Two Enter Names As Candidates In April 7 Election

H. Hinman, now a member of the body by appointment, and James L. Webb, were announced Wednesday as candidates for election to the board of city commissioners, subject to decision of the people in the April 7 election.

Mr. Hinman, long in the service of the Texas & Pacific Railway company here, and prominent as a member of various fraternal orders, has served for several months as successor to W. W. Inkman, who resigned.

Mr. Webb is owner and operator of the Webb Motor company, Buick dealers. He has resided here several years, coming from Sweetwater, where he was an active figure in civic enterprises.

HOMETOWN TALK

BY BEDDY

Another delay in consideration of the pink bollworm remuneration bill was announced today. Public hearing by the house committee has been postponed until March 16.

It will be recalled a bill providing repayment of losses due to pink bollworm regulations in this area was passed by the last legislature but vetoed by Governor Moody on the ground of unconstitutionality.

To drive a two-year-old bill through this legislature, which is slashing to the bone every plea for an appropriation, is going to be a very tough job.

The so-called "economy bloc" in the house would act unwise if it catalogued this bill with those seeking funds for operation of state institutions. This bill would allow the state to pay a just debt which amounted to about two dollars per bale for every bale of cotton produced during the past three seasons.

The only logical cry that can be raised is that there's no money to pay off with. This contention, however, would be full of weak spots. If the state of Texas cannot pay a just debt to its citizens it ought to go bow its head in shame.

Farmers of Howard county are to have representatives at the hearing. Of all the hundreds of Texans who have during this session of legislature gone down to Austin to work for various bills none will have a tougher assignment than those working for this bollworm measure.

That is why every business man, every farmer, every citizen should do all in his power to help in the fight.

Nothing but wise and tenacious efforts will obtain this remuneration for our farmers.

Pardon us while we call attention to the "top head" of yesterday's Herald, telling of the effort of Senator Sheppard to make possession of liquor in the home unlawful. Also pardon us when we call attention to the fact three of the four daily newspapers distributed here this morning (15 to 18 hours later) carried "top heads" on the same dispatch.

This occurs most every day in regard to at least one of the most important dispatches of that day.

Revival Services At Presbyterian Church Continue This Evening

Services at the Presbyterian church, where a campaign of revival is under way with Dr. W. R. Hall, pastor of the Manhattan Presbyterian church, El Paso, filling the pulpit will continue this evening. Services will open at 7:30 p. m. The public is cordially invited to attend.

March 9 New Last Day for Filing of Briefs in T&P Case

March 9 has been fixed as the final day upon which briefs in the Texas & Pacific Northern Railway Company's application for permission to build a line from Big Spring to Amarillo, Vega and Lubbock may be filed with the interstate commerce commission.

March 1 was the original date set. Illness of the attorney for one of the interested parties brought about postponement of the deadline.

71st Congress Adjourns With Grins, Frowns

Contentious Spirit Holds to Senate Through Last Minutes

LONGWORTH PRAISED

Oklahoma's Filibuster Kills Many Pending Bills

WASHINGTON, March 4 (AP)—The seventy-first congress adjourned today amidst a tenacious filibuster of the most exciting days of its two years.

The contentious spirit that has swept the senate from the start, prevailed to the end, with a filibuster tying up all activity in the closing hours.

The house passed the \$20,000,000 hospitalization bill before yielding to the farewell ceremonies which marked the end of official life for more than forty republican members. President Hoover's signature makes it law.

With his cabinet, he went to the capital in the final hour to sign some last minute bills and to say good bye to the leaders. He remained in the president's room just outside the senate chamber, where his policies have encountered opposition from a dominant coalition of republican independents and democrats.

Galleries Packed

The galleries were packed from early morning when both the senate and house assembled.

The tall, white haired Senator Thomas, Oklahoma democrat, held the floor in the senate in a stubborn but futile attempt to obtain a vote on a resolution for an inquiry into the oil industry. He wanted an embargo on oil importations.

Promptly at noon Vice President Coolidge and Speaker Longworth left the hall for the senate and house, respectively, in obedience to the constitutional mandate.

After accepting the senate hospital bill, in place of its own, the house approved an immediate appropriation of \$5,000,000 to start construction. Senate passage followed quickly.

Filibuster

The unyielding Thomas filibuster killed all pending legislation, including the maternity aid act, the Jenkins bill for a 90 per cent cut in immigration for two years, a batch of nominations, including that of Representative Elliott, republican, Indiana, to be assistant comptroller general, and the Vesal copyright measure.

The fall of Vice President Curtis, gavel cut the Thomas speech short. He had spoken unceasingly through the final three hour session.

Immediately after the stroke of 12, the president left the capitol. Speaker Longworth was cheered when he "kissed Representative Byrns of Tennessee, a senior democrat, to take the house dais a few minutes before adjournment.

Representative Crisp, democrat, Georgia, offered a resolution expressing the gratitude of the house to the Ohio republican for his fairness in his office.

Ovation

An ovation was given the speaker after his resolution was unanimously adopted. The members shouted happily as the speaker thanked his colleagues.

The senate was in an ugly mood at the stubbornness of Thomas and it even refused to adopt the house resolution appointing a committee to notify President Hoover that congress had adjourned.

The Oklahoma indicated he would yield the floor for adoption of that resolution but the irate senators shouted objections.

"I am now 11:58," Thomas remarked. And I wish to apologize to the senate and to the country but I have felt this action necessary."

Tex Hotel To Open New Coffee Shop

A coffee shop will be opened this week at the Tex Hotel, 501 East Third street, it was announced today.

An addition to the hotel building is now being made, and it is thought the renovations will be completed in time to have the coffee shop opened by Saturday.

C. C. Quinn, proprietor of the hotel, announced the coffee shop will be leased to W. A. Sheets when it is completed.

The shop will be installed at a cost of \$1,000. Quinn declared it will add to the lobby of the hotel. Modern cafe fixtures will be installed.

Hall Robbins Before Club

Efforts at Relief For Independent Oil Men Reviewed

Dr. W. R. Hall, pastor of the Manhattan Presbyterian Church of El Paso, who is conducting a revival at the First Presbyterian Church, was the principal speaker today at the regular session of the Business Men's Luncheon Club.

Dr. Hall, after declaring Big Spring appeared to him as one of the best cities in West Texas, predicted a great future for it.

After declaring that cities are the greatest problems confronting the people today, he said they were the greatest necessities to commercial and industrial welfare.

He praised the work of the club, and other similar clubs, declaring that every city is constructed on a foundation of sound moral organizations in which the people have the city's welfare at heart.

C. R. Scroggins rendered three vocal solos, accompanied by Mrs. Charlie Morris.

B. F. Robbins Heard

B. F. Robbins, who for the past two months has been working with other independent oil men of this and other states, told of work that had been done in Washington and Austin.

Mr. Robbins has visited both the national and state capitals in an effort to obtain legislation that would be beneficial to the independent oil men of the southwest.

He declared that the trip made to Washington by delegations from various oil producing states, resulted in the launching of an investigation of the entire oil industry by congress. He told of the death of a bill in a house committee room designed to aid the independent oil men.

Mr. Robbins has recently returned from Fort Worth and Austin where he attended another meeting of independent oil operators, royalty owners and lease operators.

Walter Vastine had charge of today's program. The Rev. R. L. Owen, pastor of the First Christian Church, was a guest of the club. At the next meeting each member will bring suggestions as to what will be included in the 1931 program.

CASE WITH JURY

The case of Billy Denton, charged with operating a disorderly house, was with a jury of six men this afternoon.

The trial consumed all of Tuesday, and the morning of today's session of county court.

The jury went to lunch at 12, and returned at 1:30 p. m.

Sobs Conclude Testimony Of Mrs. Bennett

Husband Called for Gun, Says Bridge Death Defendant

DEFENSE RESTS

Graphic Account of Fatal Episode Given To Jurors

KANSAS CITY, March 4 (AP)—Mrs. Myrtle A. Bennett, accused bridge quarrel "slayer," in testimony today described the shooting of her husband, John G. Bennett, as accidental. Her recital of the tragic end of their bridge game was halted when she was overcome by emotion.

Speaking in a low voice, Mrs. Bennett began her testimony with the bridge game which the state contends led to Bennett's death. As she recounted her version of the events climaxed by the tragedy, Mrs. Bennett's voice rose and she became extremely nervous, finally breaking down when she told of firing the bullets which killed her husband.

Asked what, if anything, her husband did to her when they quarreled over their bridge playing, Mrs. Bennett replied: "He slapped me."

"Hard or easy blows?"

Slapped hard. "Hard," the witness replied. "I stayed in the room," the witness continued. "I went on the dais."

Mrs. Bennett said her husband then declared his intention of beginning a business trip that night instead of in the morning as previously planned. She said she went to talk to him in a living room closet where he was reaching for his bag.

"I just thought it would be better to try to make him feel better, to ask him not to go and to apologize to our guests. He told me to get his gun."

Mrs. Bennett testified her husband said the gun was in a dresser drawer in her mother's room. Other witnesses previously testified Bennett habitually carried his revolver on business trips.

The defendant said her mother woke up and asked, "Myrtle, what are you doing?"

"I told mother Jack wanted the gun, he was leaving that evening," Between sobs, Mrs. Bennett told of walking from her mother's room and encountered Charles Hoffman, bridge game participant, who exclaimed, "My God, Myrtle, what are you going to do?"

She said: "I stumbled over a large chair. I don't know how it happened. Something struck my arm. The gun discharged."

"Were you frightened?" defense counsel asked.

"I certainly was. I was scared to death."

Met Husband

The witness said she started through the door and met Mr. Bennett.

"He was running toward me. When he got to me he grabbed hold of me. He caught my arm and twisted it. Somehow in the scuffle the gun discharged. I don't know how it happened—but that's what happened."

Here the story was interrupted while the court gave Mrs. Bennett an opportunity to regain her composure.

James A. Reed, defense counsel, asked Mrs. Bennett what she said if anything during the scuffle.

"Be Careful"

"I said, 'O, Jack, be careful of the gun.' The witness turned aside and added, "for it had just discharged."

"I was frightened almost to death," Mrs. Bennett said.

"I realized he was hurt. I didn't know whether he was hit or not at first."

"I called the doctor and Jack's Aunt Nellie. We put a pillow under his head."

"Had you ever handled a gun before?" Reed asked.

"Do you know anything about an automatic pistol?"

"No, I didn't know anything about it. I was frightened. It was only a second until the thing had discharged again."

"Rather Be Dead"

"Mrs. Bennett, did you intend intentionally or consciously to fire a gun at your husband that night?"

Young Girl Follows Mother In Death

Benita Blischoff, 16, lower right, daughter of Vivian Gordon, lower left, whose body was found in a New York park, strangled to death, lying under the humiliation brought on by her mother's implication in vice ring investigations, took her own life late Tuesday by poisoning herself in a room with gas jet open. Above are Sam Cochran, right, and John Radeloff, center, attorney, whose names appeared in a diary kept by Vivian Gordon. They are seen during their arraignment as material witnesses in the case.

Shame Over Mysterious Death of Mother Drives 16-Year-Old Girl To Suicide; Diary Entries Found

Public Hearing On Bollworm Measure Again Postponed

AUDUBON, N. J., March 4 (AP)—Police today read in the entries in her diary for the last four days the story of the shame over the life and death of her mother, Vivian Gordon, that led 16-year-old Benita Blischoff to kill herself.

The girl, a freshman in high school, was found unconscious in the gas-filled kitchen of her home yesterday by her step-mother, Mrs. Eunice Blischoff.

In her diary, which was found on the dresser in her bedroom, she had made four entries, the first on February 28, two days after her mother's body, with a knotted cord around her neck, was found in Van Cortlandt Park, New York. The mother had given information to vice investigators.

Diary Entries

The entries were: "February 28—What an awful mess mother got herself into! She has been found dead in New York, and they are saying terrible things."

"March 1—Every one is nice to me, especially mother (her step-mother). I guess I'll change my name from Blischoff to Frederica (Frederica was her middle name)."

"March 2—They are saying so many things. It is awful."

"March 3—I just can't live any longer. This has got to be too much for me. I am going to end it all. If any money is coming to me from my mother I wish that it be divided between my grandmother, Herbert Trout and Billy. I am in my right mind, and I am now going to turn on the jets."

Her grandmother is Mrs. Margaret Sanders of Philadelphia. Trout was her schoolboy sweetheart, and Billy is Billy Walton, her 18-year-old step-brother. Authorities estimated the estate of Vivian Gordon was worth \$50,000.

"Since this terrible murder," Mrs. Blischoff said, "Benita had been brooding. I could see her getting more and more despondent. She didn't want to face her friends. They came to her and told her they loved her and gave her their sympathy but she didn't want to go to school to be seen by her classmates. I tried my best to take her mind away from the thing, but it seemed to fascinate her."

Benita's father, John E. C. Blischoff, deputy marshal of the District of Columbia reformatory of Lorton, Va., arrived here today to make arrangements for her funeral.

Vivian Gordon was Blischoff's first wife and Benita had lived with him most of the time since he obtained a divorce from her mother in 1925.

Notary Appointment Applications Due

Those holding notary public certificates in Howard county, and who wish to again be appointed for the current year, should file applications immediately.

County Clerk J. I. Prichard declared today the applications can be filed with him or his deputies, or can be sent direct to the representative or senator of this district. The present legislature must act on the applications in order for notaries to receive designations.

Favorable Report Given Bill Seeking Special 32nd Court

A bill to provide a second judge or special court, for the thirty-second judicial district for a period expiring August 1, 1933 has been reported out favorably by the house committee considering it, according to messages of Wednesday from Rep. Penrose Metcalfe of this district.

The bill does not create a new judicial district. It is designed to relieve overloaded dockets, especially in Howard and Nolan counties, by setting up a special court, with a second judge, who will be appointed by the governor if the bill becomes law.

Subjects Announced By Early Arceneaux

Marked by the strict attention accorded by the audience, services at the Church of Christ Tuesday evening centered about the sermon delivered by Early Arceneaux upon the "Monumental Institutions of the Bible."

Mr. Arceneaux treated his topic from a strictly logical point of view, combatting arguments questioning inspired origin of the Passover, the Sabbath, the Lord's Day and the Lord's Supper.

"This evening his topic will be, 'The Living Word of the Living God.' Thursday evening's subject will be 'Common Sense in Bible Study.'"

Services open at 7:45 p. m.

Al Smith To Attend Democrats' Conclave

WASHINGTON, March 4 (AP)—Alfred E. Smith announced definitely today he would attend the democratic national committee tomorrow.

Body of Draves Girl Taken From Its Grave

REYNOLDS, Ind., March 4 (AP)—From its spot shrouded grave in a country cemetery an aged sexton and his assistant today removed the body of Arlene Draves for an examination, ordered by Judge Crumacker at the trial of Virgil Kirkland, 20, accused of the girl's murder, during a drinking party in Gary, Ind. Four other youths face similar charges, but Kirkland won a separate trial.

Capitol Hearings Draw Large Crowds

AUSTIN, March 4 (AP)—The legislature had several more important hearings out of the way today as a result of working late last night.

Hearings in the house last night on validation of West Texas mineral rights, restriction of oil pipe line earnings and labor proposals attracted large crowds.

The house committee on public lands and buildings voted out favorably the bill already passed by the senate validating the title of certain West Texas landowners to fifteen-sixteenths of the minerals under their soil. The bill was introduced by Senator Small of Wellington. The committee voted 10 to one to make a favorable report.

Muscle Shoals Bill Relegated To Morgue

WASHINGTON, March 4 (AP)—The Norris government operation plan for Muscle Shoals was dead legislation today but took its place among issues stored up for future political battles.

The senate late last night failed to override the veto President Hoover had sent it a few hours earlier. A majority, 40, voted against the chief executive, but two-thirds was needed. The senate's failure made house consideration unnecessary.

Negro Porter Held In Cowboy's Death

AMARILLO, Texas, March 4 (AP)—Pete Moore, cowboy from Tucuman, New Mexico, was shot and instantly killed in the lobby of a small hotel here early today. Will "Slim" Moore, negro porter, was arrested immediately, and although he admitted the shooting, he first steadfastly refused to give any motive. Later he said he shot in self defense.

Four eye-witnesses to the shooting, Allen Mitchell and Thurman Dobbins, friends of the victim; W. H. Bethany of Amarillo, and G. Kelly Stout, rancher of Dalhart, were to be questioned this morning.

The shooting took place shortly after 2 a. m.

Pete Moore, son of the foreman of the Bell ranch near Tucuman, was here for the Amarillo Fat Stock Show. His brother, Jim, is foreman of the Mack Sanford ranch near Burger.

Joinerville Stove Blast Starts Fire

Flimsy Shacks Consumed Quickly in Mushroom Village

STORES DESTROYED

Blaze Follows Clean-Up Raids By Texas Ranger Forces

HENDERSON, Texas, March 4 (AP)—Explosion of a gasoline stove in a two-story frame hotel started a fire at Joinerville today that razed 16 buildings, and wiped out half of the little oil town that sprang up almost overnight a few weeks ago when East Texas oil field was discovered.

Work of the Henderson fire department, which made record time in negotiating the six miles to Joinerville, prevented total destruction of the long rows of shacks which housed amusement halls, stores and eating places.

Firemen had to slug an unidentified man to keep him from one of the burning buildings. He insisted on returning to the blazing structure time after time and finally a fireman, tired of attempting to restrain him, knocked him out and dragged him to safety.

Menace

High-tension electric wires were a menace to volunteer fire fighters who fought the fire until the Henderson equipment arrived. The wires finally were cut and put out of the way.

Draft teams were hitched to several of the buildings and dragged them out of the path of the flames. Work of clearing the debris preparatory to rebuilding in order to catch the booming business as soon as possible started immediately.

The fire came upon Joinerville rangers had made a round-up of undesirable characters last night.

Dance Hall Goes

The dance hall that resounded with shuffling feet and strains of a string knock-dock orchestra until almost dawn was one of the first of the buildings to go down in ashes.

It was impossible to estimate the loss on account of the confusion, but all the buildings were flimsy and none held expensive stocks or furnishings.

Buildings destroyed included two hotels, four restaurants and several grocery stores.

The town is situated only a short distance from the first of the 30 producing wells and approximately 150 derricks of the discovery field, which has been extended a distance of about 30 miles by three miles wide.

Second Deficiency Bill Made Ready for Hoover's Signature

The second deficiency bill, providing millions for construction of public buildings, including \$165,000 for a postoffice building in Big Spring, was passed by the senate Tuesday night and was in the hands of the president Wednesday for his signature, which is the last step before it becomes law.

Rev. Whitaker Heard In Revival Sermon

The pastor, Rev. R. L. Whitaker, spoke on "The Drawing Christ" in his night in the second of a series of mid-week meetings to be climaxed by addresses from Rev. R. B. Day Thursday, Friday and Saturday nights.

The subject for tonight as announced by the pastor will be "Other Sheep Have I."

The Weather

WEST TEXAS: Cloudy and unsettled in north, partly cloudy in south portion tonight and Thursday; colder in northwest portion tonight and in west and north portions Thursday; warmer in southeast portion tonight.

LOUISIANA: Fair, slightly warmer in west portion, frost to coast tonight; Thursday partly cloudy, warmer. Light to moderate northerly to westerly wind on the coast.

ARKANSAS: Partly cloudy, warmer tonight; Thursday partly cloudy, warmer in east portion.

OKLAHOMA: Partly cloudy, warmer in east and central portions tonight; Thursday cloudy, colder in west and central portions.

EAST TEXAS: Increasing cloudiness, warmer tonight; Thursday cloudy and unsettled. Warmer in extreme east, colder in northwest portion. Light northerly to easterly winds on the coast becoming moderate to fresh southerly.

Country club officials are putting up the cash. Cross goes pressing in establishment of a summer golf association for this section. The plans, at present call for only a four club loop. We believe that they will find a six club affair works better. The Oilbelt Association is composed of eight, two too many for this section. However, a four club circuit is two too small. We don't know whether San Angelo would be interested or not. Country club officials are rather skeptical. San Angelo has the best course in West Texas, they say, and some feel that the San Angelo golfers perhaps wouldn't care to participate in return tournaments. The only way to find out is to ask, however. The club, with ease, could be composed of Lamesa, Big Spring, Colorado, Midland, Sweetwater and one other club. The thing to avoid, in our estimation, is trips that will take the golfers away from home the whole day. Midland country club officials, we understand, have voiced approval of the league.

Marcus J. Williamson, the Boy Scout executive and editor, are in rather a heated debate as to the outcome of the Mathis-Bardwell game in the state tournament. Mr. Williamson coached the Mathis aggregation for three years. Mr. Editor first saw the light of day at Bardwell. The winner of the game meets the winner of the Big Spring-Yancey contest.

Cyrus Leland has dusted the dust of Texas soil from his breeches and is bound for the land of milk, honey and bathing beauties. The Texas Christian University track flash leaves Fort Worth for Los Angeles. His aim is the Olympic games.

Adolph Dietzel established a new Southwest conference scoring record in the Texas Christian-Southern Methodist game Tuesday night. The towering Christian added nine points to run his total for the season up to 163. Holly Brook's record of 161, made in 1929, was shattered by the elongated and broad goal tesser.

Obie Bristow will be among those present at the State Tournament. The boy with the big knuckles will desert the soothing climatic assets of Tom Green county for a three day jaunt in Austin. His aim is to view the teams with the ideas in mind of next year's season. Bristow will take charge of high school athletics here in September.

Spike Henninger, the athletic young man of the Cosden leading rack, no doubt is walking around in a dream. The basketball season over, the Cosden coach has his eye set upon the baseball time of the year. Like manna from the skies, an outfielder dropped right in Henninger's lap this week. None other than J. Henry Edwards, the clouter, has joined the ranks of the Cosden unit. It will be recalled that for a time, a very short time, last year, Edwards divided his baseball prowess between the Bankers and the bench. The Bankers, however, could find no place for him. Ira Thurman didn't like the kind of tobacco Edwards chewed.

The City League, however, seems destined to be null. It struggled through the summer last year, but it seems interest went waning and has never grown otherwise. The only one who really wants to see the City League revised is Lake Brews, Elmo Wasson's right hand man, as it were. Brews fell on a fruit jar last summer and scarred his knee. Now he wants to fall on another fruit jar with the other knee so that both will match.

Rumor continues to trek out of the San Angelo country regarding next year's football team. It seems, so sayeth the sages, that San Angelo is going to have a football club. It seems that the football club is moving in by degrees, attracted, no doubt, by the streams of running water. Recently the San Angelo scribe told his customers that Obie Bristow didn't expect to have much of a club here, as "The Spring sportsmen were not

Steers Leave For State Tourney

AthensHornets Favored To Win Meet

Longhorns Should Fight Way To The Final Engagements

Bill Stevens and his lanky loopers, likeable lads upon whose shoulders have been heaped the responsibility of representing this section in the State schoolboy basketball tournament, departed for Austin this morning.

Ten of the choicest high school bovines, including five of the cleverest basketballers ever to cop the district and bi-district titles of Districts 8 and 9, were taken to the site of the state engagements by the Steer mentor.

Tommy Hutto and David Hopper, forwards; Elmer Pardue, center; Bill Flowers and Captain Ted Phillips, guards, are the five boys with the abbreviated trousers who will make an effort to sweep through to a state basketball championship, a loving cup of huge dimensions and a peck or so of individual medals. Others making the trip are Cecil Reid, Beverley Rockhold, J. C. Morgan, Dick Woods, Lloyd Forrester, and Squeaky Thompson, the custodian of the locker room regulations.

Perfect Shape
Given little chance by the dopsters to attain the heights of the empire state basketball race, the Steers left in perfect condition. They were in a bracket, opposite that containing such teams as the Athens Hornets, the Denton Broncos, et cetera.

The Steers will fire their first barrel Friday morning at 11 a. m. when they mix with the Yancey quintet of Medina County. Should they win that battle they will meet the winner of the Mathis-Bardwell contest.

Should they be successful in coping from either Mathis or Bardwell the Steers will find themselves in the semi-finals. Once they get that far there is little predictions to just how good a team will have to be to keep them from keeping on.

One of the two outstanding favorites of the tournament is due to be eliminated before they reach the Steers, inasmuch as Denton and Athens are breezing around in the same bracket.

Dark Ponies
All other teams besides the two mentioned are rated as darkhorses. Never has there been such an array of dark horses in one state basketball tournament. Plainview

Donie Bush Adds Grey Hairs Trying To Work Out Way to Improve White Sox Weak and Wobbly Inner Defense

(This is the sixth of a series of first hand Associated Press stories on major league baseball prospects.)

BY GAYLE TALBOT, Jr., Associated Press Sports Writer
SAN ANTONIO, Texas, March 4 (AP).—A wobbly, weak-hitting infield is the problem facing rotund Donie Bush as he starts his second campaign as foreman of the Chicago White Sox. The former premier shortstopper doubtless wishes he could roll back the years and step in to steady his inner works.

Of pitching the Sox have plenty, their catching shapes up well, and they have a trio of slugging outfielders. Bush is satisfied with all three departments; but he has his doubts on the inner defense. A punchless infield largely was responsible for the fact that the Pale Hose dropped 35 one-run decisions last year, the difference between seventh place—where they finished—and points further up. As he drives his blue-clads through their daily workouts, Bush hopes he is building an infield that will do better.

First Base
First base is the big question mark. The lone candidate for that important post is Ray Ratcliff, a youngster who thumped the ball for .369 to lead the Southeastern League last season.

Chalmers Cissell, a jack-of-all-trades last year, will get the call at second, and Bush hopes his 271 hitting will pick up. Lou Appling, the ex-collegian who finished well last year, will start at short. Bush believes he will do. Willie Kamm, the erstwhile \$10,000 beauty, looks like a fixture at third, although he only hit .269 last season.

It isn't such a great quartet, all in all, and Bush admits it. Further, there is nothing very promising about the reserves. Johnny Kerr is slated for the utility role again and Irvin Jeffries, farmed to Toledo last season, where he hit .330, will scrap Kamm for the hot corner job.

Getting around to more pleasant subjects, Bush's particular pride and joy is his outfield. In Carl Reynolds and Smead Jolly, veterans, and Melvin Simons, the 371 clouter obtained from Louisville in a recent trade, the Sox have three gardeners who wallowed the ball for a combined average of .347 last season. They are fixtures. Reynolds, Donie declares, is one of the greatest in the game.

Pitchers
Headed by Ted Lyons, who won 22 games for a seventh place outfit in 1930, the White Sox mound corps ranks as the second or third best in the American League. Alfonso

Mustangs Lose Cage Crown To Frogs

BY BILL PARKER Associated Press Sports Writer

FORT WORTH, Texas, March 4 (AP).—The Texas Christian University Frogs won the Southwest conference basketball championship here last night by defeating the Southern Methodist Mustangs, 37 to 29.

The game, played before a capacity crowd, saw Adolph Dietzel, giant Frog pivot man, riddle the all-time southwest conference scoring mark when he registered a pair of field goals and five free shots for nine points and a season total of 188 points, beating Holly Rock's mark of 161 points established in 1929 while a member of the University of Texas Longhorns.

Captain Bill Skeeters of the Mustangs held Dietzel to one field goal in the first half. In the second half, Dietzel started with a field goal to break the record. Skeeters went out on fouls and it was then Dietzel added points to his new record.

On floor play the Frogs and Mustangs were almost even, but inability to gain the tip-off over "too tall" Dietzel proved disastrous for the Mustangs. Jackie Reynolds, who opposed Dietzel at center, played an excellent game, but he lacked the jumping ability of his opponent.

Southern Methodist, employing a fast breaking offense, shot into a four point lead before the game was five minutes old, and at one time in the initial half held a 19 to 5 lead. T. C. U., using a man to man style, started by shooting unsuccessful mid-court shots, but about middle of half switched their style and started to passing for craps. It was then the Frogs slowly erased S. M. U.'s lead and, with eight minutes to play, Robinson put the Frogs in front, 12 to 10, with a side-court shot. Never again did the Mustangs lead. They knotted the score at 14-all with

16 minutes left in the first half, but at the end of this period, T. C. U. led, 17 to 15.

Petrolle-Tut, Commish Tilt In Full Sway

NEW YORK, March 4 (AP).—The first round of the verbal battle between the New York State Athletic Commission, on the one hand, and King Tut and Billy Petrolle on the other, ended in a stalemate. After listening to the protests of both fighters that their battle in Madison Square Garden last Friday night was strictly on the "up and up," the commission still declined to award the money due the warriors and at the same time withheld any official decision.

KANSAS WINS CAGE HONORS OF BIG SIX

(By The Associated Press) Final Big Six conference standings:

Team	W	L	Pts	Pts
Kansas	7	3	360	352
Nebraska	6	4	300	318
Kansas Aggies	5	5	500	313
Missouri	5	5	500	242
Iowa State	4	6	400	277
Oklahoma	3	7	300	230

KANSAS CITY, March 4 (AP).—The Oklahoma Sooners added the final chapter in the 1931 Big Six basketball race last night by upsetting the Kansas Aggies and forcing them into a third place tie with Missouri in the conference standings.

The Kansas, seeking a victory which would send them into a second place tie with Nebraska, went down before the last place Sooners, 39 to 43 in the final game of the season at Norman, Kansas, which annexed the championship last week, closed its court season last night with a 38 to 32 victory over Creighton in an interconference game at Lawrence.

Controlled Power

NO-NOX ETHYL GASOLINE

... Controls the power in your motor
This it does by regulating the combustion which stops knocks, clicks, and pings. A full spark is permitted at all speeds which prevents over-heating and power waste. A better all round performance of the motor and car is accomplished. The low end point of No-Nox Ethyl gives instant and complete vaporization for QUICK EASY STARTING.

CLUBSCity Federation Makes
Plans For Entertaining
District Meet In April

Mrs. Lee Weather's Pupils Give Interesting and Varied Program of Readings, Dances and Pianologues

The City Federation had a good turn-out at Tuesday's meeting and an enthusiastic response to the suggestion that a County Federation be formed whenever the town women were through with spring work.

The business meeting was devoted to discussion of means for raising funds to entertain the district meeting on April 15. It was decided to collect from clubs which are members of the federation and from individual members and later to have some kind of benefit, if necessary.

Mrs. Garland Woodward, chairman of the Civic committee reported on the federation's cooperation with the Chamber of Commerce in the annual clean-up and beautification campaign.

At the request of C. T. Watson, the president, Mrs. Joyce Fisher, appointed a fire prevention committee to work with the men. Mrs. Marion Edwards, Mrs. C. S. Blomfield, and Mrs. George Wilke, were the members named.

Pupils of Mrs. Lee Weather gave the program which consisted of readings, calisthenics and pianologues. Nancy Dawes was the pianist for the exercises. The program was as follows:

Readings—Woody Baker, Joy Lane, Jack Riggs.

Story—Nina Rose Webb. Pianologue—"Dance of the Paper Dolls," by Eddy Raye Lees.

Readings—Maxine Miller, Dorothy Belle Riggs, Ruth Horn. Story—Gerald Anderson.

Pianologue and Dance—"Yours and Mine," Marguerite Reed with Mrs. Travis Reed at the piano.

Readings—Betty Jean Fisher, Janice Jacobs, Bama Hale.

Pianologue—"Take a Good Look At Mine," Albert M. Fisher, Jr. and Richard.

Calisthenics—Presented by the following—Camille Koberg, Janice Jacobs, Marguerite Reed, Dorothea Campbell, Joy Lane, Nancy Belle Phillips, Frances Katherine Paylor, Betty Jean Fisher, Dorothy Belle Riggs, Eddy Raye Lees, Mildred Lee Harr, Sue Alice Cole, Doris Cunningham, Ruth King, Wynell Woodall, Eloise Kuykendall, Nina Rose Webb.

Beautification Program of State Clubs For 1931

Since this is clean-up and beautification month for the town of Big Spring many women, club and otherwise, will be interested in knowing what the aim of the Texas Federation of Women's Clubs is long this line.

Beautification and conservation of Texas' natural beauties are among their major activities and especially so in this district for this year. The state program, which follows is suggested by Gutson Borglum, America's distinguished artist-sculptor.

Adopt as a slogan: "Make Texas Beautiful—Keep What We Have and Add."

State-wide Beautification
Develop a comprehensive, wise and beautiful plan for a road system.

Beautify the entire length of the Gulf front.

Protect Texas wild flowers. "A bluebonnet beside every Texas flower."

Plant a clump of redbud, sumac, dogwood and hutsache. Develop Texas tropic and semi-tropic plant life—plant oleanders and palms.

Parks and Playgrounds
A community park, a plot of ground or a public flower garden sponsored by every federated club.

Three major parks for Texas are the Caddo Lake, Davis Mountains and Palo Duro Canyon.

Use your influence with State representatives for the purchase, care and maintenance of these major parks.

Community Beautification
Conduct a Yard Beautiful Contest in your community.

Establish a plant and seed exchange. Adopt a community flowering shrub—Use native shrubs for landscaping.

Mrs. W. G. Orenbaum Returns from Visit

Mrs. W. G. Orenbaum returned Monday from a ten-day visit to Fort Worth and Ardmore, Okla. In Fort Worth Mrs. Orenbaum visited her daughter, Mrs. Nebbett Brown in the new home she has recently erected. In Ardmore she visited her brother and sisters.

Thurston Orenbaum and Mrs. Reba Baker motored to Dallas Sunday and brought Mrs. Orenbaum back with them.

MODEST MAIDENS

Miss E. E. E.

Q. Should I go through with what I have in mind?

A. You have given a fictitious name and initials, which is all right. No, and to do so would make you a murderer. This young man loves you and is going to marry you, and you will be happy in the future.

Mrs. P. T. F. Big Spring: Q. Will we get a favorable report from application husband placed with oil company?

A. Yes, and by the time this answer appears in print you will have heard from them.

Miss H. F. L. Big Spring: Q. Where is my string of pearl beads?

A. In the back of the sedan you were in last Saturday night. I would suggest that you phone this man and have him get these beads out of the car before his wife finds them.

Mrs. J. T. W. Big Spring: Q. Why does a certain person act so distant? We have been friends for five years.

A. Yes, I see that you and this woman have been friends several years, but I also see and know that you and her husband have not been friends but a very short while, and this she also sees and knows. You have violated the sanctity of two homes. Stop, look, think, before it is too late.

Sinnott Answers!

Hundreds of questions for Sinnott, the mind reader who is attracting large crowds this week at the Ritz, continued to pour into The Herald offices Wednesday.

Answers to a few of the questions follow:

Mrs. S. E. Big Spring: Q. Is there oil on the property I am interested?

A. Yes, this seems foolish for you to ask, as I see a well that was brought in three months ago and is now producing, and there is a well being drilled at the present time three quarters of a mile west of this producing well. The question was asked by you through curiosity.

Now guess how I knew of the conditions around this matter.

Mrs. T. T. P. Big Spring: Q. Was operated on a year ago and ever since I am afraid that something terrible is going to happen to me. What is the matter with me? I seem in perfect health.

A. Physically you are all right. You have mentally a complex that could have been brought about by many different things. Fear has done more to tear down physical and mental perfection than any of the other emotions. You can will a little effort overcome this condition I believe and if you will secure both of my books, Scientific Thought and Advanced Scientific Thought and use them I am sure you will be surprised with the result you will obtain. If you wish these books you may purchase them at the theatre.

Mrs. W. C. Big Spring: Q. What about my father's business?

A. I see this business south of here and the real trouble is that the woman who is in charge is influencing him and taking advantage of him. A man at your father's age is easily influenced by a woman using the tactics this woman is using. I would suggest that you take steps to protect him.

Miss E. E. E.: Q. Should I go through with what I have in mind?

A. You have given a fictitious name and initials, which is all right. No, and to do so would make you a murderer. This young man loves you and is going to marry you, and you will be happy in the future.

Mrs. P. T. F. Big Spring: Q. Will we get a favorable report from application husband placed with oil company?

A. Yes, and by the time this answer appears in print you will have heard from them.

Miss H. F. L. Big Spring: Q. Where is my string of pearl beads?

A. In the back of the sedan you were in last Saturday night. I would suggest that you phone this man and have him get these beads out of the car before his wife finds them.

Mrs. J. T. W. Big Spring: Q. Why does a certain person act so distant? We have been friends for five years.

A. Yes, I see that you and this woman have been friends several years, but I also see and know that you and her husband have not been friends but a very short while, and this she also sees and knows. You have violated the sanctity of two homes. Stop, look, think, before it is too late.

Mrs. A. G. B. Big Spring: Q. Will I succeed in my efforts along the line I am interested?

A. Yes, the person that you are depending on for help will furnish you with the money to make the move and it is favorable for you.

Mrs. B. P. A. Big Spring: Q. Will husband and I go back together, or get a divorce.

A. I see a reconciliation for you and you will be contented in the future as I see that you both realize that you have made mistakes. Stubbornness and selfishness were the cause of this separation. You will both profit by the mistake you have made in the past.

Miss D. E. W. Big Spring: Q. What should I do under the present circumstances? I am on the verge of insanity.

A. Go away to a new locality. Make new friends, hold up your head, work hard, keep your mind occupied and realize that you are not the first girl that ever made a mistake and will not be the last one. There will be a happy marriage in the future for you, and above all stop worrying. The people that are pointing the finger of scorn at you are in reality themselves hypocrites.

Mrs. B. M. M. Big Spring: Q. What has become of my first husband? Where is he?

A. Married again, living in Tucson, Arizona. Forget him. He will mean nothing in your life in the future.

Meet In Miss
Davis' Home

Prizes Won by Misses True, Pickle, and Mrs. Jennings At Club Meeting

Miss Nell Davis, assisted by Charlie Mobley, was hostess to the O.C.D. club last evening at her home, 1904 Runnels street.

St. Patrick's spirit reigned supreme in the tallies, which were Irish dames and lads filled with blarney and doing terpsichorean jigs, all other accessories and the refreshments.

A delectable plate lunch consisting of clever green sandwiches cut in the shape of bridge figures and filled with cottage cheese and nuts, giant olives, waving shamrock plumage, tea, heart-shaped cookies and green sherbert, was served to the following guests and club members: Helen Hayden, Jeannette Pickle, Mrs. Lorene Henderson, Mrs. Jimmy Jennings, Nola Couch, Claudia Tatum, Vallia True, Irene Knaus, Alice Leeper, Lillian Brunner, Edith Gay, Marie Fambion, Fern Wells, Mabel Robinson, Dorothy King and Mrs. Walter Glenn.

Jeannette Pickle was awarded guest prize which was dainty green crystals.

Mrs. Jimmy Jennings made first grand slam and received a dainty handkerchief.

Vallia True made high club score and was presented a lovely hand-painted sandwich plate.

Flashes of Life

NEW YORK—Outline of an educated man, by Dr. Nicholas Murray Butler, correctness and precision in the use of the mother tongue, refined and gentle manners, the powers and habit of reflection, the power of growth and the possession of efficiency or the power to do so.

ATLANTA—William R. Crispy, Philadelphia broker, continues confident about winning a bet that he will dine with Hoover, golf with Jones and Rockefeller and golf or motor with the Prince of Wales within a year. He has been at a dinner which the president attended. Not finding Bobby Jones in Atlanta he left for Ormond Beach, Fla., for a hunt for John D.

NEW YORK—Would Hoosiers eat fried chicken a la Maryland? It was on the menu of a dinner of the Indiana club of New York and was sent back to the kitchen to have the batter removed and to be re-fried in deep fat instead of in a shallow pan.

COPENHAGEN—Henrik Pontoppidan, 73, who once won the Nobel prize for literature, intends to take no action against the driver of a taxi which injured him seriously. "I had no business to venture out in such bad weather," he explained.

KINGSTON, Jamaica—A source of supply for thirsty in the U. S. A. is to be curbed. The government has decided to put a heavy tax on liquor imported for exportation.

Mrs. F. E. L. Big Spring: Q. Will I win in the law suit that is coming up in few weeks?

A. I would suggest that you have your lawyer to compromise as if this case comes to court it will be laid over to next term at which time I believe you will lose.

Miss J. J. J. Big Spring: Q. Am I right in what I am right worrying over and if I am right what should I do?

A. You are right in your belief and I would consult a physician at once and take the advice of this man.

Mrs. R. W. L. Big Spring: Q. I am going to marry a woman that has been married and has one child. Will I be happy?

A. Yes and you are making a step that will bring happiness to all concerned. Take this child in to your life, as he were your own, and there are many beautiful years ahead for all.

Mrs. D. H. C. Big Spring: Q. Is it possible for one person to influence another against their will?

A. Yes. Auto-suggestion is practiced every day and in many cases in the wrong way. Come to my special matinee for ladies only Friday morning at 11 o'clock and you will learn something about suggestion or influencing other people that if used right will mean much.

Art Exhibits of Paintings
By Texas Artists to Take
Place Wednesday, Thursday

School Children Will Be Admitted on the First Day; Thursday Will Be Occasion of Silver Tea To Which All In City Are Asked

Final plans for the coming art exhibits which are sponsored by the Hyperion Club have been announced. Next Wednesday and Thursday are the days set.

The paintings, which are a representative collection from Texas artists, selected by a committee appointed by the Texas Fine Arts Association, will be shipped to this city from their showing in Lubbock at the end of the week.

Mr. H. W. Caylor has consented to supervise the hanging of the paintings in the basement of the Presbyterian church.

Mrs. Wm. F. Cushing, president of the Hyperion club, has appointed as the special committee to have charge of the art exhibit, Mmes. J. D. Biles, J. B. Young, George Wilke and Homer McNew.

Wednesday afternoon, from 2:30 to 5 o'clock, the showing will be held for the teachers and school children of the city. No admission will be made for the picture but a tray will be placed for any contribution the children want to make.

On Thursday afternoon the silver tea, which will be the social event of the week, will be held at the church basement in order to give the women of the city and the men, who can get away, an opportunity to see the finest collection of Texas art which has ever come to West Texas, according to Mr. Caylor.

Members of the Hyperion Club and Mr. and Mrs. Caylor will be in the receiving line.

The hours will be from 3 to 6 o'clock.

A special invitation has been extended to Colorado and to Midland club women, since the exhibit will not be shown in these cities.

The silver part of the tea is for the payment of the express charges which are expected to be heavy for such large pictures.

Further details of the exhibit will be announced in the Sunday's edition.

All women of the city, regardless of club membership or none, are invited to the Thursday afternoon showing.

Eastern Star Initiates New Members in Meet

The Eastern Star held initiation services yesterday evening for Mrs. George W. Hall and Mrs. Edith Murdock.

The next meeting of the chapter will be a social gathering.

Mrs. J. M. Gilmore of Midland returned home from a short visit with her brother, W. G. Orenbaum.

Best of All

THE ETUDE, a musical magazine, had a bright idea not long ago. It decided it would be interesting to find out what music prominent men would like to hear as they were dying. So Etude sent out a questionnaire and received replies from a number of conspicuous figures.

Billy Sunday, the evangelist, chose "In the Sweet Bye and Bye."
 Alfred E. Smith, "Holy Lord, We Praise Thy Name."
 Nicholas Longworth: Beethoven's "Seventh Symphony."
 Rudy Vallee: Rimsky Karsakoff's "Scheherazade."
 John Philip Sousa: His own "Stars and Stripes Forever."
 Roger Babson: One of Sousa's marches.
 Gene Tunney: Funeral march from Wagner's "Gotterdammerung."
 William Green, president American Federation of Labor: Sextette from "Lucia."
 Howard Thurston, magician: Phonographic rendition of "Old Man River."

There were others, but the selections above are sufficiently diverse as to find a responsive chord in almost everyone's breast. Almost all of them are of cheerful, hopeful nature, showing that prominent men prefer to be wafted off into space to the sound of pleasant music.

OPINIONS OF OTHERS

Women Remain Unequal

Columbia Missourian:
"WE BELIEVE that there is no greater contribution which this generation can make to justice and free than to write into the United States constitution that men and women shall have equal rights throughout the United States and every place subject to its jurisdiction. Miss Maud Younger, congressional chairman of the national women's party, said in a radio address recently.

Approximately 1000 laws discriminating against women are still in effect in the United States, theoretically a land of equal suffrage and rights. These laws are varied and are concerned with the custody of children, with the possession of property, and others. In some states women do not have the right to serve on juries and are not eligible to various state offices.

Women in general have shown their desire for full political, economic, and social equality with men and, likewise, are showing their ability for it. Men are universally agreed that women are entitled to equal rights, although perhaps some secretly hate to admit it. It must be remembered that men passed the nineteenth amendment.

It is absurd in a so-called free country to have 1000 discriminatory laws against women merely because of sex. Women are daily proving themselves the equals of men. Discriminatory legislation must eventually become obsolete as women progress in the world of business and politics. True equal rights will not be achieved by a constitutional amendment but by a general recognition of woman's equal importance in our modern civilization.

BROADCAST TELEVISION
 PASSAIC, N. J. (INS)—Television enthusiasts may now listen to daily programs, regularly broadcast, from station WJZD here. Three are broadcast each day, the new system supplanting a policy of irregular programs. It is said the programs may be picked up as far away as the Rocky Mountains. There are 10,000 owners of television receiving sets in the United States.

TAKE COPIOUS NOTES
 STATE COLLEGE, Pa. (INS)—One hundred thousand "blue books" are used during each academic year by students of Pennsylvania State College, according to a survey of sales of book stores. The "blue books" are blank paper sheets bound together for use in examinations and quizzes. The survey indicates a use of 22 books per student per year.

THE CRIME IN THE DUTCH GARDEN

SYNOPSIS: To find a motive for Annabelle Querding's murder is part of the task confronting Jimmie Maswell, young detective, and Superintendent Richmond, Marjorie Blake, her niece, has found her crushed to death by a stone image in her garden, and Dr. Netherton reluctantly tells how the spasm, just before her death, has told him and Marjorie that the niece would lose her inheritance by marriage. But he tells the police there's no romance between them. After finding the body, Marjorie has summoned her sister, Evelyn, with her fiancé, Lionel Duckworth, from their use room. Nearby also was Major Gresham, in love with Miss Querding. Green, the chauffeur, himself suspected, and Constable Roscoe have seen strange cars, similar to one owned by Captain Stirling, the sisters' friend. Various angles of the mystery are probed when the inquest opens.

Chapter 13

BILL AND MARJORIE
 If the coroner's suggestion that the image might have fallen of itself were correct, there would be no mystery, but Constable Roscoe, after a brief hesitation, reported that an examination of the broken edges of the statue had revealed black edges indicating cracks. The jurors examined them, and the conclusion was unanimous that the image had been pushed over.

A man, Roscoe said, could easily shove the image with one hand, but a woman would have to use two, while it would have been very difficult for Miss Querding to have moved the seat nearer the image, as Haswell had observed it had been placed.

After Dr. Netherton, the next witness, had related his examination of the body at Merrow Craig and had given the necessary details, the coroner told him he would accept his account as expert testimony. "But I must now ask you to regard yourself as an ordinary witness, on the scene of the tragedy."

She told the coroner that after Dr. Netherton had left her in the garden, she had stood alone for about ten minutes and then had returned to the garden, seeing no one meanwhile.

"Now, Miss Blake, this is painful—when you approached your aunt did you expect to find her dead?"

"No! No." The girl shuddered. "Thanking her, the coroner adjourned the inquest for lunch. Jimmie moved over to Richmond, asking him if he had any new theories.

"May not need them," he answered. "You'll get a surprise this afternoon. I have to see the coroner." With that he moved away. (Copyright, 1930, J. B. Lippincott Co.)

VITAL STATISTICS
 SANDSFIELD, Mass. (INS)—One marriage, eight births, and six deaths formed the entire vital statistics record in this town during the year 1930. Sandfield has three prosperous villages: New Boston, West New Boston, and Monville. Their inhabitants are inclined to go to near-by Connecticut to be married, and to hospitals there for treatment. Beside, the nearest large town is Winsted, Conn.

Dr. Burbeck spared Marjorie as far as he could, leading her gently to tell how she had discovered her aunt's body. She confirmed Dr. Netherton's statement concerning Miss Querding's remark about her loss of fortune through marriage and admitted that she had no money except what her aunt allowed her.

"Had your aunt any reason for thinking you and Dr. Netherton wished to marry?"

"She seemed to think it, but she was wrong," Marjorie said, repeating her denial when the coroner reminded her of her meetings with the physician.

The tense silence in court evidenced that Bill had been unwise in remaining silent and thereby focusing extra attention on his interview in the garden. Every eye was on him, and Jimmie was conscious that Audrey Winford, beside him, was holding her breath, waiting for his words. At last they came.

"Miss Querding said that when her niece married she would have none of her money."

There was a little movement in the court. Apparently the villagers were surprised. The coroner put question after question, but Bill persisted that he had not regarded the matter seriously and would give no further information. He insisted that Miss Querding had no reason to think that he and Miss Blake desired to marry.

"Think again," Burbeck persisted. "Haven't you been paying marked attentions to her?"

"I have not," Bill's curt reply was followed by a murmur in the court. Audrey's clenched fists told Jimmie of her concern.

Hollywood Sights

By ROBIN COONS
 HOLLYWOOD—Rouben Mamoulian is much younger than most directors who have built reputations through the years as movie starfinders, but he has a perfect "battering average" in that respect to date.

When the young Theater Guild director stepped in to talk to work, he looked over the field of ingenues before selecting Joan Peers, a girl of little experience and insisted on having her for the role of Helen Morgan's daughter in "Applause."

Miss Peers subsequently came to Hollywood, and after an uncertain beginning clicked in "Tolable David" and other pictures.

Later, when Mamoulian was seeking a heroine for the dramatization of "A Farewell to Arms," his search took him to London where he interviewed players by the score without success. Discouraged, he was about to sail for Paris on his quest when he met Elissa Landi.

Miss Landi came to New York, and was an overnight sensation. She is here now, and is expected to be Fox waltz Dietrich in "Paramount and Garbo to M-G-M."

FAITH
 Mamoulian is frankly disappointed that Clara Bow's illness caused her removal from his picture, "City Streets," as he is confident that the redhead has real dramatic ability if given a vehicle to display it.

But Mamoulian is most interested in the opportunities for creative work offered by the comparatively new medium of talking pictures.

Unlike many stage directors who have turned to talkies he has been interested in the screen for years while actively engaged in the theater.

WOULD CHANGE SCREEN
 Mamoulian believes the present screen inadequate, maintaining that it should be flexible in size. He is ardently for composition in screen scenes.

"Every scene," he says, "should be a perfect picture, worthy of being painted by an artist if it stood alone. And on the screen, as in art, every scene should be projected on a canvas of the size and shape best suited to it."

"The wide screen" does not meet the need, except for great outdoor scenes, and the "standard" screen likewise fails except for certain types of scenes. I am sure this development will come, and soon."

RADIO DAY

by C. E. BUTTERFIELD

NEW YORK, March 4 (AP)—Broadcast's first dunking party is going to be quite an affair.

It seems it would not be a real dunking party unless someone were served to the studio guests, expected to number 200. The rub comes over the corpore. It's hard to locate in this city.

This party is to be a debate, broadcast by WEA and stations at 10:15 to 10:45 tonight. Debaters: Graham McNamee, in favor of crumbling; Doc Rockwell, dunking expert.

Wilton Lackaye, the actor, is to be chairman.

Try these on your radio tonight: Bobby Jones' golf talk on WEA and chain at 7; this week's chat to originate at Los Angeles.

Musical cocktail, WABC and stations at 7:30.

Vaughn De Leath, guest of Olive Palmer and artists, WEA hokup at 8:30.

"The Student Prince" in the pleasure hour, on WJZ chain at 8:30, repeated on another at 10:15.

Welcome program for WOKO, Albany, new CBS station, at 8:30 over the WABC group.

Dr. Albert Einstein's farewell address to America, WABC and others at 9.

Grantland Rice, interviewing Frank Buck, wild animal hunter, WEA and associates at 9:30.

TIED WHEN SHE GOT UP

Strengthened by Lydia E. Pinkham's Vegetable Compound

St. Paul, Minn.—"I used to be as tired when I got up in the morning as when I went to bed. I had fainting spells and palpitation. Of course it was my age. I read a Lydia E. Pinkham booklet and started taking the Vegetable Compound three times a day. I am now a well woman. Three of my neighbors know what it did for me so they are taking it too. I will write to any woman if Lydia E. Pinkham's Vegetable Compound will help her as it did me. I feel like a young woman now and I thank you."

yet you'll find me at the crossroads store"

When Jack's ashore he's liable to be going several places at once! But there's one thing Navy men can get together on—whether in Hong Kong, Seattle, or Newtown Center: Taste is what they want in their cigarettes—the taste that comes from milder and better tobaccos, and from nothing else! They know their cigarettes, these men of the fleet. That's why Chesterfield is the Navy's choice!

 —that's Why!

FOR NINETEEN years, our Research Department has kept intimate touch with every new development of science that could be applied to the manufacture of cigarettes. During this period there has been no development of tested value or importance to the smoker which we have not incorporated into the making of Chesterfield cigarettes.

Patrons of the school met Monday, February 9, with teams, shovels, hoes and other tools and did a day's work at the school buildings while it was too wet to work in the fields.

J. S. Thompson brought his tractor, which he used in leveling the yard. E. B. Ribble, florist of Big Spring, sent some fine elm trees which were set out on the campus. Flower beds were built and canna, rose cuttings, Texas bluebonnets and other flowers planted.

Officials of the school have recently received a copy of "The Roundup," which is an up-to-date little school paper published by Courtney school, Lomax' Martin county neighbor, located ten miles northwest of Stanton. Courtney has a fine new brick building. Mr. Jackson is superintendent and has four assistants on the faculty.

Feb. 13 Mrs. Lucille Allgood, home demonstration agent, met with the 4-H club girls at the school building, with Minta Riddle, the club president, in chair.

Each member answered the roll call with a short talk on preparation of a place at home to do writing. Tiny Griffice gave a very interesting talk about how to clean wood work. The concluding number was a discussion by Arlene Thompson on the subject, "Choosing Curtains for My Bedroom." Mrs. Allgood then discussed work the girls had been doing and made new assignments. Club girls are preparing to assist women of the community in serving to the Big Spring Kiwanis club March 5.

February 11—Twenty-seven students from Lomax school accompanied by their teachers enjoyed Shakespeare's play, "Hamlet," when it was given at Big Spring high school auditorium. Appreciation for Shakespeare was greatly increased and requests have been made by several members of the party that his plays be studied again in class.

Feb. 13—Sunday evening fifteen members of the Epworth from Big Spring visited Lomax and led in the organization of a young people's union here. An excellent program was rendered by the league, after which the following officers were named for the local unit: Ruth Lynn, president; Coy Cook, vice-president; Minta Riddle, secretary; Verma Chapman, corresponding secretary; Bee Riddle, treasurer. Thirty-seven members came into the organization.

"Young People's Meeting" will be the term applied to the group. A joint social with the leagueurs from R-Bar, 1; Vincent, 1; Morris, 1; Gay Hill, 4; Center Point, 1; Forsan, 1; Midway, 4; Elbow, 1; Cauble, 1; Moore, 1; Richland, 1; Green Valley, 1; Bisco, 2; Fairview, 1; Chalk, 3; Morgan, 2; Lomax, 1; Hartwell, 1; Knott, 4; Highway, 3; Vealmoor, 1; Soash, 1.

FIND NEOLITHIC VILLAGE—Excavations conducted by Dr. Fremderdorf, head of the Roman department of the Wallraf-Richartz Museum, near the Cologne suburb findental have uncovered the first neolithic village ever discovered.

Big Spring will be held at the Lomax gym in the near future.

February 23—Teachers in Lomax school accord to Mrs. M. R. Showalter, county health nurse, credit for putting over an excellent program here. Her work here has consisted of thirty diphtheria toxins, five teeth corrections, four tonsil operations, treatment of glandular trouble, two visual corrections and eighty tooth brushes have been distributed. Tooth brush drill is held at noon recess daily.

Through her lectures Mrs. Showalter has been able to help pupils much in selection of foods and in following other health rules.

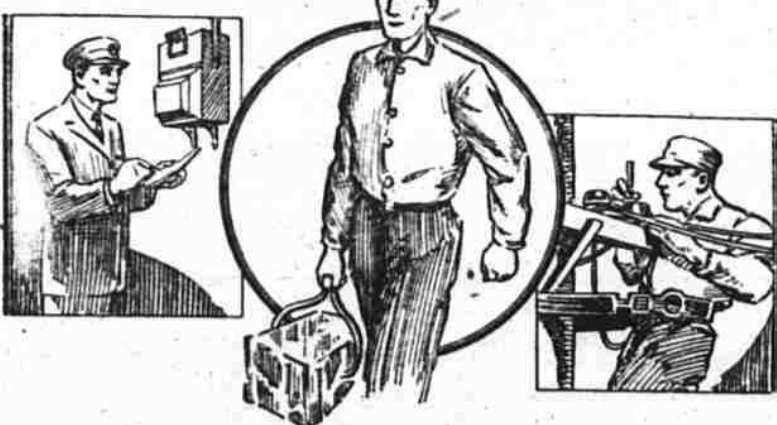

Feb. 19—Lomax people heard addresses by several Big Spring people, who were here in the interests of a museum being started there. Mrs. Rumpas of the Big Spring high school faculty, introduced the speakers after briefly explaining object of the museum. Miss Cox was the principal speaker. She gave an excellent address in which she showed clearly the value of visual education.

Mrs. Hoppel, who is the mother of the Lomax P.T.A., told of the work being done by the B.S.H.S. History Club. Dr. C. C. Carter gave an interesting account of his tour of China. Others here were Mrs. C. Carter and Mr. and Mrs. Olin Cox.

Feb. 23—The Hornets have laid aside their basketball uniforms and donned track regalia. Their season record was a good one, having won all except three of their thirty-four games. The season closed with a defeat at the hands of Snyder at the district meet at Colorado. All for My Bedroom." Mrs. Allgood then discussed work the girls had been doing and made new assignments. Club girls are preparing to assist women of the community in serving to the Big Spring Kiwanis club March 5.

Miss Arne Phillips, the coach, had five fine boys on the first string this season. McGinnis, Cook, Williams and others. Miss Phillips took these boys when two of them had never shot a goal in their lives. There was not even a court here to play on. The school was four years old and had an enrollment of 32. The first season she was here, which was three years ago, the Hornets won second place in the county meet. Last year they won the county flag and this year repeated.

Diversified Utility Service Makes a Sound Investment Yielding about 6½%

THE connection of the Southern Ice and Utilities Company with the Associated Gas and Electric System makes it one of a group of properties furnishing electricity, gas, ice and other utility services, to 1,429,934 customers. A total of 2,500 communities in 26 states are served by the Associated System.

This wide diversity of areas served, combined with the essential nature of the services, assures stability and steady growth. From 1920 to 1930 Associated gross revenue and number of customers increased at an average annual rate of 10%. During 1930, despite the general slowing down of business, gross revenue and number of customers continued to increase.

Two Sound Securities—Yielding about 6½%

Customers of the Southern Ice and Utilities Company now have the opportunity to purchase Associated Gas and Electric Company Gold Debenture Bonds (due 1968) and \$6.50 Cumulative Preference Stock. Investment may be made with a first payment of \$10 per \$100 principal amount, and \$10 monthly.

When word was brought here of the Steers' victory the entire student body rejoiced. It is the Lomax hope that Howard county, Big Spring high school and Coach Bill Stevens will meet much success in the state tournament.

Livestock Feeding Test Appropriation Object of Hearing

Public hearing will be held before the appropriations committee of both houses of the legislature Thursday, March 5, at which requests for allotments of funds to carry on cattle feeding tests and demonstrations at agricultural experiment farms in West Texas will be presented.

Arrangements for the West Texas group to appear at the hearing were made by Adrian Pool, member of the state board of control.

Among the appropriations to be sought will be \$12,600 or more to match federal funds now being expended in the cattle feeding tests at the U. S. farm experiment station here.

C. T. Watson, manager of the Chamber of Commerce, has been notified of the hearing and asked by D. A. Sandeen, manager of the West Texas Chamber of Commerce, to attend.

CHINESE SHORTHAND—PEIPING (INS)—The miracle of seeing a man write 154 complicated Chinese characters or words in two minutes was the treat offered to an amazed audience here when Liu Heuch-chum, demonstrated his system of Chinese shorthand.
