PRICE SEVEN CENTS

TRAIL DUST

By DOUGLAS MEADOR

Economic influence is causing more people to stay at home. It costs too much to go anywhere.

Either my glasses need changing or they have removed the definition of beauty from the appraisals as airline hostesses.

Never underestimate the power of a woman unless you are a poor and homely bachelor, and then keep your fingers crossed and avoid spilling salt.

On the streets of San Antonio Sunday, a young man walked against the freezing wind. His attire included cowboy boots and a large broad-brimmed western hat, pulled down over pink earmuffs.

One way of preserving your integrity is to avoid being anything but honest.

To seek immortality is to climb toward a cold, blue star on a stairway that sways into space like a suspended string in the wind.

Some youths may be confused to the extent that they understand "the straight and narrow path" to mean the asphalt between white lines in a traffic lane.

A man may get out on a limb for security reasons and then realize he was afraid of harking intended for someone else.

Support Urged For Crucial Cage Play

The public is urged to follow Matador basketball teams to Quilike Friday (tomorrow) night for two crucial cage games.

The local girls take the court at 7:00 p.m. against the Panthers and immediately following at 8:15, the boys meet the Panthers.

The girls must bring home a victory to maintain their first place tie in district play. The boys will be taking a final lunge at the undefeated, first place Panthers before the district tournament next week end.

Mr. and Mrs. Walter Russell returned home Thursday from Lubbock, where they spent three weeks in the home of their son and family, Mr. and Mrs. W. E. Russell.

In Viet Nam

PFC. Melvin D. (Bud) Hall, a native of Roaring Springs, is serving with troops North East of Saigon in Viet Nam, following 10 months training with the 50th Engr. Co. at U. S. M. A. West Point, New York. He is the son of Mr. and Mrs. W. L. (Jack) Hall, 300 Moon S. E. Albuquerque, N. M. and a graduate of Farmington, N. M. High School. He visited his parents during November and left for Viet Nam, Dec. 9. He is with the 557th Engr. Co., at Bien Hoa, according to word received by his parents, who hear from him often. He was born March 9, 1942 in Roaring Springs.

Mrs. L. R. Browning Claimed By Death

Mrs. L. R. Browning, 83, pioneer resident of Motley County, died at 7:37 p.m. Monday, in the Kent County Nursing Home at Jayton, where she had been a patient the past three years.

Funeral services were held at 2:30 p.m. Wednesday at the First Baptist Church. Officiating were the Rev. F. D. Hankins, pastor of the Truscott Baptist Church, and the Rev. James Hancock, local pastor.

Burial was in the Whiteflat Cemetery under direction of Seigler Funeral Home. Born Lula Lee Jay, August 18, 1882 at Pasadena, Harris County, Texas she had attained the age of 83 years, 5 months and 13 days at the time of her death on January 31. She had been ill the past two months.

She was married to L. R. Browning, June 1, 1902 at New York, Henderson County, Texas, and they made their home in that area the first several years of their marriage. They came to Motley County in August, 1912, making their home in the Whiteflat community until 1946, when they moved to Matador. Mr. Browning passed away here July 13, 1951.

Mrs. Browning had been a member of the Matador First Baptist Church for the past 20 years. (Continued on back page)

License Plates Sale Started

The expensive little pieces of metal that must be attached to the back and front ends of motor vehicles are now on sale. About 25 cars were registered late yesterday.

Total registration of automobiles in Motley County for 1965 was slightly over 1,000. Tags must be on all motor vehicles by April 1.

Inspection stickers for windshields must be attached by April 15, although they are not required to register a motor vehicle, they are required to operate it after April 15.

The 1966 Texas license is white letters and figures on black background, and county numbers start at BMK 350 through BMK 999, then start BML 10.

Flomot Man Dies Of Heart Attack

O. D. Calvert, 66, resident of the Flomot community since 1914, died at his home 3 1/2 miles East of town, about 9:30 p.m. Monday from an apparent heart attack.

Funeral services were held at 3 p.m. Wednesday at the Flomot Church of Christ, with Minister Alva Johnson of Turkey, officiating. Burial was in Flomot Memorial Park Cemetery under direction of Seigler Funeral Home of Turkey.

Ottie Dewey Calvert was born January 28, 1900 in Wise County, Texas and had attained his 66th birthday, three days prior to his death on January 31. He was married to Miss Viola Blackshear, February 5, 1928 at Roaring Springs, and they had made their home at Flomot since their marriage. He was a farmer and a member of the Church of Christ.

Survivors include his wife, four sons: Doyle and George Calvert, both of Flomot; O. D. Calvert Jr., Augusta, Ga.; and Ray Burl Calvert of Canyon, two daughters, Mrs. Max Bush (Barbara) of Muleshoe and Mrs. E. J. Browning (Mary) of Flomot, two brothers, D. L. Calvert, Petersburg, and Roy Calvert, Abernathy, three sisters, Mrs. Ethel Martin, El Centro, Calif.; Mrs. S. A. Purdy, Littlefield, and Mrs. Cooper Crain, Siloam Springs, Ark., and 10 grandchildren.

Pallbearers were: Leon Cloyd, A. J. Barron, Horace Hunter, Ike Gilbert, Harmon Moseley, J. C. Franks, James Ross and Frank Montgomery. Named as honorary pallbearers were Ollie Nail, Quitaque, Austin Tanner, Tulla, Ward Rattan, Matador, Zollie George, Joe Degan and Sam Ross.

Recreation Club Funds go to MOD. Total amount of money collected by the Matador Recreation Club Friday (Feb. 4) will be contributed to the Matador Mothers' March of Dimes, it was announced Monday by Henry Thompson, manager.

The non-profit organization has made a number of contributions to civic groups. Mr. Thompson said he had received the permission of the directors to give the entire day's proceeds to the MOD. He said the club would remain open as long as customers continued, even as late as midnight.

Both Estelline and Matador stand 6-1 in district play. Matador fell to Estelline early in conference play and last week Quitaque snatched a victory from the undefeated Estelline Cubs.

Tomorrow night the girls travel to Quitaque to contest the Panthers, whom they nudged 49-48 earlier this season. A victory over the district's second place team, Quitaque, would allow Matador to maintain its tie with Estelline and keep the Cubs from walking to the district tournament with a first place in the round robin, won with little effort.

Brotherton Enters County Judge Race

A LONE CANDIDATE, Glen Brotherton, had announced for the office of County Judge and Ex-Officio County Superintendent at press time last night. He resigned his job with State Comptroller Robert S. Calvert's office Monday night in order to be a candidate. He had held the position for 14 years.

Brotherton is the son of the late Rev. Marvin Brotherton, and Mrs. Mattie Brotherton of Matador. He was born in Kirkland, Texas 39 years ago and graduated from Texhoma, Okla. High School with the Class of 1945.

He attended Amarillo College and West Texas State University, Canyon, for three years. He lived here in 1949 when his father was pastor of the First Methodist Church. Brotherton returned here in 1952 after his retirement and died one year later.

Glen Brotherton returned to Matador in 1953 and married Miss Nell Webb in 1959 and has made his home here since that time.

The son of a Methodist minister, he has been active in church work most of his life. He has served as church youth director for ten years and is a member of the Board of Trustees. He is Church Lay Leader, teaches a Sunday School class and is counselor for MYF.

Judge Withdraws. County Judge Elbert Reeves announced last week that he had withdrawn as a candidate for reelection, because of personal reasons. Brotherton's announcement was made after the withdrawal was made public.

Regarding his announcement, he said "I have resigned from the State Comptroller's office after 14 years employment. My duties have required traveling eight West Texas counties. I would prefer to work here at home."

"I sincerely feel that I am qualified for the office of County Judge and Ex-Officio County Superintendent. In event the voters of Motley County elect me, I promise to serve them with equal fairness and to the best of my ability. I will appreciate the vote and influence of everyone who may find it possible to support my campaign. I will make an attempt to see every voter in the county before May 7, but offer this announcement as a solicitation to those whom I may fail to see personally."

More Pay Poll Tax. Sale of poll taxes in Motley County took a sudden jump during the final two days, according to the office of Sheriff Tax Assessor and Collector J. D. Spray.

At the close of business Monday, a total of 679 poll taxes had been paid and a total of 21 exemptions issued, making the county's total registered vote at 700. The total number of "overs" (over 60 years of age who are not required to register in this county) may well bring the voting strength to near 1,000.

Exemptions may still be obtained until 30 days before an election.

Girls Tie For 1st By Wringing Turks. Matador girls' basketball team slipped into a first place tie with the Estelline Cubs for the Dist. 10-B crown by wringing the Turks 52-35, in Turkey Friday night, January 27.

The Matador girls had a tough assignment, although they had previously defeated the Turks twice. At the end of the first quarter the local girls lagged behind 13-11 and at the half trailed 24-22.

In the second half the guards subdued Karen Arnold and the trio of Matador forwards outscored their opponents 19-11 to take the victory.

Karol King and Shelley Stevens led the way with 22 points each. Most of Karol's shots were near the bucket and Shelley tossed in her contribution from her position near the top of the circle. Ruby Storey added 8 to cap the Matador scoring.

Tomorrow night the girls travel to Quitaque to contest the Panthers, whom they nudged 49-48 earlier this season. NOT SO WHITE AS THE DRIVEN — Snow cleared from the streets melts slowly in the near freezing weather yesterday afternoon. Two snow storms in the past two weeks dumped more than 11 inches on Matador. City of Matador employees scraped the streets with power equipment more than ten days ago. A second blizzard Friday and a third cold wave Monday night, caused the snow to melt slowly. Many racks of the street debris are scattered over the business area. The above was made on Main Street, immediately north of the Tribune Building.

Jubilee Discussed By County Leaders

PLANS TO OBSERVE MOTLEY COUNTY'S 75th anniversary were discussed here Saturday in a meeting held in the West Texas Utilities Co. office. A date has not been set for the Diamond Jubilee, but Motley County was organized 75 years ago this year.

Meeting with the group representing three communities in the county, was Mel Eckerstrom, representative of the Rogers Company of Fostoria, Ohio, which specializes in producing this type of celebration. The company has been in business 60 years and has produced more than 4,000 celebrations for various forms of observances.

Towns in this area which have used the services of the Rogers Company include communities as small as Tatum, New Mexico, Post, Tulsa, Fort Stockton and others.

No definite action was taken but another meeting will be held Monday afternoon in the District Courtroom at 2:30 p.m.

Attending the meeting Saturday were Mr. and Mrs. Glenn Woodruff. Mr. Woodruff is president of the Matador Lions Club, R. M. Stanley, Ronnie Christian, Freddie Welling, Commissioner Clyde Gilbert and J. R. Whitworth.

Attending from Flomot were Boss Lion James Monk and Commissioner Malcolm Turner. From Roaring Springs were Boss Lion Charlie Long and Mayor G. W. Green.

55 REPRESENTATIVE SCHEDULES MEETING. A representative of the Lubbock Social Security office will be in Matador, Feb. 9 (Wednesday), at the First State Bank, for the convenience of those needing information. His next scheduled trip here will be March 9.

An advertisement elsewhere in this issue of the Tribune lists many of the items which will continue to be on sale through Saturday, after which they return to regular prices.

Services Held For George Hensarling

Funeral services for George Vinson Hensarling, 83, were held at 10 a.m. Wednesday at the First Baptist Church in Roaring Springs. He had been a long-time member of this church.

Mr. Hensarling, a retired farmer, had suffered a stroke about three weeks ago, and passed away at Stanley Hospital at about 11:30 p.m. Monday.

Officiating in the service were the Rev. C. A. Butler, pastor, and the Rev. Mrs. Ben Dillard, pastor of the Assembly of God Church, Roaring Springs. Burial was in the Roaring Springs Cemetery. Arrangements were by Seigler Funeral Home, Matador.

Born April 8, 1882 at Hattisburg, Miss., Mr. Hensarling died January 31, 1966, at the age of 83 years, 9 months and 23 days. (Continued on back page)

Cost Of Operating Vehicles Increases

Their use of Texas highways and motor vehicle operators a record \$432,643,000 in 1955 — a \$23,046,000 increase over the year before, the Texas Mid-Continent Oil & Gas Association estimated this week.

Charles F. Heidrick, state chairman of the Association's Oil Information Committee, said about 80 per cent of the total was collected at the gasoline pump at the rate of 5 cents per gallon. Other state highway-user taxes include motor vehicle registration and license fees.

Texas highway users pay tremendous sums toward development of a highway system that will meet their needs. They must be alert to attempts to raid these funds for non-highway governmental projects, Heidrick said.

Last year, state highway-user taxes totaled almost \$7 billion in the U. S., while special federal taxes were about \$3.7 billion. Association estimates were based on statistics recently released by the U. S. Department of Commerce.

COUNTY AGENT PALLMEYER SAYS:

Just a reminder to those who plan to order trees and shrubs for windbreaks. Cost is \$1.50 per hundred plus tax, with minimum order of 100 plants, with species in multiples of 50. Shipments will start in mid February.

If you don't have the list of plants available or order blanks, let me know.

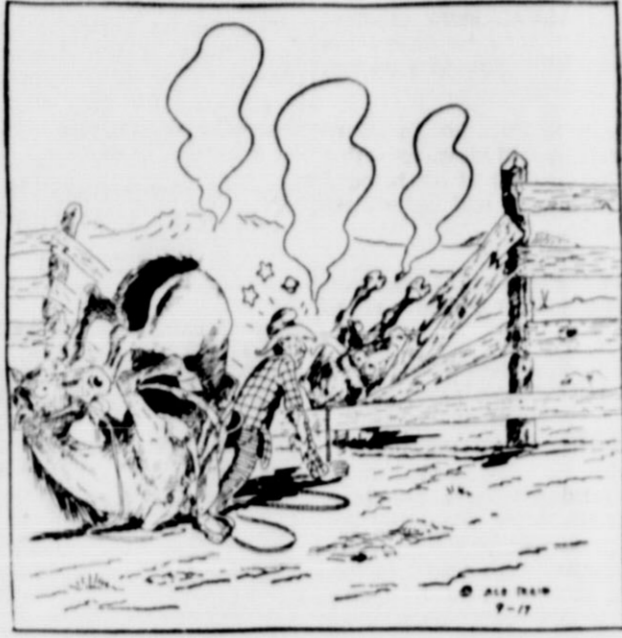

High condition or over fatness can cause temporary or permanent sterility in both cows and bulls. This occurs frequently in heifers fitted for shows. Excess condition can also affect the life of the cow. In addition to reproduction problems, overfeeding can also result in the wastage of large amounts of feed not needed by the animal to meet growth requirements. Some cattlemen may neglect their animals by failing to recognize the existence of ration deficiencies. As a result animals may not receive sufficient amounts of calcium, phosphorus, salt, Vitamin A, protein supplement and energy.

Your help is needed in finding spots for demonstrations. If you have any of the following, please notify me immediately.

1. A pasture of 20 to 30 acres on which the grass is about the same as your other pastures. Intent is to fertilize a small plot using a plane to determine the comparison of growth on the fertilized plot against unfertilized range land.

2. A pasture of about 1 section size for brush control. This section will be stocked at the same rate as the rest of the pasture land, with a comparison of weights of calves produced on this area to be judged against weights on calves on untreated land.

3. About 50 or 60 acres of untreated mesquite on fairly level land. Must be about 5 miles from cotton as application will not be made until up in the summer.

4. Same as No. 3, except application will be to secure a leaf drop, and a treatment of regrowth to be made the following year.

I have some spots listed, but to insure good tests, need more spots to select from.

proper soil conditions and the leaves will not develop properly if the atmosphere is poor.

Research shows the best growing medium for indoor plants is a mixture of 50% horticultural grade perlite and 50% coarse peat moss, to which the following solution can be added: One teaspoon for each 6 in. pot or 1/2 lb. of all purpose fertilizer for each 100 square feet of surface soil. Wet the mixture of moss and perlite before potting, and water once a week. Fertilize once every three months.

Indoor plants do best when the temperature is between 60 to 70 degrees at night and during the day. They can stand temperatures as high as 85 or 90 degrees. The brighter the light during the daytime, the less important the use of artificial

light. The plants need 8 hours of darkness per day for healthy growth, and when only "day light" fluorescent light is used, the color of plants may take on a cold and faded appearance. This can be overcome by incandescent lights.

I am sure that you want your plants to look the best. If not satisfied with present results, why not try these suggestions.

NORTHFIELD NEWS

by Mrs. Homer Davis

Mr. and Mrs. Billy Paul Simpson and Tanya made a business trip to Lubbock last Wednesday. They were accompanied home by his mother, Mrs. P. A. Simpson and her mother, Mrs. F. S. Bourland, who was a patient in the hospital for several days.

Johnny Thomas of Canyon spent several days with his parents, Mr. and Mrs. Allan Thomas.

Guy Ashford of Turkey visited last Wednesday with his sister and husband, Mr. and Mrs. Jim Dobbins. Visiting in the Dobbins home Sunday was Mrs. Ed Harris of Matador.

Rev. and Mrs. Nathan Mulder of South Plains were guests of Mr. and Mrs. Newell Timmons, Sunday.

Mr. and Mrs. Pety Timmons of Lubbock visited his parents, Mr. and Mrs. Pete Timmons during the week end, and with other relatives, including his sister and family, Mr. and Mrs. N. L. Cook, and brother and family, Mr. and Mrs. Renee Timmons. Mr. and Mrs. Homer Davis visited Sunday in Estelline with Mr. and Mrs. Dude Merrell.

Friends who visited Tom Moore in Childrens General Hospital last week, while attending to business there, included Mr. and Mrs. Delmont Hays, and Mr. and Mrs. Weldon Timmons. Mr. Moore suffered a heart attack recently.

Chinook Wind

The mercury had dipped to seven below at Amarillo before dawn.

A weather Bureau spokesman said the unusual condition was caused by a chinook wind, which carries a narrow band of warm, dry air off the eastern slopes of the Rocky Mountains.

Southern Yellow pine is the most important Texas forest product.

Dalhart Has Warm Glow

(Delayed from last week)

DALHART, Tex.—What Weather Bureau experts call a "chinook wind" caused some bizarre temperatures Saturday in the Panhandle.

Dalhart, 80 miles northwest of Amarillo, had 31 degrees shortly after noon, while Amarillo shivered with a 10 degree reading.

It was even warmer in Dalhart than at Waco in Central Texas, which posted 30 degrees at the time.

Ex-students Here Between Semesters

For the past two weeks Matador's ex-students have been returning to Matador as their respective colleges and universities have a mid-term holiday.

Patsy Hankins, the daughter of Mr. and Mrs. Roy Hankins, spent last week with her parents before classes resumed at Texas Tech Friday, January 28.

Also here from Tech were Gary and Richard Campbell, who visited with their respective parents, Mr. and Mrs. Forrest Campbell, and Mr. and Mrs. R. E. Campbell Jr., and their grandparents, Mr. and Mrs. R. E. Campbell Sr.

Kenneth Pitts, another Texas Tech freshman, spent several days last week with his parents and family, Mr. and Mrs. D. E. Pitts Jr., Judy, Don and Elizabeth.

Tommy Green, visited with his parents, Mr. and Mrs. Jack Green, last week during the mid-term holiday at Texas Tech.

Another Tech student, Jack McCallie, the son of former Matador residents, Mr. and Mrs. Jack McCallie of Borger, spent Wednesday and Thursday in Matador visiting Miss Ruthie Lynn, a Texas Women's University freshman, who was home for mid-semester and visiting her parents and sister, Mr. and Mrs. L. L. Lynn and Gail.

Tim Sturdivant, a University of Texas student, arrived Wednesday, January 26, and returned to the University Tuesday before classes resumed Monday, January 31. He is the son of Mr. and Mrs. J. P. Sturdivant.

Nancy Traweek arrived in Matador from Austin College in Sherman and spent a week with her parents, Mr. and Mrs. Howard Traweek, before beginning classes at Texas Tech.

Tim Green, a South Plains College student spent four days with his parents and family, Mr.

4-H Club Is Shown Conservation Film

The local 4-H Club met Tuesday, January 25, in the science room for its regular monthly meeting.

President Joan Barton conducted a lengthy business meeting in which the members discussed the forthcoming County talent show, elected a boy and girl as delegates to represent Motley County at the district meeting, and discussed the Soil Conservation themes.

The program featured slides on conservation to help those writing essays on "Conservation the Key to Plenty," for the annual essay contest.

and Mrs. Luther Green Patsy, Virginia, and Andy, before classes began again at SPC, January 25. A friend, Leslie Gilbert of Paducah, accompanied Tim home and spent the week end with the Greens.

Jane Briscoe, who has been working in Levelland, was home for the week end recently and returned to begin classes at South Plains College.

Scottie Robbins spent four days last week with her parents and sister, Mr. and Mrs. Scott Robbins and Sue, before returning to Denton and classes at North Texas State University, January 31.

Sue Stevens, a sophomore at Hardin Simmons University in Abilene, arrived home last Friday, January 28, and spent several days with her parents and family, Mr. and Mrs. John Stevens, Shelley, Shane, and Steve.

Impressive Record Inspires Matadors

Although pre-conference win-loss statistics are against the Matador boys, they plan to battle it out with the Quitaque Panthers for the District 10-B basketball crown.

Since a team's record for the season often gives little indication to their district opportunities because of the difference in pre-conference opponents, the Matadors remain undaunted despite their 8-10 record. The Matadors also face a twenty-three year losing streak, their last district crown coming in 1943. The 1966 cagers, however, have thus far compiled a record that indicates a possibility of breaking this jinx.

This year's Matadors have shot the ball 1,444 times to outscore their opponents 920-912, yet have lost ten of their eighteen games. Again in district play, the boys have surpassed their opponents by averaging 64.4 points a game as compared with 54.3 for their opposers, but have dropped three of their eight conference contests.

One boy who is responsible for much of the scoring is senior starter, Pete Richardson, who has dumped in 139 points on 61 field goals and 17 free throws for an average of 19.9 points a game in district play. He also holds the Red and Black's best average for the season of 18.7 points a game. A real hustler, he leads his team on defense in district by bringing down 49 rebounds and picking up 7 recoveries.

Captain Charles Meador has an outstanding 61.3% on 31 free throw tries and 44.6% on 130 field goal attempts, for a total of 135 points in district competition to take the number two spot in Matador's scoring parade. For

the season, Meador is Matador's number one scorer with 297 points.

Luis Moore, a junior and co-captain, and Andy, before classes began again at SPC, January 25. A friend, Leslie Gilbert of Paducah, accompanied Tim home and spent the week end with the Greens.

Larry Bynum, who hit 66% on 8 of 12 tries, holds the crown for most accurate at the charity line. Ronnie Cole, a starting senior, has hit 42.3% on field goals and is another vertebra in the backbone of the Matador defense, having recovered and rebounded the ball 40 times.

The Matadors who have lost two previous tilts to the Panthers, close out the season February 4, when they meet the Quitaque quintet on the Panthers' home court the week before the 10-B conference contestants converge on Turkey, February 10, 11, and 12 for the District Tournament.

Matadors Subdued 70-67 By Turkey

Turkey Turks nipped the Matador boys 70-67 on the Turk's court January 27 in one of the season's biggest upsets.

The Matadors, having already plucked the Turks 41-34 in pre-conference action and 79-59 in district play, trailed 19-16 at the end of the first quarter.

In the second stanza the boys began to slip through the Turkey defense and traded their three point deficit for a five point advantage before retiring at the half.

In the third quarter the Red and Black turned their attention toward Rodney Mullins, who had led Turkey scoring the first half with 14 points, to the new field general, David Majors, who ran in, around, and under the beleaguered Matadors for 23 points and starred on his long shots.

At the opening of the fourth quarter the local boys found themselves behind but were ahead several times as the lead saw-sawed back and forth with almost every shot. As the excited fans watched, the 67-67 tie with two minutes left to play changed to a 70-67 victory for Turkey as the Turks dropped in a field goal and sunk a free throw.

Pete Richardson, who hit 50% on field goals, was the games top scorer with 30 points on 13 field goals and 4 free throws.

The Yeoman And The Cattleman

By John Barnhill

Editor's note: The following was written in class by an English IV student, John Barnhill, when the class was asked to compare one of the characters in the prologue to Chaucer's Canterbury Tales with his counterpart of today.

The contemporary Yeoman is a cattleman, John Stotts by name. In place of a coat and hood of green, he wears Lewis blue and a Stetson. In place of arrows bright and clean, a well kept 22 caliber rifle rests behind the seat of his pickup.

Like the Yeoman's well-kept gear his tools are freshly oiled; his rope is neatly coiled.

He wears his hair (what is left after years of worrying about the market) closely cropped and

Literary Land

Nathaniel Hawthorne wrote his most noted novel, *The Scarlet Letter*, after pondering for a long while on its theme. Hawthorne says in his reader in this classic novel built on the theme of sin and redemption. "Be true." He tries to show through Arthur Dimmesdale, one of his main characters, that concealment of sin is worse than the sin itself, for hypocrisy is thus added to the weight of the original sin.

Although some critics have said that Hawthorne overdoes the symbolism in *The Scarlet Letter*, it was hailed as the finest piece of imaginative writing in the United States at that time. It was entirely American and as high in quality as anything that had been written in Europe. As a result Hawthorne's novel was a great success.

Although the book was written around the well-worn theme of wife, lover, and husband, Hawthorne gives his novel individuality with his use of contrast between light and dark, his use of color and his use of the theme of isolation. Throughout his novel Hawthorne indicates that one who sins is forced to live in darkness and that the sunlight of happiness will avoid him. The theme of isolation is carried out in the site Hester Prynne chose for her home, surrounded by the sea on one side and a forest on the other. Hawthorne said that the scarlet letter had the effect of a spell on Hester, as it took her out of the ordinary relations with humanity and enclosed her

in a sphere by herself, thus revealing the loneliness that one who sins must face.

The Scarlet Letter is an intense study of the changes in character of those who are openly punished for their sins and those who are compelled to suffer inwardly.

Senior Spotlight

by John Barnhill

Dennis Ray Hoover, Matador High School's junior edition of Hank Williams, was born to Mr. and Mrs. Rayworth Hoover in Matador, February 3, 1949.

Although Dennis is diminutive in size, he comes on strong when given a guitar and microphone. Dennis, who plays rhythm guitar for the local Imperials, has won many awards for his singing ability. At various local contests he has won two first place awards and three seconds, including a first and a second at the Matador Amateur Hour.

The youngest member of the senior class, Dennis transferred here from Northfield in the fifth grade and since has been active in 4-H Club, Future Farmers of America and served on several FFA judging teams. Dennis lists biology and typing. For relaxation he enjoys singing and building model cars.

At present he plans to attend college but is uncertain where he will go.

Mavericks Outlast Silverton's Owls

Matador Grade School cage teams once again brought home victories when they met the Silverton Owls, January 24 in Silverton.

Maverick girls tussled the Silverton six 36-20. High pointer for the Mavericks was Brenda Wason with 18 points, followed closely by Bobby Lewis with 14. Gail Lynn contributed the remaining 4 points.

Playing a fine defensive game were guards, Patty Edwards, Bridget Barton, and Debbie Smallwood, who held the Owlettes to 20 points.

In a real squeaker, the boys slipped past the Owls 36-28 in a two minute overtime. At the close of the allotted time the score stood 28-28, but the spunky Mavericks bounced up in the overtime and scored 8 points to steal the game.

The Maverick boys made one third of their points at the free throw line, by hitting 55% as compared with the Owls' 14%.

Top scorer for the home team was Ronnie Welling, who popped in 17 points. Others scoring were Jackie Bynum with 8 points, Darrell Cruse with 7 points, and Don Ray Sims with 4.

Beta Members Will Attend Convention

by Sharlene Berryman

The Beta Club met in the English room, January 25, to discuss the state wide Beta Convention in Dallas, February 4, and their participation in the annual March of Dimes drive.

Beta, an honor organization that stresses character, leadership and achievement, is in its fourth year at Matador High School. This year, however, will be the first time the members of the club have been represented at the convention. The delegation consists of president Jane Barnhill, vice president Karen Elliott, Jana Jones, Larry Elliot and sponsor, Mrs. Grace Tommons. The group will be accompanied to Dallas by Mrs. Jane Barnhill.

FOURTH graders held an exhibit last week of items from China, Japan, and India. Several of the students brought articles from Japan. Jackie Martin brought Barbie dolls; Corne Welch, a set of fish and a lamp; and Paula Palmeyer, a kimono and a Readers Digest.

Recently the class saw slides of Thailand made by Capt. Charles Keith, the son of Mr. and Mrs. Charles Keith. Capt. Keith is now in Viet Nam and made pictures while on leave.

Sherry Green and Ricky Hester were named Best Citizens by their classmates in the FOURTH grade last week.

Students in the FIFTH grade have each chosen a state about which they will make a geography booklet using the information obtained by writing to the chosen state.

Six horse-sense reasons for buying a 6-cylinder Mustang

1. Low initial cost... if you can afford any new car, you can afford this racy Mustang!
2. Gas economy... you'll think the gas gauge is broken until you learn its miserly habits!
3. High resale value... you'll value it for years, get more value of trade-in time!
4. Hot performance... just sample the sock, the sass of a Six that think it's an Eight!
5. Mustang style... includes smart, sporty buckets, slick shift—all standard!
6. Fast delivery... in many cases, just drive the one you want right off our floor!

Summary of County Agent's Work in '65

The County Agent is the local representative of the Extension Service which is headquartered at Texas A&M University. The Extension Service is the educational branch of the USDA with this work done through meetings, demonstrations and the distribution of publications. Motley County Agent Bill Palmeyer

worked with the following during the past year.
 250 meetings were held for the public, and 22 meetings were held to train leaders who helped with the programs.
 Programs were planned by the Motley County Planning Commission and active subcommittees.
 Members of these groups along with leaders helped carry out programs selected by the people of the county. Fourteen adult demonstrations were carried out in addition to 4-H club demonstrations.
 2279 consultations were made to help provide information for individuals and groups. 182 news articles were prepared, and 4181 publications were distributed. 1343 different letters were prepared, with 3409 letters mailed. Total mileage driven was 15,453.
 Of the 245 work days, 110 were devoted to 4-H club activities. 211 of these days were devoted to agricultural production and management, including 4-H and adult activities.
 Ten 4-H clubs were in operation, with total membership being 321, (174 boys and 147 girls). Sixty-one leaders assisted with the youth program, in addition to 12 Junior leaders.
 As the Extension program for Motley County is one of the people, recommendations are welcome from all. Those not currently active as a leader, demonstrator or planner are urged to participate in the 1966 program, as with more advice and assistance it is possible to carry out an improved program.
