County Receives Downpour Of Rain And High Winds In Weekend Storm

This past Saturday night was another night of storms in Motley County. Don Baxter, County weather watcher, reported 1.13 inches of rain and 60-80 mph winds from the west.

Some of the damages reported are a barn that blew down on John Stevens place, the snowcone stand by Billie Dean's was demolished, limbs and part of large trees were blown down.

The barn behind the Ron Richards

home was struck by lightning and burned down before anyone saw it and called the Fire Department.

Mrs. Bess Ferguson was struck by lightning on her porch in Roaring Springs and knocked her out into the yard. She didn't receive any serious injuries, except for a powerful shock. She is doing fine.

Matador has had 9.81 inches of rain to date since January 1.

Tribune Receives New Reports on Recent Bridge Collapse Accident

In this picture you can see the tremendous amount of water that swept through the bridge which collapsed. This is the old bridge.

The Tribune recently received an update on the accident on May 17 at the Tongue River Bridge on U.S. Highway 70.

The pickup horse-trailer was crossing the detour bridge that had been built during the construction of a new bridge in East Motley County at approximately 4:00 a.m.

Because of heavy rains the river had

been running bank to bank for sometime. This caused the detour to wash out in one section.

Tracy Turk, 74 of Childress was the driver and suffered a broken back and lacerations and is slowly improving. Mr. Jackson, the passenger is apparently paralyzed from the waist down and is still hospitalized in Lubbock. This report was given by Jerry Turk, son of Tracy Turk.

Barbara's Bylines

For those of you who were unable to attend the Cowboy Symposium, I hope you plan now to attend next year. It was most enjoyable day and something for everyone. I couldn't keep from thinking how much my Dad would have enjoyed it. There were so many interesting people to see and new friends to meet. I hope next year they add some Indian and Spanish culture, too.

We heard a rare talent in Dennis Gaines. He recited (from memory, some

participants read their poems) eight minute poems, so descriptive and full of expression, you could visualize his characters.

One singer, Buck Ramsey, a rodeo cowboy and horse trainer of Amarillo, who was injured by a horse and now sings and plays a guitar from a wheelchair. Buck sings songs that bring tears to the eyes of tender hearts.

I certainly enjoyed meeting and talking to Tom Blasingame and Colquitt Warren. This was a special treat.

Senior Citizens Report

by Iris Blevins

Last Monday was a holiday and the bus didn't go to Lubbock.

Tuesday we had our luncheon that had been postponed from the week before and we didn't have very many people come. We did have two visitors to help us enjoy the good food.

June 13 will be our next luncheon day. We hope everyone will select a dish of their choice and come join in the fun and fellowship with us Senior Citizens.

Thursday our bus went to Plainview

with five people riding. We enjoyed seeing the pretty crops and big lakes of water along the way.

Friday evening is always our game and visiting time, and Norabelle always opens the doors to the building promptly at 2:00 p.m. due to the rainy weather we didn't have but eight people come to play 84, but we all played and had a good time.

We welcome you to come and join in the activities at the center. The more you take part, the more you enjoy coming.

Host Families Sought For International Students

Host families are being sought for high school exchange students from the following countries: Sweden, Norway, Denmark, Finland, Holland, Belgium, Austria, Switzerland, West Germany, Spain, France, Italy, Ecuador, Australia and Japan. The American Intercultural Student Exchange, a non-profit educational organization, is sponsoring this program for the 1989/90 school year.

The students, ages 15 to 17, will arrive in the U.S. in August 1989, attend the high school in your area and return to their home countries in early July, 1990.

All students are fluent in English, have been screened by representatives in their home countries, have spending money and medical insurance.

Prospective host families should enjoy teenagers, have a genuine interest in learning about the customs and culture of another country and the desire to share American traditions with a foreign student.

THE JOY OF YEARS

by Hazel Soltwisch

Oh, dear Lord!
It occurred to me
That I ain't young
As I used to be.
Thank you!
But I am pleasantly reminded
That youth is fun but for a season
And with age comes pure joy
Beyond all human reason
Thank you!
I cannot envy
Those that are younger than I
Because spiritually I am young
And these wrinkles only lie.
Thank you!
I see through these eyes
With years of love God gives
And the compassion and peace He imparts;
And the joy no one can explain
That He drops into my heart.
Thank you!
So, dear Lord,
It occurred to me
I ain't young
As I used to be
And for that I truly
Thank you!

GIVE YOUR ELECTRIC METER A TURN FOR THE BETTER.

You can slow down the wheels on your Electric Meter and lower Summer Cooling Bills when you follow these helpful tips:

- Set your thermostat on 78° or higher and use ceiling or portable fans to help circulate the air.
- Have your air conditioner serviced annually and once a month, check the filter. A dirty filter can keep your air conditioner from working efficiently.
- Keep doors, windows, and drapes firmly closed to keep cool air in and heat out.
- Protect ceiling and walls with adequate insulation. Make sure cracks around windows, doors, pipes and wiring are tightly sealed with caulking and weatherstripping.
- Use heat producing appliances, like ranges, dishwashers, and dryers during the cooler part of the day.

Traveling Cross Country

by Steve Zabielski

Last night we camped along the shore of Farm Island Lake north of Mille Lacs. These lakes, as most lakes in Minnesota, were formed during the last great glacier age. The Mississippi River originates from a number of these lakes due north of Mille Lacs. It's quite beautiful biking this state. The farms are lush with vegetation, and the soil is dark and fertile. We've seen cranes, swans, eagles, even an enormous snapping turtle. While I was poking at this guy with a stick his head moved at lightning speed, extending about 8 inches and snapping down on the stick like it was a pretzel. His shell was well over a foot across.

We left Broton, S.D. with a powerful wind to our backs. We made 70 miles when I saw a sign that read, "Blue Cloud Abbey, 2 miles." Not having planned this diversion we stopped and discussed visiting the monks there. It was getting late and seemed a good idea, so off we went.

We arrived just in time for the evening mass. The monks invited us to join them. It was an inspiring experience as we sat there listening to the Monks singing much of the mass. Then we were invited to partake of the Holy Eucharist. My two friends, not being Catholic, declined, but I joined the monks for the communion service.

The monks then invited us to dinner, and afterwards put us up for the night in their guest facilities. In the morning we had breakfast with them and set off around 10:00 a.m.

This monastery is a beautiful facility with numerous buildings and shops. There is a shop for silver smithing, weaving, woodworking, pottery, candle making, even a painting studio. Unfortunately the monastery was built for a hundred plus monks with only 20 present residents. Most of these facilities go either unused

or hardly used. The monks also farm, raise cattle, and provide retreats for Priests, nuns, and laymen within the Church. While there, we were especially befriended by Father Ray, Brother Gene, and Brother Chris. They made us feel quite at home and even prayed for our well-being.

The terrain changed radically once out of S.D. Minnesota is rolling green hills, lots of lakes, streams and rivers; S.D. is flat and dry.

Riding with Sue and Tim has been very pleasant. They are both adventurous and sturdy bikers. Tim is the trail cook, able to concoct tasty and nutritious one-pot dinner in minutes. Healthwise the foods have been the best I've had in years.

Sue is trail historian, being a history major from the University of Colorado.

Several months ago while relating to her my plans to bike east she stated, "I want to go." When back east, she'll spend the summer with family and friends. Her motives for the trip? Health and adventure.

I asked Tim if he would join us on the trip. He is a good man and like Sue, spiritual minded with high ideals. He and I plan to work through the summer in Rochester, N.Y., then he's off to visit his girlfriend, Hanna, in Portugal.

As for myself, I am moving to Rochester to be with my little girl, Stevie Lynn. She is 17 months old and recently moved from Boulder with her mother, Nancy Welch, to live with her grandfather Welch. I am looking forward to being with Stevie again.

Today we are having lunch in McGregor, MN. Duluth is approximately 60 miles east of us. Maybe we'll be there tonight.

Until next week, peace.

Letter To The Editor

Dear Editor:

Our legislators in Austin just passed an amendment giving themselves a 300% pay raise.

This outrageous salary increase will cost us, the taxpayers \$3.5 million a year, at a time when we can least afford it.

It gets worse, the amendment will take away the voters right to vote on future pay raises. In my opinion, the legislators are not being financially responsible with our wallets.

The legislators have craftily worded the amendment on the November 7 ballot to limit their salary to one-third of the governor's salary. The legislators vote on the governor's salary.

Basically, they will vote their own pay

raise when they give the governor a pay increase.

Their salary doesn't include the present daily allowance of \$30 which will be increased to \$81. That's \$4200 increased to \$11,340 for 140 days of work in Austin. Can you imagine getting that kind of allowance for food and gas?

We need state government to be financially responsible. We need to stop this pay raise.

Please join the fight against this 300% pay raise.

Sincerely,
Lynn Oates

Dear Editor:

I am writing concerning the write up of *The Way It Was* which Emmett Jenkins writes. Tom Vivian was not found dead on the highway. He died in the Plainview Hospital. He had four sisters and Bill living at that time and we were all at his bedside at the time of death.

He was owner of a Grocery Store in Slaton at the time of his death. His funeral was held at Slaton with burial in Matador cemetery.

I am his sister and Lon Vivian's daughter. Thank you.

To the Editor:

As we approach the end of the 71st session of the Texas Legislature, more than 3 million Texas schoolchildren and a quarter of a million educators are patiently awaiting the answer to a common question: Will the Texas Legislature finally realize that education in Texas is in trouble, and the time to make the necessary financial commitment to quality education is now, not the next biennium or next century?

Why is it that Texas, a state ranked number 1 out of 50 in state pride, pays its teachers a below-national average salary? Why is it that Texas currently ranks 38 out of the 50 states in what it spends from state coffers on education? Why is it that when the Legislature does pass something of significance for education, it relies on the already severely overburdened local property tax system to pay for it?

The 50,000 member Association of

Texas Professional Educators firmly believes that education is the most important commitment Texas will ever make to its citizens. Even more than a commitment, ATPE believes that education is an investment, and the rate of investment return depends on the wisdom used to make the investment and the resources dedicated.

We have a strong heritage of commitment to public education in Texas, but apparently that commitment doesn't extend beyond the ballot box. Isn't it time to quit talking and start funding? Isn't it time to begin paying more than just lip service education?

There are more than 3 million schoolchildren and a quarter of a million educators patiently awaiting an answer.

Sincerely,
Patty Ruth

Figures released to Lubbock-based Plains Cotton Growers, Inc. June 1 fixed the official size of the 25-county High Plains Cotton crop at 3,234,700 bales of 480 pounds net. PCG estimates a record farm-level crop value of \$1.169 billion.

The production total, tallied by the Texas Agricultural Statistics Service (TASS), is the second highest in area history, and over 21 percent above the 2,668,550 bales grown in 1987. Record production for PCG's 25 counties was established in 1981 with a crop of 3,522,000 bales.

TASS reported 3,227,000 acres planted to the fiber crop on the Plains in 1988, an almost unheard-of 96.7 percent of which, or 3,119,200 acres, remained for harvest. The 1987 crop came off 2,819,000 planted acres, 2,599,000 of which were harvested. The record crop of 1981 was produced on 4,473,500 harvested acres.

Average yield for the 25 counties came to 497.8 pounds per acre in 1988, a scant

5.1 pounds above the previous year's yield, but 52 percent above the area's 10-year average of 329.5 pounds through 1987. The High Plains record yield of 513.2 pounds per acre was set almost 30 years ago in 1965.

Gaines County with its huge acreage produced a bale-count of 314,800 in 1988, topping all others for the third consecutive year. Highest per-acre yield, a distinction that went to Parmer County in 1987, switched to Hale County with a yield of 570 pounds in 1988.

The farm-level value of the crop exceeded the billion-dollar mark for the second time in as many years. The \$1.169 billion figure compares to the \$1.06 billion value PCG assigned to the 1987 crop.

The chart below shows 1988 planted and harvested acres, yields per harvested acre and total production in 480-pound net weight bales for each of the 25 PCG counties.

Local Women Teach Children To Read English With Laubach Program

Loys Campbell, Delores Martin and Evelyn Garrison with students, Jermain, Laurie and Lupe.

By Evelyn Garrison

"Anyone who can read can teach someone else to read." With this motto fresh in mind, Loys Campbell, Delores Martin and Evelyn Garrison were ready to participate in the Laubach adult reading program titled, "Each One Teach One."

We had completed our training in mid-October and our Laubach Tutor Certificates were "in the mail." While we were waiting to be assigned an adult through the literacy program of our Motley County Library, Mrs. Hunter received a call from Mr. Hamilton, principal of our local school. There were four new students from Mexico in our school and we were needed to tutor English.

The challenge was accepted and our assignments made. We met Lupe, 5th

grade, Jermain, 6th grade, and Laura Rojas, 8th grade. Jessie was in Kindergarten and would not need help. These are children of Mr. and Mrs. Jessie Rojas of Flomot

Workbooks, reading material and E.S.O.L. (English Speaking Other Languages) material were supplied by the Laubach state program through our library. The time schedule was arranged during school hours. We would have each four one hour sessions, three mornings a week.

Our lesson goals were easily reached because our pupils were well behaved, eager to learn and very intelligent. Each day for Loys, Delores and myself was filled with pleasure watching Lupe, Jermain and Laura learn so quickly and attempted any lessons we offered.

By Christmas holidays Laura, being

older, had advanced far into Book II. Lupe had read, in English, from her school books to her class and Jermain was answering his classmates questions in English. But we discovered through questions about the stories we read that, though Jermain was the better reader, Lupe understood more of what she was reading. Both were so anxious to read to us.

Problem words were "How, who, what, where and when." Loys solved this with buying a Spanish-English Dictionary. It didn't take long to find that the pupils needed the book more than we did and Laura became an avid word searcher, often writing words and definitions to remember them better, without our assigning this extra work.

In January when Dewayne and Delores Martin decided they should move from Matador, Loys and I rearranged our time schedule and worked with Laura one hour and kept her the second hour while we were with Lupe and Jermain.

Laura had a quiet courageousness that often led us and Lupe had a pixie mischievousness that entertained us. Jermain had such a tremendous pride that he was impatient with covering lessons so slowly. Each day had its special learning experiences, accomplishments and 'smiley' faces or stars for rewards.

By now we were being asked to help with school assignments. Lupe would write stories and all of us would translate her story into English. Jermain would bring his Social Studies and we would discuss history or geography. There were parts in plays to memorize and songs to learn. Often we would skip math presented in our program because this had been covered in school and our pupils needed no help, but a math question proved to be our greatest challenge! About two weeks before school was out Laura needed help to find $2\frac{1}{2}$ of $\frac{3}{5}$ = 235 3/5! Do you know how to get the answer? It's "We'll go see if Mr. Read is in the teacher's workroom!"

Sharing holidays was such a joy! We learned as much from them as they did from us. There was much laughter and only one sad event. Trips to familiar places in town became adventures. Words of praise and gratitude were many.

When came time for school to close for the summer our students were able to participate in regular classes. Lupe and Jermain advanced to their next grade and Laura graduated with her class.

Jessie and Natalie, Loys and I have found more pleasure tutoring our children in English than we could ever express. We wish the best for them and expect them to be honor students at Valley School next year.

The excitement and rhythm of Africa will be beating at Ringling Bros. and Barnum & Bailey Circus when the all-new 118th Edition of The Greatest Show On Earth opens at the Lubbock Municipal Coliseum for six tremendous performances beginning June 16 through June 18.

Tickets are now on sale at the Lubbock Municipal Coliseum box office, Sears at South Plains Mall and Dollar Western Wear. All seats are reserved with prices at \$10.50, \$9.00 and \$7.50. All tickets are \$2.50 off the June 16 performance with KCBD Channel 11's Family Night.

Producer Kenneth Feld offers an exotic showcase of African wonders highlighted by TAHAR: The Moroccan Master, who fearlessly commands a deadly assemblage of alligators in a unique and never-before-seen Circus attraction.

With courage surpassing that of any mere mortal, TAHAR strides into a ring of fiercely lashing alligators and hypnotizes the reptiles with his awesome mental powers, slowly passing his hand between their terrible jaw. Then, placing his head between the cold-blooded jaws of death, the incredible TAHAR proves his command of the natural world supreme.

Warren Chisum Endorses Bob Bullock

This district's state representative Warren Chisum, Pampa, has joined two-thirds of the Democrats in the Legislature in endorsing State comptroller Bob Bullock for lieutenant governor.

Bullock's endorsement by 17 of the 23 Democrats in the Senate and by 63 of the 91 House members, including Speaker Gib Lewis, is unprecedented, said political consultant George Christian of Austin.

Bullock said he was honored by the endorsements "coming from the leaders of every corner of Texas and from widely diverse ethnic, business and public service backgrounds."

"The men and women of the Legislature know first hand what qualifications a lieutenant governor must have -- and they are saying that I am the most qualified person," Bullock said.

Senators endorsing Bullock include six of the nine Democratic committee chairmen appointed by Lt. Gov. Bill Hobby who is not seeking reelection.

"They want experience, fairness and strong leadership. They want someone who is sensitive to the needs of every area and of every Texan," Bullock said.

Bullock, who started his political career in the Texas House, is the only announced candidate for lieutenant governor.

Tickets Now On Sale For Ringling Bros. And Barnum & Bailey Circus Featuring The Wonders of Africa

One of Mexico's finest trapeze families, The Flying Caballeros, proudly soar above Ring One with airborne artistry and excitement in the all-new 118th Edition of Ringling Bros. and Barnum & Bailey Circus.

African adventures await at every turn in the thrilling Ringling Bros. and Barnum

& Bailey Circus. From the most remote reaches of the jungle come sixteen authentic Zulu warriors who captivate the

audience with a traditional tribal ceremony. Dressed in native garments and wearing beaded necklaces and head-dresses, they perform an astonishing tribal war dance for the first time outside of the African continent.

Tax Payments

AUSTIN, TX -- State Comptroller Bob Bullock said Friday that May's statewide sales tax payments to cities, counties and transit authorities continued to follow this year's steady upward trend.

"We've watched sales tax rebates across the state grow by more than 11 percent overall this year. More money is being pumped into our economy, which is great for the state and for local governments," Bullock said.

Checks totaling \$117.8 million were sent Friday to 1047 cities that impose local sales tax at either one or one and one-half percent, according to Bullock.

Houston received the largest check, which totaled \$20.1 million, an increase of 5.7 percent over the city's May 1988 payment.

The state's six metropolitan transit authorities and one city transit department received \$54.8 million. Bullock said that this month's payments to the transit authorities was up by 9.2 percent when compared to last year's May rebates.

The largest transit authority rebate, \$21.5 million, went to Houston's MTA. The payment reflected a 6 percent increase over the same period last year.

Bullock added that another \$10.5 million was allocated to 91 counties that collect the one-half percent county sales tax.

May's checks represent taxes collected in March by monthly filers and during the 1989 first quarter by quarterly filers. The deadline for both monthly and quarterly taxpayers to file sales tax reports with the Comptroller's office was April 20, Bullock said.

County totals are as follows: Matador: net payment this period, \$3,265.25; comparable payment prior year, \$3,559.29; % change, -8.26%; 1989 payments to date, \$10,349.06; 1988 payments to date, \$10,221.06; % change, 1.25%.

Roaring Springs: net payment this period, \$2,201.58; comparable payment prior year, \$1,340.68; % change, 64.21%; 1989 payments to date, \$8,204.84; 1988 payments to date, \$5,056.71; % change, 62.26%.

County total: net payment this period, \$5,466.83; comparable payment prior year, \$4,899.97; % change, 11.57%; 1989 payments to date, \$18,553.90; 1988 payments to date, \$15,277.77; % change, 21.44%.

BESS FERGUSON STRUCK BY LIGHTNING

Miss Bess Ferguson was struck by the lightning preceding the one sharp clap of thunder accompanying the early evening shower here Saturday. She was on her way into her house when she was knocked flat on her back and left in a somewhat disordered state, hardly realizing what had happened to her. Still suffering from the shock she was driven to Plainview to her doctor by Odessa Mullins Monday. She was still feeling the effects of the shock at newstime.

Roxie Lewis, a longtime friend of the Fred King family, recently received a copy of the Newsletter of the **Humble Genealogical Society**, dedicated to the late Lanell King Dunn, longtime teacher of handicapped children in the Aldine District and officer in Humble Genealogical Society.

Visiting Carla Jones and Jeremy this past weekend were Betty Gaines and David Gaines of San Antonio and Dennis Gaines of Matador. They attended the National Cowboy Symposium in Lubbock, where Dennis recited poetry.

Mrs. Odessa Mullins and Miss Bess Ferguson called on the Bobby Mullins family and Rev. and Mrs. Buster Huggins in Plainview Monday afternoon.

Max Thacker of Dallas visited his mother, Mrs. Lillian Thacker, and other relatives here several days of last week.

Mrs. D.A. Peacock of Gautier, Mississippi, and Ollie Garrett of Pascagoula, Mississippi, visited her brother-in-law and wife, Mr. and Mrs. B.L. Peacock last week.

Mrs. Peggy Harrel and son and wife, Mr. and Mrs. Dave Harrall, aloof Ballinger, were visitors with their aunt, Mrs. Roxie Lewis Sunday.

Mr. and Mrs. J.T. Swim were Lubbock visitors Monday afternoon.

Mr. and Mrs. James Moss and his

mother Mrs. E.E. Moss of Lubbock were Sunday visitors of the latter's sister, Mrs. M.S. Thacker.

Mesdames Roxie Lewis and Lou Caffey were Floydada and Lubbock visitors Tuesday of last week.

Mesdames Vera Mitchell and Beth Hinson kept appointments with a Lubbock ophthalmologist Monday of this week.

The Rev. Mrs. Edna Dillard and her daughter-in-law Mrs. Ben D. Dillard attended funeral services for the Rev. J.W. Farmer, former District Superintendent of Assembly of God Church, in Lubbock Friday. They were joined by Mrs. M.D. Gunstream of Muleshoe who had been a member of the Muleshoe Assembly of God Church when the Rev. Farmer was pastor. The Mesdames Dillard and Gunstream had lunch with Mr. and Mrs. J.W. Maritt.

Mr. and Mrs. Jackie Martin of Haskell were Sunday visitors with her mother, Mrs. Callie Winegar. Their son Billy, who had just completed his school year at Shallowater where they lived before moving to Haskell, met them here and accompanied them home. He had visited his grandmother overnight.

The phrase about Retha Watson Smith's graduation should have read "graduated cum laude in Accounting." Retha's accomplishment while holding down a full time job reflects credit upon her family, her class of 1961, and Roaring Springs High School from which she graduated.

Mrs. Marion Jones of San Jose, California is visiting her father and wife, Mr. and Mrs. J.D. Mitchell and with her grandson Jeremy Jones and Carla Jones.

The J.T. Swims have moved in a house from the Afton area to add to their home here. The addition will more than double the size of their present residence. They are to be congratulated upon this expansion.

Mrs. J.T. Swim accompanied Miss Lula Swim to Plainview Tuesday to keep a medical appointment. The ladies also visited an uncle and aunt Rev. and Mrs. W.B. Swim at Care Inn in Plainview.

FIERCE STORMS ASSAULT AREA

A storm cell produced a twister, hail, a thunderstorm and power outage around 10:30 p.m., Saturday, June 3 at the Bill Shannon and Joe Ike Clay rural locations north of Flomot in the Folley community.

Following a deafening roar, the Shannon family had two large farm structures completely destroyed. The Joe Ike Clay family suffered the complete loss of a center pivot irrigation system and a large hay barn. Their homes escaped major damage. Extensive crop damage was reported in the area.

About the same time and again, around 2:30 a.m., Sunday, thunder, rapid-fire lightning, dousing rains and strong winds hit in the Whiteflat area. However, no crop damage was reported. The rainfall in Flomot and Whiteflat was registered from 1.50 to 2.50 inches during the storm.

The bridge north of Flomot had traffic warning posted when the abutment at south end of bridge was endangered by heavy rains.

NEW RESIDENTS

We welcome Mr. and Mrs. Jimmy Woods and daughters, Kimberly, Tiffany and Emily to the community. They moved from Dumas to Flomot this weekend where Mr. Woods will be engaged in agriculture operations.

Descendants of the John Richard Young family held a reunion, Sunday, May 28 and enjoyed a luncheon at the Hotel Turkey.

Family members attending were Mr. and Mrs. H.G. Those traveling the farthest to attend were Alleen "Penny" Martin of Riverside, California and John R. Meacham of Paducah, Kentucky. Fourteen class members attended.

Social Security Tips For Motley County

Social Security has always advised people to have their social security cards before they are needed. Recent changes in tax laws and work requirements have made the social security card more important than ever before.

The social security administration (SSA) does not issue plastic or metal cards. SSA does not charge a fee to issue cards. You should have the paper card issued by SSA even if you choose to have a plastic or metal card made.

When asked for your number, you should always read it from the paper card. Tax and work records are kept by the social security number. Employers and Government agencies will ask to see your card as issued by SSA and often cannot accept just the number or a plastic or metal card.

If you do not have the paper card, it is easy to apply for one. You should call social security for an application form. If you have a social security number, you have only to return the completed application with proof of your identity to your local social security office. You do not have to come to the office. Social security cannot accept photocopies, so you must send the original document you use to establish your identity. It will be returned to you promptly. While it must be a recent document, it does not have to be current. For example, you can send an expired

driver's license or work record from 2 or 3 years ago.

If you are a foreign born U.S. citizen, you must also furnish evidence or your U.S. citizenship. If you are not a U.S. citizen, you must provide evidence of your alien status.

This is the time of year for marriages and new brides. If you marry and wish to change your name on social security's records, you must apply and provide proof

of your name change such as a marriage certificate. As with any request for a card, photocopies cannot be used and the original document will be returned at once.

If you are going to continue using your maiden name, you do not have to change the name on the card. You should be careful to be consistent in using the name to avoid problems with your federal work and tax records. The last name on your tax return, for example, should match the name on your social security card.

If you have a question or a problem with your card or application for a card, or if you need to file a claim call 1-800-2345-SSA.

MARKHAMS HAVE SAN ANTONIO VACATION

On Wednesday, May 24, Elvin and Minnie Mae Markham were flown down to San Antonio for a 4-day vacation by their son, Gary and daughter-in-law Kathy Markham. Elvin and Minnie Mae were picked up by Kathy's parents, Bob and Jeane Tollett who reside in San Antonio on the northwest side off Hwy. 1604. Gary and Kathy drove in from Houston that night and met them at her parents home.

They spent Thursday touring downtown San Antonio visiting the Institute of Texas Cultures, having lunch in the Tower of Americas, touring the Alamo, strolling the River Walk and the Sunken Gardens. The temperature rose that day to a steamy 103 degrees.

Friday, everyone "caught their breath" by resting most of the day. Bob treated Jeane and Minnie Mae to having their hair done for the evening.

That evening all six of them rode the Texan train which involved a dinner cruise down to Hondo and back. Since no one had ever ridden this train, much less have had dinner on it, it was quite a treat. Kathy's grandfather, at one time was an engineer on the Border Limited, which no longer is an active train.

Saturday included driving out to Del Rio, Texas to the Val Verde Winery, which is the oldest winery in Texas. They then went over the border for lunch at Crosby's Restaurant in Villa Acuna, Mexico.

Sunday, Gary and Kathy drove Elvin and Minnie Mae back to Matador. One of their other sons, Larry who had also been vacationing in the area caught a ride with them back to Matador.

Gary and Kathy visited with the Markham's through Wednesday, May 31 and then returned to LaPorte, Texas where they reside.
