## COUNTY RECEIVES \$2,000 FROM STATE BOND ISSUE MONDAY

### TRAIL DUST

Something sacred about shoes, especially those of men, many of which carry as far back as seven generations. Discarding them is like discarding old friends who have been useful and must be discarded because they are old, or in my own case, because they are worn out. The tailor cannot find anchors in the patches have been patched. I must pass them on to some one else. I have kept a pair of shoes that I have worn for years because I am old, ragged, and without use. One of my problems is a fitting disposal of the old shoes. I have kept a pair of shoes that I have worn for years because I am old, ragged, and without use. One of my problems is a fitting disposal of the old shoes. I have kept a pair of shoes that I have worn for years because I am old, ragged, and without use. One of my problems is a fitting disposal of the old shoes.

### MATADOR HIGH SENIOR CLASS OFFER "ALABAMA BOUND" NEXT THURSDAY

B. F. Harbour Directs Dramatic Comedy for Seniors  
The Senior class of the Matador High School presents "Alabama Bound" as their class play under the direction of B. F. Harbour, at the High School Auditorium next Thursday evening, May 3, 1934 at 8 p. m. The play, which is a dramatic comedy by Walter Ben Hare, includes in the cast of characters: Orvell Kuykendall, Charlie Brown, James Henry Murrell, Paul Fuller, Troy Perkins, Leora Darsey, Jerry Tudor, Ruth Kingery, Lena Mae Davis, Willie Sue George and Beavis Kingery. An admission of 15c and 25c will be charged.

### FUNERAL RITES OF HUGH J. DAY HELD HERE SAT.

Brother of Townsman R. A. Day, Brought Here for Interment  
Funeral services for Hugh J. Day, brother of R. A. Day of Matador, were held at the Baptist Church, Saturday afternoon at 2:30. Mr. Day died in Terrell, Texas, April 19, and the body was brought here for interment in East Mound Cemetery. Mr. Day was born in Cooke county, Texas, February 27, 1884. At the age of seven he moved with his parents to Motley county where he made his home for many years. Surviving the deceased are his father and step-mother, Mr. and Mrs. E. A. Day of Clovis, N. M., three brothers and three sisters, R. A. Day of Matador, S. A. Day of Dallas, O. J. Day of Acme, Mrs. C. D. Garrison of Whitehall, Mrs. J. M. Garrison of Dalhart and Mrs. Ward Wilkinson of Miami. Mrs. E. A. Day and all brothers and sisters were here to attend the funeral. Pall bearers were: Kimbrough Wilkinson, Robert Wilkinson, George Birchfield, C. D. Garrison, C. P. Waybourne and Earnest Richards. The Tribune joins with the host of friends in expressing sympathy for the bereaved.

### NO INCREASE IN LINT CONTRACTS

No further increase can be expected from the average of approximately 120 pounds lint per acre allowed by the State Board of Review in the 1933-34 Cotton Acreage Reduction Contracts, according to information received Wednesday by S. W. Weatherall, chairman of the County Committee, from John R. Edmonds, Chairman of the District Board of Review, in answer to a letter recently sent. "The matter about which you complain has been thoroughly checked by the Bureau of Crop Estimates, and my opinion is that they would not change their figures under any circumstances," the letter states, referring to cross-country ginnings. Attention is also called to the extremely low yield in some of the base period years, notably 1930.

### CONTINENTAL CO. MAKES BIG STRIDE IN '34 INCOME

NEW YORK, April 22.—Net income of the Continental Oil Company and subsidiaries in 1933 aggregated \$2,275,860, compared with a net loss of \$1,444,133 in 1932, the company's annual report showed today. Total production of crude oil by the corporation last year was 14,969,780, compared with 15,196,847 barrels in the preceding 12 months, while sales of refined products totaled 13,233,321 barrels, against 12,141,053 barrels in the preceding year.

### MRS. MCKENZIE STRUCKEN

Mrs. E. W. McKenzie was stricken with a paralytic stroke early last Friday which threatened to be fatal for a time. She is now reported to be progressing toward recovery.

### Bite Of Rabid Dog Fatal To Small Son Dr. Albert Traweck

Parents Quarantined in Calif. Can Not Attend Burial Here

Charles Traweck, 3, small son of Dr. and Mrs. Albert C. Traweck of San Diego, California, died there Monday noon as a result of a bite received from a rabies infected dog some three weeks ago, according to a message received by Dr. A. C. Traweck.

A message received by Dr. A. C. Traweck yesterday stated that the body of his grandson, Charles Traweck, was started from San Diego Wednesday and was expected to arrive here Saturday.

Dr. Albert Traweck was released from quarantine and will come to Matador by plane to attend his son's funeral, the grief-stricken mother being too ill to make the trip.

According to present plans funeral services will be held at the Methodist Church at 3 p. m. Sunday.

Dr. Albert Traweck, who is a Naval doctor, is, with his wife, under strict quarantine making the return with the body of their son here for burial impossible.

Interment will be made in East Mound Cemetery shortly after the arrival of the body from California.

### Community Gardens Being Sponsored as Aid of Relief Rolls

AUSTIN, Texas, April 23.—The encouragement of state-wide individual and community gardens is being sponsored by the Texas Relief Commission.

In connection with the Farm and Home Demonstration agents, the Commission is making a determined effort to assist every family on relief rolls to be furnished with a small plot of ground for the operation of a home garden, according to Director Marie Dresden of the Relief Commission.

In urban centers, many tracts of land will be cultivated as work division projects, or community gardens. On these projects, such as are found at Dallas, Waco, Marshall, Lubbock, Amarillo, Beaumont, Ft. Worth, El Paso and Wichita Falls, workers will be selected from qualified relief clients who have demonstrated their indigency.

Relief workers on garden projects located in urban areas will be paid in cash and kind (two thirds kind and one-third cash).

In rural areas, relief clients will be required to make provision for a small home garden.

It is estimated that there will be more than 20,000 home gardens in Texas. These will cover over 4,000 acres, will furnish green vegetables to over 100,000 persons.

There will be over 200 large community gardens, embracing over 2,000 acres which will benefit over 70,000 persons.

"The value of such gardens in fresh vegetable or canned food for the next winter cannot be measured by vegetable production alone," said Director Dresden. She then pointed out that the gardens prove of even greater value in the promotion of the idea of self-support and in teaching the art of gardening and canning to those who participate in the movement.

### AMERICAN LEGION SUPERVISE CLEAN-UP AT CEMETERY MON.

All Unable to Aid Are Urged To Send Helper

Under the supervision of the American Legion Cemetery committee composed of H. K. Ford, L. B. Robertson and H. H. Schweitzer a drive to clean up and beautify East Mound Cemetery in Matador will be staged Monday, April 30th.

According to County Administrator, Homer Sheats, cemeteries and church grounds are not eligible projects for appropriated State funds and men from relief rolls can no longer be used in the work as has been done for the past three years.

The entire citizenship of the community is urged to take part in the work and if unable to attend, to send someone to carry on an equal part of the work. It is hoped the work can be completed by noon Monday.

### Oil Truck Wrecked Near Matador Mon.

Driver Receives Broken Arm

A large oil tank truck engaged in hauling gasoline and oil from the refinery to Abernathy was turned over a short distance west of Matador early Monday when an attempt to make a curve at too great a speed proved futile.

The driver of the truck sustained a broken arm in the accident and was brought here for medical treatment. Both the driver and helper, the only passengers on the truck at the time of the accident, received minor cuts and bruises.

The truck, which was badly damaged, was removed to Abernathy late Monday.

### DRAMATIC CLUB TO GIVE PLAY

The New Deal Dramatic Club of Roaring Springs will present their latest play, "Yellow Shadows," in the auditorium at McAdoo, Saturday night. The dramatic club, under the supervision of Prof. T. A. McDonald, has been very successful in all their efforts of the year. Excellent talent has been developed and great things are predicted for the club.

### TRAWECK HOSPITAL

The following cases received treatment or were discharged from the Traweck Hospital during the past week.

Mrs. J. W. Murdoch, discharged Thursday. John L. Grace, Matador, appendix operation. Billy Nell Pipkin, Crosbyton-Matador, tonsil operation. W. E. Burleson, Matador, appendix operation.

### RETURNS FROM QUANAH SANITARIUM MONDAY

Joe Spivey, who has been confined in a Quanah hospital for the past 28 days, where he underwent two operations, returned home Monday.

Altho still very weak, Mr. Spivey declared that he felt much better and believed he was on the way to recovery.

P. Y. Springer attended the rabbit drive at Northfield, Monday.

In community gardens and produced approximately 1,500,000 cans of vegetables and fruits over the supply of fresh vegetables which were used from such gardens. A conservative estimate of the value of these vegetables and fruits amounted to \$70,000. In 1934, it is expected these gardens will be four times as valuable as in 1933.

### PASSENGER ENGINE IS DERAILED TUESDAY BY RAIN DAMAGED TRACKS

Goes in Ditch Near Paducah When Deluge Impairs Rails

Engine No. 27 of the west bound Q. A. & P. passenger train went into the ditch about four miles west of Paducah Tuesday morning as a result of heavy rains the evening before, washing sand and mud over the rails and otherwise impairing the track. Except for some minor injuries received by members of the crew no one was injured in the accident.

Leaving the track at the crossing a short distance from the Valley View school, the engine twisted rails and tore up trackwork for some two hundred feet before it stopped by plowing into the shallow cut located on the right-of-way at this point. None of the cars were derailed.

The mail which was brought by a train from Floydada, arrived in Matador about 5 hours late of the scheduled time of 11 o'clock.

### Julian Edmondson Buys Interest In Matador Cash Gro.

A deal was culminated last week whereby Julian Edmondson purchased half interest in the Matador Cash Grocery from R. E. Campbell, owner of the store.

The store will continue under the same management and the same name. No change in policy will be made.

The deal embraced interest in the meat market department of the store which is operated in connection with the grocery.

### All West Texas Feeder's Day

The All West Texas Feeder's Day will be held at the Spur Experiment Station on May 4. At this time the final results of a 112-day feeding test in which 100 standard steer yearlings, divided into lots of ten, will be announced.

Last year representatives from 31 counties were present at the Spur Station Feeder's day and indications are that there will be this year a larger attendance from more counties than in any former year. There appears to be a new and widespread interest in a fuller and more intelligent use of West Texas feeds.

The experiments conducted at the Spur Station were planned for a special study of farm feeding. Some of the problems being studied are:

- 1. Does it pay to grind milo heads?
- 2. Is silage more profitable than dry roughage?
- 3. Can cotton seed be used in a ration for fattening beef steers?
- 4. Can cotton seed be used to replace a portion of the grain ration?
- 5. How much mineral should be added to the ration?
- 6. Can roughage be profitably fed without grinding?

Every effort is being put forth at the Spur Station to develop means for reducing the cost of finishing cattle for the market. West Texas produces large quantities of rough feeds, cotton seed and cottonseed meal as well as grain but the grain crop is sometimes short. It is very important therefore to secure the maximum gains and finish with minimum grain.

The cattle used in this test were purchased as short yearlings in March, 1933 and weighed 412 pounds. They will go to market well finished weighing 1100 pounds or approximately 700 pounds gain with a total grain bill during the 14 months of approximately 1500 pounds of milo heads, the equivalent of 1125 pounds of grain. Sudan and alfalfa pastures, bundle feeds, silage, cotton seed and cotton seed meal and cake have been used in preliminary feeding to secure cheap gains.

Mr. and Mrs. C. B. Keith made a trip to Lubbock, Saturday.

### SINGLE SHIPMENT OF 57,000 TIN CANS ARE RECEIVED HERE SAT.

Higginbotham-Bartlett Company Unloads Solid Car of Food Containers

A solid car load, consisting of 57,000 tin cans to be used as food containers were received last week by the local branch of the Higginbotham-Bartlett Company. Marvin English, manager, declared that the use of food containers in Motley county last year justified the large shipment which could be purchased to advantage by the car load lot.

Mr. English said his company expected that a greater number of cans would be used here this year than last and had purchased accordingly.

So far as could be learned it was the largest shipment of tin cans ever to be received in the county.

### HENRY PIPKIN IS LION'S DELEGATE

Returns From Convention At Colorado City

Henry Pipkin, delegate of the Matador Lion's Club returned from Colorado City, Texas, Tuesday where he attended a two day convention of the District 2-T Lion's International.

Julian C. Haires, of Ft. Worth, past president of the Lion's International was one of the principal speakers.

E. L. Pitts of Lubbock, was elected District Governor of the 2-T District.

Plainview was chosen as the convention city for the 1935 meeting of the organization.

Lion Pipkin secured a promise of district governor, Dell W. Herdington to visit the local club before the expiration of his term of office.

### WINNER OF HOME TOWN SPEAKING WILL GET TRIP

The winner of the Home Town Speaking Contest, sponsored by the Motley County Chamber of Commerce, will represent Matador at the West Texas Chamber of Commerce convention to be held in San Angelo in May according to plans completed this week.

The contest will be held in the Matador High School Auditorium, Tuesday, May 1, at 9 a. m.

### Train Kills Man at Acme Thursday Eve.

R. E. Norvell, 41, was killed Thursday evening by a Q. A. & P. freight train in the yards of the Acme Products Company at Acme.

Altho no one witnessed the accident and the body was not found until some time later, it is believed Mr. Norvell, who was an employee of the Acme Products Company stepped in the path of the backing train, possibly to aid in making a coupling, when he was struck.

He is survived by his wife and one 11 year old child.

### HERE FROM HOUSTON

Dr. Mary Rosenstein, daughter of Dr. and Mrs. A. C. Traweck, arrived here today and will remain for the funeral Sunday of her brother's son who died in California Monday as a result of being bitten by a mad dog.

### Commissioners' Court To Have Special Meeting

Homer Sheats, Motley County administrator of the Texas Work and Relief Commission received \$2000, Monday to be applied on Public Works Projects as Motley county's allotment of the State \$20,000,000 Bond issue for the \$4,000,000 worth of bonds sold recently.

Due to the fact that no project was pending and that the money must be applied within the next ten days or returned, three projects including work on the Roaring Springs school grounds, street and drainage work here and road work near Roaring Springs were immediately dispatched to the commission.

If the projects are accepted work is expected to start next week that it may be expended by May 10th for work and relief.

A special meeting of the Commissioners' Court will be held tomorrow in an effort to create additional projects that they may be pending when the second allotment of money is made which may be about May 15th. It is likely the Court will recommend projects on road improvement.

### World Famous Band To Play Here May 11

The Cowboy Band of Simmons University, which is to play here at the High School auditorium on May 11, boasts many distinctions, but chief among these is the fact that it is the only college or university band that ever made a concert tour of Europe. For eight weeks in the summer of 1930 this band carried the fame and tradition of the western cowboy into the theatres and concert halls of dignified and staid old Europe.

And at the end of the tour they had proved so popular, they were asked to come back again.

In early June of that year the Cowboys, led by their director, D. O. Wiley, and accompanied by a party of 75 Texas people, embarked on the giant liner Leviathan at Southampton after an eventful voyage during which the band furnished daily concerts on board the ship, they made immediately for London where they were scheduled to appear at the Palladium, England's greatest showhouse.

After two weeks in London they moved on to cities in northern England where they spent two weeks playing concerts and visiting the coal fields and cotton mills of that section.

Amsterdam, Holland, was their next stop. They moved from there to Rotterdam and The Hague. Never had the Cowboy Band received greater ovations than they got in Holland. Their route then took them through Belgium and France. Near the last of August they sailed for home from Cherbourg, France. Meanwhile Germany had been sighted. And concert managers all over that country were begging the band to stay two months longer and tour middle Europe! Which they may do some time.

### Celebrates 16 Years As Photographer

A. M. Parker, photographer of Paducah, will celebrate May 1 as his 16th anniversary of continuous business and manager of the Majestic Studio, by offering special prices and a prize of a genuine framed pastel. A special representative of the Eastman Kodak Co. will be at the studio during the celebration day.

Mr. Parker is well known in Matador where he has visited a number of times to make pictures.

### NEW OPERATOR AT CITY BEAUTY SHOP

Mrs. L. R. McMahon, who has had six years experience as an operator in metropolitan beauty shops began employment at the City Beauty Shop this week where she will have charge of all beautician work.

Mr. and Mrs. J. H. Brown made a trip to Paducah, Saturday.

For Commissioner Precinct No. 3  
Claud McDonald  
**W. E. Thomas** (Re-election)  
**R. E. Florence**

**GHOSTLY PASTURES**

The specter of death lurks on each of the highways in four directions from Matador in the form of work stock and cattle that are allowed to roam the roadways at will. A driver does not know what curve or hillcrest will reveal the road entirely blocked by perhaps from three to a dozen horses and mules or a herd of cattle. Although this menace is great in the day time it increases many fold at night when, without warning a horse or cow steps directly in the path of an automobile.

No automobile driver objects to being made of the vegetation growing on the right of ways, but certainly the same and horses

should be watched closely. Carelessness on the part of stock owners not only endangers life and property but also the stock is constantly in danger.

The highways belong to the state of Texas and the United States Government and they are leased to automobile drivers who pay for their use in the form of a gasoline tax. They pay for a right to drive at a fast, yet safe rate of speed and they also pay for protection while they are using the highways. If stock owners persist in allowing their livestock to pasture the highways as they would private pastures, then they should be dealt with in the same manner as a drunken driver or other recognized menace to public safety.

**LOOKING FORWARD**  
With the recent rainfall that

has been comparatively general over Motley county, the outlook for a good year has rarely been more promising. The governmental aid of some \$75,000 that will soon be paid to cotton farmers for land which they will hold out of cotton production, will be equivalent to the harvest of some past cotton crops when allowance is made for cost of production and harvesting. The effects of the plan has already been felt in the price of cotton, and if successful in the future, the cotton farmer will benefit greatly when he harvests the 1934 crop. His lot seems best described by the paradox of "eating his cake and having it."

**THE VOTE DRIVE**

A great many vague panaceas are being offered by candidates for the admitted ills of the country, who hope to win the public favor and vote in the coming July election. Especially is this true in the Texas governor's race but the same promises of change range downward to the most lowly office on the ticket.

Recent elections everywhere in the state indicate that the voter is thinking as he votes and that he is not too busy with personal interests to weigh carefully the values of office-seekers.

The wise politician has had his ear to the ground enough to know that the people want a change, although they may not be exactly certain why, they do know that the possession of a poll tax receipt allows them the privilege of deciding who will be best suited for the office to the mutual benefit of the tax-payers and the

**Hollywood**

By **MARSHALL FISKE** (Special Hollywood Correspondent To The Tribune)

Kathryn Hepburn recently went to Europe third class. Couldn't the poor dear afford to go first class? Or was she saving her money for her old age? Don't make me laugh. I'll give you one more guess—sure, you guessed it right off the bat—"publicity"—that's what it was. When she arrived in Hollywood to storm our gates, she hired a large, smart-looking automobile and went the rounds of Hollywood in it. After she got started I saw her one day in a studio cafe. She wore blue, patched overalls—it was the rural touch, you know, for publicity. After she had finished her repast she placed her feet on the table, (for publicity) and started to smoke and talk about things (for publicity.) I thought, perhaps, she was going to spit on the ceiling (for publicity) so I beat a hasty exit. I'm sure Emily Post in her "Etiquette" would never sanction such table manners, but to paraphrase a well-known saying, "how many crimes are perpetrated in thy name, oh

country. The present attitude of the voter will remain unchanged until conditions return entirely to normal, then when the holder of a poll-tax receipt is too busy in his efforts to make all the money he can while the making is good, he will vote as the casual cigar smoker walks up to a cigar case and says: "Give me a good cigar."

Publicity." But it is a double edged sword and very careful must be its wielder be lest it inflict mortal injury on himself.

It happened on the set while Grace Moore, formerly a member of the Metropolitan Opera Company, was singing the Habenera from "Carmen," in her latest picture for Columbia Studios, entitled "A Night of Love." About a hundred and fifty people suddenly marched in on the set, many of them armed with cameras. They were members of the Motion Picture Theatre Owners' of America who were in convention here. Stars and various directors connected with the Columbia Studios were now introduced to the visiting delegation. Mr. Capra and Mr. Schertzing were the two directors presented while among the stars were Grace Moore and Jack Holt, besides many lesser lights. Jack Holt told the visitors he was glad they came and hoped they would come again soon, because, he added, with a twinkle in his eye, we never had such good beer here at the studio before. What Mr. Holt had reference to was this: a temporary bar had been installed nearby one of the stages, five bartenders were in evidence, not to mention the brass rail and the sawdust on the floor. With stale beer and salt, in fancy lettering, had been written on the mirror over the bar, "Welcome M. P. T. O. A." If there were any teetotalers among the visitors, I failed to see them, as the bar was ex-

posedly popular and well patronized. One of the lady visitors, with camera in hand, rushed over to a gentleman and gushed, "Oh, Mr. Cody, I want to take your picture." "But I'm not Mr. Cody, my name is \_\_\_\_\_."

By this time several others had flocked about him ready to "shoot" him. "Why that ain't Lew Cody," said one fair damsel, "that's Paul Lucas." They were both wrong, however, it happened to be an extra man but in justice to the two ladies, he did bear a striking resemblance to both of these gentlemen. And there are many such in Hollywood, both men and women, who on first sight might be mistaken for well-known celebrities. Maybe that's one of the reasons why they are here because someone told them back home they resembled so and so. But this, however, is a great mistake, but I am getting off my subject, the party was a huge success and when they return home they will always remember their visit, not only on account of the beer and entertainment but for the cordial reception tendered them by their hosts.

Kathryn Hepburn has been voted as the outstanding actress of last year. Her work in "Morning Glory" won her the coveted golden statuette.

May Robson and Diana Wyn-

yard followed in this order. Charles Laughlin voted the best actor, for iod, due to his work in "VIII." Paul Muni and Howard were not far behind. "Cavalcade" was voted picture, with "Farewell a close second.

That's why Sinclair lasts longer in the

Just why the oldest crudes generally are not known—but the million years old Pennsylvania Motor Oil is well known. It is the most refined and costliest Pennsylvania grade of Allegheny crude that has been refined in Pennsylvania for a hundred years. It is the only oil that is refined from non-lubricating petroleum. It is the only oil that requires chilling the oil down to 10 degrees below zero. It is the only oil that stands up better and lasts longer than any other.

## JAY MEADOWS RETURNS HOME

Mr. and Mrs. Jay Meadows and children returned from a several weeks visit in Kirkland, Texas, Sunday. Mr. Meadows, who has been recuperating from a severe attack of rheumatism, is able to return to his position as mechanic for the Super-Service Filling Station.

Margaret Mae Smith and Rosalind Mitchell were shopping in Matador, Saturday.

Brian Love left Tuesday to take a position in the Oklahoma oil fields.

Mrs. Clark Lewis and three little daughters of Spur, are spending the week in the home of Mrs. Minnie Lewis.

Miss Sadie Gabriel of Spur, called home folks here Sunday. She was accompanied home by Mrs. Ramsay Gabriel who is spending the week in Spur.

## Lucky 13 Class of '30 Working for Education

Would it be interesting to know what became of the R. S. graduates of 1930? If so, here it is. Harvey Knight Jackson entered Texas Tech in the fall of '30. In the summer of '33 he received his M. D. degree from that school. At present he is doing work on his masters' degree in Tech.

Ruby Maurine Havis began her college work at Tech in the Home Economics Department. In a few months she will receive her degree.

Myrtle Overstreet entered Baylor Belton in 1930 and received her teachers' certificate in the spring of '31. She began teaching that following fall at Swearingin, Texas. She still teaches there, but has gone to Tech during one summer.

Lou Ida Fletcher began her college work at Canyon in the fall of 1932. She is majoring in education there now. She has a teachers' certificate.

Rita Nichols started to Tech in the fall of 1931. In June 1932 she received her teachers' certificate.

Since then she has had an additional term in education.

Homer Hughes is married and is a progressive farmer of the Duncan Flat Community.

Louise Weatherall did her first two terms of college work in C. I. A., at Denton. She finished the year at Wichita Falls Junior College. She began her second years' work in Canyon, but was forced to come home, where she underwent two operations. She is at home in Roaring Springs now.

Robert Delmar Meason attended Southern Methodist University and later took a business course in Dallas. He has worked for R. J. Murray, but at present is farming west of Lubbock.

Ina Mae Franklin is now Mrs. Gus Martin of Afton, Texas.

Mike Hoyle has had about two years in Tech. He is now a combination butcher and "peddler of spuds" by profession. He also has a teachers' certificate.

Brown Hinson is a barber by trade. He now has a shop located on North Circle Street in Roaring Springs.

Joyce Dobkins has become an experienced bookkeeper and cotton buyer. She is majoring in Business Administration at Tech and will receive her degree in July.

Melvin Havis is a senior in the Aggie Department at Tech. He is specializing in horticulture.

It was the aim of the entire class to have a college education. All but two who have gone to college have worked to help pay expenses. Ten out of the thirteen have had at least a year in college. When four years have gone by since graduation, four will have degrees. We intend to meet at Roaring Springs high school the first Saturday in June, 1940, to report our progress.—One of the Lucky Thirteen of '30.

**TO PRESENT OPERETTA**  
Friday evening, May 4, Mrs. Maud Long will present an operetta in the high school auditorium. The cast includes at least sixty-five children in fancy costumes of every color and description. Mrs. Long has a "way with children," and successfully maneuvers them through drills and dances that are incredible. She has spent weeks of hard work on this production for the entertainment of the public. As a rule there are no admission fees. This matter has not been definitely decided upon. In any event it will not exceed 5c and 10c.

Frederick Malone and Durward Woodward, of Spur, were visiting friends in Roaring Springs Sunday.

## Watson-Holcomb

Miss Eudora Watson and Mr. Hubert Holcomb were married Saturday evening in the home of the brides parents here. The bride is the daughter of Rev. and Mrs. Berry Watson of Roaring Springs, and has been a popular student in the school here. Mr. Holcomb was reared in Dickens county. Rev. Watson performed the marriage ceremony. Best wishes are extended to this young couple by their many friends.

## W. M. S. Entertained

The Women's Missionary Society of the Baptist Church was entertained Thursday evening in the home of Rev. and Mrs. W. O. Cool-ey. After a short devotional service a surprise quilt was pieced and presented to the hostess. Delicious refreshments were served to 18 guests. A special visitor was Mrs. H. V. Bigham of Lubbock.

Misses Willie and Bessie Mae Smiley, who are attending Tech were guests this week-end of their parents, Mr. and Mrs. Will Smiley, of Duncan Flat.

Miss Velda Beth Guldge of Lubbock, a former student in Roaring Springs high school, has been made an assistant teacher in the home economics department of Texas Technological College.

J. P. Moss made a business trip to Abernathy, Monday.

Tom Kendrick, of Roswell, New Mexico, is the guest of his sister, Mrs. W. O. Cooley.

Mrs. M. S. Thacker, Audys Ratliff and Mrs. E. E. Moss were Paducah visitors Saturday.

J. M. Jackson made a business trip to Dickens Friday in behalf of his poultry farm here.

T. A. McDonald and Antone Freeman were Plainview visitors this week.

Mr. and Mrs. J. P. Moss and Mr. and Mrs. E. E. Moss and children were Lubbock visitors Sunday afternoon.

Carlton Thacker and B. M. Nelson are visiting in Dallas this week.

Pete Odell, former railway employee here but now of Paducah, visited his many friends here Sunday.

Subscribe for the Tribune.

## Senior Class Play

The play "Cabbages or Dollars," will be presented in the school auditorium Friday evening by the Senior class. This promises to be one of the best plays of the season, as great talent is being displayed by some of the class. Miss Bessie Medlin is coaching the play and an admission fee of 10c and 25c will be charged.

## From California

Fred Sanders of Long Beach, Cal., is visiting in the homes of his nieces, Mrs. M. S. Thacker and Mrs. E. E. Moss this week.

## Sophomore Party

The Sophomore class, sponsored by Prof. Cecil Godfrey, enjoyed a party in the school gymnasium Friday night. Many interesting games were played and refreshments served. There were more than 20 guests present.

**MELLOWED 100 MILLION YEARS**

That's why Sinclair PENNSYLVANIA lasts longer in the heat of fast driving

Just why the oldest crudes generally make the finest lubricants is not known—but the millions of years through which oils mellow and filter under the earth does have a definite effect. Sinclair Pennsylvania Motor Oil is made 100% from the oldest and costliest Pennsylvania grade crude—the famous Bradford-Allegany crude that has lain mellowing and filtering in the Pennsylvania field for a hundred million years. Sinclair waxes Sinclair Pennsylvania in process of manufacture and takes it from non-lubricating petroleum jelly—a process which requires chilling the oil down to as low as 60° F. below zero. It. A single crankcaseful will prove that Sinclair Pennsylvania stands up better and lasts longer than any oil you ever had before.

**Teacher Enters Race  
For Office of Judge  
While Studying Law**

**T. A. McDonald, Principal Roar-  
ing Springs Grammar School,  
Seeks Office on Merits**

The Tribune is authorized to  
announce the name of T. A. Mc  
Donald of Roaring Springs as  
candidate for the office of Coun-  
ty Judge of Motley county, sub-  
ject to the action of the Demo-  
cratic primary, July 28, 1934.

Mr. McDonald, who is at pres-  
ent Principal of the Roaring  
Springs grammar school, a  
position which he has held for a  
number of years, declares him-  
self clearly in the following  
statement regarding his candi-  
dacy:

"I am asking the voters of Mot-  
ley county to elect me your next  
County Judge. I have not been  
drafted for the race. I am seek-  
ing the office of my own accord.  
If I am elected, I shall be under  
special obligation to none. I  
shall, therefore, be free to serve  
all alike, even those who might  
not support me.

I am in thorough accord with  
the time-honored political tradi-  
tions of Texas in regard to third  
terms in office. If the voters of  
this county should twice honor  
me by electing me your County  
Judge, I assure you that under no  
circumstances would I seek the  
office for a third term.

"A County Judge should be  
well versed in law. If you elect  
me, I will do my best to qual-  
ify in this respect. In fact, I  
have already for some time been  
reading law at spare time. If I  
am nominated, I shall proceed as  
soon as possible to take the Tex-  
as Bar Examination.

"I pledge myself, if elected, to  
a hearty co-operation with the  
County Commissioners in admin-  
istering the business affairs of  
the county faithfully and impar-  
tially. No individual or commu-  
nity shall be favored over another  
if I can prevent it. I will try to  
bring the towns and communities  
of the county to that degree of  
co-operation that will make the  
county more progressive and an  
outstanding county of West Tex-  
as.

"I favor the lowest county tax  
rate which will adequately main-  
tain the county government on a  
cash basis.

"In Motley county, the County  
Judge is also ex-officio County  
Superintendent. Your public  
schools constitute your highest in-  
terest. They should be unified.  
Harmony should always prevail  
among them. I stand for equal  
opportunities, as nearly as possi-  
ble, in our county schools. I have  
been a teacher in the public  
schools of Motley county for the  
past three years. I know your  
school problems. I am intima-  
tely acquainted with most of your  
teachers. If you will elect me, I  
will do my very best for all the  
schools of the county—by visit-  
ing them and helping them every  
way possible.

I am opposed to dirty politics

**Valves, the Heart of  
Your Motor**

The machine pictured above  
is Knock-Way Valve Servic-  
ing machine which eliminates  
the commonly used valve  
compound, with the aid of a  
revolving stone that properly  
services the hard-seat valve.

**Perkins  
Auto Service**

I shall in this campaign refuse to  
discuss my opponent in any way.  
I am running strictly on my own  
merits. I believe I am capable  
of making you a good County  
Judge, and I hope that you may  
each, as voters, give me a fair  
and friendly hearing when I  
come in person to solicit your  
vote and support in the primary  
election."

**SCHOOL NEWS**

**JUNIOR CLASS**

I'm telling you the Junior play,  
"Girl-Shy," was the best play  
that the people of this town have  
ever been honored with seeing.  
Everybody liked it very much.

The Juniors are indeed as busy  
as bees now getting ready to give  
the annual Junior-Senior ban-  
quet. We hope that this ban-  
quet will be the best that has ever  
been given by a Junior class.  
Miss Bertha Lee Casstevents and  
Miss Lorene Fryar are helping  
us.

We are sending off the money  
for our rings today.

We Juniors are proud that  
Mr. Harbour has a new Chevrolet  
car. Maybe we will get to ride  
in it some day.

**GENERAL NEWS**

Coach Stanford carried Robert  
Pritchett, Jesse Spencer, Orvell  
Kuykendall, Bebe Gates and Paul  
Fulfer to the first Regional meet  
held at Canyon, Texas last week  
end. All first places were rec-  
ords. Our boys, being unfortun-  
ate, did not win a place.

The boys are working very  
hard for spring football. In a  
week or so the Ex-Seniors are  
going to play the next years'  
football team. Coach Stanford  
thinks that we are going to have  
a real football team next year.

The Seniors have received  
their cards and invitations. Their  
play, "Alabama Bound," will be  
presented Thursday night, May 3.  
Everyone is expecting to see a  
real play, and we are sure there  
will be no disappointed audi-  
ence.

Should any woman be required to live in the  
age of "Rub-a-dub dub, slave to the tub"? Especi-  
ally a Husband and all the rest of the world speed up  
modern efficiency methods.

Why any form of doing the laundry at home is a relic  
of the Dark Ages of women. Even if the washing does keep  
you from taking down of the wash, the ironing, the head-  
mache, backache.

It is not worth it! Washing clothes is the job of the  
laundry—such as ours. It's not woman's work.  
Hands cannot do the good job of our equipment.

W. M. S. MEETS

Twelve enthusiastic members of the Irene Eldridge Missionary Society enjoyed a Bible lesson, Tuesday afternoon, taken from the study "Heart Messages" from the Psalms, which was very in-

terestingly taught by Mrs. Harry Willett. Each member joined in a circle of prayer after the reading of the 27th Psalm by the leader.

After the lesson, a splendid report of the annual meeting of the Northwest Texas Conference, which has just closed its 24th session in Lubbock, was given by the delegate from this Society, Mrs. A. J. Daffern.

Several items of business were attended to after which Mrs. Luker dismissed with a prayer.

First Baptist Church

The crowds are increasing for both the Sunday School and the worship hours at the First Baptist Church. An interesting equal to, or greater than that shown at any time during the present pastorate, is now being manifested. Last week's attendance at the mid-week service was the best of any week for this year.

Table with 2 columns: Service, Time. Includes Sunday School (9:45), Worship (11:00), B. T. S. (6:45).

Worship 7:45
Mid-week service Wednesday, 7:45 P. M.

TRAIL DUST

Trail dust is perhaps, one of our best faults. Many times its unbridled blade slashes into white flesh of innocence. The becomes subjected to poisons words that once started, wreck a life and defile a name. There is no end to the sacrifice which must be paid, nor is any way to rise above circles, once they are started. One of the worst characters I ever known was a woman who slandered everyone, even friends. There is a certain especially in women, who to their own misdeeds and corruptions, seem to find a high delight in trampling the heads of others into the mire that is their own.
