One style in men's pants have sloping side pockets which makes it almost impossible to retrieve any object from them without standing up. The designer must have worked for a stern boss who made him stand at the cutting table. This might have been a good policy from the point of production, but out in the world many men want to get something out of a pocket while remaining in a sitting position.

The thin mahogany blades in the two fans turned slowly and stirred the hot air in the small drug store. We had driven sixty miles over dirt roads and I had promised my friend that I would buy each of us a milkshake. I was watching the soda clerk and the two milkshakers. Two flies were crawling on the stem of one machine. We were sitting in the wire chairs at a round table where I could see the procedure. We had ordered strawberry flavor. After he had put in the flavor, ice cream and milk, the clerk went to the mixers and started our drinks. I watched the left one where the flies had been parading and the clerk picked it up with his left hand and gave it to my friend. I felt relief but decided later that considering the number of flies in the establishment, the insects had probably crawled over the dashers of both mixers. It was long before the days of city, state and government controlled sanitation. It was a way of life and accepted by the public.

The raw truth is so powerful when it comes off the still that it must be used sparingly else it will destroy more than it can accomplish. Its power will remain intact if administered gently.

People rarely build large porches on their new homes. Two inventions have contributed to the change in the last generation. The television and the air conditioner have contributed to comfort and entertainment. In old days it was comfortable to sit in a chair on the porch and the entertainment was watching the traffic on the street. The change is an improvement unless you consider the rerun programs and commercials on television.

Visitor In Wreck

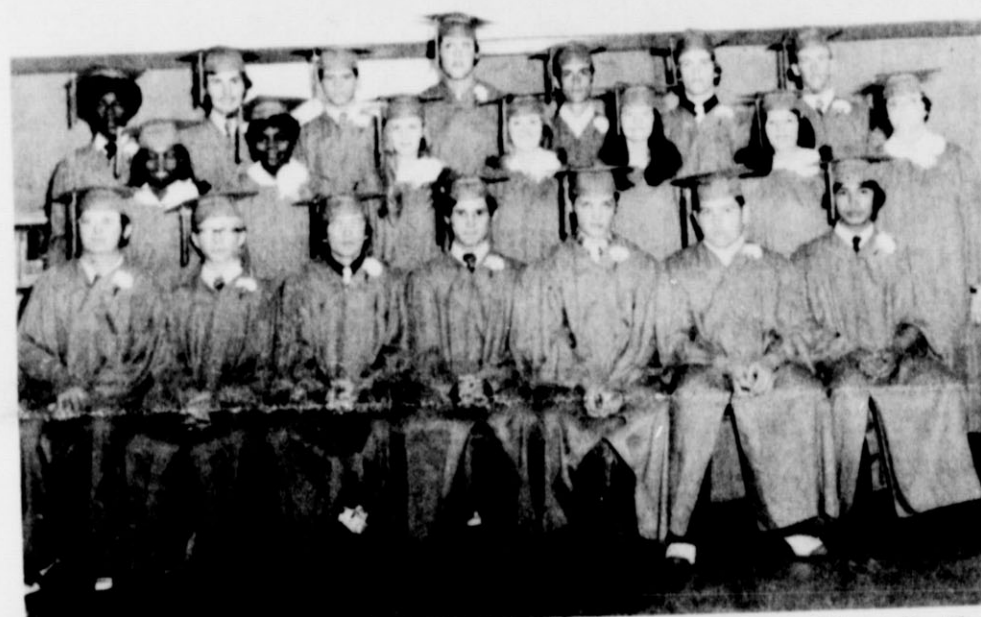

Mrs. Marvin Henson of Chillicothe received bruises and other slight injuries, Saturday in a one-car wreck as she was en route to Matador to attend the graduation of her granddaughter, Mrs. Ray Mullin (Paula Pallmeyer.)

Mrs. Henson was driving alone and lost control of the car when a tire apparently blew out, about 6 miles east of Paducah. The car hit a bridge and careened down the embankment. Mrs. Henson managed to climb back up to the highway and received a ride into Paducah, where she was hospitalized overnight.

Her daughter, Mrs. Bill Pallmeyer was not expecting Mrs. Henson until Sunday and serious consequences could have resulted, since they would not have started a search for her until late Sunday in event she had been unable to reach the highway as she did. She was able to attend the Commencement exercises Monday night.

BUILT in 1925, many graduates have passed through the doors of the Matador High School. The last class, however received diplomas from the auditorium stage Monday night. Disposal of the structure has not been announced by the Motley County Independent School District board of trustees.

Grads Challenged At Baccalaureate

"As you think of the failures of yesterday, you can make of yourself and the world, just what you want to make it," Matador High School graduates were told Sunday night in Baccalaureate services, at the First Baptist Church. Speaker was the church pastor, Rev. Leonard Sims.

Rev. Sims challenged the class to put Christ first in their lives, and to forget about the yesterdays as they prepare for the future. He used as a text, Isaiah 52:11-12, "... go ye out from thence, touch no unclean thing; ... be ye clean that bear the vessels of the Lord. For ye shall not go out with haste, nor go by flight; for the Lord will go before you; and the God of Israel will be your rereward."

"Success can be your downfall if Christ isn't in your life," he declared. "The world is an exciting place -- a place where you can prepare for eternity. As you go out into the world, I pray you will begin by caring about what is going on, and purpose to do something about it."

making a living, but stressed the greater necessity of a God-led life. STAN IRVINE

Coach Resigns For Place In Lampasas

COACH STAN IRVINE, after five years with the Matador schools, has resigned to accept a place with the Lampasas (near Austin) schools system. He will be head track coach in the AAA school and assistant football

coach. His teaching position will be physical education and driver's education.

For the past five years Coach Irvine has served as head football coach here.

In 1970 he led his charges to district championship in track and field. In 1970 the Matador Matadors football team also became district champions. The track team was runner-up during the years 1971-72-73-74 and in 1973, the 440-yard relay team were Regional champions and qualified for the State track meet in Austin.

The 1973 football squad, with a 12-1 record won District, Bi-district and Quarter-finals before being downed in state Semi-finals. During the five years Coach Irvine was here, his teams won 32 games, lost 21 and tied 1.

Coach Irvine has received numerous honors for his athletic coaching ability. He was picked as Coach of the Year by the Amarillo Globe News in 1970 and 1973. He served on the Selections Committee of the Texas High School Coaches Association for the All-State football game in 1972.

He was recognized with a Resolution of Good Wishes from the Matador Lions Club, as a parting honor, and presented with a shirt and tie set.

Coach Irvine, his wife Cindy and children, Mike and Crystal will leave June 1, for their new home. They expressed their appreciation to the Lions Club for its sponsorship of athletics, and to the people of the community for the support and encouragement they have given the school's athletic program, and especially to the parents for their full cooperation, as well as to the boys themselves, who participated in the various sports.

Mr. and Mrs. Elbert Reeves of Plainview were week end guests of his sister, Miss Verlin Reeves, and attended Commencement exercises Monday night for the graduates.

Mrs. Jones, who is the daughter of J. D. Mitchell of Roaring Springs, whose husband is Missing In Action, has two children.

Mr. Mitchell in a telephone conversation late Tuesday, said a contract has been signed with "Chuck" Siewert of Lubbock. Mr. Mitchell said escrow money has been posted. It will be a cash deal.

Mrs. Jones was born at Roaring Springs where she attended high school and grew to womanhood.

The deal involves 1425 acres of land and is probably some of the most desirable property in all of West Texas. The two women who were here last week, plan to operate the springs pool after extensive planned improvements.

The pool was built in 1939 and the site became immediately popular, with people coming from as far as Lubbock and Amarillo to enjoy the beauty of the water fall and the facilities. It has been said to be the coolest spot in West Texas during hot summer days, with the shade and hundreds of small springs tinkling from the west side of the canyon into which the spring flows.

Roaring Spring is historic. In 1936 the Texas Centennial Commission erected a marker at the site with the following inscription. "From prehistoric days a favorite Indian camp ground. It was the main camp of the Comanche Indians in December, 1860, when Cynthia Ann Parker was recaptured near Medicine Mound, in Foard County. Famed for the purity of its water, tradition tells of corn ground in the holes in the sand stone north of this site."

In pioneer days Roaring Springs was the most favorite of picnic areas and the Motley-Dickens Counties Old Settlers Association was formed under the trees beside the springs half a century ago.

All Details Bared With Lions Report

IT is almost an unwritten rule that what transpires at a convention is not discussed when the delegates return home.

A reverse condition, however, resulted in the reports of Lions Dist. 2-T Convention held in Dumas May 3-4-5, and attended by newly-elected Lion President Joe Smith and his wife, Lion "Sonny" Russell and his wife, Lion Secretary Forrest Campbell, and Lion's Queen Naomi Simpson and escort. The report was made Tuesday at

the regular luncheon held in the basement of the First United Methodist Church.

It was a joint report made by the new President and Lion Russell. They started with exact time of departure and arrival in Dumas, and registration at the motel. Lion Smith was slightly vague on some the details.

They both agreed that Queen Simpson was the most beautiful and most talented girl in the Queen's contest, despite the fact that she was not the winner. Somewhere early in the report delegate Lion Campbell vanished and was not again reported.

Things began to organize for the two reporting Lions after they located the bath room, each visit of which was duly recorded.

The two Matador Lions also found the dances each night. No serious problems resulted during trips to the bath room, and visits to various hospitality rooms. Lion Russell read most of the details from his report. However, Lion Smith also reported some of the incidents which are common at a convention.

Coach Stan Irvine was presented with a resolution of good wishes, and presented with a shirt and tie.

STUDIES ABOUT THE BIBLE

Shortly before the cross, Christ was traveling with His disciples north of the Sea of Galilee - the place was Caesarea, Philippi. Time was ready for the disciples to know His true identity. Christ asked two direct questions.

Now when Jesus came into the district of Caesarea Philippi, He began asking His disciples, saying, "Who do people say that the Son of Man is?" Ma. 16:13.

There were several answers such as: John the baptizer, Elijah, Jeremiah, one of the prophets, etc. Then Jesus asked His second question.

He said to them, "But who do you say that I am?" And Simon Peter answered and said, "Thou art the Christ, the Son of the living God." Ma. 16:16.

Christ accepted Peter's answer as the truth and blessed Peter for giving the correct answer. Jesus also taught the disciples where the answer came from.

And Jesus answered and said to him, "Blessed are you, Simon Barjonas, because flesh and blood did not reveal this to you, but My Father who is in heaven..." Ma. 16:17.

One of the evidences used to condemn Christ to death was that He claimed to be the Son of God. In the next lesson our plan is to show many uses of the apostles in their New Testament writings of the expression "Son of God."

IN MEMORIAM

1776-1974

On this day, Memorial Day, 1974, we pause to honor the men and women of our armed forces who gave their lives in the service of our great nation. They left their homes, their jobs and their families to answer the call of their country. None of them wanted to go to war, but they fought and died gallantly in the hope that their sons and daughters could one day live in a world without war. Let us this day dedicate ourselves to working together to achieve the lasting peace so many have died for. Let us learn to live together without war.

Russians Coming To Plainview

PLAINVIEW (Special) - When the Russian National Team comes to Plainview May 28 for an 8 p.m. game in Hutcherson Center, the starting lineup could stand 6-9, 6-6, 6-4, 6-2 and 6-2.

And that's women, not men.

The Russians will be taking on the Hutcherson Flying Queens in the Tuesday night event. Tickets are priced at \$2 per person with children under 12 admitted for \$1. All seats are general admission.

Brenda Moeller, a junior All-American for the Queens, not only will play in that game but also with the U.S. All-Stars in games against Russia at Madison Square Garden in New York City, Des Moines, Ia., Nashville, Tenn., Kansas City, Mo., Albuquerque, N.M. and San Antonio.

Another familiar name in the All-Stars lineup will be Cherri Rapp, three-time All-American from Estelline who played for the Queens from 1968-72.

Russia won the 1972 Women's World Basketball Jamboree in Lima, Peru and last August captured the World University Games in Moscow, blitzing the United

States team 92-53 and 81-44. The Soviets also defeated France, Mexico, Bulgaria, Romania and Cuba.

Veteran of the Russian contingent is 29-year-old Nadezhda Zakharov who has played 104 games with the national team. The 6-9, 240-pound player, Ulyama Semenov, has played 70 games in national competition.

The Queens hope their emphasis on speed will help wear down the bigger Russians. The Queens were 37-4 and won two national titles in 1973-74. Tickets will be available at the door the night of the game.
