Matadors Stampede Meadow Broncs 12-6

by Lance Jameson

Both offensive and defensive units sparked for the Matador Matadors Friday night as they won their first 2B District game of the season, corralling the Meadow Broncs 12-6.

"Improvement of the offensive blocking and the team's effort and desire," said Coach Stan Irvine in the jubilant clubhouse, "is putting the Matadors back on the winning side." Matador totaled 16 first downs to Meadow's 12 and had a total of 292 offensive yards to Meadow's 234 yards.

The Matadors moved the opening game kick-off deep into Meadow land only to have the Bronco quarterback, Larry Mason stop the progress with an aerial interception on the 25 yard line. The Broncos started a slow gait upfield where halfback Mitchell McElroy finally crossed to grazing land from the 3 yard line for a Meadow touchdown. The

Broncos were unable to get through the Matadors' pigskin fence for the conversion and settled for 6 points.

Second period, Matadors' quarterback Steve Stevens called the right signals and halfback Castulo Gonzalez zipped into Meadow's end zone after a 60 yard march. The extra point attempt was blocked. With the final minutes of the first half ticking away, the Broncos had a first and goal to go set-up on the Matadors' 5 yard line, but the Matadors' western front held and their half ended in a 6-6 deadlock.

The Matadors came back after intermission and outplayed Meadow the rest of the game. Halfback C. Gonzalez sprinted 12 yards for the Matador clincher in the third quarter, but the conversion run was broken up. Meadow trailed by six points.

Meadow threatened to score in the final 36 seconds of play, but Matadors' S. Stevens outleaped the Broncos for the ball and ignited the fans with excitement when he moved away from the Matador goal line. The Matadors had a 12-6 victory.

Cledell Campbell intercepted a Bronco pass, Rodney Williams blocked a Meadow punt, and Thomas Tibson and S. Stevens recovered Meadow fumbles.

Matador will welcome New Home, another new addition to the 2B District, Friday night on the Burleson Field at 8:00 o'clock.

County Qualifies For EDA Programs

Senator John Tower has been informed by the Economic Development Administration that 18 Texas counties not now participating in EDA programs are statistically eligible for assistance upon application by local officials. Motley County is among these counties, and others are: Cochran, Dawson, Lynn, Menard, Reeves, Terrell, Stephens, Edwards, Hudspeth, Presidio, Floyd, Fisher, Armstrong, Bailey, Hansford, Lipscomb, and Foard.

EDA, an arm of the U. S. Department of Commerce, obtained authority under amendment earlier this Congress to the Public Works and Economic Development Act, to qualify for designation as "redevelopment areas" any county which has suffered a decline in the population of employed persons of more than 1.2 per cent over the ten-year period covered by the 1970 census. Upon designation, the counties would be eligible to receive EDA assistance designed to bolster the local economy.

Census Department figures made available to EDA showed the 18 Texas counties to be statistically eligible under the new law for designation as "redevelopment areas". EDA informed Senator Tower it would be sending representatives to meet with local officials in the 18 counties soon to fully explain available EDA assistance.

Local Relatives At Fulfer Rites

Funeral services for Delmer (Dell) Fulfer, 80, Sunday, at Lockney were attended by relatives and friends from Matador.

Mr. Fulfer died Friday in the Veteran's Hospital in Amarillo. He was a veteran of World War I. Services were held at 2:30 p.m. Sunday in the Third and College Church of Christ. Burial was in the Lockney Cemetery under the direction of Carter Funeral Home.

A native of Gordon, Mr. Fulfer lived in Matador a number of years ago. He was an uncle of Mrs. Herman Ellithorp and Mrs. W. B. Wason, and a cousin of the late Mallie Fulfer.

Survivors include his wife; two sons, Joe of Longview and Bob of Lovington, N.M.; a daughter, Mrs. Maxine Jeffcoat of Hot Springs, Ark.; two sisters, Mrs. Fannie Calloway of Lockney and Mrs. Virgie Elmore of Spur; and 10 grandchildren.

Attending the funeral from here were Mrs. Velma Fulfer and Mrs. Floyd Bradley, Mr. and Mrs. Herman Ellithorp and Mrs. W. B. Wason.

HERE FROM RANKIN

Mr. and Mrs. F. W. Welling of Rankin are here with their grandsons, Frank and Gary while the boys' parents, Mr. and Mrs. Freddie Welling are at the bedside of another son, Stanley, who is critically ill in Methodist Hospital, Lubbock.

Elks Honor Son of Former Residents

The Elks of the Year Award for 1971-72 for the State of Idaho and for the Caldwell (Idaho) Lodge No. 1448, Benevolent and Protective Order of Elks was presented recently to Doug Briscoe. He is the son of Mr. and Mrs. Bill Briscoe, 1412 W. 14th, Plainview, former Motley County residents.

A resident of Caldwell since 1968, Briscoe is court reporter for District Judge Edward Lodge of Caldwell. He is a 1958 graduate of Plainview High School and received his training at Lippert's Business College, Plainview.

Briscoe was honored for his activity on numerous committees for the past several years, including the entertainment, golf, annual picnic, circus, social and community welfare and C-Note committees.

For the past two years he has served as president of Idaho Court Reporting Association. He is married to the former Edna Brown, daughter of Mr. and Mrs. Benton Brown of Peoria, Ill., formerly of Plainview. She also is a Plainview High School graduate. They have two children, Brian and Tina.

TO THE VOTERS OF MOTLEY COUNTY

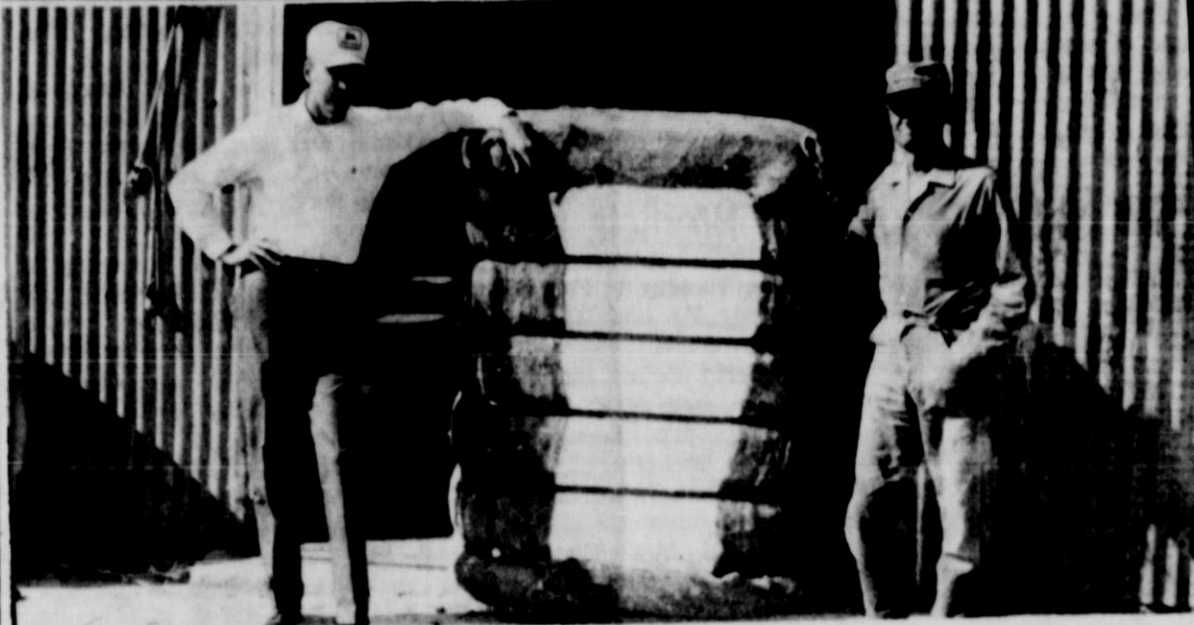

Dear Voters:

I am a candidate for the office of Sheriff Tax Collector-Assessor of Motley County. At this time I would like to earnestly seek your vote and support. I think the majority of voters believe as I do, that it is time to bring integrity and reliability into our county law enforcement. If I am elected to this office I would devote my full time to carrying out the duties of that office.

I have lived in this county the majority of my life. My wife has lived here practically all of her life. We have also raised our four children here. I served 3 1/2 years for my country in World War II and received an honorable discharge as a Staff Sergeant. I am a member of the VFW, American Legion and Lions Club. I have worked in the summer baseball program for 20 years. I believe I have devoted as much time as anyone to the youth of our county. As your sheriff I believe I could make a great contribution to our youth.

I will make every effort to contact each voter and please feel free to kick me up if you wish. If I fail to do so, please accept this as a bid for your vote. Again I sincerely seek your vote and support.

Sincerely,
Luther B. Green

FIRST BALE of 1972 cotton ginned at West Texas Gin. Wayland Moore, at left, was producer, on D. P. Keith (right) land. (Tribune photo)

First Bale of 1972 Cotton is Ginned

FIRST BALE of 1972 cotton reported in Motley County was brought to West Texas Gin here about 5 p.m. Thursday and ginned the same day.

The cotton (Lankart 57) was planted on the D. P. Keith farm, May 19-20. It was grown by Wayland Moore and his brother Glynnard, who operate the Keith farm.

The 540-pound bale was ginned from 2070 pounds of lint cotton, and yielded 860 pounds of seed, according to James Taylor manager of the gin.

The gin paid a premium for the cotton, giving 40 cents per pound, estimated at almost twice the current price. The seed were purchased at \$44 per ton. The gin also donated the ginning, bagging and ties.

Car Burns on US Highway 70

AN AUTOMOBILE belonging to Mr. and Mrs. Jack Peterson of Plainview was destroyed late Sunday on US Highway near the Floyd and Motley County line.

Mr. and Mrs. Peterson had been visiting in the home of their daughter and family, Mr. and Mrs. Kelly Jackson and were returning home.

The Matador Volunteer and Floydada Fire departments responded to the call. Because of the time element and distance, the car, a 1966 Oldsmobile, was declared a total loss.

The car was insured. Mr. and Mrs. Peterson saved all their belongings from the car and were not injured.

Sales Tax to Start Oct. 1

MATADOR'S city sales tax of 1% goes into effect Sunday, October 1st. It will mean that all transactions which have resulted in 4 cents state tax, will now bear 5 cents. The extra 1c will be returned to the City of Matador.

The money will be returned to the city on a quarterly basis from the State Comptroller of Public Accounts, Robert S. Calvert.

As a convenience to Tribune readers, Billy Dean's Drive In is publishing a chart based on the 5 cents tax. Readers may cut it out for future reference.

Karen Elliott is Recent Visitor

Miss Karen Elliott, with the Washington Bureau of the Dallas Morning News, was a recent visitor here with her parents, Mr. and Mrs. Ted Elliott, and also visited in Silverton with her sister, Mrs. Stanley Fogerson, and family.

Miss Elliott flew to Lubbock and was met there by her mother. Leaving from Lubbock, she flew to Austin for a visit with friends and continued to Houston, where she attended the Democratic Convention.

Numerous stories of political issues with Miss Elliott's by-line have appeared on the front page of the Dallas News, since she has been in Washington.

During the Republican Convention in Miami Miss Elliott was in charge of the Washington Bureau, while the Bureau Chief was in Miami covering the convention.

LEGION MEETS MONDAY

TRAIL DUST

By DOUGLAS MEADOR

Dried sweat and saddle marks were on the blaze-faced horse when we found him three miles from his home pasture. He was motionless with his head over the fence, as if expecting a rescue party. It remained a mystery how he had crossed two gateless fences in an area of trusted neighbors. The only logical theory was that the horse had been stolen and then released somewhere to return as near home as he could travel.

When tears dry they frequently soften the cheeks and leave a radiance that reflects a new peace in the heart.

As the noisy years pass, scattering debris from the machine of ambition, there is often a temptation to move the goal closer.

It was the kind of morning that awakens songs in the hearts of birds and men. There was enough soft wind to cause the tall trees to courtesy to the clouds and the fragrance of dew was on the grass. Out of the tranquility came the sound of a bob white quail, calling but without distress, as if there was no urgency in the entire world.

Enumerating my own weaknesses and failings, I am suddenly aware that there is no place on this splendid star where I could criticize or pass judgement on a fellow being.

One valuable aspect of the depression was the general government-imposed method of weight control.

Events that change the courses of our lives are everywhere and often are not recognized when they appear. They are like seeds blown by the winds until they find suitable soil, take root and start to grow before our eyes, thereby producing the seedlings of destiny.

A weight on the conscience may cause a man to walk a long way around his destination.

Doyle Mitchell Services Held

Funeral services for J. Doyle Mitchell, 56, of Lubbock, formerly of Roaring Springs, were conducted at 1 p.m. Wednesday in the Monterey Church of Christ, Lubbock, with the minister, Nat Cooper, officiating.

Graveside services were conducted at 4 p.m. at the Roaring Springs Cemetery with Rev. Henry Rhynes of Estelline, former pastor of the Roaring Springs Baptist Church, officiating.

A native of Indian Gap, Texas Mr. Mitchell died about 6 p.m. Monday in University Hospital, Lubbock, following a heart attack. He was reared at Roaring Springs and graduated from high school there. He served in the Navy in World War II. He married Dorothy Gunn, Sept. 3, 1949 at Stamford, and had lived in Plainview, Seymour and Lovington, N.M. before moving to Lubbock about 15 years ago. He was an employee in the Lena Stephens, Inc., men's department.

Survivors include his wife; a son, Dan, of the home; his father, J. D. Mitchell of Roaring Springs; and two sisters, Mrs. Rosalyn Work of Saratoga, Calif., and Mrs. Marian Alice Jones of Monte Sereno, Calif.

Church and Society

METHODIST CHURCHES JOIN IN WORLD-WIDE COMMUNION

Douglas W. Gossett
The United Methodist Churches across the United States of America, and in many other countries, will be celebrating World Wide Communion next Sunday, Oct. 1, along with other denominations of Christ's Holy Church. By this service they emphasize their fellowship and brotherhood in Christ the Lord of all who have faith.

These churches have usually affirmed their faith with words from the Apostles Creed, "I believe in the Holy Spirit, the holy catholic Church, and the communion of Saints." Or, in other

words, "Where the Spirit of the Lord is, there is the one true Church, apostolic and universal." So World Wide Communion is celebrated with the attitude that ALL people who have committed themselves to be disciples of Jesus Christ as Lord, regardless of their church affiliation, nationality or race, are welcome to receive this holy Sacrament of The Lord's Supper.

United Methodist Churches have no rule for when to receive the Lord's Supper except that which St. Paul gave, "For as often as you eat this bread and drink this cup, you proclaim the Lord's death until he comes." (I Cor. 11:26). However, it is usually on the first Sunday of each month, as it is now at Matador, but at Roaring Springs, it is every Sunday. The Pastor serves the Communion to shut-ins occasionally, or as they request, in the home or institution.

On World-Wide Communion Sunday, the United Methodist Churches will receive a special free-will offering for its ministry through chaplains serving the sick, lonely, and desperate in hospitals, prisons, institutions for the young and old, and those in the armed forces of the United States of America. It has 530 United Methodist chaplains serving with the armed forces, and 189 civilian chaplains. One-fourth of the offering will support their ministry. One-half will provide scholarships for Christian young adults from other lands, and the other one-fourth will help minority students in the U.S.A.

MURPHYS RETURN FROM CALIFORNIA

Mrs. H. M. Murphy, her daughter, Mrs. Ed Whitaker, a son and daughter-in-law, Mr. and Mrs. Clovis Murphy, all of Matador and another son, Curtis Murphy of Roaring Springs returned home Thursday, Sept. 21, from the west coast, where they spent a week. They were guests of Mrs. Murphy's daughter and husband, Mr. and Mrs. Cecil Burnam of Encinitas, Calif., and of another son and his wife, Mr. and Mrs. J. C. Murphy of San Diego. First Home Game Rally is Spirited

On Friday, September 15, 1972, the first home-game pep rally was held in the High School Auditorium.

The stage was decorated with a huge sign depicting an oil well rig with two Sundown players dangling from the tower with a caption reading, "Hang 'em on Their Own Rig." Each week the cheerleaders and their helpers spend untold hours decorating the halls and the auditorium for the week of yelling, ending in a climatic frenzy on Friday pep rallies.

In Friday's pep rally the spirit was unusually high. Everything was directed toward encouraging the Matadors to believe in themselves and in their team.

David Martin and Buddy Allen expressed their views on the team. They both agreed that the team spirit was high and they were ready to get a Roughneck. The skit was presented by Paula Pallmeyer.

The speech was given by Coach V. V. Scott. He expressed his views to the team. He thought the team was ready to play and that the spirit was high in the team and student body.

The pep rally continued with yells and concluded with everyone singing the school song.

MM MASCOT

Carla Christian, blonde-haired, brown-eyed daughter of Mr. and Mrs. Ronnie Christian is the mascot of the Matador Matadors for the 1972-73 football season. She is in the first grade. When she was interviewed she said, "I like being a mascot a whole lot. I like to do the yells in the pep rallies."

Carla helps the cheerleaders with their yells during the pep rallies and introduces mascots of the opposing teams at the football games. She helps boost school spirit along with the cheerleaders and pep club.

When asked what she would like to be when she grows up,

Carla promptly answered with a big smile, "A big mascot!"

Morris Timmons Named FHA Beau

Morris Timmons, son of Mr. and Mrs. Clem Timmons of Northfield, was elected FHA Beau by the future homemakers in their first meeting, Wednesday, Sept. 20.

Other business consisted of setting dues at \$1.50 and voting to sell Stanley products as a money-raising project.

Mrs. Beula May, representative for Stanley products, told the Homemakers that the chapter would receive 20% of what was sold.

Mavericks Open Season with Tie

by James Pritchett

The Matador Mavericks opened their season with a scoreless tie against Silvertown, September 14, at Silvertown.

Leading in rushing for the Mavericks were quarterback Craig Christian with 45 yards and fullback Louis Shorter with 26 yards. Total rushing for the Mavericks was 109 yards.

Coach Irvine complimented the defense by saying, "Defensively the Mavericks looked very strong, especially Richard Thomas, Craig Christian, and Pat Smith."

In the last five seconds of the game the fans rose to cheer the Mavericks as they blocked a punt and received the ball on their own 3 yard line. Hopes faded, however, as the time ran out before the Mavericks could score.

GRADE SCHOOL NEWS

Matador

by Darla Cruse

The first graders have started a scrapbook of the letters of the alphabet. The students bring pictures beginning with the letters that they are working on at that time and the pictures are glued on to the scrapbook.

The third graders have started to work on their assembly program. The date isn't definite at this time.

The fourth and fifth grades have seen a film this week on the USE OF CRAYOLAS for art. In Social Studies they have started a study on the different deserts of the world. Some of the children have brought desert plants. They are Micky Evans, Kathrine Shannon, and Linda Nimmo. The students will also give talks on desert plants and animals after they are finished with their study.

The fifth grade class have been studying insects and leaves with the microscope. They also have enjoyed making safety posters on such things as home accidents and fire prevention.

The seventh graders elected officers. They are Rickey Turner, President; Cheryl Elliott, Vice-President; Todd McCandless, Secretary-Treasurer; David Wright, Reporter. The seventh grade homeroom teacher is Mr. Martin with Mr. Peacock as their Science teacher. In science they have been studying about the microscope. They have planned to go over to High School and work with the high school microscope.

THE '73 FORDS ARE HERE.

The airborne glider. 82 decibels at 60 mph.

At 60 mph a '73 Ford LTD rode quieter than an airborne glider.

On July 27, 1972, General Radio Co. tested a '73 LTD against an airborne glider. Both at 60 mph and with identical sound level meters. The result: the Ford was quieter. But the new LTD is more than just quiet. It is well made from its power front disc brakes, power steering and automatic transmission, standard equipment, to its luxurious, comfortable, roomy interior. There are 16 new Ford models to choose from and each will convince you that quiet is the sound of a well-made car.

A '73 Torino rode so smooth, a high wire artist kept balance on a road of 2x4's.

Chances are you won't try to balance yourself on top of your new Torino. But, when you're riding inside, you'll still appreciate Torino's refined suspension—because it helps to cushion bumps, absorb road vibrations and reduce body sway. You feel solidly in control while you ride in comfort and luxury. The solid mid-size Torino. Smooth riding, strong and quiet.

'73 Pinto: When you get back to basics, you get back to Ford.

Ford, the company that built the first basic, solid, reliable car seventy years ago—has built today's basic, solid reliable car: Pinto. It's become America's top selling economy car for more reasons than economy. Here are some of those reasons: A 1600 cc. engine developed and perfected in over 10 years of actual driving. Rack-and-pinion steering. Solid welded body, electrocoated to fight corrosion. 4-speed transmission—lubed for life. Everything we've learned in seventy years of car making—all the basics—we build into every Pinto Wagon, Runabout and Sedan. When you get back to basics, you get back to Pinto.

There are 39 new models to choose from.

And every 1973 Ford, Thunderbird, Torino, Mustang, Maverick and Pinto—comes equipped with new energy-absorbing bumpers and steel guard rails in all side doors. Steel-belted radial ply tires and AM/FM stereo radios are options on all models. Test-drive these new Fords at your Ford Dealer's now.

COUNTY AGENT PALLMEYER SAYS:

Lately I know that you think a new disease or insect pest pops up every time you turn around, so not to disappoint you, this time I am going to bring out a new problem for you to check on.

Many of the livestock owners are familiar with Lepto, and now it seems as if dog owners are going to have to worry about this disease also. The bacteria tends to localize in the kidneys, and is spread from infected dogs by way of urine to other animals and man. Lepto is generally more

common in male dogs, but is also carried by rats.

Medical authorities report only a small number of human infections, but more likely occur. Close contact between dogs and humans, especially children, increase the chance of exposure. Symptoms in humans may mimic influenza or other conditions and therefore go unrecognized.

We know there is Lepto in the county among livestock, therefore it might be a good chance to have the dogs tested for Lepto.

Recent rainy weather has brought an outbreak of slime mold on some lawns in the county. Even though the molds are not particularly damaging, they are unsightly and the following suggestions for control are offered.

Slime molds are easily removed by mowing, sweeping with a broom or spraying with a strong stream of water. If damp weather continues, homeowners should apply a good turf fungicide to the affected area.

When dry weather returns, the molds will become powdery and disappear. The only damage they do is to discolor and shade the grass as they are not parasitic and live on dead organic matter. Colors may range from bluish gray, black to yellow.

Starting Sept 1, 1972 I will have a title change, but it should not make any difference in my job

or me. No longer will we have County Agricultural Agents and County Home Demonstration Agents. Both will be grouped under one title, "County Extension Agent."

Fertilization of small grains and winter grasses should be done prior to planting to assist in getting a good stand and fall growth.

If phosphorus is needed, it should be in the root zone where seedling roots are developing. Putting small amounts (15 to 20 lbs.) with or near the seed can help, but if this is done, put no more than 15 lbs. of nitrogen and potash with the phosphorus.

Phosphorus applied after the plants have developed beyond the seedling stage does not produce the early vegetative growth response; therefore apply as suggested previously.

If a lot of potash is required, don't place with the seed, but apply before or at time of planting.

A continuous supply of nitrogen is needed for rapid growth, maximum tillering and profitable returns from grazing. This application can be delayed until after plants are established, but it is preferable to apply a portion of the requirement before planting to place in the root development zone. Competition from weeds and summer grasses are reasons for delaying nitrogen applications, but as we found out in the 1971-72 test, don't wait until too late in the season.

To get the most from fall grazing from summer perennial grasses, fertilize with nitrogen now. Apply 60 to 80 lbs. per acre of nitrogen and the grazing season will be extended with a quality product.

Don't wait for rain to top-dress nitrogen on summer grasses. Due to the short time these grasses have left for the year, this element should be added as soon as possible if you want to obtain the maximum results before winter plants take over.

Not long ago some of you may have seen an article in some of the papers by representatives of a coffee company that an increase in prices was coming due to a freeze and shortages.

I have on file a copy of "Foreign Agriculture Circular", a USDA publication issued in July 1972. The summary states "paced by substantial increases in production in Columbia and India, and another good crop in Brazil, the first estimate for 1972-73 indicates a harvest about 2% larger than last year's, which was itself the best crop since 1965-66".

Conflicting statements like this make you wonder about prices doesn't it.

To compare with something we know more about, how soon and how much do beef prices or pork prices in the store go down when the market on live animals drop?

I have been asked about the results of the 1971-72 small grains test, and there is not much I can tell you about it except "not anything did very good." We started off with 11 varieties of oats; 28 varieties of wheat; 7 varieties of barley; 3 varieties of triticale; 9 varieties of rye; spelt and Vernal emmer. Half of each block was fertilized prior to planting with 20-50-0 Zipp. Half of the fertilized block and half of the unfertilized block was top dressed with 42-0-0-48 on March 20 (too late), so in place of giving one set of results, I will give four so you can compare with your practices.

First, Mustang oats; Bison, Comanche, Gage, Kaw, Ponca, Pronto, Westar, Early Blackhull, Fox, Ottawa, and Parker wheat; and Harrison and Kearney barley didn't come up due to poor quality seed.

Second, on fertilized and top-dressed land, Nora oats made a high of 27.18 bu/ac; Moregrain, 17.47; Ora-17.13; New Nortex-14.13; Alamo X-12.72; Wintok-12.22; Compact-9.37; Norwin-7.34; Cimarron-6.00; and Bronco-3.13. Guide wheat made 5.78 bu/ac followed by Triumph-5.42; Sturdy-4.32; Wichita-3.55; Quannah-3.42; Tascosa-3.32; Caprock-3.05; Yukon-2.70; Crockett 70-2.67; Concho-2.38; Improved Triumph-1.80; TAM 101-1.50; Centurk-1.23; Cad-do-1.07; Aztec-0.87; Agent-0.60 and Scout 66-0.42. Will barley made 4.67 bu/ac; followed by Rogers-5.13; Zora-3.33; Era-1.81; and Tokak-0.94. 208 triticale made 4.90 bu/ac; followed by 209-3.71; and Graze Grain 70A-2.60. Balbo rye

made 23.84 bu/ac; followed by Explorer-10.46; Bonel-8.93; Gator-7.84; Gro Green-7.03; Elk-3.70; Elbon-2.85; Balboa-2.85; and Tetra Petkus-2.00; Spelt made 1.40 bu/ac and Vernal Emmer-0.90.

For grazing, results were as follows: Moregrain oats-2480 lbs/ac; Wintok-2370; Bronco-2250; Nora-1850; Compact-1720; Alamo X-1500; New Nortex-1300; Norwin-1160; Ora-1110; and Cimarron-1030. Improved Triumph wheat made 1650; Wichita-1540; Tascosa 1500; Sturdy-1500; Caprock-1430; Concho-1390; Crockett 70-1190; Yukon-1060; Caddo-1050; Agent-1030; Triumph-1010; Quannah-950; TAM 101-870; Aztec-740; Guide-700; Centurk-690; and Scout 66-680. Will barley made 2270; Rogers-1280; Tokak-1200; Era-1180; and Zora-930. 208 triticale made 1440; 209-1380; and Graze Grain 70A-740. Balbo rye made 5140; Explorer-2450; Gro Green-2440; Bonel-2320; Tetra Petkus-2300; Balboa-2230; Elk-2020; Elbon-1910; and Gator-1630. Spelt made 850 lbs/ac and Vernal Emmer-820.

No fertilizer results were: Nora oats-12.72 bu/ac; Ora-12.22; New Nortex-11.97; Moregrain - 11.74; Wintok-10.82; Alamo X-10.78; Norwin-7.04; Compact-5.93; Bronco-4.72; and Cimarron-4.52. Triumph wheat made 3.66; TAM 101-3.08; Sturdy-3.01; Improved Triumph-2.89; Quannah-2.83; Caprock-2.71; Guide-2.29; Yukon-1.96; Aztec-1.81; Centurk-1.63; Tascosa-1.37; Concho-1.33; Wichita-1.28; Crockett 70-0.99; Agent-0.64; Scout 66-0.58; and Caddo-0.42. Will barley made 3.76; Era-2.29; Rogers-2.21; Zora-2.00; and Tokak-1.16. 209 Triticale made 5.03; 208-4.39; and Graze Grain 70A-2.37. Gator rye made 7.77; Explorer-6.66; Gro Green-4.79; Balbo-4.52; Elbon-2.00; Elk-1.69; Tetra Petkus-0.79; Bonel-0.77; and Balboa-0.60. Spelt made 1.03 bu/ac and Vernal Emmer-0.69.

SOME QUESTIONS TO ASK THE PRINTING AND OFFICE SUPPLIES PEDDLER

When the person selling printing, office supplies and advertising solicits your business, here are some questions he should be willing to answer to YOUR SATISFACTION:

1. Is he a taxpayer in your community or county?
2. Does he donate space in the newspaper to local and county projects and enterprises?
3. Does he pay wages to employees who live and do business in your community?
4. Does he grant favors that you would ask of your local newspaper?
5. Does he donate newspaper space to promote you and your neighbor's business?
6. Does his price include freight, postage and insurance?
7. Does he support your civic organizations, schools and churches with free publicity?

We sincerely believe that these questions should be considered when you purchase printing and office supplies—a question of whether you should support those who help support you!

FLAGSHIP OF THE FLEET - The all-new Chevrolet Monte Carlo is among the most changed of all seven Chevrolet car lines in 1973. Featuring beautifully sculptured side and rear-quarter metal, new grille, and an optional Landau or opera-type vinyl roof, the Monte Carlo is a styling classic. Many months of advanced chassis and suspension engineering work have given the Monte Carlo handling and roadability said to equal or surpass that of Europe's most expensive personal touring cars.

NEW CHEVROLET NAME PLATE - A distinctive European flavor, both in styling and handling and roadability, highlights the new Chevrolet Laguna which is available in two and four-door pillar hardtop models and four-door station wagon models. Urethane impact-resistant front bumper, new grille with single unit power beam lamps are highlights of the Laguna. There is more interior roominess front and rear and 2.5 cubic-feet of additional luggage space. Introduction date for all Chevrolets is Thursday, September 21.

NOTICE OF SPECIAL ELECTION

TO THE DULY QUALIFIED RESIDENT ELECTORS OF THE CITY OF ROARING SPRINGS, TEXAS, AND TO ALL OTHER INTERESTED PERSONS:

NOTICE IS HEREBY GIVEN that an election will be held in and throughout the City of Roaring Springs, Texas, on the 14th day of October, 1972, on the question of the adoption of a one percent (1%) Local Sales and Use Tax within said City, in keeping with the following Ordinance adopted by the City Council of said City, as follows, to-wit:

ORDINANCE

ORDINANCE CALLING SPECIAL ELECTION FOR ADOPTION OF LOCAL SALES TAX WHERE PAPER BALLOTS ARE USED

NO 1

AN ORDINANCE ORDERING A SPECIAL ELECTION TO BE HELD IN THE CITY OF ROARING SPRINGS, TEXAS, ON THE QUESTION OF THE ADOPTION OF A ONE PERCENT (1%) LOCAL SALES AND USE TAX WITHIN THE CITY, DESIGNATING THE DAY OF ELECTION, APPOINTING ELECTION OFFICIALS THEREFOR; PROVIDING THAT ALL DULY QUALIFIED RESIDENT ELECTORS

SHALL BE QUALIFIED TO VOTE; PRESCRIBING FORM OF BALLOT; PROVIDING FOR NOTICE OF ELECTION; CONTAINING OTHER PROVISIONS RELATING TO SAID ELECTION; PROVIDING SEVERABILITY AND DECLARING AN EMERGENCY.

WHEREAS, Article 1066c, Vernon's Texas Civil Statutes (Acts 1967, 60th Legislature, Regular Session, Chapter 36, Page 62) authorizes the governing body of any city, town or village in Texas to call an election for the purpose of adopting a local sales and use tax within such city, town or village; Now Therefore, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF ROARING SPRINGS, TEXAS:

Section 1. That a special election shall be held in and throughout the City of Roaring Springs, Texas on the 14th day of October, 1972, at which election there shall be submitted to the resident qualified voters of said City of Roaring Springs, for their action thereupon, the following propositions:

"FOR adoption of a one percent (1%) local sales and use tax within the city."

"AGAINST adoption of a one percent (1%) local sales and use tax within the city."

Section 2. That said election shall be held in accordance with

the Constitution and laws of the State of Texas, and all duly qualified resident electors of the City of Roaring Springs, Texas shall be qualified to vote.

Section 3. That the ballots of said election shall conform to the requirements of Section 2, Subsection G, of Article 1066c, Vernon's Texas Civil Statutes (Acts 1967, 60th Legislature, Regular Session, Chapter 36, Page 62), and to the requirements of Chapter 6 of the Election Code of the State of Texas, as amended, and the language to be printed thereon shall include the following:

OFFICIAL BALLOT

INSTRUCTIONS: Place an "X" in the square beside the statement indicating the way you wish to vote.

() FOR adoption of a one percent (1%) local sales and use tax within the city.

() AGAINST adoption of a one percent (1%) local sales and use tax within the city.

Section 4. That election judges and clerks are directed to comply with Article 6.06, Election Code of the State of Texas, as amended (Section 2 of House Bill 181, Acts 1967, 60th Legislature, Regular Session, Chapter 452,

Pages 1026, 1028), which provides that a square shall be placed beside each proposition in which the voter is instructed to place an "X" or other clear mark to indicate the way he wishes to vote; but which also provides that failure of a voter to mark his ballot in strict conformity with the directions on the ballot shall not invalidate the ballot, and the ballot shall be counted if the intention of the voter is clearly ascertainable, except where the law expressly prohibits the counting of the ballot. It is especially provided that the election officers

shall not refuse to count a ballot because of the voter's having marked his ballot by scratching out the statement of proposition for which he does not wish to vote.

Section 5. That notice of the election hereby ordered and called shall be given: (a) by publication on the same day of two successive weeks in a newspaper having general circulation within said City of Roaring Springs the date of the first publication to be at least twenty-one (21) days prior to the date set herein for such election; and (b) by post-

ing of such notice at the polling place for such election in the City of Roaring Springs not less than twenty (20) days prior to the date set herein for such election. It is hereby found and determined that there is no newspaper of general circulation which is published within said City of Roaring Springs; and it is hereby found and determined that the Matador Tribune, published in Matador, Texas is a newspaper having general circulation within the City of Roaring Springs, Texas.

PASSED AND APPROVED, this 11th day of September, 1972.

THE FAMILY LAWYER

"Greatest Show on Earth"

Day after day after day in a Los Angeles courtroom, an elderly gentleman sat attentively in a back row seat. He had no stake in any of the cases. He knew none of the participants. But when asked why he was there, he had a ready reply: "Because this is the greatest show on earth."

Courtroom scenes do provide the central drama in countless movies, plays, and television programs. Yet, surprisingly few people go to see the real thing. Unless highly publicized, trials often take place with no spectators at all.

Why don't more people visit courtrooms? Perhaps they feel reluctant to "listen in" on the private lives of others.

But in the eyes of the law, the anonymous spectator, far from intruding, actually plays a useful role in our scheme of justice. It is his very anonymity that makes him effective. Judges, lawyers, witnesses, and jurors, not knowing who the stranger might be, have an extra incentive to be conscientious.

People may also be court-shy because they just do not realize how remarkably open our courts are. The United States Supreme Court once observed: "We have been unable to find a single instance of a criminal trial conducted (in secret) in any federal, state, or municipal court during the history of this country."

True, access may occasionally be limited for some special reason: to prevent overcrowding, to keep order, to protect children.

Tech Students in Musical 'Carousel'

Two Texas Tech students, Miss Patty Edwards of Matador, and Wayne DuBoise of Brownfield have major singing roles in the musical production, "Carousel," which will launch the season for the Texas Tech Music Theatre in the Lubbock Municipal Auditorium Oct. 27-28.

Miss Edwards is the daughter of Mr. and Mrs. J. E. (Jake) Edwards. Mr. DuBoise is the son of Mr. and Mrs. Truman DuBoise of Brownfield, and is Music and Youth director at the First Baptist Church here.

The 1972 Music Theatre enables approximately 120 young artists and students to perform and participate in a variety of musical forms from Broadway to Opera during the season.

Mr. and Mrs. Elmo (Joe) Jeffers of Pampa visited Sunday with his mother, Mrs. Claud Jeffers.

CARD OF THANKS

We would like to take this means to thank the Matador Volunteer Fire Department for your efforts in trying to save our car. We appreciate all that you did. Thanks again.

IN APPRECIATION

I would like to express my appreciation for the cards, letters and prayers, also the visits and phone calls while I was in University Hospital in Lubbock. Also for the visits and food that has been brought to our home since my return home. You will never know how much they were appreciated. May God bless all of you.
