

# Matadors To Face Dragons, Expecting Better Season

Motley County will face the Dragons at Paducah Friday for the first football game of the season, and the Matadors are looking to improve on their record a year ago.

After two years of being ranked as the state's No. 1 Class 1A team and a pair of impressive playoff appearances, Motley County fell upon some hard times last season, going 2-7.

But Matadors have been known to get back up off the ground after being knocked down, and the new Motley County coach can expect that type of attitude from his 1984 gridders.

The Matadors' biggest asset is experience as 14 lettermen and seven starters return from a year ago. Those starters comprise 10 positions, five offensive and five defensive.

The foundation of the Motley County offense will likely be its line, where three starters are

back to open the holes. They are senior tackle Joe Zarate (5-9, 200), junior guard Mickey Zarate (5-7, 155) and junior center Paul Block (5-11, 170).

Also back to direct the offense surge is junior quarterback Richard Potts, a 5-10, 150-pounder who earned his spurs as a sophomore, and junior tailback Shannon Winn (5-10, 160).

The defensive vets are Joe Zarate at linebacker, Mickey Zarate at tackle, junior Brandt Bearden (5-7, 165) at end and Winn and junior Cody Christian

(5-8, 170) in the secondary.

The line hopefuls include senior guard Jimmy Wallingsford (5-9, 155), sophomore guard Jade Jones (5-9, 145), senior tackle John Meador (5-9, 190), sophomore tackle David Zarate (6-0, 150), and freshman tackle Les Woolsey (5-9, 200).

The Matadors' receiving corps will come from a group that includes senior Chad Stephens (5-11, 145), sophomore Jeff Burkes (6-0, 155), freshman Brandon Eddleman (5-7, 130) and Christian.

# Motley County School Denied Rebuilding Aid

Motley County's campaign to replace its school buildings lost another battle August 29 as federal officials denied an appeal to grant major disaster area status to the tornado-ravaged county.

The request, had it been approved, would have released U.S. Department of Education funds for rebuilding school facilities destroyed in a May 1 tornado.

A May 17 request for funds through a "pin-point disaster" designation from the department was denied, as was a June 18 request under a "major disaster" title. The latest request appealed a denial of the June request, initiated by Motley County Judge Billy Whitaker.

Governor Mark White's Division of Emergency Management reported receiving a letter from Louis Guiffreda, director of the Federal Emergency Management Agency, in which Guiffreda "indicated that because Congress endorsed a decision not to fund the pin-point disaster program," use of the major disaster declaration "for a purpose Congress refuses to support would certainly be contrary to the intent of Congress."

Robert Lansford, coordinator for the state DEM, said, "At this point, we've run the gamut of federal aid programs that we've

traditionally turned to. However, we are still looking into other programs that may apply to this situation."

Steve Cotton, press secretary for U.S. Rep. Jack Hightower, said the congressman has attached "report language" to a supplemental appropriations bill for 1984. The bill, which supplements foreign aid to El Salvador, would provide funds for possible rebuilding of the schools because of the "report language."

The attachment would essentially state that it "is the will of Congress" that Department of Education Secretary Terrel H. Bell make funds available for rebuilding the school, Cotton said.

Cotton also said Hightower's office had not received any indication so far that Bell would comply with the request, if it is approved.

"If this particular funding is not forthcoming, we still have some other options," Cotton said. "We are not through by any means."

Motley County I.S.D. Superintendent Charlie Johnson said the first two days of the new school year have gone fairly well.

"A major problem at present is that we have no lunchroom setup. We are still waiting on some equipment," Johnson said. "We are proceeding cautiously

right now. I was out checking classrooms and everyone seems to be adapting well. It gets a little tedious transporting personnel to the different locations, but things are going smoother than anticipated."

With the loss of the school buildings, valued at \$2.5 million, the students are attending classes in the old Matador Elementary, portable buildings, and church buildings.

# Matadors Tie Claude In Local Scrimmage

The Motley County Matadors held the Claude Mustangs to a 12-12 tie in Friday night's scrimmage.

The scrappy Matador defense forced four Mustang turnovers, while Motley quarterback, Richard Potts, and "company" had no turnovers for the night. The Mustangs went to the air favoring 6'5" wide receiver, Mark Hall. However, the Matador defense came up with three interceptions (two by Richard Potts and one by Brandt Bearden). The fourth turnover came when Rodney Doran acted quickly to recover a Mustang fumble.

Outstanding in the hard hitting defensive action were juniors, Mickey Zarate and Cody Christian. Noseguard, David Zarate, was double teamed by the Mustang offense. Claude's coach commented, "We had to double team your nose guard, he was giving our center fits all night."

Joe Zarate, a 5'9" 200 lb. senior, has been moved from tackle to fullback position this year. Joe rushed for 74 yards on 14 carries, averaging 5.9 yards per carry and scored one touchdown. Bearden carried 6 times for 18 yards and caught 3 passes for 86 yards, scoring one touchdown. Christian carried 3 times for 7 yards. Doran carried 4 times for 5 yards and caught one pass for 8 yards. Richard Potts completed 4 of 7 passes for 94 yards and one touchdown.

The Matadors had 15 players suited-up to Claude's 27 man roster. Instrumental in helping the Matadors to a successful

night were experienced returnees Paul Block, John Meador, Chad Stephens, and Jade Jones. Assisting them in their first varsity debut were freshmen newcomers, Brandon Eddleman and Les Woolsey. Joining the Matadors this year are junior Darryl Perryman and senior Russell Glidwell, along with senior Yancy Meredith who will be suiting-up this coming Friday night.

These 16 players will round-out the Motley Co. Matador roster as compared to district 3-A (West zone) foes: Knox City- 55 players; Aspermont- 40 players; Valley- 32 players; and Crowell- roster unknown.

The coaching staff is highly pleased with the intensity and desire these young players have exemplified. Head coach, Randall Eddleman, expressed, "We were pleased with the team effort and enthusiasm of the players and as the team gains experience these players hope to prove the sport's writers wrong for picking them last in the district polls." Joining Eddleman on the coaching staff are Billy Wilson and Michael Hurley. The team and coaching staff would like to express their appreciation to everyone who came out to support the Matadors and to those who donated soap and towels to the athletic program.

Everyone is invited to attend the pep rally this Friday at 3:30 p.m. in the gym and to travel to Paducah Friday night to support the Matadors as they take on the Dragons at 8 p.m.

# Floydada Youth Drowns In Pit Near Matador

A Floydada youth, James Dean Osborn, 11, drowned Saturday in a gravel pit west of Matador.

He was a son of Dean Osborn of Floydada, formerly of Matador. Osborn and his children, James Dean, Robert and Kasey had been fishing at the pit when the accident occurred. Apparently the victim had wandered off from the others, and "just slipped off into the water," according to Justice of the Peace, Roy Smith.

Funeral services were held at 3 p.m. Sunday in First Assembly of God Church in Floydada, with

the Rev. Hollis Payne of Floydada officiating.

Burial was in Floydada Cemetery under direction of Moore-Rose Funeral Home.

He was born in Floydada and lived there most of his life.

Survivors include his father, Dean Osborn of Floydada, his stepmother, Sherry Osborn, Floydada; his mother, Brenda Dattola of Hurst; two brothers, Robert and Kasey, both of Floydada and his grandparents, Mr. and Mrs. Emmett Willis of Floydada and Betty June (Meador) Bearden of Matador.

# Boosters To Kick Off New Football Year

The first official meeting of the Motley County Athletic Booster Club will be held Monday, September 10, at 6:30 p.m. in the Ag room of the old Grade School Building.

A review of the Friday night game between Motley and Paducah will be given along with a scouting report on the Kress Kangaroos.

A special report will be given on the athletic funds received to date and of the plans in progress for renovation of the athletic facilities. Members will discuss the athletic areas not yet

covered by funds and share ideas of raising money to keep the repairs going.

Faced with many obstacles of inconvenience, the Booster Club feels like this will be a very "special year" for teachers and students alike. The Booster Club would like to invite and encourage everyone to join with them to help give these athletes extra support for this coming year. The Booster Club is open to anyone wanting to support the Motley County athletic program and all its participants. Membership is \$1 per year.

# Fan Sends Donation

After reading about the destruction of the Motley Co. athletic facilities in Dave Campbell's TEXAS FOOTBALL magazine, an avid football fan sent a donation and letter to the Motley County football team and their coaches.

David Jansing, a recent graduate of the University of Texas, said he felt every man should be able to play football and strive to win the state

championship. He hoped his small donation would help get things going. Jansing further challenged the Matadors by saying, "Having played high school football, I know that a great team thrives on adversity; therefore Motley County, will you be in last place like Texas Football predicts OR will you be a great football team and win state?"

# Athletic Boosters Acknowledge Donors

The Motley County Booster Club would like to publicly acknowledge and express our special thanks to the following donors for funds received to date by the Motley County ISD athletic fund:

David Jansing, Houston  
Randy Barton  
Anonymous donations:  
In memory of Mrs. Roy Stevens  
In memory of Charles Meador

Mrs. Edgar Lee,  
In memory of Charles Meador  
Maurine E. Hall,  
In memory of Charles Meador  
Anyone wishing to make donations toward renovation of the athletic facilities may do so by making the donation to the Motley Co. ISD Athletic Fund and mailing it to Drawer 310, Matador, or drop it by the school's administrative office south of the Church of Christ.

# Emergency Loss Loan Applications Accepted

Applications for emergency physical loss loans caused by tornado, high winds and hail, which occurred on May 1, 1984, are being accepted at the Farmers Home Administration (FmHA) office in Spur, FmHA County Supervisor Larry Clements said this week.

FmHA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loss loans to recognized farmers who work at and rely on farming for a substantial part of their living.

Eligibility is extended to individual farmers who are U.S. citizens, and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

Emergency loan applications for physical losses will be received through April 23, 1985. FmHA loans covering actual physical losses may be used to replace installations, equipment, crops, or buildings (including homes) lost through this disaster. The losses suffered must be located on a farm, not in the town.

Clements asked that those who suffered a physical loss on the farm as a result of weather on May 1 make their needs known at the Farmers Home Administration office at 401 N. Burlington, Spur, Texas 79370. The office is open from 9:00 a.m. to 12:00 noon and 12:30 p.m. to 4:30 p.m. Monday through Friday. The telephone number is 806-271-4562.

# Liquor Election Nears, Residents Vote Saturday

Local voters will go to the courthouse Saturday to decide whether or not Matador will have package liquor stores, in a local option election.

If the election favors the legal sale of alcoholic beverages, local stores may sell beer, wine, etc. for off-premise consumption. Election booths will open at 7

a.m. and close at 7 p.m. Voters will have two options to select on the ballot. They may vote "for" the option or "against" it.

A heavy turnout is expected since residents on both sides have argued pros and cons for weeks, of the sale of alcoholic beverages in the city.

## A Stand Against Liquor

There has been a lot of smoke and dust go up since a petition was circulated to set an election in order to legalize the sale of liquor in our town. There have been a lot of opposing views voiced.

I have struggled over and over again with the need I feel to convince people that the sale of liquor will not help our town and community or help build our school. I could give a lot of facts and figures. I could explain the cost of clean-up, court cost will far out-weigh the few hundred dollars the city may get in one year. I feel the reluctant need to use Dickens as an example and explain that Dickens County is

broke and their kids are sent off to different schools. Why should Matador by any better off? But I realize those are cold facts and numbers don't really change people's minds very often.

Instead, I feel more compelled to explain why I stand where I do. I feel a deeper need to be honest and personal. I love people!! That's it. I believe in the sacred worth of life. I have seen the effects of alcohol in my own personal family. In the two short years I have been a pastor at my first church, I have seen what alcohol can do to individuals, and family members to last for a lifetime. Why invite more pain and more suffering and more trouble and more sorrow than what there already is in this county.

I also believe in principles. God has given us a vast and rich supply of principles to live by, not so life is more miserable and stifled, but quite the opposite. So life can be more rich, abundant and full in Christ Jesus. A lot of the suffering we endure we bring about ourselves. God help us to avoid those mistakes and problems by his love and by his word.

I have shared with my congregation and with others, I want to put my faith and trust in God to take care of my needs, not alcohol. In a world where principles seem to be vanishing, I want to stand on my principles and convictions, and vote against the sale of liquor in our community. I hope and pray you

will too. I would like to close with these two closing thoughts:

Statistics show that 10,000 people are killed by liquor where only one is killed by a mad dog; yet we shoot the dog and license the liquor. What sense is there to this?

*Bible Quotations News*

I am the greatest criminal in history.  
I have killed more men than have fallen in all the wars of the world.  
I have turned men into brutes.  
I have made millions of homes unhappy.  
I have transformed many ambitious youths into hopeless parasites.  
I made smooth the downward path for countless millions.  
I destroy the weak and weaken the strong.  
I make the wise man a fool and trample the fool into his folly.  
I ensnare the innocent.  
The abandoned wife knows me, the hungry children know me.  
The parents, whose child has bowed their gray heads in sorrow, know me.  
I have ruined millions and shall try to ruin millions more.  
I am alcohol.

## Warning Against Alcohol

One of the many freedoms that we Americans enjoy is the freedom to vote in a free election. Since God is the author of freedom, liberty and justice, is it not right that He be voted before we cast our vote to determine the outcome of the moral issue that has been thrust upon our city?

Much of God's word sounds a warning concerning the drinking of alcohol. The warning has been ignored year after year until now the traffic, sale and use of alcohol is a serious threat to the peace and safety of our nation. The fact that alcohol is the chief killer on our highways and is the only reason that men and women become "alcoholics" declares it to be a dread menace completely out of control in our society.

One might say since the sale of alcohol is legalized in so many places, one more liquor store will not make any difference - but it will make a difference in Matador! A tremendous difference! Shall we give the children of Matador a liquor store? Will God be honored by the votes we cast?

"Wine is a mocker, strong drink is raging and whosoever is deceived thereby is not wise." Pro. 1:20 K.J.V.

If there is any monetary gain to the city of Matador from the sale of legalized liquor it will come at the expense of lowering the standards of righteousness. That is the cost! Is it not too much? Matador, be careful!

Sincerely,  
Agnes Aaron

## Feedback Comments From Tribune Readers

### We Need Prosperity, Is Liquor The Answer?

First of all, I am proud that people are finally wanting to bring new businesses into Matador, to help our city and county. We do need some prosperity - but - are liquor sales the answer? It breaks my heart to think alcohol is the solution.

I have been around alcohol drinkers all my life; as a child I mixed adults' drinks, I drank as a teenager, as an adult I watched my mother die because she couldn't quit drinking. All my life I've heard join the party and

have fun! Is fun causing you pain? Alcohol is a depressor, a downer, not peace and joy. God is peace and joy. I cannot be for anything that has caused me and my family so much pain and heartache.

My heart goes out to all of you who think alcohol is the answer for anything. I pray that Matador people finally see this and vote NO.

I love each one of you.  
Barbara Bird Jameson

### Who Does Liquor Hurt?

True or false, that liquor only hurts the person who drinks it? It is very untrue.

I lost a precious sister and her baby, killed in a traffic accident by a drunk driver. This left a young husband and father with shattered hopes, dreams and

plans that were never fulfilled. His life was never the same, and the drunken murderer was never punished.

Let's don't let this kind of thing happen in our town.

Bailey Elliott

### Welcome Clean Business, Not Liquor Stores

#### FACT VS FICTION:

The tax money that liquor sales would generate would be small compared to the cost of law enforcement, possible new jail, court costs, clean up, not to mention probability of voluntary or involuntary homicide due to drunk driving.

As to financial help for our city derived from said tax, we should inquire as to the financial status of our neighbor city whose liquor sales draws customers from cities such as ours. As to liquor being brought in, all know it to be morally wrong, but should liquor be voted in and readily accessible upon shelves, that since it is legal it would be morally permissible.

quiet down or leave, proceeded to beat him fatally.

This being the aftermath of the opening of a liquor store near the site of the present Phillips station, feeling ran high among the citizens, and as a consequence, practically overnight the operators pulled stakes and left, never to return.

Do we need liquor? Believing that sales from alcoholic beverages would stimulate business and bring prosperity, you should note that in Lubbock and other cities who have liquor, that a large percentage of crime is at bars or just after leaving bars.

Consider: Difference in distance between bar and package store selling alcoholic beverages for off-premise consumption is just around the corner.

Let's vote a resounding NO to sales of all alcoholic beverages in Matador Sept. 8, 1984.

By Beverly Darsey, Librarian

New library hours are Monday 1-5, Tuesday 1-5, Wednesday 1-5, Thursday 9-12 and 1-5, Friday 9-12 and 1-5, and Saturday 9-12.

The new library location is 1114 Main (in the front part of the American Legion Building). The library's telephone number remains the same: 347-2717.

Library personnel are pleased to announce that the Gale Stafford family is a new 1984 Friends of the Library member. Friends of the Library members support the library through dues, fund-raising, and volunteer work.

Several volunteers have been working the last two weeks to ready the library for reopening. We appreciate the services of Winifred Lee, Jennifer Davis, Greer Willis, Keith Patton, Earline Vaughn, Bob Davis, and Ricky Green.

We also thank Carl Barton (Roaring Springs Electric) who donated a portion of his labor costs in rewiring the library facility.

We thank Bro. and Mrs. Greer Willis for their donation of lumber and supplies for remodeling.

Cash donations by Loys and Joe Campbell and also by Edith Timmons to help with the remodeling expense are greatly appreciated.

We appreciate the books and periodicals given by Laura Jacobs Wallace, Joan and Keith Patton, and Judine and Bill McCaghren.

Mr. and Mrs. Frank Welling

## Welling - Hill Wed

The Amarillo Garden Center was the setting for the marriage of Renee Hill and Frank Welling. Phil Mercada officiated at the double ring ceremony on Saturday, August 4 at 7:00 p.m.

The bride is the daughter of Mr. and Mrs. T.L. Hill of Amarillo, and the groom is the son of Mr. and Mrs. F.H. Welling of Matador.

Given in marriage by her father, the bride wore a formal gown of ivory satin and silk georgette. She carried a bouquet of stephanotis, pink roses and carnations, centered with phalaenopsis orchids.

The bride was attended by Vandy Siler of Dallas, her sister, as matron of honor, and Carol Miller of Lubbock as bridesmaid. The attendants wore floor-length gowns of pink satin, and carried bouquets of pink roses and carnations. Kristan Hill of Amarillo, niece of the bride, served as flower girl. She wore a floor gown of pink chiffon and carried a basket of assorted pink flowers.

The groom was attended by his brother, Gary Welling of Wellington as best man and Billy Campbell of Roaring Springs as groomsmen. The groom and his attendants wore black tuxedos with cummerbund and bow ties.

The background for the ceremony which took place in front of picture windows looking down into the garden area, included a brass fan candelabra with ivory votive candles in crystal containers. A brass urn with pink gladiolus, carnations and roses was accented by spiral candelabra with assorted greenery and gypsophylla. The entrance and walkway were draped in pink tulle and pink satin bows. Brass containers of greenery and pink roses also

were at the entrance.

Mrs. Donna Adams of Amarillo sang "Annie's Song" and the traditional "Make Us One."

The wedding reception was also held at the Garden Center. The table was covered with an ivory lace cloth. An arrangement of pink roses and carnations accented the table. The three tiered wedding cake was highlighted with miniature pink carnations and topped with wedding bells. A crystal service held champagne punch. Pink and ivory mints, in shapes of hearts and roses, completed the table setting.

Mary Beghtel, sister of the bride from Odessa, and Michele Vinson of Amarillo presided at the bride's table.

The couple honeymooned at various points in New Mexico. They are at home at 1036 Ricks in Amarillo, where the groom is employed by Plains Chevrolet and the bride is employed by Diamond Shamrock Exploration Co.

A rehearsal dinner was hosted by the groom's parents on Friday evening at Country Boys Steakhouse.

## Arts And Crafts

Mrs. Luther Lancaster will be hostess for the Motley County Arts and Crafts Club on Sept. 10 at 1 p.m.

The club is in need of a permanent meeting place.

Dues are now being collected for 1985. Membership is open to those interested in Arts and Crafts.

## Did You Know?

The only revenue the city of Matador would receive on the sale of alcoholic beverages is the 1% city sales tax.\* This is the same tax that is levied on a toy or a pair of shoes.

Thus, citizens must spend \$10,000 on alcohol in order to bring in \$100 to the city of Matador. (The city may also charge a small license fee of approximately \$30 to \$150 per year for each business selling alcoholic beverages.)

Vote

# Jacobs And Wallace Repeat Vows

Laura L. Jacobs of Farwell and Roger A. Wallace of Lubbock exchanged wedding vows at 7:00 p.m. Saturday, August 11. The ceremony was performed in the backyard of the bride and groom's new home in Lubbock.

The bride is the daughter of the late Mr. and Mrs. W.F. Jacobs of Matador. The groom's parents are Mr. and Mrs. Don Wallace and Mr. and Mrs. David James, of Lubbock.

Duane Knowlton of First United Methodist Church in Morton performed the double ring ceremony. Richard Campbell, cousin of the bride, sang "The Wedding Song" as the ceremony began.

The bride wore an ivory crepe, street-length dress. The knife-pleated bodice had long sleeves with lace cuffs and rounded neckline, accented with a choker of amethyst and pink beads.

She carried a bouquet containing pink carnations, miniature ivory pom-pom chrysanthemums, and alisteria from Holland with mauve ribbon.

Sharon Hillis of Snyder was the maid of honor. She wore a long-sleeved street length dress of cranberry silk. Her bouquet was of pink carnations and daisies and mauve ribbon.

David Wallace was best man. Danny Wallace was usher. Both are sons of the groom. The groom and groomsmen wore pearl grey tuxedos with ivory tuckered front shirts and pink bow ties and cummerbunds.

Following the wedding, a reception was held at Tara Restaurant. The bride's table was set in front of a fireplace and decorated with the bride's bouquet and a hurricane lamp with a pink taper candle and silk candle ring. The wedding cake was ivory with pink and mauve piping and pink silk flowers. Cynthia Thigpen of Farwell served wedding cake and Joan Johnson of Farwell served punch.

The groom's table was decorated with the bridesmaid's bouquet. The groom's cake was German chocolate with cherry-nut filling. The bride and groom's initials decorated the top of the cake in shades of pink and mauve. Kendale Burch of Texico served at the groom's table.

The buffet table featured fresh fruit, finger sandwiches, raw vegetables and dip and meatballs New Orleans.

Stacey Hillis of Snyder registered the guests.

Attending the wedding from Matador were Mr. and Mrs. W.N. Pipkin, Mr. and Mrs. R.E. Campbell, Jr., Mrs. Robert Darsey, Robin Darsey, Mr. and Mrs. Gerald Pipkin, Leigh Ann and Amy.

The couple will make their home in Lubbock. The bride graduated from Matador High School and Texas Tech University. She is employed by Texas Agricultural Extension Service as County Extension Agent, Home Economics for Parmer County. The groom graduated from Lubbock High School and is employed by Houseour Printing in Lubbock.

## Candlelight Services Held For GA Mission Adventures

A candlelight service was the setting for the GA Mission Adventures Recognition Service held Sunday evening at First Baptist Church in Matador.

Following the welcome by Patsy Tippin, invocation by Evelyn Garrison, and lighting of candles by Acteen Jenifer Davis, Girls in Action members Holly Tippin, Laurie Hoyle, Lanie Barton, Brooke Brandon, and Ginger Martin entered and sang the GA song, "Girls in Action."

WMU Director JoAnn Dickson introduced the GAs who were to be recognized for completion of various levels in the individual achievement plan of the girls' missions organization. Each honoree was escorted by a member of Royal Ambassadors, the boys' missions organization. Mrs. Dickson led the GA

Recognition, assisted by Kellie Martin and Debra Spray. Girls receiving badges were Sheryl Davis, Adventure One, escorted by Andy Renfro; Lyndee Spray, Adventure Two, escorted by Jason Stanley; Kobbli Risser, Adventure Three, escorted by Dustin Davis; Tonya Hoyle, Adventure Four, escorted by Russell Tippin; and Brandee Spray, Adventures Two and Five, escorted by Jeremy Davis.

Each girl quoted a scripture or answered a question concerning her Adventure. Each level requires scripture memory, mission study, mission support, and mission action.

After badges were presented, Rev. Greer Willis, pastor, presented a charge to all the church missions organizations. The older GAs, Amber Brandon, Ginger Martin, Tonya Hoyle, and Brandee Spray, repeated the current WMU watchword, Colossians 4:2,5 (TEV). The service closed with the singing of "Tell the Good News" by all GAs and RAs.

GA Leaders are Kellie Martin and Karen Davis, 1st-3rd grades; and Patsy Tippin and Debra Spray, 4th-6th grades.

## DON'T SHOOT AT POWER LINES!

Never shoot at power lines or the insulators that hold them. A severed line could cause a dangerous power outage, and the downed line itself could also be a very serious safety hazard.

Here are a few other tips on how to live more safely — electrically:

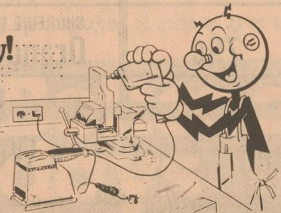

### Keep Children Away from Outlets!

Don't let small children play near electrical outlets. A child could easily put a finger or some object in an outlet when you're looking away. A wise safety precaution would be to put safety caps in all wall outlets.

### Use Power Tools Wisely!

Be extra careful when using power tools. Always be sure the wiring is adequate for the job. See to it that there are enough circuits of the right size, and that all circuits are grounded. Also, never use electric tools in the rain or on wet surfaces.

## County Agent's Corner

By Ray Minkley

The annual Flomot Peanut Tour has been scheduled this year for Tuesday, Sept. 11 beginning at 9 a.m. at the Joe Edd Helms farm 6 miles north of Flomot.

Extension specialists Dr. Thomas Lee and Leland Tripp plan to be there and help conduct the tour. They will give instruction in how to recognize disease problems, how to use the latest cultural practices to increase yield and profit, and also a method of accurately determining crop maturity.

There will also be representatives of several commercial concerns there to discuss their products and answer any questions. Several chemical and cultural demonstrations will be looked at on the tour. We hope that all peanut producers and related commercial concerns can plan to attend.

The Extension office has received several calls and visits from persons interested in obtaining a quail hunting lease. We would be glad to put these people in touch with anyone that has property they would care to lease out for hunting. Hunting leases can be a very profitable enterprise if handled properly. If you would like to offer yours for lease, call the Extension office. We also have information on

how to draw up a written lease form, and on managing game.

The 31st Annual Floyd County Fair will be September 13-15. Motley, Hale, Briscoe, Swisher, and Crosby Counties are invited to participate. It will be held at the Lockney fair grounds. There

will be entertainment shows, women's exhibits, agriculture exhibits, livestock show, commercial exhibits, and midway rides.

We have a copy of the fair catalogue in the Extension office if you would like more information.

## Autumn In The Ozarks Trip Scheduled Oct. 1-8

The deadline nears for Hockley County Senior Center's "Autumn in the Ozarks" tour to Eureka Springs, Ark. to see the Great Passion Play. Christ of the Ozarks Monument and an exact replica of Jerusalem Oct. 1 through Oct. 8.

Many options of the trip include a tour of Silver Dollar City, Branson, Mo., various music jamborees and a Pirate's Cruise on Lake Taneycomo.

Lodging will be in Eureka Springs at the Swiss Village Motel. The city of Eureka is built on the side of a mountain where

many attractions are a haven of interest for vacationers. Within driving distance are a number of famous music jamborees.

The tour is offered at group rates and will help fund Meals on Wheels and In Home Services to the homebound.

The trip will be by charter bus. For more information write or call the Levelland Senior Center, 894-2228, 1202 Houston St., Levelland, Tx 79336.

Overall cost of the trip will include bus fare, lodging, luggage handling and tickets for the live production, Passion Play.

## Carl Pierce Resigns Position With State

Carl Pierce of Lubbock, Chief Inspector on the Interstate 27 project in Plainview, has resigned from the department to operate the West Texas Division of J. and W. Construction Company of Texarkana.

Pierce has been with the department for 30 years. Although eligible for retirement, Pierce declares, "I'm not actually retiring--I might go back to the highway department--sometime."

Besides his work for the department, Pierce has been active as a manager of 150 head of cattle on a ranch belonging to

his mother-in-law, Mrs. R.E. Donovan, near Matador. He states that he never rode a horse in his life. He tried to ride one which threw him off, so he does his cattle herding from a pickup truck.

Carl finished high school in Roaring Springs in 1954 and went to work for the Highway Department in Lubbock when he was 18 years old. He is the son of Mr. and Mrs. Carl Pierce of Roaring Springs.

He and his wife, the former Rose Donovan, will continue to make their home in Lubbock.

Awards will be considered in special meeting of the City Council on Tuesday September 18, 1984 at 7:30 a.m. Bids must be submitted in sealed envelopes upon blank forms of proposal, provided and marked in upper left hand corner as to which contract the bid is to and the time and the date bid is to be opened. Plans and specifications may be purchased at the rate of \$10.00 per set at the office of James David Todd, 2449 South Willis, Suite 104, P.O. Box 5052, Abilene, Texas 79608, 915/698-4330. The deposit for plans and specifications is fully refundable to good bona fide bidders and to those who return plans and specifications in actual condition within ten (10) days after bid date. Published in the Matador Tribune Thursday, August 30 and Thursday, Sept. 7th.

## Did You Know?

The recent statement in a letter, "one twenty-fourth of the money from the tax stamp on liquor, beer, wine, and malt liquor goes to the school fund," has left questions in many minds. Here are the facts: Included in the price of alcohol is an excise tax (stamp tax). The tax on beer, for example, is \$6.00 per 31-gallon barrel, and on wine (up to 14%) 20.4¢ per gallon. One twenty-fourth of this excise tax goes to the foundation school fund, and 5/24 goes to the available school fund of the state. This amounts to 6/24, or 1/4, of the excise tax available to these state funds (1). Example: There are 27.56 six-packs in a 31-gallon barrel of beer. (2) Thus, the tax on one six-pack amounts to 21.8¢. One-fourth of this amount, or less than 5½¢ goes to the state school fund to be divided, according to enrollment, among approximately 1100 school districts. (3)

## You'd Never Guess What Alcohol Can Do For Our Community

### WHAT ALCOHOL CAN DO FOR US

- Rent a building
- Give employment to a bartender, barmaid, or liquor store clerk
- Pay a gas bill
- Pay an electricity bill
- Pay a water bill
- Pay some taxes
- Clutter the landscape with cans and bottles we (not the seller) pay to have picked up
- Clutter the cemetery with bodies we (not the bartender) pay the hearse to scrape up, the undertaker to box up, and the gravedigger to cover up
- Clutter the hospital with crippled and suffering citizens we (not the bartender) pay the ambulance to pick up, the surgeon to sew up, and the nurse to cheer up
- Clutter the junkyards with the wrecks of countless automobiles we (not the bartender) pay to have hauled away to rust or recycle
- Pollute the human mind in such a way that a fellow who loves his wife and

kids will "go into a corner" with a bottle or a glass and neglect his family and his work and lose his self-respect and turn into an object of pity. This leaves the sort of human wreckage that the package store clerk or bartender (whose wages continue uninterrupted) despises and the rest of us are left to feed and support, sometimes for generations.

Pollute American society with more and more people who "just can't face it" without a psychological crutch and, to a greater or lesser degree, turn over the operation of their minds to the Twentieth Century Pacifiers, alcohol and narcotics.

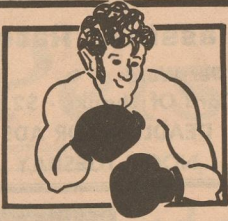

Fill the newspapers, radio, and television with endless arguments about all the "good" things alcohol by the drink, the bottle, or the bucket can do for us.

It makes a rich profit for those who sell it, and pays some money (charged to the drinker) in taxes.

It has some harmful effect on everyone who drinks it, and directly or indirectly costs us more in dollars and cents than it "brings in" and more in lives, property, and long and short term misery than we can tolerate.
