School Board Changes Cheerleading Policies

The Motley County ISD Board met April 12 for their regular meeting with all Board members present and Superintendent Cummings and Principals Ewing and Hamilton.

Minutes were read by Randy Barton and after one correction was made they were approved. The bills were read and budget amendments were made and passed.

The Board read the cheerleader and mascot policies and after lengthy discussion and rehearsing the State ruling on the 6th grade boys not being eligible to play football unless there were not enough 7th and 8th grade boys to play, they elected not to have a 6th grade cheerleader.

The Board also heard a new UIL ruling that a cheerleader could not cheer at more than one game per night. The school will have a mascot, and 5 cheer- for junior-varsity and four for junior high.

The Board had a letter from Glyndar Moore, a landowner and taxpayer, stating that he had received a bill from the Motley County Assessor & Collectors

Office, that he owed tax, penalty and interest on a 1979 tax bill. He stated he would be glad to pay the back tax but did not feel he owed the penalty and interest since this was the first notice he had received, and he had kept the taxes current from 1980 through 1988. The Board made the motion and passed the motion to turn this tax problem over to the Tax Assessor & Collectors Office, to resolve.

A report was given on the track field construction by Cummings; he stated that it was not going to be finished in time for the District Meet to be held Friday April 14, because of one layer of the topping was the wrong mixture. The Board asked what would this do to the surface. Alexander stated, it would make it thicker and better. The track meet will be held in Plainview as an alternate site. The Board elected to turn out school Friday April 14 at 1:30p.m.

The Board heard a report on the selection of a school calendar for 1989-90 year. The State as of to date had not passed the bill giving schools permission to start school before September 1. The

Board elected one calendar from August 28-May 25 and one from September 5-May 31.

Don Ewing reported on the Drug Program held in the cafeteria on Tuesday night with Carl Rickert Jr. of Gainesville. He stated they had a good turnout of parents and teachers and a small amount of youth. He also highly recommended they consider Rickert for their "Drug Awareness" program next year.

Oran Hamilton, reported on the Faculty Advisory Committee meeting held April 4. Hamilton stated that the meeting was handled very professionally and went very well. He read some to the priority policy suggestions that the faculty asked the Board to consider in their next years planning:

A. They wanted good upkeep of the school building and grounds so in five years from now, it will be in as good shape as it is now. They suggested a maintenance supervisor be hired.

B. They wanted to improve the UIL training program by using volunteer help

of parents and/or grandparents.

C. They wanted to build a stronger math program for the whole school system.

Donnie Cruse asked that a senior Board member be on hand election night to receive the election results at the courthouse. James Palmer was selected. The Board set May 8 to canvass the votes and elect new officers.

Cruse was asked as an officer of the Board to confirm the candidate filings for the May 6 election. It was also noted that Randy Barton and Guy Campbell had received their total amount of school board training and were fully certified.

Hamilton informed the Board of a computer program workshop to be held in Lubbock April 18. This workshop is for them to decide which program they need for this school system.

The meeting adjourned.

Matador City Council Meeting Report

The Matador City Council met April 13 for their regular monthly meeting to discuss the proposed budget for the next fiscal year.

The minutes were read and approved as were the bills read and approved.

Other items discussed that might add additional expenses, were the cost of the changes that will occur September 1, concerning the landfill regulations, and unforeseen problems with the water system or the sewer system.

During the discussion of the City landfill, the Council discussed changes that would have to be made after September 1 according to State regulations. The City will no longer be able to burn at the landfill, they will have to cover the trash after it is dumped, the gate will no longer be open at anytime and there will be a fee charged for all dumping and the dumping will be supervised. These rules are already in effect at most landfills. The purchase of a dozer will have to be made.

The Council had a request from the Billy Wilson's, who rent the City house, to do some repair and remodeling. The Council decided that Bill Jameson should go over the plans with them and have them bring an estimate to the Council before the Council okays this.

Bill Jameson reported he was nearing completion of regaveling the City's dirt streets. Other projects the council discussed were the rebuilding of the dip in the street by the City Park and the tearing down of the old Harp building. The title is now clear on the Harp building.

Mayor Lancaster read a letter from Childress asking the City of Matador to support the location of a prison system in the Childress area.

This died for lack of motion. Mayor Lancaster asked if any Depository bids had been received, Secretary Nell Berryman stated they had a verbal bid from the First State Bank.

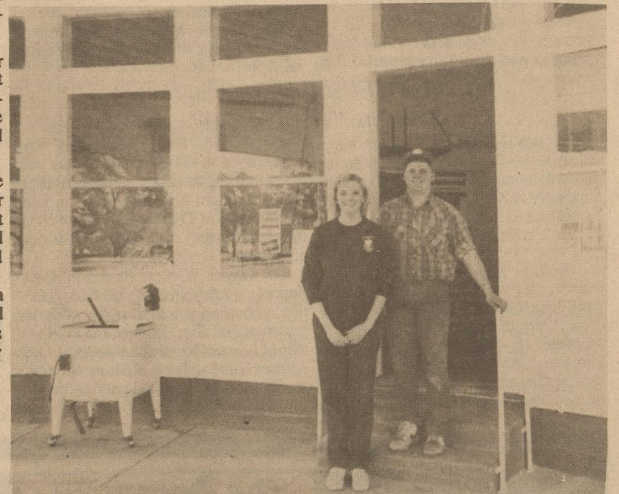

L.J. Barkley, Jr. reported that he had spoken to Clay Jameson and he had said that the State had the Stop signs for city streets and state highway entrances. These would be placed as soon as the City recommended what intersections.

Barkley reported that it looked like the request for school caution lights to be placed on U.S. Highway 70 and Bundy Street, would die without the support from the school and the public.

Bill Jameson reported on the pressure problems in the waterline from the well north of Roaring Springs to Matador. After lengthy discussion the Council decided to look into adding 2" air valves.

The Council elected to go into closed session to discuss other financial matters. After closed session, there was a lengthy discussion before the meeting ended.

Roaring Springs Service Station Has New Owners

Kim Hand and Russell Alexander

Russell Alexander and Kim Hand have recently become the new owners of the gas station in Roaring Springs. Formerly, Davis Super Service, the station will now be known as Alexander's Fuel and Service.

The station will offer gas and oil, service vehicles, fix flats of any kind including tractors, and sell new and used tires.

Russell and Kim purchased the station from Jack and Katie Davis and they plan to offer the same friendly service to the people of Roaring Springs and the surrounding towns and counties. Hours are

Monday - Friday, 7:30 a.m. - 6:30 p.m. and Saturday, 8:00 a.m. - 5:30 p.m. The phone number is 348-7958

New additions are being planned, including a computerized wheel balancer.

Kim is the daughter of Mr. and Mrs. Bill Hand of Roaring Springs and Russell is the son of Mr. and Mrs. Richard Alexander of Clarendon. Kim is attending Texas Tech University and Russell has moved to Roaring Springs.

They plan to be married in the fall. Russell and Kim extend an invitation to everyone to stop by and meet them.

Lions Club Report

The Matador Lions Club met Tuesday, April 18 for a delicious lunch prepared by Lion Walter Jones for twenty-two Lions and two guests.

Lion Ron Cummings filled in for Boss Lion Jesse Turner. He reminded the Lions of the Convention, April 21-22 in Plainview.

Cummings announced that the Roaring Springs Lions were going to eat lunch at the Motley County Cafeteria this week.

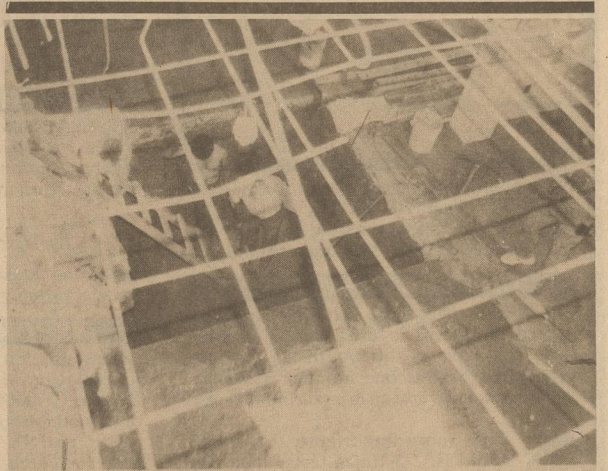

Lion J.M. Russell introduced the program, Shalane Wesley, Specialist of the

Child Protective Services of the Texas Department of Human Services. She serves in Motley, Floyd, Briscoe, Swisher, Garza, Lynn and King Counties.

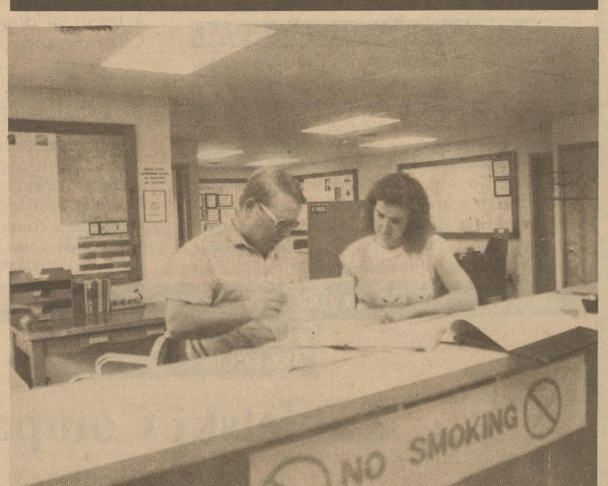

Mrs. Wesley gave a very informative talk on child abuse. She also stated she had gotten an overwhelming response to form a local board.

The Lions elected officers for the coming 89-90 year by accepting the nominating committee list.

Lubbock First Baptist Church Presents "The Passion"

Lubbock, TX -- First Baptist Church of Lubbock will present its annual spring musical/drama, THE PASSION, in its Sanctuary at 2201 Broadway on Friday, Saturday, and Sunday evening, April 21, 22 and 23rd at 7:30 p.m.

John Lee, Minister of Music at First Baptist, has written and arranged this work which he has entitled "The Wondrous Love of God": Easter's Greatest Message. He will direct the 100 voice Sanctuary Choir and a large drama cast at the Church and has scheduled it the week of the Feast of the Passover, Friday and Saturday, and Sunday evenings at 7:30

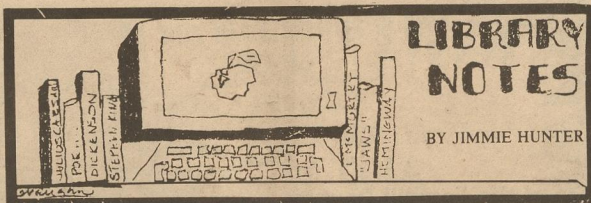

day evening from a several days trip to Pagosa Springs, Colorado. They enjoyed sight seeing and playing golf on the Fair Field Golf Course. Weather was beautiful and prettiest golf course (most ever seen)

Visited with Margaret Jane and J.M. Hill (former residents) Their home is on the golf course, between the 16th green and 17th tee box. They have a beautiful view of the course.

The Terry's reported the Hills looked great, enjoying life, and sent greetings to all their friends.

(April 21-23). This presentation was rescheduled so that those who were out of town during the spring break and Easter weekend might hear this beautiful and stirring story of THE PASSION which is the greatest story ever told and is never out of date.

Dr. Hayes Wicker, Pastor of First Baptist church, joins with the Congregation in inviting you to hear one of these presentations. First Baptist, the Fellowship of Love, is located at Broadway and Avenue V in Lubbock. Visitors will find an abundance of marked parking in lots surrounding the church. Child care will be provided.

LIBRARY NOTES

BY JIMMIE HUNTER

Visitors to the Motley County Library recently were Mrs. Lee L. Beechly of Benbrook, Texas and her sister, Joni Porter, Dicknes and their sister-in-law, Velma Barger Lovell from Irving, Texas. Lee L. had come into the Library to visit her long-time friend, Bessie Hibbetts. I was glad they had gotten a little visit in before I returned from the Courthouse for after we found out that she was the former Lee L. Lovell from Dickens, whose sister, Edith, married my Uncle Brian Speer, much of the conversation concerned news of cousins and other family members. Velma and Joni had a nice visit with Lucy Ford. When you miss a day at the Library, you are sure to miss something interesting, like the visit of Mr. and Mrs. Lewis Jordan and their children, Chase, Anna Kate, and John, from Columbus, Mississippi, or Charles L. Kinamon from Tempe, Arizona, Adelle Durham and Wanda Perryman of Roaring Springs, or the delightful Rojas children, Lupe, Jermain, and Laura from Flomot.

Melvin Pitts walked into the Library Tuesday morning to return a projector bulb we had loaned them the week before, and I promptly enlisted his help to move the three shelves, that had been emptied by Monte Louder, about three feet forward. I hope people don't detour around the Library for fear they may find a task that needs doing if they stop in. Thank you, Monte and Melvin for your help.

Thanks to Joan Patton for getting our work-week off to a good start by coming in Monday afternoon to remove the cards from the books that had been pulled from the non-fiction shelves. Removing a book from the shelves is almost as time consuming as getting them ready. After you remove the check-out card from the book, you must also remove a subject card, a title card, and an author card from the card file and from the shelf list file. Some books will have from 1 to 6 subject cards, and if you fail to remove them all,

somewhere down the line, someone will find the title of that book under a subject they are looking for and waste a lot of time trying to find it on the shelf before we solve the mystery of the missing book. Joan was the only person to respond to my request for volunteers to call to volunteer for a particular job, but if anyone out there loves to clean house, take books off shelves, and practice saying your alphabet as you put them back, there's still time this afternoon or Friday. We may have to take Saturday off to recuperate.

When I arrived at 9:00 Tuesday morning, the old sidewalk had already been broken up and hauled off. Luther Green moved a 2 x 4 "gate" to let me in the front door, because we couldn't get the back door unlocked. He opened it for us later. He said they might get the new walk run today!

There will be many new books available for both children and adults when we open again for business as usual next Tuesday, April 25. The children who come for Library School may want to take one of the three books by Hans Christian Anderson, THE STEADFAST TIN SOLDIER, THE WOMAN WITH THE EGGS, and THE TOP AND THE BALL, or TRY AGAIN SALLY JANE. For the Adults there is a choice of RAINBOW IN THE MIST, by Phillis Whitney; BILLY BATHGATE, by E.L. Doctorow; ANY OLD IRON, by Anthony Burgess; SEE UNDER: LOVE, by David Grossman, translated from the Hebrew by Betsy Rosenberg; STEWARDESS, by Robert Sterling; LOVE LIFE STORIES, by Bobbie Ann Mason; THE MIDNIGHT MAN, by Loren D. Estelman, all fiction.

For the non-fiction readers we have MORE LIKE US: Making America Great Again, by James Fallows; IN THE BLINK OF AN EYE by Alan Doel; CAPITALISM vs. SOCIALISM: Economic Policies of the U.S. and the USSR, by Michael Kronenwetter; BEFORE LIFT-OFF: THE MAKING OF A SPACE SHUTTLE CREW, by Henry F.S. Cooper, Jr.; and in Biographies we have MR. KING, YOUR HAVING A HEART ATTACK, by Larry King with B.D. Colen; MISS PEGGY LEE, an autobiography, and LOOKING FORWARD, by George Bush. If you really need to laugh a little (or a lot) try FUNNY, YOU DON'T LOOK LIKE A GRANDMOTHER, by Lois Wyes, or NOW, WHERE WERE WE, by Roy Blount, Jr.

FEET OF CLAY

by Hazel Soltwisch

He was the town "ne'er do well,"
 The "dregs of humanity," 'twas said
 until the day he was put away
 Then all was attributed to "his feet of clay."

No one knew, though, the things he would do
 To help some fellow man each day,
 Or the prayers he said long before he was dead.
 In spite of his feet of clay.

But he was a poor man who seldom spoke.
 Knowing no one would listen to what he would say.
 Still, there was a reason why
 Some loved this one with the feet of clay.

"The poor you have with you always
 And the rich have many friends," God did say,
 But God isn't partial in His wide view
 And He loves, too, people with feet of clay.

Even without imperfections.
 Mislead good intentions
 And our faltering along the way
 Should God tarry, still He'll carry
 We, His people, who all have feet of clay.

Senior Citizens Report

by Iris Blevins

The bus went to Lubbock Monday with four people riding. Elgie saw two doctors and had a number of tests run.

We had our regular second Tuesday luncheon this week. We had a real good lunch and Stacy Conner lead our table thanks. We had 24 people sign our register and we had three guests, our library ladies, we welcome you at anytime.

We sent out one lunch to Mr. Carl Cooper. We sang Happy birthday to Osie Smallwood. Our Senior Citizen of the year was elected. The Whiteflat reunion association contributed fifty dollars to the senior citizens center for the use of our building.

Mrs. Lee Harris is in St. Mary's Hospital in Lubbock.

J.W. Pritchett had back surgery last Thursday in Methodist Hospital in Lub-

bock. He is doing good at this time.

Lucille, we are missing you and J.W. in our 84 games. We have planned for a yard working at the center Wednesday, April 19. Bring your hoe and come on down and help us.

Thursday, the bus went to Plainview with five people riding. Everyone enjoyed the outing.

There were ten people come to the center Friday evening for games and fellowship.

Spring is very much in the air now, and we would like for our neighboring communities to join us for lunch on second and fourth Tuesdays of the month and play games and visit in the afternoon. And each Friday evening we play games of 84, 42 and dominoes. You are invited to join us. We welcome you at all times.

Prevention of Child Abuse

by Shalane Wesley

(This information obtained from South Plains Chapter National Committee for Prevention of Child Abuse)

THE PROBLEM

No one wakes up thinking, "Today, I'm going to abuse my child." However, severe problems such as unemployment, illness, marital difficulties or overcrowding can lead to stress and frustration for everyone.

These problems, combined with isolation, lack of parenting skills and lack of family and/or community support systems can result in child abuse.

Child abuse knows no class or ethnic boundaries; the hurting lifestyle, learned from the parent, becomes the only one the child knows. In this way, the cycle of abuse continues from generation to generation.

While extreme cases get our attention, the fact is most abuse of our children is never reported and will continue.

Child abuse affects great numbers of children on the South Plains. It also affects everyone in the communities where it occurs.

THE SOLUTION

Abused children are helpless unless you help. It takes community action to help families break the cycle of abuse and improve family life.

The only way the cycle can be broken is if you report abuse or neglect to your local Children's Protective Service office or call the 800 number in your local telephone book. The number is 1-800-252-5400 anytime. Local office is 806-983-2280.

ALTERNATIVES TO HITTING YOUR CHILD

* Stop in your tracks, step back, set down.
 * Count to 10 or 20. Say the alphabet.
 * Take five deep breaths, slowly.
 * Phone a friend or relative. Or call the weather (time and temperature), if there's no one else to call.
 * Do some sit ups.
 * Lie on the floor. Put your feet up.

The Only Real INTEGRATED ACCOUNTING Easiest To Use

ONE MENU

The Midas Integrated Accounting System (IAS) performs standard accounting functions for virtually any type of business. In one totally integrated package: Payroll, General Ledger, Accounts Payable, and Accounts Receivable (Job Costing is optional).

No hierarchy of menus to unravel. Fewer screens--for example, the payroll uses one screen for all operations; add employees, input hours and display results--instantly.

ONE PROGRAM DISK

The Midas proprietary Databus language reduces programs to ultra dense machine code. This explains how IAS fits on one disk. Installation time is one minute. Other accounting packages take up to a grueling 4 hours..

Even more importantly, execution speed is ... 3 times faster than any other. Run a 50 person payroll in 10 minutes (plus printing). For details ask for 24-page brochure. Others have 100's of programs on 5-15 diskettes--more programs, more files, more screens, more steps ...

CONCISE 125 PAGE MANUAL

In-house Laser printed with the latest changes; full 8 1/2 x 11 pages. Users appreciate big type and illustrations. Others range from 500 pages to an unbelievable one foot thick.

ANY SIZE COMPANY

Sizeable companies are accommodated with no transaction limits, GL capacity to \$99 million, multiple divisions, and performance. Some systems claim they "can run General Motors" but take hours for a small payroll???

REAL TIME

On-line "real time" access means no updating or processing procedure needed after adding entries. Display, correct, or delete items instantly. Blindingly fast, it's fun to see results immediately and it's in color too!

REAL INTEGRATION

With IAS data is essentially in one place; it can't get out of synchronization or out of balance. Asking for a General Ledger or Cash Report always extracts the latest data--automatically. Others drive you crazy with modules to link, files to transfer, procedures...

THE BIG EASY

What users like most about IAS--absolutely the easiest to use. Anyone can do it -- almost all entries into the General Ledger are made for you. No complicated steps, simply:

- Input any data
- Display/print any report

Your first look will convince you ... after using it *everything else will seem primitive.*

REPORTS RIGHT NOW

At any time hit a button to display or print a Cash Report, General Ledger, or any other report. Most others post the General Ledger only at the end of the month--"in-concrete".

Up to the minute cash in the bank

REAL WORLD FEATURES

Midas accounting software has evolved since 1975--packed with practical features as a result of direct input from users. Many CPAs use and recommend Midas Software:

- Solid audit trail
- Free form chart of accounts
- Can make corrections and repost

If you've tried the low budget programs and are ready to move up to a real accounting system (without spending \$3,000 or reading a foot thick manual)--you're ready for IAS!! One modest fee covers full support and updates--everybody gets up and running--guaranteed. COMPLETE \$1,095.00

Flomot Do Gooders Club Has Springtime Meeting

The season of springtime was featured at the Do Gooders' Club of Flomot, Tuesday afternoon, April 11 at the Community Center.

Tables were covered with blue clothes and complimented with flower arrangements of spring beauty in a blue and white teapot and an original Japanese vase. Hostesses, Mesdames Clayton Bond, Wilson Barton and Doyle Calvert served refreshments of chicken and ham salad finger sandwiches, stuffed celery, carrot sticks, cookies and coconut pound cake with fruit punch and coffee.

With a laze spring-fever in the air, entertaining games were enjoyed rather

than presentation of a program. Secret Pal gifts were exchanged.

Preceding the entertainment, Mrs. Bill Washington, vice president, presided at a brief business meeting. They discussed and made arrangements of member's participation and volunteer help at the concession stand at the Flomot Volleyball Tournament.

Members attending were Mesdames Howard Rogers, L.E. Shorter, Coy Franks, George Pope, Donnie Ray Rogers, James Monk, Junior Payne and those mentioned, Mesdames Bill Washington, Wilson Barton, Clayton Bond and Doyle Calvert.

Marshall Descendants Hold Reunion

The descendants of T.E. and A.A. Marshall came from several points of locality to gather with others of same origin. Also many friends came and shared the happiness of good fellowship. We had an abundance of food, fun and a good gospel sing song after lunch. Zella Palmer was kind and played piano for us. Virgie played enough to give her a break. Those present were Ann Marshall Futrell of Dallas; Tara Futrell of Lubbock; Harriett A. Marshall, Oklahoma City, OK; David, Claudia, Melanie and Samantha Marshall of Oklahoma City, OK; Dwight, Krista and Cody Clower, Colvis, N.M.; Karl Stagner of Canyon, Texas; Lester and Marge Morgan, Ft. Stockton, Texas; Olen and Lettie Cooper, Morton, Texas; Pat and Don Warren, Matador; Mike and Cindy Johannes, Kenneth and Jacob Johannes, Thomas Lee and Doyle Lee, all from Matador; Darrel and Maggie Marshall, Steve and Michelle Marshall, Mack and Mark Marshall from Wheeler; Teresa Locke, John Locke, Gary Locke and Amanda Locke of Pampa; Corbey Lee Marshall, Lubbock; Tressie Warren, Lubbock; Darla Smith and Aaron Wilber of Lubbock; Fern and John Green of

Bakersfield, CA; Dahl, Delores and Dyron Clower of Amarillo; with them Brian, Jordan and Jennifer Gillespie of Council Bluffs, Iowa, (grandchildren of Dahl and Delores Clower); Curtis and Linda Osborn of Guthrie; Glenda and Hal Smith of Dumont; Fraiser and Dorothy Watson, Bess Ferguson, Buck and Bessie Mae Marshall, J.N. and Darleen Fletcher, Zella Palmer, Mary and Grady Webb, all of Roaring Springs; Mrs. Sinclair Hughes of Dickens; Frances Mitchell of Matador; Betty Bearden, Alton and Phyllis Marshall, Matador; Curt and Jennie Marshall, Plainview; Floyd and Jean Banister, Wink and Eva Banister, LaTisha and Larry Griffin II, all of Plainview; Nolan and Pete Ozborn, Plainview; Sam and Virgie Bannister, Plainview.

We missed those who normally come, but did not get there. We are sorry if some failed to register and were left out of the list.

We missed L.E. Marshall and Aunt Hattie Marshall. Both are disabled and live in Lubbock. They are the eldest of our living ones.

Many Competitors At Flomot Volleyball Tourney

The Flomot Volleyball Tournament, one of Flomot's biggest annual events, held April 13, 14, 15 at the Community Center gym was declared a resounding success. Twenty-two teams with players from Kress, Amarillo, Canyon, Memphis, Turkey, Silvertown, Quitaque, Lubbock, Plainview, Clarendon, Paducah and Flomot competed for the championship titles.

The ODDS AND ENDS of Lubbock captured the first place honor in the Women's Division. THE MIXED NUTS, Pam Morris of Flomot, Lisa Price of Turkey, Vicki Rekitka and Teresa Wright of Paducah, Kathy Taylor of Quitaque and Sydney Jackson of South Plains, placed second. The CLUB SPUDS of Plainview won third.

In the Men's Division, THE FLOMOT MEN won the championship. Members were Donnie Ray Rogers, Johnny and Billy Joe Roys of Flomot, David Green, Ricky Housden and Rod Goodwin of Canyon. Placing second was the MEMPHIS TEAM and third, ED ROGERS INSURANCE of Kress.

Winning the championship title in the Mixed Teams competition was the SILVER BULLETS team, Billy and Pam Morris, Glen Calvert and Johnny Roys of Flomot, Teresa Wright and Vicki Rekitka of Paducah. The CLUB SPUDS of Plainview won second and T&T DRILLING of Lubbock placed third.

The net profit of the tournament will be used for playground equipment and general maintenance of the Community Building. Glen Calvert, president, Mrs. Billy (Pam) Morris, secretary and treasurer of Volleyball Assn. and Mrs. Donnie (Crystal) Rogers, chairman of tournament concession stand, express their appreciation to residents throughout the area for making this an outstanding event by their participation and help.

Buffalo Grass Chapter NSDAR Meets

Buffalo Grass Chapter NSDAR met March 28, 1989 at Lighthouse Electric in Floydada. The Regent, Eugenia Bethard opened the meeting. After the ritual, Sherry Colston gave the President General's Message and the National Defense Report. She stated that, during Spring Break, she and two more adult leaders, accompanied a group of Junior High Students to Washington, DC for a tour of the Nation's Capitol. While there, they placed a wreath of flowers at the Vietnam Memorial Site.

Mrs. Colston gave the program on the Vietnam War and the role the U.S. played in this, the longest war our nation has participated in, being from 1957-75.

Mrs. Bethard gave her report on the State Conference held in El Paso recently. The Chapter was awarded certificates of merit in the following areas: Service to Veteran Patients, Lineage Research, Public Relations and donation to Jr. Bazaar.

Vera Jo Bybee and Mary Lou Bollman also accompanied Mrs. Bethard to the State Conference and reported on activities of the meeting. They stated that there are 16,775 members of DAR in Texas.

The hostesses, Sherry Colston and June Sherman served refreshments to Margaret Wheeler, Ona Ruth Neff, Ozona Norris, Eugenia Bethard, Mary Lou Bollman, Loretta Denning, Susan Dunavant, Graze Zabielski, Nancy Marble, Edna Workman, Vera Jo Bybee, Gayle Reoy and Mrs. Nell Norvell, a visitor from Hereford.

The next meeting will be April 25 at the Motley County Library in Matador. The group will meet at the Lighthouse Electric parking lot at 6:00 p.m. to form a Car Pool for the trip to Matador. Mrs. Marisue Potts will be giving a Historical Program at this time featuring the Historical Mural at the Motley County Library. All members are urged to attend.

Blessed shalt thou be when thou comest in, and blessed shalt thou be when thou goest out.

Former Resident Wins Action Award

Jim (Pup) Price

Editor's Note: This article was taken from the St. Mary's Employee Newsletter. James will be remembered here as "Pup" Price, formerly of Matador and formerly employed by West Texas Utilities.

James (Jim) Price recently received the Value in Action Award from St. Mary's Hospital in Lubbock.

Jim began working at St. Mary's Hospital 18 years ago as an electrician. Because of his ability to handle difficult

jobs effectively, Jim was promoted to Chief of Maintenance within six months. In 1980, he was promoted to Director of Plant Operations.

Under his direction, the hospital has dramatically expanded from 145 beds to 429 beds. He has been a key player in all expansions including the construction of the heliport and the renovation of St. Mary Place and St. Mary Plaza. Because of his leadership, Jim was chosen to serve as general contractor for the renovation of St. Mary Plaza. This not only saved the hospital a great amount of money, all work was completed on or ahead of schedule which demonstrates his attention to detail and the ability to work well with others.

What he has accomplished is impressive, but equally as impressive is his ability in which his decisions are made and implemented. He uses a team approach and includes hospital personnel and department heads for input and advice. All of his work is accomplished on a calm, unruffled and gentlemanly manner.

On a department level, Jim nurtures his employees and inspires them to strive for excellence. Jim certainly serves as a perfect role model.

Better Business Bureau Issues Caution on Union Circulation

Lubbock, TX -- Last week the BBB/South Plains started receiving calls from the public about UNION CIRCULATION out of Las Vegas, Nevada, selling magazine subscriptions door-to-door. The Lubbock Police Department became involved when a consumer complained about an over-jealous salesperson touching her. Company representatives are allegedly requesting payment by check made out to CASH. The Bureau advises consumers to never make check out to cash or anyone but the company. Also, the salespeople are asking customers to sign a waiver of their rights to the 72-hour cooling off period law. The Federal Trade Commission has advised the BBB that such a waiver may not be legal. That law

allows consumers to cancel contracts with peddlers for up to three days following the transaction.

BBB/Las Vegas reports that the home offices located in San Diego, CA, and numerous complaints have been filed regarding non-delivery of merchandise. This company does not meet the BBB/Las Vegas standards of business practice because of one or more unanswered complaints.

The BBB/South Plains reminds consumers to be alert to peddlers selling magazines, home improvements, books, etc. door-to-door. If they cannot identify themselves to your satisfaction, call the police department/sheriff's office immediately.

Train up a child in the way he should go: and when he is old, he will not depart from it. Proverbs 22:6

The inability to insure yields at acceptable levels and other major complaints of High Plains farmers against the federal crop insurance program could be at least partially corrected for the 1990 crop year, according to Myrl D. Mitchell, Martin County cotton producer, ginner and Chairman of Lubbock-based Plains Cotton Growers, Inc.

Mitchell is the cotton spokesman on the Federal Crop Insurance Commission, created last year by Congress to recommend changes needed to increase producer participation in the multi-peril crop insurance program offered by the Federal Crop Insurance Corporation (FCIC). The 21-member commission, after four meetings and numerous field hearings, recently submitted its interim report to Congress, including 26 suggested actions FCIC has authority to take before the start of the 1990 crop insurance sign-up next July 1.

Two of the changes recommended by the Commission directly addressed a lack of adequate yield coverage and ineffective unit division stressed by PCG in testimony before the Commission hearing in Lubbock March 7.

The Commission's suggestions, if implemented by FCIC, would give producers the option to apply for insurance coverage based on established farm

payment yields or permit modified coverage based on the actual production history system FCIC now employs. ASCS yields would be permitted on program crops. Modified coverage would apply to non-program crops and soybeans.

On unit division, under which PCG's position asks that each production unit or field stand on its own for loss adjustment purposes, the Commission recommended establishing regional unit definitions for program crops and cotton units by share where a share-tenant and landlord relationship exists.

Related to what producers see as an unattractive premium-coverage ration, the Commission also suggested allowing farmers to exclude high-risk land from their insured coverage.

The Commission is made up of 10 producers, 10 insurance industry representatives and FCIC General Manager John Marshall. Producers include three representing general crops, and one producer each speaking for corn, wheat, soybeans and cotton.

The final report of the Commission, due by July 1 next year, is expected to cover recommendations that for one reason or another couldn't be implemented before the 1991 crop year, including some that would require legislation.

Brazos Electric request continuation of rate reduction

Brazos Electric filed a motion with the Public Utility Commission March 30 to request continuation of the cooperative's temporary rate reduction.

The temporary rate reduction, effective during the months December 1988 through March 1989, meant consumers saw an average reduction of about \$7.00 per each 1000 kilowatt hours used. If approved, the continued reduction will be at a level of about \$5.60 per 1000 kilowatts hours. It will allow the cooperation to maintain reduced rates pending a permanent rate reduction later this year.

"Our mission is to provide reliable power at the lowest possible cost," said Richard E. McCaskill, executive vice president and general manager of Brazos Electric. "We constantly monitor our needs to maintain our financial strength," he said. "But when there is an opportunity

to pass on savings to our consumers, we do it, happily."

Brazos Electric had planned to ask the PUC for a permanent rate reduction by April 1, but it will now conduct additional studies of potential rate structures before doing so. The Cooperative plans to file a request for a permanent rate reduction of about \$23 million by June 1.

Since January 1983, Brazos Electric has reduced the average cost of its wholesale electric power by more than 18 percent.

Headquartered in Waco, Brazos Electric provides wholesale power to 20 member distribution cooperatives, seven municipal customers and Texas A&M University. These wholesale customers serve 240,000 consumers in 66 counties of Texas.

Social Security Tips For Motley County

In addition to paying social security benefits, the social security administration is responsible for administering the supplemental security income (SSI) program. The basic purpose of the SSI program is to assure a minimum level of income to people who are aged, blind, or disabled and who have limited income and resources.

Note that I used limited resources. In other words, a person can have some things and still receive SSI payments. This column explains what resources are not counted in determining SSI eligibility.

SSI's resource limits are \$2,000 for an individual and \$3,000 for a couple. The resource limit for a couple applies even if only one member of the couple is eligible. If an eligible couple has been separated or living apart for over 6 months, each person is treated as an individual.

In determining a child's resources, social security counts part of the parent's resources as belonging to the child. Like wise, part of the resources of the sponsor of an alien are considered to be the alien's for 3 years after admission to the U.S. for permanent residence.

In determining whether someone meets the resource limit, some resources are not counted.

A home (and adjacent land) is not counted, regardless of its value, if it is the claimant's principal place of residence and the claimant has ownership in it.

Personal effects and household goods with a total equity value of \$2,000 or less are not counted. If the total equity value exceeds \$2,000, the excess counts.

A car will not be counted if it is:
* used by the household for transportation to a job or to a place for regular

treatment of a specific medical problem; or
* modified for use by a handicapped person; or
* necessary to perform essential daily activities.

If a car cannot be excluded for any of these reasons, only the portion of the current market value which exceeds \$4,500 counts as a resource.

Life insurance policies with a total face value of \$1,500 or less per person are not counted. Burial plots or spaces and repositories for the remains of an individual and immediate family generally do not count.

Burial funds for an individual and spouse do not count if they are specifically set aside for burial purposes and do not exceed \$1,500 per person. The \$1,500 limit is reduced by any amount the person owns in an irrevocable burial contract, irrevocable trust, or any other irrevocable arrangement. The limit is also reduced by the face value of a life insurance policy the person owns if the cash surrender value was excluded under the general life insurance exclusion. Interest earned on, and appreciation in the value of, burial funds may also be excluded.

Property that a recipient uses for self support (such as land other than home property, tools, and equipment is not counted within certain limits.

Of course, every possible resource exclusion cannot be covered in the short space of this column. I hoped only to provide a general overview of the most common ones.

If you want more information about SSI or you want to file a claim, please call 1-800-2345-SSA.

Letter To The Editor

Dear Barbara,

Maleta and I are hosting a tour to England, Scotland and Wales leaving from Dallas-Ft. Worth leaving August 30th for 15 days and would like for anyone interested to contact us for tour information. Southland Travel Service is the company sponsoring the tour. There are no hidden costs.

We will visit London, Stratford-upon-Avon, Lumley Castle, Edinburgh, Inverness, Loch Ness, Loch Lomond, Glasgow, Chester, Caernarvon Castle, Bath, Stonehenge and Windsor.

Meals included are those on the flights,

all breakfasts, one lunch and all but six dinners. First class hotels are used as well as tips at hotels and the meals included. Motor coach and train fares are included and any optional tours are listed along with added costs for those wishing to take part.

If one would like to leave the tour and take off on their own to see other areas, this can be easily arranged.

The only time a person has to handle their baggage is at the airport, going through customs and when we get back to DFW. Suitcases will be placed outside your door at our hotels.

Grace and Harold Campbell made a trip to Western Europe with us a few years ago, and for those wondering about Southland Travel, ask them.

Participants will need a Passport, which are good for 10 years.

Maleta and I hope we can interest enough people to make this tour possible and we will do all we can to make it an enjoyable trip.

Price from Dallas is \$3019 per person and we have made four trips with Southland, we don't hesitate to recommend them.

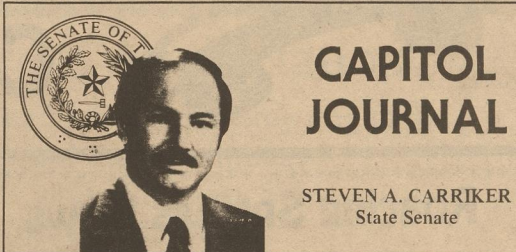

Yours truly,
W.C. Pallmeyer

SENATE TACKLES WORKERS COMP

AUSTIN—Senate members, who have been bombarded with letters, phone calls and conflicting information on workers compensation, decided to take a look for themselves last week by convening the 31 senators into a Committee of the Whole.

In this unusual move, each senator had the opportunity to direct questions to a parade of expert witnesses on the workers compensation issue and on massive House Bill 1.

Senators were chagrined to hear the very consultants who wrote House Bill 1 testify there's no evidence that it would lower workers compensation insurance rates for Texas employers.

This news was extremely disappoint-

ing for legislators, who have labored for months in search of lower rates.

Interestingly, the estimates of cost savings associated with abolition of jury trials ranged from "very little" to nothing.

One point of agreement seemed to be that larger employers have an advantage over smaller employers due to volume and opportunity for an experienced rating.

My Senate Bill 1074, which allows small employers to band together to purchase a single policy, was well received by the workers compensation subcommittee and stands a good chance of being incorporated into the final version of the workers compensation bill.

The Senate leadership has vowed not to pass a workers compensation bill that does not lower insurance rates.

Tax Rebates Up 13.4%

AUSTIN, Tex. — State Comptroller Bob Bullock said Friday that statewide sales tax rebates for the first four months of 1989 are up 13.4 percent over last year's tax allocations for the same period.

"The economy is in good shape, which is being reflected in our state and local sales tax collections," Bullock said.

Last year's sales tax rebates through April were up 6.5 percent over the 1988 rebates for the same period, while 1989 rebates through April actually fell 6.3 percent compared to the same period in 1986, Bullock said.

Bullock warned that the monthly comparisons in this month's report are skewed because merchants collected and reported an extra day's worth of sales taxes in February 1988, which was a leap year.

"We estimated that as much as \$1.9 million in sales tax could have been reported statewide for February 29 last year. One day may not seem like much, but it's enough to throw the numbers off," Bullock said.

Checks totaling \$57.2 million were sent Friday to 902 cities that collect local sales tax at either one or one and one-half

percent, and the state's six metropolitan transit authorities and one city transit department received \$27.1 million.

Another \$5.7 million was allocated to 91 counties that collect the one-half percent county sales tax.

April's checks represent taxes collected by monthly filers in February and reported to the Comptroller's office by March 20.

Totals for Motley County are as follows:

Matador: net payment this period: \$757.63; comparable payment prior year, \$842.56; % change, -10.08%; 1989 payments to date, \$7,083.81; 1988 payments to date, \$6,661.77; % change, 6.34%.

Roaring Springs: net payment this period, \$2,294.33; comparable payment prior year, \$512.05; % change, 348.07%; 1989 payments to date, \$6,003.26; 1988 payments to date, \$3,716.03; % change, 61.55%.

County totals: net payment this period, \$3,051.96; comparable payment prior year, \$1,354.61; % change, 125.30%; 1989 payments to date, \$13,087.07; 1988 payments to date, \$10,377.80; % change, 26.11%.

We hate to disappoint our customers, BUT SOMETIMES THE POWER COMES ON TOO SOON.

Kids think it's exciting when the power goes off. To them, it's like "roughing it" . . . the old days.

But kids are probably the only ones who enjoy having the lights go out. Most of our members don't want to live in the old days.

That's why our employees are continually on call to respond to trouble and get your power restored as quickly as possible.

That attitude makes your electric cooperative something special. We're proud of our excellent service record. So, we're going to keep up the good work. Even if some people are disappointed.

Mrs. Vera Mitchell was taken Wednesday by Motley County Ambulance to Methodist Hospital in Lubbock, suffering severe angina pains. Her sister-in-law, Mrs. Ray Webb of Matador, accompanied her in the ambulance. She had surgery to open the artery which caused the pain, Monday morning. The balloon method was used to open the artery. She came through the surgery fine, came out of the operating room alert enough to speak to waiting friends.

Mr. and Mrs. Chester Dye of Crosbyton visited his mother, Mrs. Minnie Dye Saturday evening.

Mrs. Dye kept a dental appointment Monday of last week.

Mrs. B.L. Peacock left today (Thursday) for Anahauc where she will stay with Justin, Billy Dale, and Lee Ann, the children of Mr. and Mrs. Pat Peacock, who will be attending a Boy Scout Leadership meeting in the Beaumont area. She will return Wednesday of next week.

Mr. J.D. Mitchell was moved to Caprock Hospital Thursday of last week where he is convalescing with expectations of being home by the end of the week. His daughter and husband, Mr. and Mrs. Robert Work of California are here with Mrs. Mitchell and spend much time with him as does Mrs. Mitchell. His other daughter, Mrs. Marian Jones, who was with him during his stay at Methodist Hospital in Lubbock, returned to her home in California on Saturday.

God Loves You!

GUILD HAS SECOND APRIL MEETING

Mrs. B.L. Peacock was hostess Wednesday evening of last week to the Guild for their second April meeting, a week early since the hostess would need to be out of town at the regular meeting time. President Grace Zabielski was in charge of the meeting. Pastor Gene Louder gave the opening prayer and Mrs. Mary Louder brought the devotional. Mrs. Agnes Aaron, bible teacher, presented the lesson of James 5. She also reviewed previous studies in James. Mrs. Imogene Swim said the closing prayer. Present besides those mentioned were Opal Bradford, Billie Clifton, Freda Keahey and Lula Swim.

Mr. and Mrs. W.R. Sedgewick of Lubbock were Saturday evening visitors with his sister, Mrs. Callie Winegar.

Mesdames Odessa Mullins and Callie Winegar attended funeral services for Mr. O.V. Williams in McAdoo Sunday.

Cecil Swim accompanied Mr. and Mrs. Floy Nichols of Northfield to Bella Vista, Arkansas the past weekend to visit his brother and wife, Mr. and Mrs. S.A. Swim and his cousins, Mr. and Mrs. Ray McCollum.

Miss Lula Swim and Mrs. J.T. Swim went to Lubbock last Wednesday for the former to have dental surgery.

Mr. and Mrs. Dean Hastings and Mrs. Donalita Hawkins of Bovina visited their sister and husband, Mr. and Mrs. J.T. Swim overnight Tuesday.

Praise The Lord!

Thank You

I want to say how much I appreciate all the flood, calls, cards, flowers for my birthday and following my surgery.

Louise Robbins

The Roaring Springs Senior Citizens take this means of thanking every person who was in any way involved in making their Saturday night Pancake Supper a great success. Some volunteered to prepare the food; some bought tickets and enjoyed the food and fellowship; others made contributions. All together is was a concerted community effort with gratifying results and we are grateful.

Roaring Springs Senior Citizens

I would like to thank everyone for the flowers, plants, cards, visits and especially your prayers while I was in the hospital. May God Bless you in a special way.

J.W. and Lucille

Thanks to all of you who have sent cards, letters and have called Gary. I thought you might like an update on his progress.

Gary's treatment has entailed 2 series of chemotherapy. The first lasted 7 days and Gary tolerated it well. Because the first series didn't quite do the job he had a second one for 3 days. Since his last dose on March 28, he developed a staph infection and then a drug reaction. As of today both are resolving themselves.

The stage he's in now is the "waiting period". Only time will let us know if the bone marrow is recovering. A bone marrow aspiration to determine this is scheduled around the 11th.

According to his doctor today all is going well with a possible release date of April 16-18.

I'm sure your next update will be from Gary. Keep those cards and letters coming! They really brighten his days. Home address is Rt. 5, Box 375, Sweetwater, Tenn. 37874.

Sincerely,
Ann Whittle
