TWO INJURED

IN COLLISION

TWO men were injured here

late Saturday when their pickup truck was in a headon collision with a 1969 Chevrolet Caprice near the intersection of US Highway 70 and State Highway 70. John N. Ray, 55, of Ardmore, Okla., and John J. Rogers, 60, of Plainview, were taken to Richard's Memorial Hospital in Paducah by the Motley County Ambu-

lance Service after the accident.

Ray, an amputee, was the driver

of the 1963 Chevrolet pickup.

Becoming conscious of pollution leaves some unanswered questions with regard to life on a farm when I was a boy. There was outdoor plumbing, cattle, hogs and chickens and there was water carried in open buckets, and milk obtained by hand, and millions of flies because of inadequate screens and no germ-killing detergents. It is surprising that farm families seldom needed the services of a physician. The explanation must be that people in those days built up a resistance to germs.

(SEAL) Can You Spot The Difference In Representative INSURANCE MONUMENTS **AGENCIES?** CURBING It's easy. If an agent represents many companies Funeral Home and handles all types of insurance, you know he is fiercely independent. He isn't tied to any one company and by representing many, he can place your business where it's best for you.

And if he lives in the community, he's local. A local, independent agent is hard to beat.

Working on a commission basis he represents

only your interests.
