AIRPORT GETS RADIO STATION

HOME TOWN TALK

By Beddy

WELL, kids, the old school bell will ring in 30 more days. Mother'll be getting busy now making Mary new dresses, Billie new waists, and Dad'll scratch his head even more trying to figure out where the shoes'll come from.

It's great to live in a town that possesses such an efficient school system as ours. And where the people have such a fine standard of values that they'll step out and provide additional public educational facilities whenever needed.

The foundation for the new school building in Cedar Crest, western part of town, is being poured. The excavations for the new building in the eastern section are being dug.

Fetor county was cut in on the more than one million dollars worth of highway construction contracted for at Austin this week by the state highway commission. The contract calls for three-course bituminous surface treatment of 7.6 miles extending northward from Odessa to Andrews county, along a recently designated state highway. Midland is still putting forth every effort to get a direct highway opened from there to Andrews, thence to Hobbs and other points in New Mexico.

What is Big Spring doing? It just strikes us that this state political mixup might not be as important to Howard county right now as some things right here at home; for instance, the question of how, and when we will get some paved roads here.

T. & P. Building Huge Water Main To Serve Toyah

PHOS, Tex., Aug. 1 (INS)—A huge water main, 37 and one-half miles long and in places 12 inches in diameter, is to serve Toyah, Borden and probably, this city. It is being built by the Texas & Pacific railroad for the prime purpose of supplying water to homesteads. Water is a critical problem in this section where an abundant supply of water is needed. In making plans for their line, the railroad engineers went first to the Davis mountains to M. McWhorter springs where they found an adequate source. The long line has a drop of 1,450 feet from end to end. The pressure is so great that pressure reduction stations were found necessary at several points along the line.

Flying School May Open Here

Preparations for a flying school here with John Blaine, manager of the local airport and agent for Southern Air Transport in charge. In all probability will be started here within the next few days. Should the school be opened two planes, a Cessna-Aire and a Fairchild, K R 21, will be used for instruction. The planes are at the airport now, the property of W. R. Ramsey, San Angelo. The two ships will be used Saturday and Sunday in passenger hopping. Blaine will pilot the craft. According to Blaine several local persons have a few hours yet to finish in their courses and it is probable the school will be opened for their benefit. Should the demand of new students for instruction be great enough the school will be opened to them.

West Texas Warned Against Cane and Kaffir Smut Disease

SPYDER, Tex., Aug. 1.—(INS) Warnings today were sent to all parts of West Texas to beware of smut infection of cane and kaffir, agricultural experts having advised that should it be fed to animals it would prove deadly. Farmers said the continued drought was the primary cause of the infection, which might spread to other sections.

Mother of Slain Woman Claims Battered Body Found Near Toyah As Officers Push Investigation

DROWNING OF ATHLETE IS PROBED

New Version Told of Al Lassman's Death

PORTLAND, Me., Aug. 1 (AP)—County Attorney Ralph M. Ingalls today began an investigation of circumstances surrounding the drowning of Al Lassman, former New York University football star at Long Lake near Harrison, on July 6. Sheriff Lloyd W. Jordan was sent to Camp Zakeo on Long Lake with instructions to bring back to Portland 14 persons, including Izzy Arakov, former Harvard athlete and head of the camp, for questioning.

The original account of the death of Lassman as given out by the camp the day after he drowned said Lassman was a visitor at the camp and went on the lake alone in a canoe. Yesterday New York University authorities issued a statement asserting Lassman had been employed as a counselor at the camp and rescued two of three boys who were with him in the canoe before he drowned.

Norman Parcels, Yale baseball star and a counselor at Camp Ropton, which also is on Long Lake, today confirmed what he told New York University authorities concerning the drowning. NEW YORK, Aug. 1 (AP)—New York University officials, in a statement published today, gave an entirely new version of the death, by drowning, of Al Lassman, football star, in Long Lake, Maine, on July 6.

Contrary to previously published facts in the case, they asserted an investigation, conducted by university representatives, had established that Lassman was drowned while trying to save the lives of three boys whom he, in his capacity as a counselor at Camp Zakeo, had taken out for a canoe ride.

Information from the camp at the time of Lassman's death had been that Lassman, a visitor at the camp, had taken out a canoe late at night without permission, had overturned in rough water and been drowned. A verdict of "accidental death by drowning" was returned by a coroner's jury.

The N. Y. U. statement said the university investigation, conducted by graduate Manager of Athletics Al Nixon and Chieh Moehan, football coach, had been begun after the receipt of an anonymous letter purporting to give the real facts in the case. Some of the information gathered by Nixon and Moehan was obtained, the statement said, from Jerry Nemecek, football captain-elect of the 1929 N. Y. U. team and a counselor at Camp Zakeo. According to this version, Lassman took the three boys, whose names have not been revealed, for a paddle in quiet water on the afternoon of July 6. In some manner the canoe was overturned and Lassman and the boys were thrown into the water. The giant football star, known as a strong swimmer, managed to hoist two of the boys to safety on top of the overturned canoe, but went down to his death while trying to save the third boy. At this point Norman Parcels, Yale man, who saw the accident, plunged into the lake and hauled the third boy to safety. When Parcels reached the shore, he learned for the first time that Lassman was missing. He returned to the scene and dived repeatedly in a vain effort to locate him.

Nemecek Ousted The university statement quoted Nemecek as saying that camp authorities had told the counselors the night of the accident not to discuss the affair among themselves or with the boys in the camp. Neither Parcels nor any of the three boys appeared at the inquest, the statement asserted.

Izzy Zarakov, former Harvard athlete, who is head of the camp, was informed of the results of the independent investigation, N. Y. U.'s statement said, but had made no comment.

While officers continued their probe of the brutal slaying of Mrs. Jeanette Lloyd, former wife of a Midland chiropractor, near Toyah early Sunday morning, the body of the woman was en route to the home of her mother, The Kilar and Murray Funeral Home, Pecos, shipped the body to Mrs. S. F. Kelley, Morgantown, West Virginia, Thursday night. The body had been held in Pecos since it was found in a pool of blood on the Bankhead highway, about four miles west of Toyah. The former husband of the woman identified the body, but refused to claim the body. Later her mother was found in Morgantown. Last night Kilar and Murray were informed the body should be shipped to West Virginia for burial.

In the meantime officials of Reeves County are continuing their probe of the murder. Letters are being carefully investigated in an effort to obtain evidence pertaining to blackmail. Prominent residents of Midland and other cities in this vicinity have been questioned in regard to the woman and her activities and associates. The investigation is being headed by Roy I. Biggs, district attorney, Pecos.

Supporters of Ross Sterling Will Meet

Attention of all persons who expect to support Ross S. Sterling for governor in the run-off primary was called again Friday to an announcement of meeting at the district court room Monday evening at 8 o'clock for the purpose of organizing a local Sterling-For-Governor club.

Baptists Convene Christoval Meeting

SAN ANGELO, Tex., Aug. 1 (AP)—The 29th annual convocation of the West Texas Baptists Association opened at Christoval today. The association has 40 acres on both sides of the Concho river with permanent buildings, waterworks, electric lights and other conveniences. More than 1000 regular attendees were expected. Dr. Robert G. Lee, pastor of Bellevue Baptist Church of Memphis, Tenn., was to be the principal speaker. The session will continue 10 days.

Wrightsmen Takes Lead From Gore

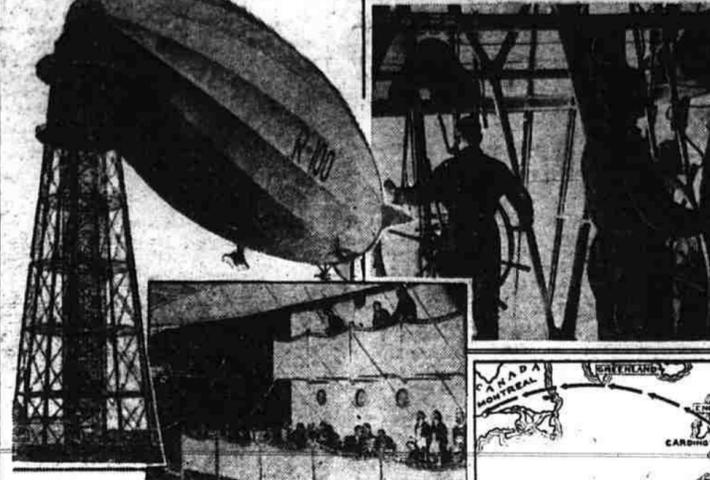

OKLAHOMA CITY, Aug. 1 (AP)—C. J. Wrightsmen, Tulsa oil millionaire, went into the lead over T. P. Gore, a blind former senator with whom he will contest for the democratic state senatorial nomination in a run-off primary August 12 on the face of returns from 2,248 out of 3,338 precincts tabulated today by the Associated Press. The vote, Wrightsmen 70,227, Gore 69,976. On returns from 2,293 precincts, W. H. Murray, Bolivian, colonel who seeks to represent the democratic party for governor next November, had 130,769 votes to 67,909 for Frank Rutman, wealthy oil man who will oppose him in the runoff.

Statistician Says State Will Face Deficit Next Year

AUSTIN, Aug. 1 (AP)—A deficit of \$2,000,000 will be faced next year by the state as the result of setting the tax rate at 65 cents per \$100, Robert Hardeman, former chief statistician of the comptroller's department, said today. He said the tax rate should have been fixed at 74 cents to cover all the estimated expenses. The ad valorem tax rate, receipts from which are used for general operating expenses, should have been 32 cents instead of 27, Hardeman said. The tax board did not take into consideration the deficit of \$1,824,000 as shown in the comptroller's estimate and did not provide expenses of the 42nd legislature, estimated at \$350,000, he said.

AT FIRST BAPTIST Rev. J. P. Peden of Abilene will fill the pulpit at the First Baptist church here Sunday morning and evening. It was announced officially Friday.

BRITISH DIRIGIBLE SETS NEW WESTWARD RECORD

Views of the British dirigible, R-100, and views within the massive craft, are shown above. By crossing from Cardington, England, to St. Hubert, airport, Quebec, in 78 hours 31 minutes, ending early today, the ship set a new record for westward crossings by dirigibles.

SHIP SPANS ATLANTIC

By The Associated Press The R-100 set a record for westward dirigible crossings of the Atlantic Ocean with its trip from Cardington, England, to St. Hubert airport in seventy hours and fifty-one minutes.

The R-3, built in Germany for the United States Navy and later renamed the Los Angeles, crossed in October, 1924, from Friedrichshafen to Lakhurst, N. J., in 81 hours. The Graf Zeppelin took 111 hours and 46 minutes to its first crossing from Friedrichshafen to Lakehurst, in October, 1928, but made its second crossing in 93 hours flat, in 1929.

The R-31, British dirigible, crossed from Scotland to New York in 1919 in 108 hours and 13 minutes. Eastward ocean flights have been made by the dirigibles in much faster time. The Graf Zeppelin has the best record 55 hours and 24 minutes from Lakehurst to Friedrichshafen in August, 1929. It crossed the Pacific in September, 1929, from Tokio to Los Angeles in 67 hours.

UP 361 HOURS

ST. LOUIS, Aug. 1 (AP)—The monoplane Greater St. Louis, flying toward a new refueling endurance record, passed its 264th hour of sustained flight at 7:11 a. m. today. At that hour the pilots, Dale Jackson and Forest O'Brien, former record holders, began their twelfth day aloft, signaling that all was well.

HALF WAY ROOSEVELT FIELD, N. Y.

(AP)—Bob Black and Lou Reichert in their red monoplane reached the half way mark at 8:30 a. m. (EST) today in their attempt to break the 351 hour refueling endurance record of the Hunter brothers. At that hour the red plane had been up two hundred and seventy-seven hours.

KIRK WALL, Orkney Islands, Aug. 1 (AP)—

Wolfram Hirth and Oscar Weller, German aviators, took off in their small monoplane at 9:40 a. m. British summer time (3:40 a. m. E. S. T.) today for Iceland. The aviators are attempting to fly from Germany to the United States by easy stages. They left (Continued on Page 7.)

Walter Johnson's Misfortunes Climaxed by Death of His Wife WASHINGTON, Aug. 1 (AP)—A long series of misfortunes for Walter Johnson, one of baseball's best loved figures, climaxed today with the death of his wife, Hazel Roberts Johnson. Johnson, manager of the Washington Nationals, was in uniform yesterday for the game with the league leading Philadelphia Athletics when a phone call came from physicians at Georgetown hospital. He left the park hurriedly and shortly afterwards his big frame toppled into his wife's room. He was told that her condition was serious; that a recent automobile trip from Coffeyville, Kas., through the intense heat had sapped her strength but that a long rest would probably restore her to health. She was completely exhausted, however,

HONESTY IN OFFICE NOW CHIEF ISSUE STERLING DECLARES IN OPENING CAMPAIGN STATEMENT

AUSTIN, Aug. 1 (AP)—Ross S. Sterling, candidate for the Democratic nomination for governor, opened his campaign here today with an attack upon James E. Ferguson, former governor, whose wife, Miriam A. Ferguson, opposes Sterling in the runoff campaign.

EDISON AWARD WON BY RHODE ISLAND ENTRY

WEST ORANGE, N. J., Aug. 1 (AP)—Arthur O. Williams, Jr., of East Orange, R. I., was chosen today by Thomas A. Edison from among the "brightest boys" from every state to receive the inventor's second annual college scholarship. Mr. Edison announced the winner of the scholarship to the assembled forty-nine contestants on the lawn of his home today.

Arthur was selected as having made the best answers to questions propounded yesterday in a written examination taken by the boys at the Edison laboratories. The selection was made last night by Mr. Edison and an advisory committee, including Henry Ford and Harvey S. Ricestone, which had helped him to prepare the questions. The Rhode Island boy's victory means he will receive a four year technological and scientific course in any college or university he selects.

Unheard Of

The spectacle of an ex-governor, impeached in office, with his wife as governor in name only, while he, in fact, directs her official actions, is unheard of so far as I have known in the history of any free government except one, and that was in our own great state," the statement said.

"If Ferguson's administration had lasted 90 days longer it would have been virtually necessary to nail up the doors of the highway department. The federal government withheld all federal aid from Texas until that regime was out of the state capital. "Will the people of Texas once more permit this man to enjoy immunity from the law while he with one hand practices law and acts as an individual citizen, and with the other hand dominates and controls the highest office within our gift?"

"We do not have to resort to speculation or conjecture to find out what Fergusonism means. It is based on the records of the state elevated to the office of governor in his own name, he was impeached, found guilty and removed from office and barred from holding any office of honor or trust in this state. His wife then presented herself as a candidate, pleading she desired the office only for one term, in order that the family name might not go down to posterity dishonored. Upon her election her husband took charge.

Completes Course

Wilbur Hanson, who came from Seattle, Wash., last year to win the first scholarship offered by Edison, chose Massachusetts Institute of Technology, and completed his first year in June. His average in his examination was more than ninety percent.

Young Williams is a freckle faced youngster of 17, a direct descendant of the inventor.

Restates Position

Sterling also restated his position on various issues brought to the fore during the primary campaign. They included advocacy of taxation of natural resources; enactment of a production tax on sulphur; correction of inequalities in the taxing system; improvement of the prison farms; generous support

and early today she died. She was 36 years old. Devoted The devotion of Johnson and his wife was proverbial. She was the daughter of former Representative E. E. Roberts of Nevada, and was also an athlete. During her high school days at Carson City, she captained the basketball team that held the state championship for two years. She liked baseball and first saw Johnson on the playing field. Those were the days when almost all that was needed for a Washington victory was the announcement that Walter Johnson, "The Big Train," would pitch. They were married June 14, 1914, and on that very day (Continued on Page 7.)

Eight Teachers Elected by City Board

Eight new teachers were elected to teach in the Big Spring Public Schools at the school board meeting last night, according to W. C. Blankenship, superintendent. School will open September 2.

Miss Jeanette Pickle, of Big Spring was the only local girl elected. Others are: Miss Ione Alice Drake of Waco, Ralph Houston of Austin, Miss Mary McElroy of Denton, Miss Katy Hart of Cisco, Miss Mary Louise Johnson of Pecos, Mrs. Florence McDonald of Troup and Mrs. C. A. Cowan of San Marcos.

The board accepted the resignation of Mrs. Fred Keating and announces that it accepted the resignations of seven other teachers at the board meeting of June 12. They were: Brown Hair, Miss Joel Bulfinch, Mrs. P. E. Martin, Miss Mary Lou Cushing, Mrs. J. L. Thomas, Mrs. F. C. Hopkins and Miss Canna Cowan.

The furniture for the new buildings, according to Mr. Blankenship will be bought August 28.

Friendly Attitude Toward Soviet Asked by Engineer

WILLIAMSTOWN, Mass., Aug. 1 (AP)—Plea for a "friendly and helpful" attitude on the part of the United States toward Soviet Russia, an experiment in communism was made before the Institute of Politics today by Col. Hugh L. Cooper, American consulting engineer for a \$75,000,000 navigation project on the Dniester river, Ukraine, Russia.

Stating that, in his belief, communism is now trying to compete with capitalism for world supremacy, Col. Cooper pleaded for a friendly American attitude on the ground that "anything the outside world can do to speed the day when the result can be set down in the pages of history for everybody's scrutiny, the better it will be, not only for Russians but for the balance of the world."

"Looking at the picture of Russia as it is today and comparing it with the Russia of 1914, no matter how much we may disapprove of communism, we are compelled to admit that substantial progress has been made in industrialization, education and social welfare work," he said.

Pioneer of Cooke County Is Killed

GAINESVILLE, Tex., Aug. 1 (AP)—J. P. Barnett, 70, pioneer Cooke county resident, was killed instantly today by a bullet from a small rifle. A 10-year-old boy who was passing the Barnett home witnessed the shooting. The boy told officers he was intercepted by Barnett who took a target rifle from him. He said he had succeeded in unloading the rifle after a tussle with Barnett, but that the ammunition was then taken forcibly and the gun unloaded. The bullet pierced Barnett's left eye and penetrated his brain.

Joe Pate to Pitch For El Pasoans

EL PASO, Aug. 1 (AP)—Joe Pate, veteran left-hander, released last week by Birmingham of the Southwestern association, will finish the season with the El Paso team of the Arizona state league. It was announced today by Manager "Mule" Washburn. Pate wired he would arrive in time to pitch against Globe here Sunday. The Arizona league, containing six teams, is a Class D organization.

Powder Explosion Kills 12 Miners

TILTONVILLE, O., Aug. 1 (AP)—Twelve miners were injured, one critically, by the explosion of a keg of powder in the Red Bird mine of the Warner Collieries Company of Cleveland, near here today. All the injured were taken to a Martins Ferry hospital.

TWO CHILDREN DIE

COLEMAN, Tex., Aug. 1 (AP)—A children's swimming party ended in a double tragedy yesterday when Mary Ada Freeman, 11, and William Holland Freeman, 13, daughter and son of J. R. Freeman of Sweetwater, were drowned here in the old city lake. The children had been visiting here with their uncle, Will Riley.

Mrs. F. C. Cavener, 219 Runnels St., is a patient at the Big Spring hospital.

TRANSPORT COMPANY IS OWNER

Improved Equipment To Be Given Test Sunday

A complete aeronautical radio station, maintained by major airports, was being installed today at the Big Spring airport, by officials of Southern Air Transport, Inc. M. B. Andrews, head of communications engineers of the company, and O. D. Thomas, were installing the set this morning. Andrews left for Dallas on the eastbound S. A. T. plane.

When completed the radio station will be in charge of S. W. Harry, formerly with radio station KUT, Austin. He will be here next week to take charge of the unit. According to Andrews, installation of the station will require today and Saturday, with the first air test scheduled for Sunday. The station will not be placed in operation until next week, at the earliest, Andrews said.

The station will be the ninth of Southern Air Transport. It will be on the El Paso-Fort Worth line, with Dallas, El Paso and Fort Worth sending out weather reports and flying information. At the local airport the telegraphic system has been used entirely.

RECEIVERS APPOINTED FOR MOODY

HOUSTON, Aug. 1 (AP)—Col. Thomas H. Ball and Lewis Fisher have been named receivers of the Moody Corporation, crude oil producing concern, owned and operated by the Superior Oil Corporation of Tulsa, Okla., and heavily indebted to the Moody-Seagraves interests.

Receivers were appointed late yesterday by Judge Allen B. Hanway of district court upon application of W. L. Moody III, of Galveston, and O. R. Seagraves. The Moody Corporation was organized in 1925 by Moody and Seagraves, but all of the stock was sold by them in September, 1928, to the Tulsa concern. Since assuming control of the Moody Corporation, according to the petition for receivership, the Superior Oil Corporation has failed to meet its obligations, and insolvency is feared because of improvident and extravagant management.

The receivers were directed to "manage and control" the affairs of the Moody Corporation. Colonel Ball and Judge Fisher made bond of \$25,000 each with a surety concern. The Moody-Seagraves interests are said to have a contingent liability of \$200,000 in connection with the affairs of the Moody Corporation. The Superior Oil Corporation is indebted to the Moody-Seagraves interests to the extent of more than \$300,000, it was said.

RAIN HALTS THURSDAY FRAY

Richardson and Coahoma Meet Sunday

With the league leaders having rather tough going so far this week, Cosden Refinery will take on the Mexican Tigers this afternoon at 5:30 o'clock in an effort to gain a half game on the Barbers.

Cosden won from Richardson Refinery last Tuesday, but the fray was tossed out and will have to be played over on account of the use of Steelman, an ineligible man, by Cosden.

The Barbers, on the other hand, were on the surprise end of an upset when they lost to the Mexican Tigers Wednesday afternoon 3 to 1.

The Tigers, a few weeks ago, slipped the same surprise package to the Cosden redcaps, beating them out.

Rain halted the fray between Coahoma and the Bankers Thursday afternoon.

The game will be played off within the next two weeks, if possible. The game between Richardson and Cosden also will be played off soon, probably a week from Sunday.

Coahoma and Richardson will clash Sunday afternoon at 4 o'clock in the regular City League tilt. The game was scheduled for Monday, but inasmuch as no game was scheduled for Sunday the tilt was moved up a day.

HOW THEY STAND TODAY

Club	W.	L.	Pct.
City League			
Cosden	4	1	.800
Barbers	3	2	.667
Richardson	3	2	.600
Coahoma	2	3	.400

RESULTS THURSDAY

City League
Coahoma vs. Bankers, rain.

National League
Pittsburgh 4, St. Louis 3.
Philadelphia 12, Brooklyn 7.
New York 11, Boston 5.
Cincinnati-Chicago not scheduled.

American League
Philadelphia 4, Washington 3.
Chicago 10-1, St. Louis 2-0.
Cleveland 5, Detroit 3.
New York 14, Boston 13.

Texas League
Beaumont 10, Shreveport 9.
Waco 15, Dallas 2 (night game).
San Antonio 6, Fort Worth 1 (night game).
Houston 8, Wichita Falls 3 (night game).

TODAY'S GAMES
Texas League
Dallas at Waco.
Fort Worth at San Antonio.
Shreveport at Beaumont.
Wichita Falls at Houston.

National League
Boston at New York.
Brooklyn at Philadelphia.
St. Louis at Cincinnati.
Pittsburgh at Chicago.

American League
Chicago at Detroit.
Cleveland at St. Louis.
New York at Boston.
Three scheduled.

A message to relatives from Bill Horn and Charlie Saunders says that they are leaving Santa Barbara, Calif., for San Francisco, where they will spend a few days before returning home.

Photographer Discovers Ted Lyons Has Thought

By GAYLE TALBOT, JR.
Associated Press Sports Writer
DALLAS, Aug. 1 (AP)—Back in the spring of 1923 a newspaper photographer had a bright idea. Not that the idea in itself was remarkable, as the writer has known other photographers to become similarly afflicted, but it formed the basis for a yarn the reader might not have heard. Even if the reader has, it is worth a repeat.

The picture snapper in question had accompanied the Chicago White Sox to their spring training camp at Seguin, Texas. One day the Sox entourage took off and spent the day at Waco, looking over the city and, incidentally, inspecting Baylor University. The Bear baseball squad was working out, and the big leaguers rallied around to watch the collegians.

Came then the aforementioned bright idea. The picture hound, alert for some shot or other that might make his managing editor look with more favor on a topevy expense account, thought it would be great if Baylor's star chucker would toss a few to Ray Schaik, the Sox catcher, while he, the photographer, made a record of the event.

Schaik grabbed a mitt and, while the shutter clicked, caught a few of the Bruin ace's choice curves. Then, though the photographer was satisfied, he asked for a few more of the same. Schaik, one of the smartest receivers the game has known, was impressed.

"That boy has something," he told his manager later. "We ought to take him back north with us."

The college chucker, as you might have guessed, was Ted Lyons.

Before the Sox left town they had his signature on a contract, or its equivalent, and the Louisiana boy was embarked on a career which this year has reached its zenith.

Lyons finished the '23 term at Baylor, hurling the Beas to only Southwest Conference title, before reporting to the Sox. Joining the big leaguers late in the season, he pitched two wins in three starts. The next year he ended up with 12 victories, and the next 21.

This season, with a second division outfit, Lyons already has turned in 16 victories against nine losses and generally is regarded as one of the greatest pitchers in either league. He has a better record with the sixth place Sox than has either Grove or Earnshaw with the league leading Athletics.

Much of Lyons' success has been due to his fielding ability. When not pitching at Baylor, he played either first base or the outfield with equal facility. They call it a "five-man infield" when he is on the mound for the Sox.

In addition to his prowess on the diamond, Lyons was one of Baylor's greatest basketball forwards and still pounds the maple court during the winter. He played during the last season with a railroad team in South Texas.

J. H. Stedman, director of athletics at Georgia, has been appointed dean of men.

ROBINS RUN AFOUL OF PHILS

Sluggers Stage Clouting Party To Win 12 to 7

By HUGH S. FULLERTON, JR.
Associated Press Sports Writer
Philadelphia's National League club, one of the most powerful arrays of sluggers in the National League, has been floundering through the season going from bad to worse as pitchers failed to hold the rival batters in check, but ever so often, the Phillies burst out with an exhibition of hitting that holds forth more than one ray of hope for their fans.

It was a rather dismal crowd that assembled at Baker Bowl yesterday to watch the Phillies swing their bats against the league leading Brooklyn Robins with every prospect of meeting their twelfth straight defeat. Things were different at the end, for the Phillies gave an effective demonstration of why they are leading the National League in hitting and came out with a 12 to 7 triumph. They got a few "breaks" in ending their losing streak, for Ray Phelps, who started for Brooklyn, was hurt in the second inning and Fred Heilmann had to come into the game just in time to meet a five run rally in the third. Philadelphia proved in the next inning that this burst of scoring was not a fluke by scoring five more times to clinch the victory, and won the game with Lester Sweetland, a "cousin" of the Brooklyn team, pitching the entire distance.

Smith's cards for the two last rounds of the championship showed only three fives. He had nine threes and a two. All the others were fours.

GIRL HELD IN SLAYING OF RADIO MAN

DETROIT, Aug. 1 (AP)—Police today arrested Marjorie Mansell, 21, radio entertainer for station WMBC, and held her at the women's detention home for questioning in connection with the slaying of Gerald E. "46" Buckley, political commentator for the same station.

Miss Mansell was arrested near an alleged hangout for hoodlums in which four men were taken in a police raid last night. Police said she is a sweetheart of Pete Licavoli, notorious gangster sought as the "key man" in the Buckley slaying. Police said they had known Miss Mansell was driving Licavoli's automobile, which later was found in front of the house in which the radio entertainer lived.

Buckley was shot July 23 a few hours after he had announced that the voters of Detroit had recalled Mayor Charles Bowles. Buckley campaigned for the recall. Since he was found dead in the LaSalle hotel with 11 bullets in his body, police have declared there was a woman whom they were seeking to identify, who might give them valuable information.

Raids on gangster hangouts last night resulted in arrests of six alleged gangsters who are to be questioned about the Buckley slaying.

Commission Awards Ector Road Work
Among highway construction contract awards totaling \$1,371,522 made Thursday at Austin by the state highway commission was one for 7.6 miles of grading and drainage on Highway 137 from Odessa north to the Ector county line, on a recently designated road from Odessa to Andrews and northward. The contract went to Cooke and Braden of Marshall on a bid of \$81,908.

Smith Again Wins Long Island Open

NEW YORK, Aug. 1.—Two record-breaking rounds have enabled Mac Donald Smith, veteran Scot, to win the Long Island open golf championship for the second straight year.

Until yesterday 70 had never been broken at the Engineers Country Club, one of the toughest courses in the Metropolitan district, but Smith, at the top of his game, shot a 68 in his morning round and another 68 in the afternoon to hang up a 72-hole total of 278 and win the championship by the decisive margin of eight strokes. Willie Klein of Wheatley Hills was second with 286 and Gene Sarazen third, another stroke behind.

Smith's cards for the two last rounds of the championship showed only three fives. He had nine threes and a two. All the others were fours.

Smith's cards for the two last rounds of the championship showed only three fives. He had nine threes and a two. All the others were fours.

Sterling Strong To Open Campaign

DALLAS, Tex., Aug. 1.—Sterling P. Strong of Dallas, who will enter the run-off August 23 for lieutenant governor with Senator Edgar Witt of Waco, announced today he would open his campaign Monday night, the place to be named later.

Final returns from Dallas county showed that Strong carried his home county by 10,000 majority over all his opponents.

Miss Louise Armstrong, surgical nurse at the Big Spring hospital, has returned from a month's vacation. She visited Colorado.

"WON'T DICTATE"
HOUSTON, Tex., Aug. 1.—H. O. Johnson of Houston, defeated candidate for railroad commissioner, stated today he would not try to dictate whom his followers should support in the probable runoff for that office between former Governor Pat M. Neff, incumbent, and State Treasurer W. Gregory Hatcher.

Johnson said his supporters were "intelligent thinking people who need no... in arriving at a conclusion as to whom to vote for."

Dorothy Bell Riggs, 1103 Runnels street, has been admitted to the Big Spring hospital for a major operation.

MAN RECEIVES CUTS
Gus Fulch was cut on the neck and face Friday night, and received emergency treatment at the Bivings and Marcus hospital. He was not seriously injured. The name of his assailant was not known by county officials today.

Dr. F. C. Allen, basket ball coach at the University of Kansas, played under the coaching of Dr. Fagn Naimith, inventor of the game.

Opinions of Others

The Four Proposed Amendments

Wichita Times: FOUR important amendments to the state constitution are to be submitted to Texas voters at the November election. It is not too early to be giving them some study. All four of them, we believe, should be overwhelmingly adopted.

There can be no valid objection offered to three of the proposed amendments. One of them eliminates the present provision under which the state supreme court takes three months vacation each year. Another provides that counties in which university lands are located may assess such lands for taxation the same as if they were privately owned; the justice of that provision is too obvious to require discussion. A third amends the provision governing the university funds so as to permit the regents wider latitude in investing the fund and in making use of it for buildings.

The fourth amendment may encounter some opposition. It endeavors to eliminate lost motion in the legislature. It provides for biennial sessions of 120 days, the first 30 days to be devoted to introduction of bills, emergency appropriations and other more or less routine matters, the second 30 days to be devoted to committee hearings on proposed legislation, and the remaining 60 days to be for consideration and passage of new measures.

The amendment also increases the compensation of legislators, at present they receive \$5 a day for regular and called sessions, \$2 per day when a regular session exceeds 60 days or a called session exceeds 30 days. The amendment makes the compensation \$10 per day for the regular 120-day session and for called sessions, \$5 per day for excess days.

There will probably be some objection to the increase in pay. We believe that it will be economy to vote this increase because of the greater efficiency that will result and because, further, of the fact that the compensation is more nearly commensurate with the time a legislator must spend at Austin. The other part of the amendment should greatly facilitate and lubricate the work of the legislature.

All four of the proposed amendments should be approved by the voters.

TEXAS GEOGRAPHY

TEXANS oftentimes have a right to protest at the inaccurate statements made by folks in other states relative to our geography and resources. Easterners and middle-westerners are surprisingly ignorant on such important subjects.

would reach to the Peary Gates. If the 212,768,000 barrels of oil produced in Texas last year were made into gasoline, it would run a well-known make of light car through-out eternity. If all the hogs of Texas were one hog, he could dig the Panama Canal in three roots and one grunt. If all the Texas steers were one steer, he could stand with his front feet in the Gulf of Mexico and his hind feet in Hudson Bay, and with his horns punch holes in the moon, and with his tail brush the mists off the Aurora Borealis.

Yours for the Truth, ED. F. PITTMAN, a Texan.

HOW'S YOUR HEALTH

The human body has a number of vestigial organs that are remnants from bygone ages.

The appendix is one such organ, and the navel, too, belong to this group. Undoubtedly there was a time in the history of man when nails were as useful to him as claws are to some animals today. Now, however, nails are but a means of adornment to some and a nuisance to others.

Most vestigial organs are a source of difficulty to mankind. Witness, for example, the appendix and appendicitis. The nail, too, is subject to a number of diseases, not a few of which are extremely annoying.

The cuticle margin is subject to infection and to abscess formation. When an abscess forms, it is usually painful and there always is the danger of necrosis, that is, death of and subsequent sloughing or dropping off of the end bone.

Another fairly common and painful condition is the so-called ingrown toe nail. This condition invariably is due to ill-fitting or tight shoes.

While all the toes and fingers are liable to be affected, the big toe is the most common sufferer. Due to pressure, the nail is distorted and caused to grow into its fleshy margin. This in turn leads to local inflammation, sometimes followed by infection.

In the early stages when the nail first shows a tendency to grow into the fleshy parts, the wearing of roomy shoes and scrupulous cleanliness of the feet may arrest and even remedy the condition.

GOING ON ALL SIX

DAGGER by Mary Dahlberg

By ROBBIN COONS

HOLLYWOOD—Whenever a Sally Doakes, star of the silent screen breaks into screen speech for the first time the ballyhoo experts at once herald the "new Sally Doakes" of the talkies.

This custom has become so common that the impression is widespread that their entry into the talkies has changed the personalities of all stars, whereas in truth only a few have emerged from screen silence noticeably different.

Heading the list of those who did is Mary Pickford, who discarded curls and girlish garb to play the grown-up "Coquette."

There undoubtedly is a "new Babe Daniels," not only because she sings now but also because she has deserted farce comedy for more serious dramatics.

The Bessie Love of today, the singing, dancing musical comedy star, comedienne and dramatic actress, also is a far cry from the pathetic "slavery" she was in so many silent pictures.

Warner Baxter, too, likewise revised his usual form in his comeback talkie, "In Old Arizona."

Not So Good Then Janet Gaynor and Charles Farrell, who in silents were teamed in touching little stories, came to talkies in musical comedy with a success most critics considered doubtful.

This character change was but temporary, as seems since Farrell now is back in straight drama, and Miss Gaynor, provided her quarrel with the studio is settled, probably will follow suit.

But the majority of "holdovers" from the silent screen era are little changed in their talkies. Some of them, like Gloria Swanson, John Boles and Lawrence Gray, are singing now, but there any startling difference ends.

Same Old Doug Douglas Fairbanks in his one talkie to date appeared again as a swashbuckler, and Betty Compson continues the same proficient actress she was in silent pictures.

Harold Lloyd is still the bespectacled youth of old, Buster Keaton persists in refusing to smile, and William Haines is the eternal smart-aleck.

Gary Cooper has improved in his acting, but essentially he is the Gary of former movie days. Except that Charles Rogers now plays musical instruments and, tries to sing, he still is the "Buddy" of old.

Regains 14 Pounds By Taking Sargon

"For a little over a year I was in such bad health I had to stay home from work for as much as 3 weeks"

MRS. ETHEL ALLEN

at a time. I could scarcely retain anything I ate, I was bilious and constipated and lost weight and strength. Sargon swept all my troubles away; my appetite and digestion are fine, I've gained 14 pounds lost weight and am full of new strength and energy.

"Sargon Pills regulated my liver and bowels naturally without the least upsetting."—Mrs. Ethel Allen, 1329 W. Main St., Oklahoma City, Cunningham & Phillips, Agents—adv.

CITATION BY PUBLICATION

Lola Lyon vs. Bernard L. Lyon. In the District Court, Howard County, Texas.

The State of Texas to the Sheriff or any Constable of Howard County—Greeting:

You are hereby commanded, that by making publication of this Citation in some newspaper published in the County of Howard once in each week for four consecutive weeks previous to the return day hereof, you summon Bernard L. Lyon, whose residence is unknown, to be and appear at the next regular term of the district court of Howard County, to be held at the Court House thereof, in the City of Big Spring, Texas, on the first Monday in September A. D. 1930, then and there to answer a petition filed in said Court on the 1st day of August A. D. 1930, in a suit, numbered on the Docket of said Court, No. 1821 wherein Lola Lyon, plaintiff, and Bernard Lyon, defendant; the nature of plaintiffs demand being substantially, as follows, to-wit:

Being a suit for divorce. Plaintiff alleging residence in said county and state for the time required by law, and lawful marriage with defendant, and cruel treatment of plaintiff by defendant of such nature as to render the further living together of these parties insupportable, especially alleges such daily abuse of defendant, and intoxication by excessive use of alcohol, forcing plaintiff on or about the 20 day of March 1930, to leave defendant, since which time she has never lived with him as his wife, and praying for divorce and general relief.

HEREIN FAIL NOT, but have you before said Court on the said first day of next term thereof this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in the City of Big Spring, Texas, this 1 day of August A. D. 1930.

first time we move forward." He hadn't forgotten her!

CAKE RECIPES NEXT ON LIST OF PRIZE OFFERINGS; \$2 FOR FIRST AND \$1 FOR SECOND

Mrs. V. M. Yates and Mrs. J. A. Hambrick Are Winners of Weekly Prizes for Best Tomato Recipes

BY THE MARKET PAGE EDITOR Despite the fact that it is summer we hear that in the very best cooking circles heat makes little or no difference. A good chef would just as soon bake an angel food cake with it 104 on the back porch as she would during the winter days.

And so we are offering our two weekly prizes for the best cake recipes submitted this week. The first prize is \$2 and the second prize is \$1. Send your recipes in early.

This week's winners certainly submitted some good recipes. Mrs. V. M. Yates has won first prize and Mrs. J. A. Hambrick second prize.

The recipes follow: EGGS VALENCIA Mrs. V. M. Yates 1711 Gregg Melt 3 tbs. butter in a sauce pan; add 1 1/2 cups of strained canned tomato juice and bring to the boiling point. Into the simmering tomato juice drop your eggs just as you would poach them in boiling water. When poached, remove, season, and serve on squares of toast.

Thicken the seasoned juice and serve as a sauce if desired. Garnish with parsley. TOMATO-CHEESE SALAD 7 tomato, peeled and sliced. Cream cheese. Cream to soften. Moisten the cheese with the cream. Spread the slices of the tomato. Put together to reform the tomato. Top with mayonnaise and sprinkle with chopped nuts. Serve on lettuce leaves with olives.

TOMATOES WITH BEANS 1 can tomatoes. 4 cups dried beans parboiled. 4 pork chops. 1/2 cup brown sugar. 2 tbs. butter. Salt and pepper. Place the beans that have been parboiled in a baking dish. Cover with tomatoes, sugar and pork chops. Season with dots of butter.

Hints For Homemakers By Jane Rogers

WHEN hats are being rejuvenated keep in mind that the ribbons can be given a fresh appearance by dipping them in a quart of water in which three tablespoons of sugar have been thoroughly dissolved.

Vinegar and salt make a fine polish for brass and copper. Put salt on a soft cloth that has been dampened with vinegar and rub the object to be polished. The same combination is one of the best cleaners for the inside of flower vases that have been stained.

A few drops of lime juice gives a delightful flavor to honeydew melon.

MRS. T. SMITH PRESENTS PUPILS

'Grown Up Folks' Is Play Given By Children

The pupils of Mrs. Tracy Smith presented the second play of their Little Theatre at Mrs. Smith's home yesterday morning.

To a room crowded with mothers and fathers six pupils presented 'Grown Up Folks' a self directed play.

The characters were as follows: 'Margaret'... Fern Smith 'Dorothy'... Mary Jane Reed 'Tommy'... Johnnie Williams 'Bobby'... Marguerite Reed 'Mary'... Inez Knaus 'The Fairy'... Betty Lee Eddy. The pupils also presented a reading each. 'In All The Wanted Colors,' by Fern Smith. 'Teaching Them to Drive,' by Mary Jane Reed. 'A Youthful Disappointment,' by Johnnie Williams. 'Mrs. Wirey Legs,' by Marguerite Reed in costume. 'Sewing' by Inez Knaus. 'A Little Frocked Person,' by Betty Lee Eddy.

SMITH TO SNYDER Mr. and Mrs. Tracy Smith left today for Snyder where they will spend the week end.

HERE FROM EL PASO Mrs. Emil Kienle of El Paso is the guest of Mrs. W. M. Behlinger and Martin Behlinger.

ELLIOTT'S HOME FROM VISIT Mr. and Mrs. Dennis Elliott and daughter returned yesterday from Oakdale, La., where they visited Mrs. Pearl Elliott.

MRS. COOK VISITS HERE Mrs. J. A. Cook and little son, Randall, are at the home of Mrs. Cook's mother, Mrs. J. M. Anderson, where Mrs. Cook is recovering from burns sustained when a gasoline stove exploded while picnicking near San Angelo.

Chop the tomato pulp, and divide in half. Add 1/2 cup water to one half, and cook until tender. Strain; there should be 1 cup juice—add gelatine soaked in water to hot juice; mix remaining uncooked tomato pulp, coconut, and juice of the oranges—add to tomato juice mixture, with 1 tablespoon of the sugar. Combine the mayonnaise and remaining sugar.

FILL tomato cups with first mixture, put 1 teaspoonful mayonnaise on top. Serve six. (Garnish attractively and serve on yellow or green plates at your next party.) TOMATO JELLY This is an attractive, delicious garnish for cold meats, salads, etc. 2 tablespoons gelatine—1/4 cup cold water—3/4 cups tomatoes—2 tablespoons onion juice—1/2 bay leaf—1 cup celery—2 tablespoons mild vinegar—few grains salt—dash of cayenne. Mix all the ingredients except vinegar; and gelatine, bring to boil, let boil 10 minutes, add vinegar and gelatine soaked in the water. When gelatine is dissolved, strain, turn into wet mold and chill. Cut in any desired shape and use as a garnish for cold meats—dot slices of jelly with mayonnaise.

TOMATO ENTREE 6 firm ripe tomatoes—2 oranges—1/4 cup coconut—1 cup tomato juice—1/4 cup water—1 tablespoon gelatine—2 tablespoons sugar—2 tablespoons mayonnaise. Plunge tomatoes into boiling water, then into cold water. Peel off skins and scoop out pulp carefully from stem end. Dust shells very slightly with salt; set in cool place.

A Cool Porch Will Turn That Meal Into A Party

By JOSEPHINE B. GIBSON AS SPRING fades into Summer, our appetites give warning that we require food of a type entirely different from that served during the colder months. This is the season when we experience a growing desire for cold cuts, chilled vegetables, relishes and crisp salads—accompanied by iced drinks in tall, clinking glasses.

However generously these summer-time dishes are woven into our meals, though, the digestive system is apt to rebel at a menu exclusively frigid; and it is best to have at least one hot dish served at dinner, no matter how torrid the day. If the family dreads the summertime that takes them into a warm house to eat, why not spring a surprise by serving a plate dinner on the porch or under a shady tree? After a session in a heated kitchen, you will find the evening meal doubly enjoyable when eaten out-of-doors. And the service can be reduced to a minimum by placing the coffee or other beverage on a convenient table in advance, and presenting all the food at one time on a platter.

Below are given menus for several appetizing porch suppers that even the busiest housewife will find quite easy to prepare and serve on a warm summer evening: Supper Salad: Stuffed Rolls Sandwich Relish Sandwiches Sliced Tomatoes Fig Pudding with Sauce or Ice Cream Coffee or Hot Tea Thin Slices Broiled Ham

Welsh Rarebit with Kidney Beans on Buttered Toast Fresh Cucumber Pickles Hot Biscuit or Muffins Pure Apple Butter Fresh Strawberry Sundae Rice Flake Macaroon Iced Tea Cold Ham or Tongue Oven Baked Beans Sweet Mustard Pickles Cole Slaw Boston Brown Bread and Butter Sandwiches Fresh Cherry Pie Iced Tea or Coffee

Stuffed Rolls: Cut tops from fresh rolls, scoop out part of the centers, and fill with a mixture of hard cooked eggs and mayonnaise salad dressing, celery and mayonnaise salad dressing, Spanish olives and mayonnaise salad dressing, or any other simple fillings. These are good with meat salads. Welsh Rarebit with Kidney Beans on Buttered Toast: Melt 2 tablespoons butter in a saucepan, remove from fire and mix with 2 tablespoons flour. Scald 1 cup milk and stir into the butter and flour. Cook in a double boiler until the mixture

T. E. L. CLASS HAS ANNUAL PICNIC

Rev. Cotton Tells of Experiences As Missionary

The T. E. L. Class of the First Baptist church and their families enjoyed their annual old fashioned picnic with well filled baskets under shady trees with the food spread on long tables.

Rev. and Mrs. Scott Cotton and family were present. Mr. Cotton is the Baptist missionary to Spanish speaking peoples. He has been a missionary in South America as has his wife. They told many stories of their experiences. Other guests were: Mrs. W. L. Barton of Taylor, Mr. and Mrs. J. W. Boles of Abilene and Mrs. E. M. Leonard of Shreveport.

The members present were: Mrs. K. S. Beckett, Mrs. Lester King and family, Mrs. W. W. Grant, Mr. I

Your Canary Is A Good Friend; Care For Him Like One

HENRY A. PERSHING I KNOW of nothing that brings more life and cheer into a home than a singing canary bird. They always seem so happy, no matter whether they have seed or not, or whether they lack sand or cuttlebone; their hearts always seem full of music.

But how much better it is to care for them and, after you have done all you can for them, to be sure to spend a little time talking to them! They love attention and like to be played with.

It may seem trite to mention some of the things that ought to be done to pet canaries, but as some people neglect them from ignorance, and family, Mrs. W. W. Grant, Mr. I

I do for my bird. I often tell him that I doubt if there is a better chambermaid in town than I am, and as I hold my face close to the cage, he pecks me on the nose in affectionate accord with my remarks, for he and I are mighty good friends.

I always keep a nice big piece of cuttlebone for him to use in sharpening his bill, for he has no teeth and his bill must have sharp edges to crack his seeds and remove the outer shell.

He should have fresh sand in the bottom of his cage frequently, not any sort of sand, but prepared sand, free from lime or grit, or other foreign substances which would be injurious, such as is sold in the stores.

Give him fresh drinking water every morning, also fresh seed, and do not give him hemp seed, for it makes him fat, and he will not sing. The best seed is a good variety of mixed seed, from reliable dealers. Occasionally give him a piece of apple, or orange, but not too frequently. In the summer time he likes fresh grass seeds.

Let him have more than one perch. He really ought to have at

EVERYDAY QUESTIONS

Answered By
Dr. S. Parkes Cadman

Questions from readers are answered daily by the Rev. Dr. S. Parkes Cadman, Radio Minister of the Federal Council of Churches of Christ in America. Dr. Cadman seeks to answer inquiries that appear to be representative of the trends of thought in the many letters which he receives.

Augusta, Ga. The injury, such a sentiment inflits is yours alone. Cleanse your soul of its stain and remember that those you like or dislike are one family, with common joys and sorrows, and mutual burdens which need your sympathy and your prayers.

Colorado Springs, Col. Can you give me the name of a reliable book on the subject of nationalism and its problems?

Read "Essays on Nationalism," by Professor Charles J. H. Hayes of Columbia University, New York.

Dear Lord, bless everybody and make them very happy, but not Harry Jones. You can do what you like with him.

As a Christian girl do not allow prejudices to rob you of full fellowship with your Heavenly Father.

Professor Hayes, who is recognized as an authority on the question, states that "the most significant emotional factor in public life today is nationalism." It is the chief result of the latest and greatest war in human annals. One has but to observe the enthusiasm of all the countries of the world to be convinced of their determination for self-direction even though this may entail isolation.

According to Professor Hayes, nationalism is the fusion and exaggeration of nationality and patriotism. He adds that "hardly a cloud appears nowadays on the horizon of domestic politics, social action and international affairs, which is without a lining of nationalism." Accepting his definition and also his description of the consequences of nationalism, two courses are open to the citizen.

First, the state as a political entity can expand its ethics by eliminating class favoritism, race prejudice and militant tendencies, and in turn encouraging every object contributory to human betterment, instead of rolling over the bodies and souls of men like a gigantic juggernaut.

Second, the state can remain self-sufficient and sovereign, the custodian of its own affairs, beyond which its interests fade away unless those affairs are in question. Herein lies the difference between the democratic or humanitarian interpretation of the state's function and the autocratic view. This difference explains the antagonism between those who would cooperate with other nations, and those who deem such cooperation hazardous for the complete independence and self-control of the sovereign state.

If the white race is to maintain its integrity, nations, like the tribes they succeed, will have to become subordinate to the brotherhood of the race. If the state is to stand as the supreme achievement of social organization, the best interpreter of the laws of God and of reason, the one institution most likely to do right and least likely to do wrong, nationalism must ultimately be suffused with human-

ism, and the good of its people be found in the good of all mankind. I advise you to study Professor Hayes's work. I have expressed my personal views on this question in my book entitled, "Christianity and the State."

Elyria, Ohio. Do you consider Christian unity a suitable theme for the celebration of the nineteenth centennial of the Pentecostal baptism? If so, why?

Christian unity is a suitable theme not only for the great occasion you mention, but for all times and all places related to Christian history.

First, the Holy Spirit of the Living God was bestowed on the waiting disciples dwelling at Jerusalem in one accord and with one mind for the furtherance of their Lord's gospel. The twentieth century church must seek to recover the oneness of heart, co-operation and purpose which distinguished those Pentecostal believers.

Second, not a single spiritual force was experienced by them

which may not be experienced by us. No promise has been nullified, no gift of Heaven withdrawn. The dynamic that made the fishermen of Galilee God's ambassadors to the world is in no way weakened. It is at our disposal. When faith lends its revealing light, we shall know Christ and the power of His resurrection as did the Apostles and their little band of converts.

Third, the re-integration of our religion is the paramount obligation of all who profess it. The efficiency of the ministry, the preservation of sound doctrine, the apologetical and propagandist values of the Church universal, depend to a large extent upon our oneness in Him who is the vine upon which we are the branches.

Fourth, if Christians would stem the tides of godless secularism, exterminate the fatal effects of a thoroughly fleshly code of so-called morals, stabilize society by protecting its ethical foundation, and resist the threatened tyranny of political over-spiritual institutions, they will have to abandon their fruitless contro-

ties and center on their Redeemer and Lord. He must reign whose right it is to reign, not only over temporal but also ecclesiastical affairs.

CALIFORNIA MAY GET "BEHAVIOR CLINIC"

BERKELEY, Cal. (INB)—A "behavior clinic," where criminal traits may be curtailed in childhood, probably will be established soon in Berkeley, it was disclosed recently by Chief of Police August Vollmer.

He noted crime expert, who introduced the "lie detector" and other scientific devices, believes that founding of such clinics in various American cities may solve the growing crime problem.

Vollmer revealed that already he has launched a move here along that line. Several experts in the human behavior field are making an intensive study of school children, observing their criminal tendencies and seeking to correct them.

A "coordinating council" has been formed, with representatives of the school department, the center police department and the welfare department.

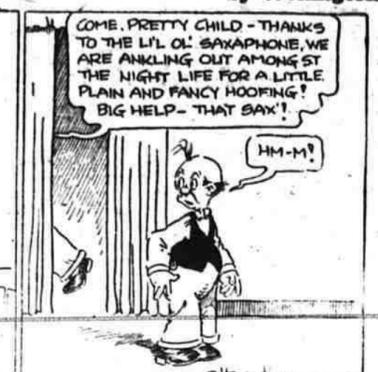

This council now is paving the way for the "behavior clinic." According to Vollmer, the child who is unable to learn as other children may not be feeble-minded, but may be suffering from what is "blindness." Such children cannot learn by methods used for normal children, but learn without difficulty when taught by experts.

"Every child of this class is a potential crook, due partly to his feeling of inferiority, and must be kept under careful observation and treatment," Vollmer said.

ELECTRIFY CANADIAN FARMS

SASKATOON, Saskatchewan (AP)—About \$2,000,000 is to be spent in 1936 by the Saskatchewan government power commission on the extension of electric power lines into rural communities. About \$30,000,000 will be spent in the next two years in northern Ontario on development of electric power.

DALLAS, Aug. 1 (AP)—The breach was rapidly widening today between opposing factions aligning with Ross S. Sterling and Mrs. Miriam A. Ferguson for the runoff primary for the Democratic gubernatorial nomination.

Yesterday Earle B. Mayfield, eliminated candidate in the first primary, lent his tact support to Mrs. Ferguson's candidacy by issuing a statement of unequivocal opposition to Sterling.

Mayfield repeated charges made in his campaign asserting large expenditures of money were made in the Sterling campaign and declared that if Sterling were nominated, the Republicans would have no difficulty in barring his name from the ballot.

Sterling answered with a statement asserting that Mayfield and James E. Ferguson, former governor who was impeached, and husband of Mrs. Miriam A. Ferguson, were "birds of a feather."

"Although I invite the support of all good citizens who voted for Earle B. Mayfield in the recent primary," he said, "I have not invited Mayfield's support and do not want it."

Jed C. Adams, Democratic National Committeeman from Texas, announced that he would support Sterling but gave notice that regardless of who was winner in the August 23 primary, he would support Sterling but gave notice that re-remember general election.

least two, one directly under the other, and one crossways and, of course, one swinging one, for his delights in a swing, and often sleeps in it. Do not have all the perches the same size. Have some large, some small, and let one of them be a twig off a cherry tree. Then watch him strip off all the bark. Have one perch slanting, like the limbs in a tree. Give him a variety as he has so little room in which to jump around.

Do not put him out on the porch. There are drafts and cats and, besides, he gets all the fresh air he needs in the summer time with the doors all open. Keep him out of drafts. If he catches a bad cold, he may never sing again, as his little vocal organs are very sensitive.

—From "Our Dumb Animals."

Cool Porch—

(Continued from Page 5.)

thickens, stirring constantly. Then beat in 1 cup grated American cheese and when the cheese melts add 1 small can oven-baked kidney beans, from which the sauce has been drained. Sprinkle with salt and pepper, and serve on slices toast or hot biscuits.

Rice Flake Macaroons: To one beaten egg white gradually add 1/4 cup sugar, then 1/4 cup coconut, 1/2 teaspoon vanilla, and fold in 1 cup rice flakes. Drop by teaspoonfuls on a waxed paper on a baking sheet. Bake in moderate oven for 10 minutes. Place the waxed paper on a damp table or board for a few minutes, when the macaroons may be easily lifted from the paper.

PICKLY WIGGLY—411 Main St.

his old team, the Nationals in 1929. The club floundered until near the close of the season. The biggest blow to Johnson was an injury several months ago of his oldest son, Walter, Jr., 14, who was struck by an automobile. Both legs were broken and it was thought for a time he might be crippled for life. The long months of watching over the boy slowly sapped Mrs. Johnson's strength and as her son grew stronger she grew weaker. There was no warning, however, of the breakdown that came only a day or two ago.

The funeral will be held Monday. A Washington game scheduled for that day has been postponed. Besides Walter, Jr., the Johnsons have two other sons and two daughters.

Edison—

(Continued from Page 1.)

ant of Roger Williams, settler of Rhode Island, his father is chief clerk of the Providence Gas Company. Arthur graduated from East Providence high school in June, and was valedictorian of his class.

For several summers, he said, he had been working to save money with which to attend college, and he had selected Brown University as the school because it was in Providence. Now, he says, he will go to Massachusetts Tech at Cambridge, where Wilber Huston, last year's winner, is a student. Williams will specialize in physics.

Charles Edison, son of the donor of the scholarship, said Arthur was by far the "brightest boy" of the 49 who took the examination. Last year it was close. This year, Mr. Edison said, there was no question as to who was the winner.

"Williams' information on current events and general information was remarkable," Mr. Edison said, "while his answers to scientific questions were practically perfect."

News Briefs

By The Associated Press
GLAMIS, Scotland—Princess Elizabeth, four years old, is taking music lessons in Glamis Castle. She practices on the same piano that her mother, the Duchess of York, used when a little girl. When the princess returns to London in the fall she intends to play to the queen.

NEW YORK—James J. Tunney is in business. He is associated with his intimate friend, Sam Pryor, in the manufacture of railroad car wheels.

SHANGHAI—Dress reform for men in hot weather is encountering difficulty with the law. Coolies or millionaires alike are arrested for stripping to the waists and fined \$2. To the poor jackets are supplied in return for the fines.

King George Gives Treaty Approval

LONDON, Aug. 1 (AP)—The London naval treaty bill, which contains the necessary legislation to bring the treaty into effect, today received the royal assent of King George.

FORD RECOVERED

A Ford coupe, belonging to the Halliburton Co., Hobbs, N. M., stolen there Wednesday night, was recovered here Friday night. It was announced today by members of the sheriff's department.

The car had been abandoned near the Benton street viaduct.

5 DIE AT CROSSING

MANTOWOC, Wis., Aug. 1 (AP)—A railroad grade crossing accident cost the lives of five persons and injury to five others south of here today.

Two children and two women, all residents of Manitowoc County, were killed when a Northwestern Road gas-electric car struck a touring car. A third child died in the hospital.

The dead:
Mrs. Victor Povalish, 26, Mrs. Frank Mrotek, 30, Marian Mrotek, 2, Gertrude Vanderbrugh, age unknown and Martha Vanderbrugh, 12.

CANNERS TO BUY ENTIRE PEACH CROP

SAN FRANCISCO (INS)—California's huge 1930 cling peach crop will be purchased by canners whether it is used or allowed to remain on the trees.

This decision was announced here following a conference of the California Canners' League and growers' representatives.

But 13,000,000 cases of the available 20,000,000 will be canned. However, each canner will deposit with a committee a certain amount for each ton of peaches purchased. From this fund the entire crop will be bought.

A tentative price of \$30 a ton has been set.

Preston McKinney, secretary of the Canners' League, said that every element of the cling peach industry had promised to cooperate in the crop curtailment plan.

In Baker Slaying

Herbert M. Campbell, Virginia real estate man, charged with Mary Baker slaying in Washington.

Sea-Going Rooster

A rooster, rescued from a log by a seaman several years ago, now swims for pleasure in Lake Union, Seattle, Wash.

Frank Johnson, 509 Bell street, is a patient at the Big Spring hospital.

Mrs. E. S. Meeks and baby have been dismissed from the Big Spring Hospital.

GEORGIA SPENDING \$9,000,000 ON ROADS

ATLANTA (INS)—A recapitulation of road building throughout Georgia just completed by Chairman J. W. Burnett of the State Highway Board, reveals that projects totaling \$9,000,000 are now under construction.

AIRPORT

A. E. Whitney, Kansas City, Mo., was a passenger Thursday from Big Spring to Dallas on the East bound Southern Air Transport plane.

ARM BROKEN

The small son of Mr. and Mrs. K. R. Boyce, Coshoma, received emergency treatment at the Bivings and Barcus hospital Thursday for a broken arm received while playing.

The arm was broken in two places.

Mrs. L. N. Chesser and baby have been dismissed from the Big Spring hospital.

Mrs. W. D. Dunn is resting well after undergoing a major operation at the Bivings and Barcus hospital.

NO TROUBLE AT ALL NOW

Kellogg's ALL-BRAN Has Benefited This Woman

Millions today are eating Kellogg's ALL-BRAN—guaranteed to relieve both temporary and recurring constipation.

The cause of constipation is the lack of roughage in food. Add sufficient roughage and constipation disappears. Kellogg's ALL-BRAN is nearly all roughage.

Here is a letter from Mrs. H. Gilbert, 107 E. Knight Ave., Collingswood, N. J., which will be interesting to many sufferers:

"I had a very serious operation in October and when I came from the hospital my main trouble was constipation. One day I said to the doctor, 'I am going to eat ALL-BRAN, and since I started I have no trouble whatever.' So you see I can't praise it enough and am always telling my friends what it did for me."

You will enjoy the nut-like flavor of this delicious, ready-to-eat cereal. It is rich in iron, and when eaten with milk or fruit juices, adds important vitamins to the diet.

Kellogg's ALL-BRAN is an essential in any reducing diet. It means every-day health to people all over the world. Your grocer has it in the red-and-green package. Served everywhere. Made by Kellogg in Battle Creek.

Kellogg's ALL-BRAN

Girl Musicians Entertain Lions

The Jackson Sisters—Evelyn and Thelma, violinists, and Miss Mary Wade, pianist, furnished the program at the regular luncheon of the Lions Club, held in the Crawford Hotel-Annex dining room today noon.

The trio of musicians presented a group of popular numbers.

Cecil Collings had charge of the program, and in a classification talk told of the internal operations of the Justice of the Peace office.

Month's Building Here \$70,107

Building permits for Big Spring during July totaled \$71,107, according to figures obtained today.

The largest permit of the month was to the Worth Building and investment Co., covering erection of a new school. It was for \$48,000. Several permits for new homes also were issued during that month.

O. HENRY STORY AT RITZ TODAY

Gary Cooper, Fay Wray as they appear in the Paramount Picture "The Texan". From the O. Henry story "A Double-Dyed Deceiver"

Dorset is day clerk at the Crawford Hotel.

G. L. Rowsey made a brief business trip to Amarillo Wednesday.

Mr. and Mrs. Lee Weathers have had as recent guests Mr. and Mrs. Deas Reeves of Stamford.

Walt Kidwell of 406 Ayilford street left Wednesday for a vacation trip of two weeks to Louisville, Ky.

R. S. Hickman, formerly of Big Spring, has returned from El Paso, to resume work here for the Texas & Pacific, by which he was employed in El Paso.

BUYS FILLING STATION
J. M. L. Brown of Midland has purchased the Blue Bonnet filling station at First and South Runnels streets. He also has traded his home in Midland for the tourist camp of Highway 9 owned by A. B. Winslow. The deals were made through John Horn.

CARD OF THANKS
I wish to thank the voters of Precinct 3 for the splendid majority given me in Saturday's primary. I shall repay your confidence with the best that is in me.
Sincerely yours,
GEORGE G. WHITE

RETURNS FROM MIDLAND
Thornon Crews, minister of the Church of Christ here, returned Friday from Midland, where he conducted a protracted meeting under auspices of the Church of Christ.

Large crowds attended the Midland service, he reported.

SHERIFF STOPS HERE
Tom Sikes, sheriff of Smith county, with a prisoner, stayed in Big Spring last night. They were en route to Tyler.

The prisoner, Cleo Morton, is charged with burglary.

Sweetwater Man Endorses It

"YES, I THINK ARGOTANE IS A WONDERFUL MEDICINE AND I'M GLAD TO TELL WHAT IT DID FOR ME," SAYS HANKS.

"Yes, I think Argotane is a wonderful medicine and I'm glad to tell what it did for me," said C. L. Hanks of Sweetwater, Texas, while talking with the Argotane man. Mr. Hanks is a well known farmer here, and has many friends in and throughout this locality.

"I have suffered most all my life, with a very bad case of stomach and kidney trouble. My stomach was in such a bad condition, I couldn't eat anything, and what I did eat disagreed with me. I was even careful of the food I ate, but even the lightest of food, would cause me to suffer for hours. I had a very sour stomach and gas formed and would make me miserable for hours, and I had spells of heartburn. I had pains in my back and sides, caused from my liver, and often was very restless at night, and couldn't get a good night's sleep.

"My brother, had suffered very much from stomach trouble and tried the new Argotane treatment, and it straightened him out, so he persuaded me to try it. I am now on my second bottle, and my troubles are completely gone. Immediately after starting the Argotane treatment, I felt relieved and began to improve right from the start. I eat anything I want now, without the slightest touch of indigestion. Argotane is the best medicine I have ever found, and I am glad to endorse it, and feel confident that it will help anyone suffering as I was."

Genuine Argotane may be bought in Big Spring at the Collins Bros. Drug Co.—adv.

war was the presentation of 32 instruments of war to the Red army. These were airplanes, bought by popular subscription and presented by the Soviet Volunteer Society for aerial and chemical defense "to frustrate the war aims of imperialistic countries."

Demonstrations were planned for other parts of the Soviet union also. The anti-war day falls on the sixteenth anniversary of general mobilization for the World War.

CAMPAIGN EXPENSES
AUSTIN, Aug 1.—(AP)—Frank Putnam, anti-prohibition candidate for the democratic nomination for governor, spent \$573 in his campaign, he reported today to the secretary of state.

Other expenses reported follow: R. L. Henry, wet candidate for senate, \$563; Martin Dies, congress 2nd district, \$1,987; George C. Butte, republican for governor, nothing; S. M. N. Marrs, superintendent of public instruction, \$108; H. L. Maddux, commissioner of agriculture, \$1,846; Cecil Storey, attorney general, \$1,978; J. L. Parnell, lieutenant governor, \$2,455.

"PEEPING TOM" ARRESTED

SLAYER OF WOMAN KNOWN

JIM, STERLING IN STATEMENTS

AUSTIN, July 31.—(AP)—While happy over the victory, the Ferguson, James and Miriam, had no comment to make today on the results of Saturday's primary election.

Mrs. Ferguson, apparently the leading candidate for the Democratic nomination for governor, was too busy even to pose for photographers, she said. Among other things she planned to make a long deferred trip to a dentist.

Her husband said they would wait until all returns were in before expressing their views on results of the primary.

Results of the primary brought forth an acrimonious statement from Governor Dan Moody in which he declared he would support any opponent of the Fergusons.

"I am opposed to corruption in government," he said, "and my prediction is that Texas will not again be shamed at home and ridiculed abroad by the ridiculous spectacle of a proxy government such as we had four years ago."

Mrs. Ferguson issued a 50 word formal statement at noon. It follows:

"My overwhelming vote in Saturday's primary shows that although the people may make a mistake, they invariably right a wrong as soon as they are informed.

"The people of Texas now know that I was the victim of falsehood and corruption. Their Saturday verdict so states."

Sterling workers announced today that central Texas headquarters will be opened here Thursday, preliminary to an intensive drive for votes in this section.

HOUSTON, July 28.—(AP)—Ross S. Sterling of Houston, who on the basis of incomplete election returns, will oppose Mrs. Miriam A. Ferguson in the run-off primary for the Democratic nomination to the governorship, expressed today his appreciation of previous support and issued an appeal for support in the race to come.

"I am deeply grateful for the support accorded to me in Saturday's primary and appreciate from the bottom of my heart the efforts made in my behalf by citizens over the state and by a large number of newspapers," Mr. Sterling said.

"The issue now before the people of Texas is honest government. I hope that all friends of good government, regardless of past political differences, will aid me in the forthcoming campaign."

WHIT FOR ROSS

MARSHALL, July 28.—(AP)—Former Lieutenant Governor T. W. Davidson of Marshall, who advocated the nomination of James Young of Kaufman for governor in Saturday's Democratic primary, announced here today he would give his support to Ross Sterling of Houston in the August 23 run-off.

In announcing his opposition to Mrs. Miriam A. Ferguson he said: "To give Jim powers without responsibilities would prove unworkable."

R. E. Thomason Leads Murphy

E. E. (Pat) Murphy of San Angelo apparently has been defeated by Mayor R. E. Thomason of El Paso for congress from the 16th district, although tabulation of votes during the 24 hours ending at 3 p. m. Monday saw Murphy cut Thomason's lead about 700 votes.

Thomason's lead this afternoon on the basis of returns from all of the 28 counties except Real, Loving and Kerr, with 12 counties contesting gave the following totals:

Thomason, 19,350
Murphy, 18,117
Burkhead, 1,425

CONDITION OF CEMETERY IS CLUB TOPIC

Condition of the local cemetery was the chief topic at Thursday's luncheon of the Kiwanis club, when Hilo Hatch was in charge of the meeting.

The Jackson sisters and Mary Wade scored with the Kiwanians. The sisters accomplished victories and Mrs. Wade is a reader and poet.

Rev. W. G. Galley, Rev. Frank (Continued on page Eight)

Iron Works Here

F. D. Moore, El Paso, has moved to Big Spring and will in the next few days open an iron works here. Moore has moved his shop from El Paso to this city. He had been in business there for 30 years before he moved to Big Spring.

According to Moore, the shop, at the outlet, will employ about 10 men. The location for the shop has not been selected.

Iron fences, decorative iron, and light fixtures are the chief products manufactured.

FERGUSON LEAD NOW IS 67,951

Error in Count Found; Total Vote Now Is 782,470

DALLAS, July 31.—(AP)—Another count of the Texas Election Bureau announced today gave Mrs. Miriam A. Ferguson a lead of 67,951 votes over Ross S. Sterling of Houston, 782,470 votes having been accounted for in Saturday's Democratic primary. Today's total was 2,000 votes less than yesterday's because the bureau detected an error in that report. Mrs. Ferguson and Sterling were to enter the runoff for the gubernatorial nomination.

Returns had been received from 252 counties, 178 complete.

The standing: Ferguson 228,503; Sterling 160,552; Small 131,460; Tom Love 79,299; Jim Young 69,456; Mayfield 53,729; Miller 47,579; C. C. Moody 4,440; Frank Putnam 2,568; Paul Loven 2,542; C. E. Walker 2,092.

Former Gov. Pat M. Neff still lacked about 8,000 votes of having a majority over his three opponents for railroad commissioner. W. Gregory Hatcher was runnerup with 151,372. Neff's vote was 321,854.

The standing of other races were not altered by the latest returns. J. V. Allred and R. L. Bobbitt were to enter the runoff for attorney general, E. E. Witt of Waco and Sterling P. Strong of Dallas for lieutenant governor, J. E. Davis of Mesquite and Charles Lockhart of Austin for treasurer, and J. E. McDonald of Waxahatchie and A. H. King of Threeknorrton for commissioner of agriculture.

ST. HUBERT AIRPORT, Monday, July 31.—(AP)—The R-100 slowly approached the end of its flight from England today, its arrival delayed by choice or necessity until shortly before dark tonight.

Progress of the dirigible, the greatest ever to rise against the sky, over the ocean and down Belle Island strait had justified a general and even official belief that the R-100 would get in about four o'clock this afternoon, but at noon today a relayed wireless from the ship itself announced that arrival would be at seven o'clock (EST).

No reason was given for the delay, but it was not believed it was caused by adverse weather or any enforced slowing up of the dirigible's big great engines. Rather it was believed the officers in command had decided that atmospheric conditions would be better close to dusk than in the heat of the afternoon sun.

Sun heat has the effect on hydrogen, which is the lifting gas of the R-100, of enormously increasing buoyancy, and it was thought the R-100 officers had decided on a delayed landing to avoid the necessity of valving off valuable gas to effect a landing in the full heat of mid-afternoon.

St. Hubert is an excellent field, large and with all modern facilities, but it was a strange field to most of the men on the R-100, and it was plausible that they preferred to take no chance merely for the purpose of making a slightly better time record.

Too Many Nuisances At \$200 Per Count

CHICAGO, July 31.—(AP)—The charge against Joseph Heinrich, preferred by neighbors, is that he maintained a big crop of nuisances.

The neighbors charged that on a 75-foot lot he had quartered 209 guinea pigs (last count), 30 rabbits, 30 chickens, 4 goats and ditto dogs. The total is 268 nuisances.

The maximum fine for maintaining a nuisance is \$200. Mr. Heinrich knows as well as anybody else that \$230 multiplied by 268 nuisances is a lot of money.

BETHLEHEM STEEL

NEW YORK, July 31.—(AP)—The quarterly report of the Bethlehem Steel corporation, published today, shows net earnings of \$7,691,455 for the period ending June 30. This compared with \$11,766,473 in the second quarter of 1929 and \$10,977,485 in the first quarter of 1930.

Juarez Placed Under Martial Law; Mayor, Aides, Under Arrest

EL PASO, July 31.—(AP)—Juarez, Mexico, across the border from here was under martial law today, the mayor, three aldermen and city secretary under arrest and a warrant out for a fourth alderman.

Mayor Gustavo Flores and Aldermen Jose Motta, Carlos Austin B. Garcia and Valentin Fuentes were held prisoners in the mayor's office and a warrant awaited Patrocinio Candelario, the fourth alderman, who was reported out of the city.

Lieut. Col. Ignacio L. Campos, aide to General Francisco del Arco, commander of the Juarez garrison, was in charge of enforcing martial law. He was acting as provision chief of police and two squads of soldiers were on duty.

The latest trouble was reported as an aftermath of the July 20 gubernatorial election, in connection with which Governor Romulo Escobar, of Chihuahua, has been making an investigation of charges that

Dirigible Nears Quebec; Flies Slowly

QUEBEC, July 31.—(AP)—The R-100 passed over Grosse Ile 20 miles east of Quebec at 7:35 p. m. (E. S. T.).

QUEBEC, July 31.—(AP)—The R-100 was ninety miles east of Quebec City at two p. m. Eastern standard time today. A message received here said the dirigible passed over Murray bay at that hour.

ST. HUBERT FIELD, Que., July 31.—(AP)—The R-100 wireless at 11 a. m. today it expected to arrive at seven o'clock E. S. T. tonight.

ST. HUBERT AIRPORT, Monday, July 31.—(AP)—The R-100 slowly approached the end of its flight from England today, its arrival delayed by choice or necessity until shortly before dark tonight.

Progress of the dirigible, the greatest ever to rise against the sky, over the ocean and down Belle Island strait had justified a general and even official belief that the R-100 would get in about four o'clock this afternoon, but at noon today a relayed wireless from the ship itself announced that arrival would be at seven o'clock (EST).

Sun heat has the effect on hydrogen, which is the lifting gas of the R-100, of enormously increasing buoyancy, and it was thought the R-100 officers had decided on a delayed landing to avoid the necessity of valving off valuable gas to effect a landing in the full heat of mid-afternoon.

St. Hubert is an excellent field, large and with all modern facilities, but it was a strange field to most of the men on the R-100, and it was plausible that they preferred to take no chance merely for the purpose of making a slightly better time record.

Coahoma Revival To Begin Friday

With Evangelist J. Porter Wilhite of Shreveport doing the preaching and Clarence C. Gobel, formerly of Howard county, as song leader, the Church of Christ of Coahoma will open a revival meeting Friday evening to continue ten days. Services will be held in the City Tabernacle. The public is urged to attend.

GAINESVILLE MAN DIES

GAINESVILLE, Tex., July 31.—(AP)—E. E. Barker, 50, was found dead here last night. He had been released from a hospital Monday.

Gore, Murray Retain Leads

OKLAHOMA CITY, July 31.—(AP)—The lead of T. P. Gore over C. J. Wrightsman, his leading opponent in the democratic senatorial primary, zoomed back toward the 2,000 mark today on returns from 2,797 precincts out of the state's 3,338, and W. H. Murray's lead over Frank Buttram in the democratic gubernatorial derby neared 60,000 in 3,025 precincts.

Robert Burns of Seminole retained a good lead in the crowded democratic field for the lieutenant governor nomination, and W. B. McAlester of McAlester again nosed out James Berry of Stillwater in the important sprint for second place, insuring a berth in the runoff primary of August 12.

Cleaner Donates Play Equipment For New City Park

G. C. Potts, proprietor of the 50-50 Cleaners here, has purchased and had installed at City Park a saw-saw for tiny tots. It was announced Thursday. This apparatus is expected to add much to the rapidly growing recreational facilities of this popular park.

Steer Round-Up

The first call for Big Spring high school football players and prospects to gather, was issued today by Coach Stevens.

The Steers will meet Friday night at the high school at 7:30 o'clock, according to Stephens.

Plans in regard to the football encampment will be discussed. Stevens urges all boys intending to work out with the squad this year to attend the session.

MAYFIELD TO OPPOSE STERLING

Eliminated Candidate Charges "Buying" Of Office

AUSTIN, July 31.—(AP)—Earle B. Mayfield, defeated candidate for the Democratic nomination for governor, announced here today his opposition to Ross S. Sterling of Houston in the Democratic runoff.

Mayfield declared that "to the point of almost physical exhaustion I fought from every stump in the state the unholy influence of money brought by Sterling and his associates into the campaign and I cannot now, by my ballot endorse the bold, brazen and defiant attempt to buy the governor's office."

He declared he believed it his duty to "again warn Democrats of the state of the no end of trouble that awaits our party should Sterling be successful in the run-off campaign." By this he referred to his charges that Sterling had violated election laws in connection with having the name of his manager certified to the secretary of state.

He predicted that in the event of Sterling's nomination, "The Republicans will have no difficulty in preventing his name from being printed on the ballot."

Adams for Sterling

DALLAS, July 31.—(AP)—Jed C. Adams, democratic national committee man from Texas, today announced he would support Ross Sterling of Houston in the August 23 runoff primary with Mrs. Miriam A. Ferguson for the gubernatorial nomination. Adams was a partisan of Jim Young in the first primary.

He said regardless of who gets the nomination, Sterling or Mrs. Ferguson, he would support the party nominee in November.

WASHINGTON, July 31.—(AP)—Henry Jarvin Browne, whose long range weather forecasts have brought him into conflict with the weather bureau from time to time today said the present break in the heat was only temporary and there would be no definite end to the wave until after Labor Day.

Heat Wave Relief Temporary—Browne

Months ago, Browne said, he was convinced a sun spot cycle, coupled with a lunar cycle, had destined that the summer of 1930 be hot and dry. He said a perusal of weather records, dating back through the centuries, had convinced him unusually hot and dry summers came every 56 years. Similar conditions to those of this summer prevailed in 1874 and in 1818, Browne said.

Howard County Fair Lists To Be Mailed

Two thousand copies of the Howard county fair catalogue will be placed in the mails by August 10. C. T. Watson, manager of the Chamber of Commerce, announced today.

The catalogue contains 16 pages. Approximately \$500 in premiums will be awarded to winners in the fair contests this year.

Keating Tells How To Control Melon Lice, Troublesome Here

Every year considerable damage is done to the watermelon, cantaloupe and cucumber crops of Howard county by various insects. The most common, and the one most difficult to control, unless taken in time, is the melon louse, declares Fred Keating, superintendent of the U. S. government experiment farm. This insect confines its work to the under side of the leaves where it sucks the juices until the leaves wilt, curl up, and finally die. When the lice become very thick, the vines become coated with a thin, sticky coating commonly known as honey dew. When this condition exists the injury has developed to such an extent that plants rarely recover even though the lice are controlled.

Garage Fire Extinguished

A burning garage behind the residence at 800 Main street belonging to Harvey Rix was extinguished quickly today by the fire department. The fire was caused by burning trash. The trash had been burned inside the wooden structure in a large metal can. This container had been knocked over by someone removing his car from the garage. It had not been replaced and the fire had ignited litter on the floor of the building and later the walls.

Mr. and Mrs. H. W. Beall of Pampa are the house guests of Mrs. Beall's sister, Mrs. J. R. Harris and Dr. Harris.

State Proration Plans To Be Perfected

AUSTIN, July 31.—(AP)—Ironing out rough spots in the plan for statewide oil proration submitted by a committee of operators was the task before the state railroad commission today.

After one of the most largely attended proration hearings here in years, the commission had voluminous data on the need for restricted production in the state, as a means of physical and economic conservation of natural resources.

Montgomery Ward District Manager Visits Big Spring

C. L. Ettelson, district manager for the Montgomery Ward & Company retail stores, here Thursday, expressed pleasure at being back in Texas, his native state. Stores under his supervision are those in northern and western Texas, and a few in Oklahoma and New Mexico.

For many years Ettelson was with Sanger Brothers in Waco and Dallas, later becoming general manager for Sanger Bros. in Fort Worth, a position he held for nine years. More recently he has been general manager of the Goerke-Kirch company of Elizabeth City, N. J.

J. P. Tidwell Shows Open In Big Spring

T. P. Tidwell's Alamo shows and Rodeo No. 2 opened a ten-day engagement on the Read show grounds, west highway, Wednesday night and there was a large attendance. The rodeo features Miss Opal Wood, champion lady bronc rider; and trick and fancy roping, and her troupe of cowgirls and cowboys, with a clown cowboy and his donkey.

Other features inspire the curious, those enjoying athletic contests. There are five rides, many concessions. Mr. Tidwell is known by many local people. He is a native of Sweetwater.

VALLEY VIEW, Tex., July 31.—(AP)—A heavy rain and hail storm accompanied by a strong wind damaged crops, demolished a number of outhouses and blew down trees here yesterday. Several farm houses were partially unroofed. A bolt of lightning struck the barn of C. L. Miller and it was destroyed together with a quantity of feed stuff. No one was injured.

NACOGDOCHES, Tex., July 31.—(AP)—A tornado struck Diboll, 32 miles south of here, last night and many houses were reported damaged. The mill property of the Southern Pine Lumber company was demolished. No one was hurt.

The Weather

WEST TEXAS: Partly cloudy tonight and Friday.

Maximum temperature yesterday (by U. S. Government Experiment Station, Big Spring):

W. 90
U. 60

Method of Control

Because of this fact, careful watch should be kept on the vines when the lice are first discovered, measures to control them should be applied.

Method of Control

Because of the fact that these insects do not eat the vines but merely suck the juices from the leaves, it is useless to try to control them by the use of any arsenic poison. A substance must be used that kills when it touches the lice. One of the most effective methods known is the nicotine or Black Leaf 40 dust. This is made by mixing hydrated lime with nicotine of Black Leaf 40 liquid at the rate of 19 pounds of lime to 1 pound of nicotine.

May Use Machine

The Big Spring Experiment farm has a machine for mixing this dust and will prepare it for any farmer who cares to use it. Any information regarding the preparation and use of the nicotine dust may be obtained by calling at the station.

Although the vines have been fairly free from lice damage thus far this season, it is probable that these insects will show up in large numbers if damp weather should occur.

BRUTAL KILLING NEAR TOYAH INVESTIGATED IN SECRECY; ACCIDENT THEORY DISCARDED

Jeanette Loyd's Letters Contain Chief Clues To Motive and Identity of Guilty Person

By BOBBY CAMPBELL, Staff Correspondent

PECOS, July 31.—From out of the maze of twisted theories and clues which have centered around the death of Mrs. Jeanette Loyd, 35, former wife of a Midland chiropractor, Saturday night near Toyah, there have emerged two definite ones.

The woman was brutally slain.

The one who committed the deed is known.

In the land of the Pecos, where murders of equal horror have gone unsolved before, Sheriff Kiser told a representative of The Herald Wednesday night he knew the man who killed the woman chiropractor. The murder, in itself, is smothered beneath a heavy air of mystery. It scents of blackmail, narcotics, revenge. The air of mystery permeating the slaying has permeated Reeves county officers, who are very secretive concerning their investigations.

TEXAS MAY GET RELIEF FROM HEAT

High Temperatures Are Reported From Many Cities

DALLAS, July 31.—(AP)—The prognosticator for the United States weather bureau here today sent a message of optimism to perspiring Texans. He said that all signs indicated much cooler weather tomorrow, promising a maximum of from 82 to 90 in this section and added a prediction that the minimum tonight would be as low as 74.

Yesterday was a scorching in widely scattered parts of Texas, a few favored spots where rain fell reporting relief from sizzling temperatures of the week. Mount Pleasant reported a maximum of 110 degrees yesterday and 108 were registered at Henrietta, Greenville, Seymour, Quanah and Kaufman. These sweltered with 106; Albany, Dublin, Memphis, Paris and Weatherford. The 104 class included Fort Worth, Childress, Corsicana, Graham, Sherman, Temple and Waxahatchie. Dallas reported 103.

Nacogdoches today reported "a heavy rain" in that section. Other stations reporting light rainfall to the Dallas bureau were Abilene, Amarillo, Albany, Brownwood, Childress, Crosbyton, Graham, Lufkin, Plainview, San Angelo and Snyder. Gainesville reported rain there aiding late cotton and corn.

Other features inspire the curious, those enjoying athletic contests. There are five rides, many concessions. Mr. Tidwell is known by many local people. He is a native of Sweetwater.

BIG SPRING TIRE DEALER'S LARGE SHIPMENT. FIRST CARLOAD GENERAL TIRES FROM THE GENERAL TIRE & RUBBER CO. THE ALL-WEATHER TIRE CO. BIG SPRING, TEXAS. Includes an image of a tire and a portrait of a man.

The All-Weather Tire company, dealers in General tires, is opening a "trade-in sale" Monday. Terms offered in the sale are outlined in a full page advertisement in this issue of The Herald. Above you see the carload shipment of General blow-out proof tires, ready to leave the factory in Akron, Ohio, enroute to Big Spring. The tires are of Charles W. Crighton, better known as Charlie, who made his first trip east recently and stopped on his way to the Atlantic seaboard with Mrs. Crighton at the plant of the General Tire & Rubber company in charge of production; L. A. McQueen, trade sales manager; and E. C. Moore, assistant manager of the southeast district of the company at Dallas.

DENTON GOVERNOR—Ferguson 111, Love 21, Loven 0, Miller 33, Mo 2, Putnam 0, Small 38, Sterling 53, Young 41, Walker 0. HURT HERE One Leg Hand Under Train, Bones Broken. Three accidents, one last night and two at noon today, took a toll of broken bones and caused the loss of one hand by a man injured in a train accident. Roy Green, 35, 609 North Nolan, had his hand crushed to such an extent amputation was necessary. At 10:30 o'clock last night while crossing the Texas and Pacific tracks at the Goliad Street crossing. According to Green he stumbled, just as he reached the train, his arm going beneath the wheels. He received a slight head injury. Rubin Fagan, Burnett, Texas, employe of the Texas Power and Light Company here, received a crushed foot at noon today when it was caught between a trailer and a truck body. His instep was broken. Jack F. Smith, 24, was injured when the motorcycle he was riding crashed into a sandhill. His right leg was broken in two places. According to Smith he was attempting to turn on the Bankhead highway when a car forced him into the sand. The machine fell on his leg. All of the men were taken to the Big Spring Hospital for emergency treatment. TARRANT SENATOR—Henry 491, Mitchner 141, Sheppard 1698. HISTORY IS RE-TOLD BY HUNDREDS

Cottonwood Park Is Scene of Friday Gathering

Out the dusty highway to the east a steady stream of cars has moved all the day. Over the hill at Coleman's and turn to the left at Cottonwood Park. The old settlers of Howard County have gathered for the 17th time in an annual picnic, all day meetin' and barbecue. To the tune of fiddlers, shouts of the men, shrill cries of the children and chatter of the women the history of this town and county is retold and relived wherever a little knot of "old timers" gathered. The cars are parked in long lines under the sun. They will not return until late this evening. Their owners have spread their possessions and their children in the grass and under the Cottonwood trees. "Pop, b'loons," is the cry of the boys' tenders. "Pop, b'loons" is the cry of the boys' tenders. Many of the old timers have been in Howard county more than fifty years. Among those registering the year of their arrival as in the 1870s are the following: G. L. Brown, Mrs. B. Jones, Mrs. J. W. McCutcheon, Sterling Price and J. J. Barnett. The 80s A steady influx of pioneers came in the 1880s however and 1890 seems to be the most outstanding year. Here are the forty year old timers: C. E. Talbot, 1885, Mrs. R. Zinn, 1883, T. B. Prather, 1890, S. E. Deats, 1884, Mrs. Boydston, 1881, D. A. Rhotan, 1881, Mrs. A. Miller, 1890, Kan Powell, 1889, Bob Hull, 1890, J. L. Wade, 1890, Steve Colverby, 1889, William Fisher, 1884, H. W. Leeper 1886, Joe Fisher, 1891, Bernard Hughes, 1884, A. L. Wasson, 1883, W. W. Inkman, 1888, Mrs. J. S. Anderson, 1889, C. E. Shumake, 1890, J. J. Thompson, 1885, Mrs. G. W. Sikes, 1885, Dr. W. C. Barnett, 1885, W. J. Wooster, 1889, J. B. Tyler, 1886. Here is quite a list of names all registered at 1890: Charlie Robison, W. C. Allred, Jim McKinney, Bud McKinney, Mrs. Mary Taylor, Mrs. Esther Elliott, Maggie Richardson, W. J. Elliott, E. A. Hull, A. M. Rendleman, Lawrence Rendleman, W. R. Rigby and C. M. Hull. Other forty year settlers are: J. S. Winslow, 1886, J. J. Curlee, 1888, A. Miller, 1885, Frank Lester, 1881, L. S. McDowell, 1885. Others Other names on the official registry at 1 o'clock were: Carl Bamer, W. F. Paschall, T. E. Satterwhite, Jim Cumble, R. L. Powell, W. N. Spears, Jim Campbell, B. J. Campbell, Mrs. G. W. Amos, Eugene Long, G. E. Fleeman, L. S. Patterson, L. S. Hamlin, L. C. Mathis, W. T. Read, Hart Phillips, E. M. Newton, Levi Robinson, J. W. Shortia, Frank Hodnett, W. T. Roberts, W. L. Wilson, G. E. Wilson, Emma Smith, W. B. Skeen, J. W. Skeen, Ray Skeen, Lucia Skeen, Jess Slaughter, C. W. Shafer, Harry Lees, W. J. Crawford, J. J. Jones, W. S. Satterwhite, A. G. Troop, R. H. Shafer, G. O. Broughton, A. D. Henry, Roy McNew, Monty Hamlin, Robert Hill, T. W. Brannon, Lloyd Brannon, O. A. Moore, J. A. Nelson, Carl Gray, E. Lawley, Albert Edens, W. C. Yell, P. H. C. O'Brien, Jim Robinson, L. A. Wheeler, E. T. Cobb, W. B. Allen, J. P. Meadows, J. H. Scoggins, Dave Leatherwood, Bob Asberry, P. M. Broadiey, Jean Crenshaw, Joe Wheeler, Tom Good, O. L. Bacon, J. P. Sanderson, J. W. Sanders, E. O.

M'ALPINE RITES SAID SATURDAY

He Did Not Intend to Shoot Girl Says Widow

Funeral services for Robert H. McAlpine, 33, prominent Big Spring electrical expert, who is alleged to have shot and seriously wounded a former Big Spring girl at Hobbs, N. M., Thursday night, and then turned the gun on himself, were held Saturday afternoon at 6:30 o'clock at the Eberly Chapel. The rites were conducted by the Rev. S. B. Hughes, pastor of the East Fourth Street Baptist Church, Interment was in the new Mt. Olive Cemetery. The body was returned to Big Spring Friday night by the Rix Mortuary at Hobbs. Mrs. Annie McAlpine, widow of the man, arrived in Big Spring Friday night. McAlpine is alleged to have gone into the home of Mr. and Mrs. John Clark, Hobbs, Thursday night following a talk with his wife a which he urged her to return with him to Big Spring. According to reports from Hobbs, she refused. Girl Is Shot A few minutes later Miss Lorea Clark, 21, formerly an employe of the Blue Moon Cafe, Scurry street, fell with a bullet wound in her abdomen. When shot she was standing in front of a dressing table. The room was in semi-darkness. McAlpine weiked from the house and sent a bullet through his brain, it was declared. He died 45 to 45 minutes later without regaining consciousness. The widow of the electrical contractor said Saturday that "his intent was to shoot Miss Clark." That was the extent of her statement in regard to the tragedy. Mrs. McAlpine was in the house at the time Miss Clark was wounded. She had been making her residence with the Clark family, former residents of this city, for the last few weeks. McAlpine is survived by his widow, two sons, Billy Joe, 8, and Earl Lee, 8, and his mother, Mrs. Margaret H. McAlpine of Washington, Kansas. Her age prevented her from attending the funeral of her son. He also is survived by one brother, Hugh McAlpine, Walters, Okla., who was here for the funeral, and a sister, Mrs. F. B. McKelby of Washington, Kan., who arrived late Saturday afternoon. Mrs. J. B. Crosswhite and Mrs. Earl Dennis of Margaret, sisters of Mrs. McAlpine, were here for the rites. McAlpine was the owner of the McAlpine Electrical Co., 2109 Scurry Street, owned a half interest in a brick building at that address, and was an experienced and efficient electrical expert. He had been in business for himself more than a year. Prior to that time he was associated with the Sun Electric Co. of Abilene, and had charge of the wiring of several large Big Spring building projects. He left Big Spring at 2 o'clock Thursday afternoon en route to Hobbs. He and his wife had been estranged for several weeks. Mrs. W. D. Tunn underwent a blood transfusion Saturday at Hopkins and Barcus Hospital. Mrs. Tunn is an employe of Richardson Refinery. The sma' daughter of Mr. and Mrs. M. H. Grayson had her appendix removed Saturday at the Bivings and Barcus Hospital.

THREE MEN HURT HERE

One Leg Hand Under Train, Bones Broken

Three accidents, one last night and two at noon today, took a toll of broken bones and caused the loss of one hand by a man injured in a train accident. Roy Green, 35, 609 North Nolan, had his hand crushed to such an extent amputation was necessary. At 10:30 o'clock last night while crossing the Texas and Pacific tracks at the Goliad Street crossing. According to Green he stumbled, just as he reached the train, his arm going beneath the wheels. He received a slight head injury. Rubin Fagan, Burnett, Texas, employe of the Texas Power and Light Company here, received a crushed foot at noon today when it was caught between a trailer and a truck body. His instep was broken. Jack F. Smith, 24, was injured when the motorcycle he was riding crashed into a sandhill. His right leg was broken in two places. According to Smith he was attempting to turn on the Bankhead highway when a car forced him into the sand. The machine fell on his leg. All of the men were taken to the Big Spring Hospital for emergency treatment.

Choice Stories Heard At Reunion Of Old-Settlers

Many are the stories told by the "old timers" as they gather at the Cottonwood park for their fifth annual celebration. One elderly woman tells of moving from East Texas. "We came," she said "as far west as the T. P. came. When it ended in Big Spring we got off." Another told of the fit town. "It was nothing but canvas tents and one saloon had a board front when we got here," she said. "The cowboys were then just as wild as Easterners have always thought them. Gunplay was as common as spitting and after dark it was mighty dangerous to leave a light burnin' in your tent cause the 'burns' would shoot through it until they hit the light." "Th' Indians were pretty well tamed and pushed backwards when the town was reached by the railroad, but dirty blanketed Comanches still skulked about the streets, one raider, who has been here over fifty years said. "I think I told you this before," said another old timer, "but talkin' about the cowboys, I remember when they used to make their horses drink whisky outen their hats and get 'em drunk!"

6,800 Auto Plates Allotted Howard County for 1931

AUSTIN, July 26.—Howard county has had 6,800 automobile numbers and 750 truck numbers assigned it for 1931. The passenger licenses are in lettered series for the first time. Howard county's passenger car numbers will run from G1-7701 to G2-4500. Its truck numbers will run from 118901 to 119350. A-PREFERENCE FOR GRAY Returning passengers have manifested a decided preference for travel coats and tailored suits in gray fabrics either in mixtures or plain

Big Spring Flows Again After Having Been Dry 20 Years

VISITORS STILL SWARM TO BIG SPRING AS RESIDENTS LEAVE FOR SUMMER TRIPS

Vacationists Arrive From California As Excursion Ends — Others Visit Texas Beauty Spots

For the past month the paramount activity in Big Spring society has been that of going away for and coming back from a vacation. Not only that, but just as soon as a vacationist arrives in his own house he settles down for a long try at being host to the guests who are pouring in and out of the city. Some of the major activities are listed below: Mrs. Lester King has as guests Mr. and Mrs. G. E. Welch of Slaton.

Mrs. Jack Williamson of Eastland and Mr. and Mrs. Frank Williamson of Corpus Christi are visiting Mr. and Mrs. M. M. Edwards.

Mrs. James Costlow of San Antonio and Mr. and Mrs. John Hall are visiting Mrs. Zach Mullins and Miss Ollie Ruth Bird.

Mr. and Mrs. Walter Hightower of Odessa are visiting Mr. and Mrs. G. L. Brown for the week-end.

Miss Louise Jordan has had as guests Miss Beatrice Logan of Colorado, Miss Dimple Wade of Colorado, Miss Edna Graham of Lovington, N. M., and Janet Norris of Childress.

Douglas Watson and family of San Angelo spent Saturday and Sunday with his mother and father of Big Spring.

Miss Jewell Key of San Angelo has returned to her home after a visit with her friend Miss Marguerite Watson.

Mrs. Frank Sidney of Tulsa, Oklahoma is visiting her sister and family, Mr. and Mrs. J. C. Brickhouse, 1366 Scurry street.

Boots Watson of San Angelo spent the week-end with Courtney Watson.

Messrs. Fred and Edward Lowden returned to their home in Lockhart Thursday. They have been visiting in the home of their uncle, T. W. Osteen.

Emma Lois Osteen is spending this week with her aunt, Mrs. Leonard Smith of Soash.

Mr. and Mrs. E. O. Ellington and Miss Dorothy Ellington, arrived yesterday morning from Long Beach, California, where they have been spending the summer.

Mrs. Gordon Phillips is expected to return to Big Spring from Long Beach about the first of the month.

Mrs. J. Y. Robb and children, Mrs. C. S. Holmes and daughter, Pauline Melton, Mrs. W. A. Earnest, Miss Nell Hatch, Mrs. John Hodges and children, returned yesterday from California.

Mrs. George Rice of Olney and Mrs. Frank Slater of Graham, left yesterday for their homes after visiting Mrs. O. H. McAlister.

Miss Elizabeth Owen returned from Dallas Friday after a ten day trip.

Mr. and Mrs. R. L. Rogers returned recently from Bowling Green, Ky., where they visited their daughter. While in Kentucky they made a trip through the Mammoth Cave.

Miss Ralph Wilcox has as her guest Miss Lucy Medearis of Dallas.

Mr. and Mrs. W. O. Low left recently for Pinebluff to visit Mr. Low's relatives. On the return trip Mrs. Low will remain in Dallas, where she will attend a stenotype school during August.

Mrs. J. D. Biles and son John Lewis are visiting in Fort Worth.

Mrs. Luther Bonner is visiting in El Paso.

Mr. and Mrs. T. C. Blair and son of Paris, Ark., and Mr. and Mrs. E. H. Blair and daughter of Clarksville, Ark., have been here this week for a visit with Mr. and Mrs. E. H. Burns.

Mrs. John Porter has as guests Mrs. J. T. Concoran of Toyah and her daughter, Ethel Elaine.

Mrs. Lee Hanson of Lamesa and her daughter are visiting Mr. and Mrs. R. C. Strain.

Miss Mamie Frichard and Mrs. Fred Carney of Fort Worth are the guests of Mr. and Mrs. J. I. Frichard.

Mrs. Ed Merrill and daughter, Evelyn, are spending their vacation in Long Beach, Calif.

Mr. and Mrs. P. F. Ridgeway of Fulton, Ky., and Mrs. W. W. Ridgeway of E. St. Louis and Miss Ruth Ridgeway of E. St. Louis, left visiting Mrs. E. L. Kennedy.

A Joke on The Boys, The Paper And Its Readers

A joke on the boys, a joke on the paper, a joke on its readers. This is the way a story turned out recently. It began thusly: Two boys were walking through the hills and valleys back of "the old pool place" west of town and came upon a rather large puddle of water. Not only was it a good big puddle, but it bubbled, exactly like a spring. They reported their find with glee. It was "Big Spring" bursting forth in another place, they decided. And so this paper ran the story—as it was reported. But, though the original spring is running again, this was not the spring in question bursting forth in another place. It was only a broken water pipe carrying water to the T. & P. Shops!

MRS. H. S. FAW ENTERTAINS CONTRACT CLUB

Mrs. H. S. Faw entertained the Contract Bridge Club at her home in Washington Place Friday morning. The house was decorated with garden flowers and Mrs. Faw carried out a rainbow color scheme in decorations, bridge accessories and refreshments. She was assisted in serving by her daughter, Jacqueline, and her mother, Mrs. Ellen Gould. Mrs. C. K. Bivings won high score for members and was presented with a heister box. Mrs. Harry Hurt won visitors high score and was presented with a novelty whisk broom in a case. Luncheon was served to the following: Mesdames C. K. Bivings, Seth Parsons, Wilburn Barcus, Carl Blomsheld, O. L. Thomas, Harry Hurt, Ray Simmons and Miss Jena Jordan.

Mrs. Coleman Has Dance For Guest Miss F. Goodwin

Mrs. F. T. Coleman entertained in honor of her sister, Miss Florida Goodwin of Houston, with a dance at her home Friday evening. Guitar numbers by a visiting musician supplemented the radio and victrola for the dancing couples. Refreshments were served to the following: Miss Mable Robb, Mary Petty, Cora Ashley, Margaret Bettle, Zillah Mae Ford, Zannah Rose Black, Mary Alice Wilke, Lena Kyle, Elda Mae Cochran; Messrs. Tommie Neal, Cecil Neal, Clifton Dunagan, Hugh Willis, Buster Bell, Jack Flowers, Joe Faucett, Curtis Bishop, Jack Hodges, Cecil McDonald, Gerald Liberty, Ray Brown, Bobby Burns, Paul Smith and Robert Miller.

Mrs. C. R. Kates Has Cozy Gossip Club

The Cozy Gossip Club met with Mrs. C. R. Kates Thursday afternoon at her home on Lancaster street. Patching and darning made up the afternoon's entertainment. Mrs. A. L. Jenkins won first place and Mrs. C. A. Eason won consolation prize. Iced melon was served to the following: Mesdames M. A. Ford, S. E. Smith, J. D. Jenkins, T. H. Leake, W. H. Tholman, W. J. Smith, H. R. Ford and Miss Minnie Frances Leak and Mrs. H. B. Leake of Abilene. The club will have a picnic next Thursday at the City Park. All members are asked to come and bring the children.

Thursday for their homes after a ten day visit with Mr. and Mrs. Gus Pickle.

Mrs. A. M. Evans, Mrs. R. W. Baker and E. O. Price return today from Dallas.

Mrs. Estelle Munday of Dallas is visiting Mrs. E. L. Kennedy.

Woman Spends \$2,000,000 Annually For Russia

Mother of Two Children Holds Post Equal to Mellon's Here — Makes Her Own Clothes and Does Own Cooking!

MOSCOW — (AP) — A modest, self-effacing mother directs the spending of nearly two billion dollars annually for Soviet Russia. And she is still can make all her own clothes and do all her own cooking! Barbara Nikolaevna Yakovleva holds one of the world's big jobs. She is Russia's Commissar of finance, a post comparable to that of Andrew W. Mellon, secretary of the U. S. treasury.

Salary is Small Her salary is \$150 a month—a tenth of Mellon's—although millions of rubles pass through her hands daily.

She is the only woman member of the Soviet cabinet, and only one other nation, England, has a woman cabinet member.

Once an obscure revolutionist, hunted by the czar's secret police, Madame Yakovleva watches expenditures of the government with the shrewd eye of a careful housewife. In her vast financial household she employs 15,000 men and 2,000 women.

She herself, toils 16 to 18 hours a day, Sundays and holidays included.

She lives in a small, 5-room flat near a workers' settlement with her aged parents and her

two children. Still Can Scrub Floors Her husband, also a revolutionary, is superintending construction of a big factory at Saratov, on the Volga.

Years of privation and hardship taught Madame Yakovleva to be intensely practical. That is why she does not conceal the fact that she can still scrub floors, wash dishes, make all her own dresses and do her own cooking.

She wears no jewelry or other embellishments and does not believe in short skirts, lipsticks, face powder, or expensive dress and lingerie. Her habitual garb is a plain, inexpensive white shirtwaist, with black skirt and hose stockings.

Looks Mother's Part To your correspondent she looked the part of a good mother, a woman of quiet demeanor, neatness and great charm.

She is 45, fair, with blue eyes, chestnut hair and a soft, even voice.

Her only hobbies are mathematics, music and the radio. She holds a masters degree in higher mathematics and is an

pianist. She sometimes finds time to go to the theater, the ballet or a concert.

Her present high post was won by the hardest toil, and unremitting service to the revolution.

Five times she was exiled or imprisoned by the czarist regime, spending years in Siberia. She knew and worked with Lenin and Trotsky.

She is shy about herself, extremely reluctant to discuss her own life, achievements or talents, insisting that in the U. S. S. R. it is the system, not the individual, that counts.

"Our government gives everyone an equal chance for success," she said.

"I must not be regarded as an exceptional case. All women in the Soviet Union are given the same opportunity. Many other women besides myself hold important executive positions. Several are presidents of regional governments.

"Within a few years we probably shall have hundreds of women in high administrative posts."

MODEST MAIDENS

Picnic Honoring Visitors Is Given

A chicken barbecue was given at the City Park Thursday afternoon in honor of the following visitors: Mr. and Mrs. P. P. Ridgeway of Fulton, Ky., Mr. and Mrs. W. W. Ridgeway of E. St. Louis and Miss Ruth Ridgeway of E. St. Louis.

The guests were: Mr. and Mrs. Joe Pickle and children, Joe, Jarrell and Judith, Mr. and Mrs. Gus Pickle and daughter Hattie Mae, Mr. and Mrs. Arthur Pickle and son J. C., Mr. and Mrs. Miller Harris and son, James Duke, Mrs. W. D. McDonald and son, Cecil, Tommie Jordan, Gerald Liberty, Max Pickle, Bud Davis, Mrs. E. L. Baker, Mrs. R. A. Eubank and Mrs. Jack Hodges.

SPENDING WEEK-END AT CRISTOVAL

Misses Dorothy Louise and Lillian Jordan are spending the week-end at Cristoval with their guests, Misses Beatrice Logan of Colorado, Dimple Wade of Colorado, Edna Graham of Lovington, N. M., and Janet Norris of Childress.

Visitors' barbecue, chicken and beef. Cap Rock, on Lamesa Highway—adv.

"I always make him take me to the best restaurants. You know, the way to a man's heart is through his stomach."

MRS. STEGNER IS GIVEN PARTY

Mrs. Parks, Mrs. White And Miss Antley Hostesses

Mrs. H. A. Stegner was honored yesterday afternoon with a bridge shower at Mrs. Gordon Phillips' home by Mrs. Robert Parks, Miss Eleanor Antley and Mrs. George White.

The house was decorated with garden flowers, verbena and sinias. A rose and green color scheme was carried out in refreshment, decorations and bridge accessories.

Mrs. Stegner, formerly Miss Vesta Mosteller, was given a guest prize, a silver pitcher.

A salad course was served to the following guests:

Mrs. H. A. Stegner, Misses Matie Leatherwood, Spencer Leatherwood, Mrs. M. H. Bennett, Mrs. O. J. Wolfe, Mrs. Eck Lovelace, Mrs. J. R. Dillard, Mrs. J. R. Copeland, Mrs. Bert Leonard, Shreveport, La., Mrs. Chas. Dublin, Mrs. Wm. Battle, Mrs. Eb Hatch, Miss Clara Pool, Mrs. Fred Keating, Mrs. Fred Stephens, Miss Jena Jordan, Mrs. Hoppel, Mrs. C. K. Bivings, Mrs. Geo. Gentry, Mrs. E. E. Fahrenheit, Mrs. J. Y. Robb, and Mrs. Cecil Wasson, Miss Emerson and Miss Higgins, Miss Stella Watson of Wichita Falls and Mrs. Grover Cunningham.

HOBBS, N. M., IS SCENE OF TRAGEDIES

Robert H. McAlpine, Electrical Contractor, Victim

Robert H. McAlpine, owner of the McAlpine Electrical Co., 2109 Scurry Street is dead and Miss Lorean Clark, 21, formerly of Big Spring, is in a critical condition in a Hobbs, N. M. hospital, as a result of a shooting there about 10:30 o'clock Thursday night.

According to reports received from Hobbs today, McAlpine had come there Thursday to see his estranged wife. She was working in the telephone office there.

The body of McAlpine was being brought here from Hobbs this afternoon by Ralph Rix of the Rix Mortuary, Hobbs, the local Rix offices were informed.

Talked To Wife McAlpine talked with his wife in regard to returning to Big Spring. They went to the home of Mr. and Mrs. John Clark, with whom she was residing where they parted, said a Hobbs report.

In a few minutes, it is alleged, McAlpine returned to the home and went inside. The house was dark. The Clark girl was standing in front of a dresser when McAlpine entered.

One shot from a 38 caliber pistol penetrated her stomach, and lodged in the liver. Reports from the Hobbs hospital today were that she had a chance for recovery.

After Miss Clark left wounded, McAlpine went into the back yard and when about 50 yards from the house sent a bullet through his brain. The slug entered his forehead and he died three-quarters of an hour later without regaining consciousness.

Resided Here Miss Clark formerly resided here with her parents. They lived near the airport, and moved to Hobbs about three weeks ago, according to Big Spring residents who knew the girl. About three months ago, she was a waitress at the Blue Moon Cafe, located in the building on Scurry street owned jointly by McAlpine and T. H. Crow. The cafe is two doors from the electrical concern.

The theory advanced by Hobbs officials was that Miss Clark was a victim of mistaken identity. McAlpine left Big Spring about 2 o'clock Thursday afternoon in a Ford truck belonging to his company. According to F. E. McKnight, East Third street, employe of the firm, he did not say where he was going.

Survivors Friends of his were informed of the fatal shooting late Thursday night. Two sons, aged 8 and 11, besides his widow, survive McAlpine. The boys are in Abilene.

The McAlpine family lived in a duplex in the rear of the building where the business is located. McAlpine is believed a native of Canada. Friends of his here knew nothing of his former home, Abilene, after completing a contract job in Sweetwater.

He has handled the electrical business of several large jobs here, and

WATER IS TO FIFTEEN FEET IN CENTER OF OLD CAVITY—80 FEET DEEP AND 200 WIDE

It Is Filling Again Because Drain For City and Shops Has Been Removed, Says Edwin A. Kelley

Without a doubt Big Spring's original Big Spring will continue to run and fill say experts here. It has now been running, breaking out in scores of fresh spring streams under the overhanging shelf of rock, for more than two weeks according to R. L. Southard, who lives within a hundred-feet of the historic old landmark of Texas.

This spring, on whose bank one of the greatest Indian battles of West Texas was fought, has been dry for almost twenty years.

It is a huge cavity over eighty feet deep and some 200 feet across at its widest part.

Children of Big Spring's old timers used to be systematically frightened by their harassed parents with stories of the "bottomless pit."

Has Bottom However However, the deep and narrow pool, drained dry of its countless gallons of water by the ever increasing demand of the city and the shops, one day showed its bottom to an amazed and worried citizen.

For some twenty years then it remained dry. The T. & P. on whose land it is located, fenced it off and provided it with a caretaker to keep adventurous people from falling onto its rocky bottom. But now it has burst forth again. Fifteen feet of water, muddy and full of weeds, may be seen by anyone armed with a pass from the railroad.

Close Inspection This reporter made a perilous trip down the west side of the cavity and crawled through the sunflower stalks, many over two inches thick, back under the ledge of rock which hangs some twenty-five feet over the bottom of the pool.

More than 100 streams of water are pouring out of the loose sandstone formation under the ledge. A faint humming noise, actually impressing one as increasing in volume every moment, fills the large rock bound cavity. The air is cool and damp. Small bits of fern are beginning to appear on the ceilings of the rock ledge.

The Big Spring flows again. No one will attempt to say just how long it will take the depression to fill to the brim with clear cold water as it may be remembered by certain "old timers."

Mr. Kelly Explains There is, however, simple explanation of this seeming phenomenon. Edwin A. Kelley of the Southern Ice and Utilities Co., geologist, scholar and interested citizen has made the clearest of them all.

According to Mr. Kelley, the stratification of the rocks in the area south of town, bounded on the north by the golf links, on the south by the Big Spring mountains, on the east by a certain elevation of the ground and on the west by the San Angelo road, is bent down until it may be likened to a saucer, a half mile wide and 300 feet deep.

"This saucer," says Mr. Kelley, "is a little longer than it is wide, if you can imagine such a saucer. It is filled (under the surface soil remember) by the trinity sands which pour a part of their burden of water into its shallow bowl.

"Thus we have a full saucer over whose edges pour dribbles of running water.

"Then imagine a slight nick out of the south eastern edge of the saucer. The water would of necessity flow through this nick and gather under the edge. This nick in the edge of this shallow water basin caused the Big Spring.

The Saucer Empties "Along came the T. & P. and the city engineers. They located the wells to supply the shops and the town right above the saucer. They drained out millions of gallons. The water level of the saucer became lower and lower." Soon it was lower than the nick in its south eastern edge.

"Big Spring went dry. "And soon the saucer went dry. The gallons of water being drawn out were much in excess of the dribbles coming in over the rock bound edge from the trinity sands.

"The town was panic stricken. There was no water for baths—for washing one's car—for watering one's lawn—even for drinking.

"So the new wells were located. These they sunk to the south of the old waterworks and directly into the main course of the trinity sands.

"The drainage of the saucer stopped. "The dribble continued, however, and the saucer refilled. Again it reached the crack in its southeastern edge. Again it spilled over.

"And again Big Spring is filling with water."

Representative Of J.T.A.C. In City

Lewis T. Nordyke, representative of John Tarleton college, Stephenville, was in Abilene Friday calling on prospective college students.

Big Spring and surrounding country have been well represented in John Tarleton for several years and according to reports received by the representative while here a number of students will enroll from here when the long session opens September 18.

THREE RECOVERING FROM AUTO INJURIES

E. W. Ganawa, Miss Nina Walters and Miss Irene Shockley, were recovering Saturday from injuries received in an automobile accident on Scurry street Thursday night. Each of the young people was cut about the face and head.

about a year. The business was closed today pending arrival of his wife. No funeral arrangements had been made this afternoon.

According to employees and business associates of McAlpine, he had never mentioned any existing trouble between himself and his wife. His wife is from Wichita Falls.

BAPTIST AUXILIARY TO MEET The Women's Auxiliary of the First Baptist will meet tomorrow afternoon at four o'clock, according to Mrs. B. Reagan. The meeting will be in charge of the West Circle. All members are asked to attend.

WOMEN In The World

Edward of Wales played cautious baccarat at Lee Touquet for 10,000 francs a stake. His opponent was Mrs. James Cresson Parrish, Manhattan socialite. Soon she won 250,000 francs (about \$10,000) from him and let him win it back.

In a Santa Barbara, Calif., hotel a maid threw a bundle of Mrs. John MacGill's dirty linen down a laundry chute to the basement, four stories below. The bundle contained Mrs. MacGill's child eight months old. The baby was unharmed.

Ninety stitches had to be taken when a French woman 102 years old was attacked by a bull she was leading to the field. She will recover.

Because his wife kept their 7-year old son awake while she took dancing lessons and because as a result, a Washington man is suing her for divorce.

Mrs. Grace Goodhue Coolidge is writing poems for the Good House-keeping magazine.

Princess Margherita of Apulia, 3-month old Italian princess is already enrolled as a life member of the Italian Red Cross.

Henrietta Addition, New York City, who collected questionnaires from 1600 Brooklyn girls, found that only thirteen failed to ask their parents' permission to go places.

In her apartment in Passy, where she receives both Roumanian and French society, Madame Zizi Lambriane, first wife of King Carol II, is addressed as "Her Majesty" by the servants of the household. Madame Zizi also obliges them to use the same title when addressing or speaking of her little son, legitimate child of the former Prince and whom his mother believes to be the rightful heir to the much-discussed throne.

Thanks to brandy, Anita Maya, Queen of the Spanish gypsies is hale and hearty today at the age of 84. She is making a short stay in this city in order to visit the exposition, coming from Ronda where she lives among her many subjects. Water is never included in her daily diet, but very often twenty glasses of cazeila (an old dry brandy) are. Anita attributes her good health to this habit. She was once a first class smuggler operating between Spain and Gibraltar.

Though she has the title of "Miss America" and the gold trophy and the \$25,000 that went along with the honor, Miss Margaret Ekdahl, 18-year-old Tampa blonde, will return soon to Tampa from Miami to resume her work in the bathing suit section of a Tampa department store.

Miss Ekdahl originally won third place in the Miami International beauty pageant as Miss Florida, but recently it was learned that the first prize winner had been married at the time of the pageant, and the holder of second honor had represented herself as "Miss California," but came from Oklahoma.

Weddings were at a new low point throughout Connecticut in the month of June, according to records filed here, some good-sized cities reporting fewer marriages than in any year for two decades.

The condition is believed to reflect business conditions.

TELEPHONE OPERATOR SAVES SUBURB PHILADELPHIA (INS).—Miss Vivian Quigley, of Bally, a little telephone operator, today is being proclaimed a heroine again.

Miss Quigley, possessor of a gold medal for honorable and immediate service, recently rescued the village of Barto, a suburb from the ravages of fire, which managed to burn four structures and cause \$300,000 damage.

Planting a thick stand of blue grass is the best way to get rid of dandelions, says L. R. Quinlan of Kansas state agricultural college.

INSCRIPTION FOR THE CEILING OF A BEDROOM
"Daily dawns another day;
I must up and make my way.
Though I dress and drink and eat,
Move my fingers and my feet,
Learn a little, here and there,
Weep and laugh and sweat and swear,
Leaves some words upon a page,
Claim a foe, or hail a friend—
Bed awaits me in the end.
Though I go in pride and strength,
I'll come back to bed at length.
Though I walk in blinded woe,
Back to bed I'm bound to go.
High my heart, or bowed my head,
All my days but lead to bed.
Up, and out, and on, and then
Ever back to bed again,
Summer, Winter, Spring and Fall—
I'm a fool to rise at all!"
—By Dorothy Parker

Rugs For Summer

For the porch there are or namented figured rugs. BY MARGERY TAYLOR
Gone is the "good old summer-time" when we had to live in houses which looked as if somebody hadn't quite finished moving out—with ghostly white slip covers on the furniture and the rugs all up and away.
Now we believe in a liveable home in summer—and that means summer curtains, trim—chintz covers and cool colorful rugs.
Many kinds of rugs are now made, especially to grace the floor while the orientals are on vacation. And not merely porch rugs—there are appropriate kinds of rugs for every room. The choice is yours: the summer, what with grass, rush, fibre, wool and wool-fibre mixtures. Small braided rugs and Indian druggets, to have a summer style appeal.
The fibre and wool-fibre rugs are not only generally useful, but they become more ornamental each season. Plain, summery colors and geometrical and floral designs offer something for every taste.
This year more of the designs are like tapestries or pictures—there is a definite up and down movement. One rug, for instance, glows with round flowers in gay colors scattered over a natural ground, the graceful stems—ving all towards one end of the rug.
For the "colonial" room, the new fibre rugs include designs blocked off into squares, each with a conventionalized flower motive giving, decidedly, a hooked rug effect.
Real hooked rugs are becoming more popular each summer as appropriate summer floor decorations. So also are rag carpets and braided ovals.
Very practical are cotton chenille rugs made down South. So practical are they that many women have adopted them for all year use, because they can be laundered up and simply sent to the laundry when they begin to show soil.
The designs are both conventionalized and modernistic—the latter particularly attractive in sun rooms.
The colors, too, fit with any scheme.

Lithuanian Peasant Tales

Four Charming Stories Told By Herman Sudermann In His Latest Book

By ONA REAGAN PARSONS
"The Excursion to Tilset" By Herman Sudermann (Horseback Livertight)
These are four Lithuanian tales written by the great German novelist of prose, Herman Sudermann. Lithuania, a county given a separate government after the World War, has long existed as an individual community with its own language, religion, peculiarities of dress, more or less well-defined boundaries, geographically as well as socially. The Lithuanian was primarily a peasant. No matter how much he owned he looked up to the German and the German looked down on him.
Sudermann lived among these little-known people and they found their way to his heart.—He understood them well enough to interpret them in a few simple stories to a world that was hardly more aware of them than they of it.
Their lives were narrow and primitive, so Sudermann deals with the elemental emotions and leave subtlety for more sophisticated people.
In the story which gives the book its name, "The Excursion to Tilset," the author tells the story of a man who was unfaithful to his wife. She was a sweet, gentle thing, who had brought him most of his land, was devoted to her family and willing to forget his infidelities whenever he was willing to forego them.
Influenced by the strong-minded servant girl, who was his mistress, he decided to do away with his wife by drowning. He and she, therefore, set out in a boat for the big city of Tilset. He takes a bundle of reeds to help get to shore after the boat is upset because he cannot swim.
During the excursion he and his wife discover themselves gradually slipping back into the happy relationship of their early married life. In Tilset they get slightly intoxicated, see the sights, and he overhears compliments on her beauty which fill him with pride so that he decides not to carry out his plans.
On their return they become so tipsy that they both fall asleep at a dangerous bend in the river. The boat capsizes. There are enough reeds for only one. He fastens them to her; she remains afloat and is rescued. No longer worried by his bad habits she rears her family according to her ideals.
Unforgotten as that story is, the third one "Jones and Erdma," is the outstanding tale.
It is the story of a couple's fight with a march for prosperity. Let Sudermann himself describe these two young people as they appear in the beginning of the story:
"...they were sitting on the edge of a ditch beside the road. Lord, how strange it is that everything on earth insists on love! Even the most miserable of people; those who can scarcely keep body and soul together, yearn to build a nest."
"Jones was the servant of a servant...Erdma had chosen to make her way among the Germans. For the being, she was a scullery maid at the...Inn...They were in their best clothes. Jones had put on his polished Sunday boots and his black cloth jacket and Turkish neckerchief. And Erdma...Erdma had become quite a lady and would no longer dream of wearing the Lithuanian garb...They had no parents who might own a house and a farm. As a usual thing they preferred not to mention who their parents were."
"They took the little sum they had saved between them and built a home on the untrustworthy marsh. She was determined to climb in the world and see her daughters wearing silk and velvet.
And so they did. It is a marvelously intriguing story that strips bare a human soul.
At the end, one feels no longer that Sudermann is writing of a Lithuanian peasant, but of the human race. This epic in miniature, that begins with the atmosphere of a tiny spot on the world's map, ends on a universal note. Under the garb of a peasant, snatching a livelihood and asking for more, the heart of Erdma beats at a faster pace and halts for the same reason as the hearts of women of the world over. Therein lies the immortality of these Lithuanian tales.
"MITSOU" By Colette
Colette is said to be the leading woman writer of France. Here she has told a tale that has long been waiting to be told—a tale that no man could write and that has been waiting for a woman to come along who could see its pathos, both who would not make it Bathos.
Mitsou is an actress, supported by a "man of means." She has had precious little background and her money has meant to her only an opportunity to indulge herself in everything she has had to do without. She is not in love with this friend, but that is a small detail. Along comes a young soldier in blue, on leave from the front. She falls in love.
Love for women of this type is the Great Teacher. Seldom do they fall in love with men of their own class; it is always some young man who has the manly qualities that they come to realize they do not possess. Sooner or later the man realizes it, too, and therein lies the great tragedy of the Mitsous of the world.
They lose the man they love and the rest of their lives are devoted to acquiring those virtues which their lost lovers admired.

Old House

There's a house across the hilltop that no one's living in,
With rotten rafters falling and windows hollow-eyed,
With weeds upon threshold and nothing left within
But the ruin of a bedstead, where the last possessor died.
The goldenrod is smothering dilapidated pickets
That protect the doorway where the children played,
And the cow pasture's tangled with encroaching alder thickets
That obliterate the paths that the cattle made.
Strange incongruities the garden hedge encloses,
With rows of careful gardening obscured by random seeds,
With wild things from the meadows in the shadows of the roses,
And little Johnny-jump-ups that hardly top the weeds.
Birds in the dawn of day, dropping from the elm trees,
Call for the children that have wandered long ago;
And summer awakens it with riotous fertilities,
And winter makes it silent with a covering of snow.

STYLE TALKS

Little Change Necklines Fancy Smart Sox Black for Bridge BY ADA E. LINGO
Set your heart at rest my readers.
Fashions for fall will not take any radical turn and thus mechanically ruin your plan to wear several early spring dresses bought in the heat of the new style movement.
In fact the silhouette will remain the same, says the most reliable Ethel Holland Little in her July 21 Style Letter from the Woman's Home Companion.
Let's hear what Mrs. Little has to say in her own words: "I had a glimpse of early fall fashions as shown by the Garment Retailers of America at their banquet last week. Judging from that we are not in for any radical change of silhouette next season. Skirts remain about 14 to 11 inches from the ground for daytime dresses depending on the degree of formality and coats are long enough to cover them. For evening most of the skirts just graze the floor.
An increased elaboration of sleeves stood out as one of the important features in my mind. There was the greatest diversity in coat sleeves, none of them were straight and simple as in other seasons. Balloon effects between elbow and wrist, puffed fullness at the elbows or wide diagonal cuffs over the forearm were some of the favorite variations. On dresses too, sleeves went to new extremes, with greatly simplified leg o'mutton lines as the newest.
NECKLINES MUST BE DAINTY
Gone are the old angular and unbecoming necklines.
Femininity is rampant. The last summer dresses must have a small touch of something soft around them. Lingerie touches are found at the necklines in abundance.
Unusual is the flat U collar in white which trims a summer printed frock. Cut circular fashion, it is very flattering, falling in soft lines in the front of the bodice.
Frisly collars give youthful dainty effects, especially in fine organdie and lace. Flat beads also make most attractive collars and cuffs on dark afternoon frocks. They come in white and pastel colors.
SKIN TONES IN STOCKINGS
Chic stockings are skin color this summer season.
A dark honey shade if you happen to be a belle brunette and a tawny tone if you are one of those bewitching blondes. Then there is a rosy tint for the very fair young thing and a creamy color for those who happen to be that way.
French designers are showing the honeycomb stockings in silk for wear with sport woolsens and tweeds to compliment the nubby surface and one of them is featuring a sort of shadow diamond check that looks particularly well with lizard-skin shoes.
TAKE YOUR BRIDGE DRESS BLACK
What Paris decrees, Paris decrees—and America does. Miss Alice Laugier writes on Paris' latest ultimatum, the black bridge dress.
"Bridge frocks will be black ones this summer, nearly always with a touch of white on them, according to the latest decrees of the French fashion-makers who insist that in the world's smartest than this old magnificence, nothing more becoming and alluring.
"Shir black with a bit of cream or white lace, makes the most charming sort of bridge frock and late afternoon gown. Marcell and Armand are using it for a short-sleeved bolero complemented by black lace and suede gloves. The lace here of the skirt and the shirred blouse are interesting details which make the gown one that can be worn all evening if necessary."
"For the very charm afternoon there is a charming black lace frock. Sleeveless and with tiny shoulder-caped tied with a ribbon beneath the chin.
"Philippe de Gaston make a black bridge frock in fall silk which promises to be one of the winter's smartest fabrics. It is flared below the hips by a series of graduated ruffles with scalloped border edged with horsehair braid. The frills at the neckline and around the wrists are of horsehair braid.
"A black bridge gown from Molyneux comes in georgette with short reversible jacket with ermine worn inside or out according to the weather man. A black tulle flaring beret, with black satin bow, accompanies it.
"A black taffeta has jagged points cut in line with a short V-neck which is collared to match the wrists of wide white pleated smocks.

Attending the Short Course

BOERNIE KIDWELL, Elbow

NEVA HALE, Center Point

MRS. E. LAWLEY, Highway

MRS. O. B. GASKIN, Knott

These two young women (above) are attending the Short Course at College Station with Mrs. E. Lawley, Mrs. O. B. Gaskin, Mrs. John Smith and Mrs. W. C. Rogers. They represent several of the most progressive communities in the county.

80 Per Cent Marry Again
In percentage the figures mean that out of every hundred persons, five died, fifteen remained divorced and eighty married again. As a matter of fact, more carefully computed, the data are even more favorable to the second marriage, for the 510,000 persons registered as "divorced" in 1920 consisted mostly of recent divorces, and most of them were fated to marry in the near future.
ing and drainage on Highway 29. Ellis county, 715 miles grading and drainage on Highway 14. Childress county, 134 miles concrete paving on Highway 5. San Jacinto county, 111 miles grading and drainage on Highway 2. McLennan county, 146 miles grading and drainage on Highway 2. Galveston county, 17 miles grading and drainage on Highway 38. Knox county, 12 miles grading and drainage on Highway 24. Ector county, 7.6 miles grading and drainage and triple bituminous surface treatment on caliche base course on Highway 49. Harris county, 1.3 miles grading and concrete paving on Highway 3. Archer county, multiple box culvert on Highway 78; Knox county, multiple box culvert on Highway 74; Burnet county, 10 miles double bituminous surface treatment on Highway 75; Lavaca county 142 miles of 3 gallons seal coat on Highway 72; Fayette county, 48 miles double bituminous surface treatment on Highway 3. Delegations have been registered from the following counties: Sabine, Cameron, Runnels, Fannin, Brown, Kerr, Culberson, Llano, Fayette, Wood, Navarro, Hood, Galveston, Shelby, San Augustine, Carson, Brazos and Panola.
The Cameron county delegation will ask for relocation and construction of two gaps of 89 miles of the Military Road, Highway 12-b from Brownsville to the Hidalgo county line. Culberson county will ask the commission to advertise for bids for the construction of 13 miles of hard surface pavement from Van Horn, east, on Highway One.
The commission will be urged by the Fayette county delegation to ask for bids on the construction of 917 miles of hard surface paving on Highway 72 while Hood county will ask for the construction of a bridge across the Brazos river at Granbury on Highway 10. Improvement of Highway 125, from Galveston to Beaumont, will be asked by the Galveston county delegation.
Start of construction of 23 miles of concrete paving from the Navasota river to the Brazos river on Highway 21 will be sought by the Brazos county delegation while the Panola county group will ask for surfacing of Highway 94 from the Sabine river to Delray, a distance of 15.5 miles. The estimated cost of the project is \$400,000.

HIGHWAY CONTRACTS TO BE LET

AUSTIN, July 25. (AP)—Bids will be taken by the state highway department July 30 and 31 and August 1 on 29 construction and five maintenance projects, according to a list released by Gibb Gilchrist, state highway engineer. The meeting will combine the regular July and August sessions of the commission.
The 24 projects have been estimated to cost \$2,887,000. The bidding, however, was expected to cut this figure to well below the \$2,500,000 mark.
The projects call for the construction of three concrete bridges, one steel truss span, 31.2 miles of concrete paving, 26.4 miles of surface treatment and 244.5 miles of grading and drainage structures.
In addition to receiving bids and awarding contracts on the 24 projects, the commission will hear 19 county delegations on various road matters.
Following is the list of projects on which bids will be taken:
Dallas county, three concrete bridges over White Rock creek on highway 15-a; 5.9 miles of grading on Highway 114.
Tarrant county, nine miles grading and drainage on Highway 107; 7.7 miles concrete paving on concrete base course with bituminous filled brick and paving on Highway 2.
Dallas and Tarrant counties: four miles grading and drainage on Highway 121.
Leon county, 24.6 miles grading and drainage on Highway 43.
Wilbarger county, 20.9 miles grading and drainage on Highway 23.
Haskell county, 14.3 miles grading and drainage on Highway 30; 13.8 miles grading and drainage on Highway 18.
Lubbock county, 28.4 miles grading and drainage on Highway 9.
Caldwell county, six miles grading and drainage on Highway 3-a; steel truss span and concrete girder spans over Plum Creek on Highway 3-a.
Aransas county, 11.4 miles grading and drainage on Highway 97.
Hopkins county, 115 miles grading and drainage on Highway 37-a.
Navarro county, 819 miles concrete paving on Highway 14; 9.5 miles grading and drainage on Highway 159.
Victoria county, 14.7 miles grad-

BOOKS And Bookmakers

FICTION
THE PATRIOT'S PROGRESS, by Henry Williamson, (Dutton). A superior writer turns to the war and achieves one of the best war novels.
MITSOU, by Colette (A. C. Boni). In which a great French novelist writes beautifully and truthfully about a war romance.
SO I SAID TO MR. MORGAN, by Michael Shepard (Greenberg). The comedy of an amateur financier, with pictures by Shermond.
THE AUTOCRACY OF MR. PARHAM, by H. G. Wells (Doubleday, Down). Fantastic melodrama plus political discussions by a man who does this sort of thing very well.
HER PRIVATES WE, by Private 1902 (Putnam). More than another war book; the record of a British private, told with solid literary style.
THE MAN OF GOD, by Count Edouard Van Keyserling (Macaulay). Ibsenque story of a clergyman.
BUTTON HILL, by Gordon Stowell (R. S. Smith). The drama of suburbia, wisely and amusingly presented.
CHANCES, by A. Hamilton Gibbs (Little, Brown). A good novel betrayed by a too-conventional plot.
WOODEN SWORDS, by Jacques Deval (Viking). Pert French farcical adventures of the war.
CASANOVA JONES, by Joseph Anthony (Century). Rhymed adventures of a prohibition agent. Sketches by Willy Fogel.
MY BEST STORY (Bobbs-Merrill). A collection of the better class of magazine fiction.
SWEET MAN, by Gilmore Millen (Viking). Love-life among the negroes, with good writing spoiled by sensationalism.
THE EXTRAORDINARY ADVENTURES OF JULIO JURENTO AND HIS DISCIPLES, by Ilya Ehrenburg (Covici-Friede). The exploits of a modern Zarathustra, told with eccentric cleverness.
VERY GOOD, JEEVES, by P. G. Wodehouse (Doubleday, Doran). Glorifying the English valet.
LAMENTATIONS FOR THE LIVING, by Dorothy Parker (Viking). Thirteen sketches by one who needs no introduction. An indispensable book.
ENFANTS TERRIBLES, by Jean Cocteau (Brewer & Warren). In which two children enact a Greek drama. A book to haunt you.
A FLOCK OF BIRDS, by Kathleen Coyle (Dutton). Agonizing study in human emotion by a novelist who deserves your acquaintance.
THE HOUND OF FLORENCE, by Felix Salten (Simon & Schuster). The story of an artist who literally led a dog's life. Delightful reading.
GENERALS DIE IN BED, by Charles Yale Harrison (Morrow). Proving that Canadian soldiers also used bad language.
BRIEF CANDLES, by Aldous Huxley (Doubleday, Doran). A book of short stories that presents Huxley at his best.
VISA TO FRANCE, by Berry Fleming (Doubleday, Doran). Comedy in a French seaside resort—and a most readable novel.
MYSTERIES
THE AVENGING RAY, by Austin J. Small
The Piccadilly Ghost, by Eric Spence (Macmillan).
The Blue Rajah Murder, by Harold MacGrath (Crime Club).
The Thirty-Five Bullfinch, by Helen Reilly (Crime Club).
The Owner Lies Dead, by Tylina Perry (Covici-Friede).
The Green Ribbon, by Edgar Wallace (Crime Club).
One of Us Is a Murderer, by Alan Le May (Crime Club).
The Square Mark, by Grace M. White and H. L. Deakin (Dutton).
Memoirs of a Murder Man, by Arthur A. Carey and Howard McLellan (Crime Club).
Behind The Monocle, by J. S. Fletcher (Doubleday, Doran).

Week's Building Totals \$55,625

Building permits for the week ending Saturday totaled \$55,625, according to figures obtained at the office of the city secretary.
The largest issued during the week was to the Worth Building and Investment Co., covering construction of a new school building, at an approximate cost of \$48,000.
The following permits were issued:
George W. Flachs, 2234 frame residence, Lot 11, Block 9, Earl Addition, cost \$1,500.
Gilbert Edens, erecting frame and stucco residence, 24250, and garage, 1624, corner 13th and Main Streets, cost \$4,000.
Worth Building and Investment Company, 121x163 brick and hollow tile school building, West 8th and Douglas, \$48,000.
Parks Motor Co., Third and Nolan Streets, wire fence, cost \$75.
J. J. Barlow, 801 East 15th Street, repair roof, cost \$40.
W. E. Connor, moving tool house, cost \$10.
W. R. Purser, 62x30 frame building, 1510 Scurry Street, \$2,000.

Says: Grandest Stomach Medicine In the World

Relief Comes At Once But Better Still Indigestion Goes For Good

Get a bottle of Dare's Mentha Pepsin from Collins Bros. today with the distinct understanding that your money will be promptly returned if it does not stop the most acute stomach distress quicker than any remedy you ever used.

Your stomach may be so distended with gas that you think every minute your heart is going to stop beating, yet with one desert spoonful of Dare's Mentha Pepsin that dreadful feeling of suffocation will vanish in a few minutes.

It's a wonderful formula—this combination of Pepsin with other good stomach invigorators—so never mind what causes your indigestion or gastritis, or how long you have had it, or many many other remedies you have tried, this is the one medicine that will make your old disabled stomach so strong and healthy that you can digest anything you eat without the slightest distress.

Even catarrh of the stomach can be banished in a reasonable length of time.

And you know that when your stomach is in fine shape, nervousness, headaches and dizziness won't bother you. Every regular druggist guarantees one bottle of Dare's Mentha Pepsin. Collins Bros. sells lots of it.—adv.

Politics & Hard Times

PEOPLE vote differently during times of business prosperity than when hard times come "knockin'" at the door.

Psychology has a lot more to do with elections than platforms, personalities or issues, except that sometimes are handled by a smart candidate in consonance with the psychological "slant" a majority of the voters have at the particular time.

In the forthcoming run-off primary campaign between Mrs. Ferguson and Mr. Sterling we shall see one candidate through her husband appealing to the "hard times" complex of the people, while the other will come before them with a "no sense platform" that if put into effect through legislation, would actually help them to overthrow Old Man Hard Times.

Mr. Sterling's plan for financing highway construction, which includes as a component part, relief from ad valorem bond taxes for property owners throughout the state, is as sound as a dollar. Every voter should fully acquaint himself with it before casting a ballot in the August 23 primary. None of us should pass judgment on either candidate without fully investigating the platforms upon which he is running in this particular race.

HOW'S YOUR HEALTH?

HOME PASTEURIZATION

The experience of the last fifteen years has demonstrated that the only safe milk for both children and adults is pasteurized milk.

There is a so-called certified milk produced from certified cattle and under careful sanitary supervision, but this milk is so relatively expensive and at times so hard to get that it hardly enters the picture.

At times, however, it is difficult to procure pasteurized milk. This is particularly liable to be the case when the family is away in the country, or during hiking or camping-tours. In such instances, instead of risking the use of raw milk, all milk should be boiled or pasteurized. Of the two, boiling is simpler, but pasteurization more desirable.

Milk should not really be boiled but should only be brought to the boiling point. Boiling milk changes it appreciably. Its chemical constitution is altered. It acquires a caramel taste, due to the burning of a certain portion of the milk-sugar. Its vitamin content is lowered. Boiled milk has a cooked taste. Some of these disadvantages can be decreased by boiling milk in a closed vessel.

Commercially pasteurized milk is milk which has been heated to a temperature of approximately 145 degrees Fahrenheit and kept at that level for approximately 30 minutes.

Home pasteurization may be carried out in the following manner:

Clean bottles are filled with milk, either raw or formula as the case may be, and are stoppered with corks or stoppers. A pot large enough to hold the bottles is then filled with boiling water to a level reaching to, but not above, the tops of the bottles.

The bottles, previously warmed to avoid cracking are then quickly immersed in the water and the pot covered. The milk is allowed to remain in the water for 25 minutes. The bottled milk is then extracted, cooled, and placed on ice. Such pasteurization will keep the milk safe for twenty-four hours.

Hollywood Sights & Sounds

By ROBBIN COONS

HOLLYWOOD—Seen and heard: Maurice Chevalier, who could hire a dozen secretaries, has bought a portable typewriter—with French accent of course—and is learning the "touch system" in his spare time.

At that, many doubt-and-out actors who never saw a typewriter have been proficient at the system, in another form, for years.

Two stars' sisters are working in the same talkie—Renée Torres, sister of Raquel, and Josephine Velez, sister of Lupe—and every bit the madcap too.

Charles Judels, enacting the role of a Mexican general, has had to change his characterization entirely, necessitating numerous retakes. Protests over the movies' burlesquing of Mexican officers has resulted in dignity replacing slapstickery in the portrayal.

DAGGER by Mary Dahlberg

SYNOPSIS: Dagger Marley, 16-year-old niece of a Texas rancher, rescues Blaine Howard, American free lance vagabond, from some Mexican insurgents. It develops that Howard was once a famous polo player, as was Dick Welling, English foreman on the ranch of Dagger's uncle, Jim Marley, until he lost an arm. Howard's and Welling's paths have crossed before, but they seem unwilling to discuss the past. Howard lingers at the ranch and beats Dagger at polo, riding and gambling. His character wins him the respect of everyone, and Dagger falls in love with him, though he fails to suspect it until one evening when they are out riding after dark.

Chapter 5

DAGGER FINDS LOVE CRUEL

Afterward Howard asked himself many times how it had occurred. As he reached to steady her when her horse shied, she nestled instinctively into the crook of his elbow.

Then he was conscious of her face turned up to him, her eyes glowing, her lips parted exultantly. The soft pressure of her mouth brought him to his senses. He almost pushed her from him.

"Here, no philandering," he heard himself say dryly. "We ought to get home."

He drove in the spurs and Dagger imitated him. He didn't look at her. She never spoke. When, at last, he reined in his sweating mount, and stole a glance in her direction, her features were set in the mask she affected in games of chance.

"Sorry, Dagger," he exclaimed impulsively. "Shouldn't have done that. All my fault."

"It wasn't," she answered as curtly. "Why shouldn't you have?"

"Well, it's not the kind of thing—" "I wanted you to."

"You're only a child, dear—" "I made you do it."

"Nonsense! It was the stars, and you know you like me a little—" "I like you a lot—a hell of a lot," she panted.

"You think you do," he said gently. "But you see, I'm ever so much older, and I have a wife, and—" "I hate her, the pale thing!" Her vehemence startled him. "So do you, Blaine. You know you do."

"No, I don't hate her," he denied. "I wonder sometimes if I didn't expect too much of her."

"You didn't. You wouldn't! Dagger choked down a sob. "You—you're too decent."

"Me decent?" He laughed savagely. "And just stole a kiss from a girl of your age!"

She threw her arm back, and slapped him full across the face. "You—you couldn't steal a kiss from me. You or any man! I kissed you because I wanted to—and I made you kiss me because I wanted you to. And I slapped you because I wanted to. And I'm going to ha-ha-hate you because I want to."

Dagger lay asleep, her brain a seething furnace, her soul racked by tempests of rage—rage at Howard, rage at herself, rage at fate.

Was this what love brought in its train? Better hate! But slowly, as the hours passed, reason reasserted itself. It wasn't Howard's fault he was married. Nor that she loved him.

She wakened to a flood of sunshine across the floor and her uncle's drawing voice outside the window.

"Hey, few Juan, snake out that

down beside him on a step. "How," she spoke to me last night. He was pretty well upset."

"Well, it was my fault, Dick. And I love him like—like hell."

Soba overwhelmed her.

"Buck up, dear," he said. "You mustn't take it so hard. We all of us have this experience."

"Why—why, Dick!" she exclaimed.

"I could have jumped into the Thames any night for a month once," he went on. "I've sat with a gun on my knee, and figured where to put the bullet. But that's funking the fight, wenching on a bet. D'you see?"

"I guess you're right," she answered meekly. "What should I do?"

"Go on as if nothing had happened. Instead of letting disappointment upset you, make it strengthen your character, stiffen your will."

"But what did you do, Dick? Tell me, please. I—I want to learn so!"

"Not easy," he said after a while, and his voice was low, carefully controlled. "I grew up with a girl. Her people had the place next to ours. Nobody ever said anything, but we—took it for granted. She had some money; I had practically none. Then I was dumped at that fence. When I was able to be about the mother sent for me. They'd had reverses. And of course, I'd be obliged to resign my commission. She said we'd better forget marriage, it was lucky they hadn't been an announcement. She rather put it to me as a man of honor, d'you see, not to push ahead, and spoil her daughter's life. Afterward, I learned I was ditched to clear the way for the girl to marry money."

"And what did you do, then?" she prompted.

"Come away. Thought the best thing to do was to start fresh."

"It was," she jumped to her feet. "I'll start fresh, too. And sometime I'll make Blaine come to me. If it takes years, I will."

(Copyright, 1930, Duffield and Company)

however, that overthrow was out of the question at present, and upon this based his contention that post-office authorities should not interfere with the dissemination of communist views by mail.

United States Attorney Tuttle said the matter of freedom of speech and of the press was not an issue, the admitted aims of the communists being what they were. The court reserved decision.

Big Sandy and Friendship, Tennessee towns, have the same population in 1930 that they had in 1920—603 and 487 respectively.

SOUTHAMPTON, England—When a young lady waits Charles Kingsford-Smith knows how to get home quickly. He announced on arrival from the United States that he would make a solo flight to Australia because that would be speedier and cheaper than by boat. He is to marry Mary Powell at Melbourne soon after he arrives.

OPINIONS OF OTHERS

Texas Back to Normal

Kansas City Star

ONCE more it has been demonstrated that the Republican victory in the South, in 1928, was simply a Democratic revolt against the national candidate, and that it did not forecast the political breaking up of the old South. The poor showing made by the Hoover leadership, Tom Lova, in the Texas governorship contest, indicates the return to party allegiance, just as did the defeat of Simmons of North Carolina in the senatorial primary.

But as a result of the primary the intelligent leadership of the Democratic party in Texas has its job cut out. That job is to rally the forces of common sense against those of demagoguery for the defeat of "Ma" Ferguson in the run-off primary.

Ex-President Of Railway Clerks Bank Arraigned

CLEVELAND, July 31.—(AP)—J. E. Casey, former president of the Citizens' National Bank of Gallon, Ohio, pleaded not guilty when arraigned in federal court here today on charges of misappropriating bank funds and falsifying the bank's records. Federal bank examiners have reported a shortage in the bank's accounts of \$160,000, allegedly caused by Casey's manipulations.

Atlanta Man Killed In Freak Accident

ATLANTA (INS)—J. P. Groover, a sixty-seven year old shoe repairman, was killed here recently in a freak accident.

He was sitting in front of his shop when an automobile crashed into his motor truck parked at the sidewalk. The force of the collision was so great that the truck was hurled across the sidewalk. It turned over and pinned Groover beneath it.

To Canvas Returns

DALLAS, Tex., July 31.—(AP)—The state democratic executive committee will meet here August 11 to canvass the returns of the July 28 primary and arrange the ballot for the August 23 run-off, Albert Sidney Johnson, secretary, announced today.

MURPHY BEATS THOMASON HERE

COLLECTOR, CONSTABLE IN RUN-OFF

San Angeloan Barely Carries Howard; Debenport 'In'

E. E. (Pat) Murphy of San Angelo carried Howard county in his race for the 16th District Congressional seat, over his opponents R. E. Thomason of El Paso and Marvin L. Burkhead of El Paso. Murphy received 1,241, Thomason 1,142 and Burkhead 258.

Two county races will be carried over until the August 23 runoff. J. O. Tamsitt with 938 and Loy Acuff with 785, will go into the August primary battling for the office of Tax Assessor. They were the two high men in a field of five.

Nichols Leads

In the race for Constable, W. M. Nichols and John T. Williams, incumbent, will be in the run-off. Nichols was high with 996, Williams second with 650 and Ogden last with 571.

Judge H. R. Debenport received 1,632 votes to beat his two opponents H. C. Hooser, 909, and J. D. Cunningham, 315, in the first primary. He was seeking re-election.

James Little with 1,797 defeated John G. Whitaker, 1074, for County Attorney, Little being the incumbent.

In the race for county treasurer E. G. Towler polled 1,527 to defeat W. A. Prescott, who received 1,077. County commissioners elected were Frank Hodnett, who defeated O. C. Brays, seeking re-election, 220 to 185, precinct one; Pete Johnson, who defeated Charlie Robinson, 533 to 283 for precinct two; George G. White, who defeated his best against J. O. Rosser, 745 to 305; and W. B. Sneed, re-elected commissioner of precinct four, with 504 votes.

Once again Howard county flocked to the Ferguson, Mrs. Miriam A. Ferguson receiving 977, Clint Small 783, Thomas B. Love 276, H. S. Sterling 261, Earle B. Mayfield 224, Barry Miller 123, with the rest of the votes scattered.

James V. Allred received 1,198, Robert Lee Bobbitt 653, Ernest Decker 163, and Cecil Storey 506 in the tilt for attorney general.

Total votes for all candidates, on the face of complete returns from all Howard county boxes were:

Baptist W.M.S. Has Interesting Meeting

The Women's Missionary Society of the First Baptist church met yesterday in an interesting session. A talk by Mrs. Scott Cannon, wife of the Baptist missionary to the Mexican speaking peoples, in which she related her experiences as a missionary both in the United States and in Porto Rico, was the main feature of the program. Mrs. Cannon told of her seventeen years as a missionary in a most interesting and instructive way.

The first number on the program, arranged by Mrs. Lester King and given by the West circle, was a song by the audience.

The devotional was led by Roy Clayton. Mrs. C. S. Holmes led the group in prayer.

Mrs. Harry Stalup gave a vocal solo and Mrs. E. F. Hooser gave a piano solo. Mrs. B. Reagan gave the final prayer.

Refreshments were served to about forty members by the East Circle. They consisted of home made pineapple sherbet and cake.

Two Clubs Will Meet Tomorrow

Only two bridge clubs will meet tomorrow out of six that regularly meet on this Wednesday. They are the Bluebonnet and the Ideal.

The Bluebonnet club will meet with Mrs. J. O. Parker, 703 Nolan street.

The Ideal Club will meet with Mrs. C. D. Baxley at her home on Washington Blvd.

The Triangle Club will be postponed until September.

The Entire Nours Club is disbanded for the summer.

There has been no report from the O. F. Club.

The Three-Four club has postponed its meeting until next Wednesday when it will be entertained by Mrs. J. E. Kuykendall.

Three Tests For Cooking Jelly

First method—If a thermometer is used a temperature of 103 degrees Centigrade, or 216 degrees Fahrenheit, indicates that the jelly is done.

Second method—If the jelly falls from the side of the spoon in wide sheets instead of dropping, it is considered done. This is called the sheeting test and is the test commonly used by the housekeeper.

Third method—Take a small portion of juice from the kettle and place on a cold saucer. If the juice, when cool, does not run when the saucer is tipped and seems to form a jelly lump when pushed with a spoon, it is done.

Birdie Baileys To Serve Fried Chicken Dinner Tomorrow

The Birdie Bailey Missionary Society of the Methodist church will serve a fried chicken dinner Saturday, Election Day, in the Roman building on West Third street, right next to the Bonner Grocery store. They will serve it cafeteria style and will have every kind of fresh vegetable, fried chicken and the "fixins" and homemade cake and cream.

4th St. Baptist W.M.S. Has Mission Program

"Leading the Way to Righteousness" was the theme of the missionary program given at the meeting of the 4th Street Baptist W. M. S. yesterday afternoon.

The social hour was in charge of the north circle.

The program was as follows: Hymn—"Come We That Love The Lord."

Bible Study—"Among All People, Mrs. S. H. Morrison, leader.

Hymn—"Come Thou Fount."

Talk—"The Spirit and The Bride Say Come," Mrs. R. A. Humble.

Talk—"Wells of Water Springing Up," Mrs. Frank McCullough.

Hymn—"Come Thou Almighty King."

Talk—"And They That Are Wise," Mrs. A. T. Angel.

Story—"Heal the Sick," Mrs. E. M. Inman.

Hymn—"The Great Physician."

Talk—"Evangelists All," Rev. S. B. Hughes.

Prayer—Mrs. Hart Phillips.

The members present were: Mesdames A. L. Martin, C. J. Connell, Little Smith, S. B. Hughes, Hart Phillips, O. F. Presley, S. M. Peterson, A. T. Angel, E. M. Inman, A. B. Smith, A. H. Bugg, Siem Anderson, V. Phillips, Frank McCullough, J. B. Robertson, R. A. Humble, R. W. Gannell, S. H. Morrison, W. D. Thompson, L. H. Lewis, W. D. Rowland and J. O. Miller.

TWO TAKEN TO PRISON

The historic "one-way wagon, driven by Bud Russell, transfer agent of the Texas penitentiary, stopped in Big Spring Sunday afternoon, long enough to pick up two "passengers" here and continue on his way to Huntsville.

Russell took charge of Bill Frye, escaped convict, arrested by Deputy Andrew Merrick and D. D. Dunn, and P. O. Rice, given two years for operating a gambling table at Forsan.

No other Howard County prisoners were taken, despite the fact several are ready to go to the penitentiary to start serving their terms.

Included in the men Russell was transferring from various county jails to the penitentiary, was Bud Aiken, given 50 years in Dawson County for murder.

Others who were on the way to the "big house" follow: Gaines County—B. F. Cox, one year, liquor charge; J. C. Wooley, one year, liquor charge. Dawson County—Charlie Bell, two years, forgery; J. H. Lee, two years, liquor charge. Crane County—J. D. Bennett, Winkler County—S. B. Scarborough, 55 years; G. C. Dally, T. Thompson, 20 years. Midland County—Pete Walcott, escaped convict.

Two Negroes Arrested Near Here As Suspects In Lamesa Shooting

Two negroes, wanted at Lamesa for the wounding Sunday night of R. J. Barrett, Lamesa night police officer, as he attempted to stop a fight between the negroes, were arrested on a farm 4 miles northwest of here at 7:30 o'clock this morning by Sheriff Jess Slaughter, Deputy Andrew Merrick and Deputy Buck Bennett, Dawson County.

Barrett was shot in the arm as a half dozen shots were fired during the fight. The fight between the two negroes occurred among a group of them on a downtown street of Lamesa.

The negroes were arrested northwest of Big Spring on the H. O. Lees farm. They had walked from Lamesa. When arrested they were a mile west of the Big Spring-Lamesa highway.

They gave their names as Elbert and Leonard Forrest, brothers.

MURPHY CONCEDES DEFEAT BUT CUTS LEAD OF THOMASON TO 4,002 VOTES ON LATE TOTAL

Reports from all of the 38 counties in the 16th congressional district except Real, including 211 complete, at noon Tuesday showed Murphy leading Pat Murphy of San Angelo 4,002 votes.

Mr. Murphy had conceded Mr. Thomason's nomination.

Totals were:

Thomason 21,840
Murphy 17,102
Burkhead 1,994

Complete reports were included from El Paso, Tom Green, Howard, Mitchell, Martin, Midland, Glasscock, Andrews, Ector and 12 other counties.

MISS PICKLE HONORS GUEST WITH PARTY

Miss Hattie Mae Pickle entertained for her cousin, Ruth Ridgeway of East St. Louis with a dance Wednesday night at her home on Seury street.

Refreshments of ice cream, cake and punch were served to the following: Beatrice Hill, Gene Bell, Tommy Gooch, Georgia Bell, Fleeman, Nellie McRea, Leola Moffett, Margerite Alderson, Jeanette Pickle, Ruth Ridgeway and the hostess.

Monty Jones, Hudson Henley, Bill Henley, Steve Ford Jr., Joe Pickle, Jarrell Pickle, Charles Peck, Walter Deats, Frederick Koberg and Bill Newton.

The house was decorated with pot plants, cut flowers and Japanese lanterns.

IDEAL CLUB HAS EVENING PARTY

Mrs. W. W. Inkman and Mrs. Bob Piner were hostesses to the members of the Ideal Bridge Club and their husbands at Mrs. Piner's home Friday evening.

A picnic supper consisting of fried chicken, salad, ice cream and cake and other picnic foods was served on the lawn to the guests.

After the supper the group played bridge.

L. W. Croft won high score for the men and Mrs. Seth Parsons won high for the women.

The following couples were present: Mr. and Mrs. V. H. Flewelling, W. W. Inkman, J. B. Clare, Fred Stephens, L. W. Croft, Seth Parsons, G. D. Wilke, R. T. Piner, Steve Ford.

Mrs. Philips Has Guests

Mrs. Guy Brown and two daughters are the guests of Mrs. Shino Philips.

MAKE TRIP TO DALLAS

Mrs. A. M. Evans, Mrs. R. L. Baker and E. O. Price left today for Dallas, where they will spend the week-end.

Louisiana produced 808,825 bales of cotton in 1929.

PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article VII of the Constitution of the State of Texas be amended by adding thereto Section 16, which shall read as follows:

"Section 16. All land mentioned in Sections 11, 12 and 15 of Article VII of the Constitution of the State of Texas, now belonging to the University of Texas shall be subject to taxation for county purposes to the same extent as lands privately owned; provided they shall be rendered for taxation upon values fixed by the State Tax Board; and providing that the State shall remit annually to each of the counties in which said lands are located an amount equal to the tax imposed upon said land for county purposes."

Section 2. The foregoing Constitutional amendment shall be submitted to the qualified electors of the State at the next general election to be held throughout the State on the first Tuesday after the first Monday in November, 1930.

(A correct copy.)

JANE Y. McCALLUM, Secretary of State.

PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 11 of Article VII of the Constitution of the State of Texas be amended so as to read as follows:

Section 11. In order to enable the Legislature to perform the duties set forth in the foregoing section it is hereby declared all lands and other property heretofore set apart

and appropriated for the establishment and maintenance of the University of Texas, together with all the proceeds of sales of the same, heretofore made or hereafter to be made, and all grants, donations and appropriations that may hereafter be made by the State of Texas, or from any other source, shall constitute and become a permanent university fund. And the same as realized and received into the Treasury of the State (together with such sums belonging to the fund, as may now be in the Treasury), shall be invested in bonds of the United States, the State of Texas, or in bonds of said State, or in school bonds of municipalities, or in bonds of any city of this State, or in obligations and pledges issued by the Board of Regents of the University of Texas, or secured by such obligations and pledges, for construction of dormitories and other buildings for the use of the University of Texas, or in bonds issued under and by virtue of the Federal Farm Loan Act approved by the President of the United States, July 17, 1916, and amendments thereto; and the interest accruing thereon shall be subject to appropriation by the Legislature to accomplish the purpose declared in the foregoing section; provided, that the one-tenth of the alternate sections of the lands granted to railroads, reserved by the State, which were set apart and appropriated to the establishment of the University of Texas, by an Act of the Legislature of February 11, 1858, entitled, "An Act to establish the University of Texas," shall not be included in, or constitute a part of, the permanent university fund."

Section 2. Said proposed amendment shall be voted on by the electors of this State qualified to vote on constitutional amendments at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1930.

(A correct copy.)

JANE Y. McCALLUM, Secretary of State.

PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article VII of the Constitution of the State of Texas be amended by adding thereto Section 16, which shall read as follows:

"Section 16. All land mentioned in Sections 11, 12 and 15 of Article VII of the Constitution of the State of Texas, now belonging to the University of Texas shall be subject to taxation for county purposes to the same extent as lands privately owned; provided they shall be rendered for taxation upon values fixed by the State Tax Board; and providing that the State shall remit annually to each of the counties in which said lands are located an amount equal to the tax imposed upon said land for county purposes."

Section 2. The foregoing Constitutional amendment shall be submitted to the qualified electors of the State at the next general election to be held throughout the State on the first Tuesday after the first Monday in November, A. D. 1930.

(A correct copy.)

JANE Y. McCALLUM, Secretary of State.

PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article VII of the Constitution of the State of Texas be amended by adding thereto Section 16, which shall read as follows:

"Section 16. All land mentioned in Sections 11, 12 and 15 of Article VII of the Constitution of the State of Texas, now belonging to the University of Texas shall be subject to taxation for county purposes to the same extent as lands privately owned; provided they shall be rendered for taxation upon values fixed by the State Tax Board; and providing that the State shall remit annually to each of the counties in which said lands are located an amount equal to the tax imposed upon said land for county purposes."

Section 2. The foregoing Constitutional amendment shall be submitted to the qualified electors of the State at the next general election to be held throughout the State on the first Tuesday after the first Monday in November, 1930.

(A correct copy.)

JANE Y. McCALLUM, Secretary of State.

PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930

Be it resolved by the Legislature of the State of Texas, that Art. V of the Constitution of Texas shall be amended by adding a new section to be known as Section 3a, to read as follows:

"Section 3a. The Supreme Court may sit at any time during the year at the seat of government for the transaction of business and each term thereof shall begin and end with each calendar year."

Section 2. That Section 3 of Art. V of the Constitution of Texas shall have the force of said section which reads: "The Supreme Court shall sit for the transaction of business from the first Monday of October in each year until the last Saturday in June of the next year, inclusive, at the Capitol of the State."

Section 3. If the Constitution shall not have been previously amended so as to provide that the Supreme Court shall be open at all times, then, in that event the foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State, at an election to be held on the first Tuesday after the first Monday in November, A. D. 1930.

(A correct copy.)

JANE Y. McCALLUM, Secretary of State.

PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 5 of Article 3 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

The Legislature shall meet every two years at such time as may be provided by law and at other times when convened by the Governor. When convened in

SOASH

SOASH, July 31—The Church of Christ of Ackerly will have baptismal services at the R. N. Adams tank Sunday afternoon.

E. L. Pierce and wife were in Big Spring Monday.

Mr. and Mrs. Shrist Hubner were shopping in Big Spring Friday.

Mary Flowers of Ackerly visited Delma Armstrong Sunday.

W. A. Hannah and Dew Lauderdale were business callers in Big Spring Saturday.

Mrs. Virgil Low visited her mother, Mrs. C. T. Palmer Monday.

R. N. Adams entertained relatives from Fairview Sunday.

Virgil Williams and wife of Ackerly attended Sunday school here Sunday.

Mr. and Mrs. Dale Stokes are announcing the birth of twins, a boy and a girl, at their home July 24.

Carpenters are at work on an addition to the school building.

J. E. Hodges and family are entertaining relatives from near Waco this week.

The Home Demonstration club met with Mrs. G. T. Palmer Monday. A large crowd attended. The next meeting will be with Mrs. E. L. Pierce.

G. T. Palmer and son John were in Big Spring Monday.

There will be singing at the school building in the afternoon of the second Sunday in August. Several Big Spring singers will be here and the public is cordially invited to attend.

Mrs. Frank Varron has returned home after a few weeks visit with her parents at Roby.

Mrs. Harry Graham visited at the home of Mrs. Dale Stokes Wednesday.

Mr. and Mrs. I. W. Rogers and family returned home Monday after a week's visit at Winters.

Paul and Ray Adams and J. B. Corda and Odessa Hodges are attending a singing at Ackerly this week.

Henry Tubb has returned home from Big Spring hospital. He is much improved.

Those who visited Mr. and Mrs. Bud Walker Sunday were Mr. and Mrs. Henry Walker and family who have moved from Bell county, Mr. and Mrs. Alex Walker, Mr. and Mrs. Jessie Robison of Coahoma.

THOMPSON LOSER IN MITCHELL

County Clerk Beat Two-Run-Off Races

Special to the Herald COLORADO, July 29—Defeat of C. C. Thompson, county judge for six years, J. Lee Jones, county clerk for two terms and run-off races between present county tax collector and assessor resulted from Saturday's Democratic primary in Mitchell county.

Thompson was defeated for county judge by A. F. King of Westbrook, the vote having been 1533 to 1251.

Benton Templeton defeated County Clerk J. Lee Jones 1486 to 1299. The vote for state representative (Mitchell, Nolan, Fisher district) in this county was, Moon, Fisher county, 814; Will Scott, Nolan county, 1600.

With four in the race Roy Warren, who has been tax assessor four terms, led E. E. Latham, the runner-up 495 votes. They will go into the second primary.

J. B. Holt, incumbent, led C. E. Franklin by 415 votes for tax collector. They will run it off. There were six candidates.

Miss Ruby McGill was re-elected county superintendent over Roy Davis Coles of Loraine by a majority of 40 votes.

Mrs. Mayme Taylor, county treasurer, topped the ticket in this county. She was not opposed.

Sheriff R. A. Gregory was overwhelmingly re-nominated over J. G. Grisson.

County Attorney W. H. Garrett was renominated by a small majority over Samuel C. Harris of Loraine.

The complete Mitchell county vote in state races was as follows: U. S. SENATOR—Robert L. Henry, 287; C. A. Mitchner, 200; Morris Sheppard, 1891.

GOVERNOR—Clint C. Small, 1322; R. S. Sterling, 126; Earle B. Mayfield, 105; Barry Miller, 22; Paul Loven, 0; C. C. Moody, 26; C. E. Walker, 2; Miriam A. Ferguson, 747; Frank Putnam, 2; James Young, 73; Thomas B. Love, 267.

LIEUT. GOVERNOR—Virgil E. Arnold, 37; H. L. Darwin, 643; Edgar Witt, 185; Sterling P. Strong, 498; James P. Rogers, 251; J. D. Parnell, 539; J. F. Hair, 52.

ATTORNEY GENERAL—James V. Alfred, 925; Robert Lee Bobbit, 566; Ernest Becker, 224; Cecil Storey, 687.

STATE COMPTROLLER—Arthur L. Mills, 166; George H. Sheppard, 2341.

STATE TREASURER—J. R. Ball, 254; Charlie Lockhart, 1495; Ed A. Christian, 410; Walter C. Clark, 117; John E. Davis, 548.

STATE SUPERINTENDENT—S. M. N. Marrs, 2755.

COMMISSIONER OF AGRICULTURE—A. H. King, 1024; H. L. Hub Maddux, 299; Edwin Walker, 313; R. M. West, 116; J. E. McDonald, 275.

COMMISSIONER OF LAND OFFICE—G. E. Johnson, 1117; J. H. Walker, 991; J. J. W. Burks, 204.

RAILROAD COMMISSIONER—Nat Patton, 133; W. Gregory Hatcher, 756; H. O. Johnson, 218; Pat M. Neff, 1208.

JUSTICE SUPREME COURT—Covey C. Thomas, 977; C. M. Cureton, 1289.

JUDGE CRIMINAL APPEALS—James A. Stephens, 1348; O. S. Lattimore, 974.

CONGRESS SIXTEENTH DISTRICT—E. E. (Pat) Murphy, 1422; R. E. Thomason, 973; Marvin L. Burkhead, 71.

Mr. and Mrs. John Walker of Colorado, Mr. and Mrs. Willis Walker, Mr. and Mrs. Noble Walker and Mr. and Mrs. Lewis McKee.

Mrs. D. S. Phillips of Coahoma and Olan Hull of Big Spring visited their parents, Mr. and Mrs. S. D. Buchanan Saturday.

Mr. and Mrs. Leslie Walker and Mr. and Mrs. Johnnie Walker spent Sunday with Mr. and Mrs. B. Tubb.

Mr. and Mrs. Leonard Hull attended B. Y. P. U. at Coahoma Sunday.

Humidity Alibi No Good This Season In 'Roasting' California Will Rogers Tells The Folks

By Will Rogers

Well all I know is just what I read in the papers, and what I know when I am there to know it. Now don't let them tell you it hasn't been hot here in California the past few weeks. Brother its been roasting and we haven't got the usual Alabi, 'tis the humidity! We haven't even got any of that. (Course its been cool in the nights. That is fairly cool) I am not going to be too big a liar just for the sake of the State. Its just been hot, thats all. Of course the papers out here can always kill off hundreds with the heat some place back east. But I think the Editors here were so overcome they couldnt even get up enough energy to kill any off with a headline back there.

You can publish all the statistics and junk you want but I guess the whole country has been hit pretty hard. But I lay it to the Stock Market crash last fall. Soon as the market gets a little better we will have some cold weather. You are liable to have snow just as soon as the Market gets better.

Say you know what we got out here besides the heat. Well its a fish they call it Grunion. (Not Grundy) Grunion. At certain time of the day and why it washes right up on the bank or beach rather. You can tell where I did all my early swimming. Its just a few inches long and pretty small even in a story. Well people go to the Beaches by the Fords full and after a big wave come in why they make a dive and tackle these things with their hands, and the funny part of it is, they know when its going to happen just like an eclipse. The papers all announce "Grunion will appear on such and such a Beach at 9:43 Tuesday night, July 12, 1930. If there is any change in the Grunion's arrival time like there is in Amos and Andy's why it will be announced as soon as we hear from them." And by golly sure enough at 9:43 on said night, a wave come in and sure enough riding it in was old man Grundy (I mean Grunion). Well everybody was a Tackle or a halfback they made a diving tackle at em, and when their heads were pried out of the sand, it was found that each hand held two and three ounces of Grunion. So you see California again will get the reputation of being the biggest liars on earth by saying they can catch fish right out on the dry land, and the Rascals wont be lying, they will be telling the truth for the first time in years.

See by the papers that Mr. Hoover's western vacation trip has been cut to two weeks in the Rockies, all on account of Hiram Johnson wanting to argue over the Treaty. He knew it would pass. But that made no difference to him. So he just kept everybody in Washington during this terrible weather. Course Mr. Hoover is not so bad off, as he has fived him up a Camp out in Virginia some place, and I reckon its pretty cool there.

But the President should be compelled to leave Washington early in the summer, even if he is forced to miss Johnston. Mind you I believe he is sincere about this, but he knew it was going to pass, and all he had to do was to register his opposition, and not drag it out into this mess. He and senator Dave Reed had a pretty set to last week. Dave told him he could go and see the papers, and learn all that was in them, but that he would not be allowed to show them to anybody else. Well Hy went up in the air, he said he could not conceive of any Senator ever looking at anything that is not able to tell about it. So he certainly bawled Dave out.

To have to read something and then keep it to yourself didnt appeal to him in the least. Well we have no monopoly on kicking on the Treaty, England says we got the best of it, that shows they have a sense of humor, and in Japan they are holding their heads off, they say their Delegation didnt bring home enough ships. So if there is that much dissatisfaction, its like I have always preached, why hold these things? There is always more hatreds formed at any meeting than there is friendships, no matter what they agree to, they know they should have done better, along and never have any trouble. The Nations in this world that get

are the ones that never meet in conference at all. The minutes one confer you find out each others short comings. But anyhow, what difference does it make? The minute a war breaks out Treatys dont mean a thing anyhow. If England went to war tomorrow, do you thing this being bound to only a given number of ships would hold good? Say they would break that Treaty the minute they could get some boards and carpenters and start building. Everything is all right when things are going good, but when its bad, then nothing means anything. You naturally got to look to self preservation.

But who cares about all that? Say did you know they arrested a Girl here in Hollywood the other day? She was driving down our main thoroughfare with nothing on but a heavy tan, not a stitch. A Modern Lady Godiva. She didnt even have the advantage of long hair. You remember the old original over in Coventry, England, by the way I played there in Vaudeville, many years ago, taint far from Shakespeares old stomping ground) well, that Lady had a horse, and she had a mane longer than the other day and traded her "Cayuse" for a Chevrolet Roadster, and her hair was short. Course this is all from hearsay. I would miss it.

I think she come clear for its awful hard to tell when a woman is nude nowadays and when she is fully clothed. If the worst come to the worst she could always say it was an evening dress. But we do have great times out here, with women driving nude and fish at tackling people right up on dry land, and the heat 120 in the shade. We have lots of fun here. Come on out we will put you in the Movies (Copyright, 1930, McNaught-Syndicate, Inc.)

Stanton Hostesses Busy With Guests And Small Parties

STANTON, Texas, July 25—Stanton hostesses are busy with small summer parties and many guests. Vacationists leave daily for resorts in Texas and other states.

Last Monday afternoon, Miss Sadie Scott, of this city, and Minor Langford of Big Spring, were married at the home of the bride's parents, Mr. and Mrs. J. C. Scott.

Mrs. E. R. Ammons and mother, Mrs. Davi, were hostesses to the Storch and Chatter Club last Wednesday afternoon. A contest was carried on to see who could identify the largest number of materials. It was won by Mrs. E. P. Woodward, who received a painted salad set as a prize.

Members and guests then surprised Mrs. Ammons with a shower. Refreshments were served to the following: Mesdames E. Clyde Smith, B. F. Smith, Allen Koderly, Elvis Clements, H. Walker, Sam Ebersole, E. P. Woodward, Sam Wilkinson, Guy Elward, Taylor, Rushing, H. A. Houston, R. W. Hamilton, John Priddy, O. L. Walton, Horace Hamilton, and Zachery of Abilene.

Mrs. Ora Mohnkern has as her guests this week Mrs. Lena Shanks and Mrs. R. B. Wynne and daughter, of Houston, and Misses Lucille Ray and Irene Hendricks of Dallas.

Mr. and Mrs. Clyde E. Smith had as their guests this week Mr. and Mrs. Robert Dickey and family of Callico, California, and W. C. Cockern of Midland.

Joe Burnam and family of Cisco, are visiting in Stanton this week.

Misses Birdie and Ira Mae Robertson of Lorraine visited Miss Vera Adams last week.

Mrs. H. L. Forson of Ballinger is visiting Mr. and Mrs. Lee Richards.

A. D. Cooper and wife of Odessa and P. B. Grubbs of El Paso were guests of Mr. and Mrs. E. C. Smith Sunday.

Mrs. Jack Estes and Mrs. V. Y.

Elbow

ELBOW, July 28—The Elbow baseball team scored a victory over Lomax 19 to 14 Wednesday afternoon.

Work on the Elbow school building will be started this week. A windmill will be placed over the well for water supply. The new building will have many improvements over the old one and the pupils are very anxious for school to open again.

Elbow is very fortunate in having a representative at the Farmer's Short Course at College Station, this week in the person of Miss Bernie Kidwell, president of the 4-H Club. She won the trip to the all-around club work.

The Home Demonstration Club has purchased a pressure cooker and other several women already have used it successfully. Mrs. Allgood gave a canning demonstration at Mrs. Cotter's two weeks ago.

The Home Demonstration Club has purchased a pressure cooker and other several women already have used it successfully. Mrs. Allgood gave a canning demonstration at Mrs. Cotter's two weeks ago.

I. J. Low and family returned home Wednesday from a two week's visit in Rannels county. They were accompanied home by a niece, Mr. Harter.

Several Elbow people attended the Old Settlers Reunion last Friday an dreported an enjoyable time.

Miss Gladys Cauble and family have relatives visiting them from New Mexico.

Miss Gladys Cauble spent the first of last week with Mrs. Joe Barbee.

J. F. and Mrs. Maggie McKinnon went to San Marcos last week after their mother, Mrs. J. C. McKinnon.

Miss Willie Faye Cotter has been confined to her bed with a sprained ankle.

Visitors to Panther Draw last Sunday were Mr. and Mrs. W. D. Lipscomb, Renz Cotter and Dude Horton.

J. B. Hill of Lovington, N. M. spent last Tuesday night with Mr. and Mrs. Ross Hill.

Those enjoying a picnic at the City Park Sunday were Mr. and Mrs. W. B. Cotter and children, W. R. Bingham, Mr. and Mrs. W. D. Lipscomb and son, Mr. and Mrs. Jack Meinnon, Mr. and Mrs. Ross Hill.

KNOTT

KNOTT, July 30—Every person in the community was excited Saturday during the election. Frank Hodnett, seeking nomination for the office of county commissioner, was the only resident of this community on the ticket. He was nominated a large number of Knott people went to Big Spring Saturday night to get election returns, some of them remaining until Sunday morning.

Mr. and Mrs. Walter Burchell of Carlsbad, N. M. arrived Friday for a visit with relatives. Mrs. Burchell stayed here with Mr. and Mrs. Wiley Burchell while her husband went to Weatherford for a truck load of peaches. However, when he reached that place he found peaches so scarce and the prices so high that he brought back a load of watermelons.

Paul Burchell left Friday for Carlsbad, New Mexico, with her aunt, Mrs. A. A. Byrd of Los Angeles, who has been visiting relatives here. He will visit her grandparents.

Mr. and Mrs. Alvah Smith decided Knott was a mighty good place to be, so they returned Friday after traveling extensively in New Mexico crops here the best they had seen.

Mr. and Mrs. Son Oliver and Mr. and Mrs. Ernest Carlisle went to Highway Sunday afternoon.

Porter Motley of O'Donnell was visiting relatives and friends here Sunday.

Calvin Shipley of Lamesa attend church services at the Tabernacle Sunday.

Mr. and Mrs. A. B. Hodnett visited Mrs. Hodnett's mother, Mrs. J. P. Motley, who is ill, at O'Donnell through the week end.

Mr. and Mrs. J. J. Barlow of Big Spring visited relatives here Sunday.

Soden returned Sunday from Cisco, where they visited Mr. Estes' mother, who left this week to visit the grave of her son in France.

Mrs. E. Price, and daughter, Mary Helena, are visiting in Avery this week.

Mrs. W. W. Christy of Garden City visited Mr. and Mrs. J. E. Milhoiden this week.

Turner Vance and family of Refugio, Texas, are visiting in Stanton this week.

Mrs. Jack Estes and Mrs. V. Y.

Thursday Last Day to Transfer School Children

Parents who have children to transfer to or from rural schools, must make the transfer by Thursday, according to Helen Hayden, clerk in the office of Miss Pauline Cantrell, county superintendent.

Transfers must be made for pupils going from one rural district to another, from a Big Spring school to a rural district, or from a rural district to a Big Spring school. The applications for the transfers must be made by Thursday at the latest.

Una and Wood Res Grass are attending singing school at Ackerly, which opened Monday.

The Home Demonstration Club will meet with Mrs. Ernest Carlisle next Tuesday. All women of the community are invited to attend. The club hopes more women will take part in its work so that Mrs. Allgood will continue meeting with them.

Mrs. A. G. Cooper and children of Lamesa spent last week with her parents, Mr. and Mrs. T. A. Gaskins, and other relatives. Winelle Jones returned home with them for a visit.

Mrs. Earl Castle and daughter Lila returned home Thursday for a visit with her parents, Mr. and Mrs. J. C. Jones of Balmorhea. Her sister and husband, Mr. and Mrs. Bob Coffee, brought them home. They visited Mr. and Mrs. J. J. Jones and family, returning Friday, and arriving home in time to vote.

Miss Floy McGregor returned Saturday from Alpine, where she attended summer school.

Mrs. Henry Page of Carlsbad, N. M. arrived Thursday for a visit with her mother, Mrs. J. J. McGregor and family.

Mrs. F. O. Shortes had as Friday dinner guests, Mrs. Henry Page of Carlsbad, N. M., and Elva Joe McGregor.

Mr. and Mrs. J. C. Spaulding, Mr. and Mrs. Ernest Greer were Sunday guests of Mr. and Mrs. Glomier Trout.

Mrs. Floyd Durham of San Angelo was visiting with Mrs. J. A. Ratliff and Mrs. R. G. Patterson and other friends from Thursday to Sunday.

Mr. and Mrs. T. E. Satterwhite visited his parents, who are ill, at Center Point, the past week end.

Mr. and Mrs. Jack Olsen went with Mr. and Mrs. Will Olsen of Big Spring to the Llano river near Junction on a fishing trip. They reported catching many fish and a good time in general.

W. E. Smith and family visited Herschel Smith and family Sunday.

Mr. and Mrs. N. Goodie had the following Sunday dinner guests: Mr. and Mrs. Austin Walker and children, Mrs. Oba Large and little daughter, Helen Frances; Mr. and Mrs. T. J. Tyson and children; Mr. and Mrs. Tom Castle and son, T. J. and Miss Margie Gilbert.

The following attended a musical program at Mr. and Mrs. Frank Turner's Friday evening: Mr. and Mrs. Tom Castle and son, T. J., Mr. and Mrs. Kenneth Turner and son, Mr. and Mrs. D. G. Hart and children, Mrs. E. H. Wood, Mr. and Mrs. Clint Billings.

Zim Martin and sons of Sylvester and Huston Martin and daughter Mrs. George Burchell showed their kindness by going to Tom Castle's Wednesday and Thursday and hoeing his crop. Mr. Castle recently underwent a surgical operation.

Mrs. O. B. Gaskins left Sunday with the other representatives of Howard county Home Demonstration and 4-H clubs for College Station to attend the annual Farmer's Short Course.

Mr. and Mrs. Floyd Bullard and son of Tulsa visited Mr. and Mrs. Austin Walker Thursday on their way to Coleman. They reported crops here the best they had seen.

Farmers are growing "blue" over continued hot dry weather. The young feed and cotton are holding up well. Binders are running in most of the fields, cutting the dwarfed feed that is burning so badly. A rain soon would, however, assure a good crop.

Mrs. Gilbert and son of Brady were guests of Mrs. J. B. Gilbert and family last week.

The Missionary Baptist revival is being held at the Tabernacle, the Rev. J. E. McDermott of Westbrook doing the preaching. Mrs. Jack Olsen is leading the song service with Mrs. R. G. Anderson at the piano. They are holding old-fashioned grove prayer meetings at sunset.

The following attended the Old Settlers' Reunion in Big Spring Saturday: J. J. Jones and family, O. B. Gaskins and family, G. R. Brashears and family, Robert White and family, J. C. Allred and family, Frank Hodnett and family, Mr. Scoggins and family.

RAINBOW GIRLS WILL MEET There will be a called meeting of the Order of the Rainbow Girls this evening at seven thirty at the home of Mrs. J. T. Rogers, 106 West Sixth street. It will be held in order to discuss the dance which the girls contemplate having.

SULLIVANS RETURN HOME Mrs. J. L. Sullivan and Nancy Louise Sullivan returned home last evening from San Antonio, Carens Springs. They have been gone for about a month.

JIM ISSUES STATEMENT

Demands that Sterling 'Prove Sincerity' As to Bonds

FORT WORTH, July 29.—(AP)—A demand that Ross E. Sterling of Houston, runner-up in the race for governor, withdraw as a candidate in the second primary if he would prove his sincerity on his highway bond issue proposal was made here today by James E. Ferguson, whose wife has rolled up a heavy majority in the Saturday election.

"If Sterling, in view of the results of the first primary, now tries to say he regards that election as decisive of the road bond question then to prove his sincerity he ought to withdraw from the race, as well as withdrawing his road bond issue from before the people," Ferguson declared.

If Sterling continues to seek the nomination, the 25 days remaining before the second primary will witness a contest that will rival in warmth the present summer temperatures, he predicted. The issues about which the lines of battle will be drawn, besides the main issue of the bond question, are the elective highway commission, penitentiary relocation, and the regulation and licensing of motor trucks and buses for using the highways, according to Ferguson's estimate of the situation.
