This year the Matador high school is going to have an annual. All of the news of the year will be in this annual, also a senior and freshman edition.
The pictures came in yesterday for the annual. There were individual pictures of the seniors, group pictures of the juniors, sophomores, freshmen, faculty, football boys, pep squad girls, basket ball boys, basket ball girls and the annual staff. The annuals are selling for \$1.00 each. Almost everyone in school is buying one.

All of the girls had a nice time and gained some valuable experience. They are having some of the best work-outs of the season this week in preparation for the tournament at Childress the 15th and 16th. They hope to bring home some victories and make old M. H. PREPARE FOR EMPLOYMENT

The ultimate goal of most young people who go on with their education after high school is to secure a well-paying position with chances for advancement.

With business steadily improving, there is an increasing demand for capable young people who possess a high school education PLUS specialized business training.

How the Draughon Training and Employment Departments are helping many young people to capitalize on their education and on the growing opportunities in business, and a proven plan for helping you to secure your first position, is fully explained in a new booklet called "Planning Your Future," which has just been published for young people who want to get ahead.

A post-card will bring your copy without cost or obligation. Write today. Draughon's Business Colleges, Dallas, Wichita Falls, Abilene or Lubbock, Texas. (Or see this paper about Special Scholarship.)

"Wheels of Destiny"

Friday and Saturday we have Ken Maynard in "Wheels of Destiny," a Columbia production. A true type of western; a punch-packed he-man romance of the wild and woolly west where outlaws carry on a reign of terror until the right man steps in—and watch Ken Maynard do his stuff. Supported by Dorothy Dix.

"Manhattan Melodrama"

Just the picture you have been hearing so much about and have been waiting to see, and what a

cast! "Manhattan Melodrama," starring Clark Gable, Myrna Loy and William Powell is coming to the Regue Sunday and Monday.

Do you remember that this is the picture the notorious John Dillinger spared some of his "every second counted" time to see? If it meant that much to him, surely we who are not hounded by the law and can use our time as we see fit, can spare the time for this great picture. This is one of Metro-Goldwyn-Mayer's greatest productions. It has a stirring appeal and should not be missed.

Miss Lourena Freeman of Elberta visited friends and relatives here this week.

Miss Don Long visited in Lubbock and Crosbyton during the week.

Mrs. A. J. Smith visited her

daughter Wyleta, in Lubbock during the week-end.

FOODS TASTE BETTER When Cooked Electrically

Electric Cookery brings out the flavor in foods. Only a small amount of water needs to be used to cook vegetables, as they are practically cooked in their own delicious juices. Meats shrink very little cooked electrically, as there is no excessive dry heat to rob them of juices and flavors.

The results are foods taste better and retain the vitamins because the flavors and health properties are not destroyed by excessive cooking or drowned in excessive water to be poured down the sink. Of course you can look for better health from this modern electric cookery. Before you buy your next range . . . investigate the electric way of cooking.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?
