best wishes and God speed were bestowed upon all in attendance, and plans for next year's reunion were finalized.

MY GRATITUDE

I would like to take this opportunity to express my gratitude to the Matador Volunteer Fire Department for their cooperation and help with Motley County EMS the past few weeks.

August has been an exceptionally busy month for our ambulance service. On several occasions when the ambulance was out of town with a patient, the Matador Volunteer Fire Department unconditionally stepped in and provided both a vehicle and driver to provide transportation and medical assistance when a second call for help came in while the EMS ambulance was out of town.

It is nice to see two such organizations work in harmony for the citizens of Motley County.

Thanks,

THANK YOU NOTE

We wish to thank the Matador Fire Department for responding to our house fire Monday, August 20 while we were away from home. We thank Mrs. Clinton Hobbs for turning it in, and Mrs. Lena Cook. We also thank Lupe and Alvaro Cisneros.

Free And Reduced Price Meals

The Motley County Independent School District this week announced its policy for free and reduced price meals for children unable to pay the full price of meals served under the National School Lunch Program and School Breakfast Program. Each school and the office of the Superintendent has a copy of the policy, which may be reviewed by any interested party.

Application forms are being sent to all homes with a letter to parents or guardians. To apply for free or reduced price meals, households should fill out the application and return it to the school. Additional copies are available at the principal's office. The information provided on the application will be used for the purpose of determining eligibility and may be verified at any time during the school year by school or other program officials.

For the school officials to determine eligibility, the household must provide the following information listed on the application: Names of all household members; Social Security numbers of all adult household members or a statement that the household member does not possess one; Total household income or the household's food stamp case number if they currently receive food stamps; Signature of an adult household member certifying that the information provided is correct.

Applications may be submitted at any time during the year. Under the provisions of the free and reduced price policy, Charles N. Johnson, Superintendent, will review applications and determine eligibility. Parents or guardians dissatisfied with the ruling of the official may wish to discuss the decision with the determining official on an informal basis. Parents wishing to make a formal appeal may make a request either orally or in writing to Mr. Charles N. Johnson, Drawer 310, Matador, Texas 79244, for a hearing on the decision.

Households are required to report increases in household income of over \$50 per month or \$600 per year and decreases in household size. Also, if a household member becomes unemployed or if the household size increases, the household should contact the school. Such changes may make the children of the household eligible for reduced price meals or for free meals.

In certain cases foster children are also eligible for school meal benefits. If a household has foster children living with them and wishes to apply for them, the household should contact the school for more information.

The information provided by the household is confidential and will be used only for purposes of determining eligibility and verifying data.

In the operation of child feeding programs administered by the U.S. Department of Agriculture, no child will be discriminated against because of race, color, sex, national origin, age or handicap. If any member of a household believes they have been discriminated against, they should write immediately to the Secretary of Agriculture, Washington, D.C. 20250.

STATEMENT OF NONDISCRIMINATION

The Motley County Independent School District offers vocational programs in agriculture and home economics.

It is the policy of the Motley County Independent School District not to discriminate on the basis of sex, handicap, race, color, and national origin in its educational and vocational programs, activities, or employment as required by Title IX, Section 503 and Title VI.

The Motley County Independent School District will take steps to assure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs.

For information about your rights or grievance procedures, contact the Title IX Coordinator and/or the Section 504 Coordinator - Charles N. Johnson at 1315 Scotch Street, Matador, Texas 79244. Phone Number 806-347-2677.
